

## Chapter 1452 Provoking Trevor Again

---

After being treated by Trevor, Rock's stomach ache was finally relieved.

"Take a good rest and stay away from spicy food," Trevor said, advising Rock as any doctor would while he put the needle away.

Rock couldn't think of anything to say. His lips quivered for a moment and the only thing he was able to do was to let out a nasal hum.

Despite being treated, he didn't feel happy at all.

He had always considered Trevor to be a thorn in his flesh. But today, Trevor saved him and this humiliated him greatly.

Trevor had punched him again and again during the treatment.

He thought Trevor did that to exact revenge on him.

Gunter casted a cold look at Trevor and put his hands in the pockets of his trousers. Seeing that Rock was safe, his interest in talking with Luisa waned.

"So many happenings for a dinner. Thank you for inviting us, Luisa. Maybe we can already call it a night. I hope we can talk more about your company tomorrow."

Luisa was ecstatic. She had intended to create deep connections with the representatives of such a well-known company as Severich.

This way, Newmere Cosmetics would surely gain a firm foothold in the industry and would even improve competition-wise.

They quickly agreed on the time for tomorrow's meeting.

Before leaving, Gunter and Rock gave Trevor a cold and intense look.

Trevor remained calm and acted like he didn't notice them staring at him.

Filled with rage, Gunter exited the place.

"Damn him! Why can't he just die? Son of a bitch!"

This time, Rock said nothing and simply walked alongside him.

Gunter pursed his lips, inhaled deeply, and said, "I'll deal with him myself. He's nothing but a damn fucking guard. I'll definitely get him this time."

After leaving the private sports club, Gunter went straight to Sheena, who was part of Severich's representative team, and requested the company's records and resources.

He remembered the task given to him by Mobius. He needed to approach Luisa and use her as bait to kill Trevor Sanderson.

For sure, his mastery of the cosmetics industry combined with his elegant temperament would captivate Luisa.

As long as he got a hold of her, dealing with the guard would be nothing but a basic task.

Remembering Luisa's beautiful face, Gunter felt a surge of energy and started to read the company details.

The following day, Gunter, along with the representative group of Severich, visited the office of Newmere Cosmetics.

He had spent so much time analyzing the information Sheena had given him. He knew, for sure, that he would win this time.

His goal for today was to charm Luisa with his technical expertise.

Gunter noticed Trevor as soon as he got out of the car. He raised his brows and smiled jokingly.

"Dragon! It's you again."

He arrogantly raised his head and tossed the car keys.

"Park the car and open the doors to the company for me," Gunter said

He wanted to make fun of Trevor by emphasizing the vast difference in their social status.

Trevor looked at the car keys in his hand, then at Gunter. He couldn't help but chuckle.

How childish!
