Chapter 156: Why is Second Brother Here?

Currently, the Ouyang family were all standing guard outside the emergency room and if they wanted to head down they had to take the elevator.

Coincidentally, all three elevators were heading up.

Several bodyguards stood together and waited for one of the elevators.

Dozens of seconds later, the elevator door opened and a group of well-trained bodyguards walked out from all three elevators at the same time.

When those from the Ouyang family saw those bodyguards, they were surprised.

“Aren’t they the Lu family’s bodyguards? Why have they come?”

As soon as someone said that, Lu Jingye walked out of the elevator with a noble temperament.

Several of his peers cried out softly.

“Why is Second Brother here?”

“Could he have come to check up on cousin?”

“Oh? Cousin has such a good relationship with Second Brother?”

Traces of surprise flashed past Ouyang Ming’s father, Ouyang Nan’s eyes, when he saw Lu Jingye. After he heard the younger generation’s discussions, he was delighted.

Lu Jingye swept his gaze across everyone present before he politely spoke to Ouyang Nan. “Mr. Ouyang, Let’s have a talk.”

Ouyang Nan was pondering the possible reasons that Lu Jingye wanted to discuss with him. However, when facing the money tree of the business world, Ouyang Nan was definitely willing to have a talk with him. He nodded his head and said, “Sure.”

Lu Jingye stood at the elevator and made a gesture for him to walk first. “It’s not convenient here. Let’s head to the dean’s office to talk.”

Ouyang Nan nodded and walked into the elevator together with Lu Jingye.

Looking at the closed elevator, those from the Ouyang family could only look at each other.

“Second Brother actually came in person to discuss with Second Uncle? Could it be that he has some big projects for us?”

“That must be it. As long as Second Brother speaks up for us, the Ouyang family will definitely earn several pots of gold!”

More than half of the Ouyang family were all excited. Only Ouyang Ming’s mother was still furious. When she saw that their bodyguards had yet to head down, she said unhappily, “Why are you still standing there? Hurry and capture that woman at once!”

Everyone suddenly recalled there was someone in the emergency room and they hastily restrained the excitement on their faces. They began to discuss the rumoured Zi Yi angrily.

"I heard from people in the circle that this woman was not only infamous in S City, she even snatched her cousin's boyfriend."

"I saw that woman at The He family's dinner banquet back then. She looks just like a vixen and at first glance, she doesn't seem like one that would settle."

"Perhaps He Fei was seduced by her?"

"Someone like her is simply a vixen. She had not only seduced He Fei but also Cousin Ming!"

...

Half an hour later, only Ouyang Nan returned by himself.

Currently, his expression was somewhat odd and everyone looked at him curiously. Ouyang Nan's brother asked, "Second Brother, what did Lu Jingye discuss with you?"

Ouyang glanced at the younger generation with a serious expression. "I'll tell you when we return."

After which, he said to everyone, "Don't bother that woman in the future."

"Why?"

Everyone was puzzled.

Ouyang Nan became impatient. "Just don't bother that woman!"

...

When Zi Yi returned home, she sat on the sofa in her living room with a laptop in her hands. Her fingers on the keyboard flew around swiftly.

The housekeeper prepared a cup of water halfway through and another plate of fruits as dessert.

When it was about time for dinner, he finally tried to ask, "Miss Zi, I wonder what would you like to have for dinner tonight?"

Zi Yi's eyes were glued on her laptop and she answered casually, "Anything will do."

The housekeeper hesitated for several seconds at her behavior and decided to remind her. "Miss Zi, you've been on your laptop for more than two hours and this will harm your eyes. Why don't you go for a walk in the courtyard?"

Zi Yi finally looked up at him from her screen.

The housekeeper was a little strange today.

Deep in his heart, the housekeeper thought, *"You are the future wife of the Second Young Master and caring for you is the same as caring for the young master. As a qualified housekeeper, I have to cater and take care of everything."*

Zi Yi glanced at the housekeeper, then shifted her gaze outside the window. Seeing that the sun had already set, she shut down her laptop.
