Chapter 331: Distress Signal. Lu Jingye's Questioning

A group of men and military dogs had unexpectedly fallen to the ground and Doctor Zhang was also among them. Around them were poisonous animals rapidly attacking them.

Feihu shouted in that direction.

Woof! Woof! Woof!

Zi Yi hastily ordered. "Shadow, take the medicine box and rescue them."

After Shadow left, the woman burst into laughter.

"Hahaha... aren't you without your helper now?"

She aimed the muzzle of the gun at Zi Yi after she said that.

Zi Yi did not panic at the sight of the woman. Instead, a cold sneer curled on her lips. "Who said I'm helpless?"

Woof! Woof! Woof!

Feihu angrily barked at the woman and was ready to pounce at her at any moment.

The woman glanced at Feihu with a murderous look. The next second, she shifted her gun to it and pulled the safety lever.

"Feihu, careful!"

Zi Yi yelled out and threw a circular ball in the direction of that woman at the same time. The ball exploded in the air and gave off a strong dazzling light. Zi Yi and Feihu dodge to one side simultaneously.

However, she did not expect that woman to be prepared in advance. The moment Zi Yi ducked to the side, she took out a special pair of glasses and wore them.

"There's indeed plenty of good items on you."

"You're from the killer organization?" Zi Yi tightly stared at the woman approaching her. She was sure of her guess and her expression sank at the same time.

Woof! Woof! Woof!

The woman looked at the dog and human who were wary of her and a cruel smile surfaced on her lips. "Since you know who I am, I'd advise you not to do anything. I'm well aware of what you're capable of."

Zi Yi looked at the woman with a cold expression and asked, "It was Doctor Zhang who got you to come here?"

The woman snorted and the gun in her hand aimed at Feihu.

The corner of her lips curled up and she said, "Make a guess?"

She pulled the trigger immediately after and the bullet shot out from the nozzle of the gun.

Woof! Woof! Woof!

“Hmph!”

Zi Yi threw a ball towards the woman once again.

This time around, the ball directly formed a protective barrier that blocked the bullet.

The woman looked at the protective barrier and a trace of surprise flashed through her eyes.

Zi Yi copied her expression and her lips curled up. “Are you truly aware of my capabilities?”

Having said that, her finger quickly pointed at the woman

When the woman felt the gun in her hands turning hot, she looked at it and saw that it was like looking at a gun that had been thrown into a high-temperature furnace, as it rapidly melted. She hastily threw it away.

“To think you still have such skills up your sleeves!”

Zi Yi held the ball which flew back and coldly stared at her.

The woman stared at the ball in her hand and naked plundering intent surfaced in her eyes. “Since it’s such a great item, then it shall be mine.”

“It’ll also depend on if you have the capability to take it.”

The woman attacked Zi Yi and Zi Yi was prepared for it, as she welcomed her attacks.

At the same time, Feihu pounced towards her.

After they fought for some time, Zi Yi discovered that the woman knew ancient martial arts and her techniques were extremely cruel and ruthless. Most importantly, she knew how to use poison.

Zi Yi did not have any detoxifying medicine on her and when the woman scattered poisonous powder in her face, she only managed to have the ball transform into a fan and block it. However, she still breathed in slightly.

“Cough cough...”

Zi Yi felt her breathing turning sluggish and immediately called out. “Feihu.”

Feihu seemed to have sensed that she was poisoned. It dashed to her and whined.

Zi Yi had actually understood what it was trying to convey and directly laid her on its back.

“Thinking of running? Do you think you can escape?”

The woman’s chilly voice sounded from behind. Zi Yi threw a ball at her and said to Feihu, “Quick, run!”

Feihu started to run at maximum speed.

Feihu was an adult mastiff that weighed over 80 kilograms. Therefore, it was easy for it to carry Zi Yi that weighed around 50 kilograms.

Zi Yi was only lightly poised and she was extremely clear-headed as she thought about how she would get in contact with Shadow and how she could rescue Yang Jiangbo and the rest.

After Feihu ran for a period of time, she patted its back and said, "Feihu, stop running. Put me down."

"Whine~"

Feihu was clearly worried that the woman would catch up to them and was a little reluctant.

Zi Yi said, "If we go too far, that woman will harm the rest."

Only then did Feihu put her down in a tree that had a tree hole.

Zi Yi leaned against the tree and her brain quickly processed. She suddenly thought of the fact that all military dogs would wear a nameplate around their necks. She then said to Feihu. "Give me your nameplate."

Feihu was obviously unwilling and gave her a low bark.

Zi Yi explained to him. There's a hidden signal in your nameplate and we must seek help from the outside."

She could protect herself, but she had to ask for help in order to rescue the rest.

Feihu seemed to have thought about it for a moment before it moved its neck towards her.

Zi Yi quickly took off its nameplate and fiddled around with it for a moment. Soon, she took out a small chip from it. She then took out a circular ball and it transformed into a flat plate

Zi Yi placed the chip on the plate and seemed to have melted it inside.

Shortly after, she slid her fingers on top of it and the plate flashed while a signal was sent out.

"Y Base?"

Leader Zhang looked at Lu Jingye who suddenly appeared and had a dark expression on his face at the moment. He then lied through his teeth and said, "I did try to stop her, but she insisted on following along. She even said she had a way to locate the survivors. I saw that she was eager to save people and thought of letting her tag along with the military dogs. It would be fine as long as she followed behind everyone."

Lu Jingye's face no longer had its usual gentleness and it looked heavy instead. His aura was so powerful that even Leader Zhang was a little frightened as he lamented deep down. *As expected of that man's grandson!*

Lu Jingye remained silent for a few seconds before he asked, "Which direction and route did they take?"

"You want to go and look for her?"

"Yes."

"Sigh..."

Lu Jingye Looked at Leader Zhang with that heavy gaze of his.

It was the young lady's birthday today and he had specially gone out of his way to rush to XX Base early in the morning. Unexpectedly, he heard the news of her coming over and even entering the primitive forest where a landslide just happened and wild animals rampaged, in order to rescue people.

Lu Jingye restrained his emotions and his hands turned into fists.

Leader Zhang opened his mouth and told him the route they took in the end.

Just as Lu Jingye was about to head there.

One of Leader Zhang's subordinates loudly said, "Report, we received a distress signal from the forest."

Lu Jingye and Leader Zhang's hearts tightened at the same time.

The two of them headed towards the computer and checked the location where the distress signal was sent out from.

"It's in the area Little Zi had circled out!"

Leader Zhang hastily ordered his subordinates. "Go and call Leader Tang. Tell him that something happened to the rescue team and get him to gather everyone at once... Eh! Little Lu, what do you think you're doing?"

Lu Jingye's figure disappeared at the gate.

When Leader Zhang chased after him, he could not even see the slightest trace of his shadow.

Leader Zhang was even more anxious. When he saw Leader Tang walking over, he said to him with a serious expression, "Old Tang, I received a distress signal on my side. They must have encountered a serious situation."

Leader Tang's expression was equally serious. "The people I sent out have already lost contact. We will set out at once."

Chapter 332: Feihu's Limbs Are Broken

After Zi Yi sent a distress signal, she felt dizzy. She thought for a moment and said to Feihu, "Can you help me find some medicinal ingredients?"

"Aooo~"

Zi Yi briefly told him the appearance of the medicinal ingredients and where to find them.

After Feihu heard what she said, he glanced at her before turning around and rushing into the forest.

Zi Yi leaned against the large tree and quickly connected the self-made connection signal device with the signal device on Shadow.

Soon, Shadow had reported to her.

"Everyone's poison has been detoxified. However, there are still many poisonous animals around."

Zi Yi made Shadow stay there to look after them and prevent the poisonous animals from attacking them again.

Since there were only poisonous animals there, it meant that the woman was currently searching for her.

Zi Yi propped her body further into the tree hole to hide. She can never allow that woman to locate her at this time.

Zi Yi waited in the tree hole for at least half an hour. When she realized that Feihu had yet to return, an ominous premonition surfaced deep down.

She quickly put away Feihu's name plate as she pulled herself to her feet and ran under the heavy rain.

Her footsteps were heavy due to the poison and her head felt dizzy. In order to prevent herself from fainting, she simply cut her palms with a sharp thorn and managed to maintain her consciousness, as she ran in a direction based on her intuition.

After she ran for some time, blood flowing down due to the rain could be seen by her foot.

She felt a chill in her heart and followed the stream of blood.

She ran for a while and heard a cold and ruthless sound from afar. "F**king dog. How dare you bite me. Just you wait, I'll kill you and stew your dog meat."

"Aoo~"

Feihu's angry roar sounded at the same time.

BAM!

"Wuu~"

Zi Yi heard Feihu's painful groan and her heart tightened. She hastily took out a circular ball and threw it in front of her, while she ran forward at the same time.

When she ran out from the thicket that blocked her line of sight, her pupils constricted at the sight before her and anger surged forth in her heart.

At that moment, Feihu's four limbs were spread at odd angles on the ground and there were bloodstains all over his body. It currently had a painful expression, but its eyes contained fierceness.

"Feihu!"

The woman was entangled by the darts transformed by the ball. The moment she saw Zi Yi running out, she blocked the darts while laughing wildly. "I knew you were nearby. This dog is definitely loyal. I even broke its limbs and yet, it was still trying to block me."

Zi Yi suddenly looked at her and thick, unconcealable murderous intent surged forth from her eyes as her whole body exuded powerful mental energy.

The mental energy dispelled the toxins in her body and she stepped forward towards the woman.

Her powerful aura suppressed the woman to the extent that the woman was surprised.

"You have special abilities?!"

“Special abilities...? Ha!”

Zi Yi took out another circular ball and recalled the other that was chasing the woman. She quickly combined the two and immediately after, they automatically assembled together and transformed into something similar to a compass.

There was also a needle in the middle of the compass.

Without the weapon chasing her, the woman attacked Zi Yi. “Then I’d like to see how powerful your special ability is!”

With an indifferent expression, Zi Yi looked at the woman approaching her with a sharp weapon in hand. She neither dodge nor evaded.

Just then, she threw the compass-like disc at her.

The disc whirled rapidly in the middle. The woman saw the disc approaching her and she paused momentarily. When it flew to a close proximity, her body leaped up to a height of two meters high, before she used the tip of her toes to kick the disc back to Zi Yi.

Yet, a thundering sound could be heard from the skies.

The disc started rotating even faster and the next moment, a bolt of lightning was attracted and struck down.

The woman was surprised and quickly dodged to the side.

BOOM!

The lightning had blown a hole in the ground.

Even though the woman had evaded the lightning, her face turned black and one of her arms was burnt. She was enraged and gnashed her teeth in anger. “Go to hell!”

After that, she rapidly threw a handful of poisonous powder towards Zi Yi.

Just as Zi Yi was about to dodge, a whistling sound could be heard and shortly after, someone grabbed her waist and she was lifted a few meters away.

Zi Yi looked at the man who suddenly appeared before her.

“Ah Jing.”

Lu Jingye was shrouded in a layer of dark aura at that very moment, similar to a killing god. His sharp aura spread out and he said to Zi Yi, “Step back a little.”

After that, he attacked the woman.

Zi Yi quickly ran in the direction of where Feihu was.

The moment the woman saw Lu Jingye’s sudden appearance, she was first surprised before she thought that this man was not Lu Yunxiao and sneered. “Just you alone and you’re thinking of rescuing her?”

Lu Jingye did not have any intention to talk nonsense with her. With a wave of his whip, it approached the woman at extremely fast speeds.

One second ago, the woman had a contemptuous expression, and the next second, she was whipped on the cheeks.

“AHHHH!!”

The woman covered her face and she started screaming very loudly.

Lu Jingye did not give her an opportunity to react and continued to wave his whip.

The woman attacked him while she was seething with anger.

The two of them soon entered an intense battle.

Sometime later, the woman shouted in shock. “You actually know Lu Jingye’s martial arts? Could it be that it had always been you during this period of time and something really happened to Lu Yunxiao?”

Lu Jingye did not bother to answer her and the whip in his hands quickened.

Zi Yi ran to Feihu and did not even bother about the rotting leaves and blood on the ground, and knelt on the ground to check Feihu’s limbs. While she checked, tears flowed out from her eyes together with the rainwater.

“Feihu, I’m sorry. I should not have let you come out.”

After that, she took off her raincoat and outerwear and tore the coat into strips before she quickly tied it on Feihu’s limbs to prevent blood loss.

“Aoo~”

Feihu’s large head nudged Zi Yi’s body.

Zi Yi hugged his head and said, “Don’t worry. I will definitely cure your limbs.”

“Aoo~”

Feihu’s voice lost its previous spirit and he had been hanging on by a thread. Right now, he saw Zi Yi who was feeling sorry and in pain.

Even so, he still nudged her with his head as he motioned for her to look in a certain direction.

Zi Yi looked over and saw that there were a few stalks of the medicinal ingredients she had asked for.

The top of her nose turned sour and her tears flowed out at a faster speed.

Lu Jingye had taken care of the woman very quickly and he walked over in large strides after he was done.

Zi Yi looked at him and said, “Ah Jing, quick, save Feihu!”

Lu Jingye looked at the helplessness in her eyes and his heart ached for her. He took off his raincoat and outerwear and put them on her. Without a care that his shirt was getting drenched due to the rain, he walked to Feihu and said to her, "Yiyi, come and help me get Feihu on my back."

"Okay."

Zi Yi hastily went over and placed Feihu on his back with both their efforts.

Feihu did not utter a single sound during the whole process and obediently laid against Lu Jingye.

Zi Yi looked at his shrunken head and knew that based on its current condition, it was definitely unable to endure until they sent it back to the base. She then said to Lu Jingye, "Ah Jing, Feihu has lost too much blood and we have to find a way to make sure that he does not lose consciousness before we return to the base."

She thought for a moment and added, "Bring him to a dry place first. I'll call Shadow over. He can gather the medicinal ingredients needed quickly."

"Okay."

Chapter 333: Lu Jingye Said, I Will Carry You

They soon found a dry tree hole and went in.

Zi Yi soon told Lu Jingye about the situation. Lu Jingye stood up and said, "I'll go over there to look after them. You can call back Shadow."

Having said that, he was about to walk out the tree hole.

Zi Yi grabbed his hand and said, "Ah Jing, wait a minute."

She tried to take off the raincoat and outerwear she was wearing.

Lu Jingye stopped her. "Keep them on. Don't catch a cold."

Zi Yi insisted on taking them off and passing them to him.

In the end, Lu Jingye wore the raincoat and left.

Zi Yi pursed her lips as she watched him leave. She then turned her head to look at Feihu lying there and touched his drenched fur. "Feihu, don't sleep. You've lost too much blood and you won't wake up if you sleep."

"Wuu~"

Feihu seemed to be saying that he was in pain.

Zi Yi looked at his trembling body and simply took off Lu Jingye's outerwear and wrapped Feihu in it. She then took a look inside the tree hole and saw some dry branches and leaves. She picked them all up and placed them beside Feihu before taking out a circular ball. She walked to the side and used the wind power to create sparks.

As soon as the fire was started, the tree hole slowly became warmer.

Zi Yi squatted beside him and hugged his big head and asked, "Is it better now?"

Feihu stuck out its tongue and licked her hand. It seemed to have thought of something and continuously groaned.

Zi Yi guessed what he was doing and said, "I've expelled the toxins in my body. Thank you for the medicine you found."

As she had been poisoned and coupled with exhaustion, her mental energy was somewhat scattered and she could not dispel the poison in her body. But when she saw the appearance of Feihu lying on the ground, the surge of anger gathered her mental energy, which had then dispelled the poison.

Zi Yi raised her hand and stroked its large head while she casually chatted.

Before long, Shadow appeared outside the tree hole.

The moment Zi Yi saw Shadow, she hastily said, "Shadow, go out and find a few medicinal ingredients for me."

As she was still worried, she directly entered the data of those medicines using his control panel.

Shadow soon disappeared outside the tree hole.

Zi Yi and Feihu continued to wait.

But it did not take long for Feihu's body to get hotter.

The heat spread to Zi Yi and she was frightened.

"Feihu, how are you feeling?"

"Aoo~"

Feihu whined feebly and his eyes drooped, and it felt as if he was about to shut them soon.

"You can't sleep," Zi Yi said. "If you sleep, you won't have a chance to go on missions with your comrades in arms ever again. Could it be that you want your first mission to be your last one? Think of your comrades. They have undergone so many missions and many of them have even been awarded medals. Don't you want them?"

"Aoooo~" Want them.

"If you want them, you better endure. Otherwise, everyone will only remember your mischievous self. Also, you tried scaring me with a snake. How could there be a military dog who tries to scare someone?"

"Aooo~" Feihu suddenly felt regret. If this matter were to be remembered by this woman forever, then his wise and brilliant image would be gone."

"If you can hold on, I won't bring this up again in the future."

"Aoo~" I can definitely hold on.

Zi Yi kept talking to Feihu. The moment she noticed that its eyes were starting to droop, she stimulated it with words.

Even though Feihu was a dog, it had strong self-esteem. Moreover, as military dogs, it was not surprising that it could understand human words.

Thus, one human and dog had conversed with each other.

Shadow had gathered the medicinal ingredients very quickly. Around ten minutes or so later, it had gathered all the medicinal ingredients Zi Yi requested for.

Zi Yi got Shadow to smash them into juice and she applied them on Feihu's wounds before giving it water.

Not long after she was done with these things, sounds of movements could be heard outside the cave.

Shadow said to Zi Yi, "It's Lu Jingye and people from the camp."

It turned on invisibility mode immediately after.

The group of people had entered the tree hole shortly after.

Lu Jingye was walking at the front. The moment he saw Zi Yi wearing a short-sleeved shirt and hugging Feihu, he felt his heartache and walked over to squat before her. "Are you cold?"

"No."

Leader Zhang who had come in tactfully took off his military coat and said, "Little Zi, wear my coat first."

Before Zi Yi had the chance to speak, Lu Jingye stood up and took the coat as he put it on Zi Yi.

Zi Yi then told them, "I've applied medicine on Feihu, but he's not in a good condition. He needs to be sent back to the base for surgery at once."

Lu Jingye had told them about Feihu's condition when he led Leader Zhang and the group over.

After Leader Zhang heard that, he said with a stern expression, "Our base's helicopter will be arriving soon. We'll send Feihu back at once. The doctors there are all prepared to operate on him."

Having said that, Leader Zhang walked to Feihu, squatted down, and patted it on the head as he praised it in all seriousness, "Feihu, you are a hero. You must hold on."

"Aoo~" Feihu was a little touched.

Zi Yi breathed a sigh of relief at his words.

The helicopter arrived very soon and Feihu had been sent off.

Zi Yi pulled Lu Jingye's hands and said, "We have yet to locate my cousin."

Lu Jingye touched her head. "Don't worry, we'll look for them immediately."

"Okay."

Zi Yi asked, "Did you bring your phone?"

Lu Jingye passed her his mobile phone.

Zi Yi quickly swiped around and after she locked onto a position, she said to Leader Zhang, "There's a high chance that my cousin and the rest are here."

Leader Zhang glanced at the location and nodded. "Ok, I'll get someone to search right away."

He left with his men after he said that.

Zi Yi pulled Lu Jingye and said, "Ah Jing, let's go together."

"Okay."

Lu Jingye walked to her and turned around, so that his back was towards her. "I'll carry you on my back."

Zi Yi definitely would not agree to it. "The road is uneven and it is difficult to travel. I'll get Shadow to carry me instead."

Shadow revealed itself after she said that.

Lu Jingye thought for a moment and nodded.

Thus, two humans and the robot had followed the group.

Everyone was stunned for a moment when they saw Shadow who was carrying Zi Yi on its back.

Leader Zhang did not want people to know that Zi Yi could make such a powerful robot. Therefore, he deliberately asked in a loud voice, "Little Lu, to think you even brought a robot?"

Lu Jingye had even given a grunt and it could be considered as him admitting the robot was his.

Everyone's line of sight had gathered on Lu Jingye.

The group headed in the direction of the place Zi Yi mentioned. At around 3 p.m in the afternoon, they finally found Dou Xiangling and the rest.

Sure enough, the group of people were hiding inside a cave.

After they saw the rescue team, a few students directly burst into tears.

Zi Yi ran to Dou Xiangling and asked, "Cousin, are you alright?"

Dou Xiangling looked at Zi Yi and the tears of having a close brush with death could be seen in her eyes. "I'm fine, but Teacher Zhang got injured from saving me."

Zi Yi looked at Zhang Hanyu who was lying on a pile of coats. His lips were pale and there was an abnormal flush on his face.

Leader Zhang had already gotten his men to check up on Zhang Huanyu's condition by then.

One of the men said after he examined him, "He broke his left leg and he must be sent back for treatment at once."

Chapter 334: Listen to Little Zi

Since they had found the people, Y Base had directly dispatched helicopters to fetch them back.

Zi Yi and Lu Jingye sat there and looked at Dou Xiangling, who was standing outside the operating room, while she paced around in anxiety. Zi Yi called out to her. "Cousin."

Only then did Dou Xiangling turn around and look at her.

Zi Yi stood up and went over to her side and pulled her down to take a seat. She then put the warm water Lu Jingye had prepared in her hands and said, "Cousin, there's no use worrying. Take a rest first."

Dou Xiangling nodded and lowered her head to take a sip of water.

Zi Yi said, "Cousin, I'll be returning to XX Base shortly. Do you want to go back with me?" She was worried about Feihu.

Dou Xiangling shook her head and said, "Teacher Zhang got injured because he was trying to save me. I cannot leave right now."

Zi Yi thought for a moment and decided to ask, "Cousin, what exactly happened?"

Dou Xiangling briefly explained to her the situation back then. "A few students were frightened by the wild animals and ran outside the base. Teacher Zhang and I went out to search for them. However, the moment we came outside, we encountered a large wave of wild animals.

Everyone was frightened at that time and I originally wanted to run back to the base. However, I didn't expect to run in the wrong direction out of panic and encountered a landslide following that. At that time, I accidentally met with a small landslide and Teacher Zhang broke his leg in order to hold onto me."

Speaking of this, Dou Xiangling lowered her head and she looked at the cup of water as she fell into a trance.

Zi Yi looked at her and opened her mouth. She originally thought about saying something, but she swallowed the words that came to her in the end.

Just then, Dou Xiangling recalled something. "Yiyi, today seems to be your birthday?"

Dou Xiangling nodded her head in realization and revealed an apologetic expression. "How could I have forgotten about this."

"Cousin, this isn't important."

"How could it be unimportant?"

Dou Xiangling hastily put the cup of water by the chair and held onto her hand. With an expression of chagrin and regret, she said, "Yiyi, I originally planned to celebrate your birthday with you by your side today. I didn't expect..."

Speaking up to here, she looked towards Lu Jingye and guessed. "Mr. Lu is here to celebrate your birthday with you?"

Zi Yi glanced at Lu Jingye sitting next to her and responded with a yes.

Dou Xiangling breathed a sigh of relief. "After everything ends, I'll pay you back a birthday celebration."

Zi Yi nodded. "Okay."

Zi Yi and Lu Jingye left the Y Base very quickly. When they returned to the military dog training camp in XX Base, the downpour that continued for several days had finally stopped and the skies cleared up.

At that moment, Instructor Li and Li Xia were squatting in the yard and no one talked.

Instructor Li looked calm, but the rim of his eyes was reddish, while Li Xia was wiping her tears that fell out.

When they saw Zi Yi and Lu Jingye making their way over, they stood up together.

Zi Yi hastily asked, "How's Feihu?"

Instructor Li and Li Xia looked towards Lu Jingye at the same time, and they were shocked by his noble and imposing aura.

Instructor Li did not ask anything and merely told her. "The operation has been ongoing for several hours but there doesn't seem to be any signs of them coming out."

The military training base had an operating room specially built. After they fetched Feihu back, they entered the operating room and had been inside since then.

Zi Yi took a step forward and headed inside. "I'll go and take a look."

Instructor Li called out to her. "Student Zi, don't be anxious. Let's wait some more."

Zi Yi furrowed her brows.

Just then, Lu Jingye walked to her side and said, "Let her go in."

Instructor Li was actually stunned by Lu Jingye's aura. Before he managed to speak out, Zi Yi had already walked inside.

Li Xia stood by and dared not utter a single word.

Lu Jingye explained. "Yiyi knows medicine."

Instructor Li looked at him and moved his mouth, but he did not know what he could say at that moment.

It just so happens that Leader Zhang and a few other leaders had arrived at this time.

When Leader Zhang saw Lu Jingye, he was also momentarily surprised. He walked over in large strides and asked, "Little Lu, where's Little Zi?"

"She went in."

Leader Zhang was just about to say something and Lu Jingye repeated himself. "She knows medicine."

Leader Zhang thought about Zi Yi's capabilities and swallowed the words he was about to say.

However, Lu Jingye was not from the base and he had to give everyone an explanation for his sudden arrival. Thus, he said, "I know you're worried about Little Zi as her family member, but you can rest assured that since the child has been sent to my place..."

Lu Jingye suddenly tilted his head and looked at him.

Leader Zhang suddenly could not continue speaking.

He thought of his previous promise to him and said wryly, "Little Zi is someone who places importance on loyalty. I heard that her cousin was trapped in the mountain and she insisted on going there herself. Was there anything I could do?"

He tried to push the blame off of himself as much as possible. If the God of Wealth says that he would cancel the supply of precision equipment for their base, where could he possibly find help?

Lu Jingye looked away and shifted his gaze to the operating room as he said to Leader Zhang, "Little Zi went in to help. They will definitely chase her out. Go and say something."

Leader Zhang stiffened for a moment. Under the gazes of everyone else, he started walking inside the operating room.

Zi Yi walked inside the operating room and knocked on the door before she directly opened the door and went in.

At that moment, Feihu's breathing was barely perceptible as he lay on the operating table while several doctors were operating on him.

Everyone turned to look in her direction with the sound of the doors opening.

When they saw it was a young girl who walked in, one of them rudely said, "Student, please go out."

Zi Yi stood by the door and looked at Feihu's condition. "I'm here to help."

"You're unable to help."

Zi Yi's expression was taut. She talked about Feihu's current condition and said, "With how you're connecting its bones, even if he can walk in the future, he would be unable to stay in the training camp. Feihu is still young and he does not wish to leave now."

Her words caused the expressions of several doctors to sink.

It was considered good if they could even connect Feihu's legs. Yet, the student standing by the door was so arrogant and even said she could let Feihu remain!

Just then, Leader Zhang's voice, which did not seem to accept any forms of rejection, sounded. "Let Little Zi partake."

Everyone looked at Leader Zhang and the attending doctor furrowed his brow as he said with a dark expression, "Leader Zhang, this operation is not a joke."

Leader Zhang also had a dark expression on his face. "I know."

He then looked at Zi Yi. "Student Zi, are you able to guarantee that you'll be able to cure Feihu's legs?"

“Yes. I won’t be the one operating. It would do as long as they cooperate.”

Her words infuriated the doctors even more. In the training camp. They were capable of treating both humans and dogs and their medical skills were much better than those of ordinary doctors. Yet, they still needed an outsider to teach them how to operate?

No matter how they heard it, it sounded like a joke.

Leader Zhang knew the thoughts of those doctors. He then thought of Lu Jingye standing outside and said with a stern expression, “Listen to her.”

Having said that, he remained there without moving a single inch.

“This is an order.”

Even though the doctors were uncomfortable deep down, orders from the higher-ups could not be gone against. They could only swallow their anger and listened to Zi Yi as they continued with the operation.

However, a while later...

The group of doctors who were originally unwilling had all gathered their attention.

A few hours later, the operation ended and the attending doctor came over to Zi Yi as he asked excitedly, “Student Zi, did you study veterinary medicine in the past?”

Zi Yi nodded, “Yes.”

“For real? That’s what I thought too! Let’s go and discuss how we can have Feihu recover better after the operation!”

Chapter 335: Zi Yi, How Can You Do This? Looking at Handsome Guys is Everyone’s Right

It was already past 7 p.m when Zi Yi came out from the operating room.

At first glance, she saw Lu Jingye standing outside in the yard waiting for her.

A stream of warmth flowed in her heart.

“Ah Jing.”

Lu Jingye watched her walk towards him and he raised his hands to pin her hair behind her ears. “Are you hungry?”

Zi Yi nodded.

Lu Jingye held her hand and they walked to the main hall together.

When they walked in, Leader Zhang, Instructor Li, and Li Xia were already seated at the table as they waited for them.

The table was also filled with different types of dishes.

Leader Zhang laughed and said when he saw them walking in, "Little Zi, you're finally out. Come over and take a seat. Why didn't you say that it's your birthday today? I just had the kitchen prepare a cake for you, they should be sending it out shortly.

Because of you, we'll be able to try the dishes Little Lu personally cooked himself."

Zi Yi tilted her head and looked at Lu Jingye.

While holding her hand, he led her to one of the sides of the square table and they sat down together.

A portion of the food tonight was cooked by Lu Jingye and Zi Yi ate it with relish. The other three were rather tactful as they merely used their chopsticks to grab the dishes Lu Jingye cooked just once.

After all, it was food specially prepared by Zi Yi's boyfriend and they were not so thick-skinned.

Zi Yi enjoyed the food and deep down in her heart, the food Lu Jingye cooked was the most delicious.

After dinner, the kitchen sent over a cake.

The design of the cake was very simple. Leader Zhang saw the number 18 written on it and lamented. "It sure is good to be young."

He then looked towards Lu Jingye and said with a large smile on his face, "Little Lu, you've found a treasure this time."

The corner of Lu Jingye's lips curled up and he revealed a gentle and elegant smile.

Zi Yi nearly wanted to pounce on him at the sight of his smile.

"Oh heavens, so handsome! I'm going to faint!"

Li Xia directly started to fangirl right in front of Lu Jingye.

Zi Yi tilted her head and glanced at her before she used her hand to cover Li Xia's eyes.

Li Xia giggled while trying to dodge her hand. "Zi Yi, how can you do this? Looking at a handsome guy is everyone's right."

Zi Yi was particularly overbearing. "Mine is not available for viewing."

Her words had caused Leader Zhang and Instructor Li to chuckle.

After they finished the cake, Zi Yi and Lu Jingye went out for some air.

Zi Yi brought Lu Jingye to the training ground behind.

The military dogs had all returned to their resting place and the training ground was extremely quiet.

After they walked behind an obstacle, Zi Yi held Lu Jingye and directly pounced in his embrace.

Lu Jingye held onto her tightly and whispered a few words that caused Zi Yi to blossom in happiness.

The two of them continued to hug for a while before Zi Yi thought of someone and came out from Lu Jingye's embrace. "Ah Jing, lend me your phone for a while."

Lu Jingye passed his phone to her.

While she lay in his embrace, she keyed in strings of codes on the phone.

Soon, the program was done and she directly hacked into the base's HR database.

"Who are you checking on?" Lu Jingye looked at the phone and asked.

"I'm thinking of checking Doctor Zhang. That person gives me a strange feeling."

After she checked for some time, her expression turned chilly. "To think she used a fake identification. This woman named Zhang Xiaomei came from the countryside of G Province, but the Doctor Zhang we saw was definitely not her."

Zi Yi wanted to continue checking.

Lu Jingye stopped her. "Little Zi, I'll help you check on this person."

Zi Yi looked into his eyes.

"Since she can sneak in with a fake identity, it proves that she does not have a simple background. You might not be able to find out about her over the internet."

There were many things that could not be found on the net.

Zi Yi thought about it for a moment and did not continue to check. She then explained to him the places where she found Doctor Zhang to be weird.

Lu Jingye nodded as he listened.

After they remained in the training camp for over two hours, Lu Jingye sent her back when he saw that she was about to fall asleep.

Before they separated, Lu Jingye told her, "I'll come and fetch you on the day when your training ends."

Zi Yi nodded.

Early the next morning, as soon as Zi Yi entered the main hall, she heard Instructor Li talking to someone in the yard.

They were talking about Feihu's condition.

Zi Yi increased her pace and walked out.

The person Instructor Li was talking to was the doctor who operated on Feihu yesterday. The moment he saw Zi Yi walking out, he enthusiastically greeted her.

"Little Zi, good morning."

"Doctor Li, good morning."

Zi Yi walked over to the two men and Doctor Li smiled as he said, "Little Zi's method is surely useful. Feihu has already regained consciousness this morning."

"Is that so? Then I'll go take a look at him."

“There’s no rush.” Doctor Li called back Zi Yi and asked, “Little Zi, have you seen Doctor Zhang from our office?”

Zi Yi narrowed her eyes at his words. She then looked at him and asked, “Doctor Zhang went missing?”

Doctor Li nodded. “I heard from Little Wu in our infirmary that Doctor Zhang didn’t seem to have returned with them yesterday.”

Zi Yi lowered her eyes and thought for a moment before she asked, “Doctor Li, when did Doctor Zhang arrive at the base?”

“A few days before your military training.”

“Who introduced her here?”

Doctors in places like bases had to undergo strict screening and a referral before they could come in.

Doctor Li thought for a moment and told her a name.

Zi Yi nodded. She already had a guess in her heart and did not continue to ask.

Shortly after, she went to check up on Feihu.

Feihu was lying on the bed and when he saw Zi Yi coming in, he even whined at her twice.

Zi Yi stood by the bed and stroked his head. “Feihu, there’s nothing to be worried about. After your legs recover, you can continue to stay in the training camp.”

Feihu barked and he was obviously happy.

Zi Yi remained there for some time and Instructor Li came in to call for her. “Student Zi, Leader Zhang sent for you.”

Zi Yi was led to Leader Zhang’s office and he passed her a document.

While Zi Yi was reading through the document, Leader Zhang said with a taut expression, “If not for Little Lu who sent someone to investigate, I wouldn’t have known that Doctor Zhang was someone from the Dongfang Family.”

Zi Yi guessed that it should be someone from the capital who found her an eyesore and thus, snuck her way inside. However, she did not expect them to be from the Dongfang Family.

Leader Zhang continued to speak. “Little Zi, don’t you worry. The Dongfang Family and us aren’t a faction and since they dare to sneak someone inside, I will have a way to make them pay for it.”

Zi Yi asked, “Who from the Dongfang Family?”

“Dongfang Yan.”

Zi Yi nodded and asked another question. “What are you going to do with her?”

“Of course we will directly look for the Dongfang Family. Drugging the military dogs and even bringing someone to harm our people? I’d like to see how the Dongfang family argues their way out.”

Zi Yi disagreed with his methods. "Since Dongfang Yan could sneak in without getting discovered by the base, the person who introduced her is very likely to be used by her. There's definitely a helper behind. If you directly confront them, they might even use a scapegoat."

Zi Yi already had a plan in her mind. "I'll take care of this person. You'll only need to add fire to the flames at that time."

"How do you intend to take care of them?"

A murderous glint flashed past her eyes. "Of course it's to give them a taste of their own medicine."

Chapter 336: With Me Around, I Won't Let Your Younger Brother Die

Leader Zhang thought about it and nodded. "Alright then. As long as you are able to make her receive the punishment she deserves."

In fact, after Lu Jingye informed him about this issue, he had said that he and Zi Yi would take care of this. Since that was the case, Leader Zhang would certainly not oppose it again.

Now that they know the identity of the culprit, Zi Yi stayed in the training camp at ease.

The weather cleared up during the following days and the military dogs had all resumed their training.

Feihu had been lying down for the past few days and he appeared to be rather irritable, as they could hear his barking from time to time.

Zi Yi and the doctors had discussed several special treatment methods for the past few days and a few days before the training camp ended, Feihu was actually able to run about.

Everyone was amazed. "This... Feihu's recovery speed is too quick... Little Zi, you're simply a miraculous doctor!"

Feihu was clearly happy and he even deliberately rubbed Zi Yi's leg several times with his head.

The following days passed by like a rocket and were fleeting.

On the night of the last day of the training camp.

Li Xia was hugging one of the military dogs as she wailed and was reluctant to release her grip.

Instructor Li did not know whether to laugh or cry. "Student Li Xia. You're a student and you came here for military training."

Li Xia cried and said, "I don't want to go."

The military dogs seemed to also know that Zi Yi and Li Xia would be leaving the camp tomorrow and all of them were whining.

Zi Yi stroked Feihu and she also felt a little reluctant.

No matter how reluctant these adorable military dogs were, on the 28th of September, students of both schools were all gathered to the large training ground. After the debrief, the students returned to pack their belongings and left the XX Base.

There were many who had tears streaming down their faces when they left.

Zi Yi did not leave immediately after the military training debriefing session.

She had a discussion with the doctors about Feihu's subsequent recovery and also Instructor Li, together with the two other instructors who returned after visiting their relatives, about Feihu's training in the future. The discussion lasted until Lu Jingye drove over to fetch her.

When Zi Yi was about to leave, Feihu stood at the gates and continuously barked at her.

Zi Yi was about to get in the car, but she turned around and made a detour. She then took out a circular ball that had transformed into a collar before putting it around his neck. "This collar has many functions and it can assist you in your future missions. Also... if we are fated, we will meet again in the future."

Having said that, she turned around and headed towards the car.

Even after she had closed the door, Feihu was still barking.

Lu Jingye had simply driven away.

When the car drove to the main entrance, they saw Leader Zhang waiting for them there.

Lu Jingye stopped the car.

Leader Zhang walked over and reminded Zi Yi. "Little Zi, just give me a call when you are done with the robots for the base."

Zi Yi nodded and Lu Jingye made a phone call.

Leader Zhang was relieved at her response and his expression turned serious. "When you return and take care of that woman, do remember to inform me about it. If the Dongfang Family dares to cause trouble for Little Zi, I won't hesitate to clean them up."

Lu Jingye responded with an ok and started the car and drove away.

After the car drove out of the camp, Zi Yi asked Lu Jingye, "Have you gathered all the equipment to refine the medicine for your brother?"

"I still lack one piece of equipment and a few others needed to be custom made. It should be done after you return."

Zi Yi nodded and asked about Lu Yunxiao's current condition.

Fortunately, Lu Jingye was capable and could gather the best medicinal ingredients and doctors from all around the world, which allowed them to maintain Lu Yunxiao's life and the functions of his body.

Zi Yi saw that Lu Jingye had subconsciously tightened his grip on the steering wheel when they were discussing Lu Yunxiao. "Ah Jing, how did your younger brother get injured so badly?"

"I don't know."

Lu Jingye suddenly stopped the car and closed his eyes as he said with a calm expression, "When he came to me, he only told me not to let anyone know that he's injured. After that, he lost consciousness."

Zi Yi looked at Lu Jingye and suddenly unbuckled the seat belt and leaned forward to give him a kiss on the lips.

Lu Jingye looked back at her with his deep-set eyes.

Zi Yi said, "Everything will be okay with me around, I won't let your younger brother die."

Lu Jingye raised his hand and held the back of her head as he pressed down towards her lips.

Sometime later, the car continued to drive.

Zi Yi took out her mobile phone.

She did not expect to receive an inordinate number of missed calls and messages after not having her phone around her for about a month or so.

The calls were from Zhou Shiyu, and the majority of the messages were also from him. Some of the other messages were from He Fei and Ouyang Ming.

Zi Yi tapped in to check Zhou Shiyu's last message.

Zhou Shiyu: Boss Zi, I beg you to save my brother. We have found evidence of how we got framed, but we are unable to return to the main family, as we are being chased down.

Zi Yi checked the time when Zhou Shiyu had sent her the message. It was two nights ago.

She thought about it for a moment and did not call him. Instead, she quickly entered a series of codes on her phone and managed to find the location of his phone very quickly. She then turned on the camera and microphone.

The camera was pitch black, but there were sounds.

"Run if you dare!"

Following that shout were sounds of kicking and groaning in pain.

Zi Yi furrowed her brow and said to Lu Jingye, "My racer seems to have been kidnapped."

Lu Jingye asked, "Do you want me to send someone to rescue him?"

Zi Yi checked the location on the phone and said, "It just so happens that we will drive past the area on our way back. Why don't we save them when we pass by?"

Lu Jingye glanced at her and said, "I'll get my men to save them and we'll bring them back."

Zi Yi nodded and Lu Jingye made a phone call.

After they drove for another two hours or so, they could see several cars parked ahead.

Lu Jingye informed Zi Yi. "They're my men."

Zi Yi rolled down the window. When the car arrived there, she glanced at the Zhou brothers who were seated in the opposite car.

They did not look as bright and presentable as before. It was obvious they had suffered plenty during this period of time.

When the two of them saw her, they appeared to have something to say.

Zi Yi spoke up in advance. "Let's talk after we leave."

Having said that, she wound up the windows and the car directly drove to Lu Jingye's villa.

Zi Yi was a little surprised.

Lu Jingye explained. "There's no need to let them know your exact address."

Zi Yi thought about it for a moment and nodded.

After the car drove into the villa, the car tagging behind them had driven in shortly after.

Zi Yi and Lu Jingye alighted and the housekeeper, who was already waiting for them before that, had come up as he said to Zi Yi with a smile, "Miss Zi, welcome home."

Zi Yi revealed a smile and said, "Long time no see~"

The housekeeper went to get her suitcase out of the trunk and asked, "Miss Zi, are you staying over tonight or will you be returning to your place?"

Zi Yi thought about it and said, "We'll be staying at my place. Both me and Ah Jing."

The housekeeper's smile deepened. "Alright."

He then looked at the two other men who alighted from another car and motioned to one of the helpers. "Send Miss Zi's luggage over."

After the helper took the luggage, the housekeeper went to get other helpers to prepare drinks.

The Zhou Family brothers made their way over.

Zhou Shiyu called out awkwardly, "Boss Zi."

Zi Yi looked at them with a straight face and did not feel like talking to them. Thus, she said, "The one who saved you were Ah Jing's men."

Having said that, she went in the direction of the villa.

Chapter 337: Are You Willing to Come and Work For Me?

The Zhou Family brothers looked towards Lu Jingye who stood to the side away from them.

With a gentle expression on his face, he made an invitational movement. "If the both of you have anything to say, you can come inside and sit down to discuss it."

Having said that, he led them inside.

Zi Yi and Lu Jingye sat on the sofa. When the Zhou Family brothers had followed them inside, they looked at the filth on their bodies and felt inexplicably embarrassed as their faces turned red.

Just then, Lu Jingye pointed to the living room below and said, "The first room is for you to sleep in tonight. There are toiletries prepared inside. You can go and wash up first."

The Zhou Family brothers were momentarily stunned before they hastily thanked him and headed in that direction.

Zi Yi looked at the both of them making their way into the room and snorted in dissatisfaction. "I should have made them have a taste of true suffering!"

Lu Jingye smiled and leaned over to grab a fork and fed her some snacks. "Since you've saved them, it means you noticed something good about them. If you want someone to be loyal to you, you have to use a carrot and a stick."

Zi Yi took the snack and only responded after she took a bite.

At that moment, the housekeeper walked in from outside the door.

Lu Jingye said to him, "Send two sets of clothes to them along with injury ointment."

The housekeeper glanced in the direction of the guest room and knew what had happened. He turned around and told a servant to prepare some clothes and ointment.

Zi Yi leaned her head against Lu Jingye and they started to talk about the Dongfang Family.

Zi Yi said, "Dongfang Yan had already left before we came back to the XX Base. Where is she right now?"

"She's in the Dongfang Family." Lu Jingye said, "She disguised herself before she entered the base and thinks that we are unaware of her true identity."

Zi Yi sneered. "It's better this way. I'll be able to play around with her then."

Lu Jingye raised his hand and touched her head. "Dongfang Yan is a top student from a Medical University. She studied Chinese medicine and is good with poisons."

"Poisons?" The corner of Zi Yi's lips curled up. "Then I'd like to compete with her on who is more proficient in it."

It just so happens that she had not visited the black market for quite some time. It was not a bad idea to purchase some rare poison items and poisonous herbs to craft some poisons. As someone from the interstellar era, the number of poisons Zi Yi had knowledge of was so vast. How could Dongfang Yan possibly compare?

However, she did not have much time to make poisons in recent days and so, she turned to Lu Jingye and asked, "Ah Jing, do you know anyone who can make poison?"

"Yes."

Zi Yi narrowed her eyes. "I'll pass you some recipes then and you can get your men to help me make those poisons." After she returned from participating in the calligraphy competition, it was a good time to take care of Dongfang Yan.

"Okay."

When the Zhou Family siblings came out after they washed up, they saw Zi Yi leaning her head on Lu Jingye's shoulders.

The Second Brother, who was highly respected in high society, was actually feeding her with a gentle expression on his face!

The two brothers subconsciously looked at each other and suddenly felt a little embarrassed to make their way over.

Just then, Lu Jingye turned around and looked at them.

Shortly, he said to Zi Yi in a whisper, "They're out. Let's have a meal first."

Zi Yi nodded and the two of them stood up.

Lu Jingye said to the Zhou Family brothers, "Let's eat first. Anything to be discussed can wait until after the meal."

The Zhou Family brothers did not expect such good treatment and instead, they felt somewhat uncertain.

Unexpectedly, Lu Jingye added on, "Little Zi just returned from the military training today and she still has to report to school tomorrow. The conversation must end before 9 p.m."

What he meant was that no matter what time it was after dinner, they could only speak with Zi Yi until 9 p.m.

They both subconsciously glanced at the time. It was already after 7 p.m right now.

The Zhou Family brothers no longer spoke and they followed them to sit down, they then started to eat.

Lu Jingye first scooped a bowl of soup for Zi Yi to drink before he touched his chopsticks.

Throughout the meal, the Zhou Family brother's view on Lu Jingye's gentleness and consideration was refreshed.

They were not close with Lu Jingye in the past, but they would often hear information about him.

It was said that even though Second Brother was a gentleman, he would keep an appropriate distance from all women.

It was also said that Second Brother never looked at one's backing and only looked at one's abilities.

The Zhou Family brothers felt very stressed throughout the meal.

After dinner, Lu Jingye patted Zi Yi on her shoulder. "I'll go to the study room. We'll leave at 9 p.m."

Zi Yi nodded in response and Lu Jingye made his way upstairs.

Zi Yi looked at the Zhou Family brothers sitting next to her. After the servants served the refreshments, she asked, "What do you have to say?"

Zhou Shiyu clenched his fists and said, "Thank you for saving us today."

“And then?”

Zhou Shiyu did not know what else to say.

After all, they were currently being chased down, and could it be that he had to beg her to deal with the men chasing them?

Zhou Shiyu felt that he did not have the face to bring up this request.

Just then, Zhou Shijin said, “Thank you for reminding me that I had fallen into someone’s trap in the past. I have already found the evidence.”

“So you’re getting chased down due to that?” Zi Yi did not quite understand their situation. “Since you’ve found the evidence, shouldn’t you be informing your grandfather at the very first instance? Could it be that you went to confront the culprit face to face?”

Zi Yi’s words were very sharp and straightforward. Traces of embarrassment and sadness flashed past Zhou Shijin’s face. “It’s not that... I’m not afraid of Boss Zi laughing at me. When we had gathered the evidence, I had told my fiancée about this matter. But...”

Speaking up to here, he suddenly was unable to say it out loud.

Zhou Shiyu’s expression, on the other hand, was filled with fury and he helped his brother complete the sentence. “My brother loves that woman so much but we didn’t expect her to be having an affair with our eldest cousin!”

Zi Yi remained silent for a moment after she heard the story. She did not express any sympathy nor did she try to persuade him. Instead, she asked, “Could it be that you don’t even have the money to hire bodyguards?”

Unexpectedly, the two brothers’ faces were flushed red.

“That’s right. All our cards have been frozen.”

Zi Yi knew of the situation of the two brothers. Their parents died in a car accident a few years back and they had been supporting each other all these years. Even though they appeared to dislike each other on the surface, they were the ones who cared about each other the most.

In fact, Zhou Shijin had good abilities, just that he trusted people too easily, which caused him to end up in such a miserable situation this time around.

Zi Yi felt that after he had experienced this incident, he would certainly change a lot. It just so happens that she needed a manager right now. “If I help you this time, I want you to give up the fight in inheriting the Zhou Family mantle and come over to work for me. Are you willing to do so?”

“You...” Zhou Shiyu wanted to say that Zi Yi was fishing in troubled waters.

However, Zhou Shijin spoke before he could and said, “Okay.”

After all, he never liked being the successor of the Zhou Family. If it were not to prevent them from getting bullied by other people, he would have tried to venture out alone himself.

“Brother, didn’t you say that you must become the successor of the Zhou Family?” Zhou Shiyu growled at him in a low voice as he expressed his confusion. “Why do you agree to her conditions?”

Zi Yi clicked her tongue at what she heard.

Zhou Shijin looked at his particularly impulsive younger brother and asked another question instead, “Didn’t you always oppose me fighting for the position of Zhou Family’s successor?”

“I-”

“The reason why I had been fighting for the position is so that we can be treated better in the Zhou Family. However, after what we have experienced during this period of time, I feel that I don’t want that position at all. If possible, I hope that the Zhou Family will decline instead.”

Chapter 338: What a Spectacular Drama

Zhou Shijin widened his eyes in shock and looked at him.

Zhou Shijin spoke up again. “There’s something I’ve never told you. In fact, our parents did not die in a car accident. Instead, it was our other relatives who collaborated to kill them.”

“What?!”

“The reason for that was because grandfather valued father the most.”

Zhou Shiyu’s lips quivered. After a long time, his mental state collapsed and he gave Zhou Shijin a punch as he yelled out loud, “Why didn’t you tell me earlier?!”

Zhou Shijin did not respond to that.

Zi Yi, who was sitting on the sidelines, clicked her tongue again and said rudely, “If you knew about this earlier, with your quick temper, you would have perhaps caused more trouble for your brother.”

Zhou Shiyu wanted to refute, but he felt that what she said was spot on.

Zi Yi looked towards Zhou Shijin and gave him an offer. “I’ll help you make the evidence you’ve gathered public and get the five billion dollars back. In return you’ll work for me for 10 years.

Hearing her words, Zhou Shiyu suddenly looked towards Zhou Shijin. His lips moved as if wanting to say something but he ended up restraining himself.

Zhou Shijin lowered his eyes and only pondered for a few seconds before he agreed to it. “I’ll accept your offer.”

He then asked, “How do you intend to make this thing public?”

Zi Yi did not answer him straight away. Instead, she called out towards the door. “Housekeeper.”

The housekeeper walked in from behind the door and said, “Miss Zi, how can I help you?”

“Help me fetch my laptop.”

“I understand.”

The housekeeper soon brought Zi Yi's laptop to her.

Zi Yi switched on the laptop and asked Zhou Shijin, "Where's the evidence you've gathered?"

"It's kept somewhere very safe."

Zhou Shijin wanted to say he would fetch it at once, but Zi Yi had swiftly tapped on the keyboard and had no intentions to let him leave.

After a while, she asked, "What is the evidence stored in?"

"A USB."

"What's the number of the USB?"

"254746"

Zi Yi no longer asked him any more questions. Zhou Shiyu wanted to say something but was held back by Zhou Shijin's gaze.

For a moment, only the tapping sounds of the keyboard could be heard in the living room.

Sometime later, Zi Yi said to the two of them, "It's done. I've copied your evidence over. Come and take a look. If you agree to it, I'll directly send this evidence to the judicial authorities."

The Zhou Family brothers looked at her in surprise.

Zi Yi looked up and saw that they were speechless. She then added, "If you don't wish to go through legal channels, I will directly upload this evidence on the internet. After uploading it, the Zhou Group will be severely affected."

Zhou Shiyu looked at Zhou Shijin and felt inexplicably excited. "Bro, let's put the evidence online."

If they uploaded it on the internet and it caused a huge sensation at that time, the judiciary authorities would also intervene. At that time, they might truly be able to topple the Zhou Family.

A trace of hatred flashed past Zhou Shijin's eyes and he nodded. "Okay, put it online."

He was calmer than Zhou Shiyu and he asked, "Can you guarantee that after the evidence is uploaded online, they are unable to remove it?"

"Of course."

Zi Yi mentioned it casually but the Zhou Family brothers believed that she had the capabilities without needing any specific reason.

After Zi Yi obtained their consent, she started to upload the evidence online.

The Zhou Family brothers could not sit still and they stood up at the same time to stand behind Zi Yi and see the screen.

The lines of codes that appeared on the screen caused the two brothers to feel dizzy.

Just then, the housekeeper standing by the sidelines left to grab two laptops for the two Zhou Family brothers.

“Mr. Zhou, you can check the situation with this laptop.”

Zhou Shijin hastily took the laptop and thanked him before he and Zhou Shiyu walked over and sat down. They then started to browse the net.

When the news headline of [Zhou Family’s First House Eldest Son Framing the Two Young Masters of the Second House, and Had Pocketed 5 Billion From the Company] had forcefully popped up on the screen on everyone’s computer, the whole internet had exploded.

Some people started to complain, just from the sight of the article title.

“It must be fake. Even though the rich families in TV series like to show those fights for power and profit, I doubt real-life rich families would do this?”

“Oh gosh, it’s five billion! I’m someone who has never even seen 50 million in my life. I was stunned for a moment before I realized how many zeros there were behind the five.”

“I feel like I’m watching a TV series.”

“Could it be that someone is deliberately slandering the Zhou Family’s Eldest young master?”

When everyone clicked onto the news article, all the previous discussions stopped.

“What the f**k?! They’re so ruthless!”

“Suddenly I feel that I am very fortunate that I was not born in a rich family. I always felt that the plots of people who harm their own family members for profits, were all exaggerated in TV shows.”

“I suddenly find that the two brothers of the Zhou Family Second House are so pitiful. Not only were their parents murdered, they have also encountered such a thing.”

“Tsk... Is the Zhou Family First House still humans? Not only did they secretly transfer away five billion to frame the two young masters, but the Eldest young master of the First House even had an affair with the girlfriend of the Eldest young master of the Second House.”

“That woman is such a b*tch!”

“What a spectacular drama.”

“Waiting for the follow-up.”

...

A few minutes had passed when the Zhou Family knew of what happened over the internet.

They instantly fell into an uproar. In particular, those from the First House. They were simply in a mess.

“Remove all those news articles online at once! No matter how much money is needed, it must be removed at once!”

“It can’t be removed!”

“Why can’t it be removed?”

PA!

Inside the study room of the First House.

Zhou Hongxu’s father gave him a slap and pointed at his nose as he said angrily, “Didn’t you guarantee that these things will never appear? What’s going on right now?”

Zhou Hongxu’s face turned to the side due to the slap and the corner of his lips had started to bleed. He disregarded the pain on his cheeks and said with a shocked expression, “I don’t know either.”

PA!

Another slap went flying.

Zhou Hongxu swallowed the metallic blood and his bewildered brain seemed to have finally cleared up slightly.

The moment it cleared up, he became afraid. “Father, what should I do now? This has caused a huge uproar over the internet and grandfather will get to know about this very soon!”

“What to do? Now you know how to ask me what to do?” Zhou Hongxu’s father was so angry that his chest rose and fell quickly. “At that time, I had warned you to be more secretive, why didn’t you listen?”

Zhou Hongxu said anxiously, “I was already very secretive.”

He suddenly thought of the kidnapers he had hired and hastily took out his phone to give them a call.

However, what came back was only beeping sounds.

Zhou Hongxu’s heart sank as he knew that something happened on the side of the kidnapers.

His expression instantly turned white and was without the slightest trace of blood. “Father, what should I do now?”

“What to do? What to do?!”

Zhou Hongxu’s father paced around back and forth in the study room and he was also feeling anxious.

Just then, someone knocked on the study room and the father and son suddenly trembled.

“Who?”

The person outside the door replied, “Laoye[1] is calling for you and the young master to make a trip to his place.”

The expressions of the father and son instantly changed upon hearing that.

Zhou Hongxu’s father controlled his voice and said, “I understand. Tell Laoye that we’ll be right over.”

After the person left, Zhou Hongxu’s legs gave out and his lips trembled as he asked, “Father, what should we do now?”

Zhou Hongxu's father shook and he leaned on the desk as he clenched his fists. A trace of fierceness flashed through his eyes and he gritted his teeth and said, "What can we do? We can only rush headlong into danger right now."

[1] Laoye is a term to call the head of a family, in particular the Zhou Family.

Chapter 339: You Contributed the Most Last Night, So Why Aren't You Tired?"

At 2 a.m in the morning, a piece of huge sensational news broke out that was related to the Zhou Family.

The Zhou Family head suddenly fell into a critical condition and the Zhou Group was taken over by the First House and yet, no one from the other houses stood out to protest.

Over the internet, N sorts of drama plots were imagined out of thin air. Everyone knew that there was definitely something fishy behind the scenes. There were many who decided not to sleep just to wait to see the follow-up story of the Zhou Family.

Next day in the morning, 6 a.m.

As expected, another great change happened within the Zhou Family.

Informed sources had exposed that the funds in the Zhou Group's accounts had turned to zero overnight.

Shortly after, all the companies that collaborated with them had stepped forward to demand a refund.

Even the judiciary personnel were alarmed.

The Zhou Family instantly fell into chaos.

At 7 a.m, Zi Yi, who originally said she would return to the villa, but had not done so, was walking down the staircase while rubbing her eyes. Lu Jingye who was following from behind had simply grabbed her hand and revealed a concerned expression. "Stop rubbing your eyes. Take some eye drops later."

Zi Yi turned around and smiled at him. "You contributed the most last night, so why aren't you tired?"

Zi Yi was only responsible for the matters over the net. As Lu Jingye could not bear to see her suffer, he had directly taken over the job of wiping the Zhou Group clean.

Lu Jingye looked at the young lady who was blinking at him and raised his hand to gently pinch her tender and soft cheeks before he said, "I'm used to staying up late, whereas you're still growing."

Zi Yi acted cutely and said, "How am I still growing? Could it be that you think my body still needs to grow?"

After she said that, she even deliberately pounced into his embrace for him to feel whether her body still needed to grow.

Lu Jingye felt as if someone had plucked his heartstrings. He suddenly glanced at the two brothers waiting downstairs and tried his best to keep a straight face. "Don't be naughty."

The Zhou Family brothers who were sitting downstairs and looking at them expectantly: "..."

Hearing and spectating such flirting early in the morning was seriously a bad start for the day.

Only then did Zi Yi notice the two of them sitting downstairs and said unhappily, "What are you doing here so early in the morning?"

The two brothers: "..."

Zhou Shijin took a deep breath and said, "Thanks for all that you have done for us last night."

"No need for the thanks." Zi Yi was very direct. "You just have to remember what you promised me."

Zhou Shijin seemed as if he wanted to say something else, but his lips opened and closed.

A few seconds later, he said, "Alright. I will go and take care of the remaining matters. After I'm done with them, I'll come to look for you to report to work."

Zi Yi nodded in satisfaction.

Zhou Shijin headed towards the door and Zhou Shiyu followed suit.

Just then, Zi Yi spoke up. "Since you're going to resolve the matters related to the Zhou Family, you're penniless right now. Can you even enter the gates?"

The two brothers suddenly stopped walking.

Zi Yi took out a credit card from her person and another circular ball. She changed the ball into a remote control plane and placed the card on it before the plane flew towards Zhou Shijin.

"There's 500 million in the card. It's enough for you to hire bodyguards and take care of those people. The password is 222222. As for the assets of your Zhou Family, I will have it transferred into your account after you take care of your matters."

Zhou Shijin took the card and left with Zhou Shiyu.

Zi Yi looked at the two departing backs and turned to look at Lu Jingye standing behind her. She puffed out her cheeks and said, "I originally planned to go catch up on the sleep that I lost last night."

In that case, she would be able to trick him into her room.

Lu Jingye looked at the young lady's puffed-up cheeks and how could he not have guessed her inner thoughts? He deliberately diverted the topic. "Aren't you going to attend the opening ceremony of M.Uni? Go and have your breakfast first."

Following that, he held her hands and headed downstairs.

While they walked, Zi Yi said, "Not only is there an opening ceremony, there are also orientation activities in the evening and the school requires me to attend."

Lu Jingye tilted his head and looked at her while his eyes contained a smile. "Do you have a program for the evening orientation?"

"Nope, I'm just responsible for watching."

Zi Yi then smiled and asked him, "Will you be coming in the evening?"

With the orientation ceremony and national day coinciding, the school had invited many celebrities and upstarts who graduated from M.Uni. The scene at that time would certainly be very lively.

Lu Jingye did not have time available today and so, he said, "I'll come to pick you up nearing the end of the party."

Zi Yi nodded her head in response.

The two of them ate breakfast and Lu Jingye headed to the company.

The opening ceremony for the freshmen was held at 9:30 a.m. It was still early right now and Zi Yi planned to head to the School of Fine Arts first to visit Dou Xiangling.

The M.Uni was extremely lively today and there were all kinds of welcoming banners along with new year's banners.

Zi Yi's car drove into M.Uni. Along the way, there were many freshmen and everyone was gathered in groups of three and five as they walked and chatted with each other.

Zi Yi's car entered the school grounds and immediately attracted a group of envious gazes.

A woman pointed towards the racing car and said to the female student beside her, "What a beautiful racing car. I wonder how much it costs."

The other female student's eyes were also filled with envy. "From the looks of it, it seems like a car driven by a rich second-generation young master or young lady."

Hua Xiaoli, who was walking on the other side, pointed at the car that drove past and said to Zi Xuan, "Zi Xuan, I recall that Zi Yi was also fond of driving racing cars. Say, could that car be..."

"What are you trying to say?" Zi Xuan looked at her in displeasure. "There are many people who know how to drive a racing car."

She did not even wish to hear of the name Zi Yi, but Hua Xiaoli seemed as if she liked to strike up a discordant tune with her. The moment they met, she would always bring up Zi Yi. In the end, she decided to separate from her. "I still have something to do at the Teacher's Building. You should go ahead to the auditorium first."

"Sigh..."

Zi Xuan did not even wish to talk to her and she immediately left.

Hua Xiaoli looked at Zi Xuan's departing back and clicked her tongue. "You should just admit that she's here. I would like to see how you can argue your way out, after you personally see Zi Yi here."

If not for the fact that Zi Xuan had such a nice apartment, which she hoped that she could move into and live with her there, Hua Xiaoli actually hated people like Zi Xuan who pretended to be lofty. "Tsk, to think that you look down on Zi Yi. From my point of view, there's no difference between the two of you. Just because your family is rich, do you think you're all that great?"

After Hua Xiaoli said her piece, she turned around and left.

When Zi Yi was on the way to the School of Fine Arts, she gave Dou Xiangling a call.

Just as she arrived at the building, Dou Xiangling had come out from there.

Dou Xiangling was wearing a formal suit today and her hair was simply shining under the bright sun, making her look intellectual, generous, and beautiful.

“Cousin.”

Dou Xiangling greeted her with a smile and asked, “Yiyi, you’re just in time. Let me tell you about the timing of your departure.”

The competition would happen on the 3rd and their flight would be 12:30 p.m tomorrow.

After they finished the discussion, Zi Yi suddenly asked, “How’s it going with Teacher Zhang?”

Dou Xiangling did not expect Zi Yi to ask that question. A complicated look appeared between her brows and she said, “He’s still in the hospital.”

Zi Yi looked towards her and did not wish to see such a complicated expression on her face. “Cousin, if you don’t like Teacher Zhang, you can tell him outright. You shouldn’t feel wronged just because he saved you.”

Dou Xiangling was momentarily surprised before she laughed. “What’s a young lady like you thinking about? I will settle this matter, don’t let your mind wander.”

Chapter 340: Zi Yi Asks Zi Xuan, Why Can’t I Be Here?

Since Dou Xiangling had said it this way, Zi Yi did not say anything else.

After all, these types of things can only be resolved by the person involved.

The two of them started to talk about their Grandfather.

“Grandfather is able to talk now. He can even get down from the bed and walk a few steps.”

Having said that, joy could be seen on Dou Xiangling’s face. “I heard that Grandfather has been taking the prescription you made and his complexion has gotten much better too. After we return from the competition, he might even be able to be discharged from the hospital and come home to recuperate!”

Zi Yi was also happy from the news she heard.

Dou Xiangling pulled Zi Yi’s hands and said, “Yiyi, why don’t you visit Grandfather before we go overseas? Even though he did not bring it up, but when I went to visit him last night, he even asked about your situation during the military training.”

Zi Yi thought about it for a moment and nodded. “Then I’ll go and visit him in the morning tomorrow. At that time, we can directly set off to the airport.”

“Sounds great.”

After they chatted a while more, they headed towards the First Auditorium.

M.Uni's First Auditorium was located in between the School of Foreign Language and School of Sciences and it was the largest auditorium in the school compound; it could accommodate up to 8000 people.

There were around 5000 freshmen and coupled with the various directors and faculty members, it would only be around 6000 people.

When Zi Yi and Dou Xiangling made their way over, the freshmen were walking in one after another.

Everyone could not help but stop and look in her direction when they saw Zi Yi.

"Quick, look over there. That's the beautiful girl from the independent enrollment examination who scored the first place and yet, she enrolled in the Archaeology Major."

"Oh heavens, isn't she too beautiful? She's even prettier than the photos on the school forum!"

"We were all tanned from the military training, so why is she so pale?"

"I heard that when she was in military training, her good looks had distracted everyone around her from the training, and the leader had directly transferred her to the military dog training camp."

"I wonder if she has a boyfriend?"

"Not only is she beautiful, she even has such a hot body. The heavens are simply unfair!"

Many of the male students stopped walking after they saw her.

Dou Xiangling could not help but laugh. "Yiyi, you will definitely receive plenty of love letters in the future."

Zi Yi coldly glanced at them and looked away while she raised up her hand to reveal the ring. "I already have a boyfriend."

Dou Xiangling was a little surprised to see the ring on her finger. "Mr. Lu gifted it to you?"

"Yep."

Dou Xiangling did not speak after that, but she was feeling complicated emotions deep down.

Yet, the women had breathed out a sigh of relief.

However, before they had fully relaxed, they heard a nice-sounding voice call out to Zi Yi.

"Junior Zi."

When Zi Yi and Dou Xiangling looked over, the other people had also followed suit.

"Oh my~ So handsome!"

"Isn't this the Head of the Marketing Department of the Student Union, Chu Xuan? Why is he looking for Zi Yi?"

Just as everyone was paying full attention to the situation, Chu Xuan walked over with a smile.

"Junior Zi, do you remember me?"

Zi Yi looked at the man before her and coldly replied, "Yes, I remember. Why are you looking for me."

"I am Chu Xuan, the Head of Marketing Department of the Student Union. On behalf of the Head of Culture and Sports Department, I'm here to invite you to participate in tonight's New Year's Eve event."

Zi Yi furrowed her brows and was about to reject him.

Dou Xiangling raised her hand and patted Zi Yi's hand as she smiled and said to Chu Xuan, "Student Chu Xuan, my cousin just returned from the military training and she has made no preparation in advance. Isn't it too much for you to invite her to participate in a program like this?"

Chu Xuan hastily tried to explain. "You are mistaken. The program does not necessarily require you to do a song or a dance. I heard that Student Zi is skilled in painting, you can simply complete a painting for the program."

After he said that, he smiled and deliberately asked, "Could it be that Student Zi is not confident of her skills?"

"Having confidence or not is not something a program in an event can prove. Senior Chu, since your Student Union wants me to perform, you should have informed me before my military training. If you're telling me only now, can I assume that the Student Union is deliberately trying to make things difficult for me?"

Chu Xuan was not stumped by Zi Yi's harsh words. He still maintained a smile and said, "How could it be considered as making things difficult for you? We all believe that Junior Zi has the capability."

Zi Yi narrowed her eyes and looked at Chu Xuan.

Chu Xuan lowered his eyes and said, "You can obtain credits from participating in the evening event. Aren't you tempted by it?"

"Nope."

Zi Yi was originally about to think about it. The moment she heard what he said about credits, she suddenly did not wish to even consider it.

Receiving credits is as easy as ABC for her and she does not need to participate in such events.

Chu Xuan did not expect Zi Yi to leave. Just as she wanted to speak up again, a sharp voice sounded from the side. "Zi Yi, why are you here?"

Zi Yi's footsteps paused when she heard the voice.

Everyone looked towards the female student who was fuming in anger.

Dou Xiangling furrowed her brows and came closer to Zi Yi as she whispered in her ears, "Yiyi, is she that younger sister of yours?"

"That's right."

When Zi Yi replied to her, Zi Xuan had already dashed over in anger.

She looked at Zi Yi and questioned, "Why are you here?"

“Why can’t I be here?”

Zi Yi looked at her and snorted.

She originally planned to ignore the Zi Family members as long as they did not appear before her to cause trouble, on the account of the original owner of this body.

However, the young lady before her does not seem to have the same thoughts.

Zi Xuan felt that the presence of Zi Yi was humiliating for her. When she saw that she actually dared to stand here in broad daylight, her face turned red from anger as she shouted, “This is M.Uni, not a place that you can mess around in. If you want to mess around, please go outside.”

“Mess around?” Zi Yi spoke these two words in a playful manner then she sized up Zi Xuan up and down. “As expected of someone who has turned stupid from studying.”

“You—”

Zi Xuan was so angry that her chest undulated heavily.

Dou Xiangling couldn’t stand it any longer and said, “Yiyi’s younger sister, if you continue to act like this, the principal will personally come and visit you shortly.”

Zi Yi’s lips curled up and she looked at Zi Xuan. “What my cousin said is right. Talking to someone who lives in her own world is simply a waste of time.”

After she said that, she whispered in Zi Xuan’s ears, “Keep your eyes open wide and see how a person who you regarded as an idiot becomes someone who is out of your reach.”

The original owner had always been called an idiot by her younger sister. Since that was the case, she shall let her know the feeling of being inferior to an idiot.

Following that, Zi Yi turned around and headed into the auditorium together with Dou Xiangling.

Zi Xuan stood there with an ashen expression.

Right now, there were many people surrounding her as they commented about her behavior.

“Who is she? To think she said that Student Zi is here to mess around?”

“Student Zi clearly came here to participate in the opening ceremony like us.”

“That’s right, could it be that she doesn’t know that Student Zi was the top scorer of the independent enrollment exam?”

...

When Zi Xuan heard the whispers, she felt as if she had been struck by lightning and stood there motionless.

It was only after a long time did she conceal the shock and disbelief on her face and headed towards the auditorium.

She did not believe that an idiot, who only knew how to spend her dad's money and mess around with people from the underworld, would be the one who scored full marks in the independent enrollment exam!

She had to verify it personally!
