

Chapter 1819 Intimate Moments

Lenard was infuriated by what Collen said, and he kicked Collen hard in a fit of anger.

At the same time, he cursed angrily, "If I were Trevor, I would have already killed you! You are such a loser."

Collen was stunned by Lenard's sudden outburst, and he dared not say anything reckless anymore.

Covering his head with his hands, he begged Lenard to spare him. Fearing that Lenard would hit him again, he said quickly, "Please, stop! Don't worry, the Sanderson family controls the whole of Zayden. You will definitely have more chances to get that beauty back. How about we devise a plan later?"

Lenard didn't reply and just put down his fist while cursing in a low voice.

A deep frown appeared on Lenard's face as he thought seriously.

He felt that Raven's way of doing things was very much in line with Mobius'. But why did Raven take Luisa?

Besides, why did Raven go to the airport today? Did he go there especially to pick up Luisa?

However, no matter how hard Lenard racked his brains, he couldn't figure it out.

He couldn't tell whether Raven was Trevor or not.

Meanwhile, Trevor and Luisa drove back to the Sanderson family's castle.

They were so close to each other they could feel each other's hot breath.

Trevor gazed at Luisa affectionately. After a while, he finally took off his mask and said in an excited but gentle voice, "Luisa, I missed you so much!"

Upon seeing that it was Trevor, Luisa was so happy that she almost burst into tears. Her face flushed and she hugged Trevor tightly.

"I missed you too!"

The two hugged each other tightly and kissed affectionately. They didn't care about anything else now.

When they finally parted their lips, they both took a few heavy breaths to calm themselves down.

When Luisa finally calmed down, she asked anxiously, "By the way, why are you in Zayden? What happened? Why did Lenard lie to me that you have taken back the Sanderson family and asked me to come here?"

With one arm wrapped around Luisa's waist, Trevor gently stroked her face with his other hand and explained slowly, "At present, I have eliminated all the members of the criminal organization in Zayden. I've also saved my father and my grandfather."

He paused before continuing, "However, the criminal organization is planning yet another coup. I had to come back to Zayden to take care of this and also revive the Sanderson family. The Sanderson family is now divided. By luring you here, Lenard must have intended to use you to assert himself as head of the Sanderson family."

Luisa was shocked upon hearing that, and she was very angry at Lenard. How could he be so shameless? At the same time, she was worried about Trevor.

She asked uneasily, "Won't the criminal organization go after you? I'll be very worried about you if you stay in Zayden any longer!"

Trevor laughed and said confidently, "I disguised myself as a member of the criminal organization. They will not suspect me for the moment. As for Lenard and his father, they are only puppets in the hand of the criminal organization. Consequently, they must obey my orders. Don't worry. I will take good care of myself. After all, I need to marry you when all this is over. By the way, you need to keep my identity a secret for the time being!"

Luisa nodded shyly. She trusted Trevor a lot and believed that he would succeed in this endeavor.

But at the same time, she was a little disappointed.

When she received Lenard's message, she had thought that Trevor had

finally taken control of the Sanderson family and was ready to marry her.

Discovering that this wasn't the case at all truly disappointed her. She had thought that they could get married at last.

She was so happy then that she even brought the big diamond ring that Trevor gave her before.

With a red face, Luisa buried her face in Trevor's chest.
