

CHAPTER 291:

It's a room with simple decoration.

An old man reclined in a reclining chair and closed his eyes.

On the nanmu table was a yellow document bag with four small characters on its bottom: Wu Zhi and Shou.

For a long time, the old man opened his eyes, reached out and picked up the Yellow document bag. After a few seconds of stagnation in the air, he put it down again and picked it up again.

So repeated several times, he secretly issued a sigh: "miss my Wu Zhi and military life, did not expect to be baffled by this son."

With these words, he fell on the couch and closed his eyes again.

Yes, he is Wu Zhihe, the head of the Wu family. He is worried about choosing a new one recently.

Before long, the phone rang on the desk.

Wu Zhihe opened his eyes again, picked up his mobile phone and saw the caller ID. the corner of his mouth was smiling slightly, and he connected the phone by sliding the screen.

"Ouyang, I've been waiting for your call for a long time." Wu Zhihe spat out a sentence to the mobile phone. His tone is like a lake, calm without a trace of waves.

"Lao Wu, have you seen what I sent you?" An old man's voice came from the other end of the phone.

"No When Wu Zhihe answered, he reached for the Yellow document bag on the desk again.

"Why not

"I dare not look."

"Take a look. In the file bag is the information about the heirs of the owners I recommended for you. This is just my suggestion. The final choice is still with you and the Wu family." The voice on the other end of the phone was more subdued than before.

Wu Zhihe stared at the file bag and was silent for a few seconds. His mouth trembled and uttered a sentence: "I am afraid of..."

Words to the mouth, after all, still did not say.

"You are afraid that the person I recommend is not the same as your inner thoughts, right?" That's what the phone says.

"Ouyang, you know me best."

"Lao Wu, we have been friends for decades. How can I not understand you?"

"Guess, then, who will be my successor?"

"You don't have to guess. It's exactly what I think." The voice on the other end of the phone was silent for a few seconds, urging, "open the file bag, the answer is in it."

"Good!"

Wu Zhihe gritted his teeth and opened the file bag with shaking arms.

First of all, a photo was printed into his eyes. Seeing this photo, Wu Zhihe's face showed a long lost smile.

"Good!"

Staring at the picture and nodding forcefully, he said to the phone, "the person you recommended is the same person as I thought."

"That's good." On the phone, the old man said with a smile, "look, there is a reason for my selection."

"Good."

After Wu Zhihe answered, he carefully looked through the information inside.

After a cursory look at these materials, he couldn't help sighing: "Ouyang, you are really interested in investigating all aspects of this boy."

"If you let me choose a successor, I'll take it seriously."

"Thank you."

"In terms of our friendship, these two words are quite different." The old man on the phone laughed twice and tried to ask, "do you have the answer in mind for the successor?"

"Yes, I have decided."

"No matter what, I will support you." When the old man said this, his tone changed: "the family meeting once every 25 years is about to be held. We need to seize the time to enhance the strength of the heirs."

"I know that."

"I don't need to talk about many things. You know better than I do. However, I have to say one more word. This matter of inheritors of the Wu family is very important and must be treated with caution."

"Ouyang, only you can say this to me, ha ha..." Wu Zhihe laughed at his mobile phone.

"Lao Wu, if you are busy, I won't disturb you."

"Good!" Wu Zhihe hung up and picked up the documents and photos again.

After staring at the picture, I slowly looked up and looked out of the window.

Eyes straight into the distance, as deep as a freeze frame, eyes seem to penetrate everything in front.

After staring at the distance for a long time, Wu Zhihe slowly closed his eyes and lay motionless on the chair.

Time seems to be still, and I don't know how long it took. Wu Zhihe opened his eyes slowly, as if he had made some important decision. He picked up his mobile phone and dialed a phone.

After the call was put through, a woman's voice came from inside: "Sir, do you have any instructions?"

"Secretary long, where is the young master now?" Wu Zhihe asked the mobile phone.

"The young master has just returned home and is reading in his study." Inside the phone is the voice of Long Yun, indifferent but respectful.

"Good."

Wu Zhihe nodded with satisfaction and said to the phone, "you are ready to prepare. I want to

make a will."

"Sir, you mean to set up a young master..."

"Yes."

"Have you considered it?" "Of course."

"I see."

"Take good care of the young master and urge him to study hard."

"Yes."

"What's more..." Wu Zhihe thought about it for a moment and said to his mobile phone, "don't let him know about the will for the time being."

"Understand!"

"Well, you go and prepare." Wu Zhihe said this and hung up his mobile phone directly.

After hanging up the phone, he reclined in his reclining chair, thinking about the ups and downs of these years, and the love and hatred between the Wu family and the other three families.

The Wu family has always been the most powerful family among the four families. There are

enmities between Wu family and Ouyang family, Shangguan family and Guli family.

Under his rule, the relationship between the Wu family and the three families did not deteriorate. There were both competition and cooperation, and there were even some love stories between the families.

Over the years, the Wu family has been in a leading position, and this advantage has continued to the present.

This selection of successors is to hope that the heirs can lead the family to continue to create brilliance, so that the Wu family can maintain this advantage and always be superior to other families.

Wu Zhihe sat there in a daze, thinking about the past and future of his family. Time was like solidification, as if a century had passed.

Haitian garden.

At this time, Wu Tian is reading in his study. He doesn't know that his grandfather is calling Secretary long to make a major decision.

After he separated from sister LAN, he went back home and locked himself in his study.

Through this period of study, Wu Tian has made great progress and has a deep understanding of the knowledge of economics, management and finance.

Of course, he is not satisfied with this, he is still learning deeper knowledge.

Now understand a truth, when you are in a different position, you will encounter different hardships and troubles, and you need to deal with them differently.

Only when you have enough knowledge reserve and strong enough soft power, will you be calm when you encounter difficulties.

Just as he was reading, he felt someone peeping behind his back.

Looking back, I saw a dark figure flash past the door.

"Secretary long?" Wu Tian frowned slightly, judging from the figure and height of the shadow, it was Secretary long who peeped at him.

CHAPTER 292:

At this time of weekdays, Secretary long has already fallen asleep. How could he hide outside the door to peep tonight.

Is this girl trying to do something wrong?

In his mind, Wu Tian pretends not to know. He keeps reading, and realizes that the shadow is close to the door again.

He rushed out of the room with a thunderbolt and saw the panic of Longyun ready to run away.

Wu Tianyi grabs Long Yun's arm and asks in an aggressive manner: "Secretary long, why are you

hiding outside the door and peeping at me stealthily?"

"No No Long Yun face color a embarrassed, will head to the right side, eyes obviously some flicker uneasiness.

"The name is peeping at me, but I don't admit it." Wu Tian stretched out his hand to hold Longyun's chin, staring at her cold eyes, and questioned: "are you afraid of Ben Shao's beauty and want to plot against this little girl?"

"The young master thinks too much."

Long Yun pushed Wu Tian's arm aside, stepped back two steps, and said coldly, "I just want to supervise to see if the young master is studying hard."

"Stinky girl, you are clearly..."

"Well, nothing else. I'll go back to my room and go to bed." Long Yun finished saying this, turned to walk toward the room, walked a few steps, suddenly turned around, "by the way, the master just called."

"Grandfather called. Can I help you?"

"He asked me to urge you to study hard and not to be lazy."

"What else?"

"No more." Long Yun said this, turned into his own house, about the will did not mention a word.

"How do you feel that this girl is weird tonight?" Looking at Longyun's back, Wu Tian whispered to himself.

I always feel that Secretary long has something to hide from himself. Maybe it has something to do with my grandfather.

Forget it, it's too late to go to bed. I'll torture Secretary long another day. Thinking of this, I turn back to my room and go to bed.

Next, Wu Tian devoted most of his time and energy to his study. Of course, Wushu was not wasted.

In addition to learning, I usually learn martial arts with Qinglong.

But this period of time Long Yun will urge him, always remind him to study, much more severe than usual.

Now I doubt that my grandfather must have said something to Secretary long that night, otherwise this woman would not suddenly become so harsh.

Wu Tiandao has no opinion about Secretary Long's strict supervision. In his opinion, this may be the meaning of his grandfather.

In addition to reading, learning and practicing, he will go to Tianmu technology in his spare time to pay attention to the latest development of mobile phone system.

As for the Tianhao Hotel and the Wanjie project, sun Xiaohao and Jiang Wan were entrusted to him. He was very relieved and seldom asked about it.

On Tuesday afternoon, I suddenly received a call from Li Mu saying that it was a major breakthrough in the domestic system.

After receiving the good news, Wu Tian felt very excited. Before class, he fled school and went directly to Tianmu technology.

"Great, boss." Li Mu Ying came up and grasped Wu Tian's arm. He could not hide his excitement and excitement. "Our new system has made a major breakthrough, the ecology has been initially improved, and the promotion effect in the early stage is good."

As the founder of the company and the planner of the new system, Li Mu was very excited by every achievement.

Domestic operating system is like his own child, watching the child grow up day by day, so he has a special sense of achievement.

"Well done." Wu Tian patted Li Mu on the shoulder and said with appreciation, "I didn't miss you at the beginning. You are really a talent. You have made the new system vivid in such a short time."

"The breakthrough of the domestic system is mainly due to boss Wu. Without the support and financing of boss Wu, I would not have been able to do it even if I had the talent." Li Mu said this and bowed deeply to Wu Tian: "on behalf of all the staff, I thank Mr. Wu."

"Let's not push here." Wu Tian helped Li Mu to his feet and said with a smile, "in terms of credit, we all have credit. The success of the domestic system can not be separated from the efforts of each of our brothers. Let's clap for ourselves together."

"Well said." Li Mu took the lead in clapping, and other employees clapped in succession.

"This period of time everybody is laborious, I personally out of pocket, take out one million reward to everybody."

"Thank you, boss Wu."

"Pa pa pa pa..."

The whole office was filled with applause and cheers.

Wu Tian pressed his hands and motioned for everyone to be quiet. Then he said, "in order to celebrate the phased success of our new system, after work, let's go to the hotel to have dinner and drink, and have a good celebration."

"What's more..."

After announcing the news, Wu Tian added: "before, everyone worked overtime very hard. Next, we arranged for you to take turns off. Everyone has paid leave. Take this opportunity,

brothers go back to accompany their families and lovers, parents and children."

"Good..."

The office cheers one after another, the staff are excited to dance, cheering.

I'm very glad to have a boss like Wu Tian. I put myself in the shoes of the employees. I not only give bonus and have dinner together, but also take turns to take leave."Well, let's get busy first. Let's go out for dinner after work." After announcing some good news, Wu Tian indicated that we should continue to work.

The employees returned to their posts and continued to be busy. They seemed to be more energetic and passionate than before.

Just after settling down the staff, Wu Tian went over and patted Yuan Wangchun and Zhou Cheng on the shoulder, praising him: "as the backbone of the game board, you have made great contributions."

At present, the company's main operating expenses and profits are from the game board.

That is to say, at present, the company mainly relies on games to make money.

"Alas

Zhou Cheng sighed a little, some depressed self reproach: "boss Wu, recently, the profits of the game have continued to decline, and the total daily revenue is only about 100 million yuan."

"The decline is really fast. What's the reason for that?" Wu Tian asked about the situation.

"Mainly piracy." After Zhou Cheng said this, Yuan Wangchun added: "after our game fire, there have been companies developing piracy. Now the total revenue of pirated companies has exceeded us."

"Piracy is really rampant."

"I'm not reconciled." Zhou Cheng gnawed his teeth and said in agony: "the game we spent time, energy and money on was pirated and made money by others. What's the difference between this and bandits?"

"It seems that we have to find a way to crack down on piracy."

"It's a thankless job to crack down on piracy. It's very difficult for us to rely on ourselves."

"You will continue to put away the position of the game and give me the task of combating piracy." Wu Tian thought about it for a moment and ordered Zhou Cheng, "you go to investigate and find out which companies are stealing our games."

"I've already checked this out." Zhou Cheng took out a form from the file box and handed it to Wu Tian, "there are 19 companies on it, all of which directly or indirectly participated in pirating our game."

"Good." Wu Tian took the form and said: "I want to make these bandits disappear completely."

With these words, he took out his mobile phone and dialed Long Yun's telephone number, and told Secretary Long to deal with the 19 pirated companies.

CHAPTER 293:

I believe that with the efficiency of secretary long, these pirated companies will soon be solved, and the revenue capacity of Tianmu technology game will certainly be further enhanced.

After the call, Li Mu asked his staff to have a dinner together at the hotel when he saw the off-duty time.

Wu Tian also went with them, drinking and chatting with the staff, encouraging them to work hard for their career and dream.

After dinner, it was eight o'clock in the evening. Wu Tian asked Uncle Fu Gui to go back first. He wandered in the street alone.

Luzhou night is very impetuous, everywhere is full of wine and wine, we are busy all day, only at this time the most relaxed.

Walking alone in the dim yellow street, let the night wind blow his face, mind can not help thinking.

It's like a dream to think back on what happened during this period of time.

From knowing his real identity, he is rapidly changing from inside to outside, from a hanging silk

to a business elite.

Keep learning, improving, growing, and make yourself stronger.

Once that ignorant youth no longer exists, now he has been completely transformed, strong enough to make people around feel afraid.

Now he has been unable to stop his pace. He also shoulders a greater mission. He must make himself stronger so that he can live up to his grandfather's cultivation and expectation.

A little success is just the beginning. The road to the top is a long way to go, and he will never stop.

Just as he was walking on the road, he looked up and peeped into a familiar figure across the street.

River snow?

The girl was squatting on the street alone, with a large suitcase beside her and some tears on her face.

At night, the girl didn't sleep at home and ran to the street with her suitcase. What happened?

Thinking of this, he quickly walked across the street, quickly approached Jiang Xue, reached out

and patted her on the shoulder.

Jiang Xue's body shrinks. When she looks back and sees Wu Tian, she immediately shows a smile: "Hello, how can it be you?"

"I'm walking across the street, and when I see you squatting here, I'll come and have a look."  
Wu Tian explained and couldn't help but care: "are you OK when you come out alone so late?"

"I Wuwuwu... "

Jiang Xue didn't finish speaking, so she threw herself into Wu tianhuai and began to cry in tears.

"Er..."

Wu Tian is as stunned as a wooden man.

Feel this piece of soft and hot warmth, for a time some of the mind and mind, the body inexplicably some restless.

No wonder, this girl's figure is too perfect, so close contact, it is inevitable that she will be confused.

Soon put aside the messy ideas in his mind, soft voice care way: "snow, don't cry, tell me, what's going on?"

"I quarreled with my mother and ran away from home." Shen Xue answers this, but holds Wu Tian tighter.

"Quarrel?"

"Well."

"Then why did you quarrel with your mother?" Wu Tian couldn't help questioning.

In the impression, Shen Xue is a kind and sensible child. According to the law, she should not quarrel with her parents.

"My mother, she forced me to go on a blind date. I didn't want to, so I quarreled." Shen Xue sniffs wrongly.

"Then you should communicate well with your mother..."

"I just don't want a blind date." Shen Xue pushed Wu Tian aside and wiped his tears from the corner of his eyes I won't even go out on a blind date. "

She is now like a big aggrieved cat, the appearance is very distressing.

"Here you are

Wu Tian took out the paper towel and handed it to him. He tried to ask, "what's your plan now?"

"I told my parents to come out and rent a house first and then go back later." Shen Xue took the

paper towel and wiped the tears on her face.

Just thinking of crying in Wu tianhuai just like a child, I feel a little embarrassed, and my cheeks blush inexplicably.

"Where are you going to rent a house so late?"

"I don't know."

"Otherwise, you go to my house first?" Wu Tian couldn't help putting forward such a proposal.

It's too late, it's not so easy to rent, and it's not safe for a girl to live alone outside.

"To your house?" Shen Xue has a bit of vigilant embrace the body, warning: "I am not so casual girl."

"I don't mean that. I want you to stay in my house for a few days, and then move there when you find a house."

"Is it convenient?"

"Convenient."

"All right."

"Go, I'll take you home." Wu Tian took the trunk to the street and stopped a taxi.

Then they went back to Haitian garden by car.

Taking the elevator to the 11th floor, Wu Tian pointed to the rooms on both sides of the corridor and said, "these three houses are all mine. That one is for the rich and noble uncle's family. The small one here is for Qinglong. I live in this big one." After a brief introduction, he took out the key and opened the door.

A burst of fragrance came, Long Yun bathed in a nightdress, sitting in front of the living room sofa reading.

Seeing the woman wearing pajamas in the room, Shen Xue's face suddenly sank and asked, "who is she?"

This is Shen Xue's first visit to Wu Tian's residence. He has never seen Long Yun before, and naturally he doesn't know his identity.

"Let me introduce you. This is my secretary, Long Yun." Wu Tian points to Long Yun and introduces Shen Xue.

"Secretary?" Shen Xue breathed a sigh of relief, but still felt a little uncomfortable in her heart.

In the heart can not help but secretly suspect that this woman is beautiful and moving, hot and sexy, is really just a secretary?

Do all secretaries now live in the boss's house?

"Yes." Wu Tian nodded and said to Long Yun, "this is my guest Shen Xue. During this period of time, Secretary long will take good care of me."

"Yes."

After answering, Long Yun goes to take the suitcase from Wu Tian's hand, and can't help but glare at Shen Xue.

In her opinion, the girl in front of her is probably colluding with the young master and wants to take advantage of him.

Of course, as a secretary, she didn't say much. She could only turn a blind eye and scold the young master in her heart.

"Xiaoxue, I'll show you how to get familiar with it." Wu Tian finished saying this, pulling Shen Xue to introduce several people's rooms.

There are many rooms in the house. Besides the master bedroom of Wu Tian and the secondary bedroom of Long Yun, there are four guest rooms.

Taking Shen Xue into the largest guest room, he said, "the quilts here are clean, so you can stay here for the time being. Please tell me what you need at any time."

"Hello

Shen Xue doesn't want to see the room now. She closes the door and says, "how can you let the

Secretary live at home?"

"This is not an ordinary secretary, but an assistant arranged by my grandfather to supervise my study and work."

"I see." Shen Xue was satisfied with this explanation, and then said, "how do I feel that your secretary is hostile to me?"

"She's like that to everyone. She's cold."

"But I always feel ..."

CHAPTER 294:

"Don't think about it. If she dares to bully you, tell me I'll help you repair her." Wu Tian said with a smile.

"All right." Shen Xue laughs strangely and feels a little lost.

I thought I could enjoy the world of two with Wu Tian, but I didn't expect that there was such a secretary at home.

"Bang! Bang! Bang"

Knock on the door, Long Yun burst into the room, white Shen Xue one eye, reported to Wu Tianhui: "young master, there are guests from home."

"What guest?"

"Officer su."

"Su Ruyun?"

"Yes."

"Why did she come?" Wu Tian frowned.

For no reason, how could this violent policewoman run to her own home? I don't seem to have done anything recently.

"Young master." Long Yun walked over and whispered to Wu tianer: "officer Su is here to protect you."

"Protect me?"

"Yes."

"Why did she suddenly come to protect me?"

"I said hello to the Bureau. The bureau gave me this face and sent Su Ruyun to protect it." Long Yun explained in a low voice.

"Did you arrange it?" Wu Tian understood that it was Secretary Long who arranged for Su Ruyun to come to protect him with the help of family forces.

"Yes."

"Who told you to make your own decisions and find a woman to protect me?" Wu Tian's eyes were tight, with a little anger in his eyes.

"Young master, this is an extraordinary time. I will absolutely ensure your safety."

"Extraordinary times?"

"Yes."

"What do you mean?"

"This..." Long Yun hesitated for a few seconds and said coldly, "there are some things I can't tell you now, but I believe you will know the answer soon."

"Was it from my grandfather?"

"....." Long Yun didn't speak, which was a default.

"What happened? Why are you so strict with me all of a sudden? And send the police home to protect me? "

“.....”

"Don't say so." Wu Tian slowly approaches Long Yun, has been forcing her to the corner of the wall, stretched out his hand to hold her chin, "believe it or not, this is less impolite to you?"

“.....” Long Yun still did not speak, like wood standing in the corner, the whole body up and down the cold air straight out.

"Shit!"

Wu Tianshi can't stand the cold look of Longyun and reaches out to give the woman a lesson.

The hand has not touched Long Yun's body, is Shen Xue Qi to shout to stop: "Wu Tian, what are you doing?"

"I That Train her. " Wu Tian awkwardly retracts his arm, which reminds him that Shen Xue is still behind him.

"It's shameless of you to take advantage of a secretary." Shen Xue despised a sentence, full of disgust in his eyes.

She didn't know how she fell in love with Wu Tian, a big radish. She even tried to plot against other women when she was facing other women.

"Don't get me wrong, I'm just..." Wu Tian also wanted to explain, but the door was kicked open and Su Ruyun burst in.

Dressed in grey jeans and jeans, the woman is tight and flexible, with long, slender legs, which makes her look very attractive.

"Wu Tian, you really know how to play. You are still in the golden house." Su Ruyun glanced at Jiang Xue and despised Tao coldly.

Without waiting for Wu Tian to answer, Jiang Xue next to him couldn't help asking, "Hey, who are you? Why are you in Wu Tian's house?"

"Who I am seems to have nothing to do with you." Su Ruyun spewed out a sentence coldly, holding her chest in her hands and leaning against the door.

"You..."

Shen Xueqi's mouth slightly drew, turned his head and set his eyes on Wu Tian's face, questioning: "who is this woman?"

"She is Su Ruyun, the commander of Dongcheng police station." Wu Tian explained with a smile.

"The police? Then why is she in your house

"That She's responsible for protecting me. "

"You really know how to play." Shen Xue fiercely white Wu Tian one eye, indignant biting mouth: "there is such a sexy and cold Beauty Secretary at home, and now the beauty police flower is called to protect you."

I didn't expect so many women around Wu Tian, and all of them were excellent. She had a hot body and a beautiful face. No one was worse than her.

"I can't help it..." Wu Tian wanted to cry without tears.

The beautiful secretary is arranged by grandfather. Even the beautiful police flower is also the Secretary's inspiration. It is not his intention.

"Forget it. You can talk. I'll take a bath." Shen Xue also found that she was a little too aggressive, so she went into the bathroom with her pajamas in her arms.

Although she likes Wu Tian in her heart, they don't have that deep relationship at present. As for the woman Wu Tian is with, it seems that it has nothing to do with her.

Know this matter should not tube, but she can not help but secretly angry, nest a belly of anger, nowhere to vent, can only rush into the bathroom with hot water to reduce the fire.

"Is she your girlfriend?" Su Ruyun glanced at the direction of the bathroom and couldn't help asking Wu Tian."It's none of your business."

Wu Tian finished answering this and stepped closer to Su Ruyun, "I said officer Su Da, what are

you doing in my house?"

"You think I want to come!" Su Ruyun changed her posture and leaned on the door and said impatiently, "I don't know what the top thinks. I've been sent to protect you. It's a ghost."

"Did your director send you?"

"No, it's the city council's order to protect you for a while."

"City Council?" Wu Tian can't help but glance at Long Yun.

I didn't expect that the girl would be in a big fight. She even used her family power and asked the Municipal Bureau to send someone to protect her.

Secretary Long has never seen such a big fight. Is there really something big going on in the family?

"I don't understand why the City Council sent me here to protect a little boy like you." Su Ruyun complained secretly and turned away from the room.

"Hoo!"

Wu Tian didn't say anything. He took a breath and turned to Longyun and said, "since they are all guests, settle them down."

With these words, he turned and entered the study.

When you open an economics book, you can't see it. Your mind is in a mess, and you always feel that something big is going to happen.

Staring at the books, Wu Tian finally put the books back on the shelf.

Pick up the phone number. Open the phone.

After a long hesitation, I finally decided to call my grandfather.

It took a long time to get through.

I heard a thick voice from my grandfather on the phone: "Xiao Tian, call so late, what's the matter?"

"Grandfather, I want to talk to you." Wu Tian's tone is soft like a child.

Every time she talked to her grandfather, she felt nervous and warm, and her mood was very complicated.

"Well, I want to talk to you, too." On the other end of the phone, Wu Zhihe's voice was kind and severe.

"Grandfather, has something happened to our Wu family recently?" Wu Tian tries to ask the mobile phone.

From the recent abnormal performance of secretary long, we can see that something must

have happened in the family.

In the past, Secretary long never urged him to study and practice Kung Fu, but recently he has been very tight on him.

Secretary long never sent someone to protect him before. This time, he directly used his strength to let the police come to protect him.

CHAPTER 295:

"Why do you ask me that, little day?" There was silence on the phone for a few seconds before Wu Zhi and the vicissitudes of life came to him.

"Secretary long has been acting abnormally recently. I suspect something has happened to the family." Wu Tian explained a sentence and asked, "what happened at home, grandfather?"

"You are really careful. I didn't intend to tell you something so soon, for fear of causing unnecessary pressure on you. It seems that I can't hide it now."

"Grandfather, what's wrong with the family?"

"Nothing." Wu Zhihe stopped for a moment and continued: "the family meeting once every 25 years is about to be held. Do you know what it means?"

"I don't know."

"The family meeting is the most important event of the Wu family, in which the successor of the

family will be selected."

"Choose an heir?"

"Yes." Wu Zhihe was silent for a few seconds, as if waiting for Wu Tian to ask.

But Wu Tian had no idea about the family meeting and didn't know what to ask, so he didn't speak.

After a brief silence, Wu Zhihe's voice came again on the phone: "that is to say, a new successor will be born at the family meeting, which will affect the rise and fall of the family in the next 20 years."

"Why haven't I heard of such an important conference before?"

"I have been deliberately hiding from you, do not want to put too much pressure on your spiritual level."

"I see."

"I set you up as an abandoned baby in the folk. I spent a lot of effort and energy to let you constantly experience and grow up, so that one day I can become the successor and helmsman and carry forward the Wu family." When he said this, Wu Zhihe basically bit his teeth.

"I didn't expect that my grandfather was so kind to me." Wu Tianneng felt his grandfather's

devotion and love to him.

It's just that this kind of love is different from the love of ordinary families, where bread contains more expectations.

"I've trained you in this way for more than 20 years, but you haven't let me down." Wu Zhihe said here, showing a gratifying laugh: "through this period of time to test you, you have performed very well, all aspects of ability are better than other descendants of the Wu family, is the best candidate for successor."

"My grandfather decided to let me be the successor and head of the Wu family?"

"Yes." Wu Zhihe said firmly: "I have decided to let you inherit my position and become the master of the house."

"Don't worry, grandfather. I promise I won't let you down on my cultivation and expectation." Wu Tian made a hasty statement.

Since knowing the grandfather's good intentions, he has been working hard to make himself strong in all aspects.

I just hope that one day I can live up to my grandfather's expectations and live up to his great love and cultivation over the years.

"Little day, I believe you can do it." Wu Zhihe said this and then turned his tone: "but now you are still facing many crises and tests."

"What crises?"

"Maybe you don't know the relationship between the four families yet."

"I don't know."

"Our Wu family has a good relationship with Ouyang family, but we are in opposition to Baili family and Shangguan family." Wu Zhihe brewed it for a while, and then said, "in short, the Wu family has been uniting with Ouyang family to fight against Baili and Shangguan family. At present, the four families check and balance each other."

"This relationship should be the strongest."

"No!" Wu Zhihe sighed and continued: "on the surface, it seems to be stable, but in fact, it is full of wind and rain."

"What do you mean?"

"In order to fight for the position of successor, many of our Wu family's sons and grandchildren have become traitors. They secretly unite with Baili family and Shangguan family to rebel at the family meeting."

"And such things?"

"This is a big hidden danger for the Wu family." When Wu Zhihe said this, his tone became dignified again. "The descendants of the Wu family will certainly use the Baili family and Shangguan family to attack you. The two families will certainly take this opportunity to stir up the Wu family."

"So, the Baili family and Shangguan family have always been the biggest hidden danger of our Wu family?"

"Yes."

"Let's try to kill Baili and Shangguan families."

"Alas Wu Zhihe sighed and said, "it's not easy to destroy these two big families."

"Grandfather, don't worry. I promise that sooner or later, these two families will be destroyed and our Wu family will be developed and expanded."

"Good boy, your ambition is like that of my grandfather." Wu Zhihe approved a sentence and couldn't help feeling: "it seems that there are successors in our Wu family."

"As the saying goes, we must first settle down the internal contradictions in order to unite and unite with the outside world."

"Well said, but don't worry, I'll send someone to deal with it." Speaking of this, Wu Zhihe thought of another thing and added: "recently, I am trying to find a way to secretly transfer assets back from abroad to pave the way for your future inheritance."

"What a thoughtful grandfather." "Now is an extraordinary period. You should not only accelerate your study and improve your strength, but also protect yourself. You must not make any mistakes." Wu Zhihe said earnestly.

"Don't worry, grandfather. I will protect myself."

"That's good. That's it."

"Grandfather, you have a rest early. I won't disturb your sleep. Goodbye, Grandpa." Wu Tian finished saying this, and then hung up his mobile phone for a while.

After the call, he would lie on his desk in a daze, thinking back to what his grandfather had just said.

From the conversation just now, we can see that the Wu family is now facing internal and external troubles. There are two family enemies, the Guli family and the Shangguan family.

Internal division, in order to fight for heirs and fight their own way, seriously affected the unity of the family.

Although the Wu family is very large and influential all over the world, it also faces great challenges.

At present, the descendants of the Wu family are fighting for the heirs. If they know that Wu Tian is listed as the successor, they will definitely point the spearhead at Wu Tian.

That is to say, we should keep this matter absolutely confidential, and we can't let anyone know it, so as to avoid causing death.

Now it is clear that white dragon secretary's good intentions, deliberately left officer Su at his side, in case of any accident, there is also a care.

No matter how rampant the opponent is, we should also take into account Su Ruyun's police identity.

Moreover, officer Su stayed with him. In case of any accident, he could respond quickly and mobilize the police to support him.

Seeing the sample, Secretary Zilong thought very considerate.

After sitting in the study for a long time, Wu Tian picked up the book and looked at it again. Later, he found someone peeping outside the study.

Do not want to know, it is secretary long who secretly observes and supervises him.

Although the girl is usually cold like a stone, she is still very interested in him at the critical moment.

Pretending that he didn't find Secretary long, Wu Tian continued to read and study, and didn't take a bath until very late.

The next day, Wu Tian was awakened by a knock on the door.

Stretch to open the door, see Shen Xue standing outside the door, sweet tone said: "big lazy, get up to eat."

CHAPTER 296:

"So early did you get the meal ready?" Wu Tian took a look at the time with his mobile phone. It was just before seven o'clock.

"Get up early and get used to it." Shen Xue smiles, tilts his head and says: "go to wash your face and brush your teeth, finish eating."

"ok! " After Wu Tian answered, he got into the bathroom and began to wash.

When he finished washing his face and walked out of the room, he saw that the table was full of breakfast.

Secretary long and Su Ruyun are sitting on the table, gobbling up their food. They can't help but extend their thumbs to appreciate the delicious food.

It goes without saying that Shen Xue's cooking skills are 100 times more corrupt than Michelin chef, and everyone will praise her craftsmanship.

Shen Xue doesn't eat and sits at the table waiting for Wu Tian.

Wu Tian came out after washing his face. He waved and urged: "Why are you in a daze? Come and eat!"

"Good!" Wu Tian nodded and went to sit down beside Shen Xue. "Xiao Xue, thank you for making breakfast for everyone."

"I made it mainly for you, and by the way I made some for them." Shen Xue finished saying this, took a few rolls and put them in the miserable dish, "how about taste?"

"I'll try it." Wu Tian picked up the pancake and bit it. He could not help exclaiming, "yummy, it's so delicious."

With these words, he gobbled up.

"Eat slowly and don't choke." Shen Xue poured a cup of milk and handed it over, "come on, drink some milk first."

"Yes, you will." Wu Tian took the milk and drank it. He couldn't help but exclaim again: "snow, your milk is so good to drink."

"Cough..."

Shen Xuemeng coughed in a fierce voice and said angrily, "Wu Tian, what are you talking about?"

"I said your milk..."

When Wu Tianhua was in the middle of his speech, she found Shen Xueqiao blushing. She

realized that she had said something wrong and quickly changed her words: "don't get me wrong. I said that the milk you made is good to drink, not your milk."

At this point, he looked down and couldn't help but glance in front of Shen Xue.

"You I hate it. " Shen Xue turned slightly, and her pretty face was even scarlet than before.

"Come on, eat." Wu Tian gives Shen Xue a pancake, and then continues to enjoy the delicious food.

The breakfast was a mess for several people.

Everyone was deeply attracted by the delicacy. Even Long Yun, who was usually silent, couldn't help but praise Shen Xue's craftsmanship.

Seeing that everyone was so happy to eat, Shen Xue couldn't help but feel smug and happy.

"Hello."

Su put her body close to Wu Tian and asked in a low voice, "who is that woman? How can it be so delicious? "

"I'll give you a serious introduction." Wu Tian wiped his mouth with a paper towel, pointed to Shen Xue and introduced them: "she is the top chef of Fuyuan restaurant, and all the customized meals are made by her."

"I didn't expect her to be a chef at such a young age. No wonder the cooking is so delicious." Su Ruyun expressed his feelings from his heart.

To tell you the truth, she has never had such a good food in her life. When she had breakfast just now, she felt that her mouth and taste buds were enjoying the ultimate delicacy.

"Officer Su and Secretary long, you should be nice to Xiaoxue in the future, otherwise you don't want to eat her delicious food." Wu Tian smiles and reminds them.

"Miss Shen, can you cook for us every day?"

"Tell her about it yourself." Wu Tian shrunk his head and looked indifferent.

"Get out of here

Su Ruyun severely kicked Wu Tian's chair, then went to Shen Xue and stretched out his right hand. "Let's get to know each other again. My name is Su Ruyun, the law enforcement chief of Dongcheng police station."

"Hello, officer su." Shen Xue gets up and shakes hands with Su Ruyun, returning a warm smile.

"Don't call me Sergeant su. Call me refined later." Su Ruyun took Shen Xue's arm, walked to the sofa and sat down in front of the sofa. "We will be friends in the future. If anyone dares to bully you, tell me I'll beat him for you."

Thank you

"Don't be so polite to me. By the way, your cooking skills are really excellent. What you eat is addictive. Can you often cook for us in the future?" After a series of approaches, Su Ruyun went straight to the theme.

"No problem, of course."

"It's very kind of you, Xiao Xue."

"I don't have any hobbies. I like to cook at ordinary times. I'm very happy to see you have a good time. By the way, what do you like to eat will be made for you at night."

"I love spicy food..."

Two people around the food began to chat, soon with the sister like talking and laughing.

Expect later, Su Ruyun can't help but warn: "Wu Tian is not a good thing, you have to stay away from him."

"What's wrong with him?" Shen Xue put her head together and asked in a low voice. She didn't expect that officer Su hated Wu Tian so much.

Previously, I was worried about the ambiguous relationship between the two people. It seems that this kind of worry is totally unnecessary.

From officer Su's attitude, we can see that she has no interest in Wu Tian. Her eyes are full of disgust and disdain. "Wu Tianna is a rogue. He took advantage of me before." Su Ruyun said in a

low voice.

"What a jerk." On hearing this, Shen Xue scolded her, and she was not very happy in her heart.

"You must be careful not to be taken advantage of by that guy." Su Ruyun ordered a sentence, but did not forget to pacify: "if that guy takes advantage of you, tell me, see how I deal with him."

"Well!"

Shen Xue nodded and didn't say much. She just glared at Wu Tian with a complicated look.

Wu Tian naturally did not know what the two women were talking about. Seeing that the two women got along so well, he was relieved.

After breakfast, after saying goodbye to the second daughter, I went to school by bus.

On the street not far from the school, Wu Tian sees a familiar figure, which is Mr. Muran.

She was wearing a black suit today. She was running into the street in a hurry, with a drunk behind her.

Is Mr. Mu entangled by a drunk?

Thinking of this, Wu Tian quickly yelled to Uncle Fugui: "Uncle Fugui, come on, stop quickly."

"Creak!"

After the shout, a quick kill, the red flag car steadily parked on the roadside.

"Uncle Fu Gui, you go back first. Don't worry about me. I'll go to school by myself later." Wu Tian gave an order to Liu Fugui and got off the car and ran in the direction of teacher mu.

Anyway, it's very close to the school now. It's only a few minutes' walk. There's no need for rich uncle to wait here.

When he crossed the road, he found that Mr. Mu fell down on a stone and knelt on the ground.

As soon as Mr. Mu fell down, the drunkard quickly followed him and threw his arms at him.

"Oh, don't come here." Mu ran screamed with fright and curled up with both hands.

"Beauty, you are mine." The drunk licked his mouth and reached for Muran's thigh.

In a hurry, Wu Tianfei jumps over and kicks the drunkard hard, kicks the drunk over, and then punches and kicks the drunk.

"Hoo!"

Muran took a long breath and saw Wu Tian suddenly appear, which made her feel at ease a lot.

## CHAPTER 297:

Fortunately, Wu Tian arrived in time. Otherwise, she would be indecent and even humiliated by a drunk. She felt terrible when she thought about it.

Seeing that the drunk was beaten to the head and bleeding, Muran hastily opened his mouth to stop: "little day, don't hit, and then you will die."

"Animals like this should be taught a good lesson." Wu Tian didn't get rid of his anger and continued to fight and kick at the drunk.

"Stop it!"

Muran is worried that Wu classmate makes a human life, once again stops a way: "do not start, you do this again, the teacher can be angry."

"All right." Hearing this, Wu Tian had to stop the tyranny of the drunkard, kicked the drunkard and scolded, "dare to insult Mr. mu, go and apologize to Mr. mu."

After being beaten violently, the drunkard woke up half of the time.

Now bear the pain, shaking the body to Mu ran in front, repeatedly apologized: "I'm sorry, I was wrong, just drunk for a while, just to do that kind of shameless thing to you, I'm sorry."

With that, he bowed and apologized.

"Forget it, little day. Let her go." Mu ran looked at the drunk so pitiful, turned his head and ordered Wu Tian.

"You are so kind." Wu Tian said this and turned to the drunk and said, "today you're far away. Get out of here."

Thank you After thanking the drunk, he turned around and ran. He ran faster than the rabbit and disappeared in the alley.

Seeing the drunkard go far away, Wu Tiancai couldn't help but care about Mu ran: "Mu teacher, are you ok?"

"It's OK. It's just a fall." Muran finish this words, both hands support to want to get up from the ground.

As soon as I exert myself, I can't help but let out a cry of pain.

"Ah

The sound was clear and shrill. It seemed that his nerves had been pulled for a while, which made Wu Tian nervous.

Wu Tian quickly knelt down on the ground and anxiously asked, "teacher mu, what's the matter with you? Are you all right? "

"I have a pain in my back. I feel as if I have a sprain." Mu ran Xiu eyebrow micro Cu, a pair of sad appearance.

"Is it the back waist?" Wu Tian slowly stretched out his hand and tried.

"Ah

Muran once again issued a pain call, red face, gritted teeth and scolded: "Wu Tian, where do you feel your hands?"

"Don't get me wrong, teacher. I'm going to check you out." Wu Tian quickly retracted his right hand and analyzed: "look at the situation. Your back injury is very serious. I have to send you to the hospital."

"Don't go to the hospital. Take me back to my apartment and have a rest."

"No, you're so hurt that you have to go to the hospital." Wu Tian said this and carefully lifted Muran from the ground.

"Ah

Muran once again issued a pain call, warning: "Hun boy, don't touch your hand randomly."

"I'm sorry, Mr. mu. I didn't mean to do it. Please bear with me." Wu Tian reached out and hugged Muran.

As soon as I was in my arms, I felt the tenderness and fullness of it. As soon as I was nervous, I couldn't help holding my hands twice.

"Oh

Muran called, red face angry way: "Wu Tian, do you deliberately take advantage of the teacher?"

"I'm not. I'm just instinctive." Wu Tian explained and immediately relaxed his hands.

Heaven and earth conscience, this is their own teacher, must not be foolishly.

"You..."

Muran also wanted to reprimand a few words, words to the mouth and swallow back.

Now, Wu is not willing to take advantage of things.

But now the two people are so close to each other, the atmosphere is quite ambiguous, and it is difficult to be embarrassed.

The body sticks to Wu Tian's chest, feeling the man's rapid breathing and the man's taste. Muran feels that his cheek is gradually red and hot, and his heart is beating wildly.

She is a teacher, but she is a woman in the end. Her body is so stressed that it is self deception to say that she doesn't feel it.

Look at the boy is her student, how can you think about the students?

Muran tries to restrain himself, try to dispel the confused thoughts in his mind, and try to make himself calm.

"That Mr. mu... " Wu Tian felt the change of Muran's body and tried to ask, "Why are you so hot?"

"Don't talk nonsense. Go quickly." Mu Ran is still calm, carrying the teacher's gesture, deep voice command way.

"Oh

After Wu Tian answered, he quickly walked out of the alley with Mr. mu in his arms. Without any words, he asked, "Mr. mu, how can you be followed by a drunk?"

"I just came out to have breakfast. After breakfast, I came out and was followed by a drunk. I trotted all the way to get rid of the drunk and fell down." Muran told the story briefly.

When speaking, I feel as if my nostrils are spitting fire.

"Drunkards are rampant, bold in the daytime." Wu Tianan scolds, he also has no words to find words, want to distract Mu teacher's attention, in order to resolve the embarrassment. "Fortunately, I met you to help the teacher, otherwise I would be in trouble." Mu ran was grateful.

"I went to school by car just now. I met Mr. mu in danger, so I followed him." Wu Tian finished saying this, and began to blame himself: "all blame me for not protecting Mu teacher, which hurt the teacher."

"Don't say that. The teacher's injury has nothing to do with you."

"By the way, Mr. mu, why are you so red?" Wu Tianyi lowers his head and finds Muran's cheek red.

Now such a charming and moving, such as the red glow of blood dye is particularly attractive.

Never thought, usually severe cruel Mu teacher also has such enchanting side, is really too charming.

"Don't talk nonsense. Teachers don't blush." Don't be embarrassed. Don't bite your head.

"Hey, hey

Wu Tian laughs two times, also did not expose Mu teacher's embarrassment, holding her stride out of the roadway.

Came to the street, just as he was ready to reach for the car, a group of classmates came over.

When he saw Wu Tian holding his teacher so intimate and ambiguous, all the students were shocked.

The students couldn't help casting a suspicious look in the past. They all thought that Wu Tian had an improper relationship with Mr. mu, and some even discussed it in a whisper.

I'm really afraid of what to come from. I'm so embarrassed that I can't wait to find a crack to drill in.

"Don't get me wrong." Seeing the students looking at Mu teacher in this way, Wu Tian quickly explained: "Miss Mu just fell and couldn't move. I'm going to send him to the hospital."

"Well, you go back to school and have a class. Wu will take me to the hospital." Muran soon recovered calm and told the students, "don't talk about it today. If anyone talks about it, don't want to graduate."

This is obviously a threat to the students.

After saying goodbye to Mr. mu, he walked in the direction of the school.

"Master mu, bear with me. I'll take you to the hospital." Wu Tian reaches out to stop a taxi and then gets into the taxi with Muran in his arms.

It may be that when getting on the bus, the action is too big, so that Muran's pain cries out, and the cold sweat on his forehead comes out.

CHAPTER 298:

Wu Tian sent Mr. Mu to the nearest hospital. The examination revealed that Mr. Mu was only injured in the lumbar column, which was not particularly serious.

After some simple treatment, Muran's waist was completely improved and left the hospital

after prescribing some medicine.

They left the hospital and went back to school together.

In the classroom, the students look at Wu Tian and Mu teacher's eyes are obviously a little different. It seems that Wu Tian's love for teacher has spread before, causing criticism in the class.

Muran warned a few words, let the students do not spread rumors, or don't blame her impoliteness.

After a few classes and lunch, Wu Tian received a call from zongliu.

For this call, Wu Tian was a bit surprised. He didn't expect that zongliu would call himself on his own initiative.

Thanks to Zong Liu's recommendation of director Qiao, he had the opportunity to invest in the film that year.

Always wanted to find a chance to thank Zong Liu, but was too busy to take the time, did not expect the other side to take the initiative to call.

"Mr. Zong."

As soon as the phone was connected, Wu Tian said to his mobile phone, "I was just about to call to invite you to dinner. Thank you for recommending me such a good director as Qiao Fugang."

"You are very kind, Mr. Wu."

Zong Liu said this, tone a turn: "I call this time, it is something I want to ask you for help."

"If Mr. Zong needs anything, please do not hesitate to ask."

"Well, my company was framed by people, and the capital chain was trained, so I..." Zong Liu was hesitant and hesitant.

Wu Tian soon understood the other party's intention and tried to ask, "Mr. Zong, do you want to continue the fund now?"

"Yes, if it is convenient for Mr. Wu, I would like to borrow a sum of money from you to alleviate the crisis of the capital chain."

"Well, how much money does Mr. Zong need now?"

"Fifty million."

"Well, I'll send it to you." Wu Tian didn't think about it, so he agreed.

Fifty million yuan is nothing to him. As long as he can solve Mr. Zong's urgent need, he will help him with all his strength.

"Thank you very much, Mr. Wu." On the other end of the phone, Zong liudaoxie's voice was obviously a little excited.

"Don't be in a hurry to thank me until you come." Wu Tian finished saying this and tried to ask, "Mr. Zong's company is in creative street, isn't it?"

I have received zongliu's business card before, and I know his company's location roughly.

"Yes, it's B17, block a, Guohui, Chuangye street."

"Well, I'll be right here." Wu Tian hangs up the phone, leaves school quickly and takes a taxi to Chuangye street.

Soon found zongliu's company, this is a clothing design company, small scale, belongs to the start-up company.

Soon, I met zongliu in the hall of the company. He was discussing with the employees about the countermeasures. He seemed obviously anxious.

"Mr. Zong." Wu Tian rushed up to zongliu and said, "sorry, I'm a little late."

"It's OK. It's OK. Please have a seat." Zong Liu made a gesture of invitation and said to his

assistant, "hurry up and pour tea to Mr. Wu."

"Don't be busy." Wu Tianpai waved his hand and interrupted Zong Liu. He opened the door and said, "let's talk about business."

"No problem." Zongliu nodded.

At present, the company is in trouble, and he has no mind to deal with trivial matters. He goes straight to the theme: "the company is being framed and the capital chain is in crisis. I hope Mr. Wu will contribute generously to help the company solve the capital chain crisis."

"How much money does Mr. Zong need now?"

"Fifty million."

"Here you are." Wu Tian took out the bank card prepared in advance from his pocket and handed it to him, "there are 50 million in it. The password is six digits behind the card number."

"Thank you very much, Mr. Wu." Zongliu took the bank card with both hands and said gratefully: "I didn't expect that we knew each other for a short time. Mr. Wu believed me so much."

"When you repay me for your kindness, Mr. Zong has helped me before. This kind of kindness will be remembered in my heart. If I use it now, it's not a small favor."

"It's a timely help to me." Zong Liu was grateful and assured: "Mr. Wu, don't worry. I will return this money to Mr. Wu with interest as soon as possible."

"The interest will be avoided. Mr. Zong feels that he has to solve the urgent problem."

"Well, I'll give you an IOU first." Zong Liu immediately found paper money, made an IOU and handed it to Wu Tian, and then handed over the 50 million yuan to the financial department.

With the 50 million yuan now, the clothing company will soon be revitalized, so that the company will not be in trouble.

Yes, sir Seeing that zongliu arranged everything, Wu Tian couldn't help asking, "how could your company suddenly have a capital chain crisis?"

"It's a long story. I was set up by a traitor."

"Framed?"

"Yes."

"By whom?"

"It's my competitor, Li Dong." Zong Liu sighed and then explained: "he used his relationship to break my capital chain, so that our company was like blood drawn, and soon fell into crisis." "Mr. Zong, do you want me to help you deal with Li Dong?"

"No more." Zong Liu waved his hand and refused: "Li Dong's backstage is very hard. I don't want you to provoke them for me and cause yourself big trouble."

"All right, then." Wu Tian didn't force himself to approach. It was Mr. Zong's company. He didn't want to interfere.

He just added: "Mr. Zong, if you need to, please let me know at any time, and I will certainly help you."

"Mr. Wu is so kind to me that I can't thank you enough." After saying this, Zong Liu rose and bowed slightly to express his thanks.

"Don't do it." Wu Tian quickly reached out to help Zong Liu's body. "We are friends. Don't be polite to me."

"Thank you for looking down on me." Zongliu couldn't help being excited and excited. He took Wu Tian's arm and said, "we will be good friends in the future."

I'm glad to know such a young man. When he needs help most, he gives generously without saying a word.

"I like to deal with people like Mr. Zong, ha ha..." Wu Tian raised his head and laughed.

At this time, the assistant rushed to report the situation: "Mr. Zong, after the injection of 50 million yuan, the crisis in the capital chain has been perfectly solved, and the company has now returned to normal operation."

"That's good."

On hearing this, Zong Liuchang took a breath, stood up from his chair and said gratefully, "Mr. Wu, you are really the lucky star of our company. Thank you."

"Mr. Zong is so polite." Wu Tian also stood up from his chair.

"You can rest assured that I will pay you back as soon as possible."

"No hurry." Wu Tian generously waved his hand and said with a smile, "I don't need money now. Mr. Zong doesn't have to pay back the money in a hurry."

"Well, it's my treat. Let's go to the hotel and have a drink." After solving the company's crisis, zongliu was in a better mood and suggested going out for a drink.

"Well, then I'll be obedient rather than respectful." That's good. When it's time for dinner, Wu Tian doesn't have to push.

"Mr. Wu, please."

"Don't call me Mr. Wu, just call me Xiaotian."

"Well, I'll call you Xiaotian, please."

"Please!"

CHAPTER 299:

They got up and walked outside the company. As soon as they got to the door, they saw the assistant running over in a hurry. They cried, "Mr. Zong, it's not good..."

"What's going on?" Zong Liu white assistant one eye, deep voice drinks to ask a way.

"It's Li Dong. He brought people here..."

"Li Dong?" Mentioning this name, Zong Liu eyebrows slightly tight, in the eye obviously many a minute anxious color.

After a while, I saw a young man in suit and leather shoes and his entourage.

This is Li Dong, the boss of Dong'an clothing company, and Zong Liu have always been tit for tat.

"Li Dong, what do you want?" Zong Liu clenched his teeth and bones, and his whole body erupted with astonishing anger.

"Mr. Zong, I heard that you have solved the capital chain crisis. I came here to congratulate you." Li Dong said with a strange smile.

"The weasel is not kind enough to pay New Year's greetings to chickens."

"Boss Zong, how can you call yourself a chicken?"

"You..." Zong Liu Qi's corner of the mouth was merciless, impatient way: "get out, I don't welcome you here."

"Boss Zong, you are a designer. Don't be so depressed."

"You..."

"By the way, I am very curious, how did boss Zong solve the capital chain crisis?"

"It's none of your business."

"Since boss Zong doesn't want to say it, I won't ask." Shaking his suit, Li Dong went to sit in front of the sofa, "I'm here to talk about a business with boss Zong."

"I won't make any deal with you. Please come back."

"Mr. Zong, don't speak too much." Li Dong took a sip of the tea on the table and said with a smile, "I want to buy shares in this company. What does Mr. Zong mean?"

"If you want to buy shares in our company, don't even think about it." The tone of Zong Liu's reply was very firm.

From the very beginning, Li Dong deliberately made trouble for him, just to take the opportunity to annex his design company.

"Is it?" Li Dong grinned coldly at the corner of his mouth and raised his right hand to wave it.

The men behind him got orders, and they broke into the company.

Zong Liu's face sank and asked in a cold voice, "what do you want to do, Li Dong?"

"No other meaning. We just came to your company to talk about business. It's legal and reasonable." Li Dong said this and added: "I will bring people to talk to you every day."

Talking about business is actually sabotage by non violent means.

If Li Dong is allowed to act recklessly with these people, those customers will be scared away. How can the company operate in the future?

"Li Dong, you clearly came to our company to do damage." Zong Liu was angry, pointing to Li Dong's nose and swearing.

"So what?" Li Dong is looking up at his head with a full ruffian look.

"You're a boss too. You're such a rogue."

"Either you can transfer the company to me, or..." Li Dong shook his suit and threatened in a cold voice, "I will bring down your company."

"You..." Zong Liu Qi's mouth trembled and could not say a word for a long time.

"Don't be angry, Mr. Zong." Wu Tian hurried forward to hold Zong Liu's body and comforted him, "we don't need to see this kind of mangy dog."

"Boy, who are you calling a scabby dog?" Being scolded as a mangy dog, Li Dong was furious and pointed to Wu Tian's nose and asked.

"I'm sorry. I'm wrong."

"You know what you're doing."

"You are not a mangy dog." Wu Tian examined Li Dong with a few eyes and said, "in my eyes, you are not even as good as a dog."

"You..." Li Dong almost died of anger.

He didn't expect that the boy in front of him had such a mean mouth and was so crafty in scolding people.

After gnashing his teeth for a long time, he threatened in a cold voice: "boy, dare to talk to me like this, do you know who I am?"

"I don't know."

"I'll tell you, I'm Li Dong from Dong'an company."

"So you are very good?"

"Of course."

"Then I'm curious." Wu Tian turned around Li Dong and couldn't help asking, "are you powerful or the dog fierce?"

"Nonsense, of course I'm better than a dog..."

"Ha ha ha..."

Without saying that, the scene couldn't help laughing.

Li Dong reacted to this and immediately became furious: "son of a bitch, do you mean to play me?"

"On your IQ, it's really a waste of food to live." Wu Tian said this and then laughed.

The whole hall was filled with jeers.

For a moment, Li Dongcheng became a laughing stock in everyone's eyes.

"You..."

Li Dong's face was green, and it took him a long time to say, "who is your boy?"

"My name is Wu Tian, a friend of Mr. Zong." "Good boy, you are determined to fight against me today?"

"As long as you dare to do harm to Mr. Zong, I will accompany you to the end."

"Good boy, you have a knack. Today I'll let you know what I mean." After saying this, Li Dong waved to his entourage and said, "come here, teach this silly boy a good lesson for me, and let him know why the flowers are so red."

"Yes The five attendants got the order and swarmed around.

Seeing that so many thugs were going to be bad for Wu Tian, Zong Liu had a cold to stop him: "in broad daylight, what do you want to do?"

"Soon you will know." After saying this, Li Dong waved to his entourage and ordered, "come on together and call me."

The five fighters were ordered to fight at Wu Tian.

"Run." At the critical moment, Zong Liu hastened to remind him.

But Wu Tian did not escape.

Instead of running, he took the initiative to meet the five thugs.

He hit the hitter like an iron hoof, and his strength was startling. After one blow, he directly

shook the front hitter out and fell to the ground and screamed repeatedly.

It's not over. After one punch, the second one.

It's faster and more powerful than before.

There was no suspense. The second thug was also shaken off.

Then, Wu Tian continued to attack the remaining three thugs, after a series of fierce attacks, they were all defeated.

In this way, Wu Tian easily knocked down five strong and strong fighters.

Zong Liuleng was shocked. He didn't expect that Wu Tian was so young and powerful.

Thanks to his previous worry that Wu Tian would be injured, now he found that this worry is totally unnecessary.

I didn't expect that Xiaotian is a master who hides himself. His amazing strength is just amazing.

The most shocking thing is Li Dong. He may have never imagined that the weak and stupid boy in front of him is so strong.

It took no effort to knock down five of his subordinates. This NIMA is too strong.

At this time, there is no more arrogance just now. Wu Tian's eyes are obviously dignified.

Wu Tian patted the dust on his body and stepped closer to Li Dong. "You can't do that by this means. Is there any other way?"

"Well, you are good." Li Dong put down the words, turned and ran.

CHAPTER 300:

"Want to run." Wu Tian's body a horizontal, blocking Li Dong's way, "now want to run the door is not."

"What do you want?" Li Dong is a bit afraid of shrinking his body.

"I want to beat you." Wu Tian finished saying this and smashed it with his fist.

"Ah..."

With a scream, Li Dong was knocked upside down.

It took a long time to get up from the ground, pointed to Wu Tian's nose and said, "son of a bitch, how dare you hit me..."

"That's you." Without waiting for Li Dong to finish speaking, Wu Tian hit him again with a hard fist.

This fist is more powerful. It directly knocks out two front teeth on Li Dong's mouth, and blood flows out from his mouth.

"Stop it!"

Just then, the roar rang out.

A young man in suit and a few attendants broke into the hall.

The man looks full of gentlemanly, and his body is full of domineering power which is not in line with his age. He is a business magnate at first sight.

Seeing the young man coming, Li Dong bravely rushed over and begged, "Mr. Zhao, I was beaten. You have to stand up for me..."

At this time, he lost two front teeth, and his speech was a little leaky.

"What a waste." Zhao Yuxuan secretly scolded, turned to scan the scene, coldly asked: "who hit Li Dong?"

"It's me."

Wu stepped forward in the sky with a cold light in his eyes.

"It's bold of you to do something to my people." Zhao Yuxuan pulled the collar, put his hands into the pocket, a face proud: "boy, do you know who I am?"

"I don't know."

"I tell you, I am the boss of Huayu group."

"Never heard of it."

"It seems that you are itchy." Zhao Yuxuan Mou color a cold, beckoned to a few attendants behind him to say: "hands on."

"Yes." When the three attendants got the order, they slowly approached Wu Tian.

"Why, do you want to deceive the less with more?"

"That's right."

"I hate you guys who cheat more than others." Wu Tian said this and hit the wooden table beside him with a hard fist.

"Bang!"

A dull sound, the wooden table was shaken to pieces, turned into a pile of rotten wood collapsed on the ground.

The three thugs look startled, all stupefied in place, did not dare to move.

All three were frightened by Wu Tian's amazing power, but also suppressed by his ferocity. They did not dare to go forward.

Zhao Yuxuan is also a surprise, quite surprised in the heart, did not expect that before the eyes of the seemingly weak silly boy is so strong.

It seems that I met a cruel character today. No wonder Li Dong was beaten so miserably.

"Don't you want to deceive the less with more? Come on, do it." Wu TianChao several people hook fingers, smile provocative way.

"Good." Zhao Yuxuan nodded with satisfaction and suggested with a smile: "boy, what's your name?"

"Wu Tian."

"I appreciate you very much." Zhao Yuxuan approached a few steps and suggested with a smile: "how about I spend a lot of money to hire you to be my bodyguard?"

It is obvious that he is interested in Wu Tianna's strength and strength, and wants to use his income under his command.

"How much is the heavy money?" Wu Tian licked his mouth and asked with a smile.

"How about 100000 a month?"

"Too little."

"How much do you want?"

"I want your company."

"You are so poor and crazy. You are just a boatman. Do you really think you have some skills and dare to be so arrogant and uninhibited?" Zhao Yuxuan Mou color a cold, in the eye faintly many minutes anger.

"To tell you the truth, I don't like your company at all." Wu Tian tilted his neck and drew a bad smile at the corner of his mouth: "Mr. Zhao, otherwise I will give you 10 million yuan a month. How about you lifting my shoes?"

"Ten million, do you have it?"

"Of course."

"If you can come up with 10 million, I'll give you shoes." Zhao Yuxuan is like a combative rooster, biting his teeth and spitting out such a sentence.

He didn't believe that the boy could come up with 10 million yuan. In his opinion, the boy was a

poor man.

"That's what you said." Wu Tian grinned and took out a bank card from his pocket and handed it to him. "The card has 30 million yuan. You can carry my shoes for three months."

"Just your broken card, rich?" Zhao Yuxuan sneers at a smile, can't help but suspect way.

"I can check it for you." Wu Tian said that. He called the bank and opened the hands-free.

soon Kwai came to the bank's voice customer service: "your balance is thirty-three million one hundred and thirty thousand..."

Hearing this number, Zhao Yuxuan's face suddenly surprised.

Never thought, in front of the seemingly poor, tasteless silly boy, the card actually has tens of millions of balance.

After a long time, the boy is not a poor man, but a hidden multimillionaire. Thanks to him, he had to spend 100000 yuan to hire this boy as a security guard. This NIMA is naked in the face.

"Mr. Zhao, do you still mean what you say?" Wu Tian shook his bank card and asked with a smile.

"I..."

Zhao Yuxuan pharyngeal saliva, hold out for a long time: "I just said casually, you don't take it seriously."

"I didn't expect Mr. Zhao to talk like a fart. It stinks." Wu Tian slapped a few times in front of his nose with his hand and disliked the way.

"You..."

Zhao Yuxuan bit his teeth and tried not to get angry.

"Well, Mr. Zhao, if there is nothing else, please go back with your dog." Wu Tian stretched out his right hand and made a gesture of invitation.

"Well, we'll see." Zhao Yuxuan bit his teeth and left with his entourage. He was as decadent as a defeated rooster.

After Zhao Yuxuan and Li Dong left, the company gradually returned to calm.

Zong Liu quickly came forward to thank Wu Tian: "Xiao Tian, thank you for helping me out this time, otherwise I really don't know how to deal with these guys."

"It's a piece of cake. Mr. Zong is welcome." Wu Tian waved his hand and didn't care about it at all.

"Although you helped me, you also offended Zhao Yuxuan." Zong Liu changed into a serious expression and told him, "Mr. Zhao is not a kind man. If you offend him this time, he will surely find a chance to revenge. You must be careful."

"Don't worry, Mr. Zong. I can handle it."

"In short, you should be careful." Zong Liu said this and took the initiative to switch the topic:  
"by the way, let's go out to eat."

"It suddenly occurred to me that there was something urgent to deal with. Let's have dinner another day." Wu Tian made an excuse to refuse.

Now there is chef Shen cooking at home. Just go back to eat. Why go outside.

"Since Mr. Wu has something to deal with, I won't be reluctant."

"Let's make an appointment for dinner another day." Wu Tian said this and could not help but add: "if Mr. Zong is in any trouble, you can call me at any time."

"Thank you very much, Mr. Wu."

"Well, don't be so polite between us. Nothing else. I'll go first." After saying goodbye to zongliu, Wu Tian turns to leave here.

Zongliu is also very polite, has been sent him out of the door of the company.
