

CHAPTER 61:

Wu Tian left the dining hall and directly went to visit Technology Company.

This was a small gaming company that had grown up with a few gaming companies. The market for gaming was currently depressed, and it currently relied entirely on piracy to survive.

Arriving at the company, he barged into the general manager's office and saw a bald man sitting at his desk making a phone call.

"You are Yuan Wangchun, the head of Science and Technology?" Wu Tian went straight to the point. His tone was not friendly.

He never had a good face when treating the CEO of a pirated company like this.

The bald man hung up the phone and looked up angrily at Wu Tian, "Who are you?"

"My name is Wu Tian, I'm an investor in Tianmu Technology."

"What business do you have with me?"

"I came to talk to you about the weekly hand tour." Wu Tian sat down in front of the chair opposite the desk.

Yuan Wangchun's face stiffened, then he said with a laugh, "The one you guys developed is quite popular, I really like it."

"Is this the reason for your piracy?"

"Piracy is rife these days. Even if I don't, there are still others who do." Yuan Wangchun smiled shamelessly as he touched his face.

"Stop fighting with me." Wu Tian was too lazy to waste words, so he went straight to the point, "Revoke the piracy and apologize publicly like our company. I will no longer pursue this matter."

"Kid, you're thinking pretty well." Yuan Wangchun gradually stopped smiling and his expression became ferocious.

Normally, when encountering this kind of situation, he would act like a scoundrel, play Taiji, and fool around with a mischievous smile on his face.

If the other party turned hostile towards him, he would naturally not be afraid of it. He was someone who could be cruel even if he wanted to.

"Piracy is illegal, I'm giving you a chance to correct yourself." Wu Tian's tone became colder and colder, his words were filled with chilliness.

"Pah!"

Yuan Wangchun quickly turned hostile. He raised his hand and slapped on the table, "You probably don't know my methods, right?"

"Piracy can make you so confident?"

"Don't even mention a small Tianmu Technology like yours, I would even dare to steal a tour that was developed by a large company." Yuan Wangchun held his head high and looked like a bull.

"I don't care if you steal from others, you stole from me, that's no good."

"Then what can you do to me?"

"Bam!"

Wu Tian kicked the desk and threatened, "I can skin you alive."

"A weak and foolish brat like you actually dares to be so unreasonable with me." After Yuan Wangchun said this, he hurriedly called the security guards.

In a moment, two security guards rushed into the office.

Seeing the security guard, Yuan Wangchun smiled complacently and threatened Wu Tian, "Foolish brat, if you know what's good for you, quickly scam. Otherwise, don't blame me for being rude to you."

"I'm not scared." Wu Tian turned his head to look at the two security guards behind him and replied in a deep voice.

It was obvious that these two security guards were the cheap youngsters hired by the market. They were not trained professionally.

He would be able to deal with two of these little security guards together.

"You brat, you are truly courting death." Yuan Wangchun had already lost his patience. He waved his hand towards the security guards and ordered, "Hit this brat and throw him out."

"Yes sir!"

Upon receiving the order, the two security guards charged forward with their fists raised.

Wu Tian didn't dare to be careless when he saw the security guards rush over. After all, he hadn't practiced for a long time and his skill wasn't that good.

He quickly shrunk his body and dodged the security guards' attacks.

At the same time, he grabbed a chair and viciously smashed down on one of the security guards' heads. Ruthless, accurate, fierce, and fast.

This action left the security guard bleeding from head to head. He covered his head and retreated continuously while crying for his parents.

When the other security guard saw this scene, he was so shocked that his body shrank and he quickly retreated.

He only received a meager monthly salary of a few thousand yuan. He did not want to put his life on the line in the face of such a ruthless person.

"It's your turn." Wu Tian took advantage of the situation and kicked the other security guard away.

It took just two moves to take care of these two security guards.

"Gudong!"

Yuan Wangchun was so scared that his eyes were wide open as he gulped.

He didn't expect this seemingly weak and silly kid to be so skilled. The key was that his methods were extremely cruel.

He could be considered to have seen the world, but when he met a ruthless character like Wu Tian, he could not help but feel a little scared.

"Brat, you dare to cause trouble here. Do you believe that I won't call the police and arrest you?" Yuan Wangchun glared at him and threatened coldly.

Unless it was absolutely necessary, he did not want to call the police. After all, the company was doing pirated versions, and alerting the police would be disadvantageous to the company.

"Yuan Wangchun, I'll give you one last chance. If you cancel the pirated version of Weekend and apologize to our company, I'll let you off." Although Wu Tian's tone was calm, it carried a strong and strong aura.

Yuan Wangchun gritted his teeth: "You're still young, but your tone is quite strong. Other than having a tough fist, what else do you have?"

As he said this, he leaned back, afraid that Wu Tian would attack him.

"Do you believe that I will make your company disappear from the Luzhou?"

"With just you?" Yuan Wangchun glanced at Wu Tian with a gaze of contempt, "You brat, you're speaking so arrogantly."

"Wait, don't beg me when the time comes."

With these words, Wu Tian turned around and left.

As soon as he walked out of the office, he took out his phone and dialed Loong Yun's number, "Investigate the technology called Destiny Grasp. I want it to disappear completely from the Luzhou."

He said this into the phone and hung up.

He knew that with the Wu Family family's strength, it wouldn't be difficult for them to destroy a small company like Destiny Grasp.

He believed that it wouldn't be long before his destiny collapsed.

However, he had to rely on his clan's influence. If he wanted to rely on his own strength, it would be extremely difficult to deal with fate.

It seemed like he needed to make himself stronger.

He believed that one day, even without relying on the family's strength, he would still be able to trample on his opponents.

Right now, all he could do was study hard and constantly enrich himself to become stronger.

When he got home, he went straight to his study and continued to study the case of managing knowledge and investing.

After reading the two books, Wu Tian suddenly noticed the stack of old books on the shelf.

This is the family's several generations of business experience, specially sent by grandpa.

He opened one of the old yellow books. There was a strong smell of paper coming from it, which not only made him feel nostalgic, but also made him feel a sense of nostalgia.

From the looks of it, these books had been in there for a long time. The pages were slightly yellow and the handwriting was blurry.

Wu Tian started to read seriously after flipping open the book.

It was worthy of being called the family's business history. The text inside recorded how the business elites dealt with business affairs. It was different from ordinary novels and biographies. After reading it, one would feel as if they had experienced it and would be able to quickly improve their social experience.

Wu Tian didn't go to sleep until late at night when he was reading.

On the second day, he still got up early and went to the training room to learn martial arts from the Azure Dragon.

After training in martial arts, he asked Loong Yun about the handling of the technology in the area. Knowing that the situation was progressing smoothly, he felt more at ease.

For a family, dealing with a small company like Destiny's Journey wasn't difficult at all. It was even easier than stepping on ants.

CHAPTER 62:

After lunch, Wu Tian planned to go to the company.

Before heading out, he couldn't help but say to Loong Yun, "I'll give you a few days of rest."

"Young Master, why did you give me a holiday?" Loong Yun slightly frowned, not understanding why her Young Master suddenly thought of giving her a holiday.

"Weren't you the aunt?"

"Ugh ..."

Loong Yun's face was filled with embarrassment as she unconsciously crossed her legs.

How did the young master know that she came to visit his eldest aunt?

Could it be ...

Did the young master have any special hobbies, to secretly spy on her?

"Don't let your imagination run wild, I just saw you buy an aunt towel." Seeing Secretary Loong's expression, Wu Tian quickly explained.

"Ugh!"

After listening to this explanation, Loong Yun felt a lot more at ease.

"Rest well for the next few days. Don't be too tired. The most important thing is to drink more hot water." After saying that, Wu Tian turned around and left the room.

It was only when the door closed that Loong Yun smiled and pursed her lips.

He didn't expect that the young master would be so attentive. This was the first time he had seen the young master so concerned about himself, and he felt an inexplicable sense of warmth in his heart.

Wu Tian left the residence, had Uncle Fugui drive him, and sent him to Tianmu Technology.

The moment he entered the company, Zhao Yiming happened to be there as well.

"President Zhao." Out of politeness and respect for the elder, Wu Tian greeted Zhao Yiming with a smile.

Zhao Yiming didn't buy it and sneered coldly, "Boss Wu, the game that you insisted on launching doesn't seem to be going smoothly. It was pirated the moment it entered the market."

The reason he came today was to see a joke.

If a game that just went public got pirated, how could they make money?

"President Zhao, piracy is a good thing. This proves that our game is popular." Wu Tian replied with a smile.

Ever since he read about the family's troubles last night, his words had become much more tactful and he knew how to react.

"You can still laugh after getting pirated?" Seeing Wu Tian's attitude, Zhao Yiming was furious.

"President Zhao, don't worry. I'm in the middle of dealing with the issue of piracy. I believe that the technology that stole our game, Fate Technology, will soon revoke the piracy."

"Hmph, Boss Wu can really comfort himself?" Zhao Yiming laughed contemptuously, his eyes filled with disdain.

Right now, he felt more and more that this kid was boasting. He always liked to make unrealistic guesses.

"Boss Wu ..."

At this moment, Lee Mu shouted as he ran over, "Good news, good news! The pirated version has been cancelled by our game's Destiny's Tech ..."

Hearing this, Zhao Yiming's face suddenly darkened.

He raised his head and looked at Wu Tian in shock. He didn't expect that, just like Wu Tian had said, Destiny's Tech had canceled its pirated version of the company's game.

He just didn't understand how this kid knew in advance.

"Don't get too worked up. I believe it won't be long before all the games owned by Rebirth will be taken off the shelves from all the major application stores, and the partners will also cancel their contracts. Soon, they will face bankruptcy." Wu Tian said with a face full of confidence.

"Hmph, what nonsense." Zhao Yiming did not believe such nonsense.

A game company that was on par with them and had infiltrated the game industry for more than ten years, how could it just close down like that?

Even Zhao Yiming doubted this.

At this moment, Zhou Cheng rushed over and shouted from afar, "Good news, this is great news ..."

"What good news?" Lee Mu asked anxiously.

"I just received inside news that all of the software owned by Limitless Technology Company has been removed from the shelves by the major store owners. The partners have cancelled their collaboration and they are training with the capital chains, so they will soon go bankrupt." Zhou Cheng couldn't hide his excitement and announced the good news in one breath.

After hearing this news, Zhao Yiming's face immediately darkened.

Ye Zichen turned his head and looked at Wu Tian in disbelief.

He truly couldn't understand it. How did this fellow know everything?

Even Lee Mu found it hard to believe. Boss Wu had predicted everything and everything seemed to be within his control.

"I'm afraid it won't be long before the CEO of Destiny's Technology, Yuan Wangchun, will come and beg me." Wu Tian said lightly.

As soon as he finished speaking, the secretary ran over hurriedly, "Boss Wu, the CEO of Destiny's Technology, Yuan Wangchun, is in the reception room, begging to see you."

"Cough, cough ..."

Upon hearing this, Zhao Yiming and Lee Mu started to cough at the same time.

The two of them didn't expect that everything would go according to Wu Tian's prediction. The plot didn't deviate the slightest bit.

After coughing dryly for a long time, Lee Mu asked Wu Tian in disbelief, "Boss Wu, did you do all of this behind the scenes?"

"Yes, that's me." Wu Tian nodded vigorously: "I borrowed powerful resources to make the technology crumble in a short period of time."

"Boss Wu, you really are a godly person." Lee Mu exclaimed with an exaggerated look as his eyes filled with adoration.

He didn't expect that Boss Wu would completely destroy the Fate Technology Company in less than a day.

He had to admit that Lee Mu was indeed powerful behind the scenes. Only by doing this would he be able to bring about the destruction of the technology in a short period of time.

He could not help but secretly rejoice. Fortunately, he had followed Wu Tian, an investor that had cheated, and his Tianmu Technology also basked in the light.

"I'm not as good as you think." Wu Tian smiled humbly, turned his head and looked at Zhao Yiming, "But I'm not that easy to mess with, right?"

"Cough, cough ..."

Zhao Yiming coughed again and had an awkward expression.

Never in his wildest dreams did he expect Wu Tian to be so capable that he managed to break into a gaming company like Fate Travels without anyone noticing.

Although it was just a small company, it was still quite famous in the gaming industry. Under Wu Tian's control, such a company would collapse just like that.

He had to admire Wu Tian's powerful backers.

"President Zhao, I've told you before, if I can get them to cancel the pirated version, I can definitely do it." Wu Tian walked up to Zhao Yiming and said with an imposing manner.

"You ... "You ..."

Zhao Yiming gritted his teeth for a long time, but he couldn't even fart.

Originally, he came here to see Wu Tian make a fool of himself, but not only did he solve the

problem of piracy, he even eliminated the pirated company.

"The perfect way to deal with piracy, could it be that President Zhao is unhappy?" Wu Tian continued to smile.

This smile was like a merciless palm, smashing onto Zhao Yiming's face.

Zhao Yiming gritted his teeth, "Hmph, so what if the piracy has been solved? If the game doesn't earn 30 million in half a month, you will still lose."

"President Zhao, don't worry, we still have a week, let's wait and see."

"Let's wait and see." Zhao Yiming shook his sleeves and quickly left with a face full of anger.

"President Zhao, take care." Wu Tian waved towards Zhao Yiming's back with a brilliant smile.

After Zhao Yiming left, Lee Mu couldn't help but praise Wu Tian, "Boss Wu is really amazing. Not only did he solve the problem of piracy, but he also uprooted the pirated company, Destiny's You."

"Destroying a fortuitous event would probably mean that there will be other pirated companies later on, so we'll have to prepare in advance to prevent theft." Wu Tian knew that there were still a lot of challenges ahead, so he turned around and instructed Lee Mu to get ready.

CHAPTER 63:

"Yes."

Lee Mu nodded his head and changed his tone, "But this Yuan Wangchun is quite capable. He made the pirated version even more perfect than the genuine one, so he has a first-rate experience."

"Is that so?"

"Yes."

"It seems like this Yuan Wangchun isn't simple!" Wu Tian pinched his chin and fell into deep thought.

The weekly tour of the company was already perfect. He never thought that Yuan Wangchun's pirated version was even better than the genuine version. It was clear that he had some skill.

If he didn't have the ability, he wouldn't be able to make a name for himself with his pirated company.

"Yuan Wangchun is still waiting in the reception room, do you want to meet him?" Lee Mu recalled what his secretary said just now and tried to remind Wu Tian.

"I don't want to see him yet. Let's go check the data on the backstage." Wu Tian took the lead and walked towards the comprehensive office after saying that.

Zhou Cheng and the rest were busy maintaining the game. When they saw Wu Tian and Lee Mu

walk over, they quickly stood up to greet them.

"You're welcome."

Wu Tian gestured for them to sit down, walked over and asked: "How many downloads do we have now?"

"Even above a million, it's still increasing rapidly." After Zhou Cheng answered, he added, "The game's bounty is also increasing at the same time, surpassing 100,000 yuan per day."

"That's right."

"There's another piece of good news." Zhou Cheng couldn't hide his excitement and hurriedly reported, "Someone contacted me just now and said that they would like to advertise in the game. I was just about to discuss it with you and Director Li."

"This is a good thing. It can quickly increase your income, but there is one thing that you can do if you plant an advertisement."

"Don't worry, we have experience with this game."

"That's good." Wu Tian patted Zhou Cheng's shoulder and praised: "This game is a success, your contribution is the greatest."

"No, Boss Wu and Chief Li contributed the most. If it wasn't for your support, I wouldn't have been able to manage this game even if I had the ability to transcend the heavens." Zhou Cheng said humbly.

To be honest, he was very grateful to Wu Tian for his kindness.

If it wasn't for Boss Wu's support, this game of his would probably already be dead. It wouldn't be listed on the market, and it wouldn't even be on fire.

Of course, Lee Mu was an enlightened boss. He dared to try out new things and was not afraid of failure.

"Let's talk about the merits later. We should celebrate the initial success of the game." Lee Mu interrupted the two and said to the secretary, "Hurry, go buy champagne and pastries. Let's celebrate."

"Yes sir!"

After receiving the order, the secretary quickly ran out.

A lot of cakes, champagne, and fruit were ordered soon after.

After everyone had arranged a simple place in the office, they began to celebrate with champagne.

It had been a long time since the office was as lively as it was today. The atmosphere quickly became lively and everyone was very happy.

This time, the first battle was a success. It had boosted the confidence of the staff. Everyone was full of energy and wanted to fight valiantly with Boss Wu.

After a simple celebration, everyone continued to busy themselves with their work.

After celebrating with the staff, Wu Tiancai came to the reception room at a leisurely pace.

In the reception room.

Yuan Wangchun had been waiting impatiently for a long time. When he saw Wu Tian, he hurriedly stood up and greeted him, "Boss Wu, you're finally here."

"Boss Yuan, what can I do for you?" Wu Tian asked coldly while pretending to be ignorant.

"Please be magnanimous, Boss Wu, and let me go."

"Boss Yuan, weren't you rather cocky before? How did you become such a coward now?"

"Boss Wu, I was wrong." Yuan Wangchun rubbed his eyes and said with a sad face, "Please be magnanimous and let us, Destiny's Tech, off."

One night.

The company's software was taken off the shelves by the major app stores, and its partners

cancelled their cooperation. Within a day, the company had fallen into a crisis and was facing collapse.

It was only during the investigation that they found out that there was someone behind them, and the mastermind was Wu Tian.

Originally, they thought that Wu Tian was just the boss of a small Tianmu Technology company. Who would have thought that the power behind this guy would be so shocking?

To be able to turn fate into this, it showed how strong Wu Tian was.

Knowing that he had caused a huge mess, he came to Tianmu to beg for mercy from Wu Tian, hoping that Boss Wu would be magnanimous.

"I told you a long time ago that I could make your technology fail. Do you believe me now?" Wu Tian walked over and sat opposite Yuan Wangchun.

"I did."

Yuan Wangchun nodded forcefully and continued, "Boss Wu, I was really wrong. I will never pirate your games again. I will never offend you again. Please be magnanimous and let me go."

"You stole our Weekend and improved it?"

"Right."

"Your company has a lot of talent, why do you need pirated copies?"

"Ai!"

Yuan Wangchun sighed and said bitterly, "I don't want to either, but the company made a strategic mistake before and invested too much energy into the tour, destroying the company. I have no choice but to rely on pirated versions to earn money."

"With your ability, it's a pity to pirate it."

"If the company had the money, who would be willing to make pirated copies?"

"Boss Yuan, let me give you some directions." Wu Tian poured a cup of tea and passed it over, smiling as he said: "Our Tianmu Technology is currently lacking talented people like you."

"You mean you want me to come to work here?"

"Right."

"This ..." Yuan Wangchun was naturally unwilling.

He started his Fate Technology Company because he was the boss. No one would be able to accept him coming to a small Technology Company store for work.

"I admire your talent. If you come, I'll let you be the head of the technology department and give you some shares."

"I don't think so." Yuan Wangchun rejected her with a silly smile.

The key point was that Tianmu Technology company was really too small, making him feel a little stifled working in this kind of small company.

"Then you can go."

Wu Tian leaned his body against the chair, and then said with a sudden change in tone, "As long as you walk out of this door, not only will your company go bankrupt, it will be very difficult for you to find a job in Luzhou in the future."

"Are you threatening me?"

"Yes sir!"

"You ..." Yuan Wangchun clenched his teeth in anger.

The reception room was unusually quiet. Neither of them finished their conversation.

After three minutes, Wu Tian finally opened his mouth: "I really admire you, I want to do great things with you."

"But ..."

"Let me tell you this." Wu Tian stood up and walked to the window, looking into the distance he said confidently: "Tianmu Technology is just a base of operations, I hope it can grow and become a world-class big company."

"Gudong!"

Yuan Wangchun swallowed his saliva. The ambition and confidence that was emitted from Wu Tian's body made Yuan Wangchun's heart tremble.

His blood seemed to have been ignited and ignited. In an instant, it was set ablaze.

Wu Tian slowly turned his head and looked Yuan Wangchun straight in the eye, "Why don't we go all out, work together, and carve out an entire stretch of heaven and earth."

"I ..."

At this moment, Yuan Wangchun was slightly tempted.

It's been a long time since I've had this kind of youthful passion since I've started a business.

"Is Boss Yuan afraid?"

"Let me think." Yuan Wangchun slowly walked to the window and fell into deep thought.

CHAPTER 64:

After pondering for a long time, Yuan Wangchun gritted his teeth and made a decision. "Okay, I will fight with you."

After weighing the pros and cons, he finally made this decision.

If he did not agree to it, then he would be suppressed by Wu Tian, and it would be difficult for him to reach the Luzhou in the future. Rather than making enemies with Wu Tian, it would be better to have a good adventure with him.

"Boss Yuan is really bold." Wu Tian smiled and revealed a pleased smile.

It is a blessing for the company to be able to obtain a talent like Yuan Wangchun when the company is being hired.

"Don't call me Boss Yuan in the future. Just call me Old Yuan." Yuan Wangchun scratched his head and said with a smile, "I can join your company, but I have a condition."

"What condition?"

"My company has a technical backbone, I want to bring them over."

"I couldn't ask for more." Hearing that, Wu Tian became even more excited, "Bring your people here. We will set up a new section, and you will be in charge of the game development."

"Thank you, Boss Wu."

"However, Zhou Cheng is still in charge of the weekly tour. From now on, Zhou Cheng will be

under your charge. That kid is also talented in gaming."

"Zhou Zhou is indeed a good person. Don't worry, I will make good use of this kind of talent." Yuan Wangchun promised.

"Alright, I'll bring you to see Director Li." After Wu Tian said this, he brought Yuan Wangchun to the general manager's office.

Seeing Lee Mu, he went straight to the point, "Boss Li, I want Yuan Wangchun to work at our company. What do you think?"

"Boss Yuan, such a talent is naturally desirable." Having said that, Lee Mu frowned, "However, I'm afraid Boss Yuan will not be condescending to such a small amount of Technology Company."

"He has already agreed to work at our company."

"Is that so?" When Lee Mu heard this, he was overjoyed. He went up and held Yuan Wangchun's arm, "Boss Yuan, I've heard a lot about you. It's my pleasure to meet you."

He was also someone who loved talent, so he had long heard that Yuan Wangchun was a genius in game with his subordinates.

The company was interested in developing the gaming industry. If Yuan Wangchun joined, it

would be like adding wings to a tiger.

"Director Li, we're friends after a fight." Yuan Wangchun smiled embarrassedly and said straightforwardly, "Call me Old Yuan from now on. From today on, I will be your soldier. I will listen to your commands."

"Is that so?"

Lee Mu was so happy that he couldn't even close his mouth.

He turned around and looked at Wu Tian, puzzled, "Boss Wu, I'm curious, how did you convince Old Yuan?"

"This is an opportunity that cannot be revealed." Wu Tian deliberately replied with five words in a mysterious manner.

Lee Mu and Yuan Wangchun both burst out laughing after he said that.

Lee Mu looked at Wu Tian with admiration.

He couldn't help but admire Wu Tian. He was able to tame Yuan Wangchun easily and took this prodigy under his command.

After laughing, Lee Mu suggested, "We should set up a new game department and let Old Yuan take full responsibility."

"Boss Li, your thoughts are exactly the same as President Wu's." Hearing that, Yuan Wangchun laughed again.

I didn't expect Director Li and Boss Wu to have such a tacit understanding in the planning and management of the company.

This is good for the company in the long run.

"Alright, let's set up a new department today." Lee Mu immediately made a decision and then arranged the specific matters.

Soon, the new game department was set up, with Yuan Wangchun as the department manager and in charge of the game board.

The core members of the team were all recruited into the company and continued to follow Yuan Wangchun Gan.

At the same time, all of the resources and profitable games of Destiny Grasp were placed in the Tianmu Technology and held by Yuan Wangchun.

This was the same as incorporating Fate Technology into Tianmu Corporation, cutting out pirated and unprofitable projects and focusing on the dominant game. They would first make a few larger games before doing anything else.

Everything was progressing smoothly, and the Tianmu Technology was becoming a bit stronger than before.

After settling things, Wu Tian wanted to go home. However, thinking about Mu Rann's classes in

the afternoon, he changed his mind and went to school.

Just as he entered the school gates, he bumped into a girl wearing a school skirt who was being pestered by a male in shorts.

He knew this girl, it was the school's Martial Arts Club President, Gu Xiaoman.

Previously, when he was pursuing Lee Meng, he knew that Lee Meng liked boys who knew martial arts, so he went to Martial Arts Club to register for martial arts.

However, the moment he entered the Martial Arts Club, he was met with all sorts of misery from the members of the guild. At that time, it was all thanks to Gu Xiaoman's protection and care for him.

Seeing that Gu Xiaoman was being pestered by the boy in shorts, Wu Tian quickly walked over and saved her, "Student, President Gu is unwilling to leave with you, please behave yourself."

Gu Xiaoman glanced at Wu Tian gratefully, but didn't say anything and obediently retreated to the side.

The boy in shorts glared at Wu Tian and said impatiently, "Scram, don't meddle in this matter."

"This is none of my business." Wu Tian replied stubbornly.

He had been protected by Gu Xiaoman in the past, but today he had to protect this girl from being bullied.

He could be considered repaying the debt of gratitude!

Gu Xiaoman's heart moved slightly when she heard that. She couldn't help but look at Wu Tian in surprise. She didn't realize that Wu Tian was so manly.

"Yo!"

The boy glanced at Wu Tian in disdain and said with a cold smile, "You think you can become a hero with such a weak appearance?"

"In any case, I'm here today, so don't even think about bullying President Gu."

"I think you are looking for a beating!" After saying that, the boy in shorts swung his fist towards Wu Tian.

"Ah, no!"

Gu Xiaoman exclaimed, her face turning slightly pale.

It looked like his fist was going to flip Wu Tian over.

Wu Tian stretched out his leg and tripped over the boy in shorts and threw him onto the ground.

"Pfft!"

Seeing this scene, Gu Xiaoman covered her mouth and couldn't stop laughing.

He didn't expect Wu Tian to react so quickly and trip him up when he was caught off guard.

"Bah!"

The boy struggled to get up from the ground, pointed at Wu Tian's nose and cursed: "You little rascal, do you think I won't kill you?"

After saying this, the boy in shorts was ready to make his move.

Just as he was about to make a move, he was so frightened that his neck shrunk and he turned to run.

"Ah, the principal is here. Run!" Gu Xiaoman also noticed that something was wrong, so she pulled Wu Tian and ran.

If the headmaster found out they were fighting, he might even be criticized.

Just like that, Wu Tian was pulled along by Gu Xiaoman as they jogged.

He didn't stop until he hid in the Maple Forest.

Perhaps because she was running too fast, Gu Xiaoman slightly bent down and took deep breaths.

When she looked up, she noticed that Wu Tian was staring at her collar, his eyes focused and serious, as if he was admiring an antique.

"You're so annoying!"

Gu Xiaoman's face reddened. She quickly straightened her body and scolded softly, "Do all the boys like to look blindly at girls?"

"Hehe!"

Wu Tian smiled awkwardly, but didn't try to explain.

Suddenly, he remembered that Gu Xiaoman was still holding his hand, so he shook his arm and reminded her, "About that ..." Chairman Gu, can you return the hand to me? "

CHAPTER 65:

"Cough!"

Gu Xiaoman coughed dryly, her face red from embarrassment.

He quickly retracted his arm and rubbed it uncomfortably, "Just now ..." "Thank you for helping me out."

"It's nothing. You clearly didn't like that boy just now, why didn't you just refuse?"

"I haven't decided how to refuse."

"You are just too kind, you have to take other people's feelings into consideration."

"Alright, stop talking about me." Gu Xiaoman couldn't help but ask as she rubbed her forehead, "Why don't you go to the Martial Arts Club recently?"

"I'm busy!" Wu Tian replied perfunctorily.

Previously, he went to the Martial Arts Club entirely for Lee Meng.

After that, he had a falling out with Lee Meng, so there was no need for him to continue practicing martial arts.

However, he was currently very busy. Every day, he had to busy himself with studying and also had to manage the company. He simply did not have time to go to Martial Arts Club.

Not to mention the fact that the Azure Dragon had taught him martial arts.

The Azure Dragon had taught him genuine martial arts, and his Martial Arts Club was only a show. The difference between the two was huge.

"Follow me to the Martial Arts Club." Gu Xiaoman looked eagerly at Wu Tian, and comforted

him: "With me here, Martial Arts Club people will not bully you."

"Thank you for your kind intentions, but I really don't have time these days."

"Alright!" Gu Xiaoman didn't push him. She said gently, "The club will be having a competition soon. If you have time, you should go and help."

"Alright, I will definitely go when I have time." Wu Tian promised.

Actually, he had quite a good impression of Gu Xiaoman. This girl used to take care of him in the society to protect him from being bullied by the other members of the society.

"Then I'll be leaving first. See you another day. Bye bye!" With a smile, Gu Xiaoman waved her hand and turned around to leave.

After Gu Xiaoman left, Wu Tian returned to the classroom.

The moment they sat down, Sunn Xiaohao and Jiang Wan immediately surrounded them.

"Tian, thank you for the money. I will definitely find a way to pay you back for treating my mother's illness." Sunn Xiaohao said with gratitude from the bottom of his heart.

"Let's talk about the money later." Wu Tian smiled and asked with concern, "How is your

mother?"

"The operation went very well."

"That's good."

"Right." On the side, Jiang Wan couldn't help but interrupt, "Tian, why do you often skip classes these days?"

"I'm a bit busy."

"Teacher Mu Rann seems to be really concerned about you. She has to ask about your situation every time."

"Is that so?" Wu Tian felt a bit guilty at the mention of Teacher Mu Rann.

Recently, he had been skipping class so many times that even he felt that it was a bit too much.

"Oh, right. It's a popular game recently. Have you ever played it?" Sunn Xiaohao brought up the topic of the game again.

Every time they got together, other than gossiping about girls, most of their time was spent talking about games.

"What game?" Wu Tian asked.

"Weekend, a very novel game of reasoning." After Sunn Xiaohao said this, Jiang Wan couldn't help but diverge the conversation, "It's been a long time since I've had a hand in it. I've been caught up in the game, and now I've played until the 38th step."

"Then I'm better than you. I played until the 52nd step." Sunn Xiaohao answered.

"Dammit, how powerful."

"Of course." Sunn Xiaohao was quite proud of himself. He then asked Wu Tian, "Tian, how many tests have you played?"

"Pass."

"It can't be? Are you for real? " Sunn Xiaohao and Jiang Wan were both surprised. Even the two girls at the next table were surprised.

"Of course it's true."

"Tian, you're really amazing." Sunn Xiaohao and Jiang Wan both stretched out their thumbs up in praise.

Even the two girls couldn't help but look at him with admiration.

Just as they were discussing the game, Teacher Mu Rann walked into the classroom.

The few of them hurriedly returned to their seats in fright, and the classroom immediately quieted down.

Everyone knew Teacher Mu's temperament very well. If they displeased Teacher Mu, it would only end up as bad results for everyone.

Mu Rann walked up to the podium, glanced at Wu Tian and began her lesson.

"Recently, a very popular game came out. It's called Weekend Hand Tour. Today, I'll use this game as a case study to explain some things about promotion and planning ..."

"Let me ask you, has anyone played this game before?"

"Yes!" The students answered in unison.

Seventy percent of the students answered that they had played this game before.

"Actually, Teacher has also played this game before." Mu Rann swept a glance at everyone and said, "Teacher really likes this game ..."

"Pfft!"

Hearing that, Wu Tian couldn't help but burst out laughing.

He did not expect Teacher Mu to use the game she developed as a case study lesson.

He also didn't expect that the usually fierce and beautiful teacher would also play this game of reasoning.

His laughter wasn't loud, but it still attracted the attention of Teacher Mu and all the other students. All of their gazes turned towards Wu Tian.

"Pah!"

Mu Rann slammed her hand on the lecture table and scolded coldly, "Fellow student Wu Tian, you often skip class, yet you still have the nerve to giggle foolishly here."

"I'm sorry, Teacher Mu. I couldn't hold it in."

"Stand up." Mu Rann's face darkened as she glared at him and asked, "Tell me, why do you think your hand swim is so popular?"

"Unique positioning, perfect experience, perfect promotion ..." Wu Tian looked at it and talked about it. Starting from every aspect, he explained in detail the reason why Zhou's hand travel exploded into flames.

He had personally created this game. He had the most say in the field of discovery, packaging, planning, promotion, and transportation.

After hearing this explanation, the students were enlightened.

This explanation was perfect, even better than textbooks.

Even Mu Rann couldn't help but be amazed. She didn't expect Classmate Wu to speak better than her. What a talent.

After a short pause, Mu Rann continued asking, "How does this game operate?"

"First, we have to find a precise location and use the young people as our main focus. We will promote it in the media. The cost is low, and the results are fast. After the results are achieved, we will use the live broadcast platform to promote it ..."

After hearing this, the students were all stunned.

He didn't expect Wu Tian to give such a perfect answer. His words far exceeded the scope of a student's knowledge.

"Alright!"

Even Mu Rann was deeply impressed by this insight and could not help but loudly applaud it.

She spent a long period of time on the curriculum, but to think that it would be inferior to a student's explanation.

The student in front of her named Wu Tian was a genius. Even she felt that she was inferior to him.

"Pa Pa Pa ..."

After the teacher cheered, the classroom burst into applause.

Including Teacher Mu, everyone was deeply shocked by Wu Tian's strength and applauded from

the bottom of their hearts.

After the applause, Mu Rann walked to the front of Wu Tian and couldn't help but ask, "Classmate Wu, how do you know so much about the weekly hands-on tour promotion, Yunwei?"

"This ..."

Wu Tian scratched his head awkwardly. He was wondering if he should tell Ye Zichen the truth.

"Classmate Wu." Mu Rann could not hold back her curiosity and continued to ask, "Tell teacher the truth, where did you learn to promote the weekly hand tour?"

All the students' eyes were wide open as they wanted to know the answer.

CHAPTER 66:

"Actually... This game was developed by me and my people." Under Teacher Mu's questioning, Wu Tian had no choice but to tell the truth.

"Classmate Wu, lying isn't a good child." Mu Rann lectured with a straight face.

Mu Rann didn't believe that this game had anything to do with Wu Tian.

No one present believed it, let alone the fact that she didn't believe it.

"Teacher, I really developed this game." When Wu Tian told them the truth, no one believed him.

He did not want his teachers and classmates to mistake him for a liar.

In a moment of desperation, she could only open up the game's background data and clarify with her teacher: "Teacher Mu, this is the background data for Zhou's hand tour. Take a look."

"Oh my god!"

Looking at the game's data backstage, Mu Rann was so shocked that her eyes were wide open, "This ..." Is this really your game? "

If he didn't see the data on the background of the game, he would never have believed that Wu Tian would be able to create such a popular game.

"I led the team to create the Weekly Game. The team contributed the most, so I'm just responsible for directing them." Wu Tian answered in a very sincere tone.

"Classmate Wu, you're really great." Mu Rann exclaimed, clearly agitated.

He didn't expect that the student she was leading would make such a popular tour.

To be honest, she had loved this game from the moment she had first come into contact with it. She had been playing this game ever since.

In her opinion, the weekly hands-on experience is excellent, the software is perfect, the promotion of wit is very mature, is a good teaching case.

But she never would have thought that her student Wu Tian would be the leader behind such a perfect game.

At this moment, she was both surprised and happy.

No wonder Wu Tian knows the detailed promotion and marketing process of the weekly hand tour.

After being shocked for a long time, Mu Rann finally said to her classmates, "Facts have it that Wu Tian is not lying. He has the game's data backing him up. This Weekly Tour is indeed his style."

Boom!

These words instantly caused an uproar.

All the students couldn't help but discuss with each other.

"Wu Tian is too amazing, he actually has the ability to develop games."

"And he developed such a popular game."

"Developing this kind of game will definitely require a professional team, strong technical ability, and the promotion of an operating organization."

"He definitely has a great future ahead of him ..."

All the students in the class were talking about Wu Tian. They admired Classmate Wu to the extreme and praised his strength endlessly.

Especially those girls, their gazes towards Wu Tian were filled with infatuation.

As Wu Tian's roommates and good friends, Sunn Xiaohao and Jiang Wan were very proud when they heard that Wu Tian had created such a tricky game. They congratulated Wu Tian one after the other.

On the other hand, Lee Meng, who was at the side, did not say a single word from the beginning till the end. She just stared at Wu Tian with a weird expression, never taking her eyes off him.

She wasn't enjoying the sight of the boy she'd once abandoned getting better and stronger.

What a great 'Wu Tian'. Not only was his family rich, he could even develop his own game and had such a great reputation. How could he be so 'outstanding'?

What was even worse was that she didn't know how to cherish such an outstanding boy. He had

been abandoned by her just like that.

Gritting his teeth tightly, he felt regret in his heart.

If she knew Wu Tian was so outstanding, she wouldn't have been able to beat him to death ...

Ai, what's the use of thinking about this now?

Just as she was sighing secretly, Zhao Yang moved his head closer to her and said sourly, "That kid, Wu Tian, relied on the development of this game and really got lucky."

"He has the right to be cocky. What about you?" Lee Meng was already in a bad mood, so when she heard these words, she couldn't help but mock him.

"I ..."

Zhao Yang choked on these words. After a long while, he finally said: "I don't care about competing with this kid!"

"It's not that you're not disdainful, you're just not even comparable to his toes." Lee Meng retorted in a bad mood.

Why did he abandon Wu Tian and choose Zhao Yang, a useless fuerdai?

In comparison, Zhao Yang was far worse. He wasn't as capable as Wu Tian, nor as manly as Wu Tian, nor as rich as Wu Tian.

"You ..."

Zhao Yang was so angry that his face was distorted.

If it wasn't for the fact that Teacher Mu was still in class, he would have already gone crazy.

"Quiet!"

Mu Rann's voice immediately brought the class back to silence. She smiled at Wu Tian and asked, "Classmate Wu, what is your idea for this Weekly Tour?"

Mu Rann couldn't help but ask her doubts. This was the answer that all her classmates wanted to know.

"Decompression, Intelligence." Wu Tian replied with a smile.

"Then what are your long-term plans for this one?"

"Trade secrets."

"Then I won't ask any more." Mu Rann didn't ask any more questions and directly went back to the main topic at hand. "Then you should tell the other students about your experience in marketing and promotion."

"Alright." Wu Tian narrated the promotion cases very seriously. These cases were all learned

from books.

It was just that these were not the teachings on those ordinary books on the market, but were the Wu Family marketing notes that his grandfather had left for him.

Not to mention his classmates, even Mu Rann listened with great interest.

He felt that Wu Tian's explanation was very unique, a hundred times more exciting than those lecturers' professional courses.

"Pa Pa Pa ..."

After Wu Tian finished, Mu Rann led the applause.

The classroom burst into applause.

After the applause, Mu Rann announced the end of class. She then ordered Wu Tian, "Classmate Wu, follow me to the office."

Saying so, he strode out of the classroom.

Wu Tian quickly followed and followed Teacher Mu into the office.

It was a small, independent office with all kinds of books and flowers.

As soon as he entered the office, he smelled a fragrance that was extremely similar to Teacher

Mu's.

Fresh and pleasant, with a very nice smell.

"Sit down!"

After they entered, Mu Rann pointed at the sofa opposite them and passed a cup of tea to them. "Drink some water."

"Thank you, Teacher Mu." Wu Tian received the tea cup with a bit of a fluster. This was the first time Teacher Mu poured tea for him.

Maybe she was too nervous, but her hands ended up holding Teacher Mu's hands.

"Right... "I'm sorry."

Wu Tian was so scared that he quickly retracted his hands and turned the cup over before pouring tea onto Teacher Mu's legs.

"Ah!

Mu Rann shrieked as she was scalded by the tea.

"Teacher Mu, I'm sorry." Wu Tian didn't expect such an accident and quickly wiped the tea off Mu Rann's body.

Fortunately, the temperature of the tea wasn't high enough to burn Teacher Mu.

"Wu Tian, what are you doing?" Mu Rann's face turned red as she hastily covered her body with her hands. Her expression was extremely awkward.

CHAPTER 67:

"Right... 'I'm sorry.'" Wu Tian was so scared that he quickly retracted his hands. He looked extremely awkward.

Originally, he was only focused on helping Teacher Mu wipe the water off, so he didn't notice the unsightly manner in which he had wiped the water off earlier.

"You ..."

Mu Rann bit her lips, wanting to scold him, but she swallowed her words back.

She knew that Wu Tian didn't mean to take advantage of her. His actions just now were just an accident.

With Classmate Wu's character, he would never do something so vulgar.

She calmed her mood, put on the airs of a teacher and said: "Classmate Wu, from now on, don't be impulsive. You have to be careful and serious when you do things, understand?"

"Understood."

"Sit down first, I'll take care of the broken fragments." With these words, Mu Rann bent down and prepared to pick up the pieces.

"Teacher Mu, let me do it!" Wu Tian naturally couldn't let Teacher Mu do this kind of thing. He hurriedly picked up the pieces on the ground before he could.

When he stood up, his head accidentally hit Teacher Mu's shoulder, causing her to fall to the ground.

"Right... "I'm sorry." Wu Tian was so shocked that he quickly went to help Teacher Mu.

As a result, when she stepped on the broken glass, she slipped and fell onto Teacher Mu's body.

"Ugh!"

Mu Rann cried out in pain, her face instantly blushing red.

This was her second time coming into contact with Wu Tian, and this time, it made her even more angry and embarrassed.

"I'm sorry, Teacher Mu." Wu Tian hurriedly stood up and helped Mu Rann up from the ground.

At this moment, Teacher Mu's entire face was as red as an apple dyed in blood.

"Cough, cough!"

Mu Rann coughed dryly and hurriedly pushed Wu Tian away. She retreated a few steps back to keep a distance from the boy.

His heart was beating like a fawn.

No matter how fierce and beautiful she was, she was still a woman, and the experience twice made her feel awkward.

The atmosphere in the office was extremely ambiguous and awkward to the extreme.

The two of them stood there in silence. They felt too embarrassed to raise their heads and look at each other. It was as if the air had frozen.

In the end, Wu Tian finally broke the awkward silence, "Teacher Mu, I was the one who did the wrong thing. You scold me!"

"I ..."

Mu Rann originally wanted to teach him a few words, but after hearing Wu Tian admit his mistake, she swallowed her words back in the end.

At the end of the day, it was all an accident. Wu Tian had done something bad out of the

kindness of his heart, so this matter couldn't be blamed on him.

Gritting his teeth, he embarrassedly said, "Forget it, today is not your fault. Just go out and don't speak nonsense."

"Don't worry, I promise I won't say a word." Wu Tian stretched out his right hand and swore to the heavens.

He couldn't bring himself to speak of such a humiliating matter.

"That's good." Mu Rann raised her head and glanced at Wu Tian. Her originally calm face turned red again.

However, she was a teacher after all, so she quickly adjusted her mentality. She said with a straight face, "Classmate Wu, sit down and don't move. The broken cups in the office are left to the teacher to deal with."

"Alright!" Wu Tian sat down obediently and didn't dare to move again.

Mu Rann then bent down to pick up the broken glass and swept through the office.

When she got up, she found that Wu Tian was obviously looking at her with a passionate look. Her heart was beating really fast.

However, she didn't say much. She backed up to her desk and said while holding her air,

"Classmate Wu, the main reason I called you here is because you've been skipping classes frequently recently."

"Teacher Mu, I'm really busy these days."

"I know you are busy making money by playing games outside, but no matter how busy you are, you can't delay your studies." Mu Rann stroked her hair and said earnestly, "For you, studying is of the utmost importance. You must not neglect your studies."

"I know, Teacher Mu."

"In the future, you have to skip less classes. Even if you don't have time to attend class, you still have to ask for leave."

"Yes."

"Alright, you can go now."

"Then I'll leave first." Wu Tian stood up and glanced at Mu Rann, then he lowered his head in embarrassment.

He could only blame Teacher Mu's good figure. Every time she raised her head, he felt a little awkward. However, he couldn't help but want to look at her again every time.

When Wu Tian walked out of Teacher Mu's office, his heart was beating rapidly. The experience from earlier was still lingering in his mind.

Go to class first.

After school, Wu Tian called Uncle Fugui and told him to come and pick him up.

After getting on the car, Wu Tian noticed that Liu Fugui's face wasn't looking too good. He couldn't help but ask: "Uncle Fugui, did you run into some trouble?"

"No" "No." Liu Fugui avoided his gaze. It was obvious that he was in trouble and didn't want to say it out loud.

"Uncle Fugui, you must be in trouble."

"I really didn't ..." Di! Di! "Di!"

Before Liu Fugui could finish his sentence, the phone in his pocket rang.

Ye Zichen turned his head and glanced at Wu Tian, then slowly took out his phone to answer the call.

After answering the call and saying a few words on the phone, his expression changed greatly.

"Uncle Fugui, what's going on?" When Liu Fugui finished his call, Wu Tian couldn't help but ask anxiously.

"My son beat up his classmates at school." At this point, Liu Fugui could only speak the truth.

Previously, when he heard from the teacher that his son had caused trouble at school, he didn't want to tell Boss Wu about it.

But he didn't expect his son to beat him up at school.

"Hao Hao fought students?"

"Right."

"Is Hao Hao injured?"

"Nope."

"Don't worry, let's go to the school first to check out the situation." Wu Tian felt a lot more at ease after knowing that Hao Hao was not hurt.

"Boss, I'm sorry for delaying you for Hao Hao ..."

"Don't say so much, let's go to school first."

"Yes." Liu Fugui nodded, started the car and drove towards Chang An Elementary School.

Soon, he met Liu Fugui's son, Liu Hao, at school. He looked a lot wilder than his father.

The moment Liu Fugui saw his son, Wu Sang's face turned dark and he was ready to teach him a

lesson.

In the end, he was stopped by Wu Tian, "Uncle Fugui, don't get angry yet. Let's first ask what's the situation."

"Little bastard, fighting is wrong." Liu Fugui rolled up his sleeves with a face full of anger.

"Calm down, I'll ask first." Wu Tian walked over and squatted in front of Liu Hao, "Hao Hao, why are you fighting with your classmates?"

"Liu Shaojie scolded me, saying that I'm a slut from the countryside, and he even scolded my dad and mom, that's why I hit him." Hao bit his lips in grievance.

Hearing this, the anger on Liu Fugui's body dissipated somewhat. He never thought that his son fought to protect their dignity.

"Good boy." Wu Tian touched Liu Hao's face and complimented him with a smile, "You didn't do anything wrong. You know how to use your fists to protect your dignity as your parents."

Just as the two of them were asking Hao Hao Hao for information, a middle-aged woman with glasses and a little boy walked out.

The little boy's clothes were messy and his face was clearly bruised. At this moment, he was still rubbing his eyes and crying.

Needless to say, this little boy was beaten up by Hao, and his name was Liu Shaojie.

And that middle-aged woman with glasses was none other than their Ms Fang.

CHAPTER 68:

Ms Fang pulled her friend over and asked Liu Fugui, "You are Liu Hao's father?"

"Yes, it's me." Liu Fugui nodded with a smile.

"How did you educate your child?" Without another word, Ms Fang immediately scolded him, "Look at how badly your son has beaten up Liu Shaojie."

"Ms Fang, I'm sorry ..."

"Your son is just like you, a country bumpkin, uneducated." Ms Fang's tone was harsh, not sparing Liu Fugui any face.

"..."

Liu Fugui clenched his fists and didn't say anything. He suppressed his anger and swallowed his anger.

After all, he came from the countryside, so it was already good that he was able to come to school. He didn't want to cause any trouble, lest he cause trouble for Wu Tian.

Wu Tian, who was beside him.

When he heard how unpleasant his teacher's words were, he immediately became angry and

replied, "This teacher, please speak with respect."

"Yo, you have a child that dares to hit someone?" Ms Fang flung her hands and placed them on her hips as she scolded in a huff.

She didn't look like a teacher at all. Instead, she looked more like a vulgar woman.

"The reason why Hao Hao is beating people is because they are humiliating Hao Hao and his parents." Wu Tian argued.

"Shaojie calling you bumpkins is a compliment." Ms Fang adjusted her glasses and mocked coldly, "With poor people like you, your children are just like you. They're all trash, and don't even have the qualifications to have children come to our school."

"Pah!"

Wu Tian rarely hit women in the past, but today, he really couldn't hold it in anymore, he raised his hand and viciously slapped her.

Honestly speaking, he had never met such a shameless teacher.

Just the woman before him wasn't worthy of being his teacher.

"..."

Ms Fang was stunned for a moment. Even in her dreams, she would have never imagined that this kid before her would actually dare to hit her in school.

Realizing what was happening, he roared like a tigress, "You bastard, you actually dared to hit me ..."

"You asked for it yourself." Wu Tian raised his hand and was about to attack again.

This scared Ms Fang so much that she shrunk back. Perhaps she was shocked by Wu Tian's ferocious look, but she didn't have her previous imposing manner.

"You ... "Just you wait, I'll go find the principal right now." With these words, Ms Fang left, feeling wronged.

Just as Ms Fang was about to leave, a beautiful young woman hurriedly ran over.

He hugged Liu Shaojie and said in pain, "My poor Jie, how did you get beaten up like this?"

This young woman in front of him was Liu Shaojie's mother.

"Mom ..."

Upon seeing his mother, Liu Shaojie cried even louder, "It was Liu Hao who hit me, he even broke my face."

"My poor darling, let Mommy play." The young woman gently caressed her son's face, afraid that she would hurt him if she used too much strength.

"Mom, help me take revenge."

"Wait, Mom will help you teach him a lesson." Having said this, the young woman slapped Hao's face.

With this slap, Hao might be broken.

Luckily, Wu Tian was quick. He grabbed the young woman's arm and scolded, "How come you even hit your child?"

"He hit my son. Of course I want revenge." The young woman opened her eyes wide, exuding an imposing manner.

"Revenge?"

Hearing a young woman use the word 'revenge' on a child, Wu Tian's heart froze for some reason.

He didn't expect that the teacher who was just a shrew would now have a shrew of a parent. He was completely unreasonable.

"You are Hao's parents?" The young woman always thought that she was superior to others with her overbearing attitude.

"Yes, I'm his uncle."

"Hurry up and get Hao to apologize to my son."

"Your son was the one at fault. Why should we apologize?"

"You country bumpkin." The beautiful young woman put her hands together, and fiercely said: "If you dare spout nonsense again, do you believe that I won't let you go on with your Luzhou?"

"Then I would like to see for myself."

"Boy, you really don't cry until you see a coffin. To tell you the truth, my husband is a well-known figure in the business world. Killing a country bumpkin like you is even easier than crushing an ant." The young woman threatened and then took out her phone to make a call.

Liu Fugui, who was on the side, was worried about causing trouble so he reminded Wu Tian, "How about just forget about it? I don't want to cause trouble for you."

"No, this kind of person can't be lazy." Wu Tian would not give in so easily.

Even when he was still a diaosi in the past, he would not easily admit it.

What's more, he was still a young master from the Wealthy Class.

"Boss Wu, I'm afraid of causing trouble for you." Liu Fugui voiced out his worries. He didn't want to get into big trouble because of his son.

"Uncle Fugui, don't worry about it. Leave it to me." Wu Tian's tone was very determined.

Seeing Boss Wu's forceful attitude, Liu Fugui didn't say anything more. He was just a little nervous.

After the woman across from him finished making the call, she crossed her arms and stared at Wu Tian, "You country bumpkins, when my husband comes over, even if you beg me, I won't let you off."

"Who wants who doesn't know the answer to that!" Wu Tian did not back down.

With that, he picked Hao up from the ground, concerned about his recent studies and life situation.

From the first time he saw this well-behaved and sensible little boy, he felt that he liked him.

After ten minutes, a middle-aged man hurried over. It was Liu Shaojie's father.

Wu Tian's eyebrows darkened slightly when he saw the middle-aged man.

This man was none other than Liu Hui, the head of HSBC Media.

Previously in the club, he saw that Liu Hui wanted to go against Huang Lan's unspoken rules. In the end, he was taught a lesson by Wu Tian and kicked Liu Hui out of the club.

He didn't expect Liu Hui to be Liu Shaojie's father, the husband of that beautiful young woman. What a coincidence.

"Hubby ..."

The beautiful young woman let out a sweet cry and ran over to hold Liu Hui's arm. "Our son was beaten up."

"Who dares to touch my son?!" Liu Hui was furious.

"It's the three of them." The young woman pointed at Wu Tian's nose and said, "That brat is the most hateful, he even took advantage of me just now."

When she said this, the young woman's eyes flashed with a trace of treachery.

He purposely wronged Wu Tian because he wanted his husband to teach this brat a lesson and vent the anger in his heart.

"He dares to touch my woman, see if I don't beat him up ..."

Before Liu Hui could finish his sentence, his eyes suddenly lit up. He couldn't help but exclaim,

"Boss Wu!"

It wasn't until now that he could clearly see that the brat in front of him was Boss Wu.

At that time, at the Global International Club, even the club's boss Lin Ann was extremely respectful to this kid.

With his current strength, he definitely could not offend this kid.

Thinking about this, Liu Hui quickly licked his lips and tried to curry favor with Boss Wu, "Boss Wu, I didn't expect to see you here. It's really nice to meet you."

CHAPTER 69:

"Husband..."

As soon as her husband was so polite to a country bumpkin, the beautiful young woman rushed to remind him: "just now, it was their child who hit our son."

"Have you killed me?" Liu Hui turned his head and asked impatiently.

"Ah?"

The young woman was stunned and shook her head: "our son is fine, of course not dead."

"As long as it's not dead, it's not a big deal." Liu Hui winked at his wife and motioned her not to mention it again.

Young women can not manage so much, complain to her husband: "do you let them go like this?"

"It's nothing to talk about." Liu Hui said this, licking his face and smiling at Wu tiangan.

"But..."

The young woman did not expect her husband to be so magnanimous that she would not be investigated in such a case.

But she still can't swallow this tone, cried to her husband: "I was also taken advantage of that boy!"

"It's your good fortune to be taken advantage of by boss Wu." Liu Hui bravely uttered such a sentence.

Even if his wife is taken advantage of by this boy, he can only turn a blind eye. After all, he can't afford to provoke this boy.

"Ah?"

A young woman may never dream that her husband would say such a thing.

If my husband heard that he was taken advantage of by a man, he would be furious, and then teach the man a lesson.

And this time, my husband would sit back and ignore, even can say such words, it is incredible.

"No way." The young woman put her hands on her hips, pointed to Wu Tian's nose and said, "I will never let this boy go today. In any case, I will teach him a lesson."

"Pa!"

Liu Huiqi slapped on the young woman's face and scolded, "are you special? Can't you make trouble for me?"

Just now, I gave my wife a lot of winks, but my wife just didn't listen to her, and she still kept on playing around here.

If boss Wu is offended again, there will be no good fruit to eat.

"Husband, my son and I have been bullied. If you don't help us, how can you still beat me?" The young woman was so angry that she almost went mad.

Be bullied by the outsider just, now even husband starts to hit her, feel in the heart suffocate to die.

"Wife, can you understand something? We can't afford that boy." Liu Hui lowered his head and whispered to the young woman's ear.

"Husband, you can really joke. What can't be provoked by a silly boy with shabby clothes and no taste?"

"What do you know?" Liu Hui glared at the young woman and said in a low voice, "that boy is a hermit. Even the boss of the global club dare not offend him."

"What?" After hearing this, the young woman's expression slightly tight.

Only listen to Liu Hui continue to say: "with each other's strength, if we offend him, I'm afraid the company will be across."

"Clunk!"

The young woman's heart beat violently, as if she had been beaten with a stick.

He turned his head and looked at Wu Tian slowly. He didn't expect that the boy in front of him looked so shabby, and the power behind him was so powerful.

If she was not careful, she should have offended such a corrupt person.

Thinking of the other side's backstage power is so tough, she is afraid of causing trouble to the company.

"I'll look at my face for a moment." Liu Hui told his wife, turned to Wu Tian with a smile and said, "boss Wu, my wife accidentally bumped into you. I'll let her apologize to you."

After that, he looked back at his wife.

The young woman immediately understood, and hastened to apologize to Wu Tian: "I'm sorry, I was blind just now. I'm so offended. Please don't take the same view with me."

After that, he grinned and fawned.

At this time, the young woman did not have the arrogance and arrogance just now, like a submissive little daughter-in-law.

"Your son humiliated Hao Hao. What should we do about it?" Wu Tian naturally wants justice for Haohao.

"I asked Shaojie to apologize to Haohao." The young woman responded quickly and said to her son, "Xiaojie, hurry up, apologize to Haohao."

"Xiao Jie, hurry up and apologize to your classmate," Liu Hui said

"....."

Liu Shaojie stares suspiciously at his parents.

She didn't understand, obviously he was beaten by his classmates. Why did his parents ask him

to apologize to his classmates?

"Xiaojie, good, obedient, apologize to Haohao, and mom will buy you toys later." Seeing her son standing still, the young woman could only persuade her in this way.

After hearing this, Liu Shaojie apologized to Liu Xiaohao reluctantly: "I'm sorry, I was wrong."

"If you dare to insult my parents again, I will beat you." Liu Xiaohao a face stubborn warning way.

"No, no, we will never make such mistakes again." The young woman rushed to protect her son behind her, and advised her son: "don't offend Liu Xiaohao in the future. Stay away from him as far as possible..."The other party's smile is gratifying.

I thought Haohao had made a big accident this time, but I didn't expect that the ending was unexpected. The other party even apologized to Haohao.

All this is the credit of Wu Tian. Fortunately, boss Wu's influence is so amazing that he makes the other party admit his mistake.

Liu Fugui didn't say anything, but in his heart, he couldn't help but feel grateful. Fortunately, he was such a good boss with Wu Tian that he could help him and his son to get ahead at the critical moment.

"Boss Wu, nothing else. I'll take my son first." Liu Hui said this and turned away with his son in his arms.

Before going out, I just saw Mr. Fang come.

Mr. Fang said to the Liu family and his wife, "Mr. Shaojie, you are here at the right time. I will help you to get justice today."

"Mr. Fang, today's matter is our family's young hero's fault first, we don't plan to investigate, goodbye." With these words, the young woman ran away with her children.

"Hello..."

Mr. Fang looked confused.

Unexpectedly, Liu Shaojie's parents, who are eager to protect their calves, admitted their mistakes and offered not to pursue them any more.

If a child is beaten like this, he will not be investigated.

What's going on here?

No matter whether others pursue her or not, but she was slapped by Wu Tian before, which is certainly not so simple.

"Hillbilly, dare to hit me. When the headmaster comes, I'll see what he does to you."
Fortunately, Wu looked at the disaster in his eyes.

She can't wait to teach the boy a lesson and let the hateful fool apologize to her in public.

After waiting for a few minutes, principal Lu rushed over with two security guards.

After the headmaster Lu entered the door, his face suddenly collapsed. He walked quickly to Wu Tian and said with a smile, "who should I be? It's Mr. Wu."

He met Wu Tian when he went through the admission procedures for Haohao.

At that time, there was some trouble with the procedures. As a result, Wu Tian made a phone call, and the Education Bureau personally called to supervise.

A small admission procedure shocked the Education Bureau, which shows how corrupt Mr. Wu is.

"Headmaster Lu, nice to meet you." Wu Tian smiles and greets Mr. Lu with a slightly cold tone.

CHAPTER 70:

One side of the teacher Fang immediately silly eyes, did not expect that the boy in front of him should know Mr. Lu, it seems that the relationship between the two people is very unusual.

Mr. Fang bit his teeth and cried to the headmaster, "Mr. Lu, you have to decide for me. I was beaten by this boy just now."

"Don't mention it again." Headmaster Lu glared at Mr. Fang and exclaimed in a solemn voice.

"No way!"

Teacher Fang helped his glasses and said: "this boy hit me. He must be punished."

"You..."

Seeing Mr. Fang so stubborn, Mr. Lu's face became more and more gloomy.

"If you go on like this, I'm afraid you'll get into big trouble," the teacher warned

"Why?"

"Mr. Wu has a strong relationship with the Education Bureau, and I dare not offend him."

"He..." Teacher Fang's body trembled and his heart was in a cold sweat.

She didn't expect that the humble boy had such a tough relationship. No wonder she dared to beat the teacher in school.

Thanks to her blind eyes before, wantonly humiliated the boy, self-knowledge of the disaster, at this time in the heart secretly afraid.

Comforting teacher Fang, headmaster Lu licked his face and said to Wu Tian, "Mr. Wu, teacher Fang is not sensible. I hope you don't see her in the same way."

"Headmaster Lu, do you know why I hit the female teacher just now?" Wu Tian asked with a gloomy face.

"I don't know."

"The female teacher abused the students and their parents as rubbish."

"Miss Fang has gone too far. On her behalf, I apologize to you." Afraid of getting into trouble, Lu bowed and apologized.

Wu Tian did not accept the apology, but asked coldly, "do you think this kind of person is qualified to be a teacher?"

"This..."

President Lu did not know how to answer.

He understood what Wu Tian meant. He wanted him to dismiss teacher Fang.

It has been known for a long time that Mr. Fang's character is not good, but his teaching is really good, and he is really reluctant to be expelled.

"It looks like I need to make a phone call." Wu Tian takes out his mobile phone and pretends to

make a phone call.

"Mr. Wu doesn't have to call. I'm going to expel Mr. Fang on behalf of the school."

He didn't want to disturb the Education Bureau, and the school would have to be punished.

Once you bite your teeth, you make a decision right away.

Turning around, the teacher said, "you have been expelled from school. From now on, you have nothing to do with the school."

"Headmaster Lu, for my tireless teaching, please give me another chance." Mr. Fang knew that the big goods were coming, so he quickly asked for help.

"Alas

Principal Lu sighed a little, a helpless look.

He also didn't want to dismiss teacher Fang. He only blamed teacher Fang for offending people who should not have offended him.

Mr. Fang is a smart man. He quickly pleads with Wu Tian: "Mr. Wu, I was wrong before. I shouldn't have insulted you. I apologize to you. Please hold your hand high and let me go."

In order to keep her "iron rice bowl", she had no choice but to plead with Wu Tian.

"You're not fit to be a teacher. Let's go." Wu Tian waved his hand impatiently, without any pity in his eyes.

Let such a woman be a teacher will only harm those students and affect the physical and mental health of teenagers.

"I..."

Seeing Wu Tian's resolute eyes, Mr. Fang swallowed what he wanted to say and slowly turned around and walked outside.

Her heart was filled with regret.

Originally thought that Liu Xiaohao's family members were all rural buns, she just sneered and insulted.

But the result actually kicks the iron plate, meets the ruthless role, directly let her lose the hard-earned work.

After teacher Fang left, Wu Tian put his eyes on principal Lu, "it seems that there are obvious loopholes in the management of the school, and principal Lu needs to strengthen management."

"Yes, yes, I will strengthen management."

"What's more, I hope Haohao can study here at ease, and it can't happen again."

"Don't worry, it will never happen again." Lu principal chicken Zhuo rice like repeatedly nodded to guarantee.

"In the future, I would like to thank President Lu for taking care of Hao Hao." Wu Tian tried both hard and soft, and changed his tone.

"Let Mr. Wu's heart rest and promise that there will be no more mistakes in the future."

"That's best."

"Mr. Wu, it's time for dinner now. It's better to..."

Principal Lu wanted to take the opportunity to get close to him, but Wu Tian interrupted him before he finished: "don't be polite. We still have something to do, so we won't disturb you."

With this, he squatted on the ground and said to Xiao Hao, "Haohao, go, uncle will take you out to eat."

"Thank you, uncle." Liu Xiaohao is as sweet as wiping honey."How nice Wu Tian rubs Xiao Hao's face and pulls him out. Liu Fugui follows him out.

Out of the school, Liu Fugui from the heart of gratitude: "boss Wu, thank you for helping Haohao deal with these things, really grateful."

"Rich uncle, we don't have to be polite to each other." Wu Tian looks back at Liu Fugui with a

simple smile on his face.

Getting along with the rich uncle's family makes him feel very relaxed and friendly, just like his family.

"I really didn't expect that boss Wu was young, quick and efficient, and quite like a general." Liu Fugui was full of gratified praise.

I was worried that Wu Tian was young, and he must be a fickle and boastful dandy.

Getting along with him, Wu Tian is modest and low-key. He is unique and experienced in dealing with things, and he is not muddled.

He is very glad to work with such a good boss.

"I didn't expect rich uncle would flatter."

"I'm not flattering. I'm telling the truth."

"I'm very happy to get such a pertinent comment from Uncle Fu Gui." Wu Tian looked back and said to Liu Fugui with a smile, "tell me everything in the future. Don't treat me as an outsider."

"Yes."

"Well, let's go to dinner." Wu Tian took Xiao Hao to the car and told Liu Fugui, "let's drive to Fuyuan restaurant."

"Good!" Liu Fugui got into the driver's seat and started the car to go straight to Fuyuan restaurant.

They went to Fuyuan restaurant and sat down by the window.

Liu Fugui has never been to such a place. He is obviously a little restrained. "Boss Wu, it's too expensive for us to come here for dinner."

"Nothing." Wu Tian sat beside him with Xiao Hao in his arms. "Hao Hao, what do you want to eat? I'll ask aunt Shen Xue to do it for you later."

"I'll eat whatever my uncle eats."

"How sensible." Wu Tian smiles with satisfaction and orders the waiter to find Shen Xue.

The waiter walked into the back kitchen and quickly called out Shen Xue.

Shen Xue was originally very happy, with a bright smile on her face.

But when she approached, she saw a little boy sitting next to Wu Tian. Her face was gloomy and she said, "he is he your son?"
