‘I am sorry. I have to settle some of the company problems just now and make sure it handles properly,’ Benny is whispering in his girlfriend’s ear and holding her hand so lovingly.

‘How about now ? is everything already handled properly?’ Celine is clasping his hand tightly and he is nodding to assure her.

‘Are you going to spend the night with me as we plan?’ Benny is asking her to make sure about the whole ordeal for his plan with Ari.

‘Can I bail you out from our plan because I want to punish you?’ Celine is testing him for his response to her test.

‘Do you not love me anymore? I have been busy with my work and looking forward to spending the night with you, yet you are punishing me for some trivial matter,’ Benny is acting to be sad in front of Celine while holding her hand.

‘I will agree to spend time with you if I can drink more this wine. The taste of this wine is really good,’ Celine drowning herself with the red wine before Benny is calling the waitress to fill up her glass. It is good to make her drunk from the alcohol to make his plan to be successful tonight.

No one knows this special bottle of red wine already laced with some drug to make both of them feel good about each other. Vito makes sure about her life will get more interested in the coming day as the punishment for his wife suffering.

The waitress is filling her glass of wine with the wine bottle when Benny is getting it from her hand. He put it on the table and pour it to Celine and himself. However, Linda saw them drink the wine decide to try a glass of the wine. Benny is filling her empty glass of juice with red wine from the bottle.

The problem comes when Linda never tries any alcohol or drug in her life. She tastes the sweetness of the wine when she drinks two glasses of it. She straight away got the drug effect on her body when she feels hot and keep looking at Benny.

‘Celine, can I borrow Benny to help me to the bathroom? You are so beautiful and won’t be able to carry me. I will leave home as soon as I finish from the bathroom. I feel drunk.’ Linda is begging her best friend. Celine did not have a bad idea about her stupid and naïve girlfriend, so she let her boyfriend help her.

Benny is gently helping her to walk out of the party room to the outside of the restaurant. This mall is connecting to the hotel lobby and serviced apartment.

‘Ben, can you take me to the reception? I think to open a room in here to rest up. I do not think to be able to get home by myself with my condition,’ Linda is rubbing herself and getting closer to Benny. Her mind is already clouded with some unknown feeling which makes her not getting ashamed to get closer to the man with her.

Benny is obediently taking her to the reception when she books the suite room with her credit card without any hesitation. Benny is only can book the superior hotel room in this hotel and this small girl on his arm is booking the suite room.

‘Can you walk upstairs by yourself or do you want me to help you?’ Benny whisper to her ear while he got this urge to eat her.

‘Can you take me to the bed? Thank you Ben for your help,’ Linda is getting clingier toward him and make her feel a little better with her hot body.

Benny helps her to open the room when she gets naked straight away from her dress. Benny watches the temptation in front of him and swallows his saliva. He closed the door behind him and take out his phone.

‘Babe, I will be back soon after dealing with this urgent matter. I will see you in one hour. I am sorry!’

Benny is sending the text message to his girlfriend and take out his suit jacket and his tie. He unbuttons his shirt to show his naked body. He gets closer to Linda who open the alcohol from the minibar to ease her burning throat.

He is hugging her from behind with his arm and turn her around before he crushed her lips so passionately. He explores her mouth while he opens up her bra. Linda’s mind cloud with some shortness of desire which makes her get crazy. She is opening her body to get aroused by him and she feels really good with all these things do by him. She lets Benny explore her naked body and it makes her feel extravagantly good.

He carries her to the bed where he opens up her feet to position himself. He is entering her thigh body when Linda feels the pain in her lower body. The

blood oozes on her thigh which makes Benny is getting burnt by the fire. He ferociously moves his body harder which changes the rift of pain into pleasure.

He is moving faster and faster when he feels her body getting tighter and tighter enveloping him. She is reaching the top of satisfaction when he fills her up with his share of sperms. He feels on top of her naked body when they realise the protection.

‘I am sorry, ben. Please do not let Celine know about this. She loves you so much,’ Linda is closing her face and push him away from her body. She is walking slowly to the bathroom with all the rest of her energy with the blanket.

‘I am not going to let her know. Please let me know if you need something from me!’ Benny is wearing his clothes again before he kisses her forehead and left. Celine already calls her so many times, and Benny has really gone to take care of her. he already on his last edge to deal with her attitude.

He needs to end this sick relationship and he needs to man up for his real wife. He can’t play around anymore when Celine is not marriage material. Her family is not good enough to help with his business.

He comes back to the party when they just finish the main event to put the necklace on the bride’s neck. Benny is sitting back at her table when again

he coaxes his girlfriend again. Benny is eating the food on the table after the crazy session with Linda. He feels absolutely good after getting the virgin body to release his urges.

Celine got all sorts of reactions from the drug when her mind is really clouded with desire. She never feels like this all along. She is rubbing her hand into his thigh.

‘Honey, can I eat this food? I am famished and need something to eat,’ benny tries to restrain himself and act like a gentleman to find her temptation. He met with one of Ari subordinates on his way back to the private room. Ari is giving a pill for Celine to take. A happy pill as he told him. Benny put it on his jacket pocket to slip into Celine drink which he manages to do so.

Vito is looking sharply for the pill drop into the wine. He smirks to see her future will go straight to hell soon. No one can touch his wife strain of hair and yet she dares to drug her. she got some guts to begin with all her actions.

‘Darling, can we spend time together? I will ask permission from my mother, and we can spend more time together,’ Celine really can’t hold the effect of the pill on her body. She did not know this effect come into her body resulting from the pill that slide into her drink.

‘I will wait for you at this table,’ Benny does not want to get introduced to her mother or family when he wants to dump her. She is going to have a word with her family before she drags him to be outside the restaurant to their room.

They are going up the stair to the intended room of Benny. The room already decorates with balloons and flowers. There is a cake on the table with their name on it.

‘Happy three-month anniversary, honey,’ Benny is eloping her body with his arm after he took off his jacket. Celine gets all work up with the emotions to see all his effort. She turns her body and kisses his lips to express her love. This time, Benny feels something different with her kiss which makes him disgust her way.. It is so different from Linda’s timid kiss.
