

Chapter 1444 Zoie's Cooperation

Trevor watched Gunter and Rock as they left from his vantage point.

Based on what he knew so far about Mobius, these two men were not going to back down easily.

After the first setback that they had encountered, it was very likely they would use a more radical approach now.

Meanwhile, Luisa was busy showing the products to Sheena.

Taking advantage of this opportunity, Trevor walked over to Zoie.

"Listen, Zoie, I have a favor to ask of you. Please pay close attention to Luisa at all times."

The expression on Zoie's face changed. She lowered her voice and stared at Trevor.

"Did you also notice it? I doubt if Gunter and Rock are good people."

Trevor was a bit shocked by her observation and nodded. He had not expected Zoie's intuition to be quite accurate.

Zoie glanced at Luisa and turned to look at Trevor again. Then she leaned forward and stared hard at him.

"Dragon, are you interested in Luisa?"

Trevor raised his eyebrows. He decided not to deny it and nodded.

Zoie guess that Trevor was not an ordinary guy since he even knew how to repair an antique clock. She thought he was a rich

guy that disguised himself to get close to Luisa. In any case, he had to be much safer around to be with than Gunter.

Zoie gritted her teeth and nodded. "Okay then... I will do my best to help you."

The following day, Trevor got the latest report from Zoie.

It was a message that read, "Luisa is going to have dinner with people from Severich."

Trevor's eyes grew wide with surprise as he read the message.

Without wasting time, he got ready quickly and drove down to the gate of the company to wait.

As soon as the car came to an abrupt halt, Trevor saw Luisa and Zoie making their way out of the company together.

"Luisa, are you headed out? Why don't you let me drive you?" Trevor asked with a smile.

Luisa didn't suspect anything, but she frowned and turned down his offer.

"There's no need for that. If I'm correct, you should be on break today."

She could still recall that both Gunter and Rock had expressed some dissatisfaction with Trevor yesterday. If she allowed Trevor to drive her to the venue, it would probably keep her distinguished guests on edge.

"Zoie will drive me there."

Trevor turned to look at Zoie and winked.

Zoie quickly understood what he was hinting at and said, "I don't think I'm feeling too well today. I don't think I'm in the best position to drive you."

Trevor smiled again.

"Luisa, just get into my car and let me drive you. I won't be asking you for overtime pay."

Without waiting for her response, Trevor quickly opened the car door and invited her to get in.

Luisa glanced at Zoie and sighed. "Okay then. Thanks."

Feeling quite guilty, Zoie glanced at Luisa and held her hand.

"Luisa, I feel so tired today. Can I rest in the back seat of the car?"

Luisa frowned slightly, opened the front passenger's door, and said, "Well, you can rest in the back seat. But if you're too tired, you can go home and rest."

Zoie got into the back seat and smiled.

Trevor could also see the smile on Zoie's face through the car's mirror.

Luisa had already taken her place beside Trevor, so he didn't dare return Zoie's smile.

The smile on Zoie's face also disappeared, but the excitement on her face still remained.

Luisa was a bit suspicious that something fishy was going on, but she couldn't quite figure it out.

Trevor smiled slightly and gave Zoie a thumbs-up sign just as he fastened his seatbelt. Then he turned the ignition of the car and began driving.

Chapter 1445 Top Cloud

As Luisa sat in the front passenger seat, she asked Trevor, "Do you know Top Cloud?"

A look of surprise appeared on Trevor's face. "Top Cloud? Yeah, I know about it!"

In fact, not only did he know, but he was actually the boss of Top Cloud.

One of the investments Trevor made in Dreles was taking over Top Cloud from its former owner, Gwendolyn.

It was a real surprise for Trevor that Luisa decided to dine at Top Cloud.

Trevor led Luisa and Zoie to the entrance to the restaurant.

"Luisa, what a coincidence!"

Gunter and his group had also just arrived. Gunter wore a tailored white suit that made him look like a gentleman. He greeted Luisa with a smile, eyeing her.

Luisa put on a fake smile and chatted with Gunter.

The ever-so imposing Rock stood aside expressionlessly. He didn't say a word, but at the same time, he didn't need to speak to be noticed.

While Gunter was talking with Luisa, Rock casually glanced back and happened to see Trevor.

He couldn't help frowning at the sight of Trevor. However, he quickly relaxed his brow and regained his cold, expressionless demeanor.

With a charming smile, Gunter said to Luisa, "Since we come

from as far away as Zayden, I imagine you have chosen a very special restaurant to entertain us. In that case, how about you tell us about the restaurant? Actually, you don't need to bother yourself with that. Just let Dragon do it. I'm sure you will never hire good-for-nothings."

Gunter had a wide smile on his face when he spoke, but his thoughts were anything but pleasant.

He deeply despised Trevor as he was certain that a simple security guard knew nothing about high-end restaurants and had probably never heard of them.

If Trevor failed to introduce them to the restaurant, Gunter would take that as an excuse to belittle Trevor in front of Luisa and pressure her into firing him.

As long as the Trevor was fired, Gunter wouldn't have much trouble convincing Luisa to have Rock as her personal guard.

So, it was clear that the reason why he asked Trevor to introduce the restaurant was to embarrass him.

Luisa's smile froze.

She didn't think that Trevor could know anything about a high-end restaurant like Top Cloud.

Luisa was actually worried that the cooperation between Newmere Cosmetics and Severich might be affected if Trevor was unable to answer Gunter's question.

However, Trevor just smiled slightly and said calmly, "Top Cloud has been in existence for seven years in Dreles. It aims to be an upscale, exquisite, and first-class restaurant offering gourmet cuisine. The signature dishes are steak, foie gras and baked snails. The menus contain mainly French dishes. The most distinctive thing about Top Cloud that it is high enough to give a panoramic view of more than half of Dreles. You can enjoy the delicious cuisine while admiring the beautiful scenery of the city."

Luisa was utterly shocked and she looked at Trevor in surprise.

How could an ordinary security guard know so much about the best restaurant in Dreles?

Trevor smiled confidently.

Even though he hadn't returned to Dreles for a long time, he was still Top Cloud's boss so he knew everything about the restaurant. Besides, when Gwendolyn introduced him to the restaurant, he listened intently. Now he just repeated what Gwendolyn had said.

"What's more, Top Cloud never does the same flower arrangement seven days in a row. White lilies, gardenias, camellias and irises... On Fridays there will be carnations in the restaurant during the day, and after 5 p.m., they will be replaced by red roses."

Trevor went so far as giving some small details about the restaurant which baffled everyone listening.

Gunter's face froze. He couldn't believe a mere security guard could know so much about such an upscale restaurant.

He even suspected that Trevor was making everything up. Just as he was about to point it out, a clear female voice was suddenly heard.

"That's very accurate."

Gwendolyn had just stepped out of the elevator to greet the guests when she heard Trevor's presentation of the restaurant. She was so amazed that she couldn't help but praise him in a loud voice.

With a big smile, she walked up to him and said enthusiastically, "Sir, you seem to know a lot about our restaurant. Few guests actually notice the change of flower arrangement."

Gunter pursed his lips upon hearing that. He could only swallow back the doubts he had.

But how could a mere security guard know so much?

While everyone was stunned, Zoie couldn't help smiling.

She felt her guess was correct, and she was more certain that Trevor must be a rich guy who disguised himself and intended to get closer to Luisa. Otherwise, how could he know so much?
