‘I do not want you to be in hospital. I want you to be running around and finish your medical school and become a competent neurosurgeon,’ Vito is telling her about his mind not to have any kids at the moment.

‘But, how about if I want a child from you? We have to have children to continue our family name,’ Emma is explaining to her husband about the purpose of having a child.

‘This is not on my mind and my priority at the moment. My priority is you and a labour is the same sending you to the door of afterlife. I will not want to do those things to you,’ Vito is caressing her face.

‘I have been to the afterlife. It is not bad at all. I am looking forward to have your baby inside my womb and I promise to take care our child properly,’ Emma is holding back his hand to appease his sad expression.

‘If I ask you to kill someone. Are you going to do it for me?’ Emma is asking her husband regarding the extent of his offer.

‘Who do you want to kill? I can put the hit list into one organisation and reward them,’ Vito is trying to tell her about his organisation in a good way.

‘Do you think the police will not try to catch us if we put out the hit list?’ Emma is sitting down and looking at her husband regarding her wishes. It seems her husband know some leeway to deal with this kind of stuff.

‘You can do whatever you want, and I will be happy to clean up for you. Are you hungry? It seems your body already recuperate from the whole frenzy poison. Do you want to go back to our city apartment or to the mansion?’ Vito is asking his wife opinion.

‘Okay. Can we eat hotpot on the way to the city apartment? Wait a second, I do not remember about our city apartment. Where is this?’ Emma is asking about their new house.

‘I take one floor on the newest hotel in front of the Qing University and on the top of it, it will be our penthouse. It will be close to the hospital and my headquarter. If you do not like it then we can change to another building within walking distance of your hospital,’ Vito is telling her while he gets ready with his clothes.

‘Hey, do you grow your money on tree until you can buy a lot of building without even work hard?’ Emma is sitting on the side bed. She still got a little bit of IV drip on her saline bag.
