

Chapter 995 Seduction

Trevor had a mask on, and his head was covered by the hood. Sigrid couldn't recognize that he was Dragon, whom she loathed.

"You... How dare you hit Mr. Sanderson?" Sigrid screamed, as she stared at Zakai in horror.

Trevor, however, said nothing. The electric baton he held crackled with electricity.

Sigrid heard the police break in. She heard footsteps coming from the stairs.

"Please, you have to let me go. I can't be caught by the police," Sigrid pleaded, fear visible in her eyes.

"If you let me go, I'll come with you tonight. You can do whatever you please with me. Please let me go. Please!" she said, attempting to flirt with Trevor.

Sigrid traced her legs lightly with her fingers as she looked at Trevor seductively.

"If you want something kinky, I can show you some things your electric baton can do that aren't written in the manual. I promise you, you'll like it."

Trevor looked on, disgusted by Sigrid's flirting.

Disguising his voice, he said, "Wow, no wonder you're a

prostitute. You know its tricks quite well."

Sigrid seemed pleased by Trevor's comment. She was alarmed when she heard the police siren outside the clinic. She didn't care that her identity as a prostitute was no longer a secret; she just wanted to get out of there as soon as possible.

However, the electric baton in Trevor's hand continued to crackle.

As a woman, she helped Zakai harm Sally. What she did was disgusting.

With a sneer, Trevor moved the electric baton towards Sigrid.

"Since you want excitement, I'll give you what you want. Why wait until the evening when you can have more fun in public?"

As soon as he was done speaking, he pressed the electric baton against Sigrid's back.

Sigrid screamed in pain. Her body twitched as she collapsed to the ground, unconscious.

Trevor stared down coldly at the two unconscious people. He had no pity for them.

After a while, Greta and Sally came out through the back door with the police. They handcuffed the unconscious forms of Zakai and Sigrid.

With a satisfied smile, Trevor watched as the two of them were put into the police car.

The two main conspirators had failed to escape, and his

identity as Dragon was not exposed. The plan was executed smoothly.

Greta was also smiling happily.

"This is great. Leave the rest to me," she said.

Trevor appeared thoughtful for a while.

"Okay. Can I have your phone number? I will contact you later."

They exchanged contact information and Trevor left the clinic with Sally.

Sally felt a mixture of excitement and fear at the conclusion of everything.

"This is my first time cooperating with the police to arrest criminals. Thank you so much. If you hadn't figured out Zakai's plan, I don't know the terrible things that could have happened to me."

Trevor smiled and said, "It's okay now. Forget about it. At least for a while, that bastard can't get you. Don't be afraid. Let me drive you home."

They both got into Trevor's car.

Sally said hesitantly, "I want to take you to go see my mother. Although I don't know what she has against you, I believe that as long as the misunderstanding is resolved, everything will be fine. I want to do this to show my appreciation. I hope you won't refuse."

Trevor was surprised at Sally's request. He remembered how Sally's mother had reacted when he met her for the first time.

Who was the mystery person mentioned in the second letter of recommendation from Elwood? What was the relationship between the person and Sally's mother?

This might be a good opportunity to find out.

"Okay, thank you," Trevor agreed happily.
