

## Chapter 993 The Audacious Zakai

---

Sally and Greta had already entered the clinic.

Everything seemed to be business as usual inside. But the person standing in the middle of the clinic was Sigrid, wearing heavy makeup.

Sally's heart sank at the thought that the person who called her and asked her to come here must be this strange woman in front of her.

But she didn't show her true emotions on her face. Instead, she pretended to be anxious and asked, "Where is the pregnant woman having dystocia? Take me to her."

Sigrid fixed her eyes on Sally and asked, "Are you Dr. Scott?"

"Yes, I am. There's an emergency here, right?" Sally asked. "Take me to the pregnant woman. I need to see her now."

But instead of responding to Sally, Sigrid focused her eyes on Greta. There was a hint of surprise in her eyes. She didn't expect Sally had company.

Sally noticed Sigrid's reaction, so she took the initiative to explain, "I brought my assistant with me. Is there any problem?"

Sigrid was a little flustered for a while. Then she forced a smile and said hesitantly, "No, no problem at all. Please wait a moment. The pregnant woman with dystocia is in a room

upstairs. Wait here first. I'll call the doctor to explain the situation to you."

After saying this, Sigrid hurried to the second floor.

Sally watched Sigrid's receding back indignantly.

For her, Sigrid's approach was full of loopholes.

If the patient was having dystocia, Sigrid should have immediately taken Sally to the patient.

Fortunately, Sally was not in a panic. Because if she did, she might have missed such details.

She was so calm now that she realized how ridiculous Sigrid's behavior was.

However, Sally and Greta had to wait for Zakai to reveal his own crime. They didn't act rashly.

As soon as Sigrid reached the second floor, she went to Zakai's hiding place and said in a low voice, "Mr. Sanderson, things are not going as planned. Sally brought another woman with her. What are we going to do now?"

However, Zakai, who was already impatient, didn't panic at all.

Instead, he rubbed his hands excitedly and said, "That's great then! We only want one beautiful woman, but two have come. Since they have taken the initiative to come here, I have no reason to refuse them. I must enjoy them, right?"

Zakai turned to the members of Cyan Gang beside him and said, "You guys need to catch them. I'm going to have fun with two women in bed today. Don't worry. I'll give you more

money afterwards. If I'm in a good mood, I can give you the other woman to enjoy."

Sigrid was stunned for a moment. She didn't expect Zakai to be so bold.

The gangsters, who all looked fierce, became excited at once. They wouldn't only get more money, but they could also get a chance to take a beautiful woman to bed later.

The leader of the gangsters patted his chest, grinned from ear to ear, and said in a hoarse voice, "No problem. We are professionals. After we frighten them, they will be scared and compromise. You will have a good time then, Mr. Sanderson."

Sally's hot body and beautiful face flashed in Zakai's mind, and his sexual desire was aroused even more. He pushed Sigrid and urged, "Go! Hurry up now. Do things according to plan. Damn! I can't wait to savor Sally's body today. I will give her the best sex of her life."

The more Zakai spoke, the more excited he became. A disgusting obscene smile appeared on his face.

Afraid to annoy him, Sigrid put on a charming smile and reminded him, "Mr. Sanderson, don't forget to fire Dragon after this. I want him to crawl under my crotch and get out of the company."

Sigrid still held a grudge against Trevor.

Since she had sex with Zakai, she felt that her status had changed. She became a noble person now. She wanted to bury her past as a prostitute. She didn't even want to talk about it anymore. And the experience on her way home that day had deeply hurt her.

It only made sense that she couldn't wait to trample down Trevor.

As for Sally and Greta, who were standing in the middle of the clinic right now, Sigrid saw them as two weak women who could only surrender to a group of gangsters.

Zakai waved his hand and replied indifferently, "No problem. After I take Sally to bed, I'll fire Dragon. So hurry and take those two women to the second floor now."
