### Chapter 5: Lu Jingye Was a Busybody

Ung!

He Fei was unaware that he loudly swallowed his saliva as his heart palpitated.

He clearly fancied her.

He could not help praising her, "Miss Zi, you look very pretty without makeup on."

Zi Yi and Lu Jingye turned their heads sideways and looked at him.

He Fei blushed when Zi Yi looked at him with her confident and calm eyes.

He did not expect the woman before him... No, correction... Zi Yi was clearly just a girl without her makeup on. Now that her thick makeup was removed, she had even more exquisite features and a flawless complexion. She was totally his type!

Zi Yi veered her eyes to look at Lu Jingye as she took out her gold card and said, "Put it on my card and get me some food."

There was one more hour to go before it was 3:00 pm, so she had to hurry over.

"It's free."

He Fei finally recalled he was the real boss here. He struck a pose as he brushed his bangs backwards and acted cool. "If you give me your number, you can have the parts for free."

1

Zi Yi first looked at He Fei dressed in a pair of jeans and a vest top with a pendant and chain hanging from his neck, looking like a rogue. Then she looked at the mature-looking Lu Jingye dressed in a suit and black shirt. She felt that He Fei was an attention-seeker.

She checked her wristwatch and rushed Lu Jingye, somewhat impatiently. "I have somewhere to go. If you need time to do the math, I will come back and pay after I am done. You don't have to be worried about payment."

Since the original owner of the body was known as a big spender, Zi Yi was certain that the workshop owner would be understanding about payment.

"No..." He Fei felt anxious.

She was deeply mistaken!

How could he hit on her without at least having some status?

Lu Jingye took her gold card, handed it to He Fei, and spoke in a non-negotiable tone, "Swipe her card and get her some food."

He was keenly aware of He Fei's personality. Since he had promised his father to bring him home, he was not about to give He Fei the chance to hit on girls now.

"I..."

"Hurry up."

He Fei spinelessly succumbed to Lu Jingye's intimidating aura and took the card before heading to the cashier.

After leaving the workshop area, he muttered, "Do you think that's going to stop me from hitting on her? The Zi family..."

He Fei suddenly touched his chin as he contemplated, "Although they have a lower status, her grandfather was highly respected. If I fought for it, I might just succeed."

Since he had to get married, he should pick a woman he loved.

Zi Yi and Lu Jingye stood there and waited for a while until her phone suddenly rang.

It was Li Xiangnan calling.

Li Xiangnan asked right away, "Miss Zi, you have one more hour before it is 3:00 pm. Everyone is waiting for you at the foot of Mount Li. Are you still going to race?"

Zi Yi replied, "I'll be right over."

A rascally voice came through the phone, "Don't put up a fight and just be my woman. There is no way your racer can win against me. Hahaha!"

Zi Yi spoke calmly before she hung up the phone, "Who said he is the one you are competing against?"

She looked up and made eye contact with Lu Jingye's deep dark eyes.

Zi Yi pondered before she said solemnly, "Although your skills as a mechanic are lousy, you have a lot of parts available. I might come by more often from now on. Can you get these things for me? Price isn't a problem."

Lu Jingye looked at her eyes. Since she was Old Master Dou's granddaughter, she should not get distracted from her studies.

"If I'm not mistaken, you're in senior high. Since you're a student, you should focus on school."

Zi Yi frowned unhappily. "You are not only a lousy mechanic, but you are also a busybody."

Lu Jingye went quiet.

When he came back, He Fei was speechless, "..."
