

CHAPTER 391 - 400

If it wasn't for Longyun being drugged, he would never have shown such a crazy and bold side.

This kind of boldness is to let Wu Tian benefit infinitely, Meimei enjoys the hot temperature of melting ice.

The pictures in the hotel are more and more exciting, and the voice from Secretary Long's throat is becoming more and more serious.

At this time, she has completely lost her mind, just the rhythmic wriggling of her body, showing women's tenderness and sexuality to the full.

In order to help Secretary long detoxify, Wu Tian now has no choice but to follow this woman.

Tossed about the middle of the night, until very late, two people have fallen asleep, the room gradually restored to the past calm.

The next day.

Wu Tian gets up early, washes his face and brushes his teeth like a normal person, and then goes out to buy breakfast.

When he finished his breakfast, he saw Secretary long wake up.

Long Yun is full of open eyes, feel limbs ache, the whole body has no strength.

Suddenly thought of something, quickly reached out to uncover the quilt, found that the body was naked, nothing on.

She blushed and quickly wrapped herself in a quilt. She looked at Wu Tian with shame and indignation, and asked in a quick voice, "what did you do to me last night?"

"Guess." Wu Tian takes a bite of the old doggie, turns his head and looks at Secretary long.

"You give me..."

Long Yun bit his teeth and clenched his fists tightly.

"No

Wu Tian shook his head and seriously retorted, "you ruined me."

"Asshole, you..." Long Yun clenched two fists and wanted to rush to kill the man in front of him.

The thought of her body being defiled by this man made her sick.

"Secretary long." Wu Tian put down the leftover fried dough sticks, wiped the oil stains on his mouth, and said in a playful tone: "you don't know. You were so crazy last night that you rushed to Ben Shao like a hungry wolf. At that time, you didn't know how helpless you were..."

"Well, don't say it." Long Yun closed her eyes with shame and indignation. These words pierced into her ears like a knife.

Never thought, the loyalty that has been preserved for a lifetime is finally destroyed.

After a long time, she slowly opened her eyes, slowly loosened her fist, controlled her emotions, and slowly vomited out a sentence: "last night, when nothing happened."

If it was someone else who defiled her body, she would cut each other into pieces to relieve her hatred.

However, this person is the young master. What can she do to take away her first son's body by the young master, she can only do as if nothing happened.

What's more, she was drugged last night. The young master was to detoxify her at that time, and he had no choice but to do it.

In the end, the young master did not do anything wrong, and she had no reason to blame him.

"So you don't want to be responsible for me?"

"I..." I don't know what time to bite.

Young master Wu is really exasperated. He takes away her family background and takes advantage of her. In the end, he still talks sarcastically here.

"Ha ha, I'm kidding you." Wu Tian grinned and said in a serious tone: "nothing happened last night."

"How could it be?" Long Yun thinks the young master is lying to her.

If nothing happened, how could she be sore all over the body, especially in her waist and abdomen?

And just when I opened the quilt, I saw the blood on the bed sheet. No doubt, it must be her blood.

"Nothing really happened." Wu Tian walked over and sat down on the bed, explaining in a serious tone: "last night, you rushed at Ben Shao crazily, but Ben Shao was as defensive as a jade. Under Ben Shao's resolute resistance..."

"Will you resist?"

"I had a symbolic revolt." Wu Tian laughed awkwardly and then said, "but you were so crazy at that time. Coupled with the spread of toxicity in the body, I had to help you detoxify with grievance and seek perfection..."

"And you said that nothing happened to us?"

"Don't worry. Listen to me first." Wu tianbai glanced at the Dragon secretary, and then said, "when everything is ready and I am ready to help you detoxify, you suddenly fainted."

"Fainted?"

"Yes."

"How could I suddenly faint?"

"I don't know. Maybe it's a drug overdose. Your body can't bear it, so you fainted."

"I fainted and you didn't touch me?" In this regard, Long Yun expressed doubts.

Under normal circumstances, men are so tempted that they can't stop the car.

"Of course." Wu Tian wiped a handsome hairstyle, looked up his head and said, "I'm a gentleman. How can I take advantage of this opportunity to enter?"

"If you didn't touch me, how could there be blood on the bed?"

"It's your own blood."

"My blood?"

"Yes."

"How can I have blood?"

"The blood of your great aunt." "Aunt?"

"That's right." Wu Tian nodded and said with a smile, "in fact, the arrow was on the string and had to send it. Just as I was preparing, your aunt came, so I didn't do it."

"Really?" Long Yun is still skeptical and reaches into the quilt to check her body.

Inspection found that there was indeed a big aunt, but not too much, there was also an aunt towel.

After careful examination, she found that her body was not violated and the most important thing was still there, which made her feel relieved.

It seems that the big aunt who came out of the blue last night helped her to keep her innocent, otherwise, her body would be incomplete now.

"Well, your aunt didn't come late or early, but she came at the most critical time last night." Wu Tian complained secretly, gritted his teeth and said, "I was nearly suffocated last night."

"Hoo!"

Long Yun secretly breathed a breath, now want to come, last night is really too dangerous, just

about to have an irreversible relationship with the young master.

Fortunately, the big aunt appeared in time to save her, which let her can't help but secretly happy.

Happy less than three seconds, her face suddenly embarrassed, urgent voice asked: "aunt towel is who helped me cushion?"

"It's me."

"You..." On hearing this, Long Yun pretty face in an instant red hair hot, biting teeth in a low voice asked: "then you did not see everything?"

"Of course."

"I..." Long Yun hung down his head, suddenly ashamed of shame.

At the thought of being watched by the young master all over her body, she felt very embarrassed and wanted to find a hole in the ground.

"Ben Shao is the first time to help a woman with this. It's embarrassing." Wu Tian grabs his head with a smile on his face.

Long Yun raised his head and glanced at Wu Tian. He lowered his head again and said in a low voice: "I hope that the matter of last night is kept secret. Don't say it."

"This kind of thing is rare, of course not to say, that's a shame."

"Please turn your back, young master. I want to get dressed." At this time, Long Yun's face was flushed, and she was more charming than usual.

"The clothes you're wearing are not new."

"You..." Long Yun bit his lips, and finally didn't mean to open the quilt. He simply hid in the quilt and put on his clothes.

Put on clothes, Long Yun rushed into the bathroom, carefully examined the body.

Her body is not defiled, and her innocence is still there, but there are many scratches on her body. I don't know if it was made by the young master or by her own carelessness.

She had no idea what happened last night.

However, one thing is certain that there is no physical relationship between her and the young master.

Even so, she still felt flushed. At the thought that she had been taken advantage of by the young master last night and had seen her body all over, she was ashamed of herself.

At the moment, I feel my cheeks are red and hot, and the temperature on my body is particularly high.

Simply put off the dress, with cold water over and over again to wipe the body, the brain still

can not help thinking.

After breakfast, Wu Tian cleaned up the room and waited for more than half an hour to see Secretary Long come out.

The woman gradually recovered, but her cheeks were still a little flushed and her eyes were a little more tender.

Now Secretary Long is a little feminine.

"I bought breakfast. It's almost cold. Have some!" Wu Tian points to the breakfast on the table and says to Longyun.

"I'm not hungry. I don't eat." Long Yun took a look at those things and refused without expression.

"You spent so much energy last night. How can you not be hungry and have to eat? That's the order." Wu Tian took the young master's airs and ordered.

"Yes." Referring to the matter sooner or later, Long Yun's cheek reddened a few minutes again.

Seeing that the young master was so strong, she could only walk over to have breakfast.

After breakfast, the two people were lying in bed, no words, the atmosphere in the room ambiguous some embarrassment.

"What if we had that kind of relationship last night?" Wu Tian looks at the Dragon secretary on the bed beside him and asks.

Last night, if it was not for secretary Long's aunt, there was no doubt that the two would definitely have had that kind of relationship.

"I don't know." Long Yun looks at the ceiling and spits out three words.

She had never thought of this kind of thing before, and did not dare to think about it. She was just a small secretary of the Wu family. She was not qualified to think about such a thing.

If there was such a relationship with the young master last night, she could only admit her fate and pretend that nothing had happened.

"Have you ever thought about marrying into a rich family, marrying a young master of the Wu family, and flying to the branches to become a phoenix?"

"I dare not."

"Have you ever thought about it?"

"I..." Long Yun hesitated for a few seconds and said without expression: "we servants are so different from the young master that we have no chance to marry into the Wu family, nor are we qualified to marry the young master."

"Why did you come to our Wu family as a secretary?"

"I was adopted by the Wu family since I was a child, and then I stayed in the Wu family as a servant. It was only this year that Mr. Wu selected me as your secretary."

"What about your family and parents?"

"When I was born, my parents both died in a car accident." Long Yun looks calm, without any waves.

Perhaps she has already been used to this status, has not known father's love and mother's love is what kind of.

"What a pity." Wu Tian sighed and asked again, "what are your plans for the future?"

"No

"Do you want to stay in the Wu family all your life

"Yes." Long Yun blinked his eyes, staring at the ceiling tightly, "my life is given by the Wu family. I will stay in the Wu family forever and serve the Wu family."

"Don't want to get married?"

"I don't want to."

"What do you do if you miss a man?"

"No

"All right." Seeing Secretary Long's calm heart, Wu Tian didn't say anything more. He just spat out a sentence: "if you are lonely, empty and cold, tell Ben Shao, and Ben Shao will help you solve it free of charge."

"Thank you for your kindness. It will never happen." Long Yun finished saying this and slowly closed his eyes.

I never thought about men and women before. Since I met the young master and was teased and teased by him, some changes have taken place in my heart.

She is a normal woman, in the face of the young master so molestation, physical and mental will be more or less affected.

After chatting for a few words, they fell asleep on the bed, and soon the rhythmic snoring came out of the room.

Until the afternoon two people wake up one after another, Wu Tian stretches his back and turns to Long Yun and asks, "has grandfather made an appointment to meet at the time and place?"

"No Long Yun simply answers two words.

"When am I going to meet my grandfather?"

"I don't know."

"How long will it take?"

"I don't know."

"It won't keep us waiting like this all the time?"

"I don't know."

"Shit!" Wu Tianan scolded and complained, "you poor secretary, why don't you know anything?" "Mr. Wu has his own arrangements. Young master, please don't be impatient."

"Forget it." Wu Tian waved his hand and put his anger on a secretary. He got up and said to the Dragon secretary, "let's go out for dinner."

"Yes." Long Yun obediently got up, went to the bathroom to have a simple wash, and then followed Wu Tian to leave the hotel.

They found a restaurant to eat. After dinner, they wandered in the street. It was boring to go back to the hotel so early. It was better to see a beautiful woman in the street.

Along the way, Long Yun didn't speak. He was still as cold as usual. He was neither cold nor hot in front of Wu Tian.

Just as they were wandering in the street, a 10-year-old girl came by and handed it to Wu Tian. "Uncle, someone asked me to give this to you."

"Who asked you to give it to me?" Wu Tian took the note and asked the little girl.

"It's the pretty little sister in the car." The girl turned to the opposite street and said, "Hey, where's the lady?"

At this time in the street across the empty, there is no car on the side of the road, there is no beautiful little sister.

The girl must have said that the little sister had already driven away.

"Thank you, little girl." Wu Tian rubbed the girl's head and watched the little girl leave before opening the note.

There are a few delicate small characters on the note. It is a girl's handwriting. The content of the note is as follows: Tianya Haige.

After reading these words, Wu Tian frowned. Who gave him this note? What do these four words mean?

"What was it written about?" At this time, the side of Long Yun can not help but ask a question.

"You see." Wu Tian just regained his mind and handed the note to him.

Taking a look at the note, Long Yun also tightly frowned, puzzled: "who left this note?"

"I don't know." Wu Tian first shook his head, and then his eyes lit up: "could it be a note left by my grandfather, asking me to meet in Tianya Haige?"

"No way." Long Yun shook his head and retorted, "Mr. Wu is very cautious and won't ask you to meet in this way. If he meets, he will send me a message directly."

"Who left this note?" Hearing this, Wu Tian frowned more tightly.

This is his first time to Kyoto. He doesn't know anyone here. How can someone leave a note for him?

"Then I don't know." Looking at this note in the hand, Long Yun is also a face at a loss and doubt.

"Since the other party left a paper treaty and I met at Tianya Haige, I would go there." Wu Tian immediately decided to go to the address written on the note.

Now as long as you go to Tianya Haige, all your questions will be solved easily.

"No way." Long Yun complexion sinks, urgent voice stops a way: "I am afraid the other side has deceit, young master must not risk."

"What's the trick?"

"The other party is playing tricks and making mysteries. Maybe he will set up an ambush and wait for the young master to take the bait."

"A woman can't pay her back." Wu Tian immediately made a decision: "Ben Shao will go to Tianya Haige now. You can go back to the hotel and wait for me."

"If the young master has to go, I will go with you."

"What are you doing with me?"

"Protect the young master."

"You don't know martial arts. Don't talk about protecting me. I'm afraid it will drag me down."

"In any case, I must follow the young master."

"All right." Seeing Secretary long so persistent, Wu Tian can only promise, "since you have to follow me, then go."

With these words, he reached for a taxi and took a taxi to Tianya Haige.

Tianya Haige is located in the outskirts of the city. It is a tourist area in the appendix. The main

building has been completed. Later, the boss had an accident and the project has been stranded.

It took more than half an hour to get to Tianya Haige, which is composed of several attics, which looks very imposing.

But these lofts have not been decorated, plus a lot of dust, give people the feeling of some decadence.

Staring at the sea Pavilion at the end of the world, Wu Tian carefully walked in and found that there were more than ten luxury cars in the inner courtyard of the attic, in sharp contrast to the decadent attic.

It's just that there's no one in the car. The people in the car must be hiding in the attic.

After a glance at the scene, Wu Tian turns his eyes to one of the attics and finds that there are a lot of messy footprints in front of the attic.

There is no doubt that the people in the car must have entered the attic.

Wu Tianzheng is about to walk into the attic. As a result, he is held by Longyun. "Young master, don't move lightly."

"What's the matter?" Wu Tian stopped and questioned.

"I think there are a lot of them. It would be dangerous to rush in like this." Long Yun thought about it for a while, and said without expression: "now the enemy is dark and I am bright. We should calm down now, and we can't ambush them."

"It makes sense." Wu Tian agrees and nods, feeling that Secretary Long's worries are not a shadow.

The other side deliberately led him over, and then hidden in the attic did not appear, it can be seen that the other side is indeed set a trap inside.

"Young master." After a short silence, Long Yun proposed: "why don't I go into the attic first to find out the real situation. If there is any danger, please retreat quickly."

"No way."

For this proposal, Wu Tian resolutely refused: "I'm a great man, how can I let a woman take risks for me?"

"I'm your secretary, and I take the risk for you, of course."

"I don't care whether you are secretary or queen, as long as you are by my side, you can't take risks easily."

"But..."

"All right." Wu Tian stretched out his hand and stopped Secretary Long from going on. He said, "wait a minute, wait until they show up."

"Yes." After Long Yun answered, he retreated to Wu Tian.

Two people so stand in the attic yard, looking at the front of the attic in a daze, did not dare to act rashly.

At present, we don't know the identity and purpose of the other party, and we don't know the number and strength of them. If we rush in, we may fall into the whole set of our opponents.

Since these people lead him here, they will show up on their own initiative.

After waiting for more than three minutes, a girl's brittle warbler like laughter came from the attic. The laughter was very thin and long, and it sounded very pleasant.

After the laughter, a girl appeared on the second floor of the attic.

The girl is eighteen or nine years old. She is small and thin. She wears a tight skirt and a slim waist. She is very pitiful.

"Are you Wu Tian?" The girl looked down at Wu Tian from a high position and asked a question.

Although the young girl is young and petite, she steals the innate superior temperament of the noble.

"Yes, I am Wu Tian." When answering, Wu Tian is also looking at the little girl upstairs.

In his impression, he had never seen this girl before. How could the other party know his name?

"Thank you for being a young master of the Wu family. I didn't expect to be a coward. I didn't even dare to go to the attic." The girl couldn't help but despise.

Wu Tian frowned and couldn't help asking, "who are you? How can I know who I am? "

"My grandfather told me that."

"And who is your grandfather?"

"My grandfather is Ouyang Hao.""Ouyang hao?" Hearing this name, Wu Tian Mou color a tight:
"are you a member of Ouyang family?"

I have heard from my grandfather that Ouyang Hao is the head of Ouyang family. He has made friends with the Wu family for generations. The relationship between the two families has always been very good.

"Yes, my name is Ouyang Xuejing." The girl held her chest in her hands and said in a playful tone, "my grandfather said that you are a very good young man, and you may become the master of the Wu family. But I didn't expect that you were a coward. You didn't dare to enter the attic. It's useless."

After saying this, she couldn't help laughing happily again.

"What are you trying to do to bring me here?" Wu Tian Mou color a cold, staring at the woman

called Ouyang Xuejing, cold voice asked.

Originally, he had a good impression on Ouyang family, but he was very dissatisfied with the girl's strange style.

Ouyang Xuejing stopped smiling and said in a loud voice, "my grandfather asked me to send someone to kill you."

"No way." Wu Tian immediately saw through the girl's lies, "the Ouyang family and our Wu family have made friends for generations. Your grandfather has no reason to kill me. What's more, even if you Ouyang family really want to kill me, you will not be sent such a wench."

"All right."

Seeing that he was found out, Ouyang Xuejing was too lazy to make up a lie again. He confessed: "in fact, I came here with my grandfather on my back. He didn't know I came to you."

"What do you want to do with me?"

"My grandfather said that you are very good, and your skill is very strong. I am not convinced. So I brought my bodyguard here to have a discussion with you. To put it bluntly, it is to try to find out whether you are as good as my grandfather said." Ouyang Xuejing's mouth is like a machine gun, crackling and saying a lot.

"You're leading me here in order to test me?"

"Yes."

"Shit!" Wu Tianan scolds, wish to rush up, seize the girl will her buttocks open flowers.

The daughter of Ouyang family, how could he be so boring? He made such a big noise just to test him.

"My grandfather said that you know martial arts and your skills are very good. I'll see how good you are." Ouyang Xuejing said this and waved his right hand.

Soon, more than ten bodyguards in black rushed out of the attic and surrounded Wu Tian.

"Your grandfather flattered me. I'm not very good." Wu Tian glanced at the bodyguards and said impatiently, "I'm very busy. I don't have time to play with you. Goodbye."

Finish saying this, pull long Secretary to prepare to leave.

"You think you can go if you want to?" Ouyang Xuejing raised her legs and stepped on the column, which was not like a daughter of gold, but like a little shrew.

Wu Tian chuckled and reminded: "sister, you are not elegant. You are gone."

"It's up to you." Ouyang Xuejing rolled his eyes fiercely, then stood up straight and put his legs together.

"Miss Ouyang, what do you want?"

"Don't talk nonsense." Ouyang Xuejing hands on the railing, said: "now you have 13 bodyguards, win them, you can leave."

"What if you don't win?"

"If you don't win, you have to die here."

"Young, so cruel?"

"No nonsense, let's go!" After saying this, Ouyang Xuejing raised his hand and waved it.

More than a dozen bodyguards got the order, and they slowly approached Wu Tian, sending out astonishing ferocity all over their bodies.

"Young master, what should I do now?" Seeing so many thugs approaching, Long Yun began to worry.

"You stand back and watch the good play. I'll take care of these people."

"Young master, can you do it?"

"No problem."

"Then be careful." Long Yun finish saying this, slowly back to one side, lest let young master be distracted.

Wu Tian glanced at those bodyguards, and he was provocatively hooked his fingers at them: "don't dally. Come on together."

"You want to die." More than ten bodyguards could not stand such provocation, and they jumped at them.

Ouyang Xuejing is standing on the attic with her chest in her hands, with a smile on her mouth, waiting to see a good play.

She wants to see how capable this guy named Wu Tian has and how to deal with her more than ten bodyguards.

The battle was imminent, and more than ten bodyguards rushed forward. The two bodyguards in front of him attacked Wu Tian's front door with fists. The momentum was extremely fierce.

Wu Tian sidesteps one of the bodyguards and kicks at the other. Who knows, he dodges to attack more.

At the same time, several other bodyguards rushed to attack him from different directions, faster than before.

Wu Tian shook back the two bodyguards with fists in succession, and at the same time raised his legs to sweep the two bodyguards behind him.

Hit two bodyguards in succession, but his heart began to worry.

Until this time, it was discovered that these bodyguards were not ordinary gangsters. They were all powerful and much more powerful than they thought.

If this is the case, he won't get any advantage at all.

After a little meditation, he jumped straight into the attic.

As soon as he entered the attic, those bodyguards chased in. He immediately found a place to hide. After the other party dispersed, he quickly appeared beside four of the bodyguards and caught them unprepared.

In the same way, the bodyguards will be scattered quickly. In a few minutes, these bodyguards will be beaten to and fro.

"Pa Pa Pa!"

Wu Tianpai clapped his hands and walked out of the attic. He said with a smile to Ouyang Xuejing upstairs, "you lost. I beat your bodyguards and turned them upside down."

"It's impossible." Ouyang Xuejing doesn't believe this kind of lies. Her more than ten bodyguards

have been specially trained. How can they be easily knocked down.

"If you don't believe it, you can see for yourself." Wu Li's bodyguards came out of the attic.

More than ten bodyguards limped out of the attic, all of them were scarred and injured to varying degrees.

Seeing more than ten fierce bodyguards being beaten like this, Ouyang Xuejing's face suddenly became gloomy and black, "Wu Tian, I didn't expect you were really capable."

I heard her grandfather say she didn't believe it before, but now she has to believe it after seeing it with her own eyes. This boy named Wu Tian is really capable.

"It's not that I have the ability, it's your little bodyguard who is so stupid." Wu Tian said sarcastically and asked with a smile, "can I go now?"

"Help yourself." Ouyang Xuejing made a gesture of invitation.

"Goodbye!" Wu Tian finished saying this, ready to take Secretary Long to leave.

When he turned around, he found that there was no sign of Secretary Long in the inner courtyard.

Looking for a circle nearby, Wu Tian raised his head and asked Ouyang Xuejing, "where is the Dragon secretary?"

"You can go, but your secretary can't go." Ouyang Xuejing cocked up the corners of her mouth,

and her smile was so brilliant.

"Did you arrest her?"

"That's right."

"Stinky girl, what are you doing with her?"

"Play!"

"You..." Wu weather's corner of the mouth mercilessly a draw, point to Ouyang Xuejing nose threat way: "quickly let go of her, otherwise don't blame me for being rude to you."

"It's just a secretary. Why is Wu Shao so worried?" "Again, let her go."

"Save her, it depends on your ability." Ouyang Xuejing said this and raised his hand.

I soon saw Long Yun hanging on the top of the attic with a rope. From this angle, you can see the scenery at the bottom of the skirt.

At this time, Wu Tian didn't want to see the scenery. He urged Ouyang Xuejing: "put her down quickly."

"Your secretary is 20 meters above the ground. As long as I ask someone to cut the rope, she will fall down immediately. Do you think she will fall to death?" Ouyang snow Jing one face ponders smile way.

As soon as Wu Tian bit his teeth, he warned in a cold voice: "Secretary long is our Wu family. If you kill her, you will only make the Ouyang family hate our Wu family. It will not do you any good."

"If I kill you, I will definitely become enemies with the Wu family, but if I kill such a small secretary, the relationship between the two families will not be affected in any way." Ouyang Xuejing said confidently.

"What do you want?"

"Wu Shao, don't be nervous. I just want to play a game with you."

"What game?"

"Here you are." Ouyang Xuejing touched out a dagger still on the ground and said with a smile, "as long as you stab three knives into your body, I will immediately release your secretary."

"Grass Mud Horse, how boring are you to play this game?"

"Hum!" Ouyang Xuejing gave a cold voice. He was too lazy to listen to Wu Tian's nonsense. He raised his head and said to the opposite: "start, cut the rope, cut it slowly, and give Wu Shao ten seconds to think about it."

"Yes

The bodyguard upstairs was ordered to cut the rope slowly.

At this time, Long Yun's body fell in the air and was shaking. However, she was very calm and said to Wu Tian, "young master, don't worry about me. Get out of here quickly."

"Ouyang Xuejing, let Long Yun go." Wu Tian clenched his teeth and growled in a low voice. His whole body was full of anger.

To tell you the truth, I really want to go and kill this cheap woman now.

This smelly girl, even taking the Secretary's life to joke, is simply shameless to the extreme.

"When I count down to ten, when I count to one, the rope will be cut and your secretary will fall to death." Ouyang Xuejing said this and began to count down: "Nineteen eight..."

"Ouyang Xuejing, let Long Yun go." Wu Tian roared angrily. Don't mention how anxious he is.

I'm not sure whether this woman is joking or will actually throw Secretary long down from the top of the attic.

If Secretary long is really thrown down, he will be disabled even if he doesn't fall to death. He may spend the rest of his life in bed.

"765..." Ouyang Xuejing as if did not hear, mouth continues to count down.

The bodyguard on the top of the attic is not idle. He is still cutting the rope with a knife, but his

action is very slow.

"Well, I'll do it." When Ouyang Xuejing counts down to three, Wu Tian finally loses his breath.

In this situation, he did not dare to take Long Yun's life as a gamble. If this crazy woman really cut the rope, Long Yun would be in a bad situation.

"Stop!" Ouyang Xuejing reached out to the bodyguard who cut the rope and said with a smile, "Wu Shao, do you really want to stab yourself with a knife?"

"Since you want to play, I will play with you." Wu Tian picked up the dagger from the ground and looked at Ouyang Xuejing coldly, "but remember, I will pay you double for these three sabres today."

"Why does Wu Shao have to be a little secretary? Why should Wu Shao suffer from skin and flesh for a secretary?" The smile on Ouyang Xuejing's face is always playful.

"You'd better keep your word." Wu Tian clenched the dagger and stabbed his arm.

When the knife goes down, the blood gushes out instantly, and soon the left hand and clothes are dyed red.

"No!"

Long Yun, who was hanged in the air, cried out in her heart and lungs. She may have never dreamed that the young master really stabbed her body in order to save her.

Looking at the young master's bloody arm, her heart seemed to be squeezed hard, and her heart was about to explode.

Imperceptibly, her eyes gradually moist, do not know why, at this time her heart is particularly sad, especially uncomfortable, especially moved, the five flavors of the heart are mixed, can not be described by words.

Never thought, in this life, there is a man willing to save her and bleed, but also did not think that this man is her young master.

Ouyang Xuejing was also shocked by this scene. She was stunned for a long time before she came back to her mind, "are you stupid? How can you really stab yourself?"

Never thought of such a good man in the world, in order to save a woman stabbed at the body, even she was moved.

"Two more." Wu Tian gritted his teeth and put up the knife again.

"Wait!" Seeing Wu Tian stabbing his body again, Ouyang Xuejing was scared and stopped: "I'm just joking. How can you play real?"

"Don't you want to play? I'll accompany you." Wu Tian clenched his teeth and fixed his eyes on Ouyang Xuejing like a god of death.

"I won't play." Ouyang Xuejing swallows her saliva. She is frightened by the man in front of her.

I used to tease a lot of men in this way before. I played a lot of this game. I always thought it was funny.

But this time is different. Wu Tian doesn't play cards according to the routine. Who would have thought that he would stab himself for a secretary.

If the little secretary dies, it will have no influence on her. If the young master of the Wu family is killed by her, she may bring great trouble to the family.

When she met this kind of young master, she couldn't afford to play at all. She quickly ordered the bodyguard on the top of the Attic: "quick, quickly let go of the little secretary."

The bodyguard got the order and carefully pulled Longyun up from the air.

"Hoo!"

Seeing Long Yun's safety, Wu Tiancai took a long breath and threw away his dagger, holding the wound he had stabbed.

Hello, are you all right Ouyang Xuejing can't help but care. She is usually arrogant, unruly and willful, and is naturally playful.

This time she met Wu Tian, a man who was not afraid of death, she was also scared.

"A woman like you is not worthy to talk to me." Wu Tian bit his teeth and tried to bear the

sharp pain in his arm. "One day, I will make you regret what you have done today."

"I was just joking, and I didn't expect you to stab yourself in the arm." Ouyang Xuejing, like a child who did something wrong, bit his mouth and whispered, "Why are you so stupid to stab yourself for a secretary?"

In her eyes, the identity of secretary and servant is very humble. Only the servant protects the master. How can the master protect the servant?

"She's my secretary and it's my responsibility to protect her." Wu Tianyi looks upright.

"You are a strange man." Ouyang Xuejing knew that he had made a big accident. He pleaded in a low voice: "don't tell your grandfather about this today, or my grandfather will have to deal with me again, that If I have something else to do, I will not accompany you. "

With these words, he ran away from here with his bodyguard.

Today, the young master of the Wu family was brought here on purpose. The main purpose was to frighten the abandoned young man and make fun of her to let the other party know how powerful she is.

But the result did not expect, Wu family young master is a cruel person, almost did not frighten her half to death. Seeing that the situation was not good, he ran away with his bodyguard.

With the rapid roar of cars, under the escort of more than ten luxury cars, Ouyang Xuejing quickly left Tianya Haige.

Until this time, Long Yun, who was out of danger, ran down from the top floor in a panic, rushed

up to hold Wu Tian's arm and said in a anxious voice, "young master, how are you doing?"

"There's no need to make a fuss about a little injury." Wu Tian lost too much blood and sat on the ground.

"Young master, why are you so stupid? For me, you even..." Looking at the young master's bleeding wound, Longyun felt as miserable as a knife.

Encounter this kind of thing, for any woman will be moved, Long Yun is no exception, after all, she is not a stone.

"You're my secretary. It's natural to protect you." Wu Tianyi took it for granted.

"But..." Long Yun bit his teeth, whimpering and spitting out a sentence: "but I'm just the lowest and humble servant of the Wu family. It's not worth the young master to bleed for people like me."

"You are not only my secretary, but also my best partner. In the past half a year, you have done a lot of things for me. As your young master, it is natural for me to protect you."

"Young master, I..." Long Yun bit his teeth and spit out two words: "thank you!"

She really didn't know what to say. Anyway, she was very complicated now, and she never expected to encounter such a situation.

In the Wu family, both servants and bodyguards are of low status. They are never looked at by the young master, and no young master is bleeding or injured in order to save the servant.

I didn't expect that she could meet such a good master. She was very moved and glad to be Wu Tian's servant.

After staring at the young master's wound for a long time, she swore out a sentence: "young master, I owe you a life. From today on, my life is your master."

"It's not that serious." Wu Tian grinned and couldn't help joking: "let me take advantage of it more in the future."

"The young master has been hurt like this, and he still has the mind to joke." Long Yun finished saying this, reached out to help Wu Tian up from the ground, "go, I'll send the young master to the hospital."

They left Tianya Haige and then took a taxi to the nearby hospital.

Fortunately, Wu Tian's skin injury was not deep. After dressing, the two returned to the hotel.

After entering the room, Long Yun is stupidly staring at Wu Tian with a strange expression on his face. He doesn't know what he is thinking.

"Why are you looking at me like that?" Wu Tian felt thick skinned and said with a smile, "don't you think this is very handsome?"

"I dare not judge whether it is handsome or not, but the young master is very kind-hearted."
Long Yun's mouth is hard to squeeze out a smile.

"Ben Shao is handsome and kind-hearted. Is he in love with Ben Shao

"Not so much." Long Yun put up a smile on her face, and her eyes fell on Wu Tian's wound,
"young master, do you still have pain in your arm?"

"No pain."

"It doesn't really hurt?"

"It's just a little injury. It's nothing serious."

"I was really surprised that you would stab yourself in the body." Long Yun sucked his nose, and his eyes were soft.

"I don't want to." Wu Tian leaned against the bed, touched out a cigarette and lit it. He said, "I guess Ouyang Xuejing may be joking at that time, but I dare not gamble on your life. If that crazy woman really cuts the rope, the consequences will be unimaginable."

"I'm just a servant. Why do you want to save me?"

"After all, Ben Shao saw all your body last night, and you can't see it for nothing. What's more, it's a pity that you're so beautiful."

"Cough!" Long Yun coughed twice without asking.

"Well, Ben, get some sleep first. Don't disturb me if you're OK." Wu Tian said this and fell to bed to sleep.

I lost too much blood just now. I'm a little weak now. I need a good sleep to replenish my physical strength.

He slept for a long time and didn't wake up until dark.

Open his eyes, found that Long Yun is sitting beside the bed staring at him in a daze.

"Secretary long, why are you looking at me all the time?" Wu Tian is not comfortable with this kind of eyes.

"I No Long Yun this just returned to God, quickly turned his head to the right, the expression on his face was slightly embarrassed.

"What time is it?"

"Nine o'clock in the evening."

"Grandfather hasn't called yet?"

"No

"Ah Wu Tian sighed, turned over and sat up from the bed. "Tomorrow is the annual family meeting. What does grandfather want?"

"Don't be impatient, maybe..."

Long Yun did not finish speaking, was interrupted by the mobile phone ring, quickly touched out the mobile phone, a look, said to Wu Tian: "great, Mr. Wu asked you to meet."

"Really?" Hearing this, Wu Tian was so excited that he turned over and got out of bed in a hurry. As a result, he accidentally touched the wound and took several breaths of cold air.

Long Yun heart an urgent, rushed to care: "young master, are you ok?"

"Just accidentally touching the wound."

"Slow down."

"No problem." Wu Tian endured the pain on his arm and asked Longyun in an urgent voice: "where did my grandfather ask us to meet?"

"Let's go to Caesar Hotel Room 1008."

"Well, now." Wu Tian walked quickly outside the hotel. He couldn't wait to see his grandfather.

After a few steps, he suddenly turned back to Longyun and told him, "Secretary long, don't let my grandfather know about my arm injury."

"Yes."

"Well, let's go."

"Wait a minute."

"What's the matter?"

"Clothes." Long Yun stepped forward and carefully arranged some of Wu Tian's wrinkled clothes.

Seeing Long Yun's serious and gentle behavior, Wu Tian couldn't help joking: "Secretary long, I didn't expect you to have such a gentle side."

"All right

Long Yun looks embarrassed and takes two steps back to keep a distance with the young master.

According to the regulations of the Wu family, the servant and the master should not be too close. They must keep a distance of 1.5 meters.

"Why are you so far away from me? Ben Shao doesn't eat people." Wu Tian smiles bitterly,

shakes his head and continues to walk towards the elevator.

Out of the hotel, two people took a taxi to Caesar Hotel, and soon took the elevator to room 8 on the 10th floor.

Standing in front of the door, Wu Tian is inexplicably nervous.

I'm going to see my grandfather soon. I should be excited. Why are you so nervous?

Perhaps it is because his grandfather is not an ordinary grandfather, but the head of the Wu family, a leading figure in China.

It's hard to avoid being nervous when you meet such people.

"Young master, I'll knock for you." Long Yun said this, ready to knock on the door, Wu Tianyi grabbed the arm, "don't worry, wait first."

"For what?" Long Yun Ning eyebrows puzzled way.

"Wait till I get ready." After Wu Tian finished this, he carefully arranged his clothes from top to bottom. After finishing for a long time, he motioned to Longyun: "OK, knock on the door."

"Yes

After Long Yun answers, this just raises a hand to knock on the door.

After waiting for a long time, the door opened, and a tall woman in black leather clothes and leather trousers appeared first.

This woman has a hot figure and a face as amazing as long Yun, but she is much older than Long Yun.

This must be my grandfather's servant and bodyguard, but I didn't expect that Wu's servants were so beautiful.

Without waiting for Wu Tian to open his mouth, the maid spat out: "come on in!"

"Good!" After Wu Tian answered, he took long Yun into the room.

This is a luxurious presidential suite. There are more than ten bodyguards wearing sunglasses in the hall of nearly 100 square meters, all of them are domineering.

Except for a dozen bodyguards, there was no sign of grandfather in the hall.

"Two guests, just a moment. I'll report to Mr. Wu." The maid said this and turned into the inner hall.

Listen to this tone, the maid does not know Wu Tian's real identity.

Wu Tian stood outside and waited. After half a minute, he saw the maid come out and made a gesture of invitation: "guest, the old man let you in."

"OK." Wu Tian finished saying this and went to the inner hall with Secretary long.

I didn't expect that the inner hall was also very large, with at least 60 square meters, but there was no one in it.

After Wu Tian and Long Yun walked in, the maid pointed to the sofa and said, "two distinguished guests, please wait a moment. The old man will come out soon."

After saying this, the maid carefully withdrew from the inner hall and closed the door.

Wu Tian stood in the inner hall and waited for a moment. Then he heard the rhythmic footsteps. Looking along the footsteps, he saw an old man with white hair in Zhongshan suit coming out of the room.

The old man is nearly 70 years old. The two birds are a little gray. They look old and energetic.

In this old man, he was born with the imperialist domineering spirit. His eyes were calm, but he gave people a strong pressure. As long as he looked at him, he could feel that sense of oppression.

As the elderly step closer and closer, the pressure of the momentum is also more and more strong, and even make people feel difficult to breathe.

This is Wu Tian's grandfather Wu Zhihe, also known as the famous Wu family leader in China.

Wu Zhihe approached Wu Tian with a slow step, reached for his arm, and said with a smile, "Xiaotian, we are finally meeting."

"Grandfather..."

Wu Tian opened his mouth and called out. At the moment when he was holding his arm, all the tension in his heart disappeared.

Looking at the old man with white hair in front of him, Wu Tian has an inexplicable sense of intimacy, as if he had met a long time ago.

Perhaps this is the blood thicker than water kinship.

"Good boy!" With a knowing smile, Wu Zhihe walked to the sofa and sat down.

Maybe it's his aura is too big, even with a smile, it still gives people a sense of fear without anger and self danger.

"How are you, grandfather?" Wu Tianqian expressed concern.

Looking at the familiar and strange old man, he felt a lot of bitterness in his heart.

This is his own grandfather, a man who let countless people look up and dare not look directly at him, who makes countless people feel frightened.

The easygoing smile on his grandfather's face made him feel kind, but his powerful aura made him feel strange.

This is the grandfather that he wants to see every day. He is the closest person in the world.

Can really see only to find that the distance from grandfather is good, this may be the so-called identity disparity.

"I'm fine." Wu Zhihe smiles and spits out three words, and then the smile on his face disappears: "Xiaotian, are you injured?"

"Ah?" Wu Tian was slightly stunned. He didn't say that he was hurt?

But on second thought, what kind of person is my grandfather? I'm afraid that from the moment he stepped into Kyoto, my grandfather knew everything about him.

"After." Wu Zhihe waved his hand and said, "Xiao Tian, come and let Grandpa have a look at your wound."

"A little injury, nothing." Wu Tian went to roll up his sleeves and exposed the knife wound on his arm.

Wu Zhihe just glanced at it, then began to blame: "Ouyang Xuejing, that girl, is really not like words. I will let Ouyang old brother discipline him well some other day."

"It's no big deal for me." Wu Tian grinned and put his clothes down again.

"And you." Wu Zhihe turned his head slightly and squinted at Long Yun. "This time, you are guilty of your injury."

"Yes

Long Yun bowed his head and shivered with fear.

"Secretary long, do you know what's wrong?" Wu Zhihe looked at the front with a faint anger in his eyes.

"Know your mistakes." Long Yun did not say a word, raised his hand to his face and pulled it hard. His strength was very strong. Every slap would leave five fingerprints.

"Pa pa pa pa..."

In the room, only the sound of Long Yun's face slapping is more fierce.

Seeing that Secretary long is so cruel to himself, even Wu Tian feels heartache and hastens to open his mouth to stop him: "Secretary long, stop it, don't fight."

"Pa pa pa pa..."

Long Yun as if did not hear, raised his hand to continue to beat his cheek, soon two faces were hit swollen.

If it goes on like this, it's no exaggeration to say that this pretty face will definitely be disfigured.

"Grandfather, please stop her." Seeing that Long Yun is so stubborn, Wu Tian has to plead with his grandfather.

"That's enough." Wu Zhihe seems to be in order to give Wu Tian face, this just ordered to let Long Yun stop.

"Yes Long Yun stopped beating his face, still hung his head and did not dare to look up.

At this time, her cheek has been broken by her own skin, just like being whipped by a whip, her face is red and swollen, and her palms are imprinted on her face like a soldering iron.

Seeing that beautiful face is beaten like this, Wu Tianxin is not a good taste.

Never thought, grandfather heart so cruel, to treat beautiful long Yun can be so cruel, really let a person at first tongue.

"I heard that you stabbed the sky with a knife to save you?" When Wu Zhihe was talking to Wu Tian, his smile was much more gentle.

"Yes Wu Tian knew that he couldn't hide it, so he had to confess: "Ouyang Xuejing hanged Long Yun in the sky and forced me to stab myself. For the safety of Longyun, I had no choice."

"You have such courage." Wu Zhihe nodded with approval, then turned his tone: "but in our Wu family, only servants protect their masters. There is no master injured for the sake of protecting

servants."

"Grandfather, I feel that the servants have done their best for our Wu family..."

"All right." Wu Zhihe waved his hand and interrupted Wu Tian in a domineering way. "Long Yun is not suitable to be your secretary again. I will rearrange a person beside you."

"What about Secretary Long?"

"She made a big mistake and should be punished. I will send her abroad to do public relations and serve European partners." Wu Zhihe made the decision immediately.

"Plop!"

Long Yun was scared, and knelt down on the ground and begged: "Mr. Wu, you can let me be an ox and a horse in China. Please don't send me to do public relations abroad." "Shut up!"

Wu Zhihe's eyes were cold, and his whole body was domineering. Who can change the decision I made

"I..." Long Yun mouth corner mercilessly trembles a few times, words to the mouth after all or swallow back, eyes full of despair.

She knew that no one could change Mr. Wu's decision.

Seeing that Long Yun is so afraid of going abroad to do public relations, Wu Tian can't help

asking, "what is the position of going abroad to do public relations?"

"Our Wu family has many business partners abroad, and these partners need women to maintain relationships." Wu explained without expression.

"Women for relationships?"

"To put it simply, it is to use the maids trained by the Wu family to please those international giants. You will understand it later."

"Grandfather, do you mean to give Secretary Long to those foreigners as playthings?" Until this time, Wu Tiancai understood the meaning of his grandfather's words.

Many businesses are driven by women, but I didn't expect that my grandfather would also use this method, and he wanted to give Longyun to foreigners directly.

"Secretary Long was trained by our Wu family. Naturally, she will contribute to our Wu family's career. What's more, she should be punished for her mistakes this time..."

"I don't agree." Before grandfather finished speaking, Wu Tian interrupted: "I don't agree to give Secretary Long to those foreigners as playthings."

The tone of voice has never been as strong as it is now.

"Xiaotian, this is a kind of commercial means. You are still young, and you don't quite understand some things. I'll let people teach you in the future." Wu Zhihe said this with the

same strong tone: "this matter I have decided, do not need to say more."

"I said I didn't agree." Wu Tian roared. Even he was surprised. He didn't dare to speak to his grandfather so loudly.

"Pa!"

Wu Zhihe, with a heavy complexion, raised his hand and patted on the table, "boy, you dare to talk to me in this tone."

"I won't let you send Secretary long abroad anyway." Wu Tian said this and helped Longyun up from the ground.

At this time, Long Yun's body has already been stiff and straight, and her eyes are full of shock and accident. Unexpectedly, the young master talked back to the old man in order to protect her.

While appreciating the young master, Long Yun is also worried secretly. This time, the young master is afraid to have made a terrible disaster.

The room was quiet, and the atmosphere was tense and oppressive, as if the air had solidified and suffocated.

"That's not true." For a long time, Wu Zhihe just shivered and uttered a sentence: "for a secretary, you should talk back to me."

"She is a secretary, a real person, not a dog of the Wu family. She needs to be respected." Wu

Tian adjusted his mood and argued.

He didn't approve of his grandfather's practice, but he was too old to be angry with him.

"In Wu, I have the final say." Wu Zhihe stood up from the sofa and pointed to Long Yun's nose. "I said she was a dog. She was a dog."

"Even if she's a dog, she's my dog now, and I'm taking her away." Wu Tian finished saying this and took Long Yun's arm to leave here.

Now my grandfather is very angry. Even if we continue to argue, we can't get any results.

Grandfather's thought has long been imprisoned, the right, identity, status are too heavy, so that he ignored the ideas of others.

"She's a dog of the Wu family. I'll break her leg as soon as I walk out of this door today." Wu Zhihe has never been so angry.

I didn't expect that the successor he trained up was so rebellious that he would confront him.

If I had known that, I should have left the boy around and cultivated him in person, which would not have happened today.

After the roar, the door of the inner hall was pushed open, and more than ten bodyguards stood at the door.

As long as Wu Zhihe has a look in his eyes, they will rush to break Long Yun's legs.

In the Wu family, Wu Zhihe is the commanding height of power. All servants must obey Mr. Wu unconditionally. No one dares to resist.

"I want to move the Dragon secretary and walk over my body." At this time, Wu Tian naturally won't admit and defend Longyun dead behind him.

If he wants to gamble, he won't believe it. Grandfather will let those bodyguards attack him regardless of his flesh and blood.

"You..."

Wu Zhi's genial mouth was mercilessly pumped for a few times. It took a long time to yell at the bodyguards: "close the door and get out."

The bodyguard quickly closed the door and exited the inner hall.

"Hoo!"

Wu Tian secretly breathed a breath, turned to Wu Zhihe and said, "grandfather, thank you for letting Secretary long go."

"If you weren't my grandson, I would have slapped you to death." Wu Zhihe waved his fist and sat down again on the sofa. At this time, his chest heaved violently.

No matter at any time, he is calm and thick, only today was Wu Tian this boy gas lost his reason.

"If I were not for your grandson, I would still live a normal life, maybe we would never meet." Wu Tian spits out a sentence bitterly.

He was not an ordinary person in his life, but he lived an ordinary life. Now he has changed from an ordinary person to a descendant of the Wu family.

As a descendant of the Wu family, he did not know whether he should be happy or sad. In any case, he had no right to choose.

"All right!"

Wu Zhihe forced himself to suppress his anger and recover to his previous calm. "Since you have to leave Secretary long, let it be."

"Thank you, Grandpa." Wu Tian quickly thanks.

Long Yun is secretly relieved, also secretly surprised in the heart, did not expect Mr. Wu to compromise this time.

For a long time, no one can change the decision made by Mr. Wu. This time, he made a change because of Wu Tian.

"Stinky boy, I'll be angry with you sooner or later." Wu Zhihe thumped his chest and leaned back on the sofa, pretending to be angry.

"I'm sorry, grandfather. I shouldn't have contradicted you." Wu Tian took the initiative to admit his mistake. At the same time, he took out a crumpled piece of paper from his pocket and handed it to him, "this is a gift I gave you."

"Gift?" As soon as Wu Zhihe's eyes congealed, he reached for the folded paper and opened it. He saw a pencil drawing on it.

On the paper is a picture of an old man with a crutch in his hand. His face is full of wrinkles, and his eyes are smiling with kindness.

The painting has been worn down for years, and pencil marks have been worn away in some places.

At the bottom of the portrait was a few words: my grandfather, these words are worn out and almost can't be seen clearly.

Looking at the painting in his hand, Wu Zhihe's eyes are soft and smooth. His smile has never been so gentle and harmonious as now.

"Did you draw it?" After staring at the pencil portrait for a few times, Wu Zhihe slowly raised his head and set his eyes on Wu Tian.

"I drew it when I was in primary school." Wu Tian sniffed and said sincerely, "in my heart, my grandfather has always been great."

"I didn't expect you kept it." Wu Zhihe clenched his teeth and carefully put away the pencil drawing. "You are so thoughtful. I like this gift."

"Grandfather, from childhood to adulthood, my greatest wish is to hope that you will be healthy and live a long life. You can see with your own eyes that your grandson is excellent and has won a certificate." Wu Tian said what he had been pressing in his heart. The confrontation with my grandfather just now made him feel cold. Now I want to comfort him in this way.

Because he knew in his heart that his grandfather had always loved him, otherwise he would not have worked hard to cultivate him and let him take over the position of the head of the Wu family.

"I have a present for you, too." Wu Zhihe said, pointing to the cabinet on his right hand, "go, open that drawer."

"Oh Wu Tian went to open the drawer and found a thick stack of documents, including transfer agreement, title deed, check and bank card.

Staring at these things, Wu Tian couldn't help but ask, "what's this, grandfather?"

"This is part of the property transferred back from abroad, which has been transferred to you. It's a reward." Wu Zhihe said calmly.

Even though his grandson contradicted him and made him angry, he still didn't remember his breath. After all, it was a blood thicker than water relationship.

"Grandfather, this..." With these documents, Wu Tian felt as heavy as gold and heavy in his hands.

"It's just a little gift." Wu Zhihe leaned back on the sofa in a different posture and said with a smile, "when you inherit the property of the Wu family, there will be endless useful property. I hope you can keep the property for the Wu family, so that the Wu family can continue."

"Don't worry, grandfather. I will live up to your high expectations."

"You must remember that you have an important mission on your shoulders, and you must live for the glory of your family."

"Yes."

"Well, you can go." Wu Zhihe waved his hand, then closed his eyes and leaned on the sofa.

"Ah?" Wu Tian was slightly stunned and tried to ask, "grandfather, do you have nothing else to say to me?"

"No more." Wu Zhihe closed his eyes and spewed out two words.

"But, I..." Wu Tian opened his mouth, but he didn't know what to say.

All the way to Kyoto, waiting for several days, did not expect my grandfather to say such a few words to him.

Standing in the same place for a few seconds, Wu Tian opened his mouth and spat out a sentence: "grandfather, I still have something to say to you."

"Say it Wu Zhihe still did not open his eyes, with a faint smile on his face.

"I..."

Wu Tianyi didn't know where to start. He was looking forward to seeing his grandfather every day before he saw him. He didn't know what to say after seeing him.

Stupefied for a long time, he asked: "grandfather, I heard that the Wu family will hold a family meeting tomorrow?"

"This year's family convention was cancelled."

"Why?"

"The time has not come."

"All right." Wu Tian didn't ask any more questions. He bowed at 90 degrees and said, "take care of yourself, grandfather. I'm going."

After bowing, he looked at his grandfather for a few times, and then turned around and walked outside.

"Wait!" Before he went out, Wu Zhihe suddenly opened his eyes and said, "the reason why the family meeting was cancelled is related to the Shangguan family."

"Shangguan family?"

"Yes." Wu Zhihe got up and went to the window, as if to himself: "this family meeting was originally intended to announce you as the successor, but a major security risk made me cancel this decision."

"What are the security risks?"

"It's the Shangguan family. They're planning to destroy our Wu family. If we announce the successor now, it will cause internal strife in the Wu family and cause unrest in the family. At that time, the Shangguan family will take advantage of this opportunity." Wu Zhihe's tone seems calm, but there are deep worries in his eyes.

"I see."

"The Shangguan family is too ambitious. Only by destroying the Shangguan family can you inherit the position of master of the family."

"The Shangguan family is very strong. It is not easy to destroy them." Wu Tian naturally knew the difficulties.

It is very difficult for both families to be defeated.

"If we confront each other head-on, we will lose both sides. Now we can only go through the dark and find a way to attack each other." Wu Zhihe turned around and said wisely.

"Grandfather already has a strategy?"

"Yes." Wu Zhihe nodded and said, "now I have a task. I want to give it to you."

"What task?"

"Shangguan family has a branch in Luzhou. I want you to eliminate the influence of Shangguan family in Luzhou."

"No problem."

"Although the Shangguan family is only a small branch in Luzhou, you must not be careless. After all, this branch has international power, so you must be careful."

"Don't worry." Wu Tian confidently raised his head and assured, "I will destroy the power of Shangguan family in Luzhou as soon as possible."

"Well, you will go back to Luzhou early tomorrow morning. Don't come to Kyoto without my order. Do you understand?"

"Yes."

"Let's go. I'll call Secretary long for anything."

"Take care, grandfather." After Wu Tian bowed deeply, he turned around and left here with

Secretary long.

As soon as Wu Tian and Long Yun left, another old man with white hair came out of the room and said with a smile, "Lao Wu, your grandson is really not simple. You are brave, resourceful, and righteous."

"Brother Ouyang, are you looking at my joke?" Wu Zhihe gave Ouyang Hao a white look, and the look in his eyes was somewhat complicated.

"I mean it." Ouyang Hao went to sit down in front of the sofa and said seriously, "you are a good grandson. You are a hundred times better than those of Ouyang family."

"It's very annoying of that stinky boy to contradict me for the sake of a secretary." Wu Zhihe held his chest and clenched his teeth.

The thought of being contradicted by his grandson made him very angry.

"Your grandson contradicts you, and that's to protect his men." Ouyang Hao patted Wu Zhihe on the shoulder and said with a smile, "it proves that this boy is affectionate and righteous."

"Even if you have money and justice, you can't contradict me for a secretary."

"Lao Wu, I say you are a man of one mind." Ouyang Hao poured a cup of tea and handed it to

him. He said in a deep voice, "if you dare to contradict your descendants, you will have your own opinions, thoughts and personality. If you want to be an inheritor and flatter your ass, do you like it?"

"I..."

Wu Zhihe was choked by this sentence.

He was born to hate flatterers. If Wu Tian flattered like other descendants, he would be disappointed.

"I just want to ask, in your Wu family, who has the courage and courage of Wu Tian? Who has his ability? "

"This..."

Wu Zhihe thought for a moment, and finally shook his head: "looking at the whole Wu family, no descendant can compare with Wu Tian."

"Don't mention your Wu family. Even if you Ouyang family, you don't have such excellent descendants." Ouyang Hao finished saying this, then turned his tone: "if you don't like Wu Tian, you can let him be my grandson. I like this young man very much." "That won't do."

As soon as he heard that Ouyang Hao wanted to rob his grandson, Wu Zhihe was not happy. "I spent more than 20 years cultivating this grandson. Don't rob me."

"Or I'll trade you my granddaughter?"

"Go and go." Wu Zhihe waved his hand and resolutely refused: "don't give it to me for your trouble making granddaughter."

"Xue Jing is really naughty." Speaking of his granddaughter, Ouyang Hao put up his smile and apologized: "I apologized to you for hurting your grandson before. Later, I'll take Xuejing to your Wu family. If you want to kill him, you can handle it."

"All right." Wu Zhihe waved his hand magnanimously and said with a smile, "it's no big deal that children play with each other."

"Lao Wu, you will not investigate this matter?"

"With our friendship, I'm too lazy to investigate this matter." Wu Zhihe finished saying this, and then turned his tone: "but your granddaughter should be well disciplined, and don't let her mischievous in the future."

"I can't control it, or you can manage it for me?"

"You can't control yourself. Can I?"

"My family Xuejing is afraid of your grandson, or let your grandson help to discipline him?" Ouyang Hao asked half jokingly.

Wu Zhihe frowned and squinted suspiciously: "brother Ouyang, what medicine are you selling in the gourd?"

"I think Xue Jing and your family Wu Tianting are predestined."

"I see. You're trying to set up your crazy girl with my little day, right?"

"Yes."

"Well, you Ouyang Hao, you want to take away my grandson in this way." Wu Zhihe looks like he can see through Ouyang Hao.

"Let Xuejing marry Wu Tian, and our two families get married and join forces. Since then, the Shangguan family will not dare to act rashly against your Wu family." Ouyang Hao wiped a beard on his face and suggested with a smile.

"This..."

The smile on Wu Zhihe's face became stiff and fell into deep meditation.

If the Wu family really marries the Ouyang family, the Shangguan family will certainly have some fear after the two families unite. At least, they dare not fight against the Wu family for a short time.

"Lao Wu, you can think about this marriage. It's only good for your Wu family, not bad for you. Ha ha..." After saying this, Ouyang Hao raised his head and laughed.

.....

At this time, Wu Tian has left the Caesar Hotel with Secretary Long. He doesn't know that his grandfather is planning his marriage with Ouyang in his room.

This is the first time he met with his grandfather. Unexpectedly, there was a conflict between them. He almost didn't make his grandfather angry.

No way. If he doesn't stop him, grandfather will send Secretary Long to foreign countries to play with them.

Although Long Yun is only a secretary, she is conscientious and conscientious, and she is also very sincere to the Wu family. She must not allow her grandfather to destroy Secretary Long.

"Are you all right?" Out of the hotel, Wu Tian can't help but speak to Longyun.

Until now, Long Yun's face is still red and swollen, and the fingerprints on his face have not disappeared.

"It's OK." Long Yun faintly spits out two words.

Thanks to the young master's maintenance, she might have been sent abroad as a toy.

"They're all hurt like this, and they say it's OK." Wu Tian reached out and touched the face, and Longyun's cheek was trembling slightly.

Looking at the face that was about to be disfigured, Wu Tian couldn't help blaming him:
"grandfather didn't let you beat yourself. How can you be so cruel to yourself?"

"If you wait for Mr. Wu to do it, I'm afraid I'll be lying down now."

"My grandfather is so vicious?"

"....." Long Yun hung her head and did not speak. As a servant of the Wu family, she was not qualified to judge the master.

"Forget it. I'll take you to the hospital first." Wu Tian pulls Long Yun to take a taxi to take her to the hospital.

Before getting on the bus, Long Yun stopped and said, "young master, this is just a little injury, not so serious."

"It's already broken. If you don't use medicine, you may lose your face." Wu Tian said this, and directly dragged Long Yun into the taxi.

After that, they took a taxi to Beijing metropolitan hospital. They went to the doctor to check her. They confirmed that there was nothing serious. After taking the medicine, they left the hospital.

After the previous events, the two were not in the mood to eat, leaving the hospital directly

returned to the hotel.

"Plop!"

After entering the door, Long Yun bent his legs and knelt directly in front of Wu Tian, "young master, thank you for your saving my life."

It is customary for a servant to kneel in front of her master. She just wants to express her gratitude in this way.

"Thank me if you thank me. Why do you kneel on the ground?" Wu Tian was very surprised. He didn't expect that the woman would kneel down to him directly.

"If it wasn't for the help of the young master, I would have experienced a nightmare in my life." Long Yun kneels on the ground, eyes full of gratitude: "thank you young master."

"Get up and talk about it." Wu Tian quickly reached out to help Long Yun up from the ground and joked with a smile: "if you are seen, you think you are going to worship with me!"

"Young master, I'm not worth it."

"I said, since you are my man, I will always protect you." Wu Tian looked into Longyun's eyes and said in a serious tone: "no matter you, Qinglong, or rich uncle, since you follow me, I will protect you."

"Plop!"

Long Yun two legs a soft again knelt down on the ground, swearing like guarantee: "young master, I will always follow you, serve you, never betray you."

"Why are you kneeling again? Get up quickly." Wu Tian once again helped Longyun up from the ground, "don't kneel down to anyone, including me."

"Yes."

"I'll leave this to you." Wu Tian handed all the property rights, bank cards and checks that his grandfather had given him to Long Yun. He ordered, "sort it out. I want to know how much property it contains."

"Yes." Long Yun took that stack of documents and walked toward the desk. After a few steps, he suddenly turned around, "young master, knowing you is the greatest fortune in my life."

"I'm glad to have such a good secretary as you." Wu Tian chuckled and then lay down on the bed.

I didn't expect so many things happened in just three days.

After all these things, he realized that the servants of the Wu family were very humble and were not worth mentioning in the eyes of the master.

in Wu family, all rights are concentrated on the family owners, many things are the owners of a person has the final say.

To put it bluntly, this is a kind of feudal thought and system. The rights in the family are too intensive, and they attach too much importance to rights and status.

Even Long Yun, such a capable secretary, has no human rights, let alone those other servants and bodyguards. They must have lived a more frugal life in the Wu family.

Wu Tian secretly vowed in his heart that if he could succeed as the head of the family, he would change the situation and at least let the servants have dignity and freedom.

Of course, it is not so easy to be the master of the Wu family as expected, and there must be all kinds of difficulties and obstacles.

At present, the biggest problem is the Shangguan family. According to my grandfather, if we don't destroy the Shangguan family, I'm afraid that the whole Wu family will not live well.

This time, his grandfather gave him a task to deal with the branch of Shangguan family in Luzhou, which must be a new round of test for him. It seems that he will use more experience to deal with the power of Shangguan family in Luzhou, and complete the task assigned by his grandfather as soon as possible.

When he was lying in bed, he was interrupted by Long Yun, "young master, I've finished."

"Talk about it." Wu Tian turned over and sat up from the bed.

"There's not much money on checks and cards. It's about 1 billion yuan. Other fixed assets are nearly 10 billion yuan. There are 11 billion yuan in total." Long Yun opened his mouth and went back.

"Not much?" Hearing this astronomical number, Wu Tianyan's eyes became bright in an instant.

He worked hard for more than half a year and invested in nearly ten industries, making less than 5 billion yuan.

Unexpectedly, my grandfather gave him more than 10 billion gifts as soon as he shook his hand.

"Young master, if you don't contradict the old gentleman this time, I'm afraid there will be more gifts to meet you." Long Yun has some kind of apologetic said.

Young master is for her to contradict the old man, in the final analysis, she also made the young master less of a large amount of "meeting gift".

"I'm not short of money now. It's not too hard for me to make money." Wu Tian finished saying this, examining the eyes of Long Yun, "in my opinion, you are worth 10 billion."

"How am I worth so much money?"

"You have such a good figure and such a face. You can definitely sell a lot of money when you are a princess in a high-end club."

"You..." On hearing this, Long Yun's face suddenly became gloomy and dark.

After a long time, the young master meant that she could earn 10 billion by selling herself.

"Ha ha, I'm kidding." Wu Tian grinned and changed his mouth: "don't worry, I won't let you sell

yourself. In my eyes, you are priceless. With your mind and efficiency, you can help me make a steady stream of money."

"Thank you for your approval." Hearing this, Long Yun's face gradually showed a smile.

"Well, get ready. Let's go back to Luzhou tomorrow."

"Yes." After answering the voice, Longyun began to be busy. After a while, she ran into the toilet in a hurry.

Wu Tian waited for a long time and didn't see Secretary Long coming out. He knocked on the door and said, "Hello, are you ok?"
