

Chapter 1857 Bring Luisa Here!

Gritting his teeth, Collen stayed brazenly.

When the ceremony was over and everyone was leaving, he rushed to find Luisa and said in earnest, "Miss Burke, I want... Well, a friend of mine would like to meet with you through me to discuss cooperation with Severich. Are you free now?"

Before Luisa could reply, Trevor refused coldly.

"The Singh Group is out of business now. How do you expect to cooperate with us? You can leave right away. Severich won't cooperate with you!"

Collen knew very well that he had already offended Trevor too much. It was useless to beg now. The only thing he would get if he begged would be humiliation.

But now that the Singh family was finished, he had no other choice if he wanted to achieve his goal.

Suddenly, an idea came to Collen's mind. He knelt before Luisa, hoping to soften her heart. He continued to pretend to be pitiful and said in a sad voice, "Miss Burke, having such an opportunity is a godsend to me. Please help me! Give the Singh family a chance, please!"

Collen was right. Luisa could indeed not resist such entreaties, and her determination wavered a little and she glanced at Trevor for advice.

Trevor sighed helplessly and said, "It's up to you."

The tense atmosphere had made Balfour's mind go blank for a while.

When he finally came to his senses, he shivered and muttered under his breath, "Luisa agreed to Dragon's proposal! In that case... What about the young master of the Sanderson family, Trevor? No way! No! I must have a talk with Luisa. She needs to carefully think about it!"

Balfour quickly came up with an idea and chimed into the three people's discussion.

"Well, Luisa, we should give him a chance to explain how he intends to cooperate with you. Let's go first. Well... Raven, Luisa and I are going to talk about the cooperation. You stay here and deal with the other affairs of the orphanage."

Trevor had the feeling Balfour was up to something, but he couldn't figure out what.

However, he knew that Balfour would never hurt Luisa. After all, Luisa was his sister. So, Trevor nodded in agreement.

"The two of you can go. Don't take any reckless decision!" Trevor warned.

An overjoyed Collen quickly stood up and led the way.

Meanwhile, on the other side, after his proposal had failed so woefully, Lenard went back to the old castle of the Sanderson family. He was both ashamed and angry.

There was a vicious look in his eyes and he swore in his heart.

Since Luisa didn't agree to his proposal, he made up his mind to force her to marry him!

Thinking of that, Lenard took out his phone and called Collen. As soon as the call was connected, he ordered, "Find an opportunity to drug Luisa tonight. When she is unconscious, take her to my villa in the suburb! Do that and I will give you enough money to help you rebuild the Singh Group!"

At the same time, Collen had just entered a private hotel room with Luisa and Balfour.

When he heard Lenard's voice on the phone, he held his breath. After Lenard finished speaking, Collen replied briefly, "Okay! No problem!"

At this time, Balfour was talking to Luisa in a low voice and he didn't notice the change in Collen's expression. Balfour was talking to Luisa about the love triangle between her, Trevor and Raven.

Seeing that neither Luisa nor Balfour paid attention to him, Collen felt a little relieved. He lowered his voice and said to Lenard, "Arrange another group of people to help me with this task! That way, even if she figures out what I am up to, I can forcefully take her to you!"

Lenard thought what Collen said made sense, so he nodded.

"No problem. I will send a team of bodyguards to protect you. I will also ask them to bring the special super-powerful drug!"

After saying that, Lenard hung up the call, with a sinister expression on his face.

He was sure that this time, he would finally get Luisa.

His plan was flawless, according to him. What he didn't know was that Sinclair who was standing behind him, had heard the whole conversation.

Sinclair quickly found an excuse to leave.

He went to a hidden corner and immediately dialed Trevor's number. When the phone was connected, Sinclair's anxious voice came through.

"Bad news! Lenard is going to do something to Luisa! He asked Collen to drug Luisa and sent bodyguards to take her away."
