Chapter 59: What Exactly Happened?

Xiang Wei was extremely aggressive. Zi Lian was overwhelmed and coupled with the remaining drug in her body, she could only sob.

Zi Yi was, to some extent, displeased with Zi Lian's reaction. Doesn't she know to fight back even in the slightest?

In the eyes of others, Zi Lian's reaction seemed to have proved Xiang Wei's story and everyone started to push the blame on her.

"What's the difference between selling herself in the market and acting like this? To think she dares to scheme against He Fei. I think she has gone crazy wanting to climb up the ladder!"

"Ha! Not to mention He Fei does not fancy her at all. Even if he likes her, the He Family would never accept such a scheming woman."

Zi Yi listened to the accusations against Zi Lian and remained silent.

Xiang Wei did not intend to let Zi Yi off the hook. She had clearly let the staff spike her drink!

She felt that there was only one possibility if she did not fall prey to her plans. Zi Yi must have changed the glasses.

"Zi Yi, your cousin schemed against He Fei but you don't seem to have any reaction?"

Perhaps you had instigated your cousin to drug He Fei? You acted as if you're not fond of He Fei and yet, you can't bear to part with a good family like the He family. Therefore, you deliberately instigated this, am I right!"

The more she said, the angrier she was. In the end, even she believed in the lie she spun.

There were many present who looked at Zi Yi with a strange expression.

Zi Yi's expression was of indifference. After Xiang Wei finished shouting, she gave her a round of applause. "As expected of a young lady from a wealthy family. I believe you've participated in no lack of schemes your whole life?"

"You're talking nonsense!" Xiang Wei glared at Zi Yi.

"Nonsense?" Zi Yi curled her lips, and turned to the door.

Just then, Lu Jingye suddenly asked, "Is the antidote here yet?"

A staff member's voice sounded from behind. "Here it is."

Those who stood at the door hastily made room when the staff member answered.

Zi Yi took the antidote brought by the staff, hastily opened the bottle, and poured out a few pills before she said to Zi Lian, "Cousin, eat this."

When Zi Lian heard her, her body suddenly shivered.

She looked up at Zi Yi and was shocked by the coldness in her eyes. She hastily took the medicine and swallowed it.

Everyone was watching her closely.

When the warmth in her body slowly decreased, her mind also cleared up gradually.

Just then, Xiang Wei's scornful voice could be heard. "Even if she ate the antidote, you still can't dispute the fact that she's shameless!"

Zi Yi glanced at Xiang Wei with a chilly gaze.

Xiang Wei's heart palpitated and when she finally recovered her senses, she was about to explode again.

However, Zi Yi looked back to Zi Lian and asked, "Cousin, what's going on?"

When Zi Lian's mind cleared up, she finally noticed the crowd around her. She thought that since she had made such a huge sacrifice today, she might as well go for broke.

She sobbed as she explained. "After I realized I was feeling unwell, I went to the restroom. But just as I walked to the door, Young Master He Fei pulled me inside and pounced on me. He even tore my clothes. I was so scared.

I didn't expect to feel strange the more I struggled. I don't know what happened in the end. I only felt that Young Master He Fei had... to me..."

Zi Lian covered her face and started crying again after she said that.

"I've already been taken by Young Master He Fei, and I no longer have the face to meet my family members. It's better for me to die!"

Zi Lian's words caused everyone's expression to turn stranger.

Could He Fei have been so anxious to have completed all the steps within ten minutes!?

Xiang Wei angrily stomped her foot. "Nonsense! He Fei has received special training since he was a child. Even if he's drugged, he would not grab a random woman to resolve his urges. Let alone completing the deed with you in such a short time!"

She turned towards Ouyang Ming with reddened eyes. "Brother Ming, immediately get someone to fetch the CCTV. I want to expose this shameless woman."

Ouyang Ming took out his phone. "There's no need, my phone is directly connected to it."

Subsequently, he checked what had been captured during that particular time slot.

Zi Yi kept her attention on Zi Lian. When she discovered that she did not appear worried, Zi Yi knew that she must have done something at that time."

As expected...
