## Chapter 124 - The Sick Luo Han Zheng

Han Zheng is getting an important call from his assistant. He is stepping out of the booth and taking the phone.

Emma is feeling low and standing up to get the fresh air outside the cafeteria. She is stretching when someone from the back hit the valley of her neck.

They are taking away the body of Emma out of sight and putting her into the white van. She is unconscious in the back of the van.

They bind her wrist and put a thick tape around her mouth when they are transporting her into some warehouse outside the capital.

Max is finding out Emma location in the cafeteria and Vito rushed there. they are going inside the cafeteria to find Emma.

Vito is searching every corner of the room, but he can't see her. Han Zheng is walking inside the cafeteria to find Vito with all his bodyguards swarming the cafeteria.

'What are you doing in here? She did not want to see you,' Han Zheng is telling him with a smug face.

'You do not have the right to tell me. If you are so competent in the first place then she will not run into my arm during your wedding day,' Vito is retaliated to his attack.

'Well, that is my past mistake, and I will do my best to atone my sin,' Han Zheng is looking at their booth which is empty. However, he can't see her in the booth.

Han Zheng is rushing to their sitting booth to see all her belonging on the sofa of the booth. He takes it and makes a phone call to his assistant.

'Where is she?' Vito can't contain his anger any longer. He grabs his suit collar with his hand to vent his anger.

‘She was here before I stepped out to receive my phone call. I think she senses your appearance and decides to flee in hurry,’ Han Zheng tries to cover his mistake. He should not leave her out from his sight.

‘You are just an incompetent imbecile. Do not come near her anymore!’ Vito is yanked his body and left him out from the cafeteria.

Han Zheng is catching him and stopping his body from walking away by holding his arm.

‘Let’s work together to find her. we do not know who kidnap her,’ Han Zheng is telling him when he thinks every possible way about her safety.

‘I do not need your help. I am more competent to find my own wife!’ Vito is breaking off his hand from his arm.

‘Please. I am never feeling so scared like this, but I am worried about her safety. Don’t you think that two head is better than one head!’ Han Zheng is telling him about his own concern for her safety. No one can touch his girl.

‘I will sort it out and if you have any information then you need to share it with me. I will need to see about your goodwill,’ Vito is looking cold and deadly to Han Zheng when he is agreeing to their collaboration.

Vito is leaving Han Zheng alone inside the cafeteria when he popped out two painkillers into his mouth.

He falls down on the floor while holding the excruciating pain in his stomach. His assistant is helping him up and taking him to the hospital after seeing his pale face.

Han Zheng is getting a phone call from the hospital for the result of the test. He is having stomach cancer.

He did not have a long time to live, and this is his reason to spend time in the Lin family. He wants to spend his left-over time with her.

Long Jin is getting worried about his boss condition. He rushed the car and brought him to the emergency room where he got admitted into the hospital to get all his body checked.

The old doctor is coming to check into his patient. The doctor is already asking him to come and get his sickness to get treated but Han Zheng is getting stubborn and ignored the doctor plea.

Now, he is in the hospital with the exaggerating pain, and he can't bear the pain any longer. The doctor is asking him to get operated on straight away but Han Zheng in his state of mind refused to sign for the consent.

In his mind, he has to save Emma. If Emma dies from this event of being kidnapped then Han Zheng will be happy to accompany her in the afterlife.

It will be painful to live in this world without her in his life. He will not do or sway with any other word about her. if anyone dares to slander her again like before, this time, he will kill them with his own hand.

'Just give me the pain killer and make me able to stand up!' Han Zheng is telling the doctor about his request.

'Why are you so stubborn? You have to get the operation now before your cancer spread,' The old doctor is giving him advice regarding his condition.

‘I have to save her and make sure about her condition before I cure myself. If she is leaving this world then you do not worry about curing my sickness,’ Han Zheng is trying to sit up while holding his painful stomach.

‘Boss, please think it over and you will be able to save miss Emma. Right now, you even can’t hold your own body and you want to save Miss Emma,’ Long Jin is pleading for his boss’s own sake. He can’t think of any other thing rather than his boss safety.

‘You get Ji Feng here to find out about Emma location. I want her to be found!’ Han Zheng is instructing him.

‘No, I will not obey your instruction before you agreed to get your medication and treatment. I will not let you die on the street,’ Long Jin is telling him about his intention.

‘I am going to stay in this hospital to get medication. Go and find Emma! If you find her alive then I will get the operation,’ Han Zheng is telling him to get his head of bodyguard to find her.

‘Doctor can you give him preparation for his treatment while I am away,’ Long Jin is asking him sincerely and walking out from the emergency room to make arrangements as his boss instructed.

As soon as his assistant is walking away, Luo Han Zheng is holding his arm before the doctor starts the arrangement.

‘Can you just make sure about my pain killer? I will stay in the VVIP room while getting my pain killer and IV injection. I am not going to receive any other treatment before I know about Emma condition,’ Luo Han Zheng is pleading to his doctor regarding his treatment. He really wants to know her condition before making the decision regarding his treatment.

‘Fine! I will arrange some VVIP room for you to rest and get you the morphine. However, I will do all the tests on your body and prepare for the treatment. So you will get the operation when the news about the lucky lady alive,’ The old doctor also get stubborn with his decision regarding his patient life. He will not let this young man waste his life.

They are moving him to the VVIP ward to get his dose of morphine. The doctor is well known for the pain in his body.

Han Zheng is becoming thinner and paler in the hospital ward. However, many nurses in the ward get awe with his handsome face even though his skin is paler than usual.

The nurses are making him hooked in the IV and he is getting all his test done while Long Jin arranges and tries to find Emma.

In the amusement park, Vito and Max are going back to the security room. This time, the park general manager is arriving at the venue.

The owner of the company is even on his way to the amusement park to meet up with Vito. He got a short brief about the problem in the amusement park. The madame of the richest person in this world gets kidnapped inside his venue.

Max is feeding the video into EXO who is automatically screening every feed on the CCTV into his laptop.

‘Max, I find her. someone is kidnapping Madame just in the corner of the cafeteria. They transport her with the white van,’ EXO is reporting him back for the finding after thirty minutes of screening through the whole feed.

‘EXO, I put you on the speaker. Can you repeat again the whole news regarding Madame? Boss is listening with me,’ Max is telling him on the phone before pressing the speaker button.

‘Speak, EXO!’ Vito’s voice comes out on the speaker, and it feels so cold and scary.

'I found Madame outside the cafeteria gets attacked by two men who are wearing a gardening contractor uniform.. After they hit her from her back, she got transported to their white van,' EXO is reporting his finding to his boss.
