Chapter 301: As Expected of Being Biased

When Zi Yi arrived at the top floor, she saw Lu Jingye standing outside waiting for her, the moment the doors opened.

Zi Yi happily walked over to him and called out, "Ah Jing."

Lu Jingye took the thermos flask and held her hand as they walked towards the CEO's office. "Have you eaten?"

"I ate." Zi Yi planned to head over to the racing club later and already had her lunch.

Lu Jingye nodded.

On the way, they saw a gold-rimmed spectacled man that looked like a gentleman coming from the side with a cup of coffee.

When he saw them holding hands, his hand holding onto the coffee trembled. After several drops of hot coffee splashed on his hand, he recovered his senses. The next second, he nodded at them and calmly turned around as he headed to another office.

Zi Yi said, "That man was clearly extremely shocked to see me, but he was able to remain expressionless. It seems like your employees are very capable."

"En. That's my special assistant. Shao Hua."

After he said that, he held her hands and pulled her to the CEO's office.

His office was huge and spacious. Other than a desk, there was a large bookshelf to the side and a floor-to-ceiling window on the other side.

There was a set of sofas placed near the windows and it was obviously used to entertain visitors.

Currently, there was a lunch set placed on the table.

They made their way over and Zi Yi glanced at his lunch. "Ah Jing, hurry and pour the tonic soup and have a bowl."

Lu Jingye nodded and opened the thermos flask. He suddenly turned to see her expectant gaze and his voice slightly dimmed. "What soup did you prepare for me?"

Zi Yi confidently said, "A tonic soup! Don't worry, the effects are gentle and you will not have any discomfort."

"..."

What else could he possibly say? He could already imagine how difficult it will be to endure past the afternoon later.

Zi Yi was clearly busy. She left after she saw Lu Jingye finish a bowl.

However, she was unaware of how much of a sensation she had caused, just because she came to the floor of the CEO's office.

This incident had soon reached the ears of Elder Lu.

Elder Lu had a stern expression, but he did not get people to call for Lu Jingye. Instead, he reprimanded the First Madam that passed this news to him.

The First Madam could only stifle her anger and snorted when she returned. "As expected of being biased... it seems like he influenced you plenty when he came back the previous time."

The more she thought, the angrier she got. She immediately called her husband and complained to him about this incident, while feeling aggrieved.

Her husband was currently abroad and he said, "Don't say these in front of father. Since Lu Jingye brought her to the office, it proves that she is very important to him. It's better to try and get her on our side, rather than doing such meaningless things."

The First Madam was reminded by her husband and she seemed to have sobered up. She immediately called her nephew and niece.

...

In the next two days, Zi Yi continued heading to the racing club to debug and modify the cars.

Zhou Shijin was much more ruthless to himself compared to the previous time. He could be said to have desperately practiced racing.

Zi Yi would occasionally watch him drive for a while and ended up shaking her head.

At noon, Zi Yi said to him, "I suggest you'd better rest for two days."

Zhou Shijin, who was stuffing the rice into his mouth at a fast speed, looked up at her with his bloodshot eyes.

He was clearly tired, but he stubbornly said, "I won't rest."

He continued to gulf down his lunch after he said that.

Zi Yi furrowed her brows and said in a cold tone. "It doesn't matter to me if you rest or not, but my place is under the attention of many. I don't wish for rumors of someone dying here to spread."

Zhou Shijin looked up again and his gaze could be described as fierce.

Zi Yi snorted. "Just because I haven't visited doesn't mean I'm unaware of what's going on here. You've been training 10 hours a day and you will most probably meet a sudden death before the competition if you carry on."

Speaking up to here, she was even more unhappy. "I honestly suspect you are deliberately acting so desperate because you have plans of extorting a sum of money from me to replace the money your brother has lost."

Zhou Shijin was originally frustrated by the first half of her words. However, his eyes widened when he heard the second half.

He was a little flustered and had asked in a deep voice, "How did you know my brother lost a huge sum of money?"

"It's easy for me to know anything."

"..."

Zhou Shijin stopped talking and continued to eat. However, his shoulders shook while eating.

Zi Yi was stunned. "Are you crying?"

"I'm not. The staff meal today is a little spicy."

Zi Yi: "..."

She glanced at him for a moment and thought, *"It's up to you to say it or not."*

Following that, she continued to eat.

After finishing the meal, she planned to continue to upgrade the system.

Just then, Zhou Shijin's awkward voice sounded. "Zi Yi."

She stopped but did not look back. "What's the matter?"

"You..."

His voice trailed off.

Zi Yi found it irritating and said coldly, "If you have something to say, speak your mind. Don't hesitate here and there. I'm very busy."

Zhou Shijin stared at Zi Yi, clenched his teeth, and finally said it aloud. "Can you give my brother a hand?"

She turned towards him and with an expression of indifference, she asked, "Why should I help?"

Zhou Shijin's expression paled. He thought of what his brother had done to Zi Yi in the past and he could not utter another word.

Zi Yi thought for a moment and said, "If you really want my help, get your brother to talk to me."

She left after saying that.

Zhou Shijin stared at Zi Yi's back. After standing there for quite some time, he took out his phone and called Zhou Shiyu.

...

Zi Yi knew something happened in the Zhou Family because she had paid close attention to the financial industry in the capital. She just happened to see the Zhou Family's current situation and thought that Zhou Shijin was her racer and thus, checked it in passing.

The Zhou Family was also one of the eight great families in the capital.

At the beginning of the year, Elder Zhou said that the CEO of the Zhou Group would be elected from the third generation.

There were nearly twenty people of the third generation and the older ones were in their thirties while the youngest ones were still in primary school.

Removing those who were still attending primary school and junior high school, there were thirteen who were qualified to compete.

Zhou Shijin was uninterested in the family business and had given up long ago.

Zhou Shiyu was an ambitious man, but was too conceited. Not long ago, he had fallen into a trap and made a mistake in his decision, which incurred several billions of losses for the Zhou Group.

Elder Zhou was furious at that time and said that he would lose the inheritance qualification if he could not retrieve the money.

After she read through all these things, Zi Yi sighed. "Sure enough, it's the same situation inside every rich family."

Zhou Shiyu did not look for Zi Yi and she did not care. At the end of the day, she made her way back.

Early the next morning, Zi Yi unexpectedly received a call from the head of the Chinese Department of M.Uni.

Chapter 302: Past Zi Yi

The Chinese Department Head of Department (HOD) called to inform her. "Student Zi, the reporting dates for the Chinese Department is from August 23rd to 25th and the military training will begin on the 28th. Please do not forget to report on time."

It was already the 20th now and there were still a few days left before the reporting date.

Zi Yi replied. "Noted, I won't forget."

The HOD breathed a sigh of relief and his tone subsequently contained a smile. "Give me a call when you arrive. I'll bring you around to sign up. You'll be able to save time this way."

Zi Yi responded with an okay and they ended the call.

Unexpectedly, not long after the Chinese Department's HOD called, the Mechanical Department's HOD call arrived.

The HOD earnestly enticed her. "Student Zi, why don't you reconsider? As long as you have yet to sign up, you can still come to our Mechanical Department. Think about it. You're so talented in this field and your Second Uncle is also a professor here. You can study under him directly when the time comes and you don't even need to complete the undergraduate degree."

The name of Zi Yi's <Futuristic Bar> had spread throughout the entire Mechanical Engineering Department in the M.Uni on the opening day. There were even teachers and professors who had specially made a trip there. They were simply in awe of all the kinds of robots inside.

Thus, they wished for Zi Yi to put the Mechanical Engineering Department as her first choice for M.Uni.

However, Zi Yi was very determined. "I'm going to enroll in the Chinese Department."

The courses of the other Departments were too easy for her. Instead of wasting time on those easy courses, she would rather learn more about the ancient Earth's culture.

She was particularly interested in the ancient Emperors and generals.

The Mechanical Department's HOD tried to advise her more, but when he realized her determined attitude, he could only hang up the call in disappointment.

Unexpectedly, the HOD of several other departments had subsequently given her a call.

They were all rejected by Zi Yi.

A day's time passed by very quickly.

On the 21st, Dou Jingning gave her a call and asked her to make a trip down to the hospital.

Zi Yi was currently eating breakfast with Lu Jingye when Dou Jingning's call came.

After the call disconnected, Zi Yi subconsciously bit on her spoon and started thinking.

Lu Jingye asked, "Did something happen?"

"My Eldest Uncle called earlier and asked me to make a trip down to the hospital."

Lu Jingye held her hand and said, "Then go."

Zi Yi nodded and the two of them continued with their breakfast.

After breakfast, Zi Yi drove to the First Hospital.

Elder Dou woke up the next day after he was transferred to the VIP ward. He just had brain surgery and even if he had woken up, he could only remain conscious for a few hours a day.

When Zi Yi arrived, there were only Dou Jingning and Dou Xiaoyong inside the ward.

Dou Jingning deliberately called out to her when he saw her enter. "You're here."

Zi Yi nodded and asked, "Why did Eldest Uncle call me over?"

Dou Jingning and Dou Xiaoyong met gazes and their expressions became stern at the same time.

Dou Xiaoyong said, "Your grandfather woke up momentarily in the middle of the night and called for your name."

Zi Yi was a little surprised.

Dou Jingning revealed a complicated expression and suddenly reminisced. "In our generation, your mother is the only girl and the whole family doted on her, especially your grandfather. He had simply treated her like a treasure.

None of us approved when she fell in love with Zi Xu back then. However, she insisted on marrying him and we were helpless to do anything about it.

Half a year after Little Rui gave birth to you, she fell ill. We had sought numerous authoritative doctors and they could not diagnose what she had been inflicted with.

In the end, we could only look on helplessly as her life came to an end."

Zi Yi discovered that when Dou Jingning was explaining to her, his and Dou Xiaoyong's eyes were reddish.

Zi Yi did not know what to say. After all, she was not the original owner and she could not empathize with them.

Dou Xiaoyong continued to speak. "In the early stages of the founding of his company, Zi Xu had taken plenty of shortcuts using the Dou Family's name.

In fact, we could tolerate such behaviors. However, he suddenly married Li Peirong when you were five years old and had brought back a younger sister that was only two years younger than you.

We were extremely angry at his behavior, especially your grandfather. He had suffered a great blow when Yurui left and coupled with Zi Xu's action, he was angered even more. But for your sake, he had only verbally warned him to be nice to you.

However, he only promised on the surface and had never taken care of you after that. He handed you to Li Peirong and the outside world all say that she's a rare stepmother who was nice. But who knew that she just wanted you to go down a bad path.

As Zi Xu's business grew, he became greedier and wanted to take on larger projects and used the excuse that you needed a better environment to get your grandfather to introduce him to his contacts.

After he was rejected by your grandfather, he made you come and ask for them..."

Dou Xiaoyong seemed as if he could not continue and stopped talking.

Zi Yi had accepted all the original owner's memories. She was not particularly clear based on her original standpoint but Zi Xu had indeed asked the original owner to ask her grandfather and she had done what he asked.

Elder Dou became soft-hearted. He thought that the child was still young and so, he introduced the contacts to Zi Xu.

Never did they imagine that Zi Xu would dare to resort to tricks and provide unsatisfactory work, resulting in a huge problem in the project and it nearly caused the Dou Family's reputation to go up in flames.

The Dou Family had expended a great deal of effort to settle this matter.

Unexpectedly, Zi Xu did not realize his mistakes at all. He continued to get the original owner to look for them.

The Dou Family realized something was wrong and had taken the original owner to the Dou Family to raise for half a year.

At that time, the original owner was already twelve years old and had long been brainwashed by Zi Xu and Li Peirong. Not only was she lazy in studying, she had also helped Zi Xu steal her grandfather's seal when Zi Xu wanted to take up a project but could not find a guarantor.

Another huge incident happened that time and Elder Dou's bad health had simply caused him to collapse.

Thinking of this, Zi Xu could not help but feel guilty.

"I was really an asshole in the past."

Dou Jingning and Dou Xiaoyong did not expect Zi Yi to scold herself and were a little surprised.

Following that, they felt relieved.

"It's good as long as you have changed now." Dou Jingning patted her shoulders and said, "Let's go, I'll take you to see your grandfather."

Zi Yi nodded and followed the both of them inside the ward.

There were numerous tubes stuck in Elder Dou's body and he even required a respirator for breathing.

In just a few days' time, he had become as emaciated as a fowl.

They stood by the bed and Dou Xiaoyong said, "Your grandfather has had difficulty sleeping the past few days, but also finds it difficult to stay awake. He has been in pain."

Zi Yi thought of the backward medical skills of ancient earth and asked, "Did the doctor give him any medicine to stop the pain?"

"Yes, but he's quite old and the doctor suggested he use less of it."

Zi Yi glanced at Elder Dou for a while and suddenly said, "I know of a formula that can reduce pain and there are no side effects at all. Eldest Uncle, Second Uncle, wait here. I'll go and discuss it with Dr. Qiao."

Having said that, she turned around and headed for the door, leaving behind Dou Xiaoyong and Dou Jingning to look at each other.

Chapter 303: Doctor Tang Insists on Taking in Zi Yi as a Student

When Zi Yi went to find Dr. Qiao, it ended up as a group discussion.

By the time she returned to Elder Dou's room, it was already noon.

Facing the stares of her two Uncles, Zi Yi said, "Don't worry. We'll be able to develop the analgesic without any side effects in a couple of days."

“You...” Dou Jingning actually wanted to ask something, but the words changed in the end. “Are you hungry?”

He was feeling a complicated emotion right now. Their niece was truly excellent. She was so excellent to the extent that they were unfamiliar with her.

What else was she capable of?

Dou Xiaoyong’s gaze also contained a complicated emotion. “Xiangling should be bringing dinner later. But if you’re too hungry, you can...”

He suddenly recalled his grandson passing him a candy before he left in the morning and he took it out.

“Have candy first.”

Zi Yi looked at the candy in his hands and her eyes revealed surprise.

She took the candies and ate it after peeling off the wrapper.

It was milk candy. The strong milk scent instantly exploded in her mouth. She then met with the gazes of her two uncles and nodded. “It’s delicious.”

They had unexpectedly breathed a sigh of relief at the same time and thought, *“Should they bring along some candies in the future.”*

Zi Yi was unaware of her uncle’s train of thought.

She explained to them what she had discussed with Dr. Qiao earlier and said, “I will add some other prescription for Grandfather after he’s hospitalized for a period of time. But there’s no need to worry, the prescription will not cause any harm to his body.”

The two middle-aged men were silent for a while and Dou Jingning asked, “Little Zi, why are you explaining this to us?”

Zi Yi answered seriously, “It’s to reassure you and to let you know that I’m different from the past.”

Her uncles were surprised deep down.

So Little Zi has always been concerned about what they said in the past?

The rim of their eyes had somehow turned wet.

Zi Yi did not expect such a reaction from them and was at a loss. She did not know how to comfort them and could only purse her lips and pull out her phone.

It was as if they were connected in their hearts, as Lu Jingye had sent her a message at that exact moment.

“Yiyi, are you still in the hospital?”

“Yes.”

She then typed another few words. “I might have to stay in the hospital for a day or two.”

Lu Jingye: "Ok. I'll get the housekeeper to deliver some daily necessities. If you are unaccustomed to the food there, you can get the housekeeper to bring some."

The corner of her lips curled up and she responded with an ok.

Just then, knocking sounds could be heard from the door.

Dou Xiangling walked in and saw her Eldest Uncle, Second Uncle and Zi Yi standing there and there was a weird atmosphere around them. She thought that Zi Yi was getting reprimanded and hastily brought the meal boxes over with a smile. "Uncles, Yiyi, have something to eat first. You must be hungry."

Dou Xiaoyong came over and took the box from Dou Xiangling's hands, while Dou Jingning went to take out the folding table.

Dou Xiangling took the opportunity to walk over to Zi Yi and whispered, "Yiyi, what did you say to Eldest Uncle and Second Uncle?"

Zi Yi looked at her worried expression and was confused. "I only told them about developing painkillers for Grandfather."

Dou Xiangling breathed a sigh of relief.

Just then, Dou Jingning called out, "Little Zi, come over and eat."

"Okay."

When Zi Yi walked over and sat down at the table, she asked, "Cousin, have you eaten?"

Dou Xiangling nodded.

Zi Yi turned to look at the food and started eating with her two uncles.

Before they finished the meal, knocking sounds came from the door.

Dou Xiangling went to open the door and saw a few specialists, and just as she was about to invite them inside, Deputy Pang asked with a smile, "Is Little Zi here?"

Dou Xiangling was just about to answer, when Zi Yi spoke before she could. "I'm here."

The doctors revealed a relieved expression at the same time.

Dou Xiangling was surprised and hastily motioned for them to enter. "Please come in."

She had no idea why they were asking for her cousin the moment they arrived.

When the doctors came in and saw Zi Yi having her meal, the old Chinese medicine specialist, Tang Ping said with a smile, "It seems like we have come at a bad time."

Zi Yi nodded in response.

Tang Ping: "..."

Her two Uncles sitting next to her looked at the impolite Zi Yi and decided to remain silent.

Tang Ping did not reveal any expressions of shame or anger at all. Instead, he chuckled and said, "Take your time. We came here to talk about some problems with the medicinal ingredients and equipment."

Zi Yi nodded her head. "Give me two minutes."

Having said that, she buried her head and continued to eat.

Dou Jingning and Dou Xiaoyong followed her and increased their speed.

The three of them soon finished their meal. Dou Xiangling went over to pack the dishes away and wiped the folding table before she put it aside.

Everyone sat on the sofas and stools.

Zi Yi and the few doctors began to have a discussion.

They were discussing medical problems and the three Dou Family members could not cut in at all.

The crowd only left after an hour or so.

Dou Xiangling said in surprise, "Yiyi, you're so good at medicine!"

"It's not particularly good." Zi Yi said, "I've only seen plenty of ancient... medical books and talked nonsense with them."

The three of them revealed an expression of disbelief.

Zi Yi shrugged her shoulders. "Forget it if you don't believe me. I am only capable of theory and if you get me to do an operation, I won't be able to do so."

AI was prevalent in the interstellar era and many illnesses were cured by soaking in medicinal baths. There was no longer the need to personally operate, unlike the current era.

The three of them felt that she was trying to be modest, but they could not prove it.

Since Zi Yi refused to admit it, they could not possibly force her.

Dou Jingning said, "Since you'll be researching analgesics with them for the next few days, you definitely would not have time to rest after gathering all the medicinal ingredients. Why don't you go and take a rest first?"

Dou Xiaoyong and Dou Xiangling agreed with him.

"Yiyi, why don't you take a rest at a nearby hotel?"

"There's no need... I need to see what equipment can be used in the laboratory. There's no time to waste."

She was just about to head outside after she said that. However, just as she took two steps, she turned and said to them, "There's no need to worry about me. It's just a day or two and it doesn't really affect me."

At most, she'll sleep more in the following days.

In the end, she stayed in the laboratory for an entire day. When she finished modifying the special equipment used to produce the medicine, one day had passed. She then produced the special medicine with the specialists and it was three days later when they were done.

Looking at the new painkillers, the doctors were extremely excited.

Dr. Tang Ping pulled Zi Yi and said, "Little Friend, are you interested in learning Chinese medicine? It won't do to just have theoretical knowledge. Come under me, I'll pass on all my knowledge to you."

Zi Yi was just about to speak when Dr. Tang Ping said with a smile, "Then it'll be a joyous agreement between us. When you return from your military training, I will officially accept you as my student."

Zi Yi: "..."

When did they come to a joyous agreement?

Chapter 304: Lu Jingye Feeds Zi Yi Porridge

The moment the painkillers were developed, Zi Yi could be considered to have grasped the hearts of all the Dou Family members, with the exception of Elder Dou.

She refused their offer of sending her back with great difficulty. When she came out of the hospital and arrived at the parking lot, a car drove over at a fast speed.

Instinctively, Zi Yi took out a ball and threw it in the direction of the car as she dodged to one side.

The car stopped with a screech at a distance of around 1.5 meters away from her.

She then saw a white-haired young man sticking out his head from the window and he seemed to be around her age. "Oi, you're that Zi Yi?"

Zi Yi chose to ignore such a rude person and turned to walk towards her car.

"Hey! Why did you leave?!"

The young man opened the door and walked towards Zi Yi to stop her. After he sized her up, he said, "You're indeed pretty, but I won't believe that you are capable of producing such an advanced robot!"

Zi Yi looked at him as if looking at a crazy man and spat out two words. "Get lost."

The young man was enraged. "Why are you so rude?!"

Zi Yi revealed a chilly smile. "Little Friend, hasn't your teacher taught you not to do to others what you would not have them do to you? You were rude to me so why should I be polite to you?"

"I..."

Just then, another car drove over and stopped beside her.

The backseat door opened and revealed Lu Jingye inside.

"S-second Brother! Why are you here?"

The moment the young man saw Lu Jingye, his voice tightened and he subconsciously shrank his neck.

“Yiyi, get in.”

Lu Jingye first spoke to Zi Yi in a gentle voice before he looked towards the young man. With traces of chilliness in his tone, he said, “What are you doing?”

“I— I... I was a little excited at the sight of Zi Yi so I came to say hello...”

The young man retreated as he spoke. When he reached his car, he awkwardly smiled and said, “Second Brother, I’ll be leaving if there’s nothing else.”

He then hastily pulled the door open and climbed into the driver’s seat with the intention of driving away.

Only then, did he realize that his car could not start.

While the young man was about to cry out of anxiety, Zi Yi headed towards Lu Jingye’s car and got in.

After she got in, the car drove away.

“Ah Jing, who’s that guy?” What a weird person.

“Someone from the He Family.”

Zi Yi frowned. Why was it the He Family again?

Lu Jingye tilted his head and when he saw her sleepy face, he touched her cheeks. “He’s a child of Fourth Elder He’s mistress and his name is He Zhou. Fourth Elder He has recently been admitted into the hospital and he should have encountered you by accident.”

Speaking of this, he added, “Don’t worry. He’s incapable of causing any trouble.”

Zi Yi nodded and immediately forgot the crazy young man. Her cheeks rubbed against his palms and she cutely said, “Ah Jing, I’m so sleepy.”

She then hugged his arm and leaned her head against his shoulders.

Lu Jingye felt bad for her and held her hand. “Take a short nap first. We’ll eat after we reach home and you can sleep afterwards.”

Zi Yi softly responded with an ok and continued to talk to him.

When she mentioned Dr. Tang insisting on taking her in as his student, she complained. “I didn’t agree to become his student at all.”

After that sentence, her tune changed and she furrowed her brows, appearing rather distressed. “Elder Tang is the most reputed Chinese Medicine doctor in the First Hospital and he’s the best at acupuncture. It just so happens that I’m particularly interested in these two fields. Sigh, his offer is simply hard to reject, but I’m honestly uninterested in other aspects.”

Lu Jingye was amused by the young lady’s distressed expression. He said, “You can choose to learn what you are interested in.”

She was already knowledgeable about a lot of things. In fact, Lu Jingye did not wish for her to learn too much, else it would take a toll on her.

To be honest, Zi Yi also had this train of thought. It was just that she was happy to see Lu Jingye coming over to fetch her and could not help but act spoiled before him.

She originally planned to have a conversation with Lu Jingye, but as she talked, her eyelids became heavier as her head leaned over bit by bit.

Just then, an arm grabbed her shoulders and he pulled her into his embrace.

“Sleep. I’ll wake you up when we arrive.”

Zi Yi responded and really fell asleep.

She did not know how long she had slept, but she was woken up by hunger.

She touched her flat tummy and turned to look at the window. However, the curtains were drawn and she could not see what time of day it was. She finally recalled that she fell asleep in the car and yet, she was currently on her bed.

Just then, the door was pushed open. Zi Yi looked over and happened to meet with Lu Jingye’s gentle gaze.

He walked over to her with a bowl of fragrant porridge. Seeing that she had woken up, he asked, “Are you hungry?”

Zi Yi nodded and asked, “How long have I slept?”

“A whole day.”

“No wonder I was feeling so hungry. What time is it now?”

“It’s nine in the morning.”

Lu Jingye walked to her bedside and sat down, while he said in a worried tone, “You haven’t woken up once since you slept and you must be hungry.”

What Zi Yi did was something that requires brain power. In fact, Lu Jingye had the thought of waking her up in the middle, but she had slept too deeply and he could not bear to do so. In the end, he got his family doctor to infuse some liquid nutrients for her. Only then, did he have peace of mind.

Lu Jingye scooped up a spoonful of porridge and fed it to her.

Zi Yi subconsciously opened her mouth and a smile followed after.

The corner of his lips could not help but curl up at her current appearance.

Zi Yi finally felt alive after she finished the bowl of porridge.

Lu Jingye stood up and said, “Go and wash up first, come down for breakfast afterward.”

Zi Yi nodded and Lu Jingye left the room with the empty bowl.

After she washed up, Zi Yi took her phone and started checking it, only to discover several missed calls and text messages.

They were all from the Dou Family.

Zi Yi first gave a call to Dou Jingning, and he told her, "The newly developed painkillers are very effective. Your grandfather has slept well these last two days. The doctor said that he has recovered much faster due to this."

Zi Yi responded with an ok and they exchanged a few more words, before hanging up.

Zi Yi came downstairs but did not see Lu Jingye. Even the courtyard was also empty. Just as she found it weird, she saw Lu Jingye and the housekeeper walking in from the front yard.

Lu Jingye headed towards the living room. After the housekeeper greeted her, he headed to the kitchen to fetch breakfast.

Lu Jingye said to her, "Someone went to my villa last night."

She looked at him curiously. "Who are they?"

"They are from a certain organization."

"Have you captured all of them?"

"No, we let two escape."

"Hmm? Are you planning to let them deliver what they stole to the man behind the scenes?"

"Yes."

Chapter 305: We Wish to Borrow Money From You

Zi Yi took a day off at home and went to the racing club the next day.

Unexpectedly, Zhou Shijin was not around.

Zi Yi was a little surprised and asked Robot B.

Robot B said, "Master, Zhou Shijin took a leave."

"Took a leave?" Zi Yi thought about it for a moment and knew what had happened.

Zhou Shiyu had committed such a great mistake this time around and he was most likely in a difficult situation. Even though these two brothers appear to be like enemies on the surface, they cared for each other.

Right now, Zhou Shijin was certainly staying beside Zhou Shiyu.

Zi Yi thought about it for a moment and checked the Zhou Family's current situation, only to find out that it was particularly bustling on their side.

Zi Yi was not a nosy person and her impression of the Zhou Family brothers wasn't particularly very good.

She put her phone away and did a check throughout the club. At 4 p.m in the afternoon, she prepared to return.

However, just as she arrived at the parking lot outside the club, she found the Zhou brothers standing beside her racing car. They were clearly waiting for her.

Their current expressions were rather bad, especially Zhou Shiyu. He had stubble and his previous sharp appearance was long gone.

The moment they saw Zi Yi walking over, Zhou Shiyu subconsciously tightened his jaw and there was obvious reluctance in his eyes.

Zhou Shijin called out to her, "Boss Zi."

She approached them and asked Zhou Shijin, "I heard you asked for leave?"

"That's right." There was no longer the previous aloofness in his eyes and instead, there were traces of melancholy. "We want to borrow some money from you."

However, just as he said that, Zhou Shiyu softly shouted at him, "Zhou Shijin, I've said that you don't need to intervene in this matter!"

Zhou Shijin did not even spare him a glance as he stared at Zi Yi. His hands subconsciously tightened due to nervousness.

Zi Yi looked at the two brothers and asked with an indifferent expression. "How much?"

Zhou Shijin tightened his fist and said a sum after he seemed to have contemplated for a long time. "2 billion."

Zi Yi coldly stared at him and Zhou Shijin inexplicably felt a tense and suffocating feeling.

Zhou Shiyu's eyes were red and he somehow felt embarrassed. He pulled Zhou Shijin forcefully and shouted at him, "I've said that you don't need to intervene, did you not hear me? Do you think if you asked, she would lend the money?"

Before Zhou Shijin spoke, Zi Yi had said honestly, "I won't."

The expressions of the Zhou brothers instantly changed.

She snorted and asked rudely, "We're unrelated and you have caused me trouble, the few times we met. As for you, you're my racer and yet, you always act so arrogantly before your boss. How much of a saint must I be to be lending you money?"

The both of them choked and they were speechless.

Zi Yi continued speaking, "More importantly, can you guarantee when you would return the money to me? I've heard that you incurred losses of 5 to 6 billion and what can you do with 2 billion?"

Zhou Shiyu instantly flushed red from embarrassment.

He clenched his teeth and said, "Sorry for bothering you."

Having said that, he turned around to leave.

“Ha!”

Zi Yi suddenly snorted.

She crossed her arms and said rudely, “No wonder you easily fell into another’s trap. You’re so impulsive and it’s a good thing that you lost the qualification of becoming the owner of the Zhou Group.”

Zhou Shiyu stiffened at her words. He clenched his fist and only turned around to stare at Zi Yi after enduring for a long time.

“You don’t know anything. What does an amateur know?”

Having said that, he strode away fuming in anger.

Zhou Shijin looked deeply at Zi Yi before he chased after his brother.

Looking at the two figures walking away, Zi Yi snorted. She had already reminded Zhou Shiyu that he had fallen into a trap and yet, he did not respond.

“Ha, he’s taking my goodwill for ill intent.” After she said that, she headed for her car.

It was soon time for the freshmen to report to school.

Zi Yi woke up according to her normal schedule and unexpectedly saw Lu Jingye already sitting in the living room downstairs.

She walked downstairs in surprise. “Ah Jing, when did you come back?”

Lu Jingye had been staying in the company for the past few days. She was elated at the sight of him and directly pounced over after she asked the question.

Lu Jingye caught her and said seriously, “Today is the day you report to the university. Everyone else’s parents are sending them.”

Zi Yi sat on his legs and smiled as she hugged his neck. “Is Ah Jing intending to send me to M.Uni as my parent?”

“Do you want me to?”

“Yes.”

Zi Yi’s lips moved up.

Lu Jingye’s large hands held her head and when he tried to deepen the kiss, he suddenly heard footsteps sounds coming in from the outside.

He gave her two pecks and said in a hoarse voice, “Yiyi, someone’s coming.”

Zi Yi responded and thought that it was most likely the housekeeper. She did not even bother to get down from his legs and hugged his neck as she turned around.

When she saw the housekeeper leading Mrs. Lu inside, Zi Yi awkwardly blinked.

The next second, she saw Mrs. Lu suddenly turned away and said to the housekeeper seriously, "I seem to have left something in the car. Sigh, it's easy to be forgetful when we get old. Come with me to get it."

The housekeeper tactfully said, "Yes, Mrs. Lu."

Following that, they turned around and headed outside.

When Zi Yi saw them leaving, she turned to look at Lu Jingye and suddenly buried her head into his shoulders in embarrassment.

Lu Jingye's eyes revealed traces of a smile. He did not expect her to have a moment where she was embarrassed and whispered in her ears, "Let's head out and fetch my mother."

Zi Yi's embarrassment lasted for a few seconds before she raised her head and nodded.

She stood up and they headed to the courtyard.

Mrs. Lu and the housekeeper were standing near the entrance.

Mrs. Lu was asking the housekeeper, "What does Zi Yi like to eat?"

The housekeeper mentioned a few dishes.

Just as Mrs. Lu planned to continue asking, she saw the two walking out. She acted as if she had just seen them and slightly smiled at Zi Yi.

Zi Yi calmly called out, "Auntie Lu."

She walked up to her and asked with a smile, "Auntie Lu, why have you come over so early in the morning?"

Mrs. Lu pointed to a bag in the housekeeper's hands and said, "I heard that you will be reporting to M.Uni today and will be undergoing military training in a couple of days. I had specially ordered some sunscreen for you in advance and it arrived today, so I wanted to deliver it to you."

Having said that, she looked at her white and tender face and said out of concern, "The sun will be very strong during the military training, so try not to get sunburnt."

Zi Yi held Mrs. Lu's hands. "Thank you, Auntie. Have you eaten yet?"

"No."

"Then let's have breakfast together?"

"Sounds good."

The two of them headed inside the courtyard.

Lu Jingye looked at the two of them, who were getting along pretty well, and his eyes lit up with a smile. He looked at the cosmetics in the housekeeper's hands and reached out. "Give it to me."

The housekeeper handed him the cosmetics and went to order the kitchen to prepare breakfast for another serving.

Chapter 306: Reporting to M.Uni, Meeting High School Classmates

In the end, Zi Yi did not get Lu Jingye and Mrs. Lu to send her.

After all, she was too famous and she did not wish to be constantly under attention.

In order to keep a low profile, Zi Yi specially wore a pair of jeans and a plain colored short-sleeved T-shirt. It was a simple style, but the outfit made her look youthful and beautiful.

The entrance of M.Uni today was bustling with activity.

There were freshmen and parents from all over the country as well as various school reception locations everywhere.

Zi Yi was only famous among the management level, professors, and teachers of the M.Uni. Therefore, it was impossible for the students to know her, not to mention those seniors who were responsible for welcoming the students.

When she arrived at the school gate, she had immediately become the focus of everyone's attention.

"Look, that girl is so beautiful!"

"Is she a new student? I have a hunch that she will definitely become the campus belle."

There were all sorts of gasping sounds and discussions about her.

"I wonder which school she applied for. It must be stressful to be in her class."

"Having a good appearance doesn't necessarily mean having a good personality. It's obvious that a girl like her is a rich young lady. She's going to be either cold or pampered. Who would dare to approach her?"

"I hope to be in the same class as her. Even if it's not the same class, I'm satisfied if we're in the same cohort."

The students went crazy, but the parents who sent them were unhappy.

Some of them who saw their sons acting smitten had angrily given them a slap.

Following that, a stern voice sounded. "I worked so hard to nurture you and get you enrolled into M.Uni so that you can study hard and become successful. If you dare to have a relationship in university, I will break your leg!"

Her voice was rather loud and many people had looked in their direction.

Standing before her was a boy with thick glasses and bangs, he looked like an obedient boy at first glance.

When his mother was lecturing him, he kept his head down and remained silent.

The middle-aged woman was angrier at his silence and she directly shouted out loud, "I'm talking to you and you're not responding? Did you fall for that woman?!"

Wang Zhi, I'm telling you. If you dare to put your attention on that girl instead of studying, you might as well repeat a year and take the examination for J University in our hometown!"

Everyone present: "..."

This mother is terrifying.

Moreover, how could such a beautiful girl fall for your son?

Zi Yi had walked briskly and she did not know what had transpired then.

M.Uni campus was extremely large and every school had a school bus.

Zi Yi did not wish to squeeze with everyone on the school bus and so, she slowly walked to the school.

The School of Chinese Language was closest to the gate and it was not a long walk.

However, not long after she started walking, a surprised and shocked voice sounded.

"Zi Yi?!"

Zi Yi was unfamiliar with the voice and she planned to ignore her.

Just then, the girl directly chased her and blocked her way.

"It's really you."

Standing before her was a girl with pimples all over her face and she was currently looking at Zi Yi with a sense of superiority.

When the girl realized it was her, she sneered. "I heard that you stopped studying in the past and I didn't expect you to sneak your way into M.Uni?"

"Sneak into M.Uni?" Zi Yi coldly asked, "Who are you?"

"How dare you pretend not to know me!" When she said that, her voice cracked when she said the words 'pretend not to know me'.

Zi Yi had a cold expression and went around her.

The girl was unhappy with her attitude. Coupled with the fact that she disliked her, she continued to speak in a cynical tone. "A big idiot like you dares to come to a place like M.Uni? Don't tell me you're here to seduce someone else's boyfriend again!"

Zi Yi stopped walking at her words.

She turned around and walked over to her. "What did you say?"

Zi Yi was too attention-grabbing. She merely stopped for a while and she had already been surrounded by a crowd of spectators.

Everyone started to point fingers at her.

"Despite having such a beautiful appearance, she's someone that seduces other people's boyfriends? Disgusting."

With a cold gaze, Zi Yi swept her gaze across them. When they had shut their mouths, she looked back at the girl.

“Now that you mention it, I finally recall who you are. Aren’t you Hua Xiaoli who was in my class during high school?”

“So what if I am?”

“Ha! On average, I receive around ten unrequited love letters a day and whose girlfriend are you? Oh~ I forgot to mention that our high school forbids relationships. A lighter sentence means calling parents and a harsher sentence means getting punished by the school. Those people who sent me letters don’t even dare to include their names, they only dared to secretly stuff their letters on my table every day. In the end, the class teacher confiscated all of them. Despite this, you have a boyfriend?”

The crowd subconsciously thought along the lines of what she said.

“Don’t tell me this girl likes someone who secretly admires this beautiful girl, and is deliberately spoiling her reputation here?”

“It’s highly likely.”

Hua Xiaoli did not expect Zi Yi to be different from before. No matter what other people said in the school, she would act arrogant and ignore them.

She did not dare to offend Zi Yi during high school, for fear that Zi Yi would get hooligans to cause trouble for her.

But right now, they are in M.Uni where everyone is unfamiliar with the place. Not to mention, she was a freshman and Zi Yi was merely a fake student who sneaked her way inside. She was prepared to reveal all of Zi Yi’s disgusting behavior for others to condemn her.

And yet, why did she become the target of condemnation?

Zi Yi was an idiot. Other than that face of hers, what rights does she have to receive everyone’s support!

Thinking of this, Hua Xiaoli directly screamed, “You, a person who skips classes every day in high school and fools around with hooligans. What rights do you have to come to M.Uni! For a person like you, just walking in here is a disgrace to M.Uni.”

Upon hearing that, everyone’s opinion had changed.

“Oh my, could it be that this beautiful girl isn’t a student of M.Uni?”

Zi Yi looked at Hua Xiaoli and the corner of her lips curled up. Her expression had turned chillier.

Originally she did not plan to get famous on the first day of school. However, the girl before her needed a lesson.

Just then, her phone suddenly rang.

Zi Yi answered it and the concerned voice of the Dean of the School of Chinese language sounded.

“Student Zi, have you reached M.Uni?”

Before Zi Yi spoke, Hua Xiaoli's cynical voice sounded from behind.

"An idiot like you dares to step into M.Uni? I think you've gone crazy from wanting to come here!

Oh right, your younger sister got in here and you must feel very uncomfortable and so, you deliberately pretended to be a freshman here. You are so disgusting."

Dean Huang's stern voice sounded from the other end. "Student Zi, who's talking to you?"

He then asked, "Where are you right now? I'll come over and pick you right away."

Zi Yi gave him her current location and hung up the call.

Just as Hua Xiaoli was still mocking her, Zi Yi finally said, "Shut up."

Chapter 307: Who Said Student Zi Is Not a Student of M.Uni?

Hua Xiaoli was stunned by Zi Yi's imposing aura. She was even more frustrated after she reacted and wanted to push Zi Yi.

BAM!

Everyone watched helplessly as Hua Xiaoli fell on the ground instead. They were all dumbfounded.

What happened?

How did Hua Xiaoli fall down?

That fall must have hurt, right?

Hua Xiaoli laid on the ground and saw stars spinning around. She only managed to react after a while and shouted out loud, "Zi Yi you dare to push me?!"

Regardless of the pain, she clambered up with the intention to scratch Zi Yi.

Zi Yi felt that her push earlier was too light and was about to give her another blow. Just then, a hand stretched out from the side and directly caught Hua Xiaoli's wrist.

"Student, it's wrong to hit people."

The one who stood out was a male student.

He had a tall and handsome appearance. He wore a pair of slacks and a white T-shirt, looking poised and gentle, giving off the image of a campus beau.

When a few female students saw his appearance, they instantly revealed a starry-eyed expression. "Oh my, so handsome!"

Hua Xiaoli was full of resentment due to Zi Yi and felt that she only looked good. On what basis did so many guys like her? Even in M.Uni, there were boys standing up to speak for her. She instantly exploded. "She was clearly the one who pushed me first!"

She burst into tears immediately after.

Everyone's gaze at Zi Yi and the male student had changed.

“Clearly it was that beautiful girl who pushed this female student.”

“That’s right. Student, you’re not reproaching her but instead, directing it against this female student. Aren’t you too biased?”

The more they said, the angrier the crowd got.

The male student spoke up. “I was there earlier when they started bickering. This female student was the one who held back this girl and did not let her leave. She was also the one who attacked first. I believe it’s normal for this girl to protect herself out of instinct.”

The male student looked at Zi Yi and asked, “Do the two of you have any grudges with each other? Since you two have the fate to study again in the same school, I think there’s no grudge that can’t be resolved.”

Zi Yi looked at the wailing Hua Xiaoli who appeared as if she had suffered great grievance and said with indifference, “The grudge between us is that she’s not as pretty as I am. The boy she has a crush on likes me. How am I supposed to resolve it?”

The male student was speechless.

The other female students somehow felt unhappy deep down.

So what if you’re pretty? Didn’t that girl say you had dropped out of school? How did you two become schoolmates now?

One of the female students asked, “Are you really a student of M.Uni?”

Zi Yi did not have the chance to speak when Hua Xiaoli immediately screamed, “How is that possible?! She didn’t even attend school in the remaining few months of high school and she didn’t take part in the college entrance examination. How could she be an M.Uni student?!”

“Who says that Student Zi is not a student of M.Uni!”

A sudden imposing voice attracted everyone’s attention.

There were students from the School of Chinese Language among the crowd. When they saw the person walking over, they whispered in shock, “It’s Director Huang from the Chinese Department.”

Everyone dared not speak up.

Director Huang walked over with a taut expression. He glanced at the crowd and his gaze stopped at Hua Xiaoli. “Student, which school are you from?”

Hua Xiaoli’s heart sank and she dared not utter a single word.

Director Huang’s expression became even sterner. “Student Zi is from our Chinese Department and she’s not a hooligan who snuck into M.Uni. I clearly heard your cynical remarks towards her over the phone.

M.Uni places great importance on a student's innate qualities. Student, you just arrived in M.Uni and started finding trouble with Student Zi, every word of yours contains malicious intentions. Do you honestly think students from the Chinese Department are an easy target for bullying?"

Hua Xiaoli did not expect her to be reprimanded. Her complexion alternated between white and red and she simply could not accept Zi Yi to be a student of M.Uni.

Her mindset had crumbled ever so slightly and she shouted out loud, "Impossible. Zi Yi is a useless idiot that is incapable of anything and only has good looks. Everyone in our high school knows about it. How could she ever enter M.Uni?!"

She ran away after she said that.

Director Huang looked at her fleeing figure with a dark expression. He took out his phone and made a call.

"Director Yang, help me check on this freshman. Her name is..."

Director Huang did not know Hua Xiaoli's name and he asked everyone present. "What is that female student's name."

No one dared to speak and Zi Yi said, "Hua Xiaoli."

Director Huang continued to converse with the other party over the phone. "The thought process of the freshman Hua Xiaoli is bad. She humiliated Student Zi in public and kept slandering her... Alright, please give me a call when you find out anything."

Director Huang hung up the call soon after and his stern expression disappeared without a trace as he said to Zi Yi, "Student Zi, let's go. I'll bring you to the reporting office."

Following that, he led Zi Yi towards a direction.

Along the way, Director Huang asked, "Student Zi, that student earlier hasn't affected you, right?"

"No." Zi Yi's voice sounded very calm. "She's just a clown."

"It's good that you can think of it this way. From the looks of it, she's just jealous of you. You have to be prepared. The more outstanding you are, the easier it is to incur and attract jealousy."

"I know."

While talking, they had walked afar and left behind the spectators, who only managed to recover their senses sometime later.

The crowd had exploded and they constantly guessed who that pretty freshman was.

Only Chu Xuan had left the scene.

Just as he turned a corner, he saw a beautiful girl standing there waiting for him.

Chu Xuan walked over in large strides.

The beautiful girl asked, "Where did you go earlier?"

Chu Xuan had a calm expression as he said, "I went to see a commotion."

The girl looked at him and her eyes gleamed. Without saying anything, she left together with him.

On the other end.

Hua Xiaoli suddenly felt fearful after she ran away.

She should not have spoken to the Director of the Chinese Department like that earlier. What should she do if it left a dark stain on her university records?

The more she thought, the more fearful she got. She did not dare to return to the dormitory and decided to wander around campus instead.

While she wandered around, she unexpectedly encountered Zi Xuan and Li Peirong.

"Zi Xuan."

At the sight of Zi Xuan and Li Peirong, Hua Xiaoli seemed as if she had found her backbone and hastily made her way over.

She planned to tell on Zi Yi!

The mother and daughter were in a conversation when they heard someone calling out to them.

Zi Xuan was a little surprised. "Aren't you Hua Xiaoli from Class 3?"

"That's me. We were also in Class 1 during our freshman days. After the splitting of classes in the following year, Zi Yi and I were in the same class."

The moment she heard the name Zi Yi, before Zi Xuan got the chance to speak, Li Peirong pretended to wipe her tears in sadness. "Unfortunately, Zi Yi is disobedient and has failed to live up to expectations. It's fine even if she dislikes studying, but she ended up dropping out of school directly. She ran away from home and is currently missing."

"Ah?" Hua Xiaoli was confused. "Didn't Zi Yi also get into M.Uni too?"

Chapter 308: Letting Imaginations Run Wild

"What did you say?!"

"Hua Xiaoli, did you see wrongly?"

Li Peirong and Zi Xuan acted as if they had heard the greatest joke of their lives and did not believe her at all.

Hua Xiaoli found their reaction weird. "Didn't you come together with Zi Yi to report to school?"

She could confirm that she saw Zi Yi earlier. Moreover, the Director of the School of the Chinese Language had personally brought her away. She then hastily explained the earlier situation to them.

"Impossible." Zi Xuan said in a definite tone, "It's impossible that the person you mentioned is her."

Li Peirong was even more distrustful. "Student Hua, you must have seen it wrongly. My eldest daughter had undergone the withdrawal process in the latter half of her third year in high school. How could she possibly enroll in M.Uni?"

"Ah?" Hua Xiaoli was even more dumbfounded. "I really saw her earlier. There were also many other students who witnessed the scene. Moreover, how could I possibly recognize Zi Yi wrongly?"

"There are many good-looking people in this world. Perhaps the person you saw only bore a similar resemblance to her," Zi Xuan said to her seriously. "She has already left our home. Hua Xiaoli, please refrain from mentioning her before me in the future."

She then said to Li Peirong, "Mom, let's go." She turned around and left immediately after saying that.

"Sigh..."

Li Peirong glanced at Zi Xuan who had walked far, then at Hua Xiaoli, and pretended to be embarrassed to mention something. "Student Hua, to be honest, my eldest daughter is currently in the capital. It's not strange for you to see her."

Hua Xiaoli nodded and thought to herself, *"I knew it, I didn't see it wrongly."*

Li Peirong continued to speak and there was a trace of sadness in her voice, "But she isn't fond of studying. Out of anger, she dropped out of school due to an argument with her father and came to the capital. Moreover... sigh..."

Li Peirong revealed an expression as if she could no longer continue and allowed Hua Xiaoli's imagination to run wild.

"Auntie Zi, since she came to the capital due to the conflict with Uncle and has also dropped out from school, then it's certain that she has not taken the exam."

Li Peirong sighed. "Student Hua, I would like to ask you for a favor."

Hua Xiaoli was inexplicably excited. "Auntie, what is it about?"

"In the future, try not to mention Xuanxuan's sister before her. Yiyi liked to mingle around with people from bad society since before and she has not gone to see her grandfather, even when she arrived in the capital. She cut off all contact with us and if you see her in the future, just give me a call right away. My number is... xxx.

Sigh... let's not talk about this any further. You and Xuanxuan have managed to enroll in M.Uni and it can be considered as having a companion. You're welcome to discuss with Xuanxuan about studies in the future. I'll be leaving first." Li Peirong left after saying that, and left behind Hua Xiaoli to let her imagination run wild.

"Even in the past, she liked to mingle around with hooligans. Don't tell me she's still using her appearance to get herself connected with them?"

Speaking of this, she shivered. "That person is definitely Zi Yi. Perhaps she has gotten herself acquainted with the triad members and went through the back door to get herself enrolled in M.Uni.

Thinking of this, the trembling of her body intensified.

“Would she try to get back at me for what happened today? This won’t do, I need to record down what happened today. It’s best to let my friends know of this. If something bad happens to me one day, the culprit would definitely be Zi Yi.

She then ran towards the dormitory.

...

Director Huang brought her to his office and passed her two forms to fill up.

While Zi Yi was filling up the forms, he said, “There are many applicants today and I brought the forms here to my office instead. Student Zi, you can see which major you like. A few majors from our school are the best in M.Uni. You can choose more majors if you are able to cope.”

Speaking of this, he earnestly suggested. “If Student Zi feels pressured by the workload, you can choose lesser majors from other schools.

As the Director of the School of Chinese Language, he would definitely wish for Zi Yi to choose all the majors the school offered. At that time, she would have a thorough knowledge of the Chinese Language and win honor for the school.

However, Zi Yi had come to an agreement before that and he merely brought it up in passing.

Without a doubt, Zi Yi would not agree to do so.

Just as she finished filling up the forms, her phone rang. It was from the School of Mechanical Engineering that called her over to fill up their forms.

Zi Yi said to Director Huang, “Then I’ll make a move first.”

Director Huang could only agree with a smile on his face and allowed her to leave.

Zi Yi spent the whole afternoon rushing around the various schools in M.Uni to fill up forms.

It was around the afternoon when she was done.

Dou Xiangling had calculated the time and gave her a call.

“Yiyi, are you done with the enrollment?”

“I’m done.”

Dou Xiangling smiled and asked, “Which school are you at right now? I’ll drive over and fetch you.”

Zi Yi informed her of her location and stood by the roadside to wait.

There was no longer any crowds left at the reporting areas, as everyone had gone to eat lunch.

Zi Yi did not wait long and saw a familiar car driving over.

Dou Xiangling saw Zi Yi standing there and smiled, “How many forms did you fill out today?”

“Dozens or so.” Zi Yi got in the passenger seat and buckled the seatbelt.

Dou Xiangling drove out and asked on the way, “Yiyi, since you’ve selected so many majors, why don’t you come to the School of Fine Arts too?”

She vetoed her suggestion immediately after. “Oh wait, this won’t do. There’s no teacher that is capable of teaching you in the School of Fine Arts. It’s only suitable if you come over as teaching staff.”

Zi Yi tilted her head and looked at her and the corner of her lips curled up.

Dou Xiangling brought her to the staff canteen.

After they fetched their meal and sat down, Dou Xiangling told her about Elder Dou’s condition. “Grandfather has been sleeping well these two days and he’s much more spirited. The time he stayed awake was also longer.

Zi Yi nodded. “This is a good sign.”

“Yes.”

They continued to chat and ate their meals. Just then, a young man with a tray in hand walked over from the sides.

The young man appeared to be around the same age as Dou Xiangling. He had deep facial features and slight mixed-race features. He wore a dark British striped shirt with two buttons unbuttoned. His slightly revealed neckline revealed the exquisite black cross necklace around his neck and all in all, the temperament he gave off was very contradicting.

The young man smiled and asked, “Beautiful ladies, can I sit next to you?”

Dou Xiangling clearly knew the young man and nodded at him. “Teacher Zhang, go ahead.”

Teacher Zhang sat next to Dou Xiangling.

Dou Xiangling introduced him to Zi Yi. “He’s also a teacher of the School of Fine Arts. His name is Zhang Hanyu.”

Zi Yi nodded at him.

Zhang Hanyu said with a smile, “Student Zi is very famous amongst the circles of teachers in M.Uni and now that I’ve met the real person today, I can only say this. Those who said good-looking people are bad with studying are simply rubbish.”

Dou Xiangling liked it when others praised Zi Yi and felt even happier than when others praised her. Following that, they started a casual conversation.

Zi Yi could not join in on the conversation and so, she buried her head and ate.

When the three of them finished their meal, Zhang Hanyu invited Dou Xiangling. “I have a friend’s gallery opening this Saturday. I wonder if I have the honor of inviting Teacher Dou to join me in the exhibition?”

Chapter 309: Cousin, Teacher Zhang Likes You

Dou Xiangling did not agree at once. "I'm visiting my Grandfather during the weekends. I'm afraid I don't have time."

Zhang Hanyu did not appear disappointed and even asked in concern, "How's Principal Dou? Is his condition getting better?"

"It's much better compared to when his surgery just ended."

Dou Xiangling and Zhang Hanyu talked about Elder Dou's condition while Zi Yi stood by the side and listened.

After a while, Zhang Hanyu left.

Zi Yi looked at his departing gaze and told Dou Xiangling in a definite tone. "Cousin, Teacher Zhang likes you."

Dou Xiangling paused for a moment and chuckled. "Don't make random guesses. Teacher Zhang and I met abroad in the past and we are both teaching in M.Uni. I'm just more familiar with him compared to other teachers."

Zi Yi looked at Dou Xiangling's expression for a few seconds and upon noticing there were no special reactions, she guessed that Dou Xiangling truly had no feelings for Teacher Zhang. She did not continue on this topic.

Dou Xiangling still had to head to the School of Fine Arts in the afternoon.

"I will be rather busy in the following days and the class allocation will be decided soon." Dou Xiangling said with slight expectation, "I'm feeling a little nervous as it's my first time teaching students."

Zi Yi patted her on the shoulder and consoled her. "Don't worry, with your skill level, even if you haven't taught in the past, haven't you seen how other teachers teach?"

Dou Xiangling looked at the young girl who was consoling her with a stern expression and laughed out loud.

"I know, but I can't help but be nervous since it's my first time.

The military training starts on the 28th and I heard that there will be two schools heading to one location. Did Director Huang mention to you which school would the School of Chinese Language be going with?"

There were eight major schools in M.Uni, with nearly 4000 freshmen enrolled this year.

Normally, for M.Uni's training, they would usually bring students to real training grounds. However, due to the overwhelming number of students, one training ground could not accommodate all of them.

Therefore, two schools would be assigned to one location. However, the details of which two schools will only be decided by drawing lots after the registration.

"I heard that M.Uni will be sending some teachers for military training. I wonder if I'm also coming."

"You wish to tag along for military training?"

Zi Yi was surprised.

Dou Xiangling smiled and nodded. "The military training grounds have beautiful scenery and I wish to check it out."

For someone who studied art, they liked to go to places with beautiful sceneries.

Zi Yi suggested. "You can apply for it directly."

"That's a good idea." Dou Xiangling planned to apply for it later on.

After they conversed a while more, Dou Xiangling made her way back to the School of Fine Arts.

Zi Yi originally planned to visit the Archaeology Department in the School of Chinese Language. However, just as she was about to leave, she received Dou Xiaoyong's call.

He asked if she was currently in M.Uni.

After Zi Yi responded, Dou Xiaoyong asked her to make her way to the School of Mechanical Engineering.

Zi Yi went directly to the Science and Technology Building. At this time most of the 2nd year students were present and there was a huge crowd in the exhibition hall on the first level.

The moment she walked in, she saw a bespectacled young man heading towards her. "Junior Zi, my name is Zhang Zihan. Professor Dou sent me to pick you up. Follow me."

Zi Yi nodded at him and followed him up to the second floor.

Along the way, people could not help but peek at Zi Yi. After she left, all of them were discussing excitedly.

"Wow! That girl who walked past earlier is so beautiful!"

"She must be a freshman. Our School of Mechanical Engineering is blessed to have such a beautiful junior!"

"I'd like to see who dares to comment about the appearance of the girls in our school in the future. With that junior alone, she can overpower all the campus belles in M.Uni.

"This won't do. I must let students from other schools know about such a huge joyous event."

Many people took out their mobile phones and posted on the campus forum.

However, as soon as they uploaded the post, they were besieged by people from other schools.

"Just because there are too few girls in the School of Mechanical Engineering, the brothers there think that anyone that looks slightly good is a gorgeous beauty."

"Tsk tsk, how pitiful."

"I'm wondering if I should tell my brothers in the School of Mechanical Engineering that there's a freshman in the School of Chinese Language that can compete with the campus belle?"

“The girls in our School of Finance are also very pretty.”

“What’s there to argue about? The beauties in our School of Foreign Language come out at the top every year.”

...

At the sight of these comments, those from the School of Mechanical Engineering were so angry that they were about to explode.

“These people simply don’t believe it!”

“This won’t do. I must wait until that pretty girl comes down later and sneak a picture to post it on the forum and smack them in their faces.”

Thus, a group of students remained there and planned to wait until Zi Yi came downstairs.

...

Zi Yi followed Zhang Zihan upstairs. He had snuck a few glances at her and finally, he could not resist and asked, “Junior Zi, I heard that you are Professor Dou’s niece?”

“Yes.” Zi Yi did not think there was anything to hide.

After Zi Yi had replied so frankly, Zhang Zihan did not know how to continue the conversation.

They walked past several rooms and arrived at one of the innermost rooms.

Zhang Zihan pushed the door open and a spacious manufacturing room was revealed. Dou Xiaoyong was currently standing at the edge of a workbench and explaining some things to several people around him.

When everyone heard the door opening, they turned around to look.

A few male students’ eyes widened in shock when they saw Zi Yi.

In the end, there were two students who had turned red.

Under their stares, Zi Yi called out, “Professor Dou.”

Dou Xiaoyong nodded at her and motioned. “Come in.”

Zi Yi walked over and Dou Xiaoyong introduced her to the students.

“Her name is Zi Yi. She’s very talented in working with robots.”

Having said that, he turned and asked, “Little Zi, are you free today?”

Zi Yi immediately understood Professor Dou’s thoughts and nodded. “I have nothing on.”

As expected, Dou Xiaoyong said, “Then you can stay and give them pointers.”

Several male students who were mesmerized by Zi Yi’s appearance had suddenly recovered their senses at Professor Dou’s words.

One of them asked with a weird expression on his face, "Professor Dou, you're asking a junior to teach us?"

"That's right." Professor Dou said with a stern expression, "Don't belittle her."

The guy thought internally, *"This pretty girl doesn't seem to know how to make robots and you're asking her to teach us? Isn't this a joke?"*

The group of male students who had honest and frank personalities looked at Zi Yi with undisguised doubt.

Zi Yi stood there with her lips pressed together and did not bother to explain.

Dou Xiaoyong looked at them and knew that it was useless to say anything else. "Everyone, continue."

Professor Dou then started telling them about the configuration of a robot's motherboard. After a while, he allowed them to have a hands-on activity.

"The most important aspect of a robot is its control panel. You can start making your own based on my earlier explanation."

Dou Xiaoyong looked at the time and added, "I'll give you an hour. I need to settle some matters for the department and I will return in an hour to check your work."

He then walked to Zi Yi and said, "Little Zi, help me watch over them."

After Zi Yi nodded, Professor Dou left.

The male students looked at each other and they had a tacit understanding and returned to do their own things.

What a joke. They were Ph.D. students and how could they possibly let a junior guide them?

Chapter 310: The Consequence of Looking Down on Zi Yi

Zi Yi did not get angry despite everyone ignoring her. She simply walked to the materials shelf and slowly looked around.

The group of male students glanced at her and tacitly discussed her.

"Say... what does Professor Dou mean by asking a junior sister here? Moreover, he asked her to guide us. It's obvious that such a beautiful junior is a pampered girl and would she even know how to use an electric welding pen? Or how to connect the lines?"

"That's my thoughts too. Such a beautiful girl should be protected instead. It hurts one's heart if she injures herself while making robots."

"I wonder if she has a boyfriend?"

"Liu Kai, don't even think about it. Perhaps such a beautiful girl has already been taken in junior high school."

Zhang Zihan who stood by the side without participating in the discussion suddenly looked up at Zi Yi and said, "Stop making random guesses. Junior Zi is Professor Dou's niece."

"Huh?"

"For real?"

"So it's like that."

After a wave of shock, they suddenly felt that they had uncovered the truth.

So it turns out, Professor Dou brought their junior sister here to play around.

Half an hour later, Liu Kai asked, "My control panel is complete. How is your progress?"

A few other male students said, "I still need more time."

Liu Kai sneaked a peek at Zi Yi and thought of showing off. "Then I'll try to assemble a robot first."

He headed towards her directly after.

Zi Yi turned around when she heard footsteps.

Liu Kai walked over and said to her in a slightly embarrassed manner, "Junior sister, can I trouble you to make way so that I can fetch some parts?"

Zi Yi asked, "You're done with the control panel?"

Liu Kai was elated and immediately nodded and he asked expectantly, "Junior sister, do you want to check out the robot I made?"

Zi Yi saw his expectant gaze and nodded. "Sure."

When Liu Kai fetched all the required parts, the two of them made their way over.

Zi Yi identified that there was a problem with the control panel with a glance.

She did not immediately point it out but asked, "What type of robot are you trying to make?"

"One that can walk and carry items."

Zi Yi thought about it for a moment and pointed at the control panel as she suggested. "You did not connect this place correctly. Also, the welding is not done well. It's best if you change it."

The moment Zi Yi said that, the rest had looked over.

Liu Kai was silent for a moment before he started to laugh awkwardly.

Deep down, he was thinking, *"Could it be that my junior sister feels that we are ignoring her too much and deliberately gave random advice?"*

The rest also had similar thoughts.

Liu Kai said, "It's fine, I'll give it a try first."

Having said that, he started to assemble the robot.

Zi Yi did not continue to speak and stood there to watch.

When Liu Kai was done with the outer casing, he installed the control panel inside and entered the program.

Zi Yi looked at the simple robot and kindly reminded him. "You all better take care of the control panel in your hands."

A few of them looked at her in confusion.

Soon, Liu Kai entered the program and looked at Zi Yi. With a tone of somewhat trying to show off his skills, he said, "Junior sister, just look. My robot definitely doesn't have a problem."

He turned on the switch for the robot immediately after.

When he pressed the button, Zi Yi hastily retreated towards the door.

Liu Kai's robot was turned on and it started to move around.

Liu Kai took the controller and smiled, while revealing great enthusiasm. "I'll let the robot perform kung fu with a stick!"

He pressed two buttons on the controller.

The robot walked over to the shelf and grabbed a long iron bar.

Just as the robot picked up the iron rod, there was a spark on its mechanical arm.

Zi Yi reminded him. "You better stop the robot. It's malfunctioning."

Liu Kai looked at Zi Yi who was standing by the door and thought, *"As expected of a junior. You're making a big fuss just because of a small thing."*

He then continued to control the robot. Just as the robot walked two steps away from the shelf, it suddenly stopped.

Liu Kai noticed something wrong and hastily pressed several keys on the controller. He frowned and muttered, "What's going on? Why did it stop working?"

A male student standing beside him had heard his mutters and was just about to tease him...

However, the robot suddenly moved again.

Liu Kai did not have time to be happy as his emotions directly turned into fright.

The robot swept the shelf with the iron bar and all the sorted parts fell to the ground.

Soon, all the parts on the shelf were swept to the ground, and the room was in a mess.

Zi Yi looked at the dumbfounded students and reminded them. "Are you sure you still intend to stand there? There's a problem with its control panel and it will come over and hit you shortly."

Just as she said that, the robot headed towards a few students.

A total annihilation performance by the robot had thus begun.

“Fu*k!”

“Owww”

“AHHH-”

Several male students immediately hugged their heads and fled.

Zhang Zihan yelled at Liu Kai while he ran away. “Liu Kai, quickly stop the robot!”

Liu Kai knew that he had caused a huge disaster. He gritted his teeth and ran towards the robot. He planned to stop it by force.

Zi Yi saw the reckless Liu Kai and gently clicked her tongue. Immediately after, she threw a circular ball towards the robot.

At the same time, she took out her phone and quickly connected to all the control programs inside the room, and quickly swiped around.

“Ow~~”

When Liu Kai received a hit from the robot, it suddenly stopped.

Zi Yi walked over to the robot and rapidly took down its control panel and took her circular ball at the same time.

The other students only put down their hands after they saw that the robot was motionless.

Zi Yi looked at Liu Kai who was groaning in pain and said with a taut expression, “If you had listened to me and checked the connection and welding, then made some modifications, there would not be any short circuit resulting in the program going haywire.”

Having said that, she took the control panel and walked towards one of the work tables.

Everyone was watching her closely.

Zi Yi quickly modified the control panel and adjusted the program at the same time.

She then took several light panels and made them into a control panel.

In less than ten minutes, she had made five robots under the stares, and shocked expressions, of the male students.

These robots had quickly picked up the parts that fell to the ground.

When Dou Xiaoyong came back, he just happened to see five robots cleaning up the whole workroom. He frowned and asked, “What happened?”

The male students lowered their heads simultaneously.

Dou Xiaoyong looked at Zi Yi and said, “Little Zi, explain.”

Zi Yi recounted what happened after he had left.

Dou Xiaoyong made his way to Liu Kai and knocked his head with the documents he had rolled into a stick. "What did I say before I left? It's fine even if you ignored it, but right now, you still need Little Zi to clean up after your mess! I've said it earlier. Don't look down on her. My words seem to have fallen into deaf ears."

...

Dou Xiaoyong said one sentence with every hit.

Liu Kai's cheeks flushed red and his head shrank. He did not hide as he felt that he deserved it.

Internally, he was regretting not listening to Zi Yi.

As for Zi Yi who was standing there, she unkindly laughed.
