

Meet My Brothers by Red Thirteen in Chinese

Meet My Brothers by Red Thirteen in Chinese chapter 11-Zhao Xixi saw her adoptive parents, and the smile on her face suddenly disappeared: "You also have the face to say that it is my benefactor? When I was almost starved to death at home, it was my aunt who gave me a bite to eat." Later, you also left me to my aunt to raise. " The eldest aunt was a little surprised: "How did you find here, I obviously didn't say anything." " The adoptive mother crossed her hands on her hips: "Sister-in-law, you are embarrassed to say." Obviously, we are the adopters of Sissy, do you want to take the credit now?

The adoptive father spat out a mouthful of thick phlegm: "That's right. Where is Zhao Xixi's family? If they can afford to live in such an expensive hotel, they must be very rich, so let them give us compensation. " I didn't expect the children who were picked up casually at the beginning to have such a rich family, and they are developed Zhao Xixi protected her eldest aunt and looked at her adoptive parents coldly: "Dream on, I won't give you a penny." At the beginning, the uncle fought because of you, and you were involved in the car accident. As a result, you still owe money and don't pay it back, if you hadn't delayed the treatment time, the uncle would not have become a vegetative person lying in the hospital. " The eldest aunt's eyes were red when she heard this, if it weren't for this, Xixi would not have married a man who was dying for the sake of medical expenses The adoptive father was a little weak-hearted The adoptive mother was bold and moved towards Zhao Xixi: "Little hoof, I think you're going to turn against the sky, I have to teach you a good lesson today!"

"Who dares to hit my sister!"

A sharp voice came Lin Dongye strode over, his terrifying momentum was a little scary, and he was followed by a group of bodyguards The adoptive father and adoptive mother were frightened, and the adoptive mother shrunk her neck: "I teach my daughter a lesson, what does it matter to you?"

Lin Dongye had a cold face: "She is my sister, when will she be your daughter?"

The adoptive father's eyes lit up, he rubbed his hands and said greedily: "You are Zhao Xixi's family, right, it's not easy for us to raise her, should you pay

some money now? If we hadn't raised her, she would have starved to death."
"How much do you want?"

"Not much, a million." The adoptive mother winked and immediately changed her words: "Five million." Lin Dongye sighed: "How can five million be worthy of my sister's worth, at least one hundred million!"

It's only five million, who do you look down on?

This is his Lin Dongye's sister!

Over the years, in order to find his sister, he has spent billions. As long as he can find his sister, even if he wants his full worth, it is nothing. The adoptive father and adoptive mother were dizzy by 100 million, this is 100 million, and it can't be spent in a lifetime. Zhao Xixi sneered: "It's really a lion's mouth, and I still want 100 million! Even if I donate, I won't give you a penny." "When you locked her up in the firewood room and didn't give her food, when I saw her, I was so hungry that I was left with a breath of hunger. You still have the face to ask for money? You still want 100 million! Don't be ashamed!"

Zhao Xixi held her aunt: "Don't be angry, don't bother with them." The adoptive father was so angry that he wanted to beat someone: "Zhao Xixi, you dead girl, you are so ungrateful!"

Lin Dongye kicked the middle-aged man away, his expression was extremely cold: "But this money is for the person who raised my sister, does it have anything to do with you?"

I didn't expect it to be a good thing for adoptive parents. Zhao Xixi saw her adoptive father lying on the ground motionless, she was startled, and her eldest brother kicked people away like this. Looks like her brother is a bit fierce!

Lin Dongye turned his head and said in a gentle tone: "You go over with the eldest aunt first, and the eldest brother here will deal with it." "But"

"Trust me, you used to be alone, but now you have a big brother. Good job!"

Zhao Xixi's eyelashes trembled, and his heart was a little touched, is this what it feels like to be maintained by his family?

She didn't say anything this time, and obediently took her aunt away. After Lin Dongye saw his sister leave, he turned around and immediately changed his face, his expression was as cold as King Yama, he hadn't done it in person for many years, but now he couldn't bear it anymore – he actually dared to abuse his sister!

A group of bodyguards formed a circle, blocking the view from the outside. Lin Dongye looked at his adoptive parents condescendingly, and the corners of his eyes were dyed with murderous intent: "Do you live in a firewood house?"

Meet My Brothers by Red Thirteen in Chinese chapter 12—"That, that's because there aren't enough rooms at home, and the firewood room is actually very warm." "Yes, yes, we were very poor at that time, and our family didn't have enough to eat." Lin Dongye was indifferent, his eyes didn't blink when he moved, and soon the middle-aged man and woman couldn't even say a word, several teeth fell out, and their faces were covered with blood. The adoptive parents now regret their death, this man looks fierce and vicious, he looks like a rich man, and he is more like a black society!

The man rubbed his wrist and said in a cold tone: "Take them away, don't let my sister see them." "If he frightened his gentle and timid sister, how would he be a kind, upright and not fierce big brother in the future?"

Lin Dongye turned around and walked towards the restaurant, and when he looked at Zhao Xixi, the expression on his face became extremely gentle: "Whatever you want to eat, you can order whatever you want." Zhao Xixi glanced at the other side of the hall and found that her adoptive parents were gone, and she said in surprise: "What about them?"

I reasoned with them in a friendly way, and they probably felt ashamed and left." Zhao Xixi had a trace of doubt in his eyes, did his adoptive parents talk so well?

Lin Dongye quietly took the towel and quietly wiped the blood stains on his fingers: "If they dare to come again in the future, call me." Zhao Xixi didn't reject the brother in front of her so much now, she glanced at the menu that was not cheap, and asked, "Are you very rich?"

Lin Dongye was stunned, and his brain began to run rapidly. What did my wife say just now?

Pretend to be pathetic!

The next second, he replied decisively: “No.” ” “But you just said 100 million?”

“That’s a lie to them. ” “But this hotel is expensive and the restaurant is not cheap. ” “I’ve worked here before, and there are staff packages, which are actually very cheap. ” The eldest aunt blurted out, “What about the helicopter? And these bodyguards?”

“That’s all rented, too. ” Lin Dongye looked at the nearest bodyguard and took out a stack of cash: “Put it away, this is today’s salary.” ” Bodyguard: “????” is this to be accepted, or not to be accepted?

Lin Dongye lifted his eyelids: “I think you can accept it!”

The bodyguard quickly took the cash, turned around and quickly left the scene Zhao Xixi blinked: “Then you deliberately pretended to bluff just now?”

“Well, yes, after all, when I come to see you for the first time, I always have to make a show. ” Lin Dongye found that his sister didn’t reject him so much, and instantly felt that the decision just now was right, from now on, he wanted to be a poor man The eldest aunt was puzzled and said, “Then what are you doing?”

Lin Dongye fell silent again, he can’t say that he is a real estate predator, but it doesn’t seem good to lie to his sister, he replied vaguely: “My company sells houses.” ” That’s right, the one who sells the house Although the company is his The eldest aunt suddenly realized: “Oh, real estate sales, in fact, it doesn’t matter what we do, we are all ordinary people.” Xixi is not this kind of person who hates the poor and loves the rich, as long as you are good to Xixi, you don’t have to make these false things and waste more money. ” Zhao Xixi nodded: “Yes, I don’t care about this.” ” The wealthy family is deep, but she is not used to that kind of environment “Since you don’t like it, then next time Big Brother won’t do it. ” “And what do the rest of the brothers do?”

Meet My Brothers by Red Thirteen in Chinese chapter 13-“Your second brother Linnan, who is now writing very good code, has led the company to win many awards, and has also participated in the establishment of firewalls for many network security work Your third brother Lin Bei volunteered at the Red Cross Society abroad, treating injured wild animals and leading people to gain an in-depth understanding of the living conditions of animals Your fourth cousin, Shen Bonian, is now teaching people to play the piano Your fifth cousin, Shen Yehan, works in a law firm Your sixth cousin Shen is silent, and he is playing tricks in the crew. ” Lin Dongye felt that he should explain it

properly, and he didn't lie [The second brother is a famous hacker – isn't he a programmer who writes code?] [The third brother is a top surgeon – he doesn't like to save people, he likes to save animals.] [The fourth cousin is a famous pianist – in addition to holding concerts, he teaches people to play the piano at school.] [The fifth cousin is a famous barrister – he does work in the firm, but he opened it himself] [The sixth cousin is an actor – he did run a trick, and he became an actor.] Zhao Xixi nodded, the eldest brother is a real estate salesman, the second brother is a code farmer, the third brother is a veterinarian, the fourth cousin is a piano teacher, the fifth cousin is a lawyer, and the sixth cousin is a dragon actor It seems that fantasy is really just fantasy Zhao Xixi didn't expect so many brothers to pop up all at once, as if their careers were different The eldest aunt regretted that Xixi's brother was not rich: "Then let's go back after eating this meal, this hotel must be very expensive." Sissy, it's not easy for your eldest brother to sell a house to make some money. " But if you don't have money, it's nothing, as long as it's good for Xixi "No, money is not an issue. Ahem, that I mean I made a lot of money selling my house. " Zhao Xixi knew the eldest brother's intentions, and she took the hand of the eldest aunt: "Real estate sales are quite profitable, anyway, they are all booked, so let's stay for one night with peace of mind." " The eldest aunt reluctantly agreed Lin Dongye breathed a sigh of relief silently, sure enough, the method that his wife came up with was easy to use!

After eating, he returned to the presidential suite on the top floor, Zhao Xixi originally planned to chat with his aunt for a while, but he fell asleep not long after lying down, and slept until dawn The next day, Zhao Xixi was woken up by the alarm clock In the past, she got up at seven o'clock in the morning to make breakfast for Huo Hanhui, and she turned off the alarm clock, and from today onwards, she no longer had to please that man But it wasn't long before her phone rang again She glanced at the caller ID, it was a name she couldn't ever dream of – Huo Hanhui After three years of marriage, Huo Hanhui never called himself once If she had done it before, she would have been very happy But now she doesn't want to take it It didn't take long for the phone to finally quiet down, but Zhao Xixi didn't feel sleepy, this was the first time she rejected Huo Hanhui, and her mood was a little complicated Soon she received another call, it was the maid at home, Zhao Xixi answered the phone this time: "Hey, what's wrong?"

"Young grandma, where is the blue tie that Mr. usually likes?"

Zhao Xixi didn't want to answer, but she couldn't bear to see the maid being scolded, so she spoke: "On the far left of the second drawer." " In the next

second, Huo Hanhui's cold voice came from the phone: "Zhao Xixi, you come back immediately and find out the tie, I don't like other women to come into my bedroom!"

Hearing the man's straightforward voice, Zhao Xixi sneered: "Mr. Huo, we are already divorced. You can ask Lin Xi to find it for you!"

Meet My Brothers by Red Thirteen in Chinese chapter 14-"You are usually in charge of these things, how can Lin Xi find them?"

Heh, is this distressing Lin Xi and doesn't want his Bai Yueguang to do things to serve people, so he will let himself go back to serve the pair of dog men and women?

She didn't want to go back to see the scene of Lin Xi lying on her bed!

"If you can't find it, change it!"

Zhao Xixi hung up the phone after speaking, her heartbeat accelerated a lot, she didn't expect that one day she would be able to hang Huo Hanhui's phone. This feeling is actually not bad. On the other side of the phone, the maid cautiously said, "Sir, do you want to change your tie?"

Huo Hanhui turned around and went to the cloakroom, and sure enough, he found the tie in the second compartment of the drawer, he didn't find it after looking for a long time just now, what a hell!

Last night, his people followed the helicopter and lost them after a while, and he didn't know where Zhao Xixi was picked up. This sense of loss of control made him a little irritable. Huo Hanhui changed his clothes and came to the restaurant, took a look at the Western-style breakfast, and after he tasted it, he immediately frowned and put down the knife and fork: "It's unpalatable!"

The housekeeper was a little nervous: "Sir, this is what Miss Lin Xi specially explained before leaving yesterday, saying that you like to eat this the most." " However, the housekeeper had doubts about Lin Xi's words, after all, Mr. had been eating the meals cooked by Zhao Xixi's woman for the past three years, all of which were Chinese breakfasts. He also thought that Miss Lin would stay and become the future grandmother of Huo Shao, but last night Mr. actually asked Miss Lin to send her away. Huo Hanhui threw down the knife and fork: "I don't like to eat this." " He glanced at the empty position next to him, he used

to feel bored when he saw Zhao Xixi, but now he was a little unaccustomed to it What the hell!

— Zhao Xixi touched her gurgling belly, she washed up and got up, only to find that her aunt was still sleeping, and she quietly left the presidential suite The eldest brother slept in the next room, and she didn't know if she probably didn't get up Zhao Xixi found a breakfast shop nearby, and she took a photo in a good mood and sent it to Moments: [New day, go forward, don't look back!] Soon, Grandma Huo liked her WeChat and immediately called: "Xixi, come over for dinner if you are free in the evening, grandma hasn't seen you for a long time." " Zhao Xixi thought that sooner or later she would tell her grandmother about the divorce, and she agreed: "Okay." " After she finished her breakfast, she returned to the hotel with her packed breakfast As a result, a young man next to him came out of the elevator over there, and happened to see Zhao Xixi, he took out his mobile phone and took a picture of his back, and immediately sent it to Huo Hanhui: [Huo Ye, you and your wife have come to the hotel to open a room?] At this time, Huo Hanhui went to work in a luxury car, and he was quite irritable on an empty stomach He lowered his eyes and saw the photo on his mobile phone, and found that Zhao Xixi's woman was actually in the hotel, could it be that she was really taken to the hotel last night to open a room?

Does this mean that Zhao Xixi has long had a leg with other men?

Huo Hanhui's face became ugly, he couldn't imagine the scene of Zhao Xixi rolling the sheets with other men last night, and a nameless fire appeared in his heart He almost entered Zhao Xixi's circle of friends, and saw the circle of friends she posted a few minutes ago: [New day, go forward, don't look back!] Oh, sure enough, this is the next home!

The man raised his eyes and looked at Assistant Li: "The hospital will stop the medical bills." " Assistant Li said in surprise: "Sir, do you want to force the young grandmother to turn back by stopping the young grandmother's medical expenses?"

Meet My Brothers by Red Thirteen in Chinese chapter 15-Huo Hanhui's expression was a little unnatural: "Your assistant has too much nonsense. " Assistant Li closed his mouth, a little puzzled in his heart But the divorce agreement that the boss asked him to draw up before stated: [I will always be responsible for the medical expenses of my young grandmother and uncle!] Why did you suddenly change your hexagram?

A man's heart, a needle under the sea Huo Hanhui's thin lips opened coldly: "Do as I say." " Zhao Xixi, am I too kind to you, that's why you dare to cuckold me!

Zhao Xixi returned to the seven-star hotel, she also sneezed, is someone scolding herself?

She returned to the room with breakfast and found that her eldest brother Lin Dongye was also there, and the table was full of exquisite breakfast, and the eight major cuisines were basically complete Zhao Xixi looked at the simple breakfast he was holding in his hand, and then looked at the table on the table, a little embarrassed: "I couldn't sleep, I went out for breakfast, I originally wanted to bring some for you." After all, the hotel stuff is quite expensive. " "These breakfasts were delivered and I have acquaintances here. " Lin Dongye immediately made an excuse, just now he was just thinking about ordering breakfast for his sister, and he almost forgot about this stubble, and almost showed his stuffing Zhao Xixi didn't suspect it, after she put the xiaolongbao she bought on the table, she turned around and called her aunt Lin Dongye took the xiaolongbao seriously, secretly took a photo with his mobile phone, and posted it in a small group of a family who loved each other: [The breakfast my sister bought for me, today is also a happy day.]

Lin Nan: [Spend my sister's money, shameless.] Lin Bei: [Agree with what was said upstairs, shameless, unless my sister buys me a copy too.]]

Sister-in-law: [We still have an hour to get off the plane, and our three cousins are also on the same flight as us, so don't let the three of them snatch my sister away.]]

Lin Dongye thought about it for a while, and said his thoughts in the group, lest his younger brother come over to show his stuffing, and he had to talk to his three cousins After my sister was lost, the three cousins became estranged from them a lot Now, I finally found my sister, hoping that the six brothers can resume the relationship as before Not long after, Zhao Xixi came out with his eldest aunt When the eldest aunt saw the snacks on the table, she felt a little distressed about the money, and Zhao Xixi hurriedly explained: "These are all delivered by the house, and they don't need money."

After all, such an expensive hotel must send a lot of delicious food. " After Zhao Xixi finished speaking, the eldest aunt did not doubt her words At this time, Lin Dongye's phone rang, and the caller ID was: Sister Lin Xi Lin Dongye suddenly felt a little weak, and hurriedly hung up the phone After losing their sister, they searched for her for many years, and the last clue was in an orphanage, but they only found a little girl of her age The rest of the abducted children have found their homes, but his sister's whereabouts are unknown, and the little girl has not been claimed by her family At that time, in

order to coax the mentally abnormal grandmother at home, he brought the little girl back to the Lin family and used it as a stand-in for his sister to coax the elderly grandmother. It was also because of this incident that the three cousins had a lot of estrangement with them. But now that he has found his biological sister, Lin Dongye is a little weak-hearted, and he doesn't dare to let Zhao Xixi know about it, for fear that his sister, who is already unfamiliar with him, will be angry because of this incident!

However, Lin Dongye's phone kept ringing, and Zhao Xixi looked over in surprise: "Your phone seems to have been ringing." "I guess it's a mistake." Lin Dongye wanted to throw away his mobile phone, what was the use of asking for it? Zhao Xixi said suspiciously: "I have fought several times, there should be something urgent." Lin Dongye couldn't hide it, so he could only walk to the balcony outside, and after making sure that his sister couldn't hear the content of the call, he answered the phone and said in a stiff tone: "Hey, what's the matter?"

Lin Xi said excitedly: "Big brother, I heard that you came to Beicheng on a business trip, why didn't you tell me?"

Lin Dongye replied vaguely: "Well, there is something."
