

## Meet My Brothers by Red Thirteen in Chinese chapter 1-5

Meet My Brothers by Red Thirteen in Chinese Chapter 1-“Congratulations, you are one month pregnant, and the indicators are normal. ”

Zhao Xixi took the pregnancy test form and returned to the luxury wedding room, feeling as if she was dreaming, she was pregnant?

She plucked up the courage to send a message to her husband Huo Hanhui: [Are you coming back for dinner tonight?]

The wait was long, he had always disliked the interruption of his work, and she was worried that she would not get a reply again

The next second, the phone lit up, and his tone was cold: [Well, there is just something to talk about]

After getting Huo Hanhui's reply, Zhao Xixi hurriedly went to buy vegetables and made a large table of meals, she put the pregnancy test form on the table, and felt that it was too deliberate, so she simply turned the pregnancy test form over and put it away

In the evening, a black luxury car drove into the yard

Huo Hanhui bent down and got out of the car, his suit jacket was casually on his arm, his figure was slender, his eyebrows and eyes were tough and dark

“Han Hui, are you back?”

Zhao Xixi trotted up to meet him, reaching out to pick up the suit jacket he had taken off, but he handed over a document, and surprise flashed in her eyes

“Look, there's a request to make. ”

She lowered her eyes and looked at the document in her hand, and the eye-catching title on the first page – [Divorce Agreement]

The paper was so white that it stung her eyes deeply

Huo Hanhui pulled his tie, with the exhaustion of work between his eyebrows, he glanced at the little wife beside him, with a round face and baby fat, looking like a minor

He has no feelings for her, but grandma likes it, and she also coaxes grandma to get a lot healthier, and everyone takes what they need

If it weren't for the accident a month, he wouldn't have found out that the two had been married for three years

Continuing to maintain the marriage contract will only delay her youth, and it is better to separate

Zhao Xixi's hand was gently placed on his lower abdomen, and he asked him with expectation: "If, I mean if we have children, will you still divorce?"

Huo Hanhui's gaze fell on her lower abdomen, and his brows furrowed: "Didn't you let you take birth control pills a month ago?"

The accident a month ago was also the only one in three years of marriage

Zhao Xixi's hand seemed to be burned, and she quickly moved her hand away from her lower abdomen, but the man grabbed her wrist fiercely, and his eyes were a little complicated: "Really pregnant?"

Zhao Xixi paused: "I mean if, will you want it?"

"Don't. "

Huo Hanhui breathed a sigh of relief, an unhappy marriage, there is no need to have children to suffer, such as his parents

The man let go of his hand, and her heart was empty

Zhao Xixi looked at the back of the leaving, raised his head and forced back the tears, his words were as gentle as a knife, and pierced her chest accurately

She glanced at the carefully prepared and cold meal on the table, and raised her hand to dump it all into the trash, the greasy taste made her want to vomit

She touched her lower abdomen, which was pregnant with a little life, and she swallowed the bitterness; ]

She has been an orphan since she was a child, and after her adoptive parents adopted her and gave birth to a pair of dragon and phoenix fetuses, she was thrown to her aunt's house to fend for herself, but fortunately, the aunt was very good to her

Zhao Xixi's biggest wish is to have a home, knowing that Huo Hanhui doesn't like her, she still worked hard to be a docile wife for three years, and it turns out that you can never warm a cold and hard stone

Although she is now divorced, she has children and is finally no longer alone

She didn't even read the content of the divorce agreement, and signed her name directly at the end

At night, she still sleeps alone in the master bedroom, Huo Hanhui sleeps in the study, everything is no different from before, married for three years, and divided for three years

---

In the morning, Zhao Xixi received a call from her mother-in-law, and the other party's tone was high-minded: "Zhao Xixi, you ask the maid to clean up the guest rooms on the second floor, there are guests who will come to stay for a few days, remember to treat the guests well." "

Meet My Brothers by Red Thirteen in Chinese chapter 2-Before Zhao Xixi could ask who it was, her mother-in-law hung up the phone directly

She tugged at the corners of her mouth, she had long been accustomed to her mother-in-law's disgusting attitude towards her, and it seemed that any more words would defile the lintel of the Huo family

When Zhao Xixi went downstairs, Huo Hanhui had already gone to work

In the afternoon, a young woman covered in famous brands walked into the hall, and Zhao Xixi's eyes flashed with surprise, could this be the distinguished guest that her mother-in-law said? A very beautiful woman?

A hint of ridicule flashed in Zhao Xixi's eyes, if she had changed before, she would definitely be uncomfortable, but she had divorced Huo Hanhui, and it didn't matter to her which woman came to live here

Zhao Xixi stepped forward: "Hello"

Before she could finish her words, the beautiful woman ignored herself, walked around the hall, and then instructed the butler: "The color of the curtains is not good, nor is the sofa, and the beds in the bedroom are all replaced with the brand I like." "

Looking at the distinguished guests who came to the wedding room, Zhao Xixi said directly: "Who are you? This house is not ready to be renovated." "

"Let me introduce myself, my name is Lin Xi, and I will be the hostess of this wedding house in the future. So the decoration style of this villa is naturally up to me. "

"You are Lin Xi?"

A touch of bitterness welled up in Zhao Xixi's heart, no wonder Huo Hanhui suddenly filed for divorce, it turned out that Lin Xi was back

When Bai Yueguang returned to China, she should give way as a substitute

"It seems that you have heard of me, hurry up and sign the divorce agreement, you have occupied this position for three years, and you should return it to its original owner. "

Zhao Xixi said lightly: "What you said is so affectionate, when Huo Hanhui was unconscious in a car accident, why didn't you marry him?"

At the beginning, Huo Hanhui had a serious car accident, and Grandma Huo wanted to find a girl to leave offspring, and usually those celebrities hid far away

At that time, she was Grandma Huo's nurse, Grandma Huo was very good to her, and lent herself money to pay off her debts, she couldn't bear to see Grandma Huo's white-haired person send a black-haired person, so she promised Grandma Huo to marry into the Huo family

Everyone thought that Huo Hanhui couldn't survive, including her, they all thought that marriage was just a formality! But they didn't expect Huo Hanhui to come back to life!

Since then, her position in the Huo family has become awkward, after all, the prince of the Huo family, the richest man in Beicheng, married an ordinary nurse as his wife, and it will only make people laugh when he says it

In the past three years, no one knows her identity

Lin Xi's face stiffened: "That's because my brothers didn't let me marry and locked me up at home, which caused me to miss the opportunity to marry Brother Hanhui." As a result, you were preempted by a rural girl. I warn you, I am the little princess of the Lin family in Nancheng, my brothers are very powerful, if you dare to fight with me, be careful of your family!"

Zhao Xixi's face turned cold: "If you dare to touch my family, I won't let you go." "

"If you want your family to be safe, then sign the divorce agreement. "Xiu Shushu

Lin Xi saw the divorce agreement on the coffee table, and her heart flashed with pride: after three years of waiting, she finally waited for this day

Zhao Xixi replied calmly: "I have already signed." "

"Count you as acquaintances. "

Lin Xi took out a check from the brand-name bag: "There is one million here, which is a little bit of my personal heart." "

A hint of mockery flashed in Zhao Xixi's eyes, and he didn't answer at all

"That's 10 years of your earnings based on your former caregiver's salary. Accept this money, don't disturb our lives in the future, Brother Hanhui and I are the right match. After all, you are a commoner, and you are not in the same world as rich people like us. "

Zhao Xixi's heart was stung again, she went upstairs and went back to the master bedroom in embarrassment, originally Lin Xi didn't come today, she also planned to leave

Now that she is divorced, there is no need for her to stay here

When she packed her things, she found that she had very few things, and she couldn't even fit a suitcase, and the past three years had passed like a dream

Zhao Xixi saw the pregnancy test form on the bedside, and silently thought in his heart: It's time to end

At this time, Lin Xi walked into the master bedroom in a grand manner, still holding the divorce agreement in his hand: "Have you cleaned it up?"

Lin Xi saw the piece of paper on the bedside table, and saw the words of the Municipal Women's and Children's Hospital from a distance, and a trace of doubt flashed in his eyes

Zhao Xixi quickly took the pregnancy test form and crumpled it into a ball, and Lin Xi next to him said in surprise: "Are you pregnant?"

Meet My Brothers by Red Thirteen in Chinese chapter 3-Zhao Xixi clenched the pregnancy test form tightly: "If I am really pregnant, I will not get divorced."

"Yes, after all, a woman like you who worships money will definitely seize the opportunity of a mother and a child. But even if you're pregnant, Brother Hanhui won't want it. After all, you are from a commoner and are not worthy of being the heir of the Huo family. "

Zhao Xixi hurriedly turned around and walked into the cloakroom, but Lin Xi followed her: "Wait, show me the paper you just took from the table." "

Lin Xi thought about it and was still not at ease, he had to see it clearly, in case this woman was pregnant with a child, she had to get rid of it

Zhao Xixi clenched the pregnancy test form tightly: "This is my privacy." "

"What privacy, I think you want to steal the valuables of the villa, bring it to you!"

Lin Xi stepped forward to break her hand, and wanted to raise her hand to hit her, Zhao Xixi reflexively fell over the shoulder, only to see Lin Xi lying on the ground wailing: "My feet, it hurts so much!"

"Zhao Xixi, what are you doing?"

The man's cold voice came, Zhao Xixi turned his head and saw Huo Hanhui walking in from the outside, his heart shrank suddenly, and he muttered, "Hanhui, it's not what you saw."

As a result, he walked past her with a cold face, bent down and picked up Lin Xi on the ground, but saw the divorce agreement on the ground, which happened to be on the last page – Zhao Xixi

Huo Hanhui's eyes were slightly stunned, this time she actually signed so quickly?

"Brother Hanhui?"

Huo Hanhui came back to his senses and asked Lin Xi in a low voice, "Are you okay?"

"Brother Hanhui, my hand hurts so much, is it broken, can I continue to play the piano in the future?"

Huo Hanhui put Lin Xi on the bed: "No, I'll let the doctor show you." "

After speaking, the man turned his head to stare at her: "Apologize to Xixi." "

Lin Xi is the eldest lady of the Lin family, and there are three younger brothers in the family, if the Lin family knows that Lin Xi was beaten, this woman will not be able to eat and walk around

Hearing the word Xixi, Zhao Xixi's heart throbbed again

Her name is also Xixi, but he has never called himself like that, even in the accident a month ago, when he hugged his body affectionately, the 'Xixi' in his mouth should also be 'Xixi', she was amorous

From beginning to end, she was just Lin Xi's stand-in

Her heart began to go numb a little bit in pain, and she said in a dumb voice, "Apologize?" xiub

"You hit people first, and even three-year-olds understand the truth. And do you know how important those hands are to someone who plays the piano?"

Yes, Lin Xi's hair is important, she is worse than the weeds on the side of the road

After three years of endurance, she didn't want to endure it anymore

Zhao Xixi stubbornly replied: "Whether you believe it or not, it was her hand that made the first move!"

The housekeeper added oil and vinegar at the door: "Young master, I saw with my own eyes that the young grandmother pushed Miss Lin." "

Huo Hanhui twisted his eyebrows and said sharply: "Apologize!"

"What if I don't?"

A touch of surprise flashed in Huo Hanhui's eyes, once upon a time the little wife who had low eyebrows and pleasing eyes, actually had a sharp tooth and sharp mouth?

He pursed his thin lips: "It's quite backbone, think about the fate of your uncle lying in the high-end ward of the hospital!"

At the beginning, her uncle was beating people, but he was called to the police and faced detention, but his uncle had a car accident in the process of fleeing in a hurry, and now he is still lying in a coma in the hospital

Hasn't she learned a long lesson?

Zhao Xixi held back her tears, she didn't expect him to threaten herself with her uncle, she looked at the woman lying on the marriage bed in a grand manner, and the wedding photos hanging on the bedside seemed to be laughing at her existence It was a joke.

Meet My Brothers by Red Thirteen in Chinese chapter 4-Zhao Xixi straightened his back and looked at Huo Hanhui: "Can I go?"

She didn't want to stay here for a moment

She picked up the divorce agreement on the ground and handed it to him, and this time her attitude was extraordinarily firm

Huo Hanhui glanced at the divorce agreement, his brows wrinkled subconsciously, he didn't expect her to sign so simply this time, she would ask her grandmother to be a rescuer before, he had thought about how to convince her grandmother, but now she doesn't need it

The man was inexplicably a little uncomfortable in his heart, he saw the suitcase on the ground, and she was about to leave?

Huo Hanhui raised his eyes: "Have you found a place to live?"

"Nope. "

After Zhao Xixi subconsciously answered, he looked at him in surprise, was he concerned about himself just now?

Huo Hanhui quickly looked away: "Go and get the ice cubes and put ice on the sunset." She's sprained her foot because of you, do you want to walk away like that?"

Heh, sure enough, it's for Lin Xi

For a second just now, she thought that Huo Hanhui was caring about herself, and her three-year marriage was not worth a single hair of Bai Yueguang

Zhao Xixi walked out of the bedroom with stiff steps, and Xiao San entered the room to sleep on the marriage bed, but she still had to give Xiao San ice cubes

Zhao Xixi, are you cheap?

When she went downstairs, she accidentally stepped on the air, and she subconsciously reached out and grabbed the nearest flower pot and green plant, and rolled down the stairs with the flower pot

At the last moment, someone grabbed her hand

Zhao Xixi looked at Huo Hanhui in a daze, he actually saved himself!

The man pulled her back with all his might, her head still hitting his chest, her face pressed against his heart, just in time to hear his powerful heartbeat

Zhao Xixi stepped back in a panic, trying to widen the distance between the two

As a result, her body was light, and she was hugged by her waist and carried down the stairs, her face was so tightly pressed against his chest, and she was instantly surrounded by the breath of mature hormones

She was put down, and the temperature on her face rose a lot

Although they have been married for three years, the two have never had physical contact, except for the accident last month

The man's cold voice came from above his head: "Remember to walk with your brain, so as not to fall into a fool." "

Zhao Xixi pursed the corners of her mouth, her mood gradually calmed down, she saw the flower pot smashed on the stairs, and the dirt scattered to the ground: "I'll clean it up immediately." "

"Let the servant come, you don't have anything else to do?"

Huo Hanhui's brows twisted deeper, he invited so many servants, and he didn't eat rice

Only then did Zhao Xixi remember what he was going to do when he went downstairs – bring ice cubes to Lin Xi

A touch of self-deprecation flashed in Zhao Xixi's eyes, she looked up and noticed that his shirt was stained with mud, it should have been splashed with mud just now to save herself

This man has a habit of cleanliness and must not be able to endure these things

She originally wanted to make a loud reminder, but he had already strode upstairs and looked in the direction of the master bedroom, was he so worried about Lin Xi?

Zhao Xixi exhaled with difficulty, walked upstairs with an ice cube, pushed open the door and walked in, but he didn't see Huo Hanhui, what about others?

Lin Xi leaned on the head of the bed, her red lips hooked slightly: "Put down the ice cube and leave, do you really want to serve me here?" Or do you still want to see the scene of my love with Brother Hanhui, I haven't seen him for three years." "

Lin Xi's words are meaningful!

Zhao Xixi only heard the sound of water coming from the bathroom at this time, and Huo Hanhui was taking a bath in the bathroom!

The blood on her face faded in an instant!

They divorced on the front foot, and they couldn't wait to roll the sheets with Bai Yueguang on the back foot!

Meet My Brothers by Red Thirteen in Chinese chapter 5-Zhao Xixi thought of what would happen on the next bed, and she felt sick to her stomach for a while, but she still controlled herself, turned around and went to the cloakroom to pack her things, and a suitcase was quickly packed

"Butler, that suitcase seems to be a name brand, find her a pocket for her luggage. "

Soon, the butler found a dirty snakeskin bag and threw it in front of her: "Use this. " "

Zhao Xixi squatted down and opened the suitcase, and Lin Xi's voice came from behind him: "Wait a minute, check her luggage, lest some people have unclean hands and feet and take away things that shouldn't be taken. " "

Hearing this, Zhao Xixi remembered that Huo Hanhui said just now that he would kill the child, he was in the bathroom next door over there, and if the pregnancy test was discovered, the child would definitely not be saved

The housekeeper and Lin Xi were staring at each other outside the cloakroom, she glanced at the pregnancy test list that was hidden deeply, and then made a decision

She turned her back, secretly tore up the pregnancy test form, put it in her mouth and swallowed it one by one, she looked at the man's clothes in the cloakroom, and her heart died a little bit From now on, this child has nothing to do with the Huo family Zhao Xixi dragged the snakeskin pocket out of the cloakroom and said coldly: "Do you want to check?"

Lin Xi covered her mouth with a look of disgust: "Hurry up and let her go outside to check, the snakeskin pocket stinks to death. " "

Wait a minute, if Brother Han Hui comes out after taking a bath, there is no way to get rid of this woman, she can't leave this hidden danger

The housekeeper stepped forward and pushed Zhao Xixi: “Did you hear it, hurry up!”

Zhao Xixi walked to the gate of the villa alone, and the short time seemed like a century. The butler tore through the snakeskin pouch in her hand and dumped everything on the ground, as if looking for something. Unfortunately, the pregnancy test was swallowed by her. Zhao Xixi squatted on the ground, trying to pick up the things on the ground. At this time, the phone rang. When she heard her aunt’s voice, tears suddenly fell from her eyes. Just now she was humiliated by green tea and misunderstood by Huo Hanhui, she couldn’t hold back a single tear, but after hearing the voice of the eldest aunt, she suddenly couldn’t help it, and her voice choked: “Auntie.” ”

“Sissy, why are you crying?”

“Auntie, I’m divorced, and I don’t have a home anymore. ”

“Silly boy, who said you don’t have a home. I originally called you to tell you the good news: Actually, your family found me, you also have three brothers, from Nancheng, surnamed Lin, and three cousins, you have a total of six brothers, they all came to you, they are all your family. ”

Zhao Xixi paused: “My family?”

She had known that she was an orphan, but she had never thought of looking for her family, and since her parents didn’t want her, she didn’t have to look for it.

“Xixi, don’t cry, hurry home, we don’t know what kind of wealthy family you are!

Before Zhao Xixi could say anything, the phone was turned off when it ran out of power. Her heart is in a mess, has she really found her family?

“Zhao Xixi, what are you messing about?”

At this time, Huo Hanhui walked out of the hall wearing a wide bathrobe, and kindly asked her to stay for a few days, but when it was time for him to take a bath, she packed up her things and left. He saw the items scattered on the ground, all ordinary clothes, and did not take a single brand-name luxury item with him. Isn’t that what she wants to do when she marries herself?
