

Chapter 1191 Let Me Show You Something

Trevor left the casino with Doris.

In the car, Trevor thought for a while and said, "Doris, I believe you should rent an apartment close to mine for your safety."

Doris scratched her head and sighed.

"Is it necessary to take it that far? Morris wouldn't be able to kidnap me if I put up a real fight. I surrendered only because of Aldwin and out of fear that Klein would be exposed."

Trevor said helplessly, "I taught Aldwin a lesson today, but what if Ken shows up to attack you next time? Will you surrender again? It's better to live next to my apartment so that I can handle the Murray family in time if they ever show up again."

After giving it some thought, Doris decided that Trevor was right. Intimately leaning over while seated in the passenger seat, she smiled and said, "All right, you are very thoughtful. I like you a lot."

Trevor found it difficult to deal with this straightforward and charming woman.

When they arrived at Trevor's rental apartment, he contacted the landlord and rented the neighboring apartment for Doris.

Trevor was about to leave her apartment when she grabbed his sleeve and stopped him. She chuckled as she said, "I'll show you something, so don't leave yet."

Doris placed one hand into her collar, grabbing one of her breasts and smirking at him flirtatiously.

Trevor was left slack-jawed. If he were to look down, he'd be able to see

woman.

Trevor was left slack-jawed. If he were to look down, he'd be able to see a large part of her breasts. They looked like they were about to pop out from her clothes as she reached down to her cleavage.

Trevor was starting to feel dazed.

His cheeks started to flush. Doris seemed to be testing his self-control, so he hastily turned his head away.

"Stop it, Doris!" Trevor grinned helplessly.

"Okay, I'll stop messing around." Doris giggled.

After teasing him, she pulled out a key from her cleavage.

"When you were taking off Aldwin's clothes, I seized the opportunity to get it from him," Doris explained with a smile as she handed him the key. "This key was hidden in his inner pocket. Don't you want to investigate it?"

Out of curiosity, Trevor took the key.

He was turned on by the fact that it was still warm from being in between Doris' breasts.

Quickly, he cast his impure thoughts away.

Truthfully, he was amazed.

Even with his excellent observation skills, he failed to notice that Doris had done it while they were in the casino.

It was surprising that someone could take a key from Aldwin without Trevor noticing it.

Doris, thankfully, belonged to Klein and wasn't a thief. If not, she wouldn't have any difficulty getting anything she wanted.

Upon noticing Trevor's expression, Doris grinned seductively and explained, "When Morris and Aldwin kidnapped me, I was not at all prepared. I had no pockets, so I could only hide the key in my cleavage."

What do you think is the purpose of this key? It seems really important."

"Good question. I want to know the answer, too," Trevor replied.
