

CHAPTER 201:

Wu Tian didn't directly participate in the fight, but went to the window and looked far away in a daze.

At present, the company is full of positive R & D technicians and programmers, and there are no aggressive hackers.

He was inspired by this incident.

It seems that the company still needs a group of world's top hackers who can at least fight back when they are bullied.

However, there are not many top hackers in the world. It is not easy to find such talents.

Just as he was meditating, his cell phone rang in his pocket.

Touch out a look is long Yun call, quickly connect the inquiry: "Secretary long, have you found the results?"

"Got it."

"Tell me about the background of Huangqi company."

"Huangqi company is a technology company in our country, which is similar to the scale of the young master's Tianmu technology. However, they have two top hackers in the world, and often use despicable means to suppress competitors." Long Yun told the details of Huangqi

company in one breath.

"With the strength of our Wu family, can we bring down this company?"

"It's not difficult. Our Wu family also has a branch in dur. We can use dur's company to kill Huangqi."

"Are you sure?"

"Sure."

"Well, I'll work with you for two hours to help me get rid of this Huangqi company."

"Yes."

"Go ahead, I'll wait for your news." Wu Tian said this and hung up his cell phone.

After thinking about it for a while, he went over to Zhou Cheng and said, "tell those Huangqi guys that I will make them disappear in dur within two hours."

"This..."

Zhou Chengyi hesitated for a moment. He could not see whether boss Wu was joking, so he did not dare to act rashly.

He knew that boss Wu was very powerful, but Huangqi company was a foreign company after all. Even if he was powerful, he could not easily destroy a foreign company.

Even yuan Wangchun and Li Mu are skeptical.

After a brief meditation, Li Mu finally asked, "boss Wu, are you telling the truth?"

"The truth, of course." Wu Tian nodded hard, and his expression on his face did not mention how serious he was.

"Are you really going to bring down the Huangqi company?"

"Yes."

"But Huangqi company, after all, is a Duroc company, and its foundation is abroad. How can we start?"

"Don't worry, I have my own way."

"But."

"All right." Wu Tian was too lazy to explain so much. He directly told Zhou Cheng, "just as I said, tell the Huangqi company what I said just now."

"This..." Zhou Cheng is still hesitant.

According to Mr. Wu, the company will be destroyed within two hours, but if the company is not allowed to fall within two hours, they will not be very disgraced.

However, seeing boss Wu's serious expression, he did not dare to go against his will and had to use this paragraph to hack into the other party's computer.

After waiting for more than ten minutes, I received a message from the other party.

After translating this paragraph, he quickly reported to Wu Tian: "boss Wu, Huangqi company ridiculed us for our overstepping, saying that we didn't know the height of heaven and earth..."

"Leave him alone." Wu Tian interrupts Zhou Cheng directly and orders, "find a way to repair the mobile phone system. What should we do?"

"Yes."

After Zhou Cheng responded, he was busy in front of the computer, but his heart was a little anxious and uneasy.

Soon, the computer received the code of the invasion of Huangqi company, which was nothing more than some language of ridicule and humiliation.

Since boss Wu let him ignore, he can only regard as not see, continue to be busy repairing the mobile phone system.

It took more than an hour to repair the system again, and the mobile phone system returned to normal state.

However, we are still worried, afraid that the system is once again the Huangqi Gang to black, are a look of fear.

After waiting for more than half an hour, the system is still stable, and everyone is secretly relieved.

At this time, Zhou Cheng computer pop up code prompt box.

After translating the code, Zhou Cheng danced excitedly and quickly reported to Wu Tian: "boss Wu, Huangqi and his gang take the initiative to apologize and hope we can let them go."

On hearing this, Li Mu and Yuan Wangchun were stunned.

I didn't expect that Huangqi company, which was so arrogant and arrogant before, would take the initiative to apologize and beg for mercy. It was really the sun that came out in the West.

"Is it?" Hearing the news, Wu Tian's mouth rose, and he was very calm, as if all this was under his control.

"Boss Wu, what's going on here?" Li Mu couldn't help but be curious and asked.

"I said that the Huangqi company would disappear in dur within two hours." Wu Tian replied with a smile.

"What?"

Li Mu Jing's eyes were wide eyed and he couldn't believe that he said: "you really let people crush Huangqi company?" "Yes."

"My God Li Mu, yuan Wangchun and Zhou Cheng were all shocked by Wu Tian's powerful forces.

I can't imagine how powerful it would be to bring down a foreign company in two hours?

In the past, I thought that boss Wu only had a strong backstage and influence in Luzhou. Until now, I found that boss Wu was also so powerful in the world.

Several people are more in awe of boss Wu, and they all admire their boss.

This is the real strategy, decisive victory in thousands of miles away.

Sitting in the office of China's small science and technology company, relying on the forces behind, it is easy to solve the borers far away from home.

This courage alone has to be admired.

"Remember, no one dares to trample on it until you become strong." Wu Tian turned his head

and glanced at several people. He shook his fist and encouraged him: "we should work hard to make the company bigger and stronger. All foreigners are afraid."

"Boss Wu is right. We must make the company bigger and stronger." Li Mu was ignited with passion and raised his right hand to swear.

At this time, the computer again received two code messages.

After a simple translation, Zhou Cheng reported to Wu Tianhui: "Huangqi company still apologizes to us, and promises not to offend our company or hack our system in the future. At the same time, he also promised to give us 10 million US dollars in damages, hoping that we can let them go."

"Go and tell those guys, don't bully us Huaxia people just because you have some skills. Chinese people are the father you can never afford." Wu Tian told Zhou Cheng.

"Well, I'll get back to them." According to Wu Tian's request, Zhou Cheng hacked those words into the other party's system in the form of code.

After sending the last message, I didn't care about the Huangqi gang.

Since then, those people in Huangqi have settled down a lot. They dare not hack the mobile phone system any more, nor dare to offend the Chinese people.

Only after this time did they really understand that the Chinese could not offend them. Once the Chinese were angry, no one could stop them.

In this way, the crisis of the system was quickly resolved, and the company quickly returned to

normal.

#### CHAPTER 202:

After solving the problem that the mobile phone system was hacked, Wu Tianzheng wanted to take the backbone of the company out for dinner when he just received a call from Liu Jun.

"Uncle Liu, can I help you?" Wu Tian connected the phone on the phone habitually asked.

"Xiao Tian, you said yesterday to come to our house for lunch. Why haven't you come?" On the other end of the phone, Liu Jun's tone of voice is vaguely with a bit of resentment.

"Eat?"

Wu Tian remembered that he had promised to go to uncle Liu's house for dinner when he left Washington yesterday.

I didn't expect to work in the company for a while and forgot about it.

After the micro Leng, he quickly explained to the mobile phone: "sorry, uncle Liu, there was a problem with the company just now. I was busy dealing with the company crisis and forgot about the meal."

"Has the corporate crisis been dealt with now?"

"It's done."

"That's good. Come to my house and we'll wait for you to have lunch."

"Well, I'll be right here." After Wu Tian hung up the phone, he apologized to Li Mu and said, "I have some private affairs. I won't take part in the dinner party. You can go."

With these words, he ran out of the company in a hurry and asked Uncle Fu to drive him to Liu's villa.

Uncle Fugui's car skills are very good, just 20 minutes to drive him to the south of the City No. 1.

I've been here once before. I'm familiar with it.

When he came into the hall in a hurry, he saw Liu Jun and his family waiting inside. It was very grand.

"Little day." Liu Jun and his family got up to greet him and politely said, "I welcome you on behalf of my family."

"Uncle Liu is so polite. I'm flattered." Wu Tian grabs his head and looks embarrassed.

Uncle Liu so solemnly invited him to have dinner at home, but he almost forgot about it. He should not.

"Xiao Tian, you are welcome here, just like you are at home." Liu Jun patted Wu Tian's arm and said with a smile, "the meal is not ready yet. I'll ask Mengyao to take you upstairs to visit."

"This..."

Wu Tian wanted to decline, but before he finished speaking, Liu Jun interrupted him directly and said to his daughter, "Mengyao, take Xiaotian upstairs to visit."

The visit is fake. In fact, it is to create an opportunity for her daughter to get along with Wu Tian alone.

"Good!"

Liu Mengyao, as the host, naturally can't refuse. She goes to Wu Tian and makes a gesture of invitation, "I'll take you upstairs for a walk."

"Good!" Wu Tian nodded and followed Liu Mengyao upstairs.

Today's beauty Liu is wearing a short skirt, which is obviously dressed up specially. Her face is also slightly light makeup, showing a bit of maturity and sexy in elegance.

They went up the stairs one after the other.

Walking to the center of the turnstile, Wu tianmeng looks up and sees the scene inside Liu

Mengyao's skirt. He quickly lowers his head and coughs fiercely.

"What's the matter?" Hearing such a strange cough, Liu Mengyao hurried back to ask about the situation.

"No Nothing." Wu Tian was as guilty as a thief, and his embarrassed eyes did not know where to look.

Liu Mengyao also noticed something. Her pretty face suddenly turned red. She quickly pressed down her skirt with her hand, "you, you, you Did you see anything? "

"No

"Well, you can see it clearly. You don't admit it." Liu Mengyao bit her lip, and the expression on her face is not to mention how shy she is.

I really regret wearing this kind of skirt. I must have walked out when I went upstairs just now, otherwise Wu Tian would not be so guilty as now.

"That I didn't mean to." Wu Tian grabs his head awkwardly, so far, it is not good to continue to quibble.

"Men are bad."

Liu Mengyao angry, slightly side over the body, "Hey, you go ahead, so as not to peek at me again."

"I..."

Wu Tian wanted to cry without tears, and even felt a little subdued.

I saw it by accident, but I was regarded as a hooligan by the girl. Now I can't argue.

In this case, the explanation is of no use at all, so I just shut my mouth and didn't bother to talk nonsense. I went upstairs first.

It's nothing special upstairs, just a few bedrooms.

It is estimated that uncle Liu's intention is very simple, that is, to let him visit his daughter's bedroom and have a chance to get along with each other alone.

"This is my room." After going upstairs, Liu Mengyao went to open one of the big rooms, "come in and sit down."

"Clean and elegant, very good." Wu Tian walked into the room and boasted. He sat down in front of the sofa beside the wall.

"What would you like to drink?"

"Whatever you want."

"Then I'll make you a cup of coffee." Liu Mengyao goes over and pours a cup of coffee to Wu

Tian, and then sits down beside him.

"Suck!"

Wu Tian sucked his nose and said with a smile, "yes, it smells very sweet, elegant and pleasant."

"Of course, these coffees are imported from Barr."

"I'm not talking about coffee, it's your taste.""Er..."

Liu Mengyao's complexion slightly rebukes, white eye way: "before also thought you are very honest, did not expect also likes the flowery speech."

"I said as like as two peas. You smell just like your room, and you are very comfortable and very pleasant." Speaking of this, Wu Tian sniffed hard.

"Is it?" By such a praise, Liu Mengyao is as sweet as eating honey.

"Yes." Wu Tian nodded and said with a smile, "I'm almost drunk by your fragrance."

"Wu Tian, do you often tease other girls in this way?"

"I don't have one."

"You are not honest at first sight." Liu Mengyao slightly rolled her eyes and said, "why don't you

look for me during this period of time?"

"Last time I said something wrong and made you angry. I'm afraid you are still angry." Wu Tian grabs his head awkwardly.

Not long ago, the girl helped him celebrate his birthday. At that time, she did not speak a word, which made the girl angry and left.

Liu Mengyao holds her chest in both hands and cocks her head deliberately for "don't you apologize for making me angry?"

"I'm sorry."

"Now you know what's wrong?"

"I I don't know. "

"You..." Liu Mengyao suddenly speechless, immersed in a bit, curled his mouth and said: "in fact, it's nothing. I'm not such a stingy girl."

"It's rare to see such a sensible young lady like you." Wu Tian boasted from his heart.

In my impression, Liu Mengyao is gentle, knowledgeable and polite. She looks like a big sister. She is not as obstinate and arrogant as other thousands of gold.

"Do you mean that the daughters of other families are not as sensible as I am?"

"Yes."

"It seems that you know quite a lot of young ladies."

"Hey, hey

"When you say you are playful, you still smile." Liu Mengyao was also teased to laugh, her smile, the atmosphere in the room has become a bit ambiguous.

Just then, the downstairs suddenly became lively.

Liu Mengyao eyebrows slightly tight, stood up from the sofa and said: "you sit back first, I'll go downstairs to see the situation."

"I'll go with you." Wu Tian put down his coffee cup and followed it.

CHAPTER 203:

At this time, there was a man in a suit and a suit in the hall. He was tall and straight, handsome and white, and looked quite gentlemanly.

At the sight of the man, Liu Mengyao's face became a little ugly, and even a little disgusted and despised in his eyes.

This is the son of his father's friend, named Chen Junhui. He pursued her before and was

rejected. Later, he went abroad and had no contact with him.

This guy seems to be a gentleman and dignified, but he is actually a scum. He has done a lot of shady things behind his back.

Half way down the stairs, I wanted to go back to the second floor to hide, but my father stopped him.

"Mengyao, come down quickly." Liu Junchao's daughter waved and pointed to Chen Junhui beside him and said, "Junhui has returned home. Please come and say hello to him."

"Hello, brother Junhui."

No way, Liu Mengyao had to go downstairs with a stiff smile on her face.

To tell you the truth, she was really afraid to see this respectable man. She couldn't find the right reason to refuse.

After all, Chen Junhui's father and her father are good friends, and they can't tear their skin to make the relationship hard.

"Mengyao..."

Chen Junhui is like seeing his lover who has been separated for many years. He is full of

affection and doting in his eyes.

When he saw Wu Tian, who followed Liu Mengyao downstairs, his face sank slightly. He couldn't help asking, "is this man your servant?"

"He's my friend, Wu Tian." Liu Mengyao, with a fake smile on her face, pointed to Wu Tian behind her and explained, "I took him to my room just now."

"To your room?" Hearing this, Chen Junhui's face became more ugly.

As far as he knows, except for the servants, few men of other surnames can go to the second floor, and it is impossible to enter Liu Mengyao's boudoir.

With his deep relationship with the Liu family, he has never been to Mengyao boudoir. How can he do it?

He had to start to suspect that the boy named Wu Tian had a good relationship with Mengyao. Maybe he had that relationship.

"Yes

Liu Mengyao nodded and said with a stingy smile, "Wu Tian is a distinguished guest invited by my family. My father asked me to take him upstairs."

"Is it?" Chen Junhui quietly chuckle, just this sentence has let him capture a lot of information.

At present, there is no such deep relationship between Wu Tian and Meng Yao, but Liu Jun obviously wants to set up the two, otherwise his daughter will not take the man to her bedroom.

Staring at Wu Tian, Chen Junhui held out his right hand and introduced him as a gentleman: "my name is Chen Junhui, a friend of Mengyao's childhood sweetheart."

He deliberately stressed the words "childhood sweetheart" and "Zhuma", just to express his unusual relationship with Liu Mengyao.

"Hello, nice to meet you." Wu Tian knows the hostility in each other's eyes, but still shakes hands with him.

Today is a visit to Liu's family. Naturally, we can't disgrace uncle Liu.

"You are all friends of Liu Jun, and you are all guests. The food is ready. Nephew, Xiaotian, please come in." Liu Jun made a gesture of invitation and said to them.

"Please!"

Chen Junhui bent down 90 degrees and made a gesture of invitation. He was very polite and gentlemanly.

"You're welcome. Come in and have a seat." Liu Jun said this and took the lead to the restaurant.

Chen Junhui and Wu Tian followed closely, and the Liu family also followed, with Liu Mengyao at the bottom.

Originally a good family dinner, because more than an unexpected guest, let her mood also become bad.

At this time, the table has been full of delicious dishes, more than 20 dishes, it looks very rich.

After everyone took their seats one after another, Liu Jun raised his glass and said with a smile, "first of all, let's welcome two distinguished guests. Let's drink this cup together."

"Uncle, I respect you." After Chen Junhui raised his glass to Liu Jun, he raised his head and drank it.

Everyone else was drinking.

After drinking the first glass of wine, the atmosphere in the restaurant obviously eased a lot.

"Uncle."

Chen Junhui put down his glass, took out a plastic bag from his pocket and handed it to Liu Jun, "this is a gift I brought back to my uncle. I don't want to pay homage to it. I hope my uncle will accept it."

he knew that if he wanted to marry Liu Mengyao, he had to curry favor with Liu Jun first, and Liu Jun has the final say in many things at Liu's family.

In order to curry favor with Liu Jun, he did not hesitate to present the priceless diamonds to show sincerity and respect.

"South Africa naked drill?"

Seeing these diamonds in the plastic bag, Liu Jun's eyes became extremely bright.

Staring at the diamond, he waved his hand and quickly refused: "nephew, this gift is too expensive for uncle to accept."

"This is my wish. I hope my uncle will not refuse." Chen Junhui stood up from his seat and handed the bag of naked diamonds in his hands.

"This All right

Seeing that Chen Junhui was so sincere, Liu Jun could not refuse any more. He had to accept the package of diamonds and asked with a smile, "are these diamonds worth a lot?" "Not much, just tens of millions." Chen Junhui finished saying this, deliberately pulled the topic to Wu Tian, "Mr. Wu, how much do you think these diamonds are worth?"

One is to show Wu Tian that he has money and is willing to give Liu Jun money. The other is to take the opportunity to make Wu Tian embarrassed.

From the very beginning, he regarded Wu Tian as his rival in love. Naturally, he wanted to make Wu Tian disgraced in the Liu family and be ridiculed and despised by the Liu family.

In his opinion, Wu Tian, a boy with poor clothes, has no taste at all. Naturally, he can't know

such luxury goods as diamonds.

"In my opinion, these diamonds are worth tens of thousands of dollars!" Wu Tian stares at the diamond and gives the answer with a smile.

As soon as the words came out, the Liu family began to talk.

They all think that Wu Tian doesn't know the goods and he doesn't understand diamonds at all. He talks about tens of millions of naked diamonds in South Africa as tens of thousands of dollars.

Even Liu Jun and Liu Mengyao's father and daughter feel that Wu Tian has lost sight.

"Mr. Wu, how do you say these diamonds are only worth tens of thousands of yuan?" Chen Junhui asked with a silent smile.

In fact, he couldn't help but feel happy. It seems that Wu Tian doesn't know anything about diamonds. He will lose face later.

"You're only VS2 naked in South Africa." Wu Tian reached out to grab the bag of diamonds and carefully analyzed: "the cutting technology is from Poole. The color and purity are very common. Each is 50 cents, about 7000 yuan, and ten pieces are only 70000 yuan."

On hearing this, everyone was quite surprised. Unexpectedly, Wu Tian had a good research and analysis of diamonds.

Chen Junhui was slightly stunned for a moment, but he didn't know anything about diamonds. If he didn't understand anything, he couldn't say what he had just said.

However, he still thinks that Wu Tian is making a mystery and deliberately belittles the value of his diamond.

He spent tens of millions of dollars on these diamonds, which are first-class in terms of cutting technology and color purity.

In addition, he has found someone to identify them in South Africa before, and also has a professional identification certificate. The market price of these diamonds is not less than 50 million.

CHAPTER 204:

"Mr. Wu, you are absolutely out of your sight." Chen Junhui pointed to the bag of diamonds and said confidently, "my ten diamonds are not less than 50 million."

"No, your diamond is no more than seventy thousand dollars." Wu Tian's tone is also confident.

He had been exposed to all kinds of diamonds from an old professor. At that time, he was only interested. He also learned how to identify the grade of diamonds.

He didn't dare to say that it was too high-grade, but he could see the inferior one at a glance.

Like the diamond cutting process and ordinary, color and purity is not high, just a few ordinary diamonds.

"Why do you say my diamond is worth tens of thousands of dollars?" Chen Junhui is a bit impatient.

I feel that this boy is deliberately devaluing the value of diamonds, making him embarrassed in the Liu family.

"We don't know the value of diamonds. There's no need to argue. You can find a professional appraiser to identify it." Wu Tian was too lazy to argue and offered.

"OK, I'll contact the appraiser now." Chen Junhui is having this intention, quickly touched out the mobile phone and began to make a phone call.

It must be proved to the Liu family that these are rare diamonds, and the cutting technology is made by top masters, with an absolute value of more than 50 million yuan.

He's not going to make a fool of himself with a diamond of tens of thousands of dollars.

Today, we must let Liu Jun know the value of diamonds, know his sincerity, and prove that these diamonds are really big money.

At the same time, he also wanted to beat Wu Tian hard, so that the ignorant boy would lose face in public.

Everyone is waiting for the arrival of the appraiser, and they are very curious about the value of these South African diamonds.

After waiting for more than ten minutes, I saw a 70 year old man coming in with a yellow bag, followed by two followers.

This is the famous treasure expert in the south of the Yangtze River. It is a living fossil recognized by the gemstone circle. It has a high authority to identify the grade of diamonds.

"Master Jin, if you come, you will be welcome far away." Seeing master Jianbao, Liu Jun got up to greet them.

"You're welcome. I heard that you have a top drill. Come and open your eyes." Master Jin was too lazy to talk nonsense. He opened the door and said, "where is the diamond? Take it out and let me have a look."

"Here it is."

Chen Junhui quickly handed the bag of diamonds to the master.

Master Jin took the diamond and looked at it twice. Then he took out the double mirror and observed it carefully.

After a few eyes, he put away the double mirror and said with no expression: "I've finished watching it. I'm disturbed. Goodbye."

With that, he turned to leave.

"Master Jin, don't go." Chen Junhui rushed to block master Jin's way and asked with a smile, "what do you think of my diamonds?"

"Yes, it's a genuine South African diamond."

"How much do you think these authentic South African diamonds are worth?"

"Value this number." Master Jin held a few fingers and stroked twice.

Seeing this gesture, Chen Junhui was very excited: "the master means that these diamonds are worth 70 million?"

"Cough..."

Master Jin seemed to be frightened by this, coughed fiercely, shook his head and said, "I'm not talking about 70 million, it's 70 thousand."

"What? Seventy thousand? " Hearing this number, Chen Junhui almost did not stare out of his eyes.

He spent tens of millions of dollars to buy the South African naked drill. After being certified by foreign experts, how can it be worth only 70000?

"Seventy thousand, no more." Master Jin nodded hard and confirmed the answer.

"How could it be?"

"There's nothing impossible." Master Jin pointed to the package of diamonds and carefully analyzed: "your diamond cutting process is very rough, color and purity are very poor, there are many defects."

"But I bought it abroad, and I have an identification certificate."

"Alas Master Jin sighed and sighed: "young man, you are still too young to be cheated."

"What? I... "

Chen Junhui is like a fool in the same place, until this time only understand that he is in foreign countries to be given routine.

Originally thought that spent tens of millions to pick up a treasure, but did not expect to pick up treasure, but tens of thousands of dollars of ordinary diamonds.

"I have something else to do. I'll leave first. Goodbye." After saying this, master Jin turned and walked away quickly.

"Master Jin, walk slowly." Liu Jun rushed with people to meet him off. He did not return to the restaurant until he saw master Jin off. He could not help but extend his thumb to Wu Tian and boasted: "good boy, I didn't expect that you have such a research on diamonds. You can see the value of these diamonds at a glance."

Liu's family also couldn't help nodding and praising one after another. Now they understand

that Wu Tiancai is a real expert in identifying treasures.

Can see the level of diamond at a glance, and can accurately say the value of diamond, this is not a master what?

Even Liu Mengyao couldn't help but cast a look of awe.

I thought that Wu Tian was talking nonsense and pretending to understand. Only at this time did he dare to confirm that Wu Tian was very proficient in diamonds. "I only know a little about it." Wu Tian grabs his head with a modest smile.

"Well, let's go on eating." Liu Jun picked up chopsticks and found that Chen Junhui was still stupefied at the same place, smiling and reminding him: "nephew, let's continue to eat."

"Uncle, I..." Chen Junhui bit his teeth, and now he would like to find a seam to drill in.

He has never been so disgraced as now, tens of thousands of yuan of diamonds were bought back to Liu Jun as tens of millions.

Originally, he wanted to curry favor with Liu Jun, but found that it was a fake diamond, and was severely beaten in the face in public.

"Don't take it to heart, nephew. I'll take the diamond and I'll take it." Liu Jun put away the diamond and put it into his pocket, trying to solve the embarrassment.

"Uncle, I didn't expect that." Chen Junhui was embarrassed.

Although Liu Jun said he didn't care, he must have been called a fool in his heart. At this moment, the eyes of Liu's family looked at him with playful abuse.

Liu Mengyao, in particular, looks at him with disdain and disdain. On the contrary, he looks at Wu Tian with some obsession.

Seeing this look in his eyes, he was going crazy.

"Let's stop the diamond business for a while. Let's eat first." Liu Jun finished saying this and gave Chen Junhui a chopstick dish. "This is our local specialty. How about tasting it?"

"Yes, it's delicious." Seeing Liu Jun find a step for him, Chen Junhui quickly took the opportunity to switch the topic: "I haven't returned home for a long time. Even the food in my hometown is so delicious."

"Do you think your hometown has changed a lot?"

"Yes, it has changed so much that I can't tell the difference between the southeast and the northwest." Chen Junhui finished saying this and said to Liu Mengyao in a gentle tone: "Mengyao, can you be a tour guide for me after dinner and take me out for a circle?"

"Sorry, we don't have time today." Liu Mengyao politely refused.

"No time?"

"Yes, Wu Tian is a distinguished guest of our Liu family. I have to spend time entertaining him." Liu Mengyao found such a reasonable excuse.

After hearing this, Chen Junhui's heart cooled. It seems that in Mengyao's mind, Wu Tian's weight is heavier than him.

#### CHAPTER 205:

Chen Junhui is not willing to be compared with Wu Tian such a hairy boy. He looks up his head and says with a bit of pride: "I have been working as an executive in a large foreign company for these years. This time, I intend to invest and start a business here."

"Good!"

Liu Jun nodded his head and said with a smile, "young people should be like you, daring to break through and dare to challenge the unknown."

"It's not difficult for me to start a business now. I believe that I can start the company soon."  
Chen Junhui held his head up with great pride.

It looks like the boss of a big company.

"Is there a good development direction?"

"The game is developing well in China. I plan to start with the game."

"Good idea." Liu Jun nodded his head and raised his glass to encourage him: "I wish you a prosperous future and make a world in the game market."

"Thank you, uncle." After thanking Chen Junhui, he turned his head and set his eyes on Wu Tian.  
"I don't know where Mr. Wu is."

"Like Meng Yao, I study at the University of technology." Wu Tian replied with a smile.

"It turned out to be a student." As soon as he heard that Wu Tian was just a poor student, Chen Junhui was completely relieved.

Such a poor student, what qualifications to compete with him for Mengyao, is simply beyond his ability.

Chen Junhui shook his collar and said with a smile, "if Mr. Wu has any difficulties in life, I can help."

"Thank you for Junhui's kindness. I don't think Wu Tian needs your help." Without waiting for Wu Tian to speak, Liu Mengyao, next to him, couldn't help saying, "Wu Tian is richer than our Liu family now."

"What? Is he richer than the Liu family? " Chen Junhui's eyes widened in disbelief.

The boy was shabby in clothes, plain in appearance, and without any luxury decoration.

He thought such a silly boy would be very poor, but when he heard that he had more money

than the Liu family, he was obviously suspicious.

The Liu family is very famous in the real estate industry. There are several real estate companies with more than 100 million yuan.

How can Wu Tian, such a hairy boy with no taste, have more money than the Liu family?

"Xiaotian is really richer than us." Liu Jun can't help but open his mouth to dispel Chen Junhui's doubts.

Judging from the current pattern, Wu Tian has more than one billion assets, which is a little more powerful than the companies under the Liu family.

"So corrupt?" For this result, Chen Junhui was even more surprised than eating an elephant.

It may have never occurred to me that Wu Tian, such a seemingly poor boy, has surpassed the Liu family in strength.

Thanks to the fact that he was still boasting that he wanted to help Wu Tian solve his difficulties in life, NIMA hit himself in the face.

His savings on hand are a lot worse than those of the Liu family. Naturally, he is better than Wu Tian.

"Don't look down on Wu Tian. He is a powerful character. Even I can't help admiring him

secretly." Liu Jun put his head together and whispered to remind him.

Now when the name Wu Tian is mentioned, I feel a little proud.

"What kind of business does Mr. Wu do?" Chen Junhui is now more concerned about this issue.

"He is involved in the catering industry. He has two famous restaurants in Luzhou. At the same time, he is also involved in the real estate industry. He has invested in Jadeite garden with me. Of course, he has also set foot in the live platform seafood TV and Tianmu technology company." Liu Jun made a detailed explanation patiently.

"I can't see that Mr. Wu is involved in so many fields." Chen Junhui couldn't help but murmur. He didn't expect that Wu Tian, a boy from all walks of life, was so corrupt.

When he was thinking about preparing to start a business, Wu Tian had already become the boss of several companies.

Thanks to his previous boast of being an executive in a foreign company, compared with Wu Tian, he is simply weak.

"Nephew, if you want to play games, you have to ask Xiaotian more." Liu Jun couldn't help but remind.

"Did Mr. Wu play games?"

"What's more, the two mobile games he developed some time ago are popular in the south of the Yangtze River, and now they still dominate the list. The income of those two games alone will offset my one-year profit."

"This..." After hearing this, Chen Junhui laughed bitterly in his heart.

I didn't expect that the boy in front of him looked ordinary, but he had amazing strength. No wonder even Liu Jun was so valued.

Originally, he wanted to use his own advantages to suppress Wu Tian.

The result is that he feels blushed. His current strength is far from Wu Tian's, which is hardly a level.

In his heart, he could not help but feel anxious. If so, Wu Tian would be a strong competitor. He was not sure that he could get Mengyao back.

"Cough!"

Chen Junhui coughed twice, and his embarrassed smile came out of his mouth: "uncle, I suddenly think that I have something else to do. I'll go to be busy first, and I'll see you some other day."

He didn't want to stay here and continue to be suppressed by Wu Tian. Now he must find an excuse to leave, so as not to be compared.

"Nephew, I haven't finished my meal. Why are you in such a hurry to leave?" Liu Jun saw the embarrassment on Chen Junhui's face, but did not reveal it. "Uncle, I have something urgent to deal with. I'll drink with you some other day." Chen Junhui said this, turned to Liu Mengyao and said, "Mengyao, I'll come to you some other day."

"Brother Junhui, you'd better not come. I have to study recently and I don't have time." Liu Mengyao forced a smile to spit out such a sentence.

The implication is that he does not want to be entangled by Chen Junhui.

"Ah?" Chen Junhui has a silly face and a big mouth.

Did not expect Liu Mengyao to speak so direct, mercilessly refused him, at this time feel particularly uncomfortable.

"Cough!"

Liu Jun coughed twice and yelled: "Mengyao, how can you talk to your brother Junhui? It's impolite."

"Uncle, Mengyao doesn't mean that." Chen Junhui quickly said good words for Mengyao in order to win favor.

"The girl is more and more ignorant." Liu Jun glared at her daughter and stood up from the chair. "Nephew, don't be wise with Mengyao. I'll send you off."

Then he made a gesture of invitation and walked outside with Chen Junhui.

"Hoo!"

Liu Mengyao breathed a sigh of relief, patted his chest and whispered to himself, "at last, I'm afraid he will stay here."

"Mengyao, I think that boy just like you very much. Is he chasing you?" Wu Tian tried to ask.

"That's a decent guy. I'm not interested in him."

"Who are you interested in?"

"I..." Liu Mengyao looked up at Wu Tian and said, "you don't have to worry about this."

"I don't care."

"You..."

When they were quarrelling, Liu Jun returned to the restaurant and said with a smile, "come on, let's continue to eat and drink."

"Uncle Liu, I'd like to propose a toast to you." Wu Tian raised his glass to Liu Jun.

"Dry!" Liu Jun and Wu Tian clinked a cup, looked up and drank the liquor.

Wu Tian accompanied Liu Jun for a few drinks, and then presented a toast to each of the elders present.

Liu Mengyao reminds Wu Tian to drink less wine for fear that he will drink too much.

CHAPTER 206:

After dinner, several people chatted a few words. Seeing that the time was almost over, Liu Juncai opened his mouth and said, "Xiao Tian, there is a land auction in the Huxin Hotel today. Let's go and have fun with me."

"Well, I'll follow uncle Liu to see the world." Wu Tian readily agreed.

After tasting the sweetness of feicuiyuan plot last time, he became interested in real estate. He went to see if there was a suitable plot and bought it to make some money.

"Well, let's go." Liu Jun shook his sleeve, got up and took the lead to walk outside the hall.

Liu Mengyao quickly catch up, block in front of her mother, smile and propose: "Dad, how about I go with you."

"What are you doing?"

"I'll go to see your land and learn some experience."

"You don't learn from experience. Do you want to be with Xiaotian?" Liu Jun couldn't help laughing and joking.

"Dad, what are you talking about?" Liu Mengyao blushed, pursed her lips and said, "how can you even tease your own daughter?"

"I just said casually, why do you blush?"

"I No

"Well, dad will take you to the clay shoot. Let's go." Liu Jun finished saying this and walked outside.

Liu Mengyao quickly followed up and took his father's arm. "Dad, you are the best for me. Take me wherever you go."

"You girl, you know how to get rid of the road." Liu Jun smiles bitterly and shakes his head. His eyes are full of doting.

Wu Tian didian followed him and took the Yang family's car to Huxin hotel.

What will be held here is the 17th land auction of Luzhou this year.

This time, there are 12 large plots of land, including four commercial land and the rest are residential land.

The three went to go through the formalities, paid the deposit, took the sign and entered the venue.

"You two are sitting in the corner." After entering the venue, Liu Jun pointed to the back seat, "you can whisper, no one bothers you."

"Dad, what are you talking about?" Liu Mengyao's white face was flushed with shame, and her expression was extremely embarrassed.

Even if you are stupid, you can see the intention of her father. It seems that her father really wants to fix her up with Wu Tian.

It was just that her father was so straightforward that she felt a little humiliated.

Now give a person a kind of orange, as if his daughter can't marry out, his father is eager to sell his daughter out.

"What's the shame of such a big man?" Liu Jun patted his daughter on the shoulder and whispered, "good performance, I believe you can attract Xiaotian."

"Dad, I'm angry if you do this again." Liu Mengyao puffed her mouth and pretended to be angry.

She would have stopped following her father.

"Well, Dad won't say anything. Dad will go to the front and not disturb you." Liu Jun grinned strangely and walked to the front row and sat down.

"Hoo!"

Liu Mengyao secretly breathed a breath. When she turned her head, her sight was just opposite to Wu Tian. She looked embarrassed and quickly lowered her head.

Originally, her relationship with Wu Tian was quite normal, but her father said that, which made her feel uncomfortable. The atmosphere between them was a little ambiguous.

"Your father is really interesting." In order to resolve the embarrassment, Wu Tian has no words to find a word to spit out.

"That Don't listen to my dad. He's just kidding Liu Mengyao's voice is very small, just like a mosquito buzzing in his ear.

Wu Tian didn't hear that clearly. He put his head close to him and asked, "Mengyao, what did you say just now?"

"I said..." Liu Mengyao suddenly raised his head and found that he was very close to Wu Tiandi. Both faces were almost pasted together.

This kind of atmosphere is too ambiguous, make Liu Mengyao blush and heartbeat, the whole heart is incomparably messy.

In this embarrassing atmosphere, both of them did not speak and immersed for about five seconds.

"I'll go to the bathroom."

In order to resolve the embarrassment, the two almost at the same time stand up from the

chair, looking for such an excuse to leave.

Maybe they are too tacit, they both find an excuse to go to the toilet to get rid of this ambiguous atmosphere.

"You go!" Liu Mengyao quickly sat down. She didn't want to go to the toilet with Wu Tian. It would be more embarrassing.

"Then I will." Wu Tian got up and walked quickly to the bathroom. He didn't really want to go to the bathroom. He just wanted to relieve his embarrassment.

He went to the bathroom and washed his face with cold water. As he turned to leave, he saw an old man pulling at the 20-year-old girl.

The old man was very strong and dragged the girl's arm into the toilet.

The girl writhes and struggles, but she seems to be worried about offending the old man. She doesn't dare to be too violent.

Wu Tian couldn't see it anymore. He yelled at the old man, "old man, let go of that girl quickly."

"It's none of your business. Mind your own business." The old man glared at Wu Tian and dragged the girl's arm to the toilet. "I'm in charge of it today." Wu Tian abruptly separated them and said to the girl, "you leave the bathroom quickly. I'll deal with the old guy."

Wu ran away from here, but she didn't turn her back.

"Boy, do you care too much?" Seeing that Wu Tian has done a good job, the old man is very angry.

"If you see injustice on the road, you have to take care of it."

"Stinky boy, dare to meddle in my business. Do you know who I am?"

"I don't know."

"I'll tell you." The old man pointed to his nose and yelled, "I'm Geng Yunguang, the king of Xicheng."

"So what?"

"Boy, if you offend me, I'll make you suffer." Geng Yun Guang clenched his fist, and his whole body erupted into astonishing anger.

"I'm not scared."

"What's your name?"

"Wu Tian."

"Good boy, let's see." Geng Yunguang left with a cold look in his eyes and walked away quickly.

Wu Tiangen didn't pay attention to this man, wiped a handsome hairstyle, and turned to leave

the bathroom.

When he returned to the meeting hall again, he found that there were already full of bidders. The man named Geng Yunguang was also among them. He was staring at him with that kind of cannibalism.

Wu Tian smiles indifferently, and then goes to sit down beside Liu Mengyao.

Liu Mengyao pulled his hair around the corner of his ear and asked in a low voice, "why did you go to the toilet for so long?"

"I've been away for a while, and I miss me?" Wu Tian cheekily joked.

"I miss you." Liu Mengyao rolled her eyes slightly, but she was too lazy to pay attention to Wu Tian.

Before long, the land auction officially began.

The auctioneer came to the stage, briefly talked about the auction process and auction rules, and announced the formal opening of the auction.

The first to be auctioned were those pure commercial plots, which had little competition, and one of them was sold out.

The next residential land competition is obviously big, many owners are aiming at residential land, have raised their cards to bid.

Wu Tian took a fancy to one of the suburban plots and felt that the development potential of this land was huge, so he raised his hand to bid.

CHAPTER 207:

"P30 plot, starting price 30 million..."

With the auctioneer quoted the reserve price, the audience began to bid.

Many people were optimistic about this area, and soon raised the price to 50 million yuan, and Wu Tian followed suit.

"Fifty million..."

After Wu Tian raised his hand, the scene gradually quieted down.

The current market value of this land is about 40 million yuan, and the premium is not more than 50 million yuan. If the land price exceeds 50 million yuan, plus the later development, there is no profit at all.

"56 million..."

When it was quiet under the stage, Geng Yunguang, not far away, could not help raising his hand to raise the price.

As soon as he raised his hand, people started to yell. They didn't expect that the real estate tycoon would bid for the land at a premium.

In fact, we don't know that Geng Yunguang is not interested in the land. He just wants to fight Wu Tian on purpose.

"57 million." Wu Tian did not show any weakness and bid again.

He was particularly interested in the land and didn't want to lose to Geng Yunguang.

"58 million." Geng Yunguang continued to quote.

"Fifty nine million."

"60 million..."

The scene opened the competition mode between the two people, and the whole venue was filled with a strong smell of gunpowder.

We can see that there is a clear feud between the two people. At present, the bidding is fierce.

In the end, 30 million plots were bid to more than 80 million.

"100 million..." Wu Tian didn't have the patience to continue bidding. He directly raised his card

and quoted a price of 100 million yuan.

Because each piece of land has a maximum guiding price. If it exceeds the maximum price, it will automatically dissolve. The price of this land is 100 million yuan.

"Good!"

The auctioneer pointed to Wu Tian and immediately announced: "congratulations on the 22nd. We have sold this land for 100 million yuan."

"Pa pa pa pa..."

Warm applause broke out at the scene.

Geng Yun Guang's face was even more ugly than dog excrement. He didn't expect that Wu Tian was such a chicken thief that he didn't play cards according to the routine. He directly quoted the price of dissolution.

In this small secret fight, he finally lost to Wu Tian.

Soon the local shooting meeting was over and everyone left.

Geng Yunguang went to Wu Tian with a gloomy face and said in a cold voice, "boy, you have paid 500 million for this land in vain. How are you feeling?"

"Don't worry, I can afford it. Unlike some people, there is no chance to win." Wu Tian grinned and said, "I'm afraid many people in the meeting place will think so. It's a shame that a real estate tycoon should lose a young man."

"Boy, are you really going to fight me?"

"I don't want to fight you, because I'm very busy, but I won't be afraid of you either. As long as you want to fight, I will accompany you to the end."

"Good boy, I'll soon let you know how good I am." Geng Yunguang said this, dropped a cold look, turned and walked away.

Seeing Geng Yunguang go far away, Liu Mengyao hit Wu Tian with his arm and complained, "you're stupid. You spend 100 million yuan on that piece of broken land."

"I'm not stupid. I just think the potential of P30 is infinite." Wu Tianning frowned and looked serious.

"In the suburbs, outside the Third Ring Road, what is the potential?" Hearing this, Liu Mengyao is even more puzzled.

Their family is engaged in real estate business, they are familiar with these things.

In her opinion, the piece of land Wu Tian bought was not worth money at all, at least not worth

100 million yuan.

"What if light rail passes through P30?"

"If there's a light rail line, it's going to have to be doubled ten times." Liu Mengyao said, and then couldn't help asking, "but there is no light rail in that place?"

"LRT line 1."

"Crazy, LRT line 1 is so far apart."

"At present, the light rail is only in the Second Ring Road, but I believe it will be extended to the third ring road soon, which is the law of urban development."

"At present, there is no plan. Even if there is an extension line, how can you be sure that it will pass through P30 plot?" Liu Mengyao has a big question mark on her face.

"I've thought about it for a long time." Wu Tian turned and pointed to the map of Luzhou hanging on the wall and explained: "according to the planning idea, the end point of the light rail must be in the commodity city. The curve of the light rail line will not be very large, and it will pass through the crowded area along the way..."

Wu Tian talked with a lot of words and explained his thoughts patiently.

After hearing this explanation, Liu Mengyao nodded with approval: "what you said seems to be quite reasonable."

"According to the characteristics and construction cost of light rail, the extension line has a high probability of passing through P30 plot." Wu Tian put his hands in his pocket and raised his head a little complacently. "If the extension line passes by, the development value of P30 will be increased three times."

"There are too many factors affecting the trend of light rail. What if the extension line does not pass through P30?"

"If you don't pass by, you'll be booed." Wu Tian shrugged his shoulders and said with a smile: "this is a big gamble for me. If I lose, I will lose 50 million yuan. If I win, I will gain several times." In fact, if Geng Yunguang didn't mix it up this time, the price would be only 60 million yuan at most, which would not have been fired so high.

"Pa pa pa pa..."

At this time, Liu Jun clapped his hands and walked over, stretching out his thumb and boasting: "your boy's vision is really long-term. If you don't say, I haven't thought about the extension line of light rail."

Just now I have been standing behind listening to Wu Tian and Meng Yao's speech.

After listening to these analyses, he found it very reasonable.

The extension line will be built sooner or later. According to Wu Tian, if you are shy, you will definitely pass through the P30 plot.

At present, the key problem is not sure when to repair the long-term line. If in 10 years, the risk will be great.

"To tell you the truth, I don't know much about real estate. The reason why I spend a lot of money on this land is mainly for gambling." Wu Tian said this, and then added: "of course, it's also to stop Geng Yunguang by the way."

"Do you have a grudge against the boss

"Not so much." Wu Tian shook his head and explained, "I just broke that guy's good thing."

Then he gave a detailed account of what had just happened in the bathroom.

"Xiaotian, it's not worth offending Geng Yunguang for such a small matter." After knowing what happened, Liu Jun couldn't help but blame in a low voice.

"I only care about right and wrong, and I will do what I think is right." Wu Tian said with a smile.

Next to Liu Mengyao expressed support: "yes, this time I think Wu Tian did nothing wrong, and he has a sense of justice."

"What do you know?" Liu Junbai took a look at his daughter, and then set his eyes on Wu Tian. "Geng Yun Guang is rich and has a narrow mind. If you offend him this time, you will definitely not let you go with his character."

"When soldiers come to block, water comes and earth covers them."

"It's not that simple. If Geng Yunguang does it, you'll be in big trouble." Liu Jun sighed. His eyes were full of anxiety and uneasiness. He was worried about Wu Tian.

"I don't take the initiative to cause trouble, but I'm never afraid of it." Wu Tianyi looked indifferent and said confidently, "I believe I can handle it."

"Then you must be careful yourself."

"Don't worry. I'm fine."

#### CHAPTER 208:

After saying goodbye to Liu Jun and his daughter, Wu Tian leaves Huxin Hotel and heads north along friendship road.

This place is not far away from the place where I live. It's only ten minutes' walk. There's no need to bother uncle Fu Gui to come and pick it up.

After a short walk, he saw five gangsters jumping out of the street and blocking his way.

"What do you want?" Wu Tian squints at these thugs and says, "we want to beat you." The chief gangster said this, and led a few gangsters ready to start.

"Don't worry." Wu Tian stretched out his hand and asked a few thugs, "who asked you to come?"

"No comment."

"Geng Yunguang?" All Wu Tian can think of is this old thing. Besides, he has no enemies.

"Waste what words, see hit." A few gangsters have no patience, so they jump at Wu Tian.

"Stop it!"

Just at this time, a yellow haired thug came in a hurry and stopped the thugs and said, "quick Stop it

"What's the matter, chief?" Several gangsters all look at Huang Mao with a puzzled face and don't understand what they mean.

"Even if we go together, it's not his match." Huang Mao young man lowered his voice and said, "I've had a fight with him before, and my skill is very good."

"Is it?"

"Back up." Huang Mao youth motioned several gangsters to step back and smile and flattered Wu Tian: "I'm sorry, elder brother. They don't know it's you. They've offended so much. Don't take it to heart."

"It's your boy." Wu Tian recognized the Yellow haired youth. He had taught him hard before.

"Well, you're busy. We're going." When the Yellow haired youth finished this, he was ready to run away.

"Stop!"

Wu Tian roared and stopped the Yellow haired youth.

Huang Mao youth slowly turned around and said with a bitter face: "brother, you must not hit me. I really didn't know it was you before."

"Say, who sent you to beat me?" Wu tianrao went to Huang Mao and asked in a cold voice.

"Yes..."

Huang Mao young man swallowed his throat and said in a low voice: "it is boss Geng who sent us to teach you a lesson."

"Geng Yunguang?"

"Yes." Wu Tian nodded and quickly explained, "I didn't know that you were the one to teach you at the beginning. I knew it was you. Even if we killed us, we wouldn't dare!"

I've seen Wu Tian's ferocious methods before. I'm afraid of his skill and strength.

To tell you the truth, he has already had a serious psychological shadow on Wu Tian, and he feels chilly when he sees it.

Wu Tian generously waved his hand: "those who don't know are innocent. I don't blame you."

"Thank you very much, brother." After the yellow hair road thanks, to behind several scum command way: "silly Leng why, don't give big brother to thank quickly."

"Thank you very much, brother." Several gangsters quickly thank you.

"Don't pull the calf." Wu Tian waved his hand impatiently and said to the Yellow haired youth, "I want you to do something for me."

"If you have anything to do, please do not hesitate to go up the mountain and go down to the frying pan." Yellow haired young people are quick witted, but flattery is a set of things.

"If you go out, you will say that my leg has been broken by you, and I will tell Geng Yunguang the same thing."

"Ah? Why do you say that? "

"No matter what, let you go. There are so many and why." Wu Tian growled impatiently.

"Yes, yes, everything is arranged by the elder brother."

"Well, it's none of your business. Go on!" Wu Tian waved his hand impatiently and said to

several people.

"Thank you, brother. Let's go." With these words, Huang Mao youth quickly left here with a few gangsters.

Wu Tian chuckled and turned toward home.

The purpose of deliberately letting gangsters spread the news that his leg was broken is to let Geng Yunguang relax his vigilance, so as to take the opportunity to have a few days' leisure, so as not to be troubled again.

Back home, Wu Tian shut himself up at home to read and study. He planned to take this opportunity to rest for a few days. Naturally, his study should not be abandoned.

I didn't expect to receive a call from Muran teacher the next day: "Wu Tian, why are you absent from class today?"

"I have something to do at home these days." Wu Tian's lies come at once. It has become a habit to cheat Mr. mu.

He used to be an honest boy. He never cheated Mr. mu, but he has been getting worse recently.

"What's the matter at home The tone of Muran's question is as cold as frost. Maybe she has guessed that Wu Tian is deliberately lying.

"Mr. mu, it's actually my leg that broke."

"What? A broken leg Hearing this news, Muran also became anxious, "OK, how can you break your leg?"

"I was beaten by some thugs last night. I can't move now." Wu Tian said this, but also deliberately screamed a few times.

"Which hospital are you in now?" At the other end of the phone, Muran's tone of inquiry was obviously gentle. At present, the teacher's attitude is to care about the teacher before.

"It's just a fracture. It was picked up in a small clinic. The doctor told me to go home and recuperate." Wu Tian's tone is deliberately painful, so it sounds real.

"Take a good rest. Don't move. I'll come to see you later."

"Ah?"

Hearing that Mr. Mu was about to come, Wu Tian was scared and said, "a little hurt is not in the way. Mr. Mu is so busy that he doesn't have to come."

"I've finished my course today. I'm fine. I'll be here in half an hour when I'm free."

"Mr. mu, actually I am..." Wu Tianhua did not finish, found that teacher Mu had hung up the phone.

"Shit!"

Wu Tianan scolded and felt like crying without tears.

Originally, I just wanted to tell a lie and said that he had broken his leg. Unexpectedly, Mr. Mu would come to visit him.

This NIMA is like digging a hole for herself.

When Mr. Mu comes over later and sees that his leg is not broken, he has to scold him bloody.

No, I have to disguise it. I can't let Mr. Mu know that he is deceiving her. In this way, there will be no more trust in front of Mr. mu.

Thinking of this, Wu Tian rushed to the room of secretary long to look for it.

Just as he was rummaging, he saw Long Yun come in, "young master, what are you doing in my room?"

"Find the medicine box."

"Is the young master hurt?" As soon as I heard that the young master was looking for the medicine box, Long Yun's expression became tense.

"No injuries."

"What are you looking for in the medicine box, young master?"

"Don't worry about it. Help me find out the medicine box." Wu Tian hastily urges a way, he is

worried that has not done the camouflage, Mu teacher came.

"In the cupboard." Long Yun then set up a stool and moved the medicine box out of the cabinet.

"Good!" Wu Tian picked up the medicine box and was ready to go out. When he came to the door, he stopped and turned his head to Long Yun and said, "come and give me a little help."

"What can I do for you?"

"Come on, put some ointment on my leg and wrap it up with gauze." Wu Tian raised his trouser legs as he spoke.

CHAPTER 209:

Long Yun stares at Wu Tianjiao for a long time, and then he can't help questioning: "young master, your leg is good. Why do you apply medicine? Why do you wrap it with gauze? "

"You talk a lot. Help me quickly." Wu Tian hastily urges a way, this kind of thing is naturally unable to explain clearly with Long Yun.

"Good!"

Long Yun was too lazy to ask, opened the medicine box, took out the ointment, and carefully smeared those ointment on Wu Tian's legs.

Then he wrapped the gauze into his legs.

"Not bad." After a look at the professional bandage, Wu Tian was very satisfied and praised:

"Secretary long is really clever."

"It's common sense, nothing." Praised by the young master, Long Yun looks cold, but in fact, he is very happy.

"Well, there's nothing wrong with you at home. I'll give you a half day off and go out to play. Don't come back until dark."

"This..." Long Yun Ning eyebrows, a silly face, did not expect the young master today so strange, not normal at all.

Full of doubt, he walked outside and suddenly turned around when he came to the door.  
"Young master, do you want to cheat girls by pretending to be like this?"

"It's a white lie." Wu Tian feels a little embarrassed when he is found out by Secretary long.

He pretended to be a wounded man to deceive the girl. It was a bit humiliating.

"Men really don't have a good thing." Long Yun coldly disdains a sentence, turn to leave quickly.

"Hello, I...."

Wu Tian also wants to explain that he finds that Long Yun has already thrown the door out.

It seems that this time is completely misunderstood by Secretary long. Secretary long may regard him as the kind of lecher who deceives girls.

"Bang bang bang!"

At this time, there was a quick knock on the door, and it was probably Mr. Mu coming.

After taking a look at his leg wrapped with gauze, he felt relieved and went to open the door.

Muran was standing outside the door, with a bag on his shoulder and a bag of fruit in his hand. Before he entered the door, he said anxiously, "Wu Tian, are your legs OK?"

"No big deal." Wu Tian shook his right leg and said with a smile, "it's just a slight fracture. The doctor said that he could recover after a few days' rest."

"Don't stand. I'll help you to bed." Muran put the fruit on the ground, and then rushed forward to support Wu Tian's arm.

She is now very gentle, no teacher's frame, like a girl who will love people.

"Mr. mu, I'm fine. I can do it myself." Seeing Mr. Mu like this, Wu Tian feels a little guilty.

It's a bit excessive to deceive Mr. mu in this way. His conscience is already faint and uneasy.

So far, there is no other way, the play will continue.

"You can't push your leg too hard. It's OK. I'll hold you." Muran can not think so much, holding Wu Tian carefully into the bedroom.

When he put Wu Tian down, his feet didn't stand firm, and he tripped over, and his whole body fell down on Wu Tian.

For a while, I was in a hurry. It took me a long time to stand up. My pretty face was already flushed.

Seeing Mr. Mu's appearance, Wu Tian couldn't help joking: "Mr. mu, how can you take advantage of me?"

"Wu Tian, don't talk nonsense." Ridiculed by his own students, Muran's expression on his face was even more embarrassing.

"I'm kidding. Don't get angry with Mr. mu."

"Don't make such a joke with the teacher in the future." Muran reproached and took the initiative to switch the topic: "I bought the fruit, I peel the fruit for you."

Then he ran out to carry the fruit into the bedroom, picked up the fruit knife and carefully began to peel the fruit, but it was a little uneasy.

Soon she will cut the good fruit over the past, "eat it, hurt to eat more fruit."

"Thank you, Mr. mu." Wu Tian took the apple and chewed it hard. He said, "Mr. Mu is really a good woman with cold outside and hot inside. It's really lucky to marry you."

"It's all hurt like this. There's still time to talk and laugh." Mu ran fiercely glared at Wu Tian and said, "tell the teacher quickly, how did you get hurt?"

"I was beaten by some thugs yesterday."

"You fight with people?"

"No Wu Tian shook his head and explained, "I offended a business tycoon yesterday. As a result, he found some thugs to intercept me..."

He told the whole story of what happened outside the Huxin hotel last night. Except that he was not injured, everything else was true.

"These people are crazy." After hearing the story, Muran felt very angry, "did you call the police?"

"No

"Why don't you call the police when you meet such a thug?"

"I don't think it's necessary."

"Forget it. You should take good care of your wound and wait for it to heal." Muran did not mention the gangster again, soft voice concern way: "hungry or not, do you want the teacher to buy you something to eat?"

"No, I just ate it." Wu Tian is a little flattered. He has never seen Mr. Mu as gentle as he is today. If teacher Mu is so gentle every day in the future, it will be really happy.

"Bang! Bang! Bang

Just then there was another knock outside the living room.

Hearing the knock on the door, Wu Tian frowned. Did Secretary Long come back so soon?

No, Secretary Long can't go home so soon, and she has the key in her hand. Even if she comes back, she won't knock.

Who is not the Dragon secret book?

"Have you come to your house?" Hearing the knock on the door, Muran felt a little nervous.

"I don't know. Please open the door for Mr. Mu."

"Good." Muran got up and adjusted her dress and went to open the door.

When the door opened, she saw Liu Yueyao standing outside with two bags of imported fresh fruit in her hand.

"Mengyao?"

"Mr. mu?"

They were surprised to see each other in Wu Tian's house.

"I heard that Wu Tian was injured, so I came here to see him." After a little Leng, Liu Yueyao explained.

"Come in quickly. Wu Tian is resting in the bedroom." Muran this just returned to God, hurriedly side will Liu Yueyao into the room.

"Mr. mu, is Wu Tian OK?"

"It shouldn't be a big problem."

"Then I'll see him." Liu Yueyao puts down the fruit and rushes into the room.

Seeing that Wu Tian's right leg was bound with white gauze, Liu Yueyao felt a pain in her heart and said in an anxious voice, "God, how did you get hurt like this?"

"It's OK. It's just a slight fracture." Wu Tian explained with a smile.

"So much gauze for a slight fracture?" Liu Yueyao frowned slightly to express doubt.

"It's the gauze that the intern wrapped for me." Wu Tian explained that he was afraid that the girl would see the flaw, so he quickly changed the subject: "how do you know I'm hurt?"

"I heard from my dad that you were hurt by some gangsters, and he asked me to come and visit you."

"Er." Wu Tian nodded.

Before deliberately let Huang Mao and those gangsters release the news of his injury, did not expect uncle Liu news so clever, so quickly know.

CHAPTER 210:

Liu Yueyao bit her teeth and said angrily, "Geng Yun Guang is really too much. He even gives you a hard hand."

"How do you know it's Geng Yunguang?"

"As soon as my dad heard that you were injured, he guessed it was Geng Yunguang." Liu Yueyao sucked on her nose and said with heartache, "I knew it was like this. Last night we sent you home."

"Don't worry, I'm really OK."

"My dad told me to stay here today to take care of you."

"This is it inconvenient? "

"What's this about?" Liu Yueyao turned her head and looked at the direction of the living room. She put her head together and asked in a low voice, "when did Mr. Mu come?"

"Just here."

"It seems that Mr. Mu cares about you."

"Of course, I study so hard that no teacher doesn't like a student like me." Wu Tian had the cheek to boast.

Liu Yueyao poked Wu Tian's chest, rolled her eyes, spat: "cut, you are really narcissistic."

"Warning you, don't poke me in the chest in the future."

"I'll poke. What can you do?" Liu Yueyao poked again.

"Then don't blame me for being rude. If you poke me, I'll poke you too." Wu Tian stretched out his hand and gave it a quick stab.

"Hooligan!" Liu Yueyao's face flushed instantly. She quickly shrunk her body to keep a distance from Wu Tian. She was afraid that the bad hand would hurt her again.

This scene happened to be seen by Mu ran who came to the door.

Also do not know how to return a responsibility, see two people in the room flirting, in the heart faintly have a bit of pain.

I really envy these two young people. They can show their love at their best age. At her age, they feel that love is out of reach.

She is a normal woman, also eager to be pursued by men, cared for and loved by men.

Can look around the men, no one can make her feel.

"Mu Mr. mu... "

Only then did Liu Yueyao notice that teacher Mu stood at the door. She was scared and stepped back several steps. Her face was full of embarrassment and uneasiness.

I'm so ashamed. The picture of Wu Tianzhi's body just now must have been seen by Mr. mu. I feel ashamed to think about it.

"Did not disturb you?" Muran stroked the hair of the ear corner, and soon returned to the teacher's posture of the past.

"Mr. mu, don't get me wrong. I just

"Young people are good together, nothing."

"Cough!" Liu Yueyao coughed twice. It seems that she was misunderstood by teacher mu, "that, I Go to the bathroom. "

Casually made an excuse, left the bedroom in a hurry, slipped into the bathroom inside.

"Xiao Wu, you are really lucky. You can find such a good girl as Yue Yao." Muran went over and sat down in front of the bed.

Don't know why, suddenly feel a little depressed.

"Don't get me wrong, Miss mu. Yue Yao and I are just ordinary friends." Wu Tian grabs his head awkwardly.

"Ordinary friends?"

"Yes."

"And you take advantage of others?"

"I..."

"Don't tell me that you just take advantage of others and don't want to be responsible for her."

"I'm just kidding her. Is that all responsible?"

"Of course."

"I also touched Mr. Mu before. Should I also be responsible?" Wu Tian bravely replied.

"Don't talk nonsense." On hearing this, Muran rubbed to get up from the sofa and yelled: "if you talk nonsense like this again, the teacher will be angry."

"I'm just making an analogy."

"It's not a good analogy for you. You have to use this analogy." Mu ran glared at Wu Tian fiercely and said angrily: "you take good care of yourself. I'll go first."

With this she picked up her bag and walked outside.

"Hello, Mr. mu..."

Wu Tian called out, and there was no response at all.

It seems that Mr. Mu is really angry this time.

After a little meditation, he turned over and fell off the bed. Of course, this was a deliberate fall to retain Mr. mu.

Hello, are you all right Muran heart a soft, rushed back to care about the way.

"It's nothing. It's just that my leg hurts."

"Why are you so careless and hurt like this? Why do you get out of bed?" As soon as Muran was in a hurry, he immediately showed a gentle little woman's posture.

"I saw Mr. Mu angry and wanted to catch up and apologize." Wu Tian explained and asked, "is Mr. Mu still angry?"

"Not angry." Muran reluctantly smiles.

After seeing Wu Tian fall, the anger in his heart has disappeared and is replaced by worry.

"It's good not to be angry. To tell you the truth, I'm afraid that teacher Mu will be angry."

"Why?"

"As soon as teacher Mu is angry, she is almost like a female tiger. She is in a state of confusion." "Stinky boy, you said that about the teacher." Mu ran severely criticized a sentence, soft voice way: "well, the teacher first help you up."

After saying this, he took Wu Tian's arm and helped him up.

When I got up, the two faces were so close that they almost stuck together and could feel each other's breath.

For a moment, the atmosphere is particularly ambiguous, Muran's whole face is blushed, never so close to the boy's face, can't help but let her heart crazy.

I wanted to push Wu Tian away, but when I thought of his leg injury, I had to endure this ambiguous atmosphere.

This scene happened to be entered by Liu Yueyao, suddenly nose a sour, heart mixed Chen.

Seeing that Wu Tian is so close to other women, she is very uncomfortable.

"Yueyao, don't get me wrong." Muran quickly put Wu Tian on the bed, like a child who did something wrong, explained: "Wu Tiangang just accidentally fell down, I helped him up from the ground."

"Mr. mu, you are Mr. Wu Tian. How can I misunderstand you?" Liu Yueyao soon returned to normal and said with a smile.

Jealous is jealous, but she will never doubt the relationship between teacher Mu and Wu Tian.

If Muran was not a teacher, she would have doubted, but not now.

"Yueyao is still sensible." Muran will smile.

"You are very lucky, Wu." Liu Yueyao went over and pushed Wu Tian's head. "I'm hurt. I have two beauties to take care of you."

Wu Tian felt his thick cheek: "I can't help it. Who makes me so handsome?"

"Cut, narcissism."

With these words, the two women covered their mouths and laughed.

Joking a few words, Liu Yueyao positive color way: "you are hungry, want to eat what, I go out to buy for you."

"The food outside is too greasy. There are dishes in the kitchen. Why don't you make something for Mr. Mu and me?" Wu Tian did it on purpose.

Most of the time they eat out, but occasionally the wife of the rich uncle will come to cook for him.

As for secretary long, he never goes into the kitchen at all. Most of the time, he orders takeout.

"That I can't cook. " Liu Yueyao rubbed her arms in embarrassment.
