

Marriage To The Mafia Boss -

. Chapter 102 - Vito's Jealousy

'Speak!' Vito is skating around with the heavy hockey ball on his stick. He wants to hear their reason for all their decision to betray their organization.

'Don, we are not doing anything and get set up with all the things reported to you.' Pablo is kneeling on the floor naked. His body shiver from the coldness of the ice rink.

'I do not know anything and yet, I got pulled into this mess!' Con is screaming full of anger for getting dragged into this whole scene.

'How about you, John? You seem a little quiet,' Vito is stopping his movement after hearing all their word.

'I do not care to be denied anything. If you find me wrong then I am wrong,' Peter is telling him and trying to be brave. He knows well enough

his time end today because of his son stupidity. However, he has to take responsibility for his child wrongdoing.

‘I know about your stupid son. You take his place which is really admirable, but in my dictionary, it is useless,’ Vito is signing Max when his subordinates throw the naked Jake to the ice rink ground. He is crying and crawling to his father when Vito is hitting him with his hockey ball.

It is hitting straight away toward his forehead due to the hard impact. Vito is getting the new ball from Max and playing it around. Jake is trying to crawl toward his father when Peter is releasing himself to reach his son.

‘I do not like someone who bites the hand of the feeder. Should I let it go or should I fend you to Lucifer?’ Vito is still skating around them who get their lips become blue.

‘It seems they want something from us when their lips are turning blue. Do not be cruel!’ Vito is telling Max.

The subordinates are bringing four buckets of hot water and dump it at them. They are screaming due to the hot water and shiver after the waterfall down from their body. It makes them feel colder than before after the splash of hot water.

Their body shakes so hard because of the cold and makes them really can't feel their knee. It sticks to the ice rink after a while.

'I will hunt you down if I find out about your mistake again! Get them out from my face,' Vito is signalling Max to take them away and do the cleaning up.

The guards are dragging them out from the ice rink. They give them a blanket and a cup of hot tea. They are sending them out and letting them drive the car by themselves.

Apparently, they are drinking and finishing the hot tea before wearing their cloth. They are becoming really smug with the fact about their stupid and soft-hearted boss. However, they feel so relaxed while driving the car and they can't feel their leg or body.

In the end, all of the three cars crashed away in three different directions. They have pronounced dead in the accident.

Vito is getting a shower and changing into his own suits before board into his car to their hotel. Now, he needs to deal with this man who dares to touch his wife. He will not let him go so easily when Vito is not a merciful creature.

Andrea is getting his body beaten up due to the hard exercise with Vito earlier. He can't imagine his boss stamina. It seems his energy fill up as quickly as the battery in the charger.

Vito is marched down to Luo Han Zheng room before Li Na is informing Emma about his arrival in his room. Emma is checking about Luo Han Zheng condition which is still sleeping on his bed. She is changing the towel on his forehead which has already turned warm.

'What are you doing?' Vito is trying to hold up his anger and say something really bad in front of her again.

'Can we talk outside? I will explain everything to you,' Emma is telling him to stop and follow her outside the room when Han Zheng is holding her hand.

Vito is having to reflect to pull her body toward him. Emma's hand got pulled each side by Vito and Han Zheng.

'Someone is faking his sickness?' Vito is making comments with sarcasm tone.

‘Someone also is lying about his identity as Don Mancuso!’ Han Zheng is telling her with his hoarse voice.

‘What do you mean? I do know about his identity as Don Mancuso. Can you both let me go?’ Emma is trying to release herself from both of them.

‘Are you sure, Emma? Do you know about his position as Don in this world? Do you know his job and position require him to kill someone in the cold-blooded?’ Han Zheng is spilling the bean all over to make them separate.

‘Look! I am not a toy or thing for both of you. I do not care about my husband job or position as long as he loves me. I respect you as my brother and my dear close friend. However, if you keep like this all the time then I have to refuse to get close with you,’ Emma is shielding her husband from his enemy.

‘I am sorry that I crossed the line. Please forgive me,’ Luo Han Zheng is begging her forgiveness. He can’t afford to be away from her. He will think of another way to take her back.

‘You still sick. Lay down on your bed and I will check you later on. I am going to talk something with my husband,’ Emma is talking sternly to him

after helping him to lay down on the bed. Vito expression is getting darker to see her attentive care toward Luo Han Zheng.

Emma has already tucked him inside his bed and walks outside with Vito who is really not happy with her behaviour. Vito is walking outside to leave her and try to calm his emotion. His wife can't accept his blatantly sharp word while he is not happy.

It won't take a long time for Emma to join her unhappy husband outside Han Zheng hotel room.

'Are you a vinegar factory now? I just help the sick person as a doctor,' Emma is putting her arm into his neck and stealing a kiss on his lips.

'I am so angry at the moment, and I try to restrain myself to contain my anger,' Vito is looking at her.

'Are you really angry with me? I am so cute like this, and you are still angry with me,' Emma tries to coax her jealous husband.

'Who is in this world going to be happy after seeing his wife take care and concern another man! No, she is taking care of her ex-fiancé!' Vito is

screaming at her frustrated with her attitude. He is walking away from his wife to hold up his tongue and not try to say something mean to her.

Emma is looking at her hurting husband who walked away from her in the hotel corridor. Emma is understanding his jealousy toward Han Zheng and let him be alone for the time being. Emma is going back to her room and ordering some takeaway meals from the famous Japanese restaurant.

Vito has really left her alone until she falls asleep after her delicious lunch. She is leaving some tonkatsu sandwich for his lunch.

Vito is coming back after a while, and he is gobsmacked to see his wife sleep in their hotel room instead of staying in Han Zheng room. He is smiling to see her sleeping on their bed.

He takes off his jacket and climbs into the bed to kiss her. He is kissing her so passionately to release his anger toward her sweetness. She is naively helping her ex-fiancé without thinking twice.

Emma is pushing her husband body to gasp for air. This time, Vito did not spare her at all. He devours her to the limit of her last strength. She is cursing him until all her energy drains out from her body.

Vito is taking a quick shower before he joins her into the bed. He has been exercised so rigorously since in the afternoon until now.

Andrea is going to the banquet in place of Don Vito. He just gets tortured from the hockey game. And now, Vito is sending him to attend the party and socialize with all the mafia clans in New York as Vito's right hand. He has to stay and entertain all the people at the party.

This time, they all are expressing their dissatisfaction with Vito's absence. They are going to hold a private high-class casino the next day. They are demanding for Vito to attend the bet or participate in the bet. They want to express their gratitude for his service.

They are hearing about the mole and the disloyal person in the Mancuso clan who got into an accident and die on the spot.. No one knows their cause of accident and death.
