### Chapter 97: So What If I Hit You?

When Chang Teng believed he had discovered the truth, his gaze towards Zi Yi had also changed.

After a while, the racers came down from the racing track to take a rest.

Chang Teng was busy asking the staff members to massage their shoulders and bring them water.

Shortly after, he introduced Zi Yi to them.

However, during the introduction, all he said was for them to take good care of her and mentioned that it was specially requested by the boss.

When the racers saw Zi Yi, they were originally stunned by her appearance.

But coupled with what Chang Teng said, they instantly changed their expressions.

A man with pierced ears, who seemed to have a hot temper, sized her up and rudely said, "Manager, are you kidding us? You let a woman participate in the competition with us?!"

Another man with a proud expression sneered and said sarcastically, "The boss has really given it a lot of thought just to pick up girls."

The other racers looked at her with disdain.

Zi Yi glanced at them and said to the awkward Chang Teng, "You only have to tell me their names, who is participating, and who is a substitute."

Her words caused the men to look at her and Chang Teng with an unkind gaze.

This woman was a nobody and yet, her tone was so arrogant.

All of a sudden, a man who looked mixed race, who was originally leaning against the railing, walked over.

Chang Teng felt that something big was about to happen and he immediately took out his phone to call Ouyang Ming.

The man walked over to Zi Yi, and raised his hand with the intention of holding her chin.

Smack!

A crisp slap instantly caused his hand to turn red.

The whole world seemed to turn silent from the slap. Everyone looked at Zi Yi with a stupefied expression as they thought, "*This woman is dead meat!*"

Gerry looked at his reddened, tingly hand in disbelief. His expression changed several times and in the end, it was extremely dark.

"How dare you hit me!"

"So what if I hit you?" Zi Yi sneered. "I'm teaching you that not all women can be touched."

Gerry looked at her angrily, gnashed his teeth, and sneered. "A woman without any self-awareness is thinking of participating in the competition with us?"

"It's not up to you to decide if I have self-awareness."

"Do you even know how to drive? Ha! What a joke! Girls can't even stand driving more than 200 kilometers a second and yet, you're thinking of competing with us?"

After Gerry said that, the hot-tempered man walked over.

He glanced at Zi Yi with contempt and sneered. "Gerry, why are you wasting your saliva on her? For someone without any self-awareness like her, the best way to teach her a lesson is to make her understand the reality. Otherwise, she'll only cry before she even participates in the competition and embarrasses our racing team."

While he said that, he arrogantly turned to Zi Yi. "Do you dare to race with us?"

Chang Teng, who was standing on the side, was sweating buckets. Why hasn't the boss arrived yet?

Something big is about to happen!

Zi Yi laughed at his question, but her eyes were chilly.

Just as she was about to agree, an angry roar sounded from below. "What are you doing!"

Ouyang Ming strode over, glanced at the two men standing before Zi Yi before looking at her with an angry gaze. "I've only left for a short while and you're causing trouble for me. Let me tell you..."

"Shut up!"

"Ugh..."

Ouyang Ming subconsciously paused. When he realized his reaction, he turned red in anger.

"Zi Yi, let me tell you..."

"Before knowing what transpired, you better swallow what you are about to say."

Ouyang Ming also realized he was too impulsive when he heard her threat. He turned to ask Chang Teng, "What happened?"
