

## CHAPTER 31:

Wu Tian did not say anything else as he drove Shen Xue to the Radiant Moon Restaurant.

It was not yet time to eat. There were not many customers in the restaurant, but it was still more crowded than the other restaurants.

The moment the two of them walked to the door, manager Chen Gang brought someone over to greet them. They bowed in unison and greeted each other, "Hello, Boss!"

"Huh?"

Shen Xue was shocked, thinking that the other party was talking to her. She quickly waved her hand to deny it. "You've got the wrong person. I'm not your boss."

"You're not our boss, but Mr Wu, who's beside you is our boss." Chen Gang pointed at Wu Tian and introduced with a smile.

"Him?"

Hearing this, Shen Xue was even more shocked.

He looked at Wu Tian, then his gaze landed on the manager's face and said in disbelief: "You said ..." He's your boss? "

"Yes, it's our boss."

"F \* ck!" Shen Xue didn't know whether to laugh or cry as she looked at Wu Tian and exclaimed, "Why is this restaurant yours too?"

Originally, he wanted to find an unfamiliar and tasty restaurant so that he would not be disturbed. Who would have thought that the Radiant Moon Restaurant was also Wu Tian's property?

Why were the two most delicious restaurants in Luzhou "dominated" by Wu Tian?

"I thought this restaurant was developing well, so I bought it." Wu Tian scratched his head and explained with a smile.

"Ugh ..." "Fine!" Shen Xue didn't know whether to laugh or cry as she bit her lips, unsure of what to say.

Chen Gang made a welcoming gesture and quickly curtsied, "Boss, Lady Boss, please come in."

He only dared to call them that because of their relationship.

Shen Xue blushed from the shouting and retorted, "Stop blabbering. I'm not your Lady Boss."

"The boss has never brought a girl to a restaurant before. You're the first one." Chen Gang was quite good at speaking.

"Is that so?" Shen Xue sneaked a glance at Wu Tian and felt a sweetness in her heart.

"Cough, cough!"

Wu Tian coughed dryly and said to Chen Gang, "Don't misunderstand, Miss Shen is my friend, let's have a casual meal here."

"Yes, please take a seat. I'll go prepare it immediately." Having said so, Chen Gang instructed the waiter behind him to prepare a feast.

In the end, Wu Tian interrupted them with a cold voice: "Don't be so grand. We are just regular customers today. If we see you flattering us again, be careful ..."

Before Wu Tian could finish his sentence, he made a gesture of wiping his neck.

Chen Gang was so shocked that he hurriedly lowered his head and said, "Mr Wu, I was wrong. I know what to do. Please come in."

"Let's go!" Wu Tian stared at Chen Gang and brought Shen Xue into the restaurant. They found a seat and sat down. After ordering the dishes, they started to chat.

Chen Gang and the restaurant waiter were quite tactful. They treated the two of them as ordinary customers and did not take special care of them.

While the two of them were happily chatting, Shen Xue's expression darkened. With a bitter face, she asked, "Did that guy follow us again?"

Wu Tian turned around and saw Liang Jun walking into the restaurant. This brat must have followed the red flag car here.

"His skin is thicker than mine." Wu Tian muttered as he rubbed his chin.

"Hey, you have to continue pretending to be my boyfriend." Shen Xue leaned her head over and whispered.

"No problem." Wu Tian couldn't wait any longer and nodded. He tried asking, "Do you want to do something that a couple should do?"

"What?"

"Give me a kiss."

"To hell with it." Shen Xue rolled her eyes and kept her distance, afraid that Wu Tian would take advantage of her.

While the two of them whispered to each other, Liang Jun had already walked over and sat down on the seat beside them.

"Boss Liang, why are you here again?" Shen Xue rubbed her arm and looked at Liang Jun in annoyance.

"Miss Shen, I'm just worried that you've been tricked by someone. I'm here to see you." After Liang Jun said that, he turned around and looked at Wu Tian, "I suspect that this kid is a liar. His car was probably rented, and is meant to trick pretty girls."

He did suspect that Wu Tian rented the 6 million car. After all, with this brat's clothes and taste, no matter how he looked at it, it didn't seem like a luxury car.

Even if the car wasn't rented, he still had to find a way to slander Wu Tian and damage his image in Shen Xue's eyes.

"You don't need to care about the matter between me and Wu Tian, go." Shen Xue rolled her eyes at Liang Jun as she urged him on in a slightly annoyed manner.

"Miss Shen, we are friends after all. Will it be alright for us to have a meal together?"

"This ..." For a moment, Shen Xue really couldn't think of any reason to chase him away.

No matter what, Liang Jun was a friend of a friend, so it wasn't good for her to refuse their respect.

At this moment, the waiter brought the dishes to the table.

Shen Xue didn't say anything else. She picked up her chopsticks and began to eat. She just

wanted to finish this awkward lunch as soon as possible.

"Miss Shen, I heard that you especially like the taste of this restaurant. Do you often come here to eat?" Liang Jun asked out of boredom. He maintained a gentleman's smile from beginning to end.

"En!" Shen Xue nodded in agreement.

"As long as you like it, I will make it yours." Liang Jun shook his sleeves, raised his head and said, "I plan to invest in this restaurant."

Then he snapped his fingers at the waiter: "Call your manager over, I want to buy into your restaurant."

"This ..."

The waiter looked at Wu Tian and saw that he didn't say anything, so he obediently left.

He quickly called over the manager, Chen Gang.

Chen Gang glanced at Wu Tian and said to Liang Jun with a smile, "Sir, I'm really sorry. Our restaurant is not short on money."

"Pah!"

Liang Jun took out his bank card and threw it onto the table. He shouted in a rich and overbearing manner, "Here's 5 million, I only want 30% of the shares in the restaurant."

This time, he was risking everything to move Shen Xue and at the same time, let Wu Tian see his strength.

Wu Tian and Shen Xue looked at each other without saying anything, as if they were watching a clown performing a show.

"Sorry, this is a very important matter. You need to discuss it with our boss." Chen Gang's tone was rather polite.

He couldn't figure out the relationship between the man in front of him and his boss, so he didn't dare to offend him.

"Then why are you still wasting time? Go and get your boss." Liang Jun has made up his mind to invest.

This time, he had invested everything into this project not only to move Shen Xue, but also to place importance on this piece of fat meat known as the Radiant Moon Restaurant.

The Radiant Moon Dining Hall was a high-quality asset, with a yield that was five times higher than his trading company's.

"Are you sure you want to see our boss?" Chen Gang glanced at Wu Tian again, as if he was waiting for a hint.

However, Wu Tian didn't give him any hint and remained indifferent.

"Of course, go and get your boss." Liang Jun no longer had any patience, his tone sounded

anxious.

"There's no need to look for it."

Chen Gang walked over and pointed at Wu Tian as he introduced him, "This is the boss of our Radiant Moon Restaurant."

He really couldn't deal with such a situation, so he could only move the boss out.

"What the hell?" Say that again? " Liang Jun didn't seem to hear it clearly.

"Mr. Wu Tian is the big boss of our Radiant Moon restaurant." Chen Gang repeated himself.

His tone was serious, his speech clear and without the slightest ambiguity.

CHAPTER 32:

"Plop!"

After hearing this, Liang Jun's legs went soft and he fell down from his chair onto the floor.

He seemed to have received quite a bit of shock. He lay paralyzed on the ground for a long time, and at this moment, he felt a stinging pain on his face, as if someone had slapped him a few times.

Taking out all of his five million to invest, he thought that he would be able to act tough, but he didn't expect this to be the result.

He acted like a retard in front of Shen Xue and Wu Tian.

In the end, Wu Tian beat him up without saying a word.

Who would have thought that the owner of the restaurant, where he took all his assets and wanted to buy shares, would be Wu Tian.

F \* ck, how can I let him live?

"Are you alright?" Chen Gang hurriedly helped Liang Jun up from the ground and asked with a concerned smile.

"I ..." Liang Jun's expression had turned stiff, he felt that he was in a bad mood.

How could he be fine after suffering such a huge blow?

"We Boss Wu are very nice. Why don't you talk to him about buying shares?" Chen Gang suggested with a smile.

"Gudong!"

Liang Jun turned around and looked at Wu Tian as he swallowed his saliva.

If he were to talk about buying shares with Wu Tian, he wouldn't be able to open his mouth at all.

Previously, he had looked down upon this silly kid, but now he had turned him into something he could only look up to. What kind of experience was this?

"Boss Liang, you want to buy shares in my restaurant?" Wu Tian looked at Liang Jun with a cold tone.

"I... "It's because I want to ..."

Liang Jun clenched his teeth bitterly. Before he could finish, he was interrupted by Wu Tian in a deep voice: "Don't even think about it. One, our restaurant is not short on money and doesn't accept any investments. Two, our restaurant doesn't accept trash."

"You ..." Liang Jun was so angry that the corner of his mouth trembled, but he didn't know how to respond.

In an instant, he felt like there was a huge difference between him and Wu Tian, as if there was a huge mountain separating the two of them.

"There's nothing else. Director Liang can leave now." Wu Tian leaned his body against the chair and warned coldly, "I hope Director Liang won't disturb Little Snow in the future, otherwise ..."

"Crack!"

Before he finished, Wu Tian threw the cup in his hand onto the ground.

A shocking crisp sound rang out. Liang Jun was so shocked that his body shrank and his heart tensed up uncontrollably.

He raised his head and glanced at Wu Tian, then turned around and left with his bank card in a daze.

Right now, he no longer had that kind of arrogance and power. He was like a rooster that lost in battle, dejected. He probably wouldn't have the courage to fight with Wu Tian for a woman in the future.

After Liang Jun left, the atmosphere in the restaurant gradually eased up.

"Thank you." Glimmers danced in Shen Xue's eyes as she revealed a slight smile, "After being scared by you, Liang Jun probably won't dare to bother me anymore."

"I hope he'll be more tactful and not force me to make a move." Wu Tian did not think much of it, as he did not even put this small fry in his eyes at all.

"Alright, I'm full. Let's go." Shen Xue wiped her mouth with a tissue and raised her head to look

at Chen Gang. "I'll pay. How much?"

"Ah?" Multiple... "How much is it?" Chen Gang turned his head and looked at Wu Tian as he asked in an inquiring tone.

Logically speaking, the boss had brought his sister from a restaurant, so there was no need to collect money.

However, if he didn't collect the money and there was the suspicion of flattering him, wouldn't he be scolded by the boss?

"What are you looking at me for? Are you trying to collect money?" Wu Tian glared at Chen Gang and asked with an unhappy expression.

"No, no charge." Chen Gang was so shocked that he hurriedly waved his hand.

Meeting such a boss who didn't play his cards according to the rules truly made him tremble in fear, fearing that he would accidentally make a mistake.

"Puff ..."

Seeing Chen Gang being so timid in front of Wu Tian, Shen Xue laughed.

When she smiled, the atmosphere immediately eased up.

At this moment, a waiter came up with a pastry, "Boss, this is our restaurant's newly released couple cake."

"That's right."

Wu Tian nodded in satisfaction and said to Shen Xue with a smile, "The pastries help digest the food. Let's finish eating before we leave."

"I'm not going to eat it. You take your time and eat it." Shen Xue threw down those words, got up, and ran out of the room in a huff.

"Ugh ..."

Only then did Wu Tian remember that it was a couple's cake. No wonder Shen Xue was angry. He could only say that this girl was too sensitive.

"Eat this, don't waste it." Wu Tian instructed Chen Gang and the waiter before he quickly chased after them.

After dinner, the two returned to the driving school to practice their car.

The coach was a young man in his thirties called Shao Qiang. He was especially strict with the male students and was a lot friendlier towards the female students.

She took special care of Shen Xue and gave her the most chances to practice her car.

Wu Tian soon realized that there was something fishy about it. Shao Qiang looked at Shen Xue as if she was a greedy cat that had caught sight of a fish, and his eyes started to wander around her body.

From the looks of it, this Brawler coach wanted to take advantage of Shen Xue.

It was fine at first, but Shao Qiang became bolder and bolder. When Shen Xue wasn't paying attention, he stretched out his hand to take advantage of her.

Wu Tian grabbed Shao Qiang's hand and scolded, "Coach Shao, you're really shameless. You're taking advantage of this opportunity to take advantage of this student."

"It's none of your business. Let go!" It was one thing for Shao Qiang to be so unrepentant after being caught red-handed, but he was actually so arrogant.

"Pah!"

Wu Tian swung his fist and fiercely smashed Shao Qiang's face. "Scum, this daddy has tolerated you for a long time."

Earlier, when this scum attacked the other female students, he only turned a blind eye to it. But this time, Shao Qiang was prepared to make a move on Shen Xue, so how could he bear with it?

"Mud horse, how dare you... "Ahh!" "Before Shao Qiang could finish his sentence, he was punched in the face once more and let out a miserable shriek.

"I think you really do." After Wu Tian said this, he threw himself at Shao Qiang and started punching and kicking him.

Soon, a pig-slaughtering scream came from the driving school.

Shao Qiang was beaten to the point that his head was bleeding and his face was bruised. He bared his teeth and threatened fiercely, "My uncle is the principal. If you dare hit me, you're dead for sure, ah ..."

Upon hearing the scream, many students gathered around to watch the commotion.

This was the first time they had encountered a student playing coaching.

However, when they saw that it was Shao Qiang who was beaten up, the students secretly felt relieved in their hearts and couldn't help but clap and cheer in their hearts.

Especially those female students, they were often taken advantage of by Shao Qiang, and some of them even got their way due to being threatened.

In order to obtain the driver's license, many people chose to stay silent. After all, Shao Qiang's uncle was the principal of the driving school, so no one dared to offend him.

Shen Xue was stunned. She didn't expect Wu Tian to bully the coach for her.

There were a lot of guys who treated her to a meal and flowers to buy presents, but Wu Tian was definitely the first guy to fight for her.

Seeing this scene, her heart was slightly moved.

This incident had a huge impact and soon spread throughout the driving school.

Principal Shao Jinlong rushed over as soon as he found out about this, exclaiming, "Quick, stop it!"

Wu Tian retracted his fist after seeing that the fight was almost over.

Shao Qiang endured the pain and got up, then threw himself into Shao Jinlong's embrace and cried, "Uncle, I was beaten up by someone, you have to take responsibility for me, wuwuwuwu ..."

"Qiangzi, how did you get beaten up like this?" Seeing his nephew's terrible appearance, Shao Jinlong's heart ached.

#### CHAPTER 33:

"It's that brat! I was beaten up by him!" Shao Qiang extended his hand and pointed at Wu Tian as he bared his teeth and complained, and his eyes were filled with rage.

"Damn." Shao Jinlong's eyes flashed. He stared coldly at Wu Tian and said with a ferocious expression, "Brat, you are tired of living. You even dare to hit my nephew."

"Your nephew is inferior to a beast, taking advantage of a female student in broad daylight. I am merely taking justice for the heavens." Wu Tian acted like it was a matter of course.

"Bullshit!"

Shao Jinlong roared, pointed at Wu Tian's nose and threatened, "Kneel down and apologize to

my nephew."

"Apologize? Stop dreaming. "

"If you don't apologize to my nephew today, don't even think about getting your driver's license ..."

"With a lowly driving school like yours, it's fine if you don't want to learn it." With these words, Wu Tian pulled Shen Xue away.

There were so many driving schools in Luzhou City, he could change the driving school's driving license, there was absolutely no need for him to stay in this glorious driving school.

To tell the truth, he was disgusted by the behavior of the coaches at this driving school. If he had known earlier, he would not have come here to sign up.

"Brat, do you think this is over?" Shao Jinlong, with a hoarse voice, threatened, "Offend me. You, your family, and your friends will all be in trouble."

He brazenly threatened Wu Tian's family and friends, and his tone was extremely arrogant.

The onlooking students all felt a strong killing intent. Everyone knew Shao Jinlong's character and knew how powerful his background was.

The consequences of offending Shao Jinlong were unimaginable.

Everyone could not help but be secretly worried for Wu Tian.

Wu Tian originally planned to just drop the matter at this point. He did not want to blow the matter up.

However, when he heard this, his eyes turned cold. He suddenly stopped and turned around to glare at Shao Jinlong, "Old man, are you threatening me?"

"So what if I threaten you?" Shao Jinlong was like a combative rooster as he raised his head and challenged loudly.

He was used to being arrogant in this area and had never placed anyone in his eyes, let alone a brat.

"Old thing, do you believe that I won't make your driving school's Luzhou disappear completely?" Wu Tian clenched his teeth and a cold light flashed in his eyes.

He hated people who threatened his family and friends the most, and this old man before him had successfully angered him.

"Hahaha ..."

Shao Jinlong raised his head and laughed crazily, and hooted, "Why don't you take a piss and take care of yourself, you actually want my driving school to disappear? What shameless boasting."

"Is that so?"

Wu Tian was too lazy to waste time with useless words. He took out his phone and dialed his secretary Loong Yun's number, "Within three days, open a brand-new driving school opposite Glory. I want to make the new driving school replace the Brilliant Driving School and make Brilliance disappear completely."

With that, he hung up.

He had never considered entering the driving school before, but this time, in order to suppress Shao Jinlong, he decided to enter this brand-new field.

He was already completely enraged by Shao Jinlong's insolence, and wanted to trample this old fellow beneath his feet to eradicate this scourge for the citizens of Luzhou.

"Hahaha ..."

Shao Jinlong once again let out a burst of mad laughter and ridiculed, "You little rascal, you really know how to act cool, you even want to open a new driving school, and you want to make my driving school disappear. Do you think you can take advantage of me?"

Even the onlooking students thought that it was a joke. No one believed that a small character like Wu Tian could drive a driving school.

Even if he could open a driving school, it would be impossible to destroy a hundred-year-old

driving school like Splendid. It was simply a fantasy.

"Three days."

Wu Tian stretched out three fingers and said confidently, "Remember, three days later, I will make you repent for everything you have done today."

"Alright, if you can't destroy my glorious driving school in three days, I'll make you beg for mercy on your knees." Shao Jinlong shouted like he was about to roar.

"Let's wait and see!" After Wu Tian said this, he pulled Shen Xue's arm and quickly left, leaving behind a cold and arrogant figure.

After walking far away, Shen Xue could not help but open her mouth to express her gratitude, "This time ..." "Thank you for helping me out."

Thinking about how Wu Tian had faced Shao Jinlong with the domineering attitude of a ruler descending upon the world, she couldn't help but feel touched in her heart.

"As a friend, I should stand up for you." Wu Tian retracted the anger in his heart and a gentle smile gradually appeared on his face.

"Are you really going to open a driving school and destroy Shao Jinlong's glorious driving school?"

"Of course."

"Spending so much effort to deal with Shao Jinlong, is that worth it?"

"If you want to be my enemy, I will do whatever it takes to eliminate you." Wu Tian replied with a change of tone, "Besides, starting a driving school is a new attempt for me. Maybe I can open up a new market."

"I really don't understand what you're thinking." Shen Xue shook her head with a wry smile. She was getting more and more confused about Wu Tian.

Although the boy in front of him looked simple and unadorned, he was actually very meticulous. When he did something unexpected, it was very hard to guess.

"Alright, I'll send you back first." Wu Tian didn't explain too much. He first sent Shen Xue home and then drove himself back to his living quarters.

On the way home, he received a call from Liu Jun asking him to go to the Global International Club in the evening. Since he had nothing to do in the evening, he agreed.

There was no harm in getting closer to Liu Jun, it would greatly help his future career.

When he got home, he found Loong Yun on the phone, arranging the driving school.

When she saw Wu Tian, she hung up and asked in confusion, "Young Master, why do you suddenly want to start a driving school?"

"There's a lot of trash in the driving school right now. For example, the big bug, Brilliant Driving School, needs to be tidied up." Wu Tian casually gave an answer.

He knew that Secretary Loong was doing this for his own good, considering his own every single moment. That was why she explained it so patiently.

"We have a lot of ways to overthrow the glorious driving school. Why must we start the driving school?" Loong Yun frowned, eager to know what her young master's thoughts were.

"I feel that the driving school being able to earn money is a good investment direction. It's that simple."

"However, there are a lot of driving schools in the Luzhou and the market is almost full."

"Enough nonsense." Wu Tian rolled his eyes at Loong Yun impatiently and said, "We are now the troublemakers. We will first drive the opponents away for free, then monopolize the market and make new rules to become the game's leader."

"Yes sir!" Loong Yun lowered her head and did not say another word.

Recently, he had discovered that the young master was becoming more and more like a helmsman, and the way he spoke was becoming more and more similar to that of the old man.

"Don't scowl." Wu Tian realized he was being too harsh, so he changed to a gentle tone and said, "We're going to the Global Club tonight, do you want to come with me?"

"I won't go."

"Alright then." Wu Tian did not force it, he changed his clothes and walked towards the door.

When he walked to the door, he was stopped by Loong Yun.

"Young Master."

Loong Yun took out a card from her pocket and handed it to Wu Tian, "Take this card, it might be useful."

"You want me to take you to get a room?" Wu Tian took the card and quickly realized that it wasn't a room card but a black card from Club Universal.

"Cough!"

Loong Yun coughed lightly and explained with a face full of embarrassment, "This is the Black Card of the Global Club. The old man gave it to me in the past. It's of a very high rank."

CHAPTER 34:

"Is that so?" Hearing that the old man gave this card to him, Wu Tian couldn't help but look at the card again.

The card was made of obsidian. In addition to the Global Club logo, the card had a golden dragon tattoo on it.

Since it was a gift from the old man, it was definitely not an ordinary card. Presumably, this card contained a huge amount of energy.

Staring at the black card for a while, Wu Tian looked up at Loong Yun, "Hurry up and finish up the driving school. I'll be leaving first."

Finished speaking, he turned around and left.

Wu Tian took a taxi to the Global International Club. This was the club with the highest level of Luzhou. Only people with hundreds of millions of gold coins had the right to enter.

The club's appearance was like a huge blue pearl, inlaid between two tall buildings with a unique design. It was powerful and domineering, magnificent and magnificent.

After entering the club's hall, he saw the blue sky, which was as dazzling as the starry sky.

The moment Wu Tian entered the hall, he was shocked by the domineering aura. He couldn't help but stare at the huge blue glass ceiling.

Just as he entered the hall, a few waiters came to greet him.

Even the waiters were different from the crowd.

The waiters here were different from other places. All of them were beautiful like flowers, were tall and slender, were all wearing famous clothing, and were of a much higher grade than ordinary attendants.

One of them, a tall and beautiful waitress, stood in front of Wu Tian and said, "Sorry, you don't have the qualifications to come in."

From the token in front of the waiter, he knew that this beauty was called Su Ya. Her gaze towards Wu Tian was filled with contempt and disdain.

"Why am I not qualified?" Wu Tian asked in annoyance. He didn't have any good impression of this despicable waiter.

"All the guests who come here to eat are worth over a hundred million." Saying this, the corners of Su Ya's mouth curled up. "Do you think you have the qualifications?"

"Of course."

"Very well, please show me your gold card." Su Ya stretched out her hand and impatiently demanded.

The gold card was the customer's identity in the club. Only those with over 100 million gold coins were qualified to obtain the gold card.

It was impossible for her to have a gold card, she just wanted to kick this brat out as soon as possible.

"Is this it?" Wu Tian took out a card from his pocket and handed it over.

This was the supreme gold card of the Universal Club. He had previously purchased the Radiant Moon Restaurant, and the annual fee of 300,000 yuan was given to him by Liu Jun.

"Zhi Zun ... A gold card? "

Seeing Wu Tian take out the card, Su Ya was dumbfounded. She was even more surprised than if she had eaten an elephant.

Who would have thought that this cheap and seemingly poor, silly kid in front of him would actually have this kind of golden card that symbolized his status.

In an instant, he felt as though someone had slapped his face, causing him to feel stinging pain.

"Do I have the right to play here now?" Wu Tian shook the golden card in his hand and asked expressionlessly.

"Yes."

Su Ya came back to her senses and nodded her head repeatedly. "Since you have a gold card, of course you have the right to spend it here."

At this moment, her smile was extremely awkward. Her pretty face was even uglier than if she had put paraffin on it.

Ye Zichen was a bit surprised. He didn't think that a cheap diaosi like him could get the club's

Supreme Golden Card.

"In the future, don't look down on others with your eyes anymore." Wu Tian put his gold card away and advised with a cold tone.

"Yes sir!" Su Ya gritted her teeth and lowered her head in embarrassment. At this moment, her face was flushed red and then white.

At this moment, Liu Jun walked into the hall and waved at Wu Tian with a smile, "Wu, you're here."

"Boss Liu ..."

"Ai, don't call me CEO Liu from now on, just Uncle Liu will do." Liu Jun walked over quickly and smiled to Wu Tian.

"Uncle Liu."

Wu Tian quickly changed the way he was addressed. From the beginning, he had a good impression of this man called Liu Jun.

"Wu, I'll take you to relax tonight." After Liu Jun said this, he extended his hand and gestured, "Let's go to the private room."

"Uncle Liu, I'll treat you tonight." Having said so, Wu Tian stretched out his hand and prepared to push open one of the golden rooms.

In the end, he was once again blocked by the waiter named Su Ya, "Sir, yours is a gold card. You can only go to the ordinary private room. You don't have the qualifications to go to the golden room."

"Don't worry, I'm not short on money." Wu Tian waved his hand impatiently. He felt that the service here was too bad.

"It's not a matter of money, it's just that your card isn't high enough ..."

Su Ya looked at Wu Tian like he was looking at a country bumpkin. She didn't even know how such an inexperienced guy came out of the club.

"Yo, isn't this Director Liu?"

Just as the waiter was patiently explaining, a middle-aged man in a suit and leather shoes walked over with his girlfriend in his arms.

The middle-aged man glanced at Liu Jun, then his gaze landed on Wu Tian. He mocked him sarcastically, "Yo, Boss Liu is really free, why did you bring a beggar here to play!"

"He's my friend Wu Tian." Liu Jun glared at the middle-aged man and said with a displeased expression.

The middle-aged man in front of him was called Chen Hao, he was the nemesis of the business world and was the enemy of Chen Hao a lot.

"Tsk tsk tsk tsk, CEO Liu, why are your tastes so bad? To be friends with a country bumpkin." After Chen Hao said this, he couldn't help but laugh.

The girl beside him could not help but laugh at his smile.

"I still have things to do. Goodbye." Liu Jun gritted his teeth in anger as he prepared to leave this place with Wu Tian.

"Halt!"

Chen Hao straightened his body and blocked their way, "I heard that your country bumpkin friend wants to enter the golden room?"

"It has nothing to do with you." The anger in Liu Jun's eyes became more and more intense.

Chen Hao paid no attention to Liu Jun's angry expression.

With a contemptuous gaze, he glanced at Wu Tian and mocked, "You think you can get into the golden room with such a despicable appearance?"

Everyone said beating the dog was for the owner to see. He purposely humiliated Wu Tian to embarrass Liu Jun and embarrass Director Liu in front of everyone.

"Of course." Wu Tian replied in annoyance.

Seeing that this brat was so rude to Liu Jun, he was secretly unhappy and wanted to teach him a lesson.

"You cowardly pauper, if you want to go to the golden room, you better take a piss." Chen Hao

made a few sarcastic remarks, raised his head and said to the waiter Su Ya, "Tell this kid, who is qualified to enter this golden room?"

"Only customers who have a drill card are qualified to enter." When Su Ya answered, she couldn't help but glance at Wu Tian, revealing a look of disdain.

"Drill card."

Chen Hao stretched out his hand and took out a club diamond card from his pocket. He said in a very pretentious manner, "This is a drill card, it is the symbol of status and status, it is a hundred times more tricky than a gold card."

After a long while, he shook the drill card and smiled, "Silly brat, this is the drill card, do you have it?"

"Nope." Wu Tian curled his lips and didn't think much of it.

"Without the drill, what qualifications do you have to enter the golden room?"

"Even without the drill, I can still enter the golden room."

"Bah!"

Chen Hao spat on the ground. He said in a provocative tone, "If you can get into this golden room today, I'll eat all the trash here."

Without the drill, this brat didn't have the qualifications to enter the golden room.

## CHAPTER 35:

"That's what you said." Wu Tian pursed his lips into a smile. He took out a black card from his pocket and asked Su Ya, "Do I have the right to enter now?"

This was given to him by his secretary, Loong Yun, before he left. He said it came from his grandfather, so he reckoned that its authority was greater than his gold and diamond cards.

Chen Hao grinned and couldn't help but mock him: "Silly kid, you brought a room card here to act cool. Are you joking with me?"

The female attendant behind him pursed her lips and laughed. Even the waiters couldn't help but snicker.

At first glance, the black card didn't look dazzling, it really did look like a room card in a normal hotel.

"Haha ..."

Even Su Ya couldn't help but let out a mocking laugh. When she clearly saw the card, her face suddenly sank as the smile on her face instantly disappeared.

Her pupils slowly dilated as she stared at the card as if she was looking at a monster. Her expression was extremely exaggerated.

It was only then that she could see that the card in Wu Tian's hand was not an ordinary room card but the legendary black card.

The black card was the highest level membership card for the Global Club, and there were only three of them in the world.

However, never in her wildest dreams did she imagine that one of them would be in the hands of this seemingly ordinary brat.

The black card was not only a symbol of status and identity, but also a supreme power.

Anyone with a black card can mobilize all the powers and resources under Global International at any time.

After staring at the black card for a long time, Su Ya slowly raised her head. She looked at Wu Tian in fear and said with a trembling voice, "Really ..." "You ...

After knowing Wu Tian's identity, she looked at him with eyes full of fear and uneasiness.

Having stayed at the Universal International Club for almost a year, he had only seen the black card in photos before, and this was the first time he had seen the real black card.

For the kid in front of him to possess a black card, his status and identity was naturally unparalleled. Just thinking about it made him afraid.

She had been mocking and ridiculing this brat. When she found out who he was, she felt a sense of impending doom.

"Do I have the right to enter your golden room?" Wu Tian waved the black card in his hand, repeating the same tone as before.

"You... Please wait a moment. " Su Ya had no right to receive such a person. She quickly took out her cell phone and made a call to the higher ups.

Not long after the call ended, Global International Club's CEO rushed over with more than ten higher-ups and bodyguards.

Liu Jun and Chen Hao didn't know about the black card, so they naturally didn't know the true meaning behind the black card.

However, when they saw the president of the club appear in the hall, the two of them clearly felt astonished and shocked.

Everyone knew that the president of the club was a mysterious big shot, with several large financial groups behind him. In Luzhou, he was a big shot with a lot of cheating.

This kind of important figure rarely appeared, so why would he suddenly appear today? Furthermore, it was so high-profile?

The atmosphere in the hall was extremely tense. The attendants all consciously retreated, curling their bodies up to look like they were trembling with fear.

Under the watchful eyes of the crowd, the president of the Global Club, Lin Ann, walked over with more than ten followers.

Lin Ann had a typical square face. He did not get angry, but he still carried a domineering aura.

When he looked at the black card in Wu Tian's hand, his square face changed and his expression became strange.

He quickly walked over and slightly bowed towards Wu Tian. "On behalf of all the members of Universal International, I welcome your arrival."

These words instantly shook the entire audience.

They didn't expect that the normally aloof and superior senior executive would bow and greet brat at this moment.

Chen Hao was so shocked that his jaw almost fell off. He did not expect a big shot like Lin Ann to bow to a country bumpkin like him.

Previously, when he tried to curry favor with Lin Ann three times, he was ignored. Now, he saw with his own eyes that Lin Ann was actually so respectful to brat in front of everyone.

This...

What was going on?

Chen Hao wasn't the only one who felt shocked and surprised. Even Liu Jun was dumbstruck. He also didn't expect that a character like Lin Ann would take the initiative to curry favor with Wu Tian.

"Who are you?" Wu Tian had already guessed the other party's identity, but he could not help but ask.

"I'm Lin Ann, the boss of Global International Club." Lin Ann replied respectfully and carefully, not daring to be the slightest bit careless.

He didn't know who this young man in front of him was, but he could recognize the card in the young man's hand.

Those were the Lin Family's black cards, the only three black cards in the world. They were given to him by the old man in the past.

The old man had said that as long as he saw these three black cards, it would be like seeing the old man himself, which was why he was so respectful and courteous.

"So you're the boss of Global International Club." Wu Tian nodded.

He was also surprised. He didn't think that even the boss of Club Global would be so respectful to him after seeing the black card.

From this, it could be seen just how powerful this black card was.

"Hello, my name is Wu Tian." Wu Tian took the initiative to extend his right hand and shook hands with the other person in a friendly manner.

"Hello, Mr Wu." Having said this, Lin Ann led all the higher-ups of the club to bow deeply towards Wu Tian.

"You're welcome." Wu Tian waved his hand and asked with a smile, "Do I have the right to enter this golden room now?"

"Please, Mr Wu." Lin Ann personally opened the door of the room with his fingerprint, making a "please" gesture.

"Wait!"

Chen Hao came back to his senses and quickly spoke up to stop him: "Boss Lin, according to the regulations, only customers who hold a drill card are qualified to enter the Golden Hall."

"Mr Wu doesn't have a drill card, but he has a black card." Lin Ann pointed to the black card in Wu Tian's hand and expressionlessly explained.

"Black card can compare to a drill?" Chen Hao had never heard of black cards before, so he didn't know how powerful they were.

"Even a hundred diamond cards cannot compare to a single black card."

"Huh?" Chen Hao did not expect the black card in Wu Tian's hand to be so tricky, a hundred

times more so than his diamond card.

After a slight pause, he tried to ask, "Boss Lin, I'm very curious, who exactly is that kid?"

"I don't know who he is." Lin Ann leaned his head over and whispered, "But one thing is certain, he is someone you can't afford to offend and also someone I can't afford to offend."

"..."

Chen Hao's scalp went numb after hearing Wu Tian's words. He was so scared that cold sweat broke out on his forehead. The way he looked at Wu Tian was full of fear.

Lin Ann was a famous person with great Luzhou. Even he, who was an important figure, could not afford to offend Wu Tian. He did not dare to imagine just how bad Wu Tian was.

Only now did he realize that the brat in front of him who was dressed in shabby clothes and had an ordinary appearance was not a simple person.

As for who exactly this brat was, he didn't know.

However, there was one thing that he was sure of, and that was that this brat in front of him was a super big boss that he could not afford to offend.

He couldn't help but feel a lingering fear in his heart. If he knew that this fellow was such a cheat, he wouldn't have dared to offend him even if he were beaten to death.

Even the girl behind him looked at Wu Tian with a serious expression.

She also realized that the little diaosi that she looked down upon was someone that even Grandpa Hao couldn't afford to offend.

#### CHAPTER 36:

Wu Tian went into the golden room and took a look. He found that the so-called private room was very big. The interior was lavishly decorated, with everything that needed to be decorated, and it was so luxurious that it was terrifying.

Of course, he was not interested in any of this.

When he walked out of the room, he saw Chen Hao preparing to flee.

"Halt."

"I thought you said that as long as I could get into this golden room, you'd eat all the trash in the hall."

"I... "Wrong."

Chen Hao clenched his teeth and bowed his head in repentance.

He originally thought that the country bumpkin beside Liu Jun was just a small fry and wanted to ravage and humiliate him.

In the end, he didn't expect that the seemingly unremarkable countryside bumpkin would have such a mysterious background that even the boss of Global International Club wouldn't dare to offend him.

After finding out about his background, his heart was filled with regret and fear.

"What are you blanking out for? Begin your performance." Wu Tian kicked the trash can and urged impatiently.

"Spare me and let me go. I hope you will spare me." Chen Hao lowered his stature and dignity as he begged.

"Do you want me to feed you?"

"No, I ..." If Chen Hao hadn't been like that, he would have been blind to provoke this kid.

He knew that as long as Wu Tian gave the order, the bodyguards under Lin Ann would pounce on him and stuff trash into his mouth.

Once the news of eating trash spread out, it would be very difficult to survive in Luzhou business in the future.

In a moment of desperation, he could only lick his face and ask Liu Jun for help: "Director Liu,

please say good words to that friend of yours and ask him to spare me."

"Director Chen, I didn't expect that you would also have a day to lower your head." Seeing Chen Hao so submissively pleading, Liu Jun felt that he was venting his anger.

He was suppressed by Chen Hao every time before, but today, he finally got to move back.

"As long as your friend can spare me, I won't oppose you ever again." Chen Hao continued to plead.

"Alright, remember what you said today." Without waiting for Liu Jun to say anything, Wu Tian couldn't help but say, "If you dare to offend Uncle Liu again, don't blame me for being ruthless."

"I don't dare."

"Scram!" Wu Tian shouted impatiently.

Originally, he just wanted to help Uncle Liu teach a lesson to Chen Hao. Now that he had achieved his goal, there was no need to continue.

"I'll get lost now." Chen Hao couldn't be bothered with his girlfriend as he was so scared that he started to run away.

The female companion glanced at Wu Tian. She was so scared that her neck shrank and she ran

out frantically.

After driving away the Sun brothers, Wu Tian walked in front of Liu Jun and said, "Uncle Liu, don't let what happened just now affect your mood. Let's continue to play."

"You little brat, you really have hidden your strength." Liu Jun glanced at Wu Tian with that weird gaze of his, and sighed with emotion, "The hidden power is beyond my imagination."

Today, after seeing him, he realized that this young man's power was astonishing, and the power behind him might even be stronger than his.

"Uncle Liu, I'm not as complicated as you think." Wu Tian bitterly smiled as he shook his head and took the initiative to change the topic. "What's fun next?"

"There's an underground boxing ring in the club. Would you like to play it?" Liu Jun couldn't help but suggest.

"Sure." Wu Tian didn't have any objections.

After all, he came here to accompany Liu Jun tonight, so whatever he's playing with doesn't matter to him.

Lin Ann smiled and said, "You two want to go to the ring. I'll lead the way. Please!"

Lin Ann made a gesture of "please", then led the two towards the underground boxing ring.

The basement was extremely large, and there were many guests gathered inside. They were

currently watching an intense fight.

On the arena, two brawny men were fighting with their lives on the line. The scene was extremely intense, and it attracted a lot of screams from the audience.

One of the tattooed men was seriously injured. After being continuously struck by his opponent, his body had long since become badly mangled. However, he did not give up. He stood up again and again to clash head on with his opponent.

Looking at the scene on the stage, Wu Tian's eyes flashed a few times. His heart was touched.

It had been a long time since he had seen such a tenacious man. The tenacity and willpower of someone who repeatedly suffered defeat after defeat, and who would rather die than submit, was truly admirable.

"What's the name of the tattooed man?" Wu Tian stared at the stage and couldn't help but ask Lin Ann.

"Azure Dragon." After Lin Ann answered Mr Wu's question, he asked with a puzzled expression, "Mr Wu, is there a problem?"

"Nothing." Wu Tian nodded and didn't say anything else. He continued to enjoy the fight.

Half an hour later, the fight was over. The man called Azure Dragon had been defeated by his opponent and was lying on the ground exhausted.

The person in charge of the arena was a rough looking man with a full beard. He walked over and ruthlessly kicked the green dragon. He cursed, "You really are a piece of trash. What's the

use of me raising you?"

"..."

The Azure Dragon endured the pain on his body and didn't speak. Even though he was seriously injured, he still appeared to be extremely resolute.

"Men, throw this trash out." The rough man waved his hand and ordered the bodyguard behind him.

"Yes sir!" After the two bodyguards answered, they prepared to attack the green dragon.

"Stop!" Wu Tian walked over, looked at the badly mutilated green dragon, and said to the rough man: "I see that he is seriously injured, how about ..."

"Scram!"

The boorish man's temper was very bad as he scolded with his eyes wide open, "Kid, you don't have the qualifications to command us here. Get lost now!"

"I just ..."

"You're really asking for a beating." The rugged man didn't have the patience to waste words with Wu Tian. He raised his fist and was about to roll Wu Tian over.

"Stop!"

Suddenly, a loud shout was heard, scaring the rough man so much that he hurriedly retracted his fist.

The one who shouted was none other than the owner of Global Club, Lin Ann.

The boorish man deeply bowed towards Lin Ann and carefully asked, "Boss Lin, what instructions do you have for me?"

"Mr Wu is my friend." Lin Ann pointed at Wu Tian and introduced him to the rugged man. His tone was as cold as frost.

"What?"

The rugged man was frightened to the point that his face became pale and cold sweat beaded his forehead.

He didn't expect that the vulgar brat in front of him was his boss's friend. Just a moment ago, he almost caused a huge disaster.

He was slightly stunned and hurriedly apologized to Wu Tian in fear, "Sorry, I was blind to not recognize Mt. Tai just now and offended you."

"I'm fine."

Wu Tian magnanimously waved his hand, pointing at the dying green dragon on the ground. "I'm very interested in this person. How about you give him to me?"

"This ..." The boorish man didn't reply immediately. Instead, he looked at Lin Ann with an inquiring look.

With the boss present, it was not up to him to decide.

"Mr Wu, why are you interested in a fighter?" Lin Ann couldn't help but ask this question in his heart.

Normal men would be interested in girls, but Mr Wu seemed to be a little different, interested in such a fighter.

"I feel that this person is very special. He is a rare and good material." Wu Tian asked again: "Are you going to give it or not?"

"Here, of course."

Lin Ann nodded his head forcefully and tried to curry favor with Shi Lei: "Don't even mention a fighter, even if you want this arena, I will still give it to you."

CHAPTER 37:

"Help me get him to the Second People's Hospital." Wu Tian stared at the drowsy Azure Dragon for a few seconds and then turned his head to look at Lin Ann.

"No problem." Lin Ann nodded and immediately ordered his follower to send the unconscious Azure Dragon to the hospital.

"Thank you!" Wu Tian thanked him and left the underground boxing ring with Liu Jun.

The two played in the club for a while. They didn't find it interesting, so they went their separate ways.

After returning home, Wu Tian first went to the bathroom to take a bath, then went to his study to read.

He has recently read a lot about futures, which has rekindled his interest in the futures market.

After reading and studying for a period of time, he had a great change in the futures market and decided to play futures once more.

Unlike last time, he did not blindly invest. Before entering the market, he did a lot of analysis and preparation, spending quite a few industries on blueprints.

He was busy until the middle of the night before he made his preparations for entering the market.

In order to test the effectiveness of this period of study, he directly invested 15 million in buying futures without setting a loss limit.

This time his attitude was very normal, not as excited as when he first bought a futures, after buying it he went to sleep.

When he turned on the computer the next day, although Wu Tian didn't take it to heart, he still opened his eyes wide when he saw it.

He had never thought that the futures he bought last night would have jumped three times in value!

Now, he had earned a net profit of over 30 million!

Looking at the long string of numbers on his account, the corner of Wu Tian's mouth curled up and his blood started to boil.

Dammit, I didn't expect the futures market to make money so quickly, causing his wealth to grow so much in one night.

It seemed that his study of books had been very effective during this period of time. His ability to analyze the futures market was very strong. This was a key factor in earning money.

Of course, luck was also a big part of it. Futures were, after all, a form of speculation.

Excited, Wu Tian quickly withdrew from the market.

He understood that he should just play around with it. He mustn't indulge in it in case he got addicted to it.

After breakfast, Wu Tian went to the City Second Hospital. Seeing that the Azure Dragon was getting better, he packed his stuff and prepared to leave the hospital.

"You're okay?" After entering the ward, Wu Tian looked at the spirited green dragon and sat beside the bed.

The green dragon itself was not a big problem. Last night, he had overused his physical strength while sparring with another person, and he would only pass out after some superficial wounds had been added on top of that.

"You saved me last night?" The green dragon looked at Wu Tian and spoke with an unfriendly tone. There was even a hint of rejection in his tone.

This rejection was like the public's innate hatred for the rich.

"It's me." Wu Tian nodded.

"Don't think that just because you saved me, I will be grateful to you." After saying this, the Azure Dragon turned around and left without looking back.

Wu Tian wasn't angry about the attitude of the Azure Dragon. He said lightly: "You seem to have misunderstood me."

"Humph!"

When passing by Wu Tian, the green dragon suddenly stopped, "In the eyes of you rich people, us lowly fighters are but toys."

"You misunderstand."

Wu Tian stood up from his chair and walked towards the Azure Dragon, "In my eyes, you are not a toy, but a tough guy."

"Is that so?"

The green dragon's eyes turned cold, he suddenly punched towards Wu Tian's face.

This punch was surprisingly fast and contained an astonishing strength. It was like an earth-shattering punch that created a gale of wind as it forced its way forward.

The moment the fist came at him, Wu Tian's heart trembled. He was instantly enveloped by fear and felt an aura of death that he had never felt before.

However, he did not dodge. Instead, he just stood there motionlessly without even blinking his eyes.

The tough aura that radiated from his body infected his body. In front of this tough guy, he was not afraid of death at all.

A strong gust of wind came and his fist finally stopped in front of Wu Tian's nose.

"You ... Not afraid of death? " The green dragon seemed to be shocked by Wu Tian's aura, his pupils slightly contracted.

Since his debut, he had never seen a man as calm as he was now. He looked down upon the world with a grand demeanor, and did not panic even in the face of sudden danger.

"Afraid of death!"

Wu Tian pursed his lips and smiled, "There is no one in this world who is not afraid of death, and I am no exception."

"Then why didn't you dodge just now?"

"If I hide, then I lose." Wu Tian slightly raised his head, "I have something in common with you, you and I won't easily admit defeat."

"Is that so?"

The green dragon lowered his fist, the look in his eyes softening a little, "It seems like you are different from the other rich people."

At this moment, he had already let down his guard, secretly having a good impression and trust of Wu Tian.

"Why did you become a fighter?" Wu Tian took out a cigarette and handed it to the Green Dragon. At the same time, he lit one for himself.

Azure Dragon lit up his cigarette and slowly walked to the window. He took a deep breath and said, "In order to treat my sister's illness, I can only earn money from my punches."

When he mentioned his sister, his tone became softer.

"What's wrong with your sister?"

"Obstructive anemia."

"This disease isn't easy to treat, but don't worry, I'll contact the best hospitals and specialists to treat your sister." Wu Tian took a few puffs and extinguished the cigarette in his hand.

It had been a long time since he had smoked a cigarette. Suddenly, he felt that he wasn't used to it.

"You want to use this method to tie me down and let me fight for you?" The green dragon frowned and questioned coldly.

"You're thinking too much." Wu Tian raised his head to look at the green dragon and said, "From now on, you are free to fight. You don't need to fight anymore."

After saying this, he turned around and walked out of the ward.

"Halt!"

The Azure Dragon's pupils tightened. He could not help but ask, "Why are you helping me?"

"You are a tough guy with a backbone. You don't admit defeat, and you're not afraid of death. I really admire you. A person like you should be able to do more and not be trapped in the fist arena." Wu Tian's words were sonorous and his tone was very sincere.

These were his heartfelt words.

From the moment he first saw the green dragon, he already felt that this man was a plastic material and wanted to win him over.

"Alright!"

The Azure Dragon fiercely extinguished the cigarette in his hand, "Nothing else. Just based on what you said, I, Azure Dragon, will never forget it. I swear to follow you until my death."

He was hot-blooded, but depressed and frustrated.

Ever since he was young, no one had ever admired him. In the eyes of those rich people, he was just a toy that could fight, and no one ever treated him as a human being.

Wu Tian's words seemed to have triggered the pain in his heart, allowing him to find a spiritual place to entrust himself to.

"My name is Wu Tian. From today onwards, we are brothers. Let's fight together." Wu Tian walked over and patted on the green dragon's shoulder.

To be able to make such a tough and resolute man bow his head made him feel extremely

gratified and happy.

"Big brother!" The green dragon cupped his hands in a salute and shouted.

This "Big Bro" was his submission to Wu Tian.

For someone like him, even if you killed him, you couldn't make him lower his head. If you tamed him, he would be completely devoted towards you.

"Good brother." Wu Tian patted the Azure Dragon's shoulder, "The most pressing matter now is to cure your sister. I will contact the hospital right now."

#### CHAPTER 38:

Wu Tian quickly contacted the best hospitals and specialists to let the Azure Dragon sister stay in the hospital for treatment.

After dealing with this matter, he called Loong Yun and asked her about the situation at the driving school. Wu Tian was relieved when he found out that everything was going smoothly.

After driving to Fuyuan Restaurant and accompanying Shen Xue to the dining hall to eat, the two of them headed to the new driving school to register for the carriage ride.

The new driving school was on the opposite side of Splendid Driving School. It was called Tengda Driving School. It covered an area of over 500 mu and was as big as 10 fields of

splendour.

Tengda Driving School not only had a large space, but also many cars. The coaches that were brought over from other driving schools numbered in the tens.

From the very beginning, Tengda Driving School had already been Giant Pioneer Driving School, and its scale had exceeded that of all the other driving schools in the Luzhou combined.

At this moment, a long line was formed in front of the driving school. When the students heard that the new driving school was free of charge, they all ran over to register, making it so that not even a drop of water could trickle through.

"Oh my god!"

Looking at the spectacular new driving school, Shen Xue couldn't help but exclaim, "This is way too big!"

Three days ago, this was just an outdoor football field. Unexpectedly, in three days, it was converted into a large driving school.

"It is indeed not small." Wu Tian nodded in satisfaction. He was very satisfied with Loong Yun's work efficiency.

This woman was truly worthy of being the old man's right-hand man. She had made the driving

school sound and color in just a few short days.

"This is the new driving school you invested in?" Shen Xue stared at the driving school for a few seconds, then her gaze landed on Wu Tian.

"Right."

"Formidable." Shen Xue didn't know whether to laugh or cry as she bit her lip, "Having money really makes one free to do whatever he wants!"

"You can't put it like that. There are many things that money can't buy either."

"Such as?"

"For example, your body. Even if you pay me, I'm afraid you won't sell it." Wu Tian rolled his eyes and finally set his gaze on Shen Xue.

This girl was wearing a halter dress today, and she was even more sexy and seductive than before. Wu Tian felt an itch in his heart when he looked at her.

"Let's go." Shen Xue rolled her eyes slightly and scolded him, "To think you're still the big boss. You don't behave properly all day."

"It's just a joke, don't be angry."

"I'm not that petty!" Shen Xue stuck out her tongue as she turned around to gaze at the Brilliant

Driving School.

At this moment, the glorious driving school was at a standstill. Not only was the coach taken away by Tengda driving school, but all the students were also taken away.

Now, there was only an empty shell left in the glorious driving school, and the managers of the driving school were still struggling to survive.

Shen Xue couldn't help but sigh when she saw the Red Rank driving school fall. "Such a big driving school, I didn't expect it to collapse just like that."

"This is what happens when you go against me." Wu Tian raised his head and looked into the distance as a cold light flashed across his eyes.

"They sure are unlucky to have offended you."

"Even if the heavens do something wrong, they can still live. If they do something wrong, they can't live."

"I suddenly found out that you're so scary, almost like a devil." Shen Xue rubbed her arm, feigning fear.

"What are you afraid of? It's not like I'm going to eat you."

"I'm not afraid of you!"

"You're not afraid, right? Let me show you the terror of the devil." Wu Tian pretended to be a demon and pounced towards Shen Xue with a ferocious look.

It scared the girl to the point that her body shrunk. She quickly backed away and begged for forgiveness, "Hey, stop messing around, all right? Quickly stop ..."

While the two of them were playing, a long-faced man in a sports coat walked over to greet Shen Xue.

"Xiao Xue, what a coincidence, I didn't expect to meet you here." The long-faced man trotted over, looking at Shen Xue lovingly.

"Zhang Tao?"

Seeing the long-faced man, Shen Xue quickly stopped smiling, tidied up her messy clothes, and said with an embarrassed smile, "Indeed ..." "It's indeed a coincidence."

The man in front of her was her classmate. He had chased her before and later became her best friend's boyfriend. Anyway, there was something wrong with his style.

"Long time no see ..."

Before Zhang Tao could finish his sentence, his gaze quickly landed on Wu Tian. "Yo, this brat is your boyfriend, right?"

"He ..."

Shen Xue wanted to deny it, but was interrupted by Zhang Tao before she could finish, "Xiao Xue, you have such bad eyes. Why are you looking for such a useless boyfriend?"

"I'm just friends with him." Shen Xue pulled up her hair and explained with an embarrassed expression.

She didn't want Zhang Tao to misunderstand her. She didn't want him to joke around with her classmates and be teased by them.

"Xiaoxue, stop lying to me, I saw you flirting with this brat just now, would you be like this if you weren't his boyfriend?"

"Ugh ..." Shen Xue didn't refute his words.

If she continued to retort, wouldn't it be misunderstood that she was the kind of girl who was a water flower and would casually pick a fight with boys?

"Sigh, it's really not much." Zhang Tao circled around Wu Tian, pointed at Wu Tian's clothes and said with disdain, "Land vendor, over a hundred, right?"

"Sixty." Wu Tian shook off the casual clothes on his body.

This was something he had bought in the east corner of the city. Although it wasn't worth much, it was still very comfortable to wear, much more comfortable than tens of thousands of dollars worth of clothes.

Wearing this kind of clothes was not for posturing, but to constantly remind yourself not to forget your first heart. No matter which step you take, you must never forget your first self.

"Pfft, hahaha ..."

Hearing that Wu Tian only had a few dozen pieces of clothes on him, Zhang Tao burst into laughter.

After laughing for a long time, he could not help but mock, "Brat, it's a few dozen yuan of clothes. To think you have the nerve to say it out loud."

"Cough, cough!"

Shen Xue coughed dryly. With an ugly expression, she interrupted, "Zhang Tao, we are here to register for the driving license exam."

"Then find me." Zhang Tao put on a handsome hairstyle and said, "I am the vice principal of Teng Da Driving School."

"You're the vice principal?" Shen Xue's jaw dropped. She didn't expect Zhang Tao to be the vice principal here.

"Do you know how powerful I am!"

"Then... Do you know who invested in your driving school? "

"Of course I know. Our backstage boss is surnamed Wu, and his name is ' Sky '. He is a person whose Luzhou has been cheated."

"Then... Do you know your boss? "

"Of course I do." Zhang Tao shook his hair and boasted, "I have a very good relationship with my boss. We call each other brothers, drink and talk merrily, and we even date each other when there's nothing to do ..."

"..."

Shen Xue turned her head and glanced at Wu Tian. She couldn't help but smile wryly in her heart.

This Zhang Tao kid hasn't changed at all. He's still a naughty person and likes to play the part of cheating.

The owner of the driving school was standing right in front of him. He was boasting about how close he was to the owner.

To tell the truth, she couldn't help but feel sympathy for Zhang Tao. She silently mourned for the boy for three seconds in her heart.

"Snowy, let's go. I'll take you to register and find you the best coach." Zhang Tao flattered Shen Xue after bragging for a long time.

In the past, he had nothing to gain from pursuing Shen Xue at school.

Now it was different. He was now the vice principal of Tengda Driving School. He planned to take this opportunity to attack Shen Xue.

"Alright!" Shen Xue did not expose Wu Tian's identity and walked inside the driving school with Wu Tian.

#### CHAPTER 39:

Walking out of the office, Zhang Tao stopped walking and turned around to Wu Tian, "Brat, you are just a country bumpkin. You don't have the qualifications to come to our driving school. Get lost!"

"Why am I not qualified?" Wu Tian asked coldly.

"Even if you get a driver's license, you still can't afford a car, so hurry up and get out of here. Don't waste your time." Zhang Tao waved his hands impatiently, anxious to chase Wu Tian away.

"I want to see your headmaster."

"Who do you think you are? If you want to, you can see me!" Zhang Tao shook his fist and yelled impatiently, "Scram!"

At that moment, the door to the principal's office was pushed open. A middle-aged man wearing glasses walked out.

Seeing the bespectacled man, Zhang Tao quickly went forward to please him. "Principal Lu, if there's anything you want me to do, just tell me. Why would you want to do it yourself?"

"Boss is here. Go out and welcome him immediately." Lu Donghai adjusted his glasses, held up the shelf and ordered.

He was the principal of the Tenda Driving School, and was in charge and charge of all matters concerning the Driving School.

"Alright, I will immediately arrange someone to welcome you." Upon hearing that the boss had arrived, Zhang Tao became nervous.

"Wait!"

The moment he raised his head, Lu Donghai's eyes suddenly lit up, staring at the young man in front of him.

Having just received a call from Boss Long, he heard that the big boss had come to the driving school and told him to come out and greet him.

At the same time, Boss Long also posted a picture of the big boss, which looked exactly the same as this young man in front of him.

Lu Donghai stared at the young man for a few moments and then took out his phone to look at the photo again. Soon, he confirmed that the young man in front of him was the big boss behind the scenes, Wu Tian.

He was so frightened that his face tensed up. He quickly went up and bowed to greet them:  
"Oh, it's Mr Wu. Welcome Mr Wu."

Before Wu Tian could say anything, Zhang Tao couldn't help but remind Lu Da Hai: "Principal Lu, why are you bowing to a country bumpkin?"

"What bumpkin." Lu Dahai cursed, pointed at Wu Tian and said: "This is the big boss behind our driving school, Wu Tian. Hurry up and greet the boss."

"What?" He ... He's the big boss? " Zhang Tao widened his eyes and mouth in disbelief.

"Nonsense, he's our boss."

"Plop!" Zhang Tao was so scared that both his legs went limp and he fell onto the ground like a pile of mud.

Never would he have thought that the cowardly bumpkin in his eyes would actually be the big boss behind the scenes.

Why was his boss so young? Why was Tycoon wearing such shabby clothes? Why was the big boss with Shen Xue?

Countless doubts assaulted his brain, causing him to feel dizzy.

Regardless of whether he was willing to believe it or not, the truth was right in front of him.

To think that he was mocking and ridiculing this brat just now, even ruthlessly humiliating this brat, even threatening him with his fists.

It's over, it's all over this time, this time he's in big trouble.

"Vice President Zhang, why are you lying on the ground when you see the boss? Hurry up and get up." Lu Dahai did not know what was going on, seeing Zhang Tao lying on the ground, he quickly urged him.

"I ..."

Zhang Tao wanted to get up from the ground as well, but his legs were weak and cold sweat was dripping down his forehead.

He had offended the big boss this time and caused a huge disaster. Just thinking about it made him afraid of the consequences.

"What a good vice principal, how dare he use his power and show off his might?" Wu Tian glared at Zhang Tao and scolded him angrily.

"Boss, I was wrong, I had eyes but could not recognize Mount Tai, I am a bastard ..."

Only then did Zhang Tao come back to his senses. He apologized with all his might and slapped his own face a few times.

"You're fired." Wu Tian waved his hand and impatiently said, "Don't let me see you again in the future. Scram."

"Boss, I ..."

Seeing how determined Wu Tian was, Zhang Tao lowered his head as tears of regret rolled down his face.

She had never regretted so much before. She had only acted tough in front of Shen Xue and ended up with such a miserable ending.

He had spent a lot of money to become the vice principal of Tenda Driving School, and before he had even worked for three days, he was fired by the big boss.

Lu Da still didn't understand the situation and tried to ask: "Mr Wu, this..." What exactly is going on? "

"This bastard insulted me, and even threatened me with his fist." Wu Tian pointed at Zhang Tao, who was lying on the ground, and explained.

"What?"

"He was recruited by you?"

"Yes, yes, yes ..." Lu Donghai lowered his head. He was so scared that cold sweat broke out on his forehead.

"Who do you think you are recruiting?" This scum can enter our driving school? "

"Sorry boss, I was wrong."

"Throw them out."

"Yes, yes, yes." Lu Donghai wiped the cold sweat from his forehead and quickly ordered his men to throw Zhang Tao out.

He did not want to vent his anger on himself because of this matter.

Just like that, Zhang Tao was carried out of the driving school by someone and thrown away. This could be considered to be the removal of a tumor from the driving school.

"Are you the principal of our Tengda Driving School?" Wu Tian asked in a low voice, the anger on his face never faded.

"Yes sir!"

Lu Dahua slightly nodded his head and carefully introduced, "My name is Lu Donghai. Boss Long asked me to come over to manage Tengda Driving School."

"What are your plans?"

"I plan to first recruit students for free, expand the market, force the other ten driving schools

in Luzhou onto a dead end, and then acquire them one by one ..."

Lu Dahua earnestly narrated his management strategy.

"Very good." Wu Tian nodded in satisfaction. All of these strategies fit his thinking perfectly.

From the looks of it, the principal that Loong Yun had chosen was not a useless person.

"Right." Wu Tian thought of the Brilliant Driving School and couldn't help but ask: "How is the Brilliant Driving School right now?"

"They've already been forced into a corner by us. I believe they won't be able to hold on much longer and will come to beg us." Lu Donghai had a confident smile on his face.

As soon as he finished his sentence, a woman in a suit ran over hurriedly. "Principal Lu, Shao Jinlong of the Brilliant Driving School is here with some people ..."

Before she could finish her words, Shao Jinlong barged in with his nephew Shao Qiang and a few other senior executives of the driving school.

Shao Jinlong was no longer as arrogant and domineering as before. In just three days' time, he looked much older and more decadent.

"Principal Lu, I came here specifically to negotiate with you." Shao Jinlong licked his old face and smiled.

"Principal Shao came at the right time. Let me introduce our boss to you." Lu Donghai pointed

at Wu Tian beside him and introduced, "This is the big boss behind Tengda Driving School, Mr. Wu Tian."

"It really is you." Seeing Wu Tian, Shao Jinlong's mouth twitched a few times and his old face instantly turned dark.

He had been wondering if the mastermind behind the Tengda Driving School had something to do with Wu Tian.

Only now did he dare to confirm that everything was Wu Tian's doing. It was indeed this brat controlling Tengda to deal with their glorious driving school.

However, he never expected that the kid in front of them would have such shocking strength. He only needed three days to form the Giant Tyrant's Driving School and force them into a desperate situation.

CHAPTER 40:

"Principal Shao, what business do you have with our Tengda Driving School?" Wu Tian looked straight at Shao Jinlong and asked with a tone as bone-chilling as ice.

"I ..."

Shao Jinlong clenched his teeth and forcefully suppressed the anger in his heart. He licked his face and smiled, "I was blind to not recognize Mt. Tai. I hope Boss Wu can be magnanimous and let us off this glorious time."

At this point, he had no choice but to lower his head and plead for mercy.

The only thing to blame was that Wu Tian was too evil. First, he dug out all the coaches in their driving school, then he sucked the students away free of charge.

In just three short days, their glorious driving school had been forced into a difficult position, and now they were completely stopped in their tracks.

If this goes on, I'm afraid the Brilliant Driving School will slowly wither away.

Therefore, he could only come running over to show his weakness, hoping that Wu Tian would be magnanimous.

"I told you three days ago that I would make you regret offending me. Do you believe me now?" Wu Tian looked down on Shao Jinlong with a king's demeanor. His domineering aura leaked out from his entire body.

"I do!"

Shao Jinlong gritted his teeth, licked his face, and pleaded again, "I hope Boss Wu will let us go. Let's both take a step back and live peacefully. How about that?"

Shao Jinlong was no longer as arrogant and domineering as he was before. At this moment, he looked just like a weakling.

"Not much, I won't dance with scum."

"You ..."

Shao Jinlong was so angry that the corner of his mouth twitched. His face looked even worse than the liver of a pig.

He gritted his teeth and endured his anger, forcing a smile again: "Boss Wu, then what do you want to do?"

"Have your nephew kneel on the ground and apologize to Shen Xue." Wu Tian glared at Shao Qiang, who was standing at the back, then loudly ordered Shao Jinlong.

His tone was very firm and there was no room for negotiation.

This time, she spared no effort to destroy the glorious driving school in order to stand out for Shen Xue and help this girl redress the grievances, as well as to teach the Shao Family uncle and nephew a lesson.

"That's too much." Shao Jinlong's face darkened as he said in a displeased tone, "Boss Wu, I don't agree to this condition. Let's change it to another one."

If a nephew kneels to a woman in front of everyone, not only would it embarrass him, but it would also shame the Shao family.

"Do you think this is a f \* cking market? You're bargaining with me here." Wu Tian instantly lost his patience and impatiently threatened: "Either make your nephew kneel down and apologize to Shen Xue, or make your glorious driving school disappear completely."

"Boss Wu, you sure are arrogant." The corner of Shao Jinlong's mouth twitched as his expression turned ferocious.

He lowered his posture and begged for mercy. Who knew that Wu Tian did not give him any face at all? This was unbearable for him.

"Because I have the capital to be crazy." Wu Tian raised his head and replied in the same arrogant tone as Shao Jinlong.

He then changed his tone and said coldly, "I'll give you one last chance. Tell your nephew to kneel down and apologize. I'll consider letting you go."

"Do you really think I'm afraid of you?" Shao Jinlong had a bad temper. At this moment, he was thoroughly infuriated.

Relying on his family's influence, he had always been very arrogant, never putting anyone in his eyes.

He had lowered his stance today, but brat had stepped on him, ruthlessly trampling his dignity. This was unbearable for him.

"That's because you've all seen how cruel I am. If I were to make a move, even I would be

afraid." Wu Tian sounded calm, but there was a strong pressure coming from him.

This kind of tone made the atmosphere especially depressing.

"It won't be that easy for you to force Brilliant Beings to his death. At worst, I'll just fight you to the death." Shao Jinlong stretched out his neck and shouted, "You guys are free, I'm also free. I'm just wasting time with you guys, who's afraid of who?"

"You think you have the ability to waste time with me?"

"You brat, you are truly arrogant."

"Three days." Wu Tian extended three of his fingers, "I said that you can do it in one day if your Luzhou disappears in three days."

"If you can make us disappear in glory today, I'll have to use your surname." Shao Jinlong roared these words. He turned around and instructed Shao Qiang, "Go and make the arrangements. From now on, the coach will be paid ten times the salary. The students will be able to register and learn to drive for free."

He had been forced into a corner.

Now I'm going to burn some money and go up against Tenda Driving School.

Even if it cost him a pile of chicken feathers, even if it cost him his life, he had to do his best to protect his dignity.

Even if he "perished together with Wu Tian", he still wouldn't let this brat succeed.

"Alright, I will arrange it right away. We won't admit defeat even if we have to waste our time with Tenda." Shao Qiang fiercely glared at Wu Tian, then he turned around and quickly left.

"Since all of you are courting death, don't blame me for being impolite." After Wu Tian said this, he took out his phone and dialed Loong Yun's number. He only said a few words before hanging up.

After the call, the scene became silent.

The Tengda Driving School led by Wu Tian was currently in a confrontation with the brilliant Driving School led by Shao Jinlong.

It was like the two sects were fighting a cold war, neither of them willing to admit defeat.

The two sides remained in a deadlock for more than half an hour. Shao Qiang ran in in a fluster and shouted from afar, "Uncle, it's bad, big news ..." "Not good ..."

"Don't panic, what's going on?" Shao Jinlong held his breath and asked his nephew anxiously.

"The projects that we invested in previously ran short. We owe a huge sum of money to the bank to force it to take back the glorious driving school that we pledged. Now ... "More than ten excavators are working on driving ..."

"How could this be?" After hearing that, Shao Jinlong's old face instantly turned dark and gloomy, even uglier than a pig's liver.

"Uncle, our Shao Group's industrial chain broke and all the major banks stopped lending. I'm afraid the company is going to collapse ..."

"Plop!"

After hearing what he said, Shao Jinlong's body went limp and he fell to the ground like a pile of mud. In an instant, he became powerless in the air.

He didn't expect that in such a short time, the driving school he started would collapse, and even the Shao Group behind him would be in danger.

Without the driving school, he would be able to make a comeback. Without the Shao Group, he would be completely ruined.

He was stunned for a moment and slowly raised his head to look at Wu Tian. He said with a trembling voice, "Yes ..." Yes... You, you did it? "

"It's me." Wu Tian condescendingly looked down at Shao Jinlong, as if he was a sculpture.

"You ..." Shao Jinlong's eyes were sunken in, his mouth was twitching, and his expression was as stiff as a corpse.

Only now did he realize how powerful this kid in front of him was. In just half an hour, not only had his glorious driving school collapsed, but even his entire family had been implicated.

Ye Zichen stared at Wu Tian as if he was looking at a death god.

He had never been afraid of anyone in his life, never been afraid of anything, and this time he was.

This brat in front of him was akin to a devil. He could kill him at any time, and could destroy his clan at any time.

Shao Jinlong used all his strength to get up from the ground and walked towards Wu Tian with difficulty. When the distance between them was less than half a meter, he bent his knees and knelt in front of Wu Tian.

It had never occurred to him to kneel to anyone, and this time he had no choice.

The moment he kneeled, it shocked everyone present. No one thought that Shao Jinlong, who was very stubborn a moment ago, would actually kneel down on his own accord.
