

CHAPTER 191:

Three people in the dormitory idle bullshit, chat until late to sleep.

Although today's birthday party is simple, it makes Wu Tian feel happy and at ease. In the end, he thanks his two roommates.

"Who put this on the campus network?" After watching the video, Wu Tian was angry.

"It doesn't matter. Read the comments later." Sun Xiaohao said.

"Comments?" Wu Tian swiped the screen and continued to look down. He found that many people in the comments attacked him again.

One of the comments on the top of the list was the most excessive, which made him bloody and vicious.

I didn't expect that he would become a celebrity of the campus network overnight, but it was all negative news.

"Our school also had a lot of fighting videos before, and they didn't scold them like that. I suspect that someone deliberately bullied you." Jiang Wan couldn't help but analyze.

"Yes

Sun Xiaohao nodded with approval and added: "look at the previous posts that scold you for being particularly fierce. They are all new numbers. They were registered only yesterday. Obviously, they were registered to scold you."

"It makes sense."

After such a reminder, Wu Tian found something wrong and said to himself, "who's playing the devil behind the back?"

"It must be the students of our school who can attack you on the campus network." Sun Xiaohao analyzed again.

"Who would that be?"

"Don't worry. I'll find out soon." Wu Tian finished saying this, he took out his mobile phone to call Li Mu, and asked the company to find two employees to check it out.

Tianmu company has a lot of talents, all of whom are professionals in the field of network. It doesn't take any effort to investigate these things.

In less than 10 minutes, Wu Tian got the result. The IP address on the tire that launched the attack came from Yimeng Internet cafe outside the school.

After getting this clue, Wu Tian rushed to Yimeng Internet bar with sun Xiaohao and Jiang Wan.

"Network management, who came to your Internet bar at more than nine o'clock last night?" As soon as he entered the Internet cafe, Wu Tian ran to the front desk and asked the network manager.

Because the date and time of those posts that scolded him were displayed at 9 o'clock yesterday, presumably those people came to the Internet bar during this time period.

"I don't know." The network manager spits out three words lazily.

"Pa!"

Wu Tian took out 200 yuan to shoot at the front desk, looked up at the network manager, "do you know now?"

"I know. I'll check it for you now." The network manager immediately became enthusiastic. He collected 200 yuan and began to collect the background records.

In just a few minutes, we found the result: "between 9:00 and 10:00 yesterday, a total of 12 people came to our Internet cafe to start up."

"Who are they?"

"It's Wang Qiang and Zhao Yang..."

"I see." Without waiting for the network manager to finish speaking, Wu Tian turned to walk

outside the Internet bar, and said to sun Xiaohao and Jiang Wan who followed him: "it must be Zhao Yang who is behind me."

"Yes, it must be the boy." Jiang Wan and sun Xiaohao nodded at the same time, expressing their approval of Wu Tian's words.

Now, the most unforgettable thing on campus is Zhao Yang, who was beaten in public by Wu Tian before, and severely abused him.

"Let's go and confront the boy first." Wu Tian comes to the classroom with two people in a hurry.

Zhao Yang also found in the classroom, is spreading to the students the violent video of Wu Tian beating people last night, and calls on the students to boycott Wu Tian.

"Zhao Yang!"

As soon as Wu Tianyi entered the classroom, he quickly approached Zhao Yang and asked in a cold voice, "it was you who made that video last night that you deliberately overcame me me, right?"

"I don't have one." Zhao Yang retreated a few steps, afraid that Wu Tian would fight him again.

I've known this boy's ability before. It's really frightening to beat people up.

"You don't admit it." Wu Tian's face was cold and mercilessly exposed: "you took people to open several computers in the Yimeng Internet bar at 9 o'clock last night, and registered a small number to deliberately hack me. Am I wrong?"

"This..."

Zhao Yang was stunned.

Maybe he didn't expect Wu Tian to investigate the matter so quickly, which made him a little surprised.

After the micro Leng, he just evaded the heavy and turned to the light and asked: "then you said, did you hit people last night?"

"It's the other side who starts first. I'm self-defense." Wu Tian argued in a loud voice.

"It doesn't matter. Anyway, the video of you hitting people has been spread. I'm afraid you have become a street mouse in the University of technology."

"Do you really think this little trick can get me?"

"Of course." "I'm afraid it won't be long before you become a rat excrement in our university of technology," Zhao Yang said

"You look down on me." Wu Tian finished saying this, touched out his mobile phone and called Li Mu again.

Less than a moment after the phone call, the video about Wu Tian hitting people on the tire of campus network disappeared, and the comments on swearing all disappeared. Instead, the video of Wu Tian beating the president of the Sports Institute as president of the martial arts

club replaced the previous video, with cheers in the comment area.

Seeing such a big change in the tire, Zhao Yang was immediately dumbfounded. He didn't expect the previous post to disappear for no reason.

Zhao Yang soon understood, slowly looked up at Wu Tian, "boy, is it you who are playing tricks behind your back?"

"I've told you for a long time that you can't do me such a trick." Wu Tian smiles triumphantly and doesn't pay attention to the other party's naive tricks.

"I want to see what you have." Zhao Yang still does not believe evil, hastily with trumpet that beat a person video to send again.

It didn't take three seconds to send out, but the post disappeared inexplicably again.

It was sent several times in succession, and it disappeared within three seconds each time.

"Damn it."

Seeing such a strange scene, Zhao Yang was also frightened. He slowly looked up at Wu Tian and questioned: "you How did you do it? "

"I have my own way." Wu Tian smiles mysteriously and slowly puts his head together. "The more wonderful is still behind. Let's wait and see the good play."

"I don't believe it..."

Zhao Yang words did not finish, found that the forum more than a post.

The content of the post is as follows: since I was 15 years old, I have played with my sister-in-law and my neighbor ah Hua one after another. I have grown ten women's stomachs. Even I have tried female dogs

The key is that this post was sent by Zhao Yang.

CHAPTER 192:

After reading this post, Zhao Yang's whole person was dumbfounded.

I didn't expect that someone sent such a disgusting and obscene post with his large size. He was even inferior to a male dog.

Quickly, he looked up at Wu Tian and said, "boy, did you make a ghost?"

"It's called tit for tat." The corners of Wu Tian's mouth rose, and the smile on his face was so brilliant.

"Wu Tian, you are so mean."

"To deal with such a shameless person as you, you can only use some despicable means."

"You, you, you..." Zhao Yangqi couldn't say a word for a long time.

Originally, he wanted to belittle Wu Tian in this way and make him a laughing stock on the campus of the University of technology.

But as a result, I don't know what means the boy used. He even sent a post with his big size, humiliating him from head to toe.

Paralyzed, it is impossible to belittle the boy. Instead, he makes himself a laughing stock, which makes him angry.

"Oh, look, it's cruel to scold you!" Wu Tian quickly swipes his mobile phone to read the message in the comment area.

There are all kinds of scolding in the comment area.

Some people call Zhao Yang animal scum, some call Zhao Yang worse than animals, and others call Zhao Yang abnormal, even a female dog.

After reading these comments, Zhao Yangqi's seven orifices were bleeding.

He rushed to log in his own large, ready to delete the post, but found that how can not be deleted.

Looking at the forum abuse is still continuing, Zhao Yang is almost want to cry without tears, looked up to Wu Tian, "what did you do to my number?"

"You don't understand what you said. You'd better accept the abuse." Wu Tian said this and couldn't help laughing.

Sun Xiaohao and Jiang Wan are also amused by this. They can't help but give a thumbs up to Wu Tian, praising Wu Tian's ability, so easy to pull back a game.

Originally, he just scolded Zhao Yang in the forum, which didn't seem to relieve his anger. Soon, some people attacked Zhao Yang with words.

For a while, Zhao Yang became a scum in everyone's eyes and was ostracized and despised by the whole class.

This time, Zhao Yang was discredited and disgraced.

This incident in the school caused a bad impact, spoiled the atmosphere of the campus network, and finally shocked the teachers.

The teacher severely criticized Zhao Yang and even asked him to review himself in front of the whole class.

Zhao Yang wanted to explain, but he didn't know how to explain.

The number in the forum is his, the number has not been stolen, but sent those obscene content.

He knew that Wu Tian was behind him, but he didn't have any evidence at all. He couldn't explain this matter clearly. He could only admit that he was unlucky.

Zhao Yang could only swallow this evil spirit secretly, but he was cruel in his heart. Sooner or later, he would teach Wu Tian a lesson.

With the passage of time, the post event was gradually forgotten by everyone, and the campus network forum soon returned to its former calm.

During this time, Wu did not go anywhere. He stayed at school and had a serious class. He had a drink with sun Xiaohao and Jiang Wan and talked about his sister.

Mr. Mu is very satisfied with Wu Tian's performance during this period, praising him from time to time, and even boasting that his classmates learn from him.

That afternoon, Wu Tian received a call from Liu Jun.

"Uncle Liu, long time no see. How are you Connect the phone, Wu Tian is smiling concern way.

"Good, good." At the other end of the phone, Liu Jun chuckled, pretending to be angry and complained: "I know I haven't seen you for a long time, and you don't give me a call."

"I'm afraid uncle Liu is too busy to disturb him."

"Your mouth is getting sweeter and sweeter."

"Where and where." With a smile, Wu Tian tried to suggest, "otherwise we'll come out for a drink in the evening?"

"No, I'm going to a party in the evening."

"All right."

"By the way, or you will go with me." Liu Jun had a whim and suddenly made a decision: "just in time, I'll take you to meet some friends in the market, which will facilitate your future development."

"This..."

Wu Tian also wanted to find an excuse to refuse. Before he finished speaking, he was interrupted by Liu Jun: "OK, I'll wait for you in celebrity Washington. Come here quickly."

After that, the phone was hung up.

Wu Tian shook his head with a wry smile, put away his mobile phone, turned his head and looked around. After confirming that Mr. Mu was not there, he sneaked out of the classroom.

Just out of the classroom, saw Mu ran holding the teaching plan outside the classroom, beautiful eyes cold staring at him.

I didn't expect this scene to be repeated again. Last time, she slipped out of the classroom and

was caught by Mr. mu. I didn't expect that this time it was still so coincidental.

"Mu Mr. mu... "

Wu Tian grabs his head awkwardly and quickly turns his eyes, trying to find some excuse to muddle through.

"Don't tell me you're going to the bathroom." Muran approached two steps, expressionless.

"I don't go to the bathroom. I'm going to a party." Since he can't cheat Mr. mu, Wu Tian tells the truth. "Then you go." I didn't expect that Mr. Mu changed his previous attitude, since he promised to let Wu Tian go to the party.

"Ah?"

Wu Tian opened his mouth unexpectedly. He didn't expect Mr. Mu to talk so well today.

Still feeling uneasy, he tried to ask, "does Mr. Mu really agree to let me go to the party?"

"For your good performance recently, I'll give you a half day off. Go back quickly."

"Thank you, Mr. mu." After thanking Wu Tian, he quickly left, took a few steps and suddenly turned around: "Mr. mu, you are so beautiful today."

Leaving this, he trotted out of the teaching building.

“.....”

Muran is as silly as petrification. When she hears Wu's praise, she blushes and beats, even with a trace of sweetness in her heart.

He rubbed his face and walked into the classroom.

Wu Tian came to Washington by car.

This is a well-known Apartment Hotel in Dongcheng District, where most rich people hold banquets or business parties.

From the outside, this is no different from the ordinary villa, but the interior decoration is very distinctive, the floor and walls are composed of bionic murals.

At this time, there are not many guests in the hotel hall. It may be that it is still early, and the guests attending the party may still be on the way.

Wu Tian searched around and quickly found Liu Jun in the hall. He was chatting and laughing with some friends.

"Uncle Liu."

Wu Tian went over and said hello to Liu Jun politely.

"Xiao Tian, you are here. Let me introduce you." Liu Jun grinned and pointed to the friends and said, "this is Mr. Zhou, Mr. Yang of Daguang group, and Mr. hou..."

"Good president Zhou, good president Yang..."

Wu Tian quickly bowed to the generals.

Although I don't know what the other party came from, since they are friends of uncle Liu, they can't be ignored.

The several bosses are proud of their heads, a look of love and ignore, they obviously look down on Wu Tian, this stupid boy.

In particular, general manager Yang of Daguang group directly mocked: "Mr. Liu, how did you bring this kind of hairy boy? Isn't it a shame to you?"

CHAPTER 193:

"Don't worry. I'll introduce you first." Seeing that several friends had such an attitude towards Wu Tian, Liu Jun was also uncomfortable. He pointed to Wu Tian and solemnly introduced: "his name is Wu Tian. He is the owner of Fuyuan restaurant and Huiyue restaurant."

"Oh, I didn't see. I opened two big restaurants when I was young." On hearing this, several bosses changed their attitude towards Wu Tian.

"Not yet."

Liu Jun interrupted several bosses, pointing to Wu Tian and continuing to introduce: "he is also the boss of seafood TV, and also the boss of Tianmu technology. The God of war and Zhouzhou hand tour were developed by Wu Tian."

"Wow, that's great." A few chief executives listen to this, can't help but utter exclamation.

They are also small owners in the real estate industry. It is hard to be surprised to hear that there are so many companies under Wu Tian.

Those so-called bosses are no longer embarrassed to laugh at Wu Tian, and their facial expressions are somewhat embarrassed.

I thought he was just a poor loser, but I didn't expect that he would develop in both the catering industry and the technology industry.

Several bosses changed their attitude and took the initiative to shake hands with Wu Tian, and took out their business cards to show their friendship.

Wu Tian took the business card and exchanged greetings with several generals. Then he followed Liu Jun to the opposite sofa.

"Uncle Liu, how do you remember to bring me to such a party?" Wu Tian didn't say that. In fact, he was a little disgusted with this kind of banquet.

Liu Jun shook his sleeve and said with a smile, "I want you to know more about the big guys in the circle."

"Thank you for your kindness."

"It was a small accident. Don't mind."

"It's OK."

"Come on, drink." Liu Jun took down two glasses of wine and handed one of them to Wu Tian, "I'd like to toast you."

"I don't dare. I should respect Liu Shucai."

After they clinked their glasses, they drank each other.

After drinking the wine, Liu Jun changed into a serious expression, "Xiaotian, the plan you came up with before is really perfect. The value of our emerald garden and surrounding land has increased several times."

"Have you bought all the land around the jadeite garden?"

"Yes, it's all done, and it costs very little. We're negotiating the acquisition of the plant right now."

"Well done." Wu Tian raises his glass again and touches Liu Jun's glass. They continue to drink and chat.

Liu Jun had a detailed talk with Wu Tian about the recent situation of the jadeite garden and discussed how to develop the emerald garden in the future. The two exchanged views.

After chatting, Wu Tian went to the bathroom.

When he passed the elevator door, he saw a familiar figure, which was Professor Tao, a famous professor of Finance and economic management in Jiangnan.

At this time, Professor Tao walked to the elevator and was preparing to take the elevator upstairs.

"Hello, Professor Tao!" Wu Tian rushed to meet him and bowed to say hello, showing great respect.

He has always admired Professor Tao. He had seen Professor Tao's speech in Luzhou University before, which benefited him a lot.

"You are..."

Professor Tao looked back at Wu Tian. He was stunned for three seconds, and suddenly he was bright: "are you Wu Tian?"

"Professor Tao, how can you remember me?" Wu Tian was surprised that Professor Tao could name him.

"Before I gave a lecture at Lu University, you gave a speech on stage. That speech was really wonderful. I was very impressed by you." Seeing Wu Tian, Professor Tao was even a little excited. He took Wu Tian's arm and said, "I've been looking for a chance to talk to you. I didn't expect to see you here today."

"Thanks for Professor Tao's love. I'm flattered."

"Come on, come with me, and I'll have a good chat with you." Professor Tao couldn't help but say that he took Wu Tian's arm into the elevator.

Wu Tian could not get the chance to communicate with Professor Tao alone, so he went upstairs with Professor Tao.

When I came to a luxury suite on the third floor, I found that there was still a 60 year old man with a curtain hanging in it.

The old man is like a bottle of sculpture, sitting in front of the sofa with crutches in hand. His whole body erupts with astonishing domineering power.

"Here, let me introduce you." Professor Tao took Wu Tian to the old man, pointed to the old man and said, "this is my friend sun Tianshou."

"It's Mr. Sun. I've heard a lot about you." Wu Tian went over and bowed slightly to show his respect.

Sun Tianshou is a famous real estate tycoon in Luzhou business circle, and many landmark buildings are developed by him.

Mr. Sun is not only a real estate developer, but also a famous philanthropist in Luzhou. He has made great contributions to the charity of Luzhou.

"I'd like to introduce you, old sun." Professor Tao pointed to Wu Tian and introduced sun Tianshou: "this little brother's name is Wu Tian. He has a deep understanding of Finance and economic management, and his speech skills are excellent."

"It must be great to be recognized by Professor Tao." Sun Tianshou said this, pointing to the opposite position of Wu Tiandao: "little brother, come and sit down."

"Thank you, Professor Tao. Thank you, Mr. Sun." After thanking him, Wu Tian sat down in the opposite position.

"Little brother, can you play chess?" "A little bit."

"Well, let's play two games." Sun Tianshou said this and directly moved the chessboard out of his bedroom.

Professor Tao next to him was very reluctant and said, "I'm looking for Xiao Wu to discuss the knowledge of finance. What are you doing for fun?"

"Play chess first and wait until you've finished." Sun Tianshou did not care so much. He had already set up the chess game.

"All right."

Professor Tao didn't say much, so he had to say to Wu Tiandao: "Xiao Wu, you'll accompany old

sun to kill a few games."

"Yes

With a smile, Wu Tian went to the front of the chessboard and sat down. He said politely, "Mr. Sun, please come first."

"I'm not welcome." Sun Tianshou holds his son first.

After one step, Wu Tian followed.

Two people you come and I go, at the beginning of the bite is very tight, the opening game is different.

In the middle and late period, sun Tianshou's falling was obviously slow, and he had to meditate for half a minute before going chess.

Wu Tian is always very fluent in his chess moves. He seems to have figured out his way of chess, and every step is very crisp and neat.

"I lost!"

In the end, sun Tianshou had to take the initiative to admit defeat. He couldn't help but give up his thumb to Wu Tian. "You are really good. Your chess skills are superb. I admire you."

"Mr. Sun accepted." Wu Tianke said.

Comparatively speaking, sun Tianshou's chess playing is quite old-fashioned, with many flaws, which are easy to be broken.

"Young people are really amazing." Professor Tao watched with relish and couldn't help but propose: "Xiao Wu, I can compare with you."

Looking at the young man's superb chess skills, he is also a chess lover. He can't help but feel itchy.

"Professor Tao, please give me more advice." Wu Tian stretched out his hand and made a gesture of invitation. In front of the two elders, he must show modesty and prudence.

"Come on, this time you go first." Professor Tao took out the demeanor of an old general and pointed to the chess game and said.

"I'm not welcome." Wu Tian did not refuse. Since Professor Tao had spoken, he would stick to his son first.

Professor Tao didn't show weakness, he followed suit.

The speed of the two men's falling is very fast. It seems that they have already thought of the way of chess in their hearts, and the holding pieces will fall.

CHAPTER 194:

The atmosphere in the room was extremely tense, and the speed of two people's settling down was faster and faster, and the more they went to the back, the more wonderful they were.

Sun Tianshou didn't blink his eyes. The game between them was so wonderful that he felt very nervous as an outsider.

"Pa!"

Wu Tian dropped the last piece and looked up at Professor Tao with a smile: "we're tied."

"Good boy, you are really a master." Professor Tao was relieved and tried his best to draw with the boy.

It can be seen that the boy deliberately gave in twice, otherwise he would have lost the game.

"I don't deserve it." Wu Tian grabs his head awkwardly. He is flattered by two big men.

"There's nothing wrong with it." Next to sun Tianshou can't help but fork in: "in chess, you boy is really better than the two of us."

"Hey, hey

With all these words mentioned, Wu Tian was too lazy to be modest, and even more modest, he seemed hypocritical.

"Good boy, I'll make a friend of you." Sun Tianshou opened a bottle of red wine, poured three

cups, and said to Wu Tian, "good boy, let's have a drink."

"Two elders, I respect you." Wu Tian quickly held up his glass and toasted the two elders.

It's a pleasure to have a drink with these two big men.

After drinking the wine, sun Tianshou said with a smile, "good boy, I'll play chess with us two old guys some other day."

"As long as the two elders don't dislike it, of course I will."

"Don't be so polite when you talk to us in the future."

"Yes, yes, yes."

"Well, I have a party to deal with. Don't you want to exchange knowledge about finance and economics and management? You can have a good chat. I'll go first." Sun Tianshou said this, and then with a smile to leave.

Wu Tianzheng is about to ask Professor Tao for financial knowledge, but the phone rings in his pocket.

It was Liu Jun who called.

Sorry, I just forgot uncle Liu who was waiting downstairs.

Professor Tao seemed to see the pain in Wu Tian's heart and suggested with a smile: "Xiao Wu, you go to work first. Let's make an appointment for another day to exchange information."

"Professor Tao, actually I am..."

Wu Tian didn't want to miss such a good opportunity, but before he finished speaking, he was interrupted by Professor Tao: "here is my business card. Take it first. Let's have a good exchange some other time."

"Well, then I won't disturb you." Speaking of this, Wu Tian had to pack up his business card and leave.

"Go, I'll see you off." Professor Tao got up to see him off.

"I don't deserve it. Please come back."

"It's OK." Professor Tao sent Wu Tian to the door all the time. He held his arm and said, "Xiao Wu, you are a good young man. You are excellent in all aspects. You should work hard and have an unlimited future."

"Professor Tao, thank you for your teaching. I will work hard."

"That's good."

"Goodbye, Professor Tao." After saying goodbye, Wu turned and left.

Today I feel like a dream. I didn't expect to meet Professor Tao here and meet sun Tianshou, a real estate tycoon.

I didn't expect to play chess with these two tycoons.

When he got back to the first floor hall, he found that there were more and more guests in the hall. Now it became very lively.

Wu Tian soon found Liu Jun in the hall and walked quickly, "uncle Liu, are you looking for me?"

"Stinky boy, where have you been? I don't answer the phone." Liu Jun pretended to be angry and yelled, "did you run to pick up girls with me on my back?"

"No, I'm..."

"Well, a real estate tycoon will come here later. This is a good opportunity to meet the big guy. Don't run around." Liu Jun looked down at the time and ordered Wu Tian.

"I see."

"The real estate tycoon who will come later is sun Tianshou, a famous philanthropist in Luzhou business circle."

"Uncle Liu, actually I am..." Wu Tian wanted to tell uncle Liu that he had played chess with sun Tianshou in the suite upstairs.

But before he finished speaking, he was interrupted by a middle-aged man who came over:
"Lao Liu, I didn't expect you to be here."

The tone of the middle-aged man is frivolous and insolent, and there are several young men and women around him.

"Tan Yiming?" Seeing the middle-aged man, Liu Jun's eyes were slightly hostile and wary.

People with a clear eye know that Liu Jun has a bad relationship with the man named Tan Yiming, and their eyes are full of hostility when they look at each other.

"Oh, this is your little Valet Tan Yiming put his eyes on Wu Tian and said with a deliberate laugh:
"Lao Liu, you are getting worse and worse now. Even your friends are such rubbish bags."

"Who do you think will advise you?" Some of Liu Jun's protectors are eager to stare at Tan Yiming.

If it wasn't for losing his identity on such an occasion, I'm afraid he would have slapped him in the face and taught this guy how to behave."The boy around you is not just a counsellor, and he doesn't know how to get in." Tan Yiming pointed to Wu Tian's chest, and then pointed to several people behind him, "look at my friends. They are either executives or bosses. At worst, they are civil servants. They are many times stronger than the boy around you."

With these words, all the people behind him began to yell.

"You..."

Liu Jun was so angry that he couldn't say a word.

"Suck!"

Next to him, Wu Tian sucked his nose, and then fanned his nose with his hands. He complained, "who is spraying manure here? It's so smelly."

"Boy, who are you calling a mouthful of shit?" Hearing this, Tan Yiming immediately became angry, and his eyes rolled round.

"I'm not scolding you. I'm scolding a dog that barks."

"Dare you call me a dog?"

"Boss Tan, don't get me wrong. I didn't call you a dog."

"That's about it." Tan Yiming shook his collar.

Before his anger dissipated, Wu Tian added: "boss Tan is not a dog. I think boss Tan is not even as good as a dog."

"Poof..."

As soon as this word comes out, those people behind Tan Yiming are amused and laugh.

Of course, Liu Jun is the happiest one to laugh at. Seeing Tan Yiming eating shriveled, he is especially relieved.

I have to admire Wu Tian. I didn't expect that this boy has a good way of doing harm to others.

"Laugh a fart!" Tan Yiming turned his head and glared at the men and women behind him, and said impatiently, "have you laughed enough?"

It's just ridiculed by the opponent. I didn't expect that these so-called friends around me also laughed at me. It's unreasonable.

After the roar, those friends behind him were scared to suppress the smile.

Tan Yiming slowly approached Wu Tian and asked with anger, "boy, how dare you call me a dog?"

"Is boss Tan better than a dog?" Wu Tian did not answer rhetorical questions.

"Nonsense, of course I'm better than a dog. I'm..."

Tan Yiming didn't finish speaking, and the people behind him couldn't help laughing again.

Tan Yiming then responded, pointing to Wu Tian's nose and scolding: "little son of a bitch, you

dare to set me up."

CHAPTER 195:

"You stupid pig, you want to fight with me, bah!" Wu TianChao spat hard on the ground, his eyes full of disgust and disgust.

"You..."

Tan Yiming's body trembles, and the corners of his mouth are straight.

Gnashing one's teeth for a long time, finally came out a sentence: "silly boy, do you know who I am?"

"I don't know who you are, I just know you're better than a dog." Wu Tian raised his head and laughed.

The onlookers originally stopped smiling. Wu Tian laughed so much that they couldn't help laughing.

"I tell you, I am the chairman of Yiming group." Tan Yiming raised his head and threatened coldly.

"What does it have to do with me?"

"I want to tell you that it's easier to kill you than to step on ants if you offend me."

"I'm not scared."

"You..." Tan Yiming is speechless.

He was not the boy's opponent, so he had to point the spear at Liu Jun, "surnamed Liu, you can see what people are around you. You are just a scoundrel."

"Better than you, with a bunch of mad dogs biting people." Liu Jun did not show his weakness.

"You..." Tan Yiming also wanted to scold him back. He changed his mind and tried to hold back the anger in his heart. He sneered and said, "hum, what skill is it to play with your mouth?"

"What? You want to fight with me

"It's tacky for people of our standing to fight." Tan Yiming shook his suit and changed to a gentleman's face. "Don't you think it's corrupt, why don't we gamble on this party tonight?"

"How do you want to bet?"

"tonight's banquet, the protagonist is Sun Tianshou's older generation, I heard he has a new world in his hands, if we get this project tonight, we will win."

"Well, I'll bet you." Liu Jun should make this bet without showing weakness.

has been preparing for the new world project for more than half a month and is confident enough to win the project tonight.

"That's good." Tan Yiming mouth up, secretly proud way: "tonight let you know my strength."

also prepared for Xintiandi's project.

Before attending the banquet, he spent a lot of money to get through the relationship in advance, waiting for Mr. Sun to announce the result at last.

"Don't be happy too early. Let's see who can laugh last." Liu Jun pulled the button on the collar, a pair of eager to show.

"Since it's a gamble, we should make a bet." Tan Yiming smiled with cold smile and suggested: "if anyone loses, he will bark at three calls and always quit the new world project. Do you dare?"

"Of course Naturally, Liu Jun will not shrink back.

To tell you the truth, Tan Yiming has long been an eyesore.

This old guy is always against him in everything. He always wants to bring him down. He has been fed up with him for a long time.

Just take advantage of this gambling to teach the old man a lesson and kill him. After watching Tan Yiming, he still dares to be so arrogant.

"You're going to lose this time." Tan Yiming chuckles confidently, and the expression on her face does not mention how disgusting.

The onlookers are also looking at a good play. No matter who wins or loses this time, it will be a wonderful show.

We all wait and see who the two real estate owners will learn to bark in public.

Just then, the hall was boiling.

Everyone looked at the door of the banquet hall and saw a 60 year old man walking inside with a crutch.

This is the main character of the banquet.

Although he was more than 60 years old, he was very strong, old and domineering, holding crutches was just a show.

As soon as he appeared, the whole hall became very lively. All the guests gathered around him and took the opportunity to please sun Tianshou.

Sun Tianshou is not only a real estate tycoon in Luzhou, but also a famous philanthropist. He has a high status in everyone's mind.

But Mr. Sun's character is eccentric. He seldom attends this kind of business party. This time, it's just a whim.

That's why we want to take advantage of this opportunity to curry favor with old Mr. Sun and miss this opportunity. It's not so easy to see Mr. Sun again in the future.

As soon as he saw sun Tianshou, Liu Jun rushed into the crowd to seize the opportunity. He bowed to the old man with a smile and said, "Mr. Sun, I've heard a lot about you. I'm glad to meet you."

"Well!"

Sun Tianshou nodded slightly, showing some coldness and arrogance.

Maybe I've been in business for too long, and there are so many people fawning on me that I can see everyone so calm.

"I'm Liu Jun, Liu's group." Liu Jun smiled with his right hand and said, "before I talked with your company about the new world project, I want to..."

"I'll talk about that later." Sun Tianshou waved his hand impatiently and left Liu Jun to go ahead.

Liu Jun like a fool like standing in place, did not expect to be so ignored by the old man.

He was a figure in the real estate industry at least. Unexpectedly, the old man didn't give him a chance to speak. He just hung him aside, which was very embarrassing. Tan Yiming walked over and couldn't help laughing: "Lao Liu, you are still a character. I didn't expect that in Mr. Sun's eyes, even a fart is not."

"You..." Liu Jun Qi's body trembles, but Tan Yiming has no way.

In the face of ridicule, he didn't know how to respond.

To tell you the truth, even he did not expect that he would be ignored by Mr. Sun in public and ignored as the air.

"You are so weak. Let me show you my strength." Tan Yiming finished saying this and quickly chased sun Tianshou.

Soon, he crowded into the crowd to catch up with sun Tianshou. He bent down and bowed 90 degrees. He said respectfully, "Mr. Sun, I am Yiming group..."

"Get out of the way." Sun Shou's words were impatient.

Tan Yiming is as petrified as frozen in place, but he didn't expect that the old man had the same attitude towards him.

No, he has already sent someone to Mr. Sun's company to take care of it. According to law, this will not happen.

After the slight Leng, Tan Yiming bravely went up again and said, "old man, my name is Tan Yiming..."

"No matter who you are, get out of my way." Sun Tianshou's old face sank and yelled impatiently.

"Yes, sir." Tan Yiming had an idea and found a valuable Linglong inkstone from his pocket. "This is a little token of my respect for you. Please accept it."

"Don't follow me like this, put away your things, and don't make a fool of yourself here." Sun Tianshou shook his sleeve and walked towards the opposite side in great anger.

"I..."

Tan Yiming stands in place like a fool.

He did not expect sun Tianshou not only did not give him face, but also embarrassed him in public.

originally thought about pleasing Mr. Sun, and he was very relaxed to get the cooperation of Xintiandi. Beyond all expectations, the development of the event was unexpected.

As in the legend, Mr. Sun is indeed a strange man. It is impossible to flatter him with ordinary methods.

Just as he was standing in the crowd, Wu Tian came over and couldn't help joking, "aren't you cheating? Why are you counseling so quickly?"

CHAPTER 196:

"I..."

Tan Yiming didn't know how to respond. After holding back for a long time, she couldn't help but provocation: "you are a hairy boy. What qualifications do you have to laugh at me?"

"Although I am younger than you, I am not necessarily inferior to you." Wu Tian's tone seems calm, but with a faint confidence and domineering.

"Shao te, if you have the ability, you can talk to Mr. Sun for a while."

"Mr. Sun must be happy to talk to me."

"Pooh!" Tan Yiming spat on the ground and said coldly: "you boy really don't know the height of the earth. I guess Mr. Sun will not even look at you."

"Then you'll see." Wu Tian said this and quickly walked towards sun Tianshou in the crowd.

"Well, I'm going to see how embarrassing you are." Tan Yiming secretly scolded, a pair of waiting to see a good play.

Like Wu Tian, such a hairy boy, has no status and status. Mr. Sun will certainly not even look at him.

"Hello, Xiaotian..."

Liu Jun didn't want to let Wu Tian go to shame.

Originally wanted to stop, but still a step late, had to watch Wu Tian crowd into the crowd.

Under the gaze of the crowd, Wu Tian ran straight into the crowd and walked quickly to say hello to sun Tianshou: "Mr. Sun, we have met again."

"Oh, it's your boy." Sun Tianshou changed his attitude and took the initiative to hold Wu Tian's arm. He kindly said, "I didn't expect you to join the party here. We are really predestined!"

Seeing this scene, all the guests were dumbfounded.

I didn't expect that the young boy had such a friendly relationship with Mr. Sun. It was embarrassing.

At the scene, the guests couldn't help but talk. They were all guessing what Wu Tian was. How could sun Tianshou greet him with a low posture and a smile!

Even Liu Jun could not help but be surprised.

Seeing Wu Tian talking and laughing with sun Tianshou, he was totally dumbfounded.

It's really unexpected that Wu Tian would know a famous real estate tycoon, and he didn't expect that they were still so close.

I didn't see it before. Wu Tian, a boy with strong social skills, even such a big man can get on well with him.

At the same time, he couldn't help but feel happy. It was good news for him that Xiaotian could climb up to such a corrupt real estate boss.

We can get to know Mr. Sun through a small day, and then we can undertake various large projects, which is very beneficial to the company.

The most shocking scene was Tan Yiming.

He may have never dreamed that the silly boy named Wu Tian really has a relationship with sun Tianshou.

And it seems that the relationship between them is very different.

I really don't understand how such a silly boy dressed in shabby and plain clothes can climb up to such a big man as sun Tianshou.

He and Liu Jun, the two real estate owners, were ignored by Mr. Sun, but in the end, Wu Tian, such a nobody, instead attached himself to the old man.

The result was very unbalanced in his mind.

But he could only accept the fact.

Under the gaze of the public, Wu Tian chatted with sun Tianshou in public.

The content of the two people's chat is all about chess.

After chatting for a few words, sun Tianshou couldn't help but ask: "Xiao Wu, how do you think of participating in such a banquet in the real estate industry?"

"I came with my friends." Wu Tian thought of uncle Liu and hurriedly walked over and retreated Liu Jun to the old man. "Liu Jun, my friend, is also engaged in real estate."

"Hello, boss Liu."

As soon as he heard that it was Wu Tian's friend, sun Tianshou immediately became enthusiastic and took the initiative to say hello to him.

Liu Jun, somewhat flattered, took sun Tianshou's arm and said with a smile, "it's my pleasure to know Mr. Sun."

"Since you are Wu Tian's friend, you are my friend. You are welcome." Sun Tianshou waved his hand and said with a smile.

"Thank you, Mr. Sun." Liu Jun repeatedly thanks.

This time, thanks to Wu Tian's help, he was able to keep up with Mr. Sun. This is a huge fortune.

"If there's anything I can do for you, just ask." Sun Tianshou pinched the crutch in his hand and said with a smile.

"I have something to ask for."

"Come on."

"our company wants to undertake the outsourcing project of your company's Xintiandi..."

"Good to say." Sun Tianshou waved with a big hand and then told his entourage behind him:
"go to your contract, and now give the new world project to Liu boss."

"Thank you very much, Mr. Sun." Liu Jun was overjoyed and bowed repeatedly to thank him.

he didn't expect the old man to agree to Xintiandi's contract so easily.

Of course, all this is thanks to Wu Tian. Obviously, Mr. Sun is selling Xiaotian's face.

"Anything else?" Sun Tianshou asked with a smile.

"No more." "If you have something to tell Xiao Wu, let him come to me." Sun Tianshou said this, turned his head and set his eyes on Wu Tian. "Boy, I'll go to the back to see some guests. You'll

be friendly and fun to accompany friends."

"Slow down, old man!" Wu Tian was ready to reach out to help sun Tianshou, but he refused: "you play with you. Don't worry about me. I'll find you another day."

With these words, he walked away with a cane in his hand.

Until sun Tianshou walked away, Liu Jun could not help but feel the excitement, "good boy, you can really do, even this kind of real estate magnate can climb up."

"It was an accident." Wu Tian didn't want to go and attach Mr. Sun, but somehow he did.

"Xiao Tian, tell me quickly. How do you know Mr. Sun?"

"It's a coincidence that I met Mr. Sun through Professor Tao." Wu Tian told the story briefly.

After listening to the process, Liu Jun appeared more shocked: "good boy, I didn't expect you even know Professor Tao."

"I met Professor Tao once before, perhaps because I performed well. Professor Tao was very impressed with me."

"Not bad." Liu Jun stretched out his thumb and couldn't help boasting: "your social skills are too strong now. You are even better than me."

"Uncle Liu flatters me. How can I compare with you? After all, you are a veteran."

"Or do you praise me

"Praise you, of course."

"You son of a bitch." Liu Jun smiles bitterly and shakes his head. He just sees sun Tianshou's secretary coming with the contract.

Liu Jun quickly took over the contract and found that it was the project contract of Xintiandi, and Mr. Sun had signed it.

After getting the contract, Liu Jun was very happy. After all, it was a big project with several hundred million yuan.

More importantly, to get this contract is to win Tan Yiming in this game.

"Boss Tan, you lost." Liu Jun put the contract in front of Tan Yiming and said with a smile, "if you want to gamble and admit defeat, what else do you have to say?"

"I have nothing to say." So far, Tan Yiming has nothing to say and can only admit defeat.

At first, he thought Wu Tian was a waste package, but in the end, he helped Liu Jun get hundreds of millions of large projects.

"According to the agreement, should you learn to bark now?" Liu Jun reminds Tan Yiming with a winner's attitude.

CHAPTER 197:

"I..."

Tan Yiming bit his teeth, the smile on his face was extremely embarrassed: "boss Liu, before it was just a joke, you must not take it seriously."

He is the boss of Yiming group. He is in a high position. How can he learn to bark in front of them.

"So you're trying to cheat?" Liu Jun's face became ugly.

"What are you doing?"

"Before, we were gambling. The losers barked like dogs..."

"Right? Bet on what? When did I gamble with you? " Tan Yiming simply refused to admit his debt.

Anyway, there is no evidence. The other party has no way to take him.

"You..."

Liu Jun's old face turned black and scorned: "I've never seen such a rogue like you. It's just a shameless thing."

"Liu Jun, you are still a little tender to fight with me." Tan Yiming shakes his suit and looks up with pride.

"You..."

Liu Jun also wanted to curse a few words, but was stopped by Wu Tian: "uncle Liu, don't be angry. I've long guessed that Tan Yiming will cheat. I recorded the conversation between you on gambling with my mobile phone."

With that, he took the cell phone out of his pocket.

"Great." On hearing that Wu Tian had a recording on his hand, Liu Jun was very happy, pointing to tan Yiming's nose and threatening to say, "today I'll ruin your reputation."

"Who are you scaring?"

"I don't believe this boy has a recording in his hand."

In fact, he didn't have the recording.

"It doesn't matter if you believe it or not. I'll just ask everyone to stop." Wu Tian said this, raised his mobile phone and yelled to the guests, "I have a big recording of Tan Yiming in my hand. Do you want to listen to it?"

"Yes

As soon as I heard that someone wanted to disclose the gossip news in the circle, many people gathered around to make fun of it.

"Since you want to hear it so much, let it out for everyone to hear it." Wu Tian said this and unlocked the phone in public.

Tan Yiming's nervous forehead is sweating. It doesn't seem like a joke.

If that recording was broadcast, he would be completely discredited and a fatal blow to the company.

At the critical moment, Tan Yiming rushed to stop him: "wait a minute."

"Boss Tan, is there anything else?" Wu Tian shakes his mobile phone and looks at Tan Yiming with a smile.

"I Recognize the planting. " Tan Yiming was unwilling to bite his teeth and whispered, "I'm willing to admit defeat. Let's find a place where there is no one. I will fulfill my promise."

"It would be nice if boss Tan had been so good." Wu Tian chuckled and put away his mobile phone. He said to the guests, "please don't be impatient. I'll let you know."

With these words, he took the lead to walk out of the crowd.

Liu Jun and Tan Yiming followed.

Leaving the guests aside, the three went to a more remote sanitary napkin.

Wu Tian turned to look at Tan Yiming and urged: "boss Tan, since you have lost, let's learn to bark like a dog!"

"When I finish barking, you'll delete the recording." Tan Yiming has not forgotten to put forward this condition.

"I don't mind. Let's go."

"Good!" Tan Yiming looks around and makes sure that there is no one around. Then he runs to lock the door of the bathroom. Then he lowers his voice and barks three times.

No way. He has no choice now. If he doesn't learn to bark now, the recording will be exposed and he will lose face in public.

It is better to lose face only in front of Liu Jun and Wu Tian.

After all, he is not the only one to lose his face in public. I'm afraid his company will also be damaged, and his employees will laugh off his teeth.

"Ha ha ha..."

As soon as Tan Yiming finished learning dog barking, Liu Jun couldn't help laughing.

After laughing, he couldn't help but stretch out his thumb and boast: "Tan Yiming, you are really like a dog barking."

"Lao Liu, you..." Tan Yiming's face is green and has never been so disgraced in front of Liu Jun.

Wu didn't expect to lose face every time.

Biting his teeth, he said to Wu Tian, "I have fulfilled my promise. Should I delete the recording now?"

"Sorry, I'm deaf. I didn't hear you." Wu Tian pretended to be stupid and blunt, and deliberately tricky.

"You..." Tan Yiming is so angry that he wants to beat this boy into meat pie to relieve his hatred.

"Boss Tan, speak louder and learn to bark a few more times."

"Boy, you are cruel." Tan Yiming stares at Wu Tian fiercely and has to learn to bark three times.

At present, we have to delete the recording. If we let that recording go out, it would be a disaster.

"Poof, hahaha..."

Hearing the barking of the dog, Liu Jun and Wu Tian laughed at the same time. With this smile, Tan Yiming's old face stinks more than dog poop.

After holding on for a long time, he tried to resist his anger and urged Wu Tian: "I have learned how to bark. Please delete the recording."

"What recording?" Wu Tian asked with a puzzled face.

"Don't bullshit me. It's the previous recording. Please delete it."

"There was no recording." Wu Tian shook his mobile phone and said with a smile, "I didn't take out my mobile phone before. There was no recording."

"You..."

Tan Yiming this reaction comes over, jump to stare at Wu Tian, "bastard son of a bitch, you dare to play me."

"You're so stupid. You don't have to play with anyone."

"Son of a bitch, I'll fight with you." Tan Yiming, like a mad dog, pounced on Wu Tian and was ready to scratch.

The boss of his group was fooled like a monkey by a hairy boy. You can imagine his anger in his heart.

"Wait a minute. Don't rush in." Wu Tian raised his mobile phone again and threatened, "there was no recording before, but I recorded the sound you learned from barking just now."

"You little boy, you lied to me." Tan Yiming has been played once before. This time, he will not believe Wu Tian's lies again.

"I didn't cheat you this time. I really have a recording of you learning dog barking. I don't believe you listen." Wu Tian said this and directly opened the recording.

In the recording, there was Tan Yiming singing like a dog barking.

After listening to this recording, Tan Yiming almost didn't vomit blood. "You, you, you What the hell do you want? "

I was played like a monkey by this boy before. I didn't expect that this time there was a recording of him learning dog barking.

The boy's routine is too deep for him to guard against.

"I don't know if anyone will buy this recording." Wu Tian shook his mobile phone and asked with a smile.

"I'll buy it!"

Next to him, Liu Jun couldn't help but reply: "Xiaotian, I'll pay a million yuan to buy that recording in your hand."

If you can buy the recording of Tan Yiming learning dog barking, it will become his fatal handle and completely control Tan Yiming.

"I'll give you two million." Naturally, Tan Yiming can't let Liu Jun take control of the recording and directly increase the price to buy that recording.

"Three million." Liu Jun continued to increase the price.

"Four million." Tan Yiming shows no weakness.

CHAPTER 198:

"Five million."

"Six million."

"Seven million..."

In this way, Tan Yiming and Liu Jun bid in the bathroom to buy the recording of dog barking.

In the end, they raised the price to 10 million.

"Ten million." Tan Yiming a ruthless, gritted his teeth to raise the price to 10 million, just to prevent the video of learning dog barking from falling into Liu Jun's hands.

"Deal

When the other side called out 10 million, Wu Tian's mouth smile, decisively called out the transaction of two words.

"Boy, a recording, you even want to pit me 10 million, you are really mean." Although Tan Yiming won in the end, he still felt unwilling.

Ten million yuan is not much for him, but it's not a small amount. It's really uncomfortable to give Wu Tian such a white gift.

"Boss Tan, if you don't want to buy it, I don't want it." Wu Tian said this and turned to leave.

Scared Tan Yiming hastily reached out to stop: "good, I buy, again expensive I buy."

After saying this, he took out the check from his pocket and wrote out a sum of ten million yuan on it and handed it to Wu Tian.

"I'm not welcome." Wu Tian chuckled, reached for the ten million cash check, and said with a smile: "the video of boss Tan learning dog barking is really valuable."

"Don't make sarcastic remarks here, and delete that recording as soon as possible."

"OK, I'll delete it now." Wu Tian deleted the recording from his mobile phone in front of Tan Yiming.

"Hoo!"

Seeing the recording deleted, Tan Yiming was relieved.

"Mr. Tan has a good cooperation. We will cooperate again next time." Wu Tian said this and put away ten million checks to leave.

As a result, he was blocked by Tan Yiming, and said coldly: "boy, do you think it's so white that I'm 10 million?"

"What do you want?"

"Silly boy, fight with me, I will make you worse than death."

"So boss Tan is trying to kill me?"

"Of course." Tan Yiming bit his teeth and bones, just like a mad lion. He said: "before long, I will destroy your family and make you desperate. You can't live or die."

"Shit, I hate being threatened." Wu Tian touched out his mobile phone again and opened the recording.

"Wangwangwang..."

Tan Yiming sounds like a dog barking again from the mobile phone.

After listening to this voice, Tan Yiming's face became more ugly than pig's liver, and he growled hysterically: "son of a bitch, didn't you delete that recording? How else? "

"The original sound was deleted just now. This is called backup." Wu Tian shakes his mobile phone with a bright smile on his face.

"You..."

Tan Yiming's lungs are all blown up. I didn't expect that the boy secretly backed up the recording.

As if he was mad, he pointed to Wu Tian's nose and said, "boy, you are really shameless."

"To deal with scum like you, you have to use some despicable means." Wu Tian said with a proud smile.

"You..." Tan Yiming has nothing to say.

He didn't expect that the boy's routine was so deep that he played him like a monkey.

The general manager of Yiming group, unexpectedly, fell into the hands of this young boy. He felt angry when he thought about it.

"Boss Tan, do you still want to buy this backup?" Wu Tian shook his mobile phone and asked with a smile.

"I..."

Tan Yiming clenched his teeth for a long time, and finally he was unwilling to jump out of his teeth a word: "buy."

As the saying goes, no matter how much money you spend, you can't let this recording spread, or his wisdom will be completely destroyed.

"I don't sell it." Wu Tian put away his mobile phone and put his hands in his pockets, looking like a slouch.

"Why don't you sell?"

"I'll sell if I want, and I won't sell if I don't want to."

"You..."

"Uncle Liu, I'll give you a copy of this recording." Wu Tian directly forwarded the recording to Liu Jun, and said with a smile, "boss Tan dare to disrespect you in the future, so you can expose the recording."

"Good!"

Liu Jun was very satisfied. He went to Tan Yiming and said, "Lao Tan, I have the video of you learning dog barking. If you dare to fight against me in the future, don't blame me for exposing it."

"You..."

Tan Yiming's face is red and his neck is thick, but he can't do anything about them.

After decades of ups and downs, I didn't expect to end up in such a predicament.

Originally, he wanted to bring Liu Jun down. If he did this, he would have been trampled on by Liu Jun. I'm afraid it will be very difficult for him to turn over.

"Lao Tan, don't offend me in the future." Liu Jun advised him, and then said to Wu Tian, "Xiao Tian, let's go."

"Go Wu Tian looks at Tan Yiming and walks out of the bathroom with uncle Liu.

As soon as he got out of the bathroom, Liu Jun's mouth couldn't be closed. "I haven't been so happy for a long time. Tan Yiming's old face has become a pig's liver color." "We should not be soft hearted when dealing with such old animals." Seeing uncle Liu's happy appearance, Wu Tian is also very happy.

"I've really convinced you, boy. You've got a whole set of skills to fix people. Even old foxes like Tan Yiming have been turned into melon skins by you." Liu Jun couldn't help but stretch out his

thumb.

Now I admire Xiaotian more and more, and I like this boy more and more. I don't want to talk about it. I'm also quick to do things. I never drag my feet.

"Uncle Liu, thanks to your good guidance and guidance during this period of time. It's all due to you." Wu Tian smiles and says modestly.

"I didn't teach you to do bad things."

"Uncle Liu is an old fox and has taught me to be a little fox."

"You son of a bitch." Liu Jun laughed and scolded, pretending to be angry: "dare to call me an old fox again. Be careful that I am impatient with you."

"Uncle Liu, I didn't scold you, I was praising you."

"Son of a bitch, you can't boast so much."

"I'm just kidding. Don't get angry."

"Uncle is not so mean."

They chatted a few words and left the hotel.

Before leaving, Liu Jun suddenly proposed: "Xiaotian, there will be a local photo tomorrow, let's

go together."

"Well, it's just that I've had a lot of time recently." Wu Tian was very decisive and agreed to come down.

He had no interest in real estate before, but since he invested in the jade garden with Liu Jun, he found that the real estate was actually quite interesting.

This is not only a big profit, but also a lot of channels. It can be used as a sideline business to help him reserve funds.

"Well, go to my house for lunch tomorrow. Let's go together after dinner." Liu Jun sent out the invitation.

"All right." Wu Tian couldn't find any reason to refuse, so he just nodded and agreed.

Understand Liu Shu's meaning, the reason why he invited him to eat at home must be to use the opportunity to set him up with Liu Mengyao.

"See you tomorrow or not." Liu Jun said this and got into the BMW and drove away from here.

Wu Tian smiles bitterly and shakes his head. He turns to get on his red flag car and goes back to his residence.

As soon as I entered the door, I saw Long Yun reading a magazine in the living room, looking attentive and serious.

"Secretary long." Wu Tian went to lie down on the sofa and said, "come here and help me beat my back."

CHAPTER 199:

Long Yun turned his head and looked at Wu Tian. He didn't speak. He kept looking down at the magazine.

"Secretary long, Ben Shao asked you to come and beat my back." Wu Tian raised his voice and ordered again.

"Pa!"

Long Yun put the impurity on the table and coldly replied, "I'm sorry, young master. I'm your secretary, not your servant."

"There's so much nonsense. It's so difficult for you to help Ben Shao beat his back?"

"I will not."

"Never mind. I'll teach you." Wu Tianqiao with two legs, deliberately make trouble: "come here, stretch out your small fist, help this little knock knock back shoulder."

"Yes Long Yun gnaws his teeth and resists the resentment in his heart and goes to help Wu Tian beat his back.

"Very comfortable." Wu Tian changed his posture and lay on the sofa, staring at Long Yun like

an antique. "By the way, have you ever been in love?"

Long Yun two arms slightly a meal, facial expression spewed out two words: "No."

"Haven't you been in love at this age?"

"Yes."

"Then you are in vain." Wu Tian shook his head regretfully and sighed: "it's time to fall in love at your age."

"Not interested."

"What are you interested in?"

"I..." Long Yun thought for a while, and finally shook his head: "I don't know."

"You're so boring. You're no different from a wooden man." Wu Tian said this and put his two legs on the tea table. "Come on, help me beat my legs."

"....."

Long Yun's eyes showed a look of boredom, but also did not say much. Squatting in front of Wu Tian beat his legs, but the color on his face was slightly blushing.

At this moment, Qinglong comes in.

As soon as he saw the scene in the hall, he quickly apologized: "I'm sorry, young master, I'm not here at the right time."

With these words, he turned and was ready to leave.

"Stop."

Wu Tian quickly opened his mouth to stop Qinglong and explained, "don't get me wrong. I just asked Secretary long to beat my legs for me. There's no other meaning."

"It was just kicking my legs. I thought..." Qinglong turns around and swallows it again.

"Do you think it's not the hidden rules to the Dragon secretary?"

"Cough!"

"Don't worry. Ben is not that bad." Wu Tianpai waved his hand and motioned for Longyun to stop. Then he asked Qinglong, "what can I do for you?"

"Young master, I want to take a few days off. My sister has been discharged from hospital recently. I want to take good care of her for a few days."

"No problem." On hearing that Qinglong's sister was discharged from hospital, Wu Tian was also very happy. He arranged: "if there is no place to live, I'll find you a place to live. It's close to you and it's convenient for you to take care of it."

"No, we have a place to live." Qinglong declined. He was really embarrassed to trouble the young master again.

"If you need any help, just ask."

"Not yet."

"Say hello to your sister for me, and I'll see him another day."

"Thank you, young master. You should be more careful these days. I'll go first." After saying this, Qinglong turns away.

After the green dragon left, Wu Tian turned his head and said to Longyun, "what are you doing? Let's continue."

"I'm sorry, young master My arm hurts Long Yun doesn't want to contact the young master's body any more, so he casually finds a reason to evade.

So close contact with the young master made her feel uncomfortable.

"Arm pain?"

"Yes."

"Then you don't have to beat my back."

"Thank you very much." Hearing this, Long Yun secretly breathed a sigh of relief.

But the young master's next words let her fall into the abyss.

"Come on, sit down." Wu Tian patted the position of his side and said seriously: "this little learned a little massage. Pressing your arm can relieve the pain."

"Ah?" Hearing this, Long Yun's face became particularly ugly.

I thought she got rid of the massage for the young master, but she didn't expect the master to help her massage, which made her more difficult to accept.

After micro Leng, he quickly waved his hand and refused: "young master, it's not necessary. My arm doesn't hurt so much."

"Don't talk nonsense. Sit down."

"Young master, I really don't need to..."

"What? You don't believe in my master's tactics? "

"I..." Longyun want to cry without tears, had to sit down obediently.

"Come on, straighten your arms." Wu Tian, like an old Chinese medicine doctor, ordered in a deep voice.

"Yes Long Yun had to stretch his arm.

"Don't be too nervous. Relax." Wu Tian ordered a few words, then reached out and began to help Long Yun do clockwise pressing.

Start with the shoulder and press down a little bit clockwise.

I have read the medical books before. I press them according to the instructions on the medical books. This is the first time that I have used it.

"Oh Long Yun Jiaohu a, when the arm is touched the moment, the body as if electric shock mercilessly shudder a few times.

I don't know why, every time I was touched by the young master, my body would be a little numb and swish, never before.

"What's the matter?" Wu Tian thinks that his strength is too strong, so he quickly releases his hand and cares.

"It's OK." Long Yun heart secretly breathed a breath, pretended to be indifferent.

"Don't be afraid. Relax." Wu Tian simply stood up from the sofa, half knelt on the sofa, more seriously to help Long Yun do nursing treatment.

Long Yun quickly adapted to this technique. To her surprise, she felt much more relaxed when she was pressed by the young master.

It's really unexpected. I didn't expect that the young master really has two sons.

"All right." After pressing it for more than 20 minutes, Wu Tiancai took back his arm and told him with a smile, "go to take a bath, rub some alcohol on both arms, and have a sleep, and you will be able to recover tomorrow."

"Thank you very much." After Long Yun says thanks, shake arm.

The pressure just now made her arm much more comfortable, even the whole upper body was relaxed and comfortable.

"You work hard for Ben Shao. You can find Ben Shao whenever you feel uncomfortable in the future. Benshao promises to cure you." Wu Tian said with some pride.

"Yes, I'll take a bath first."

"Can I help you?"

"You..." Long Yun wants to scold two words, words to the mouth and swallow back, leaving only

a cold white eye, turned around and went to his room.

"Hey, hey Wu Tian grinned and saw Secretary Long's back walking away. He got up and went into the study. He shut up in the study and continued to read and study.

There was no word all night.

Before dawn the next day, Wu Tian got up early and began to practice martial arts.

Even if Qinglong is not there, he must train hard and never neglect his martial arts.

When he was practicing hard, the phone rang and Li Mu called again.

"Good news." As soon as the phone was connected, Li Mu's excited voice was heard: "our system has successfully entered the market, and the promotion effect is very good."

"Yes, well done." Hearing that the new system's response to the market is very good, Wu Tian can't help but secretly happy.

"Boss Wu, would you like to come over and celebrate together?"

"No, you celebrate. I practice at home." Wu Tian said this and hung up his cell phone.

Hang up the phone and continue to practice martial arts, more passionate than before.

CHAPTER 200:

This one practice is more than two hours, straight oneself practice exhausted, full of sweat.

I went to the bathroom to have a bath and just changed my clothes. Unexpectedly, Li Mu's phone rang again.

Wu Tian connected to the mobile phone and asked, "Mr. Li, is there any exciting good news?"

"No, something's wrong." As a result, Li Mu's voice came from the other end of the phone.

Hearing this voice, Wu Tian quickly put away his smile and asked in an urgent voice: "tell me, what's the matter?"

"Our new system just entered the market, it was attacked by hackers, and the system was temporarily paralyzed."

"How could that happen?"

"Maybe it's because our system is too good to be envied by others."

"Find a way to fix the system. I'll be right here." Wu Tian said this and hung up his cell phone and left the room in a hurry.

Uncle Fu and GUI drove to Tianmu technology quickly.

The company is very busy, especially the technicians who are trying to crack the attack.

"How is it going?" When he came to the company, Wu Tian asked Li Mu about the situation.

"At present, the situation is controllable. We are busy cracking the hacker's attack. We believe that the system will return to normal soon."

"That's good." Wu Tian was relieved and asked again, "who attacked our system?"

"It's a foreign hacker. Which company is still under investigation."

"Shit!" Hearing that the new system was attacked by foreign hackers, Wu Tian appeared more angry.

"Boss Wu, sit down and drink." Li Mu poured a cup of water and handed it to him. He comforted him and said, "I believe we can turn the bad luck into good this time."

"Soldiers will block, water and earth cover, there is nothing to be afraid of." Wu Tian took the cup and calmed down a little.

After drinking a few saliva, he asked yuan Wangchun, "how about the two games that our company developed before?"

"The liquidity of the game itself is very weak, but the development of peripheral derivatives is now starting to work, and there should be a lot of income." Yuan Wangchun replied with a smile.

"So the game around the development of almost, you can try to develop new games, of course, the two games can not be relaxed."

"Yes."

"Games are not our main business, but we can use them to cash quickly." Wu Tian said this and changed his tone: "don't worry, Mr. Li will support you."

"Yes, the company will fully support it." Li Mu immediately understood Wu Tian's intention and hastened to speak out.

"Thank you for the support of Mr. Wu and Mr. Li. We will certainly make the game board bigger and stronger, and will never delay the company." Yuan Wangchun vowed.

"That's good." Wu Tian nodded. That's what he was waiting for.

If the sideline business drags down the company, then the company can not spare too much energy to engage in mobile phone system, which will certainly have an impact on the main business.

At this time, Zhou Cheng came over and exclaimed excitedly, "boss Wu, general manager Li, the

system has finally been repaired."

"Great."

Hearing this, Li Mu raised his hands and made a gesture to celebrate the victory.

After a brief celebration, he immediately asked the technician, "have you found out which company attacked our system?"

"I'm afraid it will take a long time."

"Check quickly. We must find out who is behind the scenes."

"Yes." After Zhou Cheng answered, he led everyone to continue to work.

Compared with the repair system, investigating the details of the opponent is more cumbersome and more challenging for everyone.

Just as the company's technicians put all their energy into the investigation, their mobile phone system broke down again.

"Mr. Wu and Mr. Li, our system is under attack again." Even Zhou Chengdu is a cry without tears.

The system has only been repaired for less than half an hour, but I didn't expect to be attacked by hackers again.

"What? Attacked again? " On hearing this, Li Mu's face became more bitter than bitter gourd.

Did not expect that in a short period of time, their mobile phone system was hacked twice in a row. It's really bullshit.

This time, Wu Tian was very calm and asked Zhou Cheng, "who attacked our system this time?"

"It's the same ID as the first time, and it's also from abroad."

"It looks like it's on our side." Wu Tian rubbed his chin with his hand and said, "the one who repaired the system should be put aside in advance to find out the details of the other party."

"Yes

Zhou Cheng is getting ready to work after answering.

As a result, a black dialog box popped up on the computer. It was a message sent by a hacker through a special section of his hand. He quickly replied to Wu Tian and Li Mu: "boss Wu and Mr. Li have launched a challenge to us."

"What is it?" Wu Tian also noticed the black dialog box, but it was full of code.

"Decipher it now." Zhou Cheng hit the computer keyboard for a while, then said: "they said that our Chinese system is rubbish, but also called us Chinese people are garbage.""Damn it!"

Hearing this, Wu Tian was in a big fire.

Did not expect these foreign hackers, relying on their own excellent technology, so wanton provocation and humiliation.

After thinking about it for a while, he asked Zhou Cheng, "is there any way we can send this information to them?"

"This is very simple, black into the other party's ID system, change the code can be done." Zhou Cheng said confidently.

"Well, you send them such a message: cowards, they only dare to play tricks behind their backs. There is a kind of report to let us have a fight." Wu Tian thought for a moment and said to Zhou Cheng.

"Good."

Zhou Cheng got the order and quickly hit the keyboard to get busy.

After more than ten minutes of busy work, he hacked into the other party's computer and implanted Wu Tiangang's words into the other party's computer in the form of code.

After more than ten minutes, I saw a prompt box pop up on the desktop, full of code.

Zhou Cheng quickly translated the code and said to Wu Tian, "he said that they are KBT of Huangqi company in dur. He asked us what we could do with them, and he also yelled that we would attack our system in the future."

"What a Huangqi company." Wu Tian's eyes flashed, he touched out his mobile phone and dialed Long Yun's phone. He opened the door and said, "Secretary long, help me check the Huangqi company in dur."

"Dur?" On the other end of the phone, Long Yun's tone is somewhat dignified.

Perhaps she did not expect that the young master's small science and technology company had done business with foreign companies.

"What? Is it difficult? "

"No difficulty, young master, wait a moment."

"As soon as possible. Call me when you find out." Wu Tian said this and hung up his cell phone.

Then he said to Zhou Cheng, "these tortoise grandsons, they scold him severely. First, they will relieve their anger."

"Good!" Zhou Cheng and so on is this sentence, and then once again hacked into the other party's system to abuse.

Just finished scolding, the result received the code of the other party's swearing, words with a strong offensive and insulting.

In this way, the two sides launched a wonderful international curse war through their respective technologies.
