‘I never know the new chairman is the best world-renowned neurosurgeon. I feel small to operate next to you. I literally learn from the best in the field at the moment. No wonder your impeccable reputation is solid,’ Lim Xu is praising Vito who is busy making sure there is not any complication in his operation.

He is using the latest imaging machine from the last time; Lim Xu has to operate into Madame Yin brain. Vito is checking every sensory and thalamus include her sensory area to be in prime condition. He already moves and cleans all the haemorrhages in her brain. Vito also makes sure for brain clots to make sure her recovery path to be easier.

He is putting her into ICCU where no family can visit her. Vito will be the only one who can come near her. Lim Xu is surprised with his decision to put her into the ICCU as her condition does not fit into the criteria of the ICCU. It is more surprising that he is using the whole ICCU only for Emma.

‘Excuse me, Professor Man, who is Emma for you?’ Lim Xu is asking him the question gets intrigued with all his sacrifice for this girl. Lim Xu is going to handle everything to hear about her husband Luo Han Zheng coming forward into the hospital. It makes him lose his footing with the girl.

‘I am her husband,’ Vito is answering with a short and quick answer before he is looking at her unconscious wife inside the ICCU bed.

‘If you are her husband who is Luo Han Zheng outside? Everyone in the hospital knows she was taking a break due to her wedding with Luo Han Zheng,’ Lim Xu is laughing to hear about this genius professor next to him.

‘She is married to me and not Luo Han Zheng. Do you need me to show you our marriage certificate? I am her legal guardian and soon or later as her wishes, this hospital will be under her management,’ Vito is answering his curious question without beating the bush around.

‘It means I have to notify the nurse and everyone in the administration team to scrape out Luo Han Zheng name as her legal guardian and change it to

you Mr chairman,' Lim Xu is talking with this professor next to him which immerse a killing aura in his body.

'It has already been taken care of as we speak. Thank you for your concern.' Vito is again answering him with a short answer.

'Anyway, I am going to go back to my office. If you need something, please update me and I will fly in here,' Lim Xu is having a headache speaking with this aloof person. He thinks that himself already at the bottom of the pit for the person with an aloof personality.

He is facing the king of aloof in front of Lim Xu. He can't believe this, but it is better to stay away from him.

'Can you actually go and tell Luo Han Zheng the condition and it is better for him to stay home before she is moving to a normal ward. Or tell him to kill himself for touching my wife,' Vito is telling Lim Xu coldly. He is tired and he only wants this to be over.

'In your dream. I will tell him about her condition and let him rest at home,' Lim Xu is taking off his surgical hat and walking out from the ICCU area.

Lim Xu is finding Luo Han Zheng in the family waiting room outside of the operation room. He is looking worried about Emma's condition. Professor Lim Xu is reporting about the successful operation. However, She will be in the ICCU unit due to the severity of her case,' Lim Xu is telling him about her condition.

'Why is she in ICCU? Is there anything wrong with her heart?' Luo Han Zheng is asking back the professor regarding her condition.

'Nothing wrong with her heart. Everything is perfectly fine with her heart. It is just because she is one of our staff and we are respecting her recovery time, so we put her into the empty ICCU room. She will be in there for the time being and you can rest home for tonight,' Lim Xu is telling him about her condition.

'Can I see her?' Han Zheng is asking him to check into her.

'Apparently, she needs to get rest and away from infection. She just finished the big operation. Do not worry and we will take care of her,' Lim Xu is telling him when a door opens with a stretcher with a body cover with a white hospital sheet as if deceased body.

Out of a sudden, Emma's arm drops off from the stretcher which catches Luo Han Zheng attention. However, Lim Xu is kept telling him to go back

to the house and return tomorrow morning. Lim Xu is bowing and left him to go back to his office and rest up.

Luo Han Zheng is going back to his apartment which is a short walking distance from the hospital. There is a lingering feeling with all the furniture from Emma.

Vito is bringing his unconscious wife on the stretcher and transferring her into the Man Private hospital. He is putting another patient as a pretence for Emma.

He is feeling at ease when he manages to bring her body up in his chopper to the Man hospital. He is putting her on the VVIP floor which has already changed into ICU for Emma. Wen Liang with his hospital clothes actually make sure and supervise everything for his cousin-in-law.

This time, Max is putting an extra layer on the security guard. No one can penetrate even a fly can come inside this floor.

The most thing which makes him angry is losing their first child. The main person who dares to tamper with her car needs to pay for all of this with their life.

Andrea is coming to the room to see his boss fatigued facial expression. He is even not using his usual suit and uses only a scrub uniform.

‘What is this?’ Vito is putting back his head on the sofa and closing his eyes.

‘I have implemented the attack as our initial attack to the Han Zheng family. I believe it will be a matter of time for him to be busy with his company and will not bother madame again,’ Andrea is telling him regarding the plan.

‘I want their company stock in their lowest point. Have you started buying the shares?’ Vito is asking his trusted aide.

‘Half of them do not want to sell their shares. I will make sure to send them some news regarding the plummeted shares. It will be easy for me to acquire the rest of the shares,’ Andrea is answering him regarding the whole shares ordeal.

‘Good. On the way out can you call Wen Liang to look for Emma’s condition. I am going to close my eyes for a little bit.’ Vito is feeling his eyes get really tired after the whole two nights without sleeping.

Andrea is going outside and making sure Wen Liang s helping out to oversee Emma on the bed and all her condition. Wen Liang is coming in with one hand bandage and make sure to write up all her vital from time to time.

He is getting used to this work arrangement.. His title is hospital director but his work is the same as a nurse in front of his cousin.
