Chapter 511: Operating On Lu Yunxiao

Just then, Lu Jianlin suddenly gave Zi Yi and Elder Hu a salute. "Please take care of my second son."

Mrs. Lu also stood up and looked at the two of them as she said with sincerity, "Elder Hu, Yiyi, please don't burden yourself mentally. Just do your best and no matter what the end result is..."

Speaking of this, she suddenly could not continue any further and covered her mouth as she shifted her head away.

As a mother, how could she be willing to see something bad happen to her son?

Lu Jianlin patted her shoulders and soundlessly comforted her and motioned to Lu Jingye. "Let me and your mother take a look at Yunxiao."

They had not connected via a video call before this, for fear that the news of Yunxiao's condition might leak out. Even for today's video call, Lu Jianlin had to make sufficient preparations in advance.

Lu Jingye shifted the camera to Lu Yunxiao who was lying on the bed.

"Why isn't there an oxygen mask connected?"

In the past, Lu Yunxiao had pipes inserted all over his body, and yet, there was nothing around him right now. He was only wearing underwear as he lay there.

"There's no need for the oxygen mask. Yunxiao will be moved into the nutrient solution shortly."

As soon as she said that, Zi Yi pointed to the side and the video immediately moved to a transparent container that was at least two meters long and wide on the side.

Inside, the container was filled halfway with a transparent liquid.

Under the illumination of the lights, the liquid slightly gave off a green hue.

Mrs. Lu asked curiously, "What's that inside?"

"It's a nutrient solution. It contains all the necessary nutrients needed for a human's body. Yunxiao will be soaked inside here throughout the entire process."

"Would there be any problems if he soaks in there for a long period of time?"

"There would be no problems. There are special protective ions contained within. It will protect Yunxiao's body and respiratory system."

"This nutrient solution is so amazing!" Mrs. Lu was shocked.

Even Lu Jianlin was surprised at that.

"That's right."

Zi Yi slightly smiled and nodded. "When Ah Jing moves Yunxiao inside the container, you can continue watching for a while more."

She then turned to look at Lu Jingye.

He nodded his head, walked over to lift up Lu Yunxiao, and headed for the transparent container.

Zi Yi went to the control panel on the edge of the container and started to adjust the various settings, while Elder Hu went to prepare the cell regeneration liquid.

Mrs. Lu and Lu Jianlin stared at them. Mrs. Lu was so nervous that she subconsciously grabbed Lu Jianlin's hand.

Lu Jianlin tilted his head and glanced at her but did not say anything.

When Lu Jingye carried Lu Yunxiao to the container, a staircase automatically appeared and it allowed him to conveniently shift him inside.

When Mrs. Lu saw Lu Yunxiao who was instantly submerged in the liquid, her heart slightly tightened and so did her grip on Lu Jianlin's hand.

Just then, Zi Yi said to Elder Hu, "It's done."

Elder Hu nodded his head, grabbed the syringe, and headed towards Lu Yunxiao.

Lu Jingye stood there to support Lu Yunxiao's head.

At the same time, Zi Yi was standing next to Lu Yunxiao.

Elder Hu handed the syringe to Zi Yi and nodded at her.

Zi Yi did not say anything and took the syringe. Her other hand pressed a few times on Lu Yunxiao's bald head.

At the sight of this, Mrs. Lu's nails dug into Lu Jianlin's palms and her heart instantly rose up to her throat.

She opened her mouth and wanted to say something, only to realize that she was so nervous that she could not utter a single word.

Just then, Zi Yi directly inserted the syringe into Lu Yunxiao's head and injected the cell regeneration liquid.

Mrs. Lu's body went soft and it seemed as if she were about to fall.

However, a strong arm supported her and prevented her fall.

At the same time, Zi Yi announced to them. "It's done."

Lu Jingye put Lu Yunxiao fully into the nutrient solution.

Lu Jianlin asked with a nervous voice, "What's next?"

“We’ll wait. Wait for the cell regeneration liquid to fuse into Yunxiao’s brain and stimulate the various parts of his brain to regenerate.”

“How long will the wait be?” Mrs. Lu asked eagerly.

“If no accidents happen, he will slowly regain consciousness after two months.”

“Will he be able to recover to his former state?”

“Yes,” Zi Yi answered confidently. Her confidence was capable of infecting those around her and it made them feel that she was really capable of curing Lu Yunxiao.

Lu Jianlin and Mrs. Lu were inexplicably filled with hope.

Lu Jianlin asked, “Then what will you need to do to Yunxiao during this period of time?”

“We’ll just have to check up on his physical data and the data on the cell regeneration process.”

Lu Jianlin nodded his head and looked at Lu Jingye. His expression suddenly became serious. “We have yet to find a single clue about the person who harmed your brother. This is a very huge hidden danger and we have to find a way to uncover them... When Yunxiao’s condition stabilizes, come out with Little Zi.”

In fact, Lu Jingye had the same plan and he nodded his head in agreement. “Okay.”

Lu Jianlin and Mrs. Lu were worried that if they continued the video call for such a long time, it would leak out the information of the secret base. She glanced at Lu Yunxiao for the last time before disconnecting the call.

As soon as the call was disconnected, Mrs. Lu could not hold back anymore and burst out crying. “Who did this to my Yunxiao?! My heart aches so much when I see Yunxiao in that condition.”

Lu Jianlin hugged her shoulders and patted her back. “No matter who they are, we will make them pay a price which they can never afford in their entire lives!”

Mrs. Lu suddenly recalled the unknown number who gave her a call the previous time. “Have you managed to find out where the unknown number called from?”

“The call was from a public telephone in a foreign country. All the surveillance cameras in the vicinity were all destroyed in advance.”

Back then when Mrs. Lu told him about this matter, he had got Lu Jingye to investigate. However, they ended up returning empty-handed.

Mrs. Lu’s expression sank as she said, “Who could it be?”

Just then, knocking sounds could be heard from the door, and what followed after was the housekeeper’s voice. “Second Master, a phone call came from the main residence, asking you to make a trip back.”

Lu Jianlin walked over and opened the door. “What else did they say on the phone?”

The housekeeper shook his head. "Nothing else. The call was from the housekeeper in the main residence. He only said for you to make a trip over as soon as possible."

Lu Jianlin nodded in response and the housekeeper took his leave.

Mrs. Lu walked over to Lu Jianlin's side and furrowed her eyebrows. "The first family must have tattled in father's ears again and badmouthed Jingye."

Speaking of this, Mrs. Lu got even angrier. "Is there even an end to them? My son has already been chased out of the Lu Family and so what else do they want?!"

Lu Jianlin looked at Mrs. Lu and said, "The company got hacked twice by hackers during this period of time and every attack would result in the leak of important information. I believe Zhiheng could not hide things anymore and can only push the blame onto Jingye."

"Ha!" Mrs. Lu sneered. "He doesn't have the skills himself to fix things and only knows to push the blame onto my son. Even if my son was really the culprit, what can they possibly do to him? Don't tell me your father still intends to call Jingye over and give him a scolding and beating again?"

"There's not only this matter. The Qin and He Family situation is also quite perilous for them. They are on the verge of bankruptcy."

"..." Mrs. Lu was silent for several seconds before she suddenly laughed. "No matter if Jingye did it or not, it's well done! Aren't they very capable? To think that they were thinking of snatching Yiyi from Jingye. It's good that they are about to go bankrupt!"

Speaking of this, she thought of the robots that were disguised as Zi Yi and Lu Jingye in S City and said, "I'll call robot Jingye in S City and ask him to go on a honeymoon trip together with Yiyi.. In that case, they won't have to come back and deal with these stupid matters."

Chapter 512: Zi Yi, Don't Think That the Company Is Yours if You Just Hide From Us

The Qin Family and He Family were greatly weakened due to the incidents happening for the past half a month. They also suspected Lu Jingye to be the mastermind behind this, and they sent many people to S City to supervise him.

However, after Zi Xu went missing, his two brothers wanted to swallow Zi Xu's company as their own and thus, Lu Jingye started a lawsuit with the two of them.

These two brothers of Zi Xu were simply ruffians and rascals, and filing a lawsuit against them was useless. This wrangling back and forth had lasted for half a month.

From this point alone, how could Lu Jingye have the spare energy to do anything to their companies?

The Qin and the He Family were even more anxious and angry as they could not find the mastermind.

Soon, He Fei who was located far in the Bermuda Triangle had gotten to know of what happened.

He wanted to return, but Ouyang Ming analyzed the current situation for him. "If this risky transaction of ours were to succeed, we'll earn more than 20 billion each. If you return right now, not only will you

be giving up the money, the money we earned previously will also be for naught. You had better think things through.”

They were currently waiting for a big shot to complete a transaction. If it were to be successful, they would both earn a huge sum of money.

He Fei was currently squatting on a high ridge. Ouyang Ming squatted down next to him and took out two cigarettes. After lighting them, he lifted one up to He Fei and took a deep breath of smoke before he said, “Ah He, I’m not trying to stop you, but just think about it. What can you possibly help with if you return?”

He Fei also took a deep breath of the cigarette and his expression was dark.

Ouyang Ming glanced at him and followed suit. “Say, do you think what happened to your family and the Qin Family was caused by Second Brother?”

He Fei breathed out a mouthful of smoke and gritted his teeth as he said, “How could I possibly know? Everyone can’t take out any evidence that he was behind it either.”

“Pft! Does this even need evidence? Do you think anyone else other than Second Brother is capable of doing this? He’s really ruthless.

For a woman, he was unexpectedly willing to do this. Oh wait, didn’t you come out with me for that woman too?”

While he spoke, Ouyang Ming’s tone of voice changed to one that was teasing. “Say, what if your family or the Qin Family’s scheme were to succeed, and that woman had to marry into either one of our families, what would she have done?”

“Do you think she will let Qin Sihan or me marry her?” He Fei rudely said and took another deep breath of the cigarette.

Instead of comforting him, Ouyang Ming gloated. “Perhaps either you or Qin Sihan would end up getting trashed by her.”

“He didn’t choose me. He chose Qin Sihan.” What irritated him the most was that Zi Xu had chosen Qin Sihan and not him.

Even though he knew that neither he nor Qin Sihan would end up marrying Zi Yi.

“Right now, I no longer have those types of feelings for her.” He Fei finished the cigarette, and threw it on the ground. He then stood up and used the tip of his shoes to extinguish the embers, before he headed elsewhere. “I only want to make money. Tons of money.”

Ouyang Ming looked at his departing back view and scoffed, as he did not believe He Fei. He continued squatting and finishing up his cigarette.

...

Zi Yi and Lu Jingye remained in the secret base for another week. After ensuring that all of Yunxiao’s vitals were steadily improving, only then did they leave for S City.

There was a light drizzle in S City today and the weather was dark and chilly. The two of them skillfully exchanged with the robots disguised as them and drove back to the Zi Family home.

On the way back, Zi Yi had gotten to know the current situation in the Zi Family. She took out her phone and checked the surveillance inside the villa. Sure enough, a few of her relatives were keeping guard at her house.

Zi Yi sneered and said, "We should have gotten those robots to take care of them. Just the sight of them annoys me."

However, her voice contained traces of excitement while she said that.

Lu Jingye said, "You should be the one making the ultimate decision of Zi Xu's assets allocation. Those robots are only pretending to be you."

Therefore, he had deliberately got the two robots to drag things out during this half a month and did not face the problem upfront.

After some thought, Zi Yi agreed with him. "After all, this body is the genuine heir of Zi Xu's assets."

The reason why Lu Jingye managed to find out that Li Peirong had a relationship with Zi Xu's older brother before having a relationship with Zi Xu was all because Zi Xu's brother had accidentally divulged this information himself.

In fact, this was the real truth. Li Peirong was Zi Xu's secretary and was good-looking. As a result, Zi Hao took a fancy to her.

Li Peirong was a vain woman who wanted to marry into a rich family. At that time, she clearly knew that Zi Hao had a wife. However, under Zi Hao's sugar-coated words, she failed to resist the temptation and had an affair with Zi Hao.

Li Peirong thought that since she was beautiful, she was sure to win Zi Hao's heart. Never did she expect that he merely wanted to try out new things and not to mention, he had a tigress at home. How could he possibly take responsibility for her?

Li Peirong was so angry that she even had thoughts of killing Zi Hao. However, not long after, her direct boss' wife (Zi Xu's wife) had passed away.

At the same time, Li Peirong discovered that she was pregnant. She was extremely afraid after finding out and one time on her way home after finishing work late, she was harassed by a few hooligans. It just so happened that Zi Xu, who was walking past, had seen the scene.

Not only did Zi Xu rescue her, he even invited her into his house.

From then on, she had her eye on Zi Xu.

She invited him out for dinner on the basis of thanking him for his help. She had drugged the alcohol in advance and the two of them had intercourse that very night.

Following that, after Li Peirong had done many things that moved Zi Xu, she inadvertently let him know that she was pregnant.

Due to his guilt towards his deceased wife, he did not allow Li Peirong to disclose their relationship at the start.

However, Li Peirong had a belly full of schemes in her mind. She would visit Zi Xu's house from time to time using the title of his 'secretary' to grab some documents from him to ingratiate Zi Yi.

Zi Yi was very young then and what could she possibly have known? Even if she rejected Li Peirong at the very beginning, due to how Li Peirong treated her nicely, she gradually started to like Li Peirong who would coax her and play with her.

At the thought of this, Zi Yi could not help but sigh. "Sure enough, this woman is so scheming. It's no wonder grandfather and my uncles were no match for her back then."

Zi Yi's grandfather and his family were frank and honest people. How could they possibly be a scheming b*tch's opponent?

Zi Yi asked in curiosity, "Ah Jing, how did you find out about this?"

Previously, both Lu Jingye and her had investigated the Zi Family. However, there was no news that Zi Xuan was not Zi Xu's biological daughter. They did not expect to have accidentally heard of it this time around.

"It isn't exactly overhearing it by accident," Lu Jingye said, "After arriving in S City, I sent someone to do an in-depth investigation of your father's other two siblings."

Not only that, but he also got people to befriend them, just so that he could control Zi Xu better when the time came.

Unexpectedly, Zi Xu Had done something atrocious by trying to marry his daughter off without her consent and as a result, he had directly dealt with him instead.

In addition, he had given these two shocking secrets to him.

The car drove into the Zi Family yard very soon.

Lu Jingye was the first to alight. He then opened an umbrella and waited for Zi Yi to alight before the both of them headed to the gate together.

When those people inside the villa heard the sounds of the car, all of them came out.

The two families were all waiting at the gate.

A woman who appeared to be very strong-headed was walking at the front and her sharp voice sounded.. "Zi Yi, don't think that the company is yours if you just hide from us. Third Brother has willed for the assets to be given to Xuanxuan and now that she's dead, how could you possibly be the first in line?!"

Chapter 513: It's Been Months Since We've Met. You Haven't Found a Good Family to Marry Into?

The one shouting was Zi Hao's wife, Li Mei.

Standing beside Li Mei was her Second Aunt, Zhang Guizhi.

Behind them were her cousins.

Li Mei's eyes seemed to be able to shoot out poison. She glared at Zi Yi and her voice was sour and bitter. "Third Brother did not give you his assets before and now that you're married, you're an outsider. What rights do you have to inherit his assets?!"

Zi Yi stared at her with an indifferent gaze, before she shifted her gaze to the few other individuals who obviously thought the same as her. "Unfortunately, what you say doesn't count. Since the law has deemed these assets to be mine, they are mine."

"The law?!" Li Mei's voice suddenly reached an ear-piercing decibel. "Who knows if you did anything behind the scenes?! Zi Yi, let me tell you, you must move out today. A married daughter is like water that's been spilled and this house doesn't belong to you anymore."

"You want to mess around with me?" Zi Yi's gaze turned cold.

Lu Jingye spoke up then. "If you don't wish to talk to them, I'll settle this."

Lu Jingye gave off a powerful aura. Even if the Zi Family members knew that he had already been chased out of the Lu Family by Patriarch Lu, they were still stunned the moment he opened his mouth.

Just then, Zi Lian who was standing at the back suddenly said with her voice sounding pretentious, "Third Uncle has willed for all his assets to be given to Xuanxuan. Now that she's not around, shouldn't we be the ones inheriting his assets?"

Zi Yi glanced at her and suddenly, her lips curved up.

Zi Lian felt a chill up her spine.

Zi Yi asked, "It's been months since we've met. You still haven't found a good family to marry into yet?"

"Zi Yi, what do you mean!" It was fine when Zi Yi did not bring it up, but at the mention of it, Zi Lian exploded. She felt ashamed and angry as she pointed at Zi Yi's nose while she shouted, "If you hadn't released those words that slandered my reputation, would not I have dared to leave my house?"

"Isn't it because you didn't succeed in drugging the He Family's Fourth Young Master and got ridiculed by him?"

Not only that, you even had the cheek to say that I stole your boyfriend. If I didn't return you a present, wouldn't I be disregarding your kind intentions for me?"

Zi Yi's words were full of the scent of gunpowder. Zi Lian was breathing heavily out of anger and her complexion alternated between red and purple... she wished that she could strangle Zi Yi to death.

Zi Yi did not intend to let things end like that. "Oh, how could I have forgotten? You have tons of lover boys and perhaps one of the fools decided not to chase after you anymore and you put the blame on me instead."

"You—... you!"

“Yiyi.” Just then, Zhang Guizhi who had not uttered a single word spoke up. “We are discussing Third Brother’s assets and yet you’re trying to shift the conversation to another topic. Are you trying to muddle through things again?”

Zi Tao who stood next to her immediately added on. “In my opinion, Zi Yi doesn’t want to sign the papers!”

Zi Yi revealed a smirk and looked at both of them with chilliness in her eyes. “Isn’t it obvious that I don’t want to sign the papers? What’s wrong, are you trying to force me today? I’d like to remind you that my husband’s bodyguards aren’t easy to deal with. Perhaps before you can even do anything to me, they would break your arms or legs.”

While their expressions turned darker with every second, Zi Yi continued to speak. “In any case, my father’s assets are plenty. At most, I’ll compensate you for your medical bills and if you’re not satisfied with that, I’ll sue you for coming over to my house and threatening my life.”

“Zi Yi, do you honestly think we’re here today without preparations? If you don’t sign the papers, I’ll commit suicide right here. When the time comes, everyone here will give their testimony, including the helpers here!

At that time, you can just stay cooped up in jail. As long as you go behind bars, there will no longer be any share of yours!”

The group had evidently planned everything out in advance.

After Li Mei finished threatening her, Li Guizhi continued to threaten her too. “If you think one suicide on your hands is not enough, I’ll commit suicide too. We’ll see how the law will punish you.”

Zi Yi swept her gaze across the helpers standing at the side. Their eyes were radiating with a greedy glint and they had obviously been bought over by them.

Zi Yi shifted her gaze back to Li Mei and Zhang Guizhi and asked, “Don’t tell me you don’t know there is surveillance in the house? Other than people on your side, I have people on my side too. Or perhaps the court belongs to your family and they will believe in whatever you say?”

Li Mei and Zhang Guizhi laughed at her words. Their laughter was eerie.

Zi Yi saw through them. “It seems like you’ve already made plans in advance.”

Following that, she laughed out loud and kindly reminded her cousins. “You can take a look at the biggest forums. There’s a surprise.”

At her words they panicked and subconsciously took out their phones to do a quick check, only for their faces to turn white.

Zi Tao’s voice changed and he said with trembling lips, “Our conversation is being broadcasted live!”

His words caused Li Mei and Zhang Guizhi’s expressions to change dramatically.

Zi Yi laughed, but her laughter was filled with chilliness. “Do you honestly think I’m that easy to bully by using the excuse that my father willed his assets to Zi Xuan to get me to give up the inheritance? Haha...

Eldest Aunt, why don't you go back and ask your husband? My father has raised his daughter for seventeen years and shouldn't he be expressing his gratitude right now?"

Li Mei's expression instantly turned livid. She subconsciously felt that Zi Yi was deliberately sowing discord in their relationship. "You slut, you... ow!"

One of her front teeth suddenly dropped out of her mouth and everyone was dumbfounded.

Zi Yi turned her head around and looked at Lu Jingye who didn't seem to have moved the slightest. She then looked at the ground, and the cufflink that had bounced before resting, and revealed a smile.

Lu Jingye spoke with a hint of dominance in his voice. "If you say those words again, what drops the next time won't be just one of your teeth."

Lu Jingye's skills had stunned everyone present and after a moment of silence, Li Mei lay on the ground and started crying hysterically as she rolled around. "Owww, I've been hit by someone of a younger generation."

Zi Yi looked at Li Mei who was crying hysterically and the corner of her lips twitched. She had occasionally seen such a situation on records of the ancient Earth. There was a description of a certain type of person, which was basically identical to how Li Mei was acting right now. Not only were they shameless, but their ability to cry is also superb. This type of person was capable of defeating their opponent with their crying.

However, Zi Yi was not affected in the slightest, as she did not intend to give her a chance to continue crying.

Whoosh~

A silver needle flew out and Li Mei became obedient.

However, the complexion of the others turned white out of fear.

"Zi Yi, what have you done to my mother?!"

After Zi Lian reacted, she quickly ran over and cried out in fright. "Mom, what's wrong with you?"

When Zi Lian turned Li Mei over, everyone saw that her eyes were wide open and fear could be seen from within. She was still breathing, but she could not move at all.

Zi Lian turned to Zi Yi and shouted angrily, "Zi Yi, what did you do to my mother?!"

Zi Yi looked at Li Mei and smiled.. "There are acupuncture points in the human body that can control one's movements."

Chapter 514: Taking Care of Zi Xu's Other Two Sibling's Family

Zi Yi laughed as she looked at Li Mei who could only glare at her but was unable to move. She then reminded her out of kindness. "Eldest Aunt, you better not move at all. This isn't a drama and I have

indeed sealed your acupuncture point. If you were to move in the slightest or try to speak, perhaps the needle will shift and you'll really be meeting your maker."

"Zi Yi, you..." Zi Lian was so furious, to the extent that she wanted to fight it out with Zi Yi.

Lu Jingye who was standing next to her gave her a cold look. "Shut your mouth!"

Zi Lian instantly turned pale from fright and shrunk her neck.

Only then did Zi Yi continue to speak. "Right now, I can finally finish my sentence. Whoever dares to roll on the ground and scream will end up in the same plight as Eldest Aunt.

Zi Xuan is Eldest Uncle and Li Peirong's daughter. I've already submitted the evidence to the court and I believe you'll soon receive news of it."

Speaking of this, Zi Yi looked at Li Mei whose eyes were about to pop out from how she was glaring at Zi Yi, and she was evidently unable to accept the fact that Zi Xuan was her husband's daughter. Zi Yi then continued to speak. "Eldest Aunt, my family has helped you raise your child for seventeen years, and shouldn't you be paying us for the labor?"

Li Mei rolled her eyes out of anger. If she could move right now, she would definitely drag Zi Yi back to chop her into pieces.

"As for my Father's assets..." Zi Yi looked at them and sneered. "I am the first in succession and if you had taken a nicer approach before this, perhaps I would have given you some out of kindness. But right now..."

Zi Yi deliberately paused and took out her phone to dial a number.

When the other party answered her call, she opened her mouth to speak. "Is this the Social Donation Group? I wish to donate all my family's assets."

Evidently, the other party was very excited, as they asked a few questions consecutively. Zi Yi had answered them all, one by one.

In the end, Zi Yi said, "As soon as possible."

She hung up the phone after that and turned to look at the Zi Family, who were looking at her in disbelief. She raised the corner of her lips and said, "Donating all these assets can be considered as accumulating good fortune for my Father."

"Zi Yi, how dare you?!" Zhang Guizhi screamed out loud. "Third Brother's assets belong to the Zi Family and what rights do you have to make the decision and donate it all out!"

After she said that, she rushed over to Zi Yi, seemingly wanting to hit her.

Zi Yi looked at her and casually said, "Second Aunt, do you want to have a taste of how Eldest Aunt is feeling right now from being unable to move a single finger?"

Zhang Guizhi's hand came to a sudden stop halfway. She was furious and anxious at the same time, but she had no means to deal with Zi Yi. She decided that she had to return at once to inform the men in the family.

Thinking of this, she said to her daughter, "Let's go back first."

She then said to Zi Lian, "Little Lian, quick, support your mother to stand up."

When Zi Lian supported her, Li Mei thought of what Zi Yi had said earlier and fainted out of fright.

"AHH!" Zi Lian screamed in fright and fell on the ground. "My Mom's dead, AHHHHH!"

"Shut up."

Zi Yi walked over and plucked out the needle in Li Mei's body.

"She's not dead yet. But if you were to remain here any longer, I won't be able to guarantee that she'll still be alive."

A few of them helped to lift up Li Mei and took their leave.

Soon, the sounds of cars driving away from outside the gates could be heard.

Only then did Zi Yi look at those helpers who pretended to be mute.

Zi Yi walked towards them, while Lu Jingye was following right beside her.

While she approached them, she asked, "You guys schemed with my Eldest Aunt and Second Aunt to chase me out of the villa, right?"

The helpers' expressions stiffened.

In particular, under Zi Yi and Lu Jingye's stare, a few of them started sweating.

Just then, a weak voice sounded. "Miss Zi, I was forced by them."

As soon as the person spoke up, a few other helpers immediately agreed and said, "We were also forced too."

"Forced?" Zi Yi sneered. "We are no longer in an ancient society and could it be that they dared to use your lives to threaten you? It's clearly for the sake of money and yet you dared to make yourself out to be the victim? Do you think I'm a fool?"

Zi Yi was too straightforward and there was no leeway for them to refute.

They knew that there was no way for them to stay.

Just then one of the helpers said, "At most I'll quit!"

As soon as she said that, she planned to walk away with the intention of packing up her belongings.

As soon as she walked away, a few other people followed suit and said, "We're quitting too."

All of them left to pack up their belongings.

Zi Yi looked at them and a smirk curved up on her lips. "Thinking of leaving? Have you obtained my permission?"

Her words caused the helpers to be surprised.

“Miss Zi, don’t go too far. We’re already forgoing this month’s salary and if you dare to do anything to us, with so many people here, we shall all head to the Bureau of Manpower to sue you.”

“Sue me?” Zi Yi looked at them.

All the helpers revealed expressions that seemed to say: If you won’t let us go, we’ll sue you.

“Then go ahead and sue me. It just so happens that quite a number of expensive items in my house seemed to have disappeared. At that time, we can get them to check who were the ones who took it.”

The group of helpers refuted in a loud voice. “Miss Zi, you’re speaking nonsense. We didn’t take anything.”

“You’re deliberately trying to smear our reputation. We will expose your actions on the internet.”

...

While everyone was trying to get a word in, the sounds of sirens could be heard from outside the villa.

The helpers thought that they had not taken anything and so, all of them calmed down.

“The police’s arrival is timely. We’d like to see if Miss Zi dares to stop us from leaving today.”

Zi Yi could not be bothered wasting her breath with these people and she turned around to look at Lu Jingye.

Lu Jingye gave her a nod, meaning that he had gotten people to call the police.

Just then, the police cars parked outside the villa.

Lu Jingye turned around and went to welcome them.

Soon, an officer wearing a uniform walked over.

The officer’s surname was Huang.

Officer Huang said with a serious expression, “The owner of this villa called the police and claimed that the helpers have stolen expensive items. This is a search warrant and so everyone, please cooperate.”

The group of helpers never expected the officer to say that as soon as he came in and all of them widened their eyes in shock.

One of the helpers said in a loud voice, “I didn’t steal anything.”

“Neither have we!”

“It’s Miss Zi who is trying to frame us.”

“As to whether you’ve stolen anything or not, we’ll know after checking.” Officer Huang was a fair and just individual and after he said what was needed, he raised his hand and motioned for his subordinates to enter and search.

Zi Yi told them where the helpers resided.

The police officers immediately entered their place of residence to do a search.

The group of helpers could only remain silent about their resentment and stand there while cursing Zi Yi.

Just then, one of the helpers asked, "Officer Huang, if nothing comes out from the search, should Miss Zi pay us for reputational damage?"

"That's right. Our salary for the month should also be settled."

Officer Huang glanced at them but did not answer them immediately.

Not long after, the police officers who went in to search came out one after another and all of them had some items in their hands.

"Reporting to Officer Huang, we've managed to find these items."

With a single glance, it was obvious that these items were extremely worthwhile. As the Zi Family helpers, even if they are indeed in possession of such items, they would not have brought such worthwhile items to their employer's residence.

Zi Yi glanced at those items and while the helpers were staring with disbelief, she said affirmatively, "All these items are from my house."

Chapter 515: Do You Know What it Means To Be His Bitch?

Despite the irrefutable evidence in hand, the group of helpers tried to talk their way out but Officer Huang directly said, "If you have anything to say, say it in the station."

He then motioned for his men to bring them all away.

After they were brought away, Lu Jingye invited Officer Huang for a chat.

The two of them chatted about the helpers and during the conversation, Lu Jingye told him about how Zi Yi planned to donate all of Zi Xu's assets to the charity.

Officer Huang who had a serious expression ever since he arrived had finally revealed an expression of surprise.

"Miss Zi is really willing to donate all of Mr. Zi's assets?"

Zi Yi was too famous in S City and the impression she gave others was that she was a prodigal daughter who spent money like water. She would not even hesitate to purchase several racing cars in a single year. Therefore, Officer Huang did not expect her to donate all the money.

Zi Yi nodded her head. "That's right. All the money will be donated to the Social Donation Centre."

Officer Huang had suddenly viewed Zi Yi in a new light. "Miss Zi has done a great thing for society. You can rest assured that I will do a strict check on what those helpers have done. Perhaps they have also stolen some other items from the house. I'll make them return it if they are found guilty of it."

"Then I'll have to trouble Officer Huang."

Officer Huang suddenly looked at Lu Jingye with a complicated gaze. He nodded his head and stood up.

Lu Jingye had also stood up, and motioned to Zi Yi that there was no need for her to stand up.

Lu Jingye and Officer Huang left together.

When the two of them arrived at the gates, Officer Huang suddenly asked, "Second Young Master Lu, now that you've left the Lu Family, who will be responsible for the mechanical supplies provided to the military in the future?"

Officer Huang was retired from the special forces and it just so happened that he had interacted with Lu Jingye before in the past. He had admired the principles that Lu Jingye followed and how he did things.

When he heard that Lu Jingye was chased out of the Lu Family by Patriarch Lu, he was extremely surprised and at the same time, he felt regretful.

"My father will be responsible for this."

Officer Huang breathed a sigh of relief at his words.

Soon, the two of them arrived where the police cars were parked. Officer Huang turned around and said, "Second Young Master, the incident within the Zi Family has caused a huge stir these days and if Miss Zi intends to donate all of Mr. Zi's assets, the other two families would never leave the matter at that. I'll send some people over and protect you two."

Lu Jingye nodded his head and said, "Alright, then I'd have to trouble Officer Huang."

Officer Huang got in the car and waved at him before driving away.

After Lu Jingye sent Office Huang out, Zi Yi walked to the sofa and sat down as she took out her phone.

Sometime later, she heard Lu Jingye giving orders to the bodyguards.

Very soon, he made his way over.

Zi Yi looked up from her phone.

Lu Jingye said, "The other two families would most likely come again tonight."

Zi Yi had the same thought. "It's better this way. We'll return to the capital after we take care of them."

Lu Jingye walked over and sat next to her. After he pondered for some time, he asked, "To what extent do you plan to take care of them?"

The corner of her lips curved up and she put down her phone to one side. She then hugged his arm and leaned her head on his shoulders. "It will be best if they will no longer appear in front of me in the future."

"Alright, I'll take care of this matter."

"What are your plans?" Zi Yi raised her head and looked at him.

Lu Jingye had a calm expression as he said, "It should be enough to make them get labeled with the crime of murdering for money."

Zi Yi nodded her head. "This idea sounds good."

She then pulled him up from the sofa. "Since we're in S City, I'll bring you out to stroll around and let you see the places I liked to visit last time, okay?"

Lu Jingye furrowed his eyebrows at her words. He said with a serious expression, "I only wish to know of things that happened when you arrived here."

Since the Zi Yi of the past was not her, there was no need for him to know.

Seeing that he was so serious, Zi Yi thought for a moment and suddenly recalled something. "I had a bet with Su Ci in the past. The stakes were that he had to give me his racing club if he lost. It just so happens that we're here in S City. Why don't we head over and get the club from him?"

While she said that, she moved to pull him outside.

However, Lu Jingye did not move. Instead, he knitted his eyebrows together.

"When you made the bet, what did you have to give him if you lost?"

He was clearly very mindful of this.

Zi Yi thought for a moment. What she wagered with him seemed to be to... "Be his b*tch."

As soon as Zi Yi said that, she discovered that Lu Jingye was radiating a chilly aura.

Lu Jingye's voice deepened. "Do you know what it means to be his b*tch?"

"Of course I do. But he doesn't have that chance anyways." Zi Yi did not find it to be a problem.

Yet, Lu Jingye suddenly leaned towards her and gently bit her lips in the next second.

"Ah..." Zi Yi covered her lips and looked at him in confusion.

Lu Jingye had a taut expression on his face. "You are not allowed to make such a bet with anyone in the future. I mind it very much."

Zi Yi blinked her beautiful pair of eyes. A few seconds later, she smiled and nodded. "Got it."

Only then did Lu Jingye hold her hand and the two of them headed outside together.

As for the racing cars Zi Yi had purchased in the past, Zi Xu had sold them when his company cash flow was tight. Right now, there were only a few sedans parked around inside.

Zi Yi did not like these types of cars. She took out two circular balls from her pocket and transformed them into various tools as she modified the car. After that, she obediently sat in the passenger seat, while Lu Jingye took the wheel.

When Lu Jingye got in the car, he asked, "Where to?"

"We'll head over directly to [Rhinoceros] racing club."

After Lu Jingye switched on the engine and entered the navigation, he stepped on the gas pedal and drove out.

Su Ci's [Rhinoceros] racing club was located at the north of the city. Even though the distance between Zi Yi's racing club in the capital and this racing club in S City was rather far, it still belonged to Zi Yi. Since she remembered, she would definitely have to get it back.

It was around 3 p.m in the afternoon right now and rows of luxurious cars were parked outside the racing club. There were several bodyguards keeping guard at the entrance. The waves of deafening shouts and the sounds of racing cars whistling past could be heard from outside, and it was evident that there was a competition held in the club today.

When Zi Yi and Lu Jingye made their way over, the bodyguards were surprised to see her and he started to discuss her arrival with another guard.

"The eldest daughter of the Zi Family is here. Should we go and report it to the boss?"

"If she's here, so be it. Perhaps she might have heard that there is going to be a competition in the afternoon and specially made a trip here."

"Miss Zi doesn't have the membership card of our club, should we let her in?"

"I guess so? She's rich."

"What if the boss gets angry?"

When the bodyguards had yet to come to a conclusion and were arguing whether they should let her inside or not, Zi Yi and Lu Jingye were standing in front of them.

Zi Yi spoke up. "I'm looking for Su Ci."

The bodyguard subconsciously made eye contact with each other and one of them turned around to leave.

Su Ci was currently seated in the grandstand as he watched the competition. While watching the race, he chatted with his group of friends. "Old Fang will definitely win today. I'm optimistic about him."

"Boss."

The bodyguard called out to Su Ci and it just so happened that his voice was covered by someone else's. "I feel that Tang Lang's skills are better.. In particular, he likes to do a sprint at the end."

Chapter 516: Taking Back the Racing Club; Taking Care of Su Ci

The bodyguard tried again. "Boss."

Coincidentally, a few racers did a turn at a sharp corner and everyone became excited.

The bodyguard took a deep breath and raised his voice. "Boss, Miss Zi is looking for you."

The originally noisy grandstand seemed to have come to a sudden stop and it instantly became unusually quiet.

However, the silence did not last for long when a few others started to make a ruckus.

“Zi Yi is here? Young Master Shao, didn’t you always want to make her your b*tch? Perhaps she’s here to request to be your b*tch?”

“Yes, that’s right. Right now, the Zi Family is rather noisy. With just Zi Yi and that man who obviously looks like a gigolo, they definitely can’t win against the rest of the Zi Family. She’s probably here to ride on your coattails.”

“Didn’t Zi Yi cause Young Master Su to get admitted to the hospital? You’ll have the chance to teach her a lesson this time.”

“How is he to teach her a lesson? In the bed?”

“Hahahaha...”

Su Ci also thought that Zi Yi was here to request his help. He headed to the entrance of the racing club with a pleased expression.

Some of his groupies didn’t even want to continue spectating the race, as they followed him outside to watch the drama.

Zi Yi and Lu Jingye waited outside for several minutes before they saw a group of people walking out.

Su Ci took the lead and made his way towards her. When he saw her, his eyes brightened up.

A few other men were also salivating due to her stunning appearance.

However, in the very next second, the man standing next to Zi Yi blocked her from their view and he radiated a frightening aura.

Everyone felt a chill down their backs and they softly whispered, “What the hell. Don’t tell me this gigolo of Zi Yi’s is from the special forces? The aura he’s giving off seems to be a little frightening.”

“No matter where he comes from, he’s ultimately a gigolo. What’s there to be afraid of.”

Zi Yi looked at Su Ci who was coming closer and directly said, “Su Ci, I’m here to take back my racing club.”

Su Ci who was about to tease her was momentarily stunned before he started laughing out loud due to disbelief. After he had his laugh, he looked at Zi Yi. “Hey Zi, did I catch that correctly? Why did my racing club become yours.”

“I already expected you to go back on your words.”

As soon as she said that, she took out a video along with the agreement they had signed earlier.

When the group of people standing behind Su Ci saw the video and the agreement, someone mocked her. “Zi Yi, you and Young Master Su were merely joking back then, and do you think he would honestly give you such a large racing club? I’d advise you to stop dreaming.”

Zi Yi glanced at the person who spoke.

Those standing around him were basically Su Ci’s groupies, and a few of them were also present during the previous confrontation.

Zi Yi sneered and looked at Su Ci who currently had a dark expression on his face. "Are you not planning to hand over your racing club?"

Su Ci wiped the corner of his lips with his thumb and smiled meaningfully. "Zi, just tell me outright if you want to beg me. Why the need to beat around the bush?"

Speaking of this, he could not restrain himself anymore and tried to touch her face.

However, just as he stretched out his hand...

In the very next second.

"Ow~"

A pig-like, miserable cry sounded and Su Ci's groupies were all stunned.

The aura Lu Jingye gave off was too powerful and they dared not even have the thought of going up to help him.

Su Ci felt that his bones were about to break and he shouted out loudly while struggling, "Let go! Let go!"

Crack!

"Owww~"

An even more miserable and deafening cry finally caused the group of bodyguards to recover their senses.

All of them hastily rushed over.

"Let go of our boss!"

The group of bodyguards quickly dashed towards Lu Jingye.

There was not the slightest change in Lu Jingye's expression. When the bodyguards were running towards him, his hand grabbing onto Su Ci tightened and another cracking sound could be heard.

"Owww~"

Si Ci's face was covered in tears and snot while he shouted, "Quick, get his hands off of me."

All the bodyguards reached out towards Lu Jingye.

However, in the next second...

Bam! Bam! bam!

Looking at the bodyguards who were sent flying with a single kick, those rich young masters, who wanted to come over to help, were frightened and shrunk their necks in fear. They dared not utter a single sound.

While Lu Jingye was taking care of Su Ci, Zi Yi took a few steps back, took out her phone, and started swiping at a fast speed. She managed to hack into the relevant systems and changed the name of the racing club's ownership to hers. At the same time, she released news that she was selling the club.

Just as Zi Yi was done with all these things, the commotion on Lu Jingye's side had also ended.

Only then did Lu Jingye release his grip on Su Ci. He even said in an extremely gentlemanly manner, "Excuse me."

He left and walked over to Zi Yi's side.

The bones on Su Ci's hand were broken and it was drooping at a weird angle. Su Ci's face was covered in tears and snot. Despite this, there was a fierce glint in his eyes as he shouted, "Zi Yi, I will make you regret this!"

"Then I'll be waiting." At that moment, Zi Yi decided to destroy the Su Family's company when she returned.

Su Ci definitely would not continue lingering here. As soon as he said that, he quickly left with his friends supporting him.

Zi Yi glanced at the group of bodyguards covering their chests as they rolled on the ground and said to Lu Jingye, "Ah Jing, we can go back now."

Lu Jingye nodded his head.

The two of them headed to where their car was parked.

Not long after they left the racing club entrance, Zi Yi felt someone secretly photographing them.

She told Lu Jingye about her discovery.

Lu Jingye took out his phone and pressed a button. "Confiscate the cameras of those who are photographing us."

He hung up the phone as soon as he said that and subconsciously pulled Zi Yi to his side. The umbrella he was holding onto had slanted towards her, in an attempt to block her from their view.

After the two of them got into the car, Lu Jingye's phone rang. He checked the message and said, "It's a reporter who's photographing us."

Zi Yi responded with a groan and said, "I'll make another Shadow and bring it around with me when I return. It's easier to take care of those people who try to secretly take photographs of us."

She had left Shadow behind in the secret base, so that it could take turns with Elder Hu taking care of Lu Yunxiao.

The two of them directly returned to Zi Yi's villa.

Due to the rain, the skies outside were already dark and cloudy

at 4 p.m.

In fact, the villa was considered unfamiliar to Zi Yi. She did not stay there for long either after she entered Zi Yi's body. She then said to Lu Jingye, "Ah Jing, I want to go home."

Lu Jingye touched her head and said, "We'll go back tomorrow."

He then asked, "What do you want to eat for dinner tonight?"

Lu Jingye had gotten the bodyguards to purchase some groceries while they were on the way back.

"I wish to eat braised pork ribs, sweet and sour fish, steamed crab and beef tenderloin with scallion."

As soon as she finished listing out the dishes, she saw Lu Jingye looked at her with those deep-set eyes of his.

She asked in confusion, "What's wrong?"

Lu Jingye disapproved of her eating habits. "Your dinner shouldn't consist of just meat dishes."

Zi Yi smiled and her eyes swept his body up and down as she licked her lips. "I don't care, I want to eat... meat."

Lu Jingye: "..."

He suspected that his girl did this on purpose!

Chapter 517: Lu Jingye Is a Gigolo?

While Lu Jingye was preparing the meal, Zi Yi brought a stool over and sat down next to the kitchen door as she watched him cook. At the same time, she was busy tapping on her tablet.

She was currently attacking Su Family's company.

Su Ci's Family's business was around the same scale as Zi Xu's company and it was simply effortless for her to attack them.

The Su Family.

After several hours of surgery on his injured hand, Su Ci finally went home with his hand bandaged.

Everyone was seated in the living room and as they listened to Su Ci's vivid complaining, their expressions turned livid.

After Mother Su heard the story to which Su Ci had added elements of exaggeration, her voice turned sharp. "Since he dared to injure my son's hand, I'll break his arm! A mere gigolo dares to act so rampant? Does he think that the Su Family is that easy to bully?"

Su Ci's younger sister Su Peiqi immediately added on. "The gigolo listens to Zi Yi too. Why is she so shameless? To think that she's thinking of snatching my brother's racing club! Who does she think she is? In my opinion, I think that it's because she can't obtain the Zi Family's company and as a result, she has shifted her attention to my brother's racing club!"

Mother Su coldly snorted. "Who does she think she is? I'll personally head over and teach her a lesson tomorrow."

Father Su and Su Ci's elder brother's expressions were not very good either.

Su Ci's elder brother, Su Hao said, "Today, Zi Yi beat up her Eldest Aunt and even sent all her helpers to the police station."

Su Peiqi snorted. "It must be that gigolo next to her that gave her that idea. Everyone in S City knows how capable she really is."

Su Hao said, "Then should we go and check who the man is that she has brought along with her first, before doing anything?"

It was normal for the Su Family not to know of Lu Jingye. It could be said that not many within S City knew of Lu Jingye's identity.

After all, their levels were different. A family like the Su Family was merely considered a small and insignificant rich family in the capital's high society.

"What's there to check? The results will still show that he's a gigolo. Hearing what our brother said about that man, he's extremely good-looking and his features are comparable to that of celebrities. If he's not a gigolo, then what is he?" Su Peiqi's voice revealed undisguised jealousy. "What is she unable to do? It's normal for her to keep a gigolo."

"That's right! What is that woman incapable of doing?" Mother Su had the same thought as her daughter.

Su Ci suddenly had an idea. "Since that's the case, let's settle the both of them together. How dare she try to have designs on my racing club? With a single word from father, it'll suffice to make her penniless."

As long as Zi Yi was penniless, he would have free reign over her. With how attractive her face and figure were, he had long wanted to give her body a try.

"That's right. In any case, the Zi Family doesn't like her one bit, so why don't we help them make her end up penniless? I'd like to see if she still has the money to keep a gigolo and be so arrogant."

Su Peiqi did not like Zi Yi in the slightest. Other than that face of hers and figure, she was nothing. Previously when she heard that Zi Yi enrolled into M.Uni, she felt that she had entered through the backdoor by using her face and body.

She did not believe that a good-for-nothing like her could really enter M.Uni with her ability.

Just as the Su Family was discussing how they planned to take care of Zi Yi, Father Su suddenly received a call from an executive in the company.

The other party seemed to have said something alarming, causing Father Su's expression to suddenly change, and he swiftly stood up from the sofa.

"What did you say?"

His family members looked in his direction.

Father Su hastily gave an order. "Immediately gather all the executives of the company, I'll be right there. The hacker must be stopped."

Having said that, he walked towards the door in his home clothes.

The others had also stood up in haste to follow him.

Mother Su asked anxiously, "What's wrong? Why are you so anxious and panicky? You have to change your clothes at the very least, okay?"

"What's there to even change?" Father Su's expression was dark. "The company is being attacked by a skilled hacker and a large portion of the important information has already been leaked out. I have to get to the company at once."

Su Hao and Su Ci immediately tagged along.

"Father, let's go together."

By the time the three of them arrived at the company, those executives who were working overtime were trembling. "President Su, all our company's companies have been hacked. The IT Department is unable to recover the lost data and also, something has happened on the finance side."

Which large company doesn't have a secret account? If something happened on the finance side, the biggest problem was their secret accounts being revealed to the public.

The Su Family's father and sons had heavy moods.

"Perhaps only a small problem occurred," Su Ci thought out loud positively.

Su Hao also added. "Let's get the IT Department to repair the areas which the hacker breached. I believe there's still time."

Just then, Father Su's phone suddenly rang and their nerves became taut.

Father Su took out his phone and checked the caller ID. His complexion turned white and he answered the phone with shaking hands. After hearing what the other party had to say, his body went soft and he fell to the ground.

"Father!"

Su Hao and Su Ci hastily went over to support him.

Father Su had actually burst into tears. "It's the end. The Su Family has met our end!"

The Su Family's secret accounts were directly sent to the relevant department and they called to inform him that the inspectors would be arriving soon. They had better obediently remain there and forgo with the unnecessary struggle.

Su Hao and Su Ci's complexion had also paled at his words.

...

The Su Family was destined to have a sleepless night today.

After the instigator was done with everything, Zi Yi put away her phone and looked up to see Lu Jingye finish preparing the beef tenderloin. She stood up, walked over to him, and hugged him from behind as she said coquettishly, "Ah Jing, I'm hungry. How much time is left before dinner is ready?"

Lu Jingye picked up a piece of beef tenderloin with the chopsticks and fed it to her.

Zi Yi opened her mouth and ate the piece of meat before she revealed a blissful expression. "It's delicious."

Only then did Lu Jingye say, "It'll be done after I prepare a vegetable dish. Take this out first."

Zi Yi looked at the dish that was prepared and responded with an 'ok'. She released her hands from his waist and carried the dish outside.

After she was done setting up the plates and utensils, Lu Jingye just so happened to finish serving the last dish.

After dinner, Lu Jingye went to wash the dishes, while Zi Yi stood next to him as she said, "Next time, I'll add a 'washing the dishes' feature to the robots. In that case, we don't have to wash the plates after we finish eating next time."¹

Lu Jingye tilted his head to look at her and his eyes seemed to be smiling.

Zi Yi felt her inner beast being provoked by his gentle and elegant smile. She then wrapped her arms around his neck and pulled his face over to hers to take a bite.

She really bit him.

Lu Jingye was still wearing rubber gloves and holding onto the plates in his hands while he washed them. He revealed a helpless expression and said, "There are fruits out in the living room. You can have some fruit first."

"I want to stay with you."

Zi Yi gave him another kiss on his lips before releasing him.

After Lu Jingye was done with the dishes, the two of them headed to the living room and sat on the sofa.

Zi Yi ate the fruit, while he grabbed his laptop and sat next to her.

While eating the fruit, she said unsatisfactorily, "Why isn't the Zi Family here yet? I want to sleep already!"

Speaking of this, she paused for two seconds before she angrily said, "Don't tell me they are only planning to come at midnight?"

Lu Jingye looked up from the computer and looked at her.

Zi Yi asked, "What's the matter?"

He glanced at the screen and said with certainty, "You attacked the Su Family." He had originally planned to take care of them after dinner.

"Hehe..."

Chapter 518: Naughty Girl, Don't Regret It Later

When the other members of the Zi Family saw that Zi Yi really intended to donate all of Zi Xu's assets, they all had the same thought of letting her meet her maker.

Obviously, they weren't that stupid. It was a crime to murder someone and so, they found a group of gangsters through other contacts and prepared to burn Zi Yi's Family villa where she was residing.

Zi Yi and Lu Jingye waited until 10 p.m at night, but there was not even the slightest movement at all. Zi Yi finally lost her patience.

She stood up and pulled Lu Jingye upstairs.

While waiting she said, "I'll bring you to check out my room."

After they had walked up the stairs, arrived outside of Zi Yi's room, and pushed the door open, Zi Yi looked at Lu Jingye in surprise. "My room was actually renovated?"

Speaking of this, she suddenly laughed. "It must have been the robots who did this."

Zi Yi had left the Zi Family and Zi Xu had left for Country M to open a new market for the company, leaving Li Peirong alone at home. There was no longer any need for her to continue pretending and so, she got the helpers to throw away all her belongings. When the robot Zi Yi arrived here, in fact, her room was only an empty shell.

Lu Jingye who had been in contact with the outside world got to know about this. All the furniture that was currently in the room was what he had gotten his men to prepare.

Looking at how the furniture within the room was in the shade of the color she liked the most, she unbuttoned her clothes as she walked in. "I'll go take a bath first."

By the time she finished saying that, what remained on her body was only her undergarments.

Lu Jingye helped her pick up her clothes as he walked. When he looked up after picking up all the clothes, he saw his girl's extremely seductive and hot body. His Adam's apple bobbed up and down and his voice was unconsciously muffled. "Take off the rest after you've prepared the bath, else it'll be cold."

Zi Yi deliberately stood there and flipped her hair as she winked at him. "I'm not afraid of the cold."

Her appearance was similar to that of a seductress.

She even reached round to her back, wanting to unbuckle the last hook of her bra.

Lu Jingye grabbed her clothes and walked over in large strides. He directly pulled her into his embrace.

His tone of voice contained a dangerous hint. "Naughty girl. Don't regret it later."

After twenty-six years of being an ascetic monk, Lu Jingye's self-control, which he had always taken pride in, had collapsed very quickly in front of her.

Their lips and tongues intertwined with each other.

His large hand roamed around her back and unbuckled the last hook of her bra for her.

Shortly after, his hand snaked around her waist while his other hand pushed open the door to the bathroom. He then picked her up and entered the bathroom.

The next second, the door was slammed shut.

In an instant, the steamy scene had been blocked from view.

...

Sometime later.

By the time Zi Yi came out of the bathroom, her mind was still thinking of what the other Zi Family members would do. Even if her eyelids were drooping, she tried her best to resist sleep.

Lu Jingye saw her appearance and lowered his head to whisper in her ears with a seductive voice, "If you're tired, go to sleep. I'll wake you up when they're here."

Zi Yi softly responded with an 'ok'. Following that, she fell asleep with her face leaning against his thighs.

Lu Jingye saw her quiet and beautiful sleeping appearance, and an indescribable warmth surged forth from deep down.

At 1 a.m in the morning, the surroundings were extremely silent.

The phone Lu Jingye placed next to the table suddenly vibrated.

He quickly grabbed the phone and turned off the vibration, then pulled out his thigh from below Zi Yi's head while supporting her weight with his hand. He then glanced at the young woman who was sound asleep and tried his best to reduce the sounds of his movements as he draped on a coat and headed out.

Unexpectedly, after an entire day of rain, it started to snow outside.

When Lu Jingye stepped on the snow and headed outside, a group of gangsters had already been caught as they squatted at a corner and dared not utter a single sound.

Lu Jingye walked over and one of the bodyguards pointed at the several barrels of oil at the side. "Second Young Master, these gangsters were thinking of using these barrels of oil to set the villa on fire."

Lu Jingye glanced at the barrels of oil, before he turned to look at the men Officer Huang had left behind.

One of the officers said, "We've already questioned them. They were sent here by Miss Zi's Eldest Uncle and Second Uncle's family."

In actual fact, the questioning was done by Lu Jingye's bodyguards. Those bodyguards of his were not as kind as the police officers.

Under a not-so-normal interrogation, those gangsters had soon revealed all the information about the Zi Family members.

That officer spoke up again. "Mr. Lu, Officer Huang will be arriving soon."

Lu Jingye nodded his head and turned around to look at those gangsters who were squatting down while hugging their heads.

As a result of Lu Jingye's chilly stare, those gangsters who were already shaking in fear had started trembling even harder.

Around five minutes or so later, a car could be seen driving over from a near distance.

After the car stopped, Officer Huang alighted from the car and walked towards Lu Jingye in large strides.

Lu Jingye said, "Let's go inside and talk."

Officer Huang nodded his head.

The both of them headed towards the villa.

When they were about to arrive at the door of the villa, Lu Jingye stopped walking and turned around to speak to Officer Huang. "I want the other two families of the Zi Family to be incapable of disturbing my wife ever again in the future."

Officer Huang fell into a short silence before he asked, "What do you plan to do?"

"We'll reenact what they originally planned to do, and let them all go to prison."

Officer Huang nodded his head. "Okay."

After they finished their discussion, one entered the villa while the other left.

When Lu Jingye walked into the bedroom, Zi Yi was still sound asleep. Even though he could not bear to wake her up, he still ended up doing so.

"Yiyi."

Zi Yi opened her eyes and asked, "Are they here?"

Lu Jingye explained to her what had happened. "A group of gangsters came. They were thinking of burning down the villa with gasoline, while we were still inside."

Zi Yi sat up from the bed.

Lu Jingye passed her all her clothes and said, "Officer Huang has already arrived. We'll pretend to act shortly."

Zi Yi nodded her head in response.

After she got dressed, the two of them quickly went downstairs.

When they arrived downstairs, Lu Jingye said to her, "Call for the two robots that had previously been disguising as us."

Zi Yi took out her phone and swiped around for a moment. Very soon, two individuals, who were dressed like Lu Jingye's bodyguards came over.

After Zi Yi and Lu Jingye returned to the Zi Family villa, they had changed their faces and became their bodyguards.

After the two of them entered, Zi Yi gave them an order after closing the door. "Immediately change into the both of us."

The two of them still kept Zi Yi and Lu Jingye's body appearance from before and they only had to change their faces.

After the two robots were disguised as them, Lu Jingye said to Zi Yi, "The villa will be set on fire later. We'll leave through the backdoor."

Lu Jingye definitely would not let Officer Huang and the rest know of the matter where they got robots to replace them inside here. Since they were acting, they had to make it look real.

Not long after the two of them went back inside, the villa started burning.

At the same time, the sounds of sirens could be heard.

The neighbors in the area were all woken up from the noise. The security guards, police officers, and fire brigade were also dispatched.

In the minds of the perpetrators, they thought that it was impossible for people inside the villa or the nearby residences to discover the signs of a fire at the very first instance. Therefore, even if they were to call the police, they would only be able to arrive half an hour later.

The other members of the Zi Family were all gathered at Zi Hao's place of residence.. They were all excitedly waiting to hear the good news that Zi Yi was burned to death.

Chapter 519: Returning to the Capital

However, before they managed to receive news of Zi Yi being burnt to death, what arrived first was a group of police officers.

When those officers dashed into Zi Hao's place, all of Zi Yi's family were dumbfounded.

"Officer, I wonder why you have paid a visit to my place at this time?" Zi Hao hastily asked the leader of the group.

The leader of the group of officers looked at the group of people who were gathered together, and asked with a stern expression, "It's currently the middle of the night and none of you are asleep yet. Are you all waiting for some news?"

Zi Hao felt his heart sink as he hastily denied it. "No, there's no such thing..."

He suddenly stopped talking and as he thought of an excuse he then said, "My wife was beaten up today and she's still lying over there right now. Everyone is here to visit her and they have each spent some time talking to her. Unknowingly, so much time has passed."

The leader of the group of officers looked at him with a sharp gaze. "Do you think I'm a fool that is easy to deceive?"

"No, no. Of course not." Zi Hao tried his best to resist the urge to wipe the cold sweat on his forehead. "Officer, I wonder if there's anything important for all of you to have paid a visit to my place?"

"Shouldn't you know the best about what's going on?"

"I'm not exactly sure." Zi Hao's heart was almost about to jump out from his throat and yet, he had to pretend as if he did not know anything, and so he revealed a confused look.

As soon as the leader of the group of officers heard his response, his expression darkened.

He then glanced at the rest of the Zi Family members as he sternly said, "If you don't know, then all of you shall follow me to the police station. You will naturally know once you reach there."

When they heard that all of them had to go, they were all shocked.

The second eldest in the family hastily asked, "Officer, why do all of us need to be at the police station? What crimes have we committed?"

The Second Madam immediately added and said, "That's right. It's the middle of the night right now and even if you are an Officer, you can't just take us away for no reason."

Just as the others were about to talk, the expression of the leader of the group of officers darkened even more.

He took out an arrest warrant and said to his subordinates, "Bring them all away."

"Officer, what have we done? At the very least, shouldn't you tell us the reason?" Zi Hao was flushed with anxiety and even his breathing became hurried.

"Hiring someone to set the Zi Family's villa on fire, committing murder for money."

"How is that possible?! How could we have possibly hired someone to set the Zi Family's villa on fire? There must be some misunderstanding!"

"There's no misunderstanding. You will know once you arrive at the police station and confront the parties involved."

...

The next day.

The news of the Zi Family members hiring men to set Zi Yi's house on fire had been spread all around the city. At the same time, the news of Zi Xu being killed by the other two families and how Zi Xuan was not Zi Xu's daughter, but was instead, Zi Hao's daughter was also spread out.

For a period of time, the Zi Family's matters had become a topic of gossip that was discussed everywhere.

Not long after the gossip was released, news that Zi Yi had sold the whole company and donated all the money to the Social Donation Centre also came out.

The entire S City was in a hot debate for a period of time.

"It's always been rumored that the Zi Family's eldest daughter is a prodigal child and I didn't expect that she was the most kindhearted one in the end."

"We only know people's faces and not their true nature. Within the rich families, those that appear kind are not necessarily kind people. Those with a bad reputation might not really have a bad character. Since the younger sister of the eldest young miss of the Zi Family was not her biological sister, Miss Zi's bad reputation must have been deliberately spread out by her stepmother."

"That must be the case. Wasn't there news that President Zi was handing the company over to that younger sister of hers? This must have been Li Peirong and Zi Hao's scheme."

"Therefore, it isn't good to be too rich. Perhaps you might get killed by your biological siblings due to envy."

...

The bad reputation Zi Yi had in S City had also been reversed by the series of events.

In the end, everyone thought that it was Li Peirong's scheme.

Instead of condemning Zi Yi, they now started to feel sympathy for her.

Of course, all these things happened in the future.

At 9 a.m in the morning, after Lu Jingye and Officer Huang finished discussing the follow-up matters, Lu Jingye returned to the capital with Zi Yi and his bodyguards.

They had left for over twenty days and it was already December now.

As soon as they returned to the capital, they received a phone call from the Dou Family and Mrs. Lu one after another.

Both of the calls were for them to go home for dinner.

In the end, Mrs. Lu said, "Then we'll get the two families together to have dinner today. Come over to our place for dinner, it just so happens that we can discuss the wedding for the both of you."

Zi Yi told the Dou Family members about this and all of them agreed to the plan.

Thus, Lu Jingye and Zi Yi directly made their way to the Lu Family's villa.

By the time the car drove into the Lu Family's villa, Mrs. Lu was already standing outside the courtyard waiting for them.

As soon as she saw Zi Yi alighting from the car, she immediately smiled and welcomed her. "Yiyi, you're home."

"Mom."

Mrs. Lu was elated at how Zi Yi called out to her. She carefully sized her up and noticed that her complexion looked ruddier. She felt happier deep down and said, "Let's go in first; it's too cold outside. I've also prepared a lot of delicious food for you."

"Really?" Zi Yi's eyes brightened up.

While chatting, the both of them made their way directly into the villa.

Lu Jingye did not mind that he was ignored by his mother as he followed behind them.

When they arrived in the living room, Zi Yi and Mrs. Lu sat down on the sofa. Lu Jingye saw that there was no way for him to interrupt their conversation and so, he said, "Mother, Yiyi, I'll head to the study room. You can slowly chat."

"Go, go. Your father will be coming back soon. I'll get him to look for you when he returns."

The undisguised disdain in his mother's voice as if his presence alone was interrupting them, caused Lu Jingye to smile before he headed upstairs.

Mrs. Lu had prepared tons of delicious food for Zi Yi and it had more or less occupied the entire table.

"Yiyi, take a look and see what snacks you like."

Zi Yi picked up a piece of pastry and slowly ate it.

Mrs. Lu was delighted at that. "Have more if you like it."

"Mom, you should eat too." Whichever pastry Zi Yi felt was delicious, she would always offer a piece to Mrs. Lu.

Mrs. Lu took whatever Zi Yi offered to her and agreed that it was delicious.

She then said, "I also got the helpers to prepare milk tea for you. It should be done soon."

As soon as she said that, the housekeeper came over with two cups of milk tea.

Instantly, the scent of adzuki beans¹ wafted in the air.

"It's adzuki milk tea."

"Haha, that's right."

The housekeeper put down the two cups of milk tea on the table and stood upright before he greeted Zi Yi. "Second Madam."

Mrs. Lu introduced Zi Yi to their housekeeper. "This is our housekeeper, his surname is Lei, and his full name is Lei Hanzhong."

“Housekeeper Lei.” Zi Yi called out his name. Housekeeper Lei seemed like a serious person, but he still gave her a smile before he left.

Zi Yi continued to chat with Mrs. Lu about what happened during this period of time along with the news of Lu Yunxiao.

In the end, Mrs. Lu grabbed onto her hand and said apologetically, “Jingye might have to leave even though he just came back. The person who injured Yunxiao has yet to be found and there is always a hidden danger. I heard from Jianlin that there might be clues at the Bermuda Triangle.”

Lu Jingye had also brought this up to her before. Zi Yi nodded. “I’ve discussed this with Ah Jing. When the time comes, I’ll make a few bodyguard robots for him before he sets off.”

Moreover, Lu Jingye was heading over there under the guise of purchasing a jadeite mine. Therefore, she still had to make some preparations.

Chapter 520: Yiyi, How Much Should We Give Your Cousin?

Translator: Henyee Translations | Editor: Henyee Translations

“How long will the preparations take? If you can leave after the New Year’s, we’ll get your wedding done. Your aunt and I have checked. The 24th of this month is a good day”

Mrs. Lu felt that Zi Yi would have suffered if they did not hold a wedding banquet.

However, Zi Yi did not really mind it at all. “We can hold the wedding anytime.

After all, Ah Jing and I have already gotten our marriage certificate.”

Zi Yi lifted the cup and took a sip. She squinted her eyes with a look of enjoyment. “This milk tea is really delicious.”

Seeing how sensible she was, Mrs. Lu strengthened her determination to give them a wedding as soon as possible.

After they chatted a while more, they saw Lu Jianlin coming back.

Zi Yi stood up and called out to him. “Dad”

Lu Jianlin stopped walking and he slightly relaxed his stiff expression and nodded at her.

He then asked, “When will your Uncles and the rest of your family members be arriving?”

“I think they will only be arriving after 6 p.m. My Uncles have matters to attend

to.”

They were either teaching or spending time in their research and it was considered quite good that they could rush over here by 6 p.m.

Lu Jianlin nodded his head and glanced at the snacks on the table. Following that, he headed upstairs.

After Lu Jianlin went upstairs, Mrs. Lu smiled and said, “Yiyi, did you see how your Dad glanced at the table at the end? Even though he seems cold on the surface, he is a very detail-oriented person.”

Zi Yi nodded her head and did not forget to praise her man. “Ah Jing is his son. I’ve seen it from how Ah Jing treats me.”

“Haha, that’s true.”

The both of them continued chatting until just after 5 p.m when the father and son came down from upstairs.

The two of them came over and sat beside their wives.

Lu Jingye looked at how one-quarter of the snacks on the table were gone and raised his hand to stroke Zi Yi’s head. “Are you still able to eat dinner later?”

Zi Yi smiled and said, “Definitely. I didn’t finish the snacks all at once.”

Having said that, she placed a freshly peeled pistachio nut next to his lips.

Her actions immediately attracted Lu Jianlin and Mrs. Lu’s stare.

Their son doesn’t seem to eat snacks?

Lu Jingye subconsciously wanted to tighten his lips, but after he made eye contact with Zi Yi’s beautiful eyes, he opened his mouth and ate the nut.

Mrs. Lu felt inexplicably comforted. Her eldest son was finally able to show his real self and relax in front of a person. “You two should be feeling hungry too.

When everyone from the Dou Family is here, we’ll have dinner first”

The Dou Family people arrived a little past 6 p.m.

other than Elder Dou, all the Dou Family members were here today.

Mrs. Lu and Lu Jianlin personally went out to welcome their arrival.

“In-laws, it’s cold outside. Hurry and come in.”

Everyone headed indoors together.

Mrs. Lu and Lu Jianlin attended to Zi Yi's Uncles and Aunts, while Zi Yi and Lu Jingye entertained the younger ones.

A few of the girls came in and immediately surrounded Zi Yi.

Dou Yue'er exclaimed. "In the past, I've heard that women who get married would become more beautiful. Sure enough, cousin, it seems like you have been well taken care of by cousin-in-law"

Zi Yi gave her a look and smiled smugly. "Of course."

Dou Yue'er giggled and whispered, "Cousin, I'll ask for a red packet from cousin-in-law later. If I do, will you feel reluctant?"

"Why are you asking for a red packet from him?" Zi Yi continued to gaze at her.

Dou Xiangling who was standing at the side laughed and explained on her behalf. "I don't know where Yue'er heard this from, but it's said that in some places, the first time the female side family visits the male family, they can ask for a red packet."

Dou Yue'er nodded her head fiercely. "Yes, that's right. Therefore this type of custom is very good and it should be followed"

Zi Yi pretended to think for a while before she asked, "How much are you thinking of asking for?"

Dou Yue'er said with a serious expression, "It'll depend on cousin-in-law's generosity. I'll take the amount he gives me. Moreover, I would have a reference for the future, so that I know how much of a red packet I should ask for from my fourth brother-in-law."

As soon as Dou Xiangling heard Dou Yue'er mentioning 'fourth brother-in-law, her face turned red and she chided her. "We aren't even official. You naughty girl, you're not to address him that way."

"Pft Dou Yue'er giggled and said, "Fourth Sis, you're so thin-skinned. You've brought him home and you still say you're not official?"

Dou Xiangling's face turned even redder. "That's different."

As soon as Zi Yi heard this, she recalled what Dou Xiangling told her in the past. Her Third Aunt told Dou Xiangling over the phone to invite Zhang Hanyu back home, so that they can personally express their gratitude to him. In the end, Zi Yi asked, "Has' Teacher Zhang's injuries recovered"

"Yes," Dou Xiangling said. "He only stayed in the hospital for a few days before he was discharged and went back to teach."

Dou Yue'er even helped her fill in the details. "The gallery that Xiangling ultimately decided on was also because Teacher Zhang helped her find it."

Zi Yi's robots had informed Zi Yi about this, but she only knew that Dou Xiangling had found a place to open her gallery.

"Where's the place?"

"It's the place where we visited together." Dou Xiangling revealed traces of a smile in her eyes. "I didn't expect that Hanyu would visit the younger Mr. Change again several times. In the end, he was persuaded by Hanyu's thick-skinnedness and he decided to rent it out at the market price."

Dou Yurui added. "Teacher Zhang seems like a nice person. He's very polite and good at talking too."

Evidently, Zhang Hanyu left behind a good impression when he visited the Dou Family.

Dou Xiangling felt a little embarrassed for them to be chatting about her matters and so, she shifted the topic to Zi Yi.

"Yiyi, since you've decided to donate the assets of the Zi Family's company away, there's no need for you to return to S City in the future. It's good this way too. There's nothing much to reminisce about there."

They have all heard of what the other Zi Family members did. Dou Yunhao guaranteed to Zi Yi. "Yiyi, you can live in the capital with a piece of mind in the future. Since the Zi Family are so unkind to you, they can't blame us for returning the favor. Leave the problem of the lawsuit to me. I'll let both families stay behind bars."

Zi Yi obviously would not have an opinion about that.

They continued chatting for a while more before Lu Jingye came over and said, "Uncles and Father are discussing our wedding date. Do you want to go over and listen?"

Before Zi Yi had the chance to speak, Dou Yue'er spoke up. "Of course. After knowing when the both of you are getting married, only then can we make preparations in advance

zi Yi gave her a look. "What's there for you to prepare? Could it be that you're going to prepare a present for me?"

Dou Yue'er gave her a smile. "Presents are a must, but of course, I still have to prepare so I can check the date on which I'll be asking for a red packet.

Having said that, she even had the cheek to call out to Lu Jingye.

Cousin-in-law."

Lu Jingye liked how she addressed him and gave her a nod. "Do you want a red packet?"

Dou Yue'er nodded her head in surprise. "Yes, yes, that's right. If you didn't prepare a red packet, you can transfer money directly through your phone too."

Lu Jingye straightforwardly took out his phone and asked Zi Yi, "Yiyi, how much should we give your cousin?"

Dou Yue'er thought to herself "shouldn't you be asking me?"

Zi Yi revealed a teasing smile and said, "Ten dollars. It's perfect.e"

"Pft!"

Dou Yue'er was stupefied. Dou Xiangling and Dou Yunhao could not hold back their laughter, as they burst out laughing.
