

Second Chances Protecting Mrs. Hall by Colby Stanford

Chapter 71

Chapter 71

After Elsie was taken away, the charity banquet ended not long after.

After the closing ceremon

ceremony, Sean strongly recommended a place best known for its seafood. He wanted to bring Emma there for a meal

As Emma happened to be hungry, she was unable to resist her uncle's invitation. Hence , she called Liam to tell him about it.

"I've already stood Sean up last time. If you want to come, let's go together."

Liam said arrogantly, "I don't like seafood. I'll wait for you at home."

Emma pursed her lips. She felt that Liam was being fussy.

He didn't enjoy the delicacies of the world?

At Chevy's Seafood Place..

"It's said that this restaurant has been around for three generations. If Sean hadn't called his agent to queue up in advance, we wouldn't have been able to try the food here,"

The restaurant's decor was very simple. Even before they got **close** to the restaurant, they could smell the delicious fragrance of the seafood.

Sean's agent happened to be the next in line for a seat.

She stood in the queue for so long to get a seat. She also wanted to enjoy the delicacies too. However, she did not get a share.

After all, the superstar had informed her that he wanted to dine with Emma only-

Before the agent left, she said humbly, "Sean, there are many people here. Be careful when you dine." After saying that, she turned to Emma for help. "Miss Emma, hmm...please take care of your uncle. I really need your help"

"Sure, sure. Don't worry."

Emma quickly pulled the chair and sat down. The dishes were already served.

There were side dishes, soups, and different kinds of seafood cooked according to the patrons' liking. The dishes immediately made her

hungry.

Sean sat with his back facing the **crowd**.

Meanwhile, Emma leaned against the wall and eagerly grabbed a lobster. Since the lobsters were just baked, she was scalded.

"Silly girl! Sit comfortably. Let me peel and cut it for you."

Sean was wearing a suit and sunglasses. From the moment he entered, he attracted many people's attention.

Although he was wearing sunglasses, the sunglasses could not hide his good looks.

On top of being handsome, Sean was rich.

Emma **looked** at Sean's handsome face. She felt so lucky that he was peeling the lobster for her.

"Hey, look! The man at the next table is so handsome."

1/4

Chapter 71

"Is he her boyfriend? He looks more like a big brother... Oh my god, he's too dating!"

"Why do I feel like he looks like a celebrity?"

As Emma's sense of hearing was sharp, she heard the conversations at the tables around her.

Judging from a person's voice, she was about the same age as Emma.

“if only I could eat crayfish with my idol once, I would not mind peeling the lobster for him!”

Emma **kept** quiet.

She thought, “Your idol is peeling prawns for me right now...

Sean, who was sitting closer to them, obviously heard it too.

He was proud of himself.

“What do you think, Emma? I’m still popular, right?”

“Yes, yes,

Uncle, you’re the

le most p

popular, but Jessica reminded **us** not to expose our identities.

“Of course, my identity won’t be exposed...”

When Sean finished speaking, he heard the girls at that table continue to discuss.

“If you are a fan of Sean, you should look for Emma Wilson! Emma is his niece. She might be very close to him.”

“Damn! Why is Emma so lucky? Sean is her uncle **and** Liam Hall is her boyfriend!”

“God... Liam Hall, we can’t afford to offend him, but he is really handsome. Damn it! He’s so handsome!”

“I also think that Liam Hall is more handsome. He has more of a mature man’s aura than Sean, Sean’s features are too exquisite.”

“But Liam’s confined to a wheelchair! He can’t....

a saw that her uncle’s face was about to turn red.

Emma saw

“Uncle, don’t be rash....

The discussion continued.

“Emma Wilson is so lucky! God sent these two handsome men to be by her side!”

“Although she’s quite beautiful, she seems too **vain**. She’s not adorable.”

“Don’t all men like adorable ones? Could it be that she’s good in bed?”

The

more they spoke, the content became more ridiculous.

Emma looked over coldly.

She did not know them. They should also be from Year Vark College

“Living a good life has its pros

and cons For example, she might die earlier?”

Chapter 71

When Sean heard this, he flew into a rage.

He smiled and placed the freshly peeled plate of lobster meat to Emma.

“Emma, eat slowly,”

The next second, he turned around and touched the left and right sides of the table behind him.

He exerted strength in his arms and suddenly lifted the entire table.

“Whoosh!”

He flipped the table of those girls!

With a loud sound, the lobster shells and stainless steel containers fell to the ground.

Everyone in the restaurant stood up in shock.

The girls screamed in fear.

What are you doing?”

Sean was wearing sunglasses, but his voice was immediately recognizable.

“If you are here to eat, just eat. If you don’t want to eat, get lost!”

年87%曲

Sean was infuriated because these girls had cursed Emma to live a short life. He was usually gentlemanly. However, this was his bottom line!

He was not the only one.

Ever since 5

Stella committed suicide by jumping off a building, the Rivera family's sons were very upset about this matter.

Emma is the only daughter of Stella.

They showered all their love on Emma.

The girls cursed Emma to die early, and it made Sean very angry.

ALT

this moment, Sean was filled with killing intent.

The girls were already out of their wits and ran away trembling.

At this moment, the other diners seemed to recognize his face.

"This appearance... this voice..."

"Why does he look and sound like Sean Rivera?"

"Is it really him?"

Chapter 72

When Sean thought of Liam, he got angrier.

“Emma, does Liam treat you very well? Why doesn’t he do anything when you were insulted in public?”

Emma did not answer.

She thought, “I think he would do something about it, but he wasn’t there! If he didn’t hear or know, how could he react?”

“Sean, he treats me very well. Don’t worry

As they were chatting, it started to rain.

The two of them did not bring umbrellas. There was no way they could hide from the rain in the alley, and both of them could not walk around casually

As the rain got heavier, Sean subconsciously took off his coat and covered Emma’s head.

“Don’t worry, I’m here to shield you from the rain. I’ll never let you suffer.”

Emma felt touched when she heard Sean’s words. Her heart was filled with warmth when she looked at him.

Sean usually looked carefree, but he was actually very gentle and considerate,

He was wearing an expensive coat, and he used it to shield Emma from the rain.

Emma did not really get wet, but Sean was soon drenched,

Sean comforted Emma and shielded her from the wind and **rain**. But his face was filled with anger.

“What is this Liam doing? Why didn’t he come to pick you up when you’re out so late? He’s not here when you **need** him. How can he take care of you? With his cold personality, does he really know how to take **care** of you?”

Emma knew that her uncle was worried about her. “Should I **call** him now?”

Just as she was about to take out her phone, two headlights shone in from the entrance of the narrow alley.

It was difficult for the spacious and long black luxury car to drive in the alley.

However, the car still slowly drove forward.

Emma blocked the blinding headlights with the back of her hand.

Looking closely, it was Liam's car.

He actually came.

"Damn... It can't be that coincidental, right?"

ht?" Sean looked at the black car.

The door opened and closed. The driver got out of the car holding umbrellas.

Liam personally came down in his wheelchair to pick Emma up.

"Emma, come here." Liam held a long-handled black umbrella.

The driver also handed one to Sean.

Emma crawled under Liam's umbrella, "How did you find me?"

Liam wiped the raindrops off Emma and said gently, "I was here since you came. Then, I saw you guys running out of the restaurant. There was no one here, so I drove in?"

It turned out that Liam was already at the door when Emma was eating the lobsters.

This man had always been showing care and concern for her.

"Your shoes are wet too. Come, let's change to a pair of dry ones."

As Liam spoke, he took a pair of flat shoes suitable for Emma from the backseat.

"You even brought shoes for me?"

"I thought you wouldn't feel comfortable wearing high heels at an event. I didn't expect you to wear a gown today. Here, let me help you

change your shoes, okay?"

Emma was really touched by this man's tender loving care

“I... I can do it myself.”

Liam smiled and held her hand.

He pulled her into his arms, sat her across his lap, and patiently changed her shoes,

The warmth of his fingers touched her ankle,

Emma instantly felt as if an electric current was running through her entire body.

She recalled the few times they were intimate in the past. It was this temperature that made her lose her mind...

“Done.” He tied the laces of her right shoe and put a jacket over her shoulders.

Liam really pampered Emma.

Sean suddenly felt he **was** wrong about Liam.

He had **always** thought that Liam, **who** was known to others as ruthless and vicious, would not dote on anyone.

good to his precious niece...

Now that he had seen it with his own eyes, he was convinced that Liam was really good

After Emma left with Liam, Simon Hall returned to the country the next **day**.

After the charity banquet, the Hall family's situation changed.

Simon asked to see Emma and Liam at the time.

Emma and Liam went to the study room in the Hall family villa.

“Whoosh!” As soon as Emma and Liam entered, a cup flew in their direction.

2/5

Chapter 72

The cup fell to the ground and shattered.

As Liam could not walk, he had to bend his **head** to avoid being hit by the cup.

Emma subconsciously stood in front of Liam.

Liam reassured her. “Emma, it’s fine.”

Emma held back what she wanted to **say**.

She looked at Simon **coldly**.

Simon angrily smacked his hand on the newspapers.

“Look what you’ve done!”

O

The headlines in the newspapers were about the scandals of Elsie being taken away by the police, wearing an imitation branded dress, and being rejected by Theo Golden.

1. *The H*

Elsie had been humiliated. The Hall family **was** also humiliated

Simon was really angry about this matter.

“Emma, I thought that you are good at writing and are smart. I didn’t expect you to be so ignorant!”

Emma raised her eyebrows. “If Elsie didn’t make a move first, I wouldn’t have bothered to lower myself to her level!”

“But are you looking at the big picture?” Simon could see that Emma was getting more **a** **nd** more dissatisfied.

Emma still wanted to explain, but Liam held her hand.

Liam’s voice was calm and low. “Emma is doing this for my own good. This is **all** my intention. Don’t blame **her**.”

“What nonsense!”

Simon was so angry that his veins were bulging

“Okay, it’s your idea. Didn’t you plan to come back and manage the company?”

“Since things have come to this, I will allow you to return to Halls Corporation to work. However, I’ll give the Vark College’s project to Brad, “Simon said as he looked at Emma.

Half an hour later.

Emma and Liam left the study.

After leaving Hall family, Emma held Liam's hand and sighed lightly.

"It's impossible for your father to like me now. But what did you mean just now? Does your family still have a collaboration with our school?"

"Yes, the Halls Group and Vark College are expanding their overseas education projects this year. The market for education is very big.

Emma nodded. "But your father gave the project to Brad."

3,5

Chapter 72

Emma thought for a while. "Elsie is being investigated by the police. Even your father would have a hard time getting her out now."

"Brad must be very angry now. Your father even made him collaborate with Vark College. Looks like **your** father wants to deliberately punish

me..."

Emma whistled. Her tone was a little casual, but she enjoyed it.

She was now involved in Liam's family matters. There

was no way out.

Elsie and Brad were not only enemies **of** Liam but were also Emma's enemies.

Or rather, from the moment she refused to cooperate with Yolanda Dow, Emma's life was not peaceful in Tron City.

Liam held her hand tightly. "He's suppressing both of us. Give me some more time. I'm determined to get the Vark College project."

Emma touched his face. "Since my **husband** has **already** spoken, Brad definitely won't be smug for long..."

Emma noticed Liam's eyes brightening up.

"What... did you just say?"

“I said, Brad won’t be smug for long!”

“The previous sentence.”

“Oh, I said, my husband...”

Liam kissed Emma on the lips.

Before the two of them got into the car, they stood at the entrance of the Hall family villa

.

Emma’s eyes widened. Some servants were trimming the plants in the garden.

Coincidentally, a car drove through the carved iron gate that was opened.

Emma actually felt nervous. Liam was actually making out with her in public!

“Well, well..”

Emma wanted to struggle, but Liam grabbed her waist and kissed her even deeper.

The sapphire blue Lagonda Taraf **had** already passed through the iron gate and entered.

The young man behind the glass on the left rudder looked livid.

Brad looked at the couple in front of him who were passionately kissing and blocking his way. He

The sound of the car honk was piercing.

Only then did Liam slowly stop their kissing.

But Liam behaved as if the person in the sports car did not **exist**.

Then, Liam pecked Emma’s **lips** and kissed her twice.

“Your face is so red today.” He looked at Emma’s face with satisfaction and even reached out to pinch her face.

Emma thought to herself, “You are stating the obvious!”

Brad was already honking, yet Liam was still flirting here!

Liam was deliberately

“Let’s go. Your brother is getting very angry! I have already embarrassed his mother. He might just drive over and knock me down.”

“If he tries to do that, I’ll be in front of you.”

Liam said with a serious expression. He even reached out to scratch her delicate nose d
atingly.

He knew that she had supported him time and time again, firmly believed in him, and **st
ood** by his side.

He had already completely fallen for her.

Soon, Elsie’s trial began.

As there was solid evidence, she lost the case and **was** found guilty.

There was still a month before the second trial. If she were found guilty, she would be s
entenced to **jail** for attempted murder.

At this moment, Brad’s mood was terrifyingly gloomy.

He immediately pushed forward his cooperation with Vark College.

He was going to deal with Emma.

Emma had physical education today.

Since Vark College was a top private aristocratic school, there were piano and violin lessons, basic physical education, fencing, and horsemanship.

For horsemanship, the students usually went to a horse range near the school.

However, the college had its own fencing hall.

As Emma was putting on her fencing suit, she heard her classmates' discussion.

"Our class is doomed in the forthcoming fencing league. There's a transfer student from Nuverland in the class next to ours. He had fencing training since he was young. I heard that he is a member of the Nuverland national team!"

"Wow! Is this student that good? Is it a girl or a boy?"

"It's a girl. The guys in their class are also amazing. Several students are talented in certain sports!"

"How terrifying.. I'll start to hope and pray that I won't be chosen to compete with **her** in the fencing competition"

Emma was in the elite class of Vark College.

The students in their class were far ahead in terms of grades, but students **who** were exceptionally good in certain subjects or sports were not as many as those in other classes.

Vark College had a lot of extracurricular activities. This time, there would be a fencing league.

Emma finished changing and heard the person on the other end of the line speak through her earpiece.

"Boss, you love fencing so much and complain about not having a worthy **opponent!** Why not sign up for the fencing league, and **maybe** you

1/5

Chapter 73

will meet one?"

Josiah sounded very excited.

The last time he hacked the stadium surveillance camera to watch the exciting match between Emma and the boxing champion, Ruby Crur. He still wanted to see more action

If Boss could show off her skills again, he would be able to feast his eyes again

Emma casually picked up her sword. “Forget it, how many years has it been since I last played this game? There are talents in every generation. Maybe I’ll just be asking for trouble if I sign up.

“I still have to focus on dealing with that lunatic **Brad**.”

Just as Emma finished speaking, someone rushed into the changing room,

“Emma, it’s your turn! Hurry!”

“What do you mean?” Emma was confused.

“It’s your turn!”

The other party looked anxious. “They have drawn lots for today’s competition. You’re the first to go on stage!”

Emma got a shock!

She thought, “Today’s competition?”

Emma was dumbfounded. She had completely forgotten about today’s Fencing League.

No wonder the two girls were so nervous just now.

She had no idea that there was a competition today...

Emma’s lips twitched as her classmate looked at her sympathetically. “I have bad news for you. Your opponent is Alva Ores.”

Emma was speechless.

Alva Ores was a student who had just transferred to Vark College. She was from Nuverland.

And a professional fencer.

One of the girls had said she was willing to be a vegetarian for the **rest** of her life... because she didn’t want to compete against Alva.

Ultimately, Emma caught the chance to compete against Alva.

There **was** no one else with such luck.

“I understand. Tell the teacher to wait a moment. I’ll go when I’m ready.”

While Emma was preparing, the arena was already bustling with activity.

“Why isn’t she here yet?”

“Don’t tell me she’s afraid. What a cowardly turtle.”

2/5

Chapter 73

Alva was in Class 17 that had the worst average score in the entire level.

But it just so happened that there were many rich students who had special talents in th
at class.

The students of Class 2 were usually very high–profile in school.

“Hey, those nerds from Class 1, are you guys competing or not?”

“Haha, didn’t you say that Emma is very strong? She’s nothing more than a coward!”

“Hurry u

up and give up if you don’t want to compete. What’s the point of stalling?”

“That’s right, scam back to your exam papers!”

The competition hadn’t even started yet, but the group of irritating students from Class 2
had already started provoking them.

Emma’s classmates were all po

all good students who were scholars, but they also had their pride.

“Isn’t it just a fencing specialty? Is there a need to be so aggressive?”

Emma’s classmates could not stand it anymore.

“Not only is our Emma beautiful
and good at studying, but her calculating skills are also very good. **What** other skills do
you have other than being good at fencing? You’re all brawny and simple–minded!”

The rich students of Class 2 immediately felt humiliated because the words hit the right spot

They hated it the most when others scolded them for their poor grades and simple-mindedness.

The group of students stood up and wanted to fight.

“So what if your results are good? You’ll still be working for my father in the future, ugly girl!”

“That’s right. It’s difficult for ugly women like you to marry a man. In the future, you’ll be single forever, even after graduating with a doctorate. You’ll be working for others for the rest of your lives!”

The girls in the elite class were indeed relatively simple. They looked like girls of their age, unlike some girls in Class 2 who dressed very attractively.

The simple girls from Class 1 felt aggrieved immediately after being insulted.

At this moment,

one of Emma’s male classmates stepped forward and stood in front of the girl in his class.

“Watch your words! What’s so good about showing off to girls?”

“That’s right. I don’t know if **we’ll** work for your father, but with your intelligence, if you come to clean our company’s toilets in the future, you may be unable to do a good job because of your stupidity.”

“Stupid pig, get lost!”

“You!”

The few students from Class 2 were **so** angry that their bodies were trembling

The two sides were about to clash,

Chapter 73

At this moment, the teacher came over. “What are you doing? if you want to fight, save your strength and go on stage to fight **later**. Don’t cause trouble here”

When the teacher came, the students immediately became quiet.

Fighting was not allowed in any school.

The consequences of violating the school rules were serious. The students knew they had to draw the line.

The two sides settled down again.

As cheers rang out, Alva Ores from Class 2 entered the arena in her fencing suit.

Class 2 was in high spirits.

“Alval Alval”

“She looks so smart! Beat them!”

“That’s right! Eliminate Emma! Emma is trash! Emma is trash!”

In a competition, supporters should behave in a civilized manner.

However, this group of students was of extremely poor character. They publicly mocked Emma!

Seeing Emma being insulted like this, her classmates could not stand it anymore.

They stood up and shouted, “Emma, come on!”

“Emma, come on!!!”

“Emma is the best! Class 1, you can do it!”

The elite class had always been top students, and their numbers were only slightly more than half of Class 2’s.

In terms of voice, they couldn’t beat the group of noisy irritants from Class 2.

However, for **the** sake of Emma, the students shouted at the top of their lungs. Their faces were red as **they** shouted desperately.

Emma had just finished her preparations.

She realized there was a commotion the moment she entered the arena.

“Boss, your classmates are so hardworking”

Josiah had already silently infiltrated the Fencing Dojo’s surveillance camera and was watching this scene from all angles.

“They’re working so hard for you. Aren’t you going to consider... having a good competition?”

Emma was already furious when she heard this group of people insulting her class.

Her battle-hardened fighting spirit and anger brewed.

Her strength was not something that these students could imagine.

Chapter 74

Chapter 74

Alva stood in front of Emma and was armed to the teeth.

She was more than a **head** taller than Emma.

Foreigners were usually **taller**, so they had an overwhelming advantage.

“Defeat her, Alva! Finish her off!”

Emma put on her mask,

As the match began, Alva led the attack.

She moved forward and kept attacking Emma’s legs.

According to the rules of the fencing competition, as long as her sword touched the designated part of Emma’s body, the weak electric current would immediately be transmitted to the scoreboard.

In the face of Alva’s powerful attack, Emma defended steadily.

It looked like Emma was losing ground.

But on closer inspection, she had **a** degree of defense.

Emma held the silver sword firmly in her hand. She was quick and the **sword** shook slightly.

She was ready to snipe at Alva's **flaws**.

Alva, who was also an expert, could tell immediately that her opponent was not a newbie with zero foundation.

Suddenly, Alva stopped, grinning behind her mask.

"Since **you** are an experienced fencer, I'll not give you any chances! You'll get a taste of what it feels like to be defeated!"

With that, Alva changed her strong attacking style **and** began to advance and retreat.

Alva's gait became very strange.

Emma knew that Alva was distracting her.

After all, as long as the tip of the sword touched her protective suit, Emma would lose.

Therefore, at such a time, she could not panic.

"It is a good game. Alva has met her match."

Vark College's fencing coach could tell at a glance that Emma was extraordinary.

He wondered, 'What's her name? I want her to join the varsity team.'

The physical education teacher **was** a little surprised. "Oh! Her name is Emma Wilson. Her results in physical education class are usually very good, and she excels in cultural studies tpa.""

1/5

Chapter 74

"Has she taken fencing lessons before?"

"I'm not sure. It's possible..."

But didn't Emma grow up in the countryside?

Where did she get the opportunity to learn such an expensive sport?

The two teachers chatted.

The students from Class 2 started clamoring again.

“Emma, charge if you have the ability! Are

Aren't you usually very awesome? Why are you now like a tortoise, hiding in your shell?”

“Hahaha, look at how the sword in her hand is trembling. Don't tell me **she's so** scared that she peed her pants!”

“if it wasn't for Alva showing mercy, **she wo**

would have **rolled** down!

“Alva, defeat her!”

This group of students really knew nothing about fencing

They thought that Emma had such defensive movements because she was trembling with fear.

The fencing coach shook his head helplessly.

As expected, their class was inferior. Usually, when they were in class, they never paid any attention!

On the other side, the students of Class 1 also thought that Emma was going to lose this time.

However, they were not **to** be outdone. They called out to Emma. “Emma! Be strong! There is nothing to be afraid of!”

“Even if you lose, you're still the pride of our class!”

“Emma, you are doing a good job! We are all supporting you!”

After all, the opponent was a professional fencer. For Emma to be able to last so long was already very impressive in their eyes.

At most, they would be mocked by Class 2.

They were not afraid!

Nobody knew that behind her mask, Alva's face was covered in cold sweat!

She had indeed gone easy on Emma in the beginning

it, the person opposite her was very steady.

However, Alva soon realized that no matter how she changed her gait,

Emma stood in front of her.

Just a slight step

p forward and a small movement made Alva panic for no reason!

Alva was getting more and more flustered)

This emotion was extremely rare for Alva, who had been professionally trained.

Alva was in trouble. She retreated immediately.

Emma moved like a phantom. Her attacks became fiercer and fiercer, and her movements were **so** agile. Everyone watched in awe.

Alva immediately raised her sword and **tried** to stab Emma's protective suit.

"Bang!" Emma's sword ruthlessly cut off Alva's **attack**.

Then the tip of the sword stabbed Alva's chest when she did not pay attention.

At the same time, the **red** light lit up!

The red side, represented by Emma, scored.

Alva was completely defeated in the first round.

Everyone in Class 2 was stunned!

What was going on? Alva lost?

Emma's classmates instantly stood up and shouted. "Oh yeah! Emma Willson! Emma Wilson! Emma Wilson has won the first round!"

"Emma Wilson Long live Emma Wilson!"

"Awesome!"

"Impossible! She must have gotten lucky this time. How could Alva lose?"

"Alva, **you** have to defeat them!"

Class 2 wasn't convinced, but in the next two rounds, Alva was still losing!

If she still was fighting with Emma in the early stages of the first round, then the next two rounds were just Alva trying to defend herself Alva had no chance of winning at all.

Emma's sword was like a nimble snake.

Occasionally, it would tremble slightly and move unpredictably.

It went forward and backward, catching Alva off guard.

Alva totally could not fight back.

Moving so fast like the flash, Emma's sword hit Alva's calf and abdomen.

Alva was completely defeated.

Just before the last red light came on, Alva suddenly stepped forward!

"You think it's over just because you defeated me?"

"Emma Wilson, from the moment you entered the arena, you've already been tricked!"

Alva smirked as her normal-looking sword clashed with Emma's sword.

Alva tried to stab Emma with her sword which was broken at the tip.

In order to ensure safety, swords for modern fencing competitions were specially made with steel and were slender and elastic. They would

not stab anyone to death.

However, after the front end was broken, the broken sword was a lethal weapon!

Emma immediately became vigilant.

The normal flexible blade in her hand couldn't do any harm to Alva.

She touched her fencing uniform..

As expected, her protective metal suit had also been tampered with!

“This is not good. It's dangerous!”

The fencing coach also noticed the abnormality and immediately stopped the competition.

“Alva, your sword is broken! Stop!”

But **it** was too late.

Alva stabbed Emma with the broken sword.

It was about to pierce through Emma's chest!

It turned out that the competition was fake, and the assassination was

As Emma spoke, a mocking sneer appeared on her beautiful face.

As Alva looked into Emma's eyes, Alva's heart was immediately filled with fear!

As for Alva, she was just a show-off who had been trained by amateurs!

"You! Let go!"

At this moment, the coach ran up

"Alva, stop!"

The coach was the professional person in the competition. He'd lang noticed that something was wrong with Alva.

Alva lowered her head in shame.

Emma said, "Coach, I suspect there's something wrong with her sword and my fencing suit! I have the right to ask for an investigation!"

The school would definitely investigate if someone almost died in the competition because of the broken sword.

However, the news of Emma defeating Alva immediately spread like wildfire.

The news even reached the entire fencing ring.

Everyone wondered who this girl was.

After the fencing class ended, the venue was cleared.

Only Emma and the coach were still checking fencing suits.

The coach said as he packed his sword, “Emma, have you participated in professional fencing competitions before?”

Emma calmly folded a fencing suit. “Why do you ask?”

ke you.”

The coach said, “I watched a competition once. One of the fencers looked like you.”

The coach used to lead the national team. In one of the World Championships, Rhinea was humiliated by an arrogant foreign country.

The other party had cheated and even made an obvious discriminatory move.

That day, all Rhineans present were incomparably furious!

At that moment, a Rhinean girl from the audience couldn’t take it anymore.

She changed into her fencing suit on the spot and wanted to challenge the foreign opponent.

The foreign opponent was the most professional fencing expert.

When she saw the Rhinea girl coming up, she almost died of laughter.

Although everyone was worried for the girl, she was very composed and steady. When she attacked, she moved like a dragon emerging from

the river!

The Rhinea girl had combined the advantages of various martial arts, psychology, and luck to defeat the foreign opponent who was rumored to be undefeatable!

That match shocked the entire fencing ring.

The media and fencing enthusiasts from all over the world went crazy trying to find out the Rhinean girl’s identity and name.

But she had mysteriously disappeared

Until today, no one knew who that young girl was

Until today, when the coach saw Emma competing, he recognized the posture. It was exactly the same as the mysterious fencing girl back then.

“Emma, when you were 17, did you participate in a...”

Emma smiled and said, “Coach, I’m just an ordinary student who just came to stay in Troin City. When I was 17 years old, I was still in the countryside.”

The coach thought so too. Emma couldn’t be that Rhinean girl,

Otherwise, she would have been recruited by the country to compete in the fencing matches and not go to Vark College.

“Yes, yes. I must have seen wrongly.” The coach patted Emma’s shoulder. “Emma, you’re very talented. Practice hard. You’ll definitely be able to achieve a great career in the future and become world famous!”

“Thank you, Coach.”

After leaving the school, the broken sword and fencing suit were handed over to the school for routine inspection.

But videos of her duel with Alva had gone viral.

Everyone enjoyed that video on different video sites.

[The young lady is too cool! She’s calm and domineering.]

[She is so valiant and cool. I was so excited when I watched the match.]

[Fencing is so cool! I’m going to start paying attention to fencing matches!]

[What’s her name? Please start taking part in competitions!]

Emma read the comments for a while.

Suddenly, an unpleasant comment popped up.

[I’m Emma Wilson’s relative. After Emma hooked up with a rich man, she disowned all her relatives and killed her sister. Even when her grandmother was critically ill, she just sat back and did nothing. I want netizens to see her true colors!]

After Emma saw this comment, she quickly used her computer to check the IP address of the person who uploaded the comment.

This person was in TroIn City.

Chapter 76

Public comments were terrible. At first, everyone thought that it was a joke.

However, as more and more unscrupulous online accounts with different information appeared, some netizens with no judgment started to join these accounts.

The police knew that Emma and Alva previously had physical conflicts. If Alva really met with any mishap, the police would ask Emma in for investigation.

To minimize trouble, Emma immediately sent her men to investigate Alva's whereabouts.

Just as she finished giving her instructions, Liam's wheelchair came in from outside.

"I've found evidence that Alva had dealings with Brad. It is highly likely that Brad has Alva."

Emma scoffed. She thought, 'So it was a conspiracy!'

Only Brad was capable of such acts.

When Alva failed to kill Emma, Brad would spread news that Emma was the killer, and she would be jailed.

Everyone said that Liam was the ruthless one who didn't bother about people's lives.

From the looks of it, the one who was truly unscrupulous and cruel was Zhan Chao. He would do anything to achieve his goals.

"Your brother is so annoying. I really want to kill him," Emma commented coquettishly to Liam. Only Josiah who was on the other end of the line, knew very well that Emma could really kill Brad.

Liam patted Emma's head. "Sleep well. I'll be able to help you find the whereabouts of that person, okay?"

Emma nodded. "Then you should rest early tonight too. Keep me company..."

"Sure!"

Liam kissed her lovingly between her eyebrows.

He couldn't help but kiss her trembling eyes again.

Then he kissed her high nose bridge, her delicate lips, her chin that was always raised proudly, and her swan-like slender neck.

The temperature of the atmosphere quickly became high.

Emma felt Liam's breathing getting heavier.

Emma pushed him away aggrievedly. "It's very sad. I can't do it for the next few days."

Liam kept quiet. He understood what Emma meant immediately.

He kissed her again and said, "Emma, hope you are feeling okay."

Emma pursed her lips and looked at Liam. "If you don't want me to suffer, you have to stand up quickly."

If she didn't know that his legs were actually fine, she wouldn't have dared to say that directly.

Right now, Elsie was unable to do anything. Liam was not far from being able to stand up.

"You won't suffer much longer."

As Liam spoke, he smiled. His handsome face was especially seductive and he smiled. "When the time comes, you will definitely have a huge surprise."

Emma was speechless.

Why did she feel like she had said this before?

Emma was woken up by a phone call in the middle of the night.

When she woke up, Liam was no longer in the room.

She picked up the phone.

"Boss, wake up!"

"What's going on?"

"We found Alva!"

“What did you say?” Emma snapped out of her daze.

Josiah’s voice sounded anxious.

“We found out where Alva was. She was at Holy Mountain. But by the time our men got there, she’d already been pushed off the cliff!”

“We don’t know if she’s dead or alive. If she dies, it will be very bad for you, Boss!”

“I’ll be right there.”

Emma hurriedly got up and dressed.

But at that moment, another question flashed through her mind...

Where was Liam?

“Boss, someone else found out where Alva was before we did. Guess who?”

“Who?”

The members of her team were elites from all over the world!

No one in the world could compare to the speed at which she got her subordinates to complete the

task.

Who found Alva before they did?

“Liam Hall.”

After Josiah finished speaking, Emma instantly realized why Liam was not in the room in the middle.

of the night.

Holy Mountain was a mountain in the suburbs of TroIn City.

It was not high, but the terrain was steep.

Due to the dangerous terrain, the slightest mistake would result in death.

Usually, there were not many tourists. It was just a check-in spot for some mountain climbers.

When Emma arrived at Holy Mountain, it was already very late.

She was wearing mountain boots, and her long hair was tied into a high ponytail.

Dressed in a black military uniform, she looked powerful and valiant.

Using the Bluetooth earpiece, Josiah gave Emma the coordinates of the location.

Not long after, Emma sensed the faint shadows of a crowd in the forest not far away.

“Quick, retreat quickly. Don’t let anyone find out.”

“Hey, she’s heavy. Let’s go.”

Emma exerted force with her feet and immediately gave chase.

They had already escaped, but there were traces of footprints left on the ground.

The traces indicated that Alva was somewhere around here!

Emma’s cross-country tracking ability was far superior to these people.

The trail these people had left behind was too obvious. It didn’t take her long to find Alva.

In the dark night, the air was filled with the smell of blood.

A woman was sandwiched between two large rocks.

Emma looked solemn. She immediately walked over and checked the woman’s breathing.

In the next second, Emma clenched her fists!

The woman was not breathing anymore, and there was no body temperature.

Alva was already dead!

Brad did not bother about the law. He just killed an innocent person like that.

Emma did not have time to feel sorry for Alva.

Not far away, police dogs had already arrived to search for Alva.

“Quick, I think there’s something over there!”

“You! Don’t move!”

In the middle of the night, the police found Emma at this place, and she was the only person at the

scene.

If she ran away now, it would only arouse more suspicion.

Emma gritted her teeth. There was no way she could leave now.

The only way was to save herself!

Emma immediately called Vere and Josiah. “The police are here. Plan B must be activated.”

“Boss, have you really decided to expose your identity?” Josiah asked.

Emma’s eyes were cold.

4/5

Chapter 76

This time, it had to be done.

After giving instructions, she immediately took out the high-tech items she carried with her when there was still some time before the police came,

A small drone rose into the night sky.

The camera on the drone was pointed at Emma, who was standing on the slope.

On the other end of TroIn City, Brad’s computer screen suddenly displayed such a scene!

“What’s going on?”

Brad’s expression was extremely ugly.

His computer had been hacked!

“Hello! Brad.”

Of course, Brad recognized the place where Emma was. He frowned and calmed down.

“Emma, what do you mean by doing this at this ungodly hour?”

“Brad, you are a smart man. Let’s make it short.”

On the screen, Emma’s face was beautiful but cold. In the night, she actually looked seductive.

“You are now a murderer, but you are pinning the blame on me. But have you thought about it? If I really go to jail, your mother will suffer. I will torture Elsie every day! Haha!”

Indeed Brad looked gloomy.

However, he gritted his teeth. “A life for a life. You won’t live long in there.”

“You know better than anyone who should pay with his life.”

Seeing that Elsie’s life was no longer a leverage, Emma decided to be ruthless.

ou’ve been trying to find out who I am.”

“Do you still remember the financial war that caused you to lose 20 million dollars a year ago?”

On the screen, Emma's long hair fluttered in the night, and her red lips looked attractive.

When Brad mentioned what happened a year ago, his expression changed drastically!

He seemed to become very terrified.

"What are you trying to say?"

"I'm trying to tell you that one must learn from one's mistakes. There's always someone better than you. Nobody is above the law!"

"So?"

Emma scoffed, "You would never have dreamed that I was involved in the financial storm that almost killed you!"

"I know that for more than three hundred days and nights in the past year, you've been having nightmares every day. I'm afraid you'll experience the despair of that time again!"

"If you continue to provoke me today, I'll make you suffer a hundred times worse than a year ago even if I have to risk everything!"

After Emma finished speaking, Brad's expression became distorted.

He

would never forget the hellish financial storm he went through not long after he broke Liam's legs and took over the Halls Group!

At that time, Brad suffered huge losses every day!

In just a few days, he had lost over 20 million dollars!

In the end, Brad still signed a secret agreement and relied on the financial support of a famous tycoon family overseas to tide over the difficulties.

Even Simon, who was the CEO at that time, did not know about this!

If even Simon didn't know, how did an outsider like Emma know?

“Looks like you have a death wish!” Brad’s voice was cold and sinister, filled with killing intent.

He wanted Emma to be arrested by the police and charged with murder.

But now, it seemed like he had to settle it himself.

Emma did not know that a black muzzle was already aimed at her head. The gunman was on Holy Mountain, hundreds of meters away.

If Brad gave the order, she would die instantly!

Emma did not move at all.

Emma’s smile became more beautiful, like a dahlia blooming at midnight.

“If I die, the funds you borrowed from the Rafael Harmon family back then will immediately be withdrawn. Tomorrow, your stocks will plummet. Simon will know the truth of what happened back then. Everyone will know your incompetence! Do you dare to take the risk?”

Time was running out.

She did not have full confidence that Brad would retreat.

However, after all these years, she had long seen through that there was no 100% chance of winning in this world.

Only the strongest would survive.

As expected, Brad could not help but feel psychological pressure. He was using his computer to check the company’s stocks!

An unknown foreign account had launched an attack on the Halls Group’s shares.

Brad felt like he was falling into hell as the amount of money involved was huge.

Emma and Vere were the ones who had planned the financial war.

Vere used the huge capital chain of the Rafael Harmon family to launch an attack on Brad. It was not something that Brad could stabilize with the funds he had.

Brad had also received an email from the Rafael Harmon family, warning Brad they were withdrawing

the funds.

Brad had not filled in the loopholes of the financial storm all these years.

If the Rafael family withdrew their investment now, the entire Halls Group's capital chain would

break!

By then, Simon would directly appoint Liam to be in charge of the company.

Brad was not worried about Elsie going to jail, but Brad was afraid that Liam would make a comeback

and Brad would suffer...

He did not know what method Emma had used to get the Harmon family to become her backing!

But this time, he could not attack no matter what!

After a long time, Brad said in a hoarse voice, "What do you want?"

Emma smiled coldly at the drone's camera. "Let the person who killed Alva turn himself in and I go free."

Ten seconds later.

"Over there! Quick, catch that person!"

The police, who were heading straight for Emma, saw a figure suddenly flash through the forest.

The police immediately arrested that person.

His body was still stained with blood, and there were traces of fallen leaves on his clothes.

It was obvious he had something to do with Alva's death.

Emma hid behind a big tree and did not move until the police brought the suspect who pushed Alva off the cliff away.

After confirming that it was safe, she walked out from behind the tree.

At this moment, a person darted out from the bushes and stabbed Emma's carotid artery!

Emma was caught off guard. She did not expect Brad to have a backup plan.

As Emma was subdued, she could not move. She could only lay on the ground!

The other party's moves were swift and fierce. Emma relied on her sharp intuition to avoid his attacks

at her vital points.

However, she was in a passive position now. Just as the second slash was about to land, she used all her strength to resist.

However, the sound of footsteps could be heard coming from not far away!

Emma did not know if the person was a friend or foe.

Just as Emma was figuring out what had happened, someone pressed a tranquilizer gun on the burly

man who attacked her.

There was a rustling sound.

The man struggled for a few seconds before his eyes rolled back, and he fainted.

Emma heard the creaking sounds of the wheels of a wheelchair over the wooden **leaves**.

Liam looked at her worriedly. "Emma, why are you here?"

When Emma saw Liam, she heaved a big sigh of relief. Then she hugged Liam tightly.

"Fortunately..."

During the negotiation just now, even if she did not see it with her own eyes, **she** knew that she **had** just experienced a brush with death.

Fortunately, Emma could still meet Liam and hug him.

Emma hugged him and refused to let go.

Liam also hugged her waist tightly.

“Let’s go home. Then we’ll talk.”

Icovine Estate.

Emma told Liam everything. She only lied about the reason she used to make Brad compromise in the end.

Regarding her lie, Liam did not ask further. It was impossible to tell if he believed her or not from the expression on his face. He only asked Emma to rest well. Tonight, he would go to the study and deal with Brad.

Emma sighed, recalling Alva when Emma found her..

To deal with Emma, Brad killed Alva just like that!

Not just Alva, but the scapegoat who had been instructed by Brad to attack Alva.

Who knew how many times he had done such things in the past.

These people were only pawns. They could be killed at Brad’s whims and fancies because of his desire for power.

Emma gritted her teeth.

She thought, ‘Hell must be empty now as the demons were in the human world.’”

Sooner or later, she would tell the truth to the police.

Brad would definitely pay the price for all his murderous acts.....

Liam and Brad were both summoned to the headquarters for a meeting.

Simon was very dissatisfied with Emma and Liam Hall's actions. However, the stock prices of the Halls Group had plummeted overnight and they had to think of strategies to improve the situation.

Liam returned to the Halls Group.

The veins on Brad's forehead were bulging.

After he let Emma go last night, the anonymous person did not continue to attack him.

Originally, the stock prices could have come up. However, in the later part of the night, another mysterious foreign account appeared and stopped that.

Brad had yet to find out who that mysterious account belonged to, but he suspected it was Liam..

Liam

returned to the headquarters. The board of directors and the general administration office changed drastically. The entire upper-class society of Troln City was shocked! Especially those who were in cahoots with Brad to harm Liam. These people knew that they were in danger.

They all remembered Liam's ruthlessness.

Once Liam returned to power, they would be finished.

At the same time, Emma finally returned to school as usual.

The police's official statement was the best evidence to prove Emma's innocence, and that she had nothing to do with Alva's death.

The discussions that were rife in the school and online gradually subsided.

However, some people did not believe in authority, especially Alva's classmates from Class 2.

They would rather believe the rumors. All of them were indignant and blocked the entrance of Class 1.

"Emma, get your ass out here!"

"Emma, you still have the cheek to come to school! We want to avenge Alva!"

"Don't think you can get away with it just because you have a strong background. We've already

found evidence that you're a murderer!"

Class 1 and Class 2 had already become enemies because of the fencing competition.

Chapter 78

Now that the students from Class 2 stood at Class 1, Emma's classmates were angry. They quarreled with one another to protect Emma.

"What are you doing? It's self-study time!"

"Why should Emma come out? Who do you think you are?"

The leader of Class 2 said, "What's wrong? Don't you feel guilty?"

"Murderer class! A bunch of devils who only know how to do exam questions!"

The students were enraged. "Watch your words! We're not murderers! Neither is Emma!"

“That’s right. The police have already publicized it. Do you not understand the news?”

“Aren’t you just jealous that Emma is better than you? She will have all our support if you want to bully her!”

A few girls spoke up for Emma.

The boy opposite her couldn’t retort back. He flew into a rage out of humiliation and pushed the girls.

The two sides clashed.

In the chaos, a girl fell onto the ground and screamed.

The moment the female student fell, Emma stood

1. up.

She pushed through the crowd and stood in front of everyone.

Emma helped the girl up and looked at everyone indifferently.

“Take it out and let everyone see.”

Emma was already tall among her peers and more beautiful than most of the girls there.

The person she was talking to was stunned.

Then, he roared angrily, “What do you want to see?”

“Evidence.”

The boy had just said that he had evidence that Emma had killed Alva. Emma was also very curious about what it was.

“Didn’t you say that you have evidence? Take it out!”

2/5

“This is the proof!”

The other party took out a stack of photos

In the photo, Alva was clearly dead. Emma was testing her for breath.

“This photo shows that you went to Holy Mountain last night!”

When everyone saw the photo, they were all excited.

“You killed Alva!”

“That’s right, murderer. Just wait to go to jail!”

Emma’s classmates were also a little shocked to see these photos,

They did not believe that Emma would kill anyone, but why was Emma at Holy Mountain ?

Just as everyone was feeling puzzled, Emma suddenly laughed.

She sneered and threw the photos back into that person’s arms.

“Just because of a few photos, you’re certain that I’m a murderer? If a conviction is that simple, why don’t you become a police officer?”

“What do you mean? The evidence is here. Do you still want to deny it?”

Emma looked at that person with a cold gaze.

“It is obvious that the photo had been edited by Photoshop.”

“How is that possible? I personally...”

The boy stopped, not daring to say another word.

He seemed to have mentioned something he shouldn’t have.

His aura instantly decreased.

Emma’s smile widened. “What is it? Go on. Who gave the photos to you?”

The students were also very anxious. “That’s right. Tell us quickly!”

“What’s there to hide? There are so many of us here! Are you afraid that she’ll bully you?”

However, that student did not dare to say anything!

When Emma saw how terrified he was, she could guess what was going on.

Someone must have taken these photos yesterday.

But who gave it to this student? Brad was most probably the suspect.

This student did not dare to provoke Brad, so he would definitely not reveal who had given him the photos.

Emma looked at those people and mocked, "Since you know that killing is illegal, do you spreading rumors and slandering is also illegal?"

know that

"Didn't you say you are going to kill me? So why bully my classmates? Come on, come at me!"

Her voice was not loud, but the aura she exuded made the troublemakers take a step back!

They had no idea that Emma had once led thousands of troops. The moment she stood in front of her class, she was like a natural leader!

Those students who stood behind **her** felt an endless sense of security.

However, those who stood opposite her felt an overwhelming pressure.

The people who were clamoring just now all fell silent.

Everyone in the school knew about Emma, Ruby, and Alva's skills.

Many students only dared to bully the weak and fear the strong. When Emma showed her strength, they became cowards.

"Emma, just you wait! I'm going to inform the teacher that you have threatened us."

who?"

"Who's threatening Emma was so angry that she laughed.

"Who said they wanted to kill me? Who made the first move and made the female student fall? Now you have the check to say that I'm threatening you?"

The students did not expect that Emma, who seemed to be quiet at the beginning, had recorded the entire commotion.

The instigators' faces turned red with shame.

They could neither advance nor retreat.

"Now apologize to my classmates!"

Before she could even touch the boy, he was already so frightened that he bowed and cried.

"Yes, yes, yes. I'm sorry!"

Emma actually won't hit anybody. However, her aura was too strong. With just a wave of her hand, these hooligans would pee their pants. It was too scary. The boy just wanted to run away.

Emma asked in a declarative tone, “You thought I didn’t hear you right?”

“Apologize to the class!”

Even though she didn’t do anything just now, Emma’s aura gave people the impression that she was very strong. As long as she spoke in a loud voice, those students would already feel that they had been beaten up.

Emma had to scare an apology out of them.

Now that she wanted them to apologize to her class, they were unhappy.

“What’s wrong with not apologizing? So what if your class is good at studying?”

“It’s not a big deal,” Emma replied. “But a mistake is a mistake.”

“Hurry up and apologize! Otherwise, I’ll send the video I just recorded to the to so that your Class 2 will be severely punished at the flag-raising ceremony next week!”

The students from the other classes also walked over and started to watch.

The expressions of the students from Class 2 became uglier and uglier.

However, under the pressure of Emma, they could only continue to bow and bow!

Emma's classmates looked calm on the surface, but in fact, they were already overwhelmed with emotions!

They did not expect that the hooligans from Class 2 would be so obedient!

Emma was really powerful.

She was the goddess of Class 1!

"Yes! Apologize to Emma!"

"Emma, I'm sorry..."

“Emma, I shouldn’t have said that just now...”

There were more and more onlookers from the other classes.

Finally, the last person from Class 2 finished apologizing, so everyone from Class 2 ran away.

After school, the class monitor suggested having a party at the clubhouse over the weekend to celebrate Emma’s safe return to class.

Emma did not want to disappoint her classmates, so she informed Liam. “I have a class party tonight. I might be back later. Don’t worry about me.”

“Okay, but give me the addresses and the contact information of your classmates.”

Chapter 79.

Emma pouted. “Why? Are you worried about me?”

“I’m concerned about you.”

The voice on the other end of the phone was calm, and there were people reporting around, as if they were in a meeting.

Liam had just returned to the headquarters. He had been very busy these few days.

However, as long as it was a call from Emma, he would pick it up immediately.

His tone was also very doting, without a trace of impatience.

Emma’s heart was filled with sweetness. “Alright, I’ll send you an email later. Oh, by the way, I have

one more request...”

“Yes?”

Emma smiled guiltily. “Can I have some wine tonight?”

According to Liam’s principles, she could not drink outside his line of sight.

ok for!

But Emma had already called to permission. Hence, Liam thought for a while and agreed.

“You can have some beer, 100 ml.”

Emma thought, ‘What? 100 ml? Beer?’

In the past, she could even drink a few bottles of liquor.

Even Josiah almost burst out laughing.

“Boss, in the past, when you were out on a mission in the snow, you would drink vodka to your heart’s content! If Mr. Hall knew that you’re such a person, will he break down?”

Emma gave him a sidelong glance. “You’re a big mouth!”

At that time she was drinking to keep herself warm. It wasn’t for fun..

“Don’t call me if there’s nothing else. End the call.”

Emma would usually keep in constant contact with Josiah.

However, since she had decided to enjoy the night with her classmates tonight, she would relax and play to her heart’s content.

“Hey, Boss, don’t...”

Before Josiah could complain, the call was cut off, leaving him alone....

Emma and her classmates had already taken a taxi to the clubhouse.

There were swimming pools, KTVs, board games, and many other facilities.

A few students from Emma’s class had just walked in when a few sports cars stopped at the door.

“What’s going on? Are there other people in the clubhouse today?”

The person who spoke was wearing leather clothes and leather pants. His shoes were either diamond- studded or riveted.

It was those boys from Class 2 again!

After school, they also came out to have fun. They dressed up maturely and were worlds apart from the school uniforms they usually wore!

The leader of the pack cursed. "Damn it! How can my territory be occupied by others?"

"There's not a single car at the entrance. I wonder where this poor guy came from!"

"Come, everyone, charge in together and chase the people out!"

As expected, the people from Class 2 were still acting like hooligans outside the school. They did not care about first come, first served, or whether they had made a reservation. A group of people rushed in and shouted, "This place is ours tonight!"

"We'll pay you double the booking fee! If you know what's good for you, get out now!"

When they looked at each other, Emma immediately recognized that the person opposite him was from the class next door.

"What's wrong with you guys? We booked this place first!"

"Who cares about your stinky money? You should get lost!"

The students had just started enjoying themselves not long ago, but they had met the Class 2 hooligans. All of them were very angry.

The hooligans were anxious. "Who the hell are you telling to get out?"

"Did you see those luxury cars at the entrance? They're ours! You country bumpkins haven't seen the

world. Do you need money? I'll give you three times! Ten times! You poor students!"

After leaving school, these hooligans became even more arrogant.

Those who could get into Vark College usually came from rich families.

However, Emma's classmates were all civilized people.

For a moment, they did not know how to deal with these hooligans.

Emma was originally focused on playing a murder mystery game.

Hearing movement downstairs, she glanced down.

She realized that it was the group of students from Class 2 again. She walked down the stairs calmly.

“You were bowing in fear in school during the day, but you’re starting to cause trouble again after leaving school at night, right?”

Emma changed into simple clothes after school.

She wore a pair of sky blue high waisted jeans and a knitted light yellow y neck top. Her collarbones were exquisite, and her black hair was long and straight. Her temperament was outstanding and people were attracted to her.

When those hooligans saw Emma’s face, it seemed they had seen a ghost!

The leader of the pack thought, “Damn it! This person is like a ghost that refuses to leave. It is horrible luck to bump into her when I’m here to have fun!”

At this moment, when her classmates saw Emma, it was as if they had seen their savior

“Emma, these scoundrels insist that they want to occupy the whole clubhouse. They want to throw **us** out just because they have money”

The hooligans did not say anything.

Emma smiled and asked, “You think so?”

However, that smile sent chills down the hooligans’ spines...

“Bitch, don’t smile at me! Your smile is scaring us out of our wits!”

Emma crossed her arms and casually looked outside the entrance. “So what if you drive a luxury car? Don’t you know you can’t park here? I’ll call the

tow trucks and the police here. You are trying to pick a fight, and you think just because you have money, only you can go into the clubhouse?"

The hooligans were speechless.

"Please don't, please don't! Emma!"

"That's right, Emma. We were just fooling around. Just fooling around!"

They had bought **these** cars secretly without their parents' knowing.

If the cars were towed away and the police were called, **these** hooligans would be punished severely by their parents.

"Emma, we know we are in the wrong... Why don't we line up and apologize to you again? Don't call the police!"

"Are you going to leave now?"

"Scram, we'll scam now!"

The moment they saw Emma, they had already admitted defeat..

There were even people who really fell to the ground because they were so frightened. They started rolling down the road.

They were afraid that Emma would not give them another chance.

After the troublemakers left, everyone heaved a sigh of relief.

"Emma, thanks to you today."

"That's right. The students in Class 2 are jerks. I don't want to meet them again!"

At that moment, someone suggested, "Now that they're all gone, let's go in and have fun. We can drink and sing!"

As she had Liam's permission, Emma also went into the clubhouse.

After all, she had a limit of 100 milliliters of beer.

However, a few young classmates got too carried away, and Emma quickly forgot about this agreement.

Emma drank a lot.

In the end, her phone ran out of battery.

Even after turning off her phone for more than an hour, she still did not realize it.

At 11:30 p.m., a few classmates had too much to drink. Just as they were about to leave, a black Maybach approached them and stopped at the entrance.

Before Liam got out of the car, he heard a few drunk students talking.

“Why is there another car? Don’t tell me they’re here to fight with us over the venue again!”

“This is ours! Get Emma to kick him out!”

“That’s right, Emma... Emma...”

Liam frowned when he heard them chanting Emma’s name.

He wondered, ‘What is going on? How long has Emma been here? Why does she have so many

followers?’”

Someone imitated Emma’s tone and shouted at Liam, “Hey! You in the car! You can’t park here! If you don’t leave, I’ll call the tow truck!”

“I’m here to pick someone up.”

Liam lowered the window.

His calm words instantly woke the students up.

The students thought, ‘Pick up, pick up someone? Who was he picking up?’”

Emma was sleeping in the studio on the first floor.

Liam got out of the car and sat in his wheelchair.

Under everyone's shocked gazes, the wheelchair automatically went to where Emma was.

Her long hair hung over her shoulders, her eyes were closed, and her cheeks were red. It was obvious that she had drunk too much.

Seeing her current state, the man's brows were filled with displeasure.

"Wake up. It's time to go home."

"Hmm..."

Emma was in a daze.

Hearing Liam's voice, she slowly woke up.

"Hall... Liam Hall?"

Liam's incomparably handsome face was right in front of her

He was wearing a black suit, and his hairstyle was trendy.

Liam's deep eyes stared straight at her.

They were as dark and vast as the starry sky!

Emma got up and wiped her mouth. "Why did I fall asleep?"

"You're drunk. I'm here to pick you up."

Emma thought, 'Oh no, my phone is out of battery

She subconsciously looked around. Indeed, there were curious students at the doort

Other **than** those who were already drunk and lying on the ground, the rest of the people were all watching.

They did not dare to discuss it in front of Liam. They used their phones to chat excitedly in the class group chat.

Mandy: [Oh my god, Emma's boyfriend is so handsome.]

Dina: [Yes, this is the first time I've seen someone so handsome in a wheelchair!]

James: [Let me give everyone a brief introduction. Emma's boyfriend is Liam Hall The eldest son of one of the most influential families in the country! My super idol!]

James: [Previously, no one thought highly of this Mr. Hall, but recently, he has already gone back to helm the reigns of the Halls Group! Emma really has good taste!]

Mandy: [Holy shit! Am I going to be Mrs. Hall's classmate in the future?]

James: [Congratulations! You have **guessed** correctly!]

Mandy: [I'll be someone with a high status in the future!]

James: [Emma, can I have Mr. Hall's signature?]

The students were chatting happily in the group.

At this moment, Liam Hall suddenly spoke to James, who was sending an email.

"You, come here."

James shuddered as he was being called by his idol. He could not even speak properly.
"Mr. Hall, **are** you calling me?"

"How much did she drink?"

James became tense. He was even more nervous and serious than going through any interviews.

James quickly recalled what happened in his mind and said, "Emma didn't drink much at first, but later on, everyone became too enthusiastic. She accepted everyone's toasts to her. She drank almost

all the wine here..."

Liam was speechless.

He thought, "She drank almost all **of** the wine here. Very naughty!"

"Got it. Thank you."

With that, he carried Emma, who was still in a daze, and left.

However, this time, Liam's face was a little upset.

The few of them watched helplessly as Emma was carried away by him. Everyone started to send

by him. Everyone started to send

Jim: [Jack, your idol thanked you!]

Jack: [Don't say anything... Damn it! I won't sleep tonight!! I want to think about this thank you all

night!]

Mandy: [Emma's boyfriend is really suave. He's so handsome and suave! I'm so envious that I'm crying!]

Dina: [So this Maybach belongs to Liam Hall! That's not right. They've already left. Why are we still using our phones to chat?]

At Icovine Estate.

Liam had just carried Emma back to the bed.

Emma was already dead asleep.

Liam personally changed Emma's clothes after cleaning her up. Then he charged her phone.

The moment he turned it back on, several messages appeared on her phone screen.

The messages were in the chat group of Class 1, Vark College.

With just a glance, he had more or less seen the contents of the group chat.
