

Marriage To The Mafia Boss -

Chapter 54 - Celine Faith Decided

‘You bastard! How dare you sleep around again after the last time with the whore and this time, this girl is the same age as your own daughter. Let me tell you, I had enough and you can meet my lawyer for our divorce. Do not dare to take a dime with you!’ Ari’s wife lashed out after giving him the final blow.

As expected, Ari blames Celine to seduce him and leaves her naked on the bed by herself. He is grabbing his clothes and run to catch his wife. His business will be in ruin when she left him with nothing in his hand. Regardless of the backing from the big boss but the real boss for his family is his wife.

Celine’s father comes ahead and gives a slap on her face to make her sober. She saw her parent at the bedside and scream to see her condition.

‘Mom, Dad, I can explain everything,’ Celine is pulling the blanket to cover her naked body.

‘Mom, Benny saw her and refuse to marry her after all of her infidelity,’ Anita is reporting to her mother and father.

‘Get dress and we talk about this at home!’ Her angry father is sitting on the sofa after Anita is closing the door room. Celine tries to walk to the bathroom with her sore body and painful vagina area after she tries to take out the sex toys. She did not bother to take shower and use the gown straight away.

‘Dad, this is Benny initiative to take me to this room. He was going to propose me and I kind of give myself to him,’ Celine is speaking to her father and explains the whole story. However, the foul smell of strong alcohol immerses her body.

‘Celine, he will not propose you after seeing the whole incident with you on top of another old man. No one in this world will marry a woman who cheats on him,’ Anita is trying to lecture her younger sister.

‘Do not compare me to you like you are the only angel. Remember, you do premarital sex also until you get pregnant!’ Celine scorns her in front of their parent.

‘You!’ Anita is getting really pissed with her attitude. She is always stone-headed and likes to talk back to her family. She is deciding to move

out of the house as an act of rebel against their parent. She always thinks of herself as superior and changes her life to be better.

‘Go home. We talk about everything tomorrow morning. I do not want to stay any longer in this room.’ Celine’s father is standing up and get out of the room. They are going home with their family car while Anita decides to take care of the wheel to drive them back home.

There is a silent voice inside the car until they are getting home. As usual, Celine is walking to her room and slamming the door. She can’t believe her life become unlucky after bumping to the girl. It seems everything started goes south and she lost her most precious thing from her body.

She gets her phone and tries to call Benny when it did not go through. His phone is not active at all and even the message sent to all his message application does not deliver. In reality, Benny is blocking her number. He has to make Linda be his legally wed wife in the morning. He is holding her inside his arm on the nice bed and sleep nicely.

In the morning, Celine does not want to wake up after the whole night trying to contact Benny. She finally falls to sleep at dawn due to exhaustion.

There is a loud knock on the door when Celine tries to wake up with a throbbing pain on her head. She is yelling to let her sleep.

Anita is going back to the dining room and let her parent about the refusal from Celine. She is sitting down and get her breakfast before getting busy for her wedding tomorrow.

‘Mom, what are you going to do? Do not say that my marriage gets affected by her situation!’ Anita is complaining toward her parent.

‘Len, get your friend who wants to marry their old bachelor son. We will not ask them anything as long as they are willing to marry their son with Celine tomorrow. The wedding reception can follow after Anita wedding as long as they are legally married. Look at his wife last night, if she sues us or our daughter for her seduction. Our family reputation will be ruin if this thing goes around!’ He said to everyone at the table.

‘You have to talk with in-law regarding double marriage, dad. They put in half of everything for the church tomorrow,’ Anita is explaining to his father while stuffing some of the rice into her mouth. She has been past the morning sickness period and the baby gender already reveals as a boy. Her parent-in-law is really thrilled to get a boy as their grandson.

‘We are not going to do it in the church. They will get married in a private room after your church marriage. There is a break time between the church and the reception right?’ her father is explaining to Anita about his idea while his wife is busy on the phone.

‘Mul, they want to know the reason for this rushed marriage! And what is in for them?’ She asked her husband for the answer while closing the phone with her hand.

‘We will open the shop for their son if he is willing to marry our daughter tomorrow. I will sell and get my insurance money to make it happen,’ he said to his wife with his heartbroken voice.

‘Dad, let her be! Why do you have to sacrifice everything for her? She hates us and she thinks our position is lower than her! she needs to grow up and make do for all her mistakes,’ Anita is complaining to her father.

‘I know it is not fair for you, but you will have a good future while if this matter with your sister come out then our family reputation will be a ruin, including your reputation. I do not want your in-law to look down at you and your son,’ Her father tries to talk her out. She manages to make do with her life and get a decent husband.

‘I am not agreeing with your method but please do not use your saving for her. last time, she already takes all of your money from selling the land. Now, you are going to sell all your hard work and saving for her marriage,’ Anita is begging her father. She saw her parents work so diligently every day to save for retirement in the village.

‘I will find the money. Now, we need to find the solution for your sister problem,’ her father is massaging the temple of his head.

‘They are agreeing with our proposal. They want to meet up with us this evening for family dinner and see the bride. On their side, they will do the paperwork this morning while we can do the same with Celine. Should we do it?’ Celine’s mother tries to explain the result to all of her family members.

‘Just do it quickly mom, while she still sleeping. I will get her identity card from her wallet,’ Anita is standing up and walking toward her sister room. She manages to get her wallet and take out all the important paperwork to register her sister marriage.

Anita is getting back to the dining room and handing out her sister paperwork to her father. She is changing her clothes to help her parent to handle her sister problem. She also needs to get all her sister stuff from her best friend apartment.

‘Linda, I have the keys to the apartment. Can I arrange someone to clean up Celine stuff?’ Anita is calling Linda to ask permission to enter the house.

‘Why, sister Anita? Where is Celine?’ Linda is having her breakfast with Benny before they are going to register their marriage.

‘She is getting married soon. We are going to get her to move out. Does she owe you any money?’ Anita tries to be firm and get to the bottom of the problem. Anita already hands over the apartment key to their father staff to clean up Celine room.

‘She is not owing to me anything. When is she getting married? Is she married to Benny?’ Linda is trying to get some information from Anita.

‘She is married to her fiancée since childhood. This time, as her in-law already demanding her to come and get married to their family. Are you at home?’ Anita is asking her back regarding her presence when she is going to her house.

‘No, I am outside.. But you are more than welcome to come to my house anytime, sister,’ Linda is answering her politely.
