

Chapter 1893 The Suspicion Of Lone Wolf

Sure enough, as Connie expected, Ewing was determined to get even with her. He pointed a finger at her and said angrily, "It's all your fault! Why did you have to provoke them to race? The worse is that you are such a bad driver that you even caused the accident! And what did you do when we were about to hit the truck? You turned the car so that I would hit the truck and protect you with my body! And after the car accident, you just ran away and left me alone in the car! To think that you had the nerve to say you love me and care about me deeply! You're so shameless. Today I can see that the Archer family is full of bitches!"

Ewing vented his anger until he ran out of breath.

Ewing's friends had already sided with Trevor, so when they heard what Ewing said, they realized just how evil Connie was. At this time, they all blamed Connie.

"How can someone be so shameless? To think we even believed what she said. Damn it!"

"That's right. Such a shameless person! She has the nerve to lie with a straight face. She even framed someone else for her evil deeds. It's so disgusting!"

After venting their anger on Connie, they all praised Trevor and Luisa again.

"You two are so kind-hearted. Moreover, your medical skills are amazing. Thanks to you, Mr. Craig's life is out of danger!"

Seeing that no one was on her side and she became the target of criticism, Connie was so angry that she gritted her teeth and left in shame and anger.

After Connie left, Ewing looked at Trevor in confusion. He was surprised that Trevor decided to save him. At the same time, he was grateful to Trevor and he said in earnest, "Thank you! If it weren't for you, I would have died here today. Your medical skills are so amazing! I will really show you my gratitude when I recover!"

The ambulance arrived just at this moment. As the paramedics took Ewing away on a stretcher, Trevor looked at the man and was lost in thought for a while.

Thanks to what he had just done, he still had a chance to test Ewing further. Trevor hoped to be able to find the precise location of the laboratory through Ewing in the future!

Everybody eventually left, except for Trevor and Luisa.

Soon, Trevor received a call from Lone Wolf.

"Raven, how is everything going in Zayden?" Lone Wolf's voice came through as soon as Trevor answered the call.

Trevor was silent for a while. The thing was, he didn't expect that Lone Wolf would suddenly call him, let alone at this time. After a short silence, he said vaguely, "It will be done soon. I haven't been able to get my hands on the Sanderson family's assets yet. It will take some time."

Hearing this, Lone Wolf snorted coldly. He was clearly dissatisfied with Trevor's slowness in completing the task he had given him, and said coldly, "Why does it take so much time? This matter has been delayed for way too long already! I need you to get your hands on the shares as soon as possible. Sell them and send one billion dollars to us. The rest is yours. Our sect needs money these days."

Trevor felt something was wrong. However, he didn't inquire and continued to stall.

"There is no one in Zayden who can buy that many shares. I'll bring the money back once I get my hands on all the Sanderson family assets. Just give me some more time."

Lone Wolf frowned deeply upon hearing this. However, he did not continue to urge Trevor. Instead, he tilted his head and asked, "What's going on with Cheetah and Bear? Why can't I reach them? I called them several times, but neither of them answered."

Trevor was silent for a few seconds again, then he lied while pretending to be angry, "They two are traitors! They colluded with the people of the Bat faction to steal the property of the Sanderson family. I had no choice but to kill them!"

On the other end of the phone, Lone Wolf was silent for a long time after hearing Trevor's answer. After a while, he said in a deep voice, "I will be coming to Zayden soon. Let's meet then and talk about the recent

Trevor could feel that Lone Wolf didn't trust him. He nonetheless said solemnly, "No problem. Please let me know when you arrive at Zayden."

At the same time, Trevor was lost in thought.

He felt that Lone Wolf was getting suspicious of him.

But when he thought that his father and grandfather were getting ready to fight Mobius head-on, he felt more relieved.

On the other hand, however, there was Luisa. She was still unwell and it would be really troublesome for him to deal with Mobius when she was in such a state.

Trevor hung up the phone with a frown. After thinking for a while, he called Esteban.

"How is everything going on your side? Did Lone Wolf do anything recently? It seems that Lone Wolf has begun to suspect me," Trevor said as soon as Esteban picked up the call.

Esteban immediately replied, "I don't know, but I feel that Lone Wolf has been hiding some things from me recently. But I have arranged a lot of my own people in the Wolf faction. If the two of you fall out, he may not be able to send people to kill you!"

Trevor felt a little relieved after hearing that. He then took Luisa back to the Archer family's house.

On the other side, Connie couldn't bear the humiliation today and she decided to contact the local gang.

"Hey, is that Fire Gang? I want you to do me a favor..."
