

My Sassy President Novel

Chapter 06 – 10

Chapter 6 Domineering President

Coco was very dedicated to tell Amy Xia about the Chow Group, including the restaurant, what is delicious and what is not delicious, Amy Xia thinks Coco is very cute.

At least, not like a scheming person. Between the two of them, Coco looked at Amy Xia and asked, "I heard that you came back from London, and you won a lot of awards there.

It's amazing!" Coco sincerely praised. Hearing Coco's words, Amy Xia smiled, "If it were you, you could do it too!" Coco felt comfortable in her words.

"Then I don't know, but being able to study abroad is also my dream!" She said inspiringly, and is also struggling for this dream.

"Being able to work in Chow Group is how many people can get in with a scalp. You can work in Chow Group, and it is also your recognition!" Amy Xia said.

Listening to Amy Xia's words, Coco was very comfortable. She smiled and nodded, "That's true!"

"Although the Chow Group has only been established for two years, it has not been easy to reach this stage, but Chow must have a promising future.

It's the international route!" Amy Xia nodded, "I believe that I have heard Yun Rui's name when I was in London!" That's why she chose to work here. Speaking of this, he laughed ridiculously, "Then you know how young and handsome our president is?" asked ridiculously. Speaking of this, Amy Xia shook her head. She really didn't deliberately understand this.

"Definitely more handsome than movie stars, and only twenty-six years old, very young, with high means. Yun Rui was founded and brought up by him. He is the dream girl of our entire company!" said ridiculously. Hearing this, Amy Xia smiled, "Then hurry up!"

"They are all working hard, I just appreciate it!" said ridiculously.

Amy Xia smiled too, Coco said, "You'll know when you see it!" Amy Xia nodded. However, Coco suddenly added, "However, our president seems to have been married before, but left again..." Speaking of this, Amy Xia paused and thought about it. There should be no such coincidence. She didn't ask too much, and the two of them ate quickly and went back to work after eating.

In the afternoon, she received a phone call and wanted to go to the president's office to repay, so Amy Xia picked up the information and went.

I went upstairs and found the president's office.

As soon as I arrived at the door, I heard a sigh.

"Sedum, will I accompany you to the party the day after tomorrow?" As soon as he arrived at the door, a charming female voice came out from inside, her voice still somewhat depressed.

Amy Xia was startled, there was someone inside? "If you lower your hand, something will happen..." Then, a magnetic male voice came out.

Amy Xia stood at the door.

After hearing this, she was stunned for an instant. She didn't understand what this meant, but she didn't hear it wrong, right! This is the president's office! "Why? You can't take it anymore? I just want to make trouble, Sedum, love me..." The female voice came from the inside, soft and weak, very nice. Even if Amy Xia didn't see the picture, he could still think of the surging picture inside. Unexpectedly, the boss of Chow Group would be like this, he was in the office anyway! Still, the crows in the world are generally dark, and Amy Xia should face this problem squarely.

"Um..." The man's low voice came from inside.

Only then did Amy Xia come back to her senses. When she listened, her face was going to blush. Forget it, let's come again later, don't provoke this angry president.

"Xiaoyun, this is in the office!" the man said.

Although his voice was somewhat suppressed, he still sounded his own principles.

"Hey, I'll be with you another day!" After speaking, the door was suddenly opened.

Amy Xia stood at the door, just about to turn around and leave.

Chapter 7

"Who are you? Why are you standing here?" A deep, guarded voice came.

Amy Xia knows that if you don't explain it clearly, it will definitely cause misunderstanding! Thinking of this, Amy Xia raised her eyes, "I'm new here..." Before she finished speaking, Amy Xia was completely stunned when she saw the person in front of her. There are so few seconds of blank space in my mind! How could it be him? Sebastian Mu! Is he the president of Chow Group? how can that be? At that moment, various thoughts flashed through Amy Xia's mind, and the first thought was that she should turn around and leave, but her steps seemed to be on the ground, and she

couldn't move. Today's Sebastian Mu is more mature and stable than a few years ago. Even the outline is clear and three-dimensional, but he is still handsome and cannot be ignored. Seeing Sebastian Mu's gaze was full of surprise and astonishment.

And Sebastian Mu also looked at the woman in front of him, with a white V-shaped face, very delicate and beautiful, pale pink lips, delicate and small bridge of the nose, especially those eyes that were as clear and transparent as clear water.

I have to say that the person in front of me is a complete beauty. There is no shortage of beauties in the market, but there are very few women who feel refreshed and comfortable at the first glance.

It's just... The look in her eyes...

A bit weird. Could it be that she knew him? However, in his impression, he didn't know such a person, and if he did, he would definitely remember it.

"You haven't answered my words!" At this moment, Sebastian Mu said solemnly.

In a word, Amy Xia's sanity was pulled back, and Amy Xia returned to her senses, "Um, I am..."

"Are you eavesdropping here?" At this moment, Xiao Yun walked out from inside and looked straight at Amy Xia.

Ask. Beauty has always been unpleasant to see beauty. When Xiaoyun saw Amy Xia, that kind of dislike spread from the inside out. Besides, in her opinion, she ruined their good deeds! Hearing this, Amy Xia frowned and looked at Han Xiaoyun, while she looked at herself hostilely.

"I am a new designer, Amy Xia, and I am here to report to the president!" Amy Xia looked up at them and said every word, not humble or humble, making it impossible for people to say anything.

"Xia...Amy?" Sebastian Mu said leisurely, his narrow eyes condensed on Amy Xia's body. Hearing Sebastian Mu reciting her name, Amy Xia's nervous heart trembled, for fear that he would remember it, standing there, her palms were sweating! Really, I didn't expect Yun Rui's president to be him! If she knew it, she would never come here to work! "You come in with me!" Sebastian Mu said.

"Sedum..." At this moment, Han Xiaoyun looked at Sebastian Mu dissatisfied.

"Xiao Yun, you go back first, I still have a job, and after I'm done, I'm going to find you!" Sebastian Mu said confidently. Han Xiaoyun also knows that Sebastian Mu is a workaholic now, and he is very serious about his work. He still knows that after staying by his side for so long.

It's just...

I glanced at Amy Xia, then said, "I'll wait for your call at night!"

"En!" After saying that, Han Xiaoyun gave Amy Xia a warning look and turned and walked out.

And there was nothing wrong with Amy Xia standing there.

Only when she left like this, there were only two of them left here.

Chapter 8

After Xiaoyun left, Amy Xia stood there, trying to make herself look calmer.

And Sebastian Mu was sitting on the Zhenpu revolving chair, with a pure black shirt and two openings on the neckline, revealing wheat-colored skin. The sleeves were also slightly rolled up, which seemed to add to his handsomeness.

It's mysterious. Unexpectedly, after two years, they would meet in this way.

Sebastian Mu looked at the personnel information in front of him, Sebastian Mu's slender hand, and then flipped through it. He didn't look at it by himself, but only saw the photo and name on it.

"Amy Xia? Come back from London!?" Sebastian Mu's voice sounded leisurely, raising his eyes, his eyes fixed on her.

"Yes!" Amy Xia stood there with a confident smile on her face.

In fact, she was pretending to be calm, and her heart had already turned upside down.

I really regret not checking Chow's background information carefully when I entered the Chow Group. Unexpectedly, Sebastian Mu was the president of Yun Rui! Seeing Amy Xia's confident look, Sebastian Mu's eyes narrowed slightly.

"A good resume!" Speaking of this, Amy Xia frowned. What does this mean? What is a good resume? Amy Xia looked at Sebastian Mu, somewhat stunned, "Ability is more important!" Hearing this answer, Sebastian Mu raised his beautiful eyebrows, and his eyes flashed with charm.

Interesting.

"Then Miss Xia's abilities should be pretty good!"

"If her abilities are not good, Yun Rui will probably not admit me!" Amy Xia said, unexpectedly, after two years of absence, Sebastian Mu's speech is also profound. Feelings and anger are invisible.

Looking at her, Sebastian Mu met such a woman for the first time. She didn't flatter, thank you, or humble or humble, but had her own ideas.

"Ability is important, but character is more important!" Sebastian Mu said while looking at Amy Xia.

Amy Xia frowned, and Sebastian Mu pointed at her.

"Mr. Mu, I don't know where to start! Or do you think I was standing at the door and deliberately overhearing!?" Amy Xia looked at Sebastian Mu and asked.

Sebastian Mu didn't answer the conversation right away, but narrowed his eyes slightly, and leaned back lazily. But the answer is obvious.

Amy Xia looked at him and smiled slightly, "Mr. Mu, let me explain again.

I didn't mean to overhear, but came up to report and heard it accidentally!"

"You should knock on the door!" Sebastian Mu said, looking at her. , With certainty that Amy Xia was deliberate.

"I don't knock on the door, and there's my reason. Now the social atmosphere is like this.

It's okay to knock on the door and walk away without knocking on the door. But when you hesitate, the door opens. You think I'm wrong. !?" Amy Xia looked at him and asked.

In the past two years, the emotions have not changed, and I have learned to make things difficult for others! When Sebastian Mu listened, he felt like he was being cursed by Amy Xia.

"Don't compare me with those people!" Sebastian Mu said.

"I didn't compare.

If Mr. Mu is afraid of comparison, it's better to constrain it!"

"You are teaching me!?" Sebastian Mu frowned and said unhappy.

"Don't dare, I just tell the truth!"

Chapter 9

Dare not? Sebastian Mu's mouth turned into a joking and charming smile, and the woman in front of him looked arrogant, but he couldn't see what she didn't dare to. But this aroused his interest even more. Seeing the meaningful smile at the corner of Sebastian Mu's mouth, Amy Xia's heart was shocked, and she also felt chilly behind her back.

Is she a bit too excited! ? But looking at Sebastian Mu's appearance, she couldn't help it! Amy Xia calmed down and looked at Sebastian Mu, "If it's okay, I'll go out to work first!" He didn't wait for Sebastian Mu to speak before leaving.

"Wait!" At this moment, Sebastian Mu's magnetic voice sounded behind him. Therefore, Amy Xia's footsteps really stopped.

After stopping, Amy Xia was a little annoyed, what to stop, just leave. But without knowing why, she couldn't move half a minute in her footsteps.

At this time, I saw Sebastian Mu stand up from the chair, meditate and walk towards her slowly.

Amy Xia stood there, although her face was calm, her heart was already tumbling. She thought about the scene of reunion a thousand times and ten thousand times, but she never thought of it like this.

Moreover, his performance seemed to not recognize herself? When Amy Xia was thinking about it, Sebastian Mu had already walked towards her, and when she was over 1.8 meters tall, Amy Xia was suddenly out of breath.

Sebastian Mu looked at her, narrowed his eyes slightly, looked at Amy Xia, and slowly leaned forward. When she came up like this, Amy Xia was startled and took a step back in fright. But unable to step back, she leaned against the wall, and Sebastian Mu also leaned forward, pressing her hand on the wall and encircling her.

Arms.

Actions, postures, so ambiguous.

"You, what are you doing!?" Amy Xia looked at him and asked, thinking that she could be calm, but facing Sebastian Mu's appearance, she was still a little nervous. Thinking of not seeing him in two years, he still looks like this! As always the evildoer, as always indiscriminate love! Seeing the woman in front of him stuttered, Sebastian Mu smiled with satisfaction, "Do you think, what do I want to do to you?" Amy Xia didn't speak, what a clever person Sebastian Mu is. He walked around inside.

Amy Xia kept silent and looked at him, "Mr. Mu is so close, it will inevitably be misunderstood!" She is really a smart woman. Know what to use to ease your embarrassment.

Sebastian Mu ignored her, but looked down and looked at the white and pretty face in front of him, always feeling a bit familiar.

"Amy Xia..." Sebastian Mu frowned, called her name leisurely, and fixed his eyes on his face. With that puzzled look, he seemed to think of something.

Amy Xia looked at him and looked at his expression. Her heart was so nervous that she couldn't breathe, for fear that he would recognize her! And what he said next caught Amy Xia even more by surprise.

"Why, I think you are very familiar? Do we know each other?" In a word, Amy Xia was stunned, suddenly not knowing what to say.

Chapter 10

But looking at Sebastian Mu's appearance, as if he was about to remember, Amy Xia felt that her heart was about to burst out! "Mr. Mu laughed, I just came back from London, how did I meet you?" Amy Xia looked at Sebastian Mu and smiled lightly. No longer giving him a chance to speak, Amy Xia said, "Mr. Mu, if it's okay, I will go out first and still have work!" With that, Amy Xia walked around and walked directly outside. When she reached the door, Amy Xia's composure disappeared, and she ran away.

And Sebastian Mu, with one hand still on the wall, looked at Amy Xia's back, a joking smile appeared at the corner of his mouth. Now, there is such an interesting woman! Interesting... But Amy Xia ran from the door of the president's office to a place where no one dared to stop. Standing there, he took a breath, put his hand on the position of the heart, where it was still beating rapidly. Thinking of what Sebastian Mu said just now, her heart couldn't calm down. Did he really not remember it? Is it on purpose? Amy Xia is not clear, and her heart is in a mess. Unexpectedly, I met him on the second day of returning home, and unfortunately joined his company! At this time, there was a beep in her mind, if Sebastian Mu knew you lied to her, guess what he would do? She said that she should die miserably! At that time, she didn't feel the sense of crisis, now she really has a little bit! How could it be so unlucky! But thinking about Sebastian Mu's appearance, maybe he didn't recognize her, otherwise he wouldn't be so calm and just teased her on purpose.

According to his temper, he will definitely find a way to kill her! After thinking about it, whether Sebastian Mu really didn't recognize her or pretended to be her, she couldn't stay here, once Sebastian Mu found out, then she really couldn't eat it. However, thinking of today's affairs, she had smashed him so much, and he should have fired her too! It would be better for him to resign as her resignation! Thinking of this, Amy Xia made up his mind and went back to write a resignation letter. There is nothing more tragic than this in the world.

I will resign within a day of work! But for unnecessary trouble in the future, she must leave. Thinking of this, Amy Xia took a deep breath and turned back to the design department.

At this moment, Amy Xia's cell phone rang, and when she saw the beeping number, Amy Xia answered it without hesitation.

"Hello!"

"Honey, how is the working environment?" Jenny asked over the phone.

“Guess!”

“It must be pretty good!” Jenny guessed.

Amy Xia took a deep breath and said, “Deep, do you know who my immediate boss is?”

“Who?!”

“Sebastian Mu!” Amy Xia said. When she said the name, she lowered her voice for fear of meeting Someone heard the same. The matter between him and Sebastian Mu really didn’t want others to know, it would become a secret!
