

My Disciples 101

Chapter 101 Alchemist Assessment

Southern Region.

Zangdao Academy.

Lu Changsheng had nothing to do. After sitting at home for a long time, he thought about going out for a walk.

Mainly in the academy.

When you meet a student, you will bow respectfully.

Respectfully call him Senior Lu.

Although I won't give you anything, but listening to it like this, I feel very satisfied, right?

Of course, Lu Changsheng would not show these things on his face.

Let's keep a low profile too.

Alas, low key.

After all, Lu Changsheng's reputation in the entire academy can be said to be full now.

Some people even say.

In Zang Tao Academy, you don't need to know the dean.

But you must know Lu Changsheng, the master of the thatched cottage.

It doesn't.

Lu Changsheng was walking in the academy when a disciple passed by.

The disciple will say respectfully: "Senior Lu."

At this time, Lu Changsheng would smile and nod slightly.

When he was about to reach Dantang's territory, Lu Changsheng turned around resolutely.

Ready to go!

Otherwise, the elder will drag him to ask this and that again.

However, sometimes, the more you avoid some things, the more you cannot avoid them.

Elder Dantang happened to come over at this time.

Seeing this, Lu Changsheng shook his body and moved his feet away, ready to run away quickly!

"Hey, isn't this immortal?"

Elder Dantang showed joy when he saw Lu Changsheng.

People who don't know think that there is something wrong with Elder Dantang's orientation...

"No, you have identified the wrong person."

"..."

Elder Dantang looked helpless, and said: "Don't run away first, I happened to have something to do with you."

Seeing that he couldn't escape, Lu Changsheng had no choice but to turn around and say, "Speak, what's the problem?"

"No problem this time."

Elder Dantang stepped forward and took out a parchment with the word Danzong written on it.

"You should know Danzong, right?"

Lu Changsheng scratched his head: "Should I know?"

Elder of Dantang: "...Danzong is the only sect in the mainland composed of alchemists, and it is recognized as orthodox in the way of alchemy."

If we say that Hidden Sword Sect is the holy place that all sword cultivators yearn for.

Then Danzong is the treasure land that all alchemists pursue!

"so what?"

"Every ten years, Danzong will hold an alchemy conference in the central region, and all those who have reached alchemy masters can participate."

Alchemists are divided into apprentices, masters, and grandmasters.

The realm above the apprentice is divided into nine ranks.

Now, Elder Dantang is a fourth-rank alchemy master.

Lu Changsheng pointed at himself, "You don't want me to participate in this alchemy conference, do you?"

"Say it first! I'm not going!"

Elder Dantang said earnestly: "Longsheng, we know your alchemy strength. If you go, you will definitely be able to get the ranking!"

"Once the ranking is won, it will be a very good honor for our Nanyu Tibetan Taoist Academy!"

"At that time, more people will join our alchemy hall... Oh no, join our Southern Region Tibetan Taoist Academy, don't you think?"

"You know, our alchemists in the Southern Region have never been ranked in the alchemy conference!"

"Of course, if your fame is exposed, you can also add more talents to the thatched cottage!"

Hearing the last sentence, Lu Changsheng didn't even think about it, and immediately said: "No, the thatched cottage is very good now, there is no need to add new ones."

joke.

At that time, there will be more people in the thatched cottage.

There must be more things!

Let's not talk about teaching them how to cultivate.

At that time, those disciples will be like Ye Qiubai, causing trouble everywhere, so why not be so busy?

Elder Dantang was helpless upon hearing the words.

When encountering Lu Changsheng like this, it is really impossible to deal with him.

But it is normal.

Now in the thatched cottage, there are Ye Qiubai, Hongying, Ning Chenxin, and now there is Xiao Hei who is physically invincible.

Just these four people can easily crush the Southern Region Tianjiao.

One of these disciples is enough.

Besides, there are four...

Elder Dantang continued to seduce: "Well, if you go, then you can temporarily not come to my lectures in Dantang."

Hearing this, Lu Changsheng's eyes lit up.

Every ten days or so, Qin Tiannan would forcefully drag Lu Changsheng to preach in various churches.

gave him a headache.

Now, Elder Dantang said this condition, which moved Lu Changsheng a little.

"Can you call the shots?"

The elder of Dantang patted his chest and said, "I'll talk to the dean! As long as you go to the alchemy conference!"

Lu Changsheng thought for a while, then nodded and agreed, "Okay, that's what you said!"

"I said."

"when to go?"

"Then you have to go to the alchemy station in the southern region to get the level of the alchemist first."

"The minimum requirement for participating in the alchemy conference is an alchemy master."

Lu Changsheng nodded and said, "Okay, then I'll go back to the thatched cottage first."

The elder of Dantang stopped Lu Changsheng, and said: "What are you waiting for? It will start tomorrow. Go and pass the alchemist level now, otherwise there will be no time."

Immediately, without waiting for Lu Changsheng's objection, he pulled him away from the Tibetan Taoist Academy!

...

Alchemy sect has test stations for alchemist assessment in the four domains.

At this moment, Elder Dantang dragged Lu Changsheng to this place.

Lu Changsheng was speechless.

At the gate, there was already an old man waiting.

"Hu Qing, your alchemy has improved again? Want to participate in the assessment of the fifth-rank alchemy master?"

Hu Qing pulled Lu Changsheng and said with a smile: "It's not me, but him, Lu Changsheng, the head of our thatched cottage in Tibetan Taoist Academy."

"oh?"

The name of Lu Changsheng has spread throughout the Southern Region.

It is said that although there are only three disciples in thatched cottage, all of them are the pride of heaven!

After all, the outside world still doesn't know the existence of Xiao Hei.

"Master Lu, of course I know, but..."

Obviously, the old man doubted Lu Changsheng's level of alchemy.

Hu Qing smiled, "You don't have to worry about this, this kid's alchemy level is higher than mine."

"oh?"

The old man was surprised.

In the southern region, Hu Qing's alchemy level is at the forefront.

Otherwise, it is impossible to become the elder of Dantang.

"Then I want to see the strength of Hall Master Lu, so come in first."

The assessment method for alchemists is very simple.

If apprentice.

Then it is to assess the understanding of Tiancaidibao, and at the same time, it is enough to refine the yellow-rank elixir.

But the master of alchemy must refine the elixir of the black rank.

Grandmaster, you must refine the earth-level elixir!

As for several products.

It is determined by the percentage of pills and the amount of impurities contained in the pills.

For example, Hu Qing, who is now a fourth-rank alchemy master.

He must refine the middle-grade Xuan-rank pill, and he must refine it within three times!

At the same time, the impurities should not exceed 50%.

The three came to an alchemy room in the temple.

The old man pointed to the alchemy furnace in the middle and said: "Master Lu, you can refine the elixir here."

"As for what kind of elixir to refine, here are three options."

After speaking, he spread out his hands, and three scrolls of parchment floated out.

The three sheepskin scrolls represent three kinds of elixirs!

Chapter 102 Is this still a panacea?

On the three parchments.

respectively are Huan Ling Pill, He Qi Pill, and Zhengyang Pill.

Three kinds of elixirs are all Xuan-rank elixirs.

Huanling Pill is low-grade, Heqi Pill is middle-grade, and Zhengyang Pill is top-grade.

Lu Changsheng looked over, and without thinking about it, he chose the panacea.

Hu Qing: "..."

Anyway, as long as the alchemy master is enough.

Why choose the more difficult one?

The old man did not say anything, waved his hand, and took out the materials from the ring.

"There are five materials, as long as the alchemy is completed within these five times."

Lu Changsheng glanced at Dan Fang.

Immediately pick up the materials and start refining.

This Yuan Yuan Pill, he has never refined it before.

However, since the function is to restore spiritual energy, Lu Changsheng has refined similar ones before.

The elixir that Ye Qiubai's body instantly restores aura was made by Lu Changsheng when he had nothing to do.

It should be similar.

Thinking of this, Lu Changsheng picked up the materials and started refining.

"Well, this material doesn't seem right. It won't recover much after it's refined."

"Could it be that you are testing me?"

"Then change it."

After finishing speaking, Lu Changsheng took out the other two materials from the ring and replaced them.

The old man couldn't help being taken aback when he saw this scene.

"What is he doing? I can understand Fulingcao, but what the **** is this fire magic core?"

Hearing this, Hu Qing was not surprised. He smiled lightly, patted the old man on the shoulder, and said, "Okay, just wait and see the result."

He knows Lu Changsheng very well.

When I can't refine some of my elixir, I will ask Lu Changsheng.

Lu Changsheng will give a positive answer.

And this change of material naturally has its own reasons.

Immediately after.

Lu Changsheng threw all the materials into the alchemy furnace.

Release the flame and start extracting the essence.

"Is it possible to do this?"

The old man was dumbfounded again.

After all, some medicinal materials have conflicting properties.

For example, the magic core of the fire system, extracting the contents will produce flames, which may burn other materials!

However, when Lu Changsheng extracted all those materials.

The old man shut up.

I am watching the sky by myself...

Next.

is to integrate them.

Cheng Dan.

This is also the most critical step.

However, an accident happened!

In the alchemy furnace, there was a force of flames that started to riot!

It's the fire magic core!

The old man shook his head and said, "No way, the materials inside will probably be burned."

"Hu Qing, you Hall Master Lu seems to be a bit ignorant of alchemy!"

Don't know alchemy?

The corners of Hu Qing's eyes twitched for a while.

If Lu Changsheng didn't know how to make alchemy, they probably wouldn't even know what alchemy is...

"Okay, just watch it carefully."

The old man was speechless.

What else to look at.

can already declare the death penalty.

And just when the old man thought so.

In the alchemy furnace, there is a scent of medicine slowly wafting out!

"Um?"

The old man looked over with surprise in his eyes.

It's all going to fail, why is there still a scent of medicine?

Immediately after.

Lu Changsheng tapped the alchemy furnace.

Amidst the flames, three streamers shot out!

Lu Changsheng took out the jade purification bottle he had prepared earlier and caught it.

Immediately after extinguishing the flame, he said, "Okay, let's see."

After finishing speaking, he handed the jade bottle to the old man.

The old man was slightly stunned, and then hurriedly took it.

Did it really work?

Take out the three pills from the jade bottle.

"Why are there three?"

Lu Changsheng asked doubtfully, "Is three a lot?"

Usually, every time he refines it is a furnace.

Hu Qing covered his face, in Lu Changsheng's perception, three coins are indeed very few.

The old man was speechless, and immediately saw it.

The elixir is mellow.

There is Danxiang circulating around!

There is even a flame pattern in the middle of the pill!

"This elixir... is it a panacea?"

Hearing this, Lu Changsheng spread his hands, "I don't know if it's true, but the effect should be similar anyway."

The old man nodded.

Immediately, he swallowed the pill.

Try the medicine yourself!

Just moments!

The old man felt full of aura in his body!

This is indeed the effect of the panacea!

"How on earth did you do it..."

"Obviously the ingredients are different from those on Dan's recipe."

Hu Qing also looked at Lu Changsheng, obviously, he was also a little curious.

Lu Changsheng thought for a while, and said: "Well... the reason for replacing the cloud spirit root with the spirit recovery grass is that the aura contained in the cloud spirit root is too gentle, so the effect of the spirit recovery pill refined in this way may not be very good, slow recovery."

"What about the fire magic core?"

The old man asked.

"For the fire-type magic core, it is because the medicinal properties of the Fuling grass are too mixed, in order to remove impurities."

"As for whether you will worry about the flame magic core burning other materials, just control it well."

Just control it...

Looking at Lu Changsheng with a casual look.

As if this is not a difficult task.

If this was refined by him, it is estimated that this furnace will be useless...

The old man showed admiration, nodded and said: "Okay, then you will pass, once you succeed, and you will directly refine three."

"However, since it is a low-grade elixir of the mysterious rank, it can only be granted the qualification of a fourth-grade alchemy master."

Lu Changsheng nodded.

It doesn't matter what level he is, as long as he is a master of alchemy.

Hu Qing was a little speechless.

This kid must have the strength of a ninth-rank alchemy master.

In order to be lazy, adjust the simplest medicine.

This made him very helpless.

"Okay, then let's go first."

The old man nodded, "I'm going to participate in the alchemy conference, go quickly."

After finishing speaking, the two left.

...

Stay until the two leave.

In an alchemy room, an explosion suddenly occurred!

The old man was taken aback, and ran over quickly.

"It's all right, Mr. Yu, did you fry the furnace again?"

Among the black ash, Yu Lao came out with a sluggish breath.

"Yes, it still failed. Quick, give me a healing elixir."

The old man subconsciously handed over the "Returning Spirit Pill" refined by Lu Changsheng.

Yu Lao took it and swallowed it directly.

Suddenly, aura filled Yu Lao's body!

Yu Lao, who was originally sluggish, seemed to be uninjured at this moment!

Yu Lao was startled, and said, "Isn't this elixir precious? Where did it come from?"

The old man was taken aback, "It's just an ordinary panacea."

"fart!"

Yu Lao scolded: "Do you take me for a fool? Does the panacea have this effect?"

"My aura recovered instantly!"

The old man was taken aback.

Before, when he tried the medicine, he wasn't injured, so he wouldn't feel old.

You must know that Yu Lao is a strong man in the Qianyuan realm.

A elixir that can instantly restore the full aura of Qianyuan Realm experts.

This is not something that can be done by a panacea!

"Is there any more? Show it to me!"

The old man handed it over.

Yu Lao took a look and said, "This... what kind of elixir is this? Which master made it?"

"Hmm... just now, it was refined by Lu Changsheng, the master of the thatched cottage."

"That Lu Changsheng? How many qualifications did you give him?"

"Four products..."

Yu Lao immediately said angrily: "Fourth rank? Only the fourth rank can refine this kind of elixir?"

Chapter 103 Comrades!

Medium domain.

In Danzong's territory.

Very lively.

Because of the Alchemy Conference.

Not only alchemy masters from the four domains came here to participate in the event.

Even people with other aristocratic families went there.

Their purpose is not a pageant.

It was the alchemists who participated in the event.

You must know that an alchemist will always be a hot figure among the aristocratic sects.

The purpose of their coming here is to win over these alchemists.

At the same time, there are also people who bring their juniors and want to learn from them.

some of.

included the Zhongyu Mu Family.

Mu family is one of the three hidden families in the central region.

"Hey, my eldest lady, if you don't learn from so many alchemists in the family, why do you come to this alchemy conference to find a teacher?"

In front of the old man, a delicate young girl walked on the road, looked around, and replied with a smile: "I don't want it, the group of alchemists in the family can't teach me well."

Old Li was helpless, "Miss, the alchemy masters in the family are all very famous figures in the central region. If there is no teacher suitable for you in the family, then how can there be outside?"

Mu Wan'er shook her long black hair and snorted coquettishly, "I don't care, anyway, the group of alchemy masters in the family can't do it."

Hearing this, Mr. Li had nothing to say, he could only shake his head helplessly, and followed Mu Wan'er slowly.

This young lady is really wayward.

Only her father, the head of the Mu family, can control her!

"Hey, it smells so good."

Mu Wan'er followed the scent and saw that it was a restaurant.

So he said: "Let's go eat something!"

Old Li nodded.

and Mu Wan'er entered one after the other.

...

the other side.

Hu Qing dragged the loveless Lu Changsheng to the Danzong territory.

"I said, Elder Hu, can we have a meal first?"

Hearing Lu Changsheng's words, Hu Qing said angrily: "Haven't you already been able to fast? Why do you keep shouting for food?"

"It has nothing to do with being able to live without food. Eating food itself is a very happy thing."

Speaking of this, Lu Changsheng saw a restaurant in front of him.

Then he pulled Hu Qing and walked in.

After going upstairs, Lu Changsheng went up to the second floor and found a seat by the window.

A waiter came trotting over with a tablecloth draped over his shoulders.

"You two, do you want something to eat?"

To be able to be a sophomore in a big restaurant, you must have good eyesight.

Lu Changsheng is outstanding.

Hu Qing has a fairy style.

The identities of the two of them are naturally not much different.

Lu Changsheng said casually: "Well, let's go over all the specialties of your place, and serve a pot of good wine."

Xiaoer smiled happily when he heard this.

"Good Lord! Just a moment."

After finishing speaking, he retreated.

Hu Qing, who was sitting on the side, watched this scene, couldn't help sighing helplessly, and said: "You have eaten two meals on this journey, and now you want to eat?"

After hearing this, Lu Changsheng said with a serious face: "Elder Hu, three meals a day are indispensable, and now it's time for dinner."

There is a table next to them.

A very cute girl also said: "Uncle Li, eating is a happy thing, and the road to cultivation is long.

If you don't find something happy, how can you continue on this lonely road? "

Looking back at Lu Changsheng, he continued to say to Hu Qing: "For example, bigu, even if you reach the bigu state, you don't need to eat."

"However, there are so many delicacies in the world, how can you not try it?"

It seemed to be responding to Lu Changsheng.

The girl also looked at Uncle Li with a helpless expression on her face, and said, "So, Uncle Li, sometimes, eating something and relaxing can also relax your mind, so that you can practice better!"

"In the process of cultivation, the state of mind is the most important! Isn't this what you often tell me!"

Immediately.

Mu Wan'er and Lu Changsheng both spoke at the same time.

"So! It is necessary to eat!"

"Forehead..."

After the two finished speaking, they were taken aback at the same time.

Immediately, both of them turned their heads and looked at each other.

Both of them saw the meaning of sympathy in each other's eyes.

The two walked towards each other and held hands.

Mu Wan'er: "Comrade!"

Lu Changsheng: "Tiezi!"

Although Mu Wan'er didn't understand what Tie Zi meant.

However, in the current situation, all you need to know is a look.

The other party understands him (her)!

Hu Qing covered his face in embarrassment, and then gave Uncle Li an apologetic look.

Uncle Li was also helpless, and nodded to show that he was used to it.

At this time, the food is served.

Lu Changsheng and Mu Wan'er sat back in their seats.

Start cooking rice.

Lu Changsheng is gentle and elegant, but his speed is very fast.

Mu Wan'er eats elegantly, but she is not slower than Lu Changsheng!

"Uncle, what are you doing in Zhongyu?"

Uncle?

Lu Changsheng touched his face, looked at Hu Qing, and asked, "Elder Hu, do I look old?"

Hu Qing: "..."

Mu Wan'er took a bite of food, and continued to ask: "Are you here to participate in the alchemy conference?"

Lu Changsheng nodded.

Uncle Li was also interested, and asked, "Oh? Then how many alchemy masters are you now?"

Those who can participate in the Alchemy Conference.

The minimum is alchemy master.

As for the alchemy master.

are all guests of various forces, so naturally they will not appear here.

They are all existences where the dragon sees the head but does not see the end.

Lu Changsheng thought for a while, and then said, "Fourth grade."

He didn't lie, and he took the test not long ago.

Hearing this, Uncle Li immediately lost interest.

Fourth grade alchemy master.

might be respected elsewhere.

However, they are members of the three hidden families.

Fourth-rank alchemy masters still can't catch their eyes.

Mu Wan'er smiled and said: "Uncle, then you have to persist for a few more rounds."

Lu Changsheng took a sip of his wine and nodded.

After meals.

Both leave.

Lu Changsheng and Hu Qing went to the alchemy conference to sign up.

Afterwards, I found a place to live.

the next day.

The Alchemy Conference begins.

The participants all came to the outer gate of Danzong.

Here, a square is set up.

Around the square, there are rows of seats.

In front, there is a square table, and four old men are sitting in front of the square table.

The old men are all dressed in white robes, with a Chinese character Dan printed on the left chest of the robes.

Obviously, all four of them are elders of Danzong.

One of the elders stood up and said loudly: "This is the venue for the first round of the Alchemy Conference."

"After passing, you can enter Danzong for the second round."

"The final will be set up in Danzong's inner gate."

"As for rewards, the top 20 can join my Dan sect."

"The third one got a Sky Spirit Grass."

"Second you can get the earth-level alchemy furnace"

"The first is an earth-level peak pill, Yuanhun Pill."

Amidst the uproar of the crowd.

The elder announced: "The first round of assessment is to refine the high-grade elixir of the mysterious rank, and return the fire to the elixir!"

"Now, everyone can start."

Alchemy Conference.

With the words of the elders, the official start!

Chapter 104 There is a problem with Dan Fang

Danzong's rewards are extremely generous.

The top twenty can join Danzong.

You must know that the threshold for Danzong is extremely high.

Danzong is the orthodox way of alchemy in mainland China.

Among them, there are so many inheritances and prescriptions?

These are the things alchemists dream of.

is also the root of Danzong.

Third, you can get the Sky Spirit Grass.

You know, this is an extremely rare treasure.

Many earth-level pills need this thing!

is something that can be encountered but not sought.

Second, you can get a tripod of earth-level alchemy furnace.

As for the first prize.

Essential Soul Pill.

Can break through the soul!

It is not only useful for the strong in the Qianyuan Realm to break through to the False God Realm.

For the alchemist, except for the alchemy furnace and alchemy formula.

The most important thing is the power of the soul!

The power of the soul is difficult to improve, and the soul pill can directly break the realm of the soul.

Reached the half-step state of mind and soul!

This is extremely tempting.

All the alchemists who participated in the competition have wild eyes!

In the auditorium.

Many people from aristocratic families and sects are watching the actions of the alchemists.

Although they were unable to win over the top 20 alchemists.

But except for the top 20 alchemists, they are all their targets!

If a sect family wants to develop, it is absolutely impossible without an alchemy master.

Mu Wan'er is also in the auditorium at the moment.

Their auditorium is a single location.

After all, with the power of the Mu family, they can't arrange it casually.

"Hey, I saw Uncle!"

Mu Wan'er smiled and pointed to the center of the crowd.

Uncle Li also looked over, but his expression was extremely dull.

A fourth-rank alchemy master is not enough for him to take a few more glances.

...

At this moment, Lu Changsheng looked at the material in front of him.

There are only three copies of these materials, which means he only has three chances.

The materials are used up, and the pill has not yet been formed.

is failure.

Of course, you can't use your own material, that's against the rules.

Lu Changsheng glanced at Dan Fang.

Fire Returns Pills is an excellent pill for cultivating the artistic conception of fire.

Mysterious grade top grade.

It can be said that it is a elixir that is more difficult to refine among the mysterious ranks.

Others, looking at Dan Fang, are thinking.

Some people also started refining with a confident smile.

As for Lu Changsheng, he remained silent.

Hu Qing looked at this scene, but he was not worried.

With Lu Changsheng's alchemy realm, naturally he wouldn't be stumped by a mere Fire Return Pill.

Mu Wan'er put her finger on her lips, wondering: "Why didn't uncle start yet?"

Uncle Li said lightly: "It should be difficult. For a fourth-rank alchemy master, it is still difficult for Huo to Dan."

Of course, Uncle Li guessed wrong.

Lu Changsheng was not stumped, but he had never seen Huo Huan Dan before!

He can only look at the properties of the medicine, and then compare the materials to figure out how to refine it.

"Hmm... that should work."

"But it can be improved..."

Time passed slowly.

Someone's pill furnace emitted black smoke.

There were also people who directly fried the furnace and were injured.

And those people all have doubts on their faces.

Obviously, he followed Dan Fang step by step, so why did he fail?

A man asked loudly: "The pill formula you gave is wrong, right? Why did I fail to refine it according to the pill formula?"

One of the elders saw this, and said lightly: "An alchemist who cannot identify the alchemy formula by himself will be difficult to enter the elegant hall, and will naturally fail."

The man's face turned ugly.

With a cold snort, he left the venue with a flick of his sleeves.

Gradually, someone failed again.

Of course, some people succeed.

The man held the elixir and walked towards the elders' seat with a confident smile on his face.

In the auditorium, someone recognized this person.

"It's Zhong Li from Zhongyu, a seventh-rank alchemy master!"

"I remember that Zhong Li was recruited by many clans and sects, but unfortunately he didn't agree."

"Naturally, Zhong Li only wants to join Danzong."

Zhong Li has already handed the elixir in his hand to the elder.

The elder took a look, nodded slightly, and said, "Fire returns pills, 40% impurities, passed."

Only 40% impurities!

You know, it is extremely difficult to suppress the impurities to less than 50% in the refining of Huo Huan Dan!

Zhong Li smiled, there was no accident, he bowed respectfully, then left the venue and sat in the auditorium.

The first round was not difficult for him.

Immediately after.

These few people completed it again.

"Du Qiuying, 50% of the impurities, pass."

"Yang Mo, 40% impurities, pass."

...

"Xie Yuanren, 30% of impurities! Passed."

30% of impurities!

Xie Yuanren is also a man of the hour in Zhongyu.

is also the object that everyone is wooing, but the other party also has a heart for Danzong.

Zhong Li also looked at Xie Yuanren.

Xie Yuanren also looked at Zhong Li provocatively.

Obviously, the two knew each other.

At this time, the elder glanced at the sky and said: "There is still a stick of incense time left. When the time is up, those who have not finished will lose their qualifications."

When everyone heard this, their faces changed.

And some people are even more stressed.

Resulting in controlling distraction in the last step of becoming a pill, directly led to failure!

Regarding this, the elders will naturally not give a second chance.

After all, xinxing is equally important to an alchemist!

...

At this moment, Mu Wan'er looked in Lu Changsheng's direction and said, "Uncle, haven't you finished yet? The time is coming."

Uncle Li shook his head slowly.

At this time, it has not started yet, so naturally it cannot be completed.

Hu Qing also showed anxiety on his face.

What the **** is Changsheng doing?

"Huh? There's one more person out there that hasn't started?"

"Could it be that you don't know how to refine the Fire Return Pill?"

"Hey, the current alchemist, the water is getting bigger and bigger."

At this moment, Lu Changsheng was still thinking.

"This fire for elixir, since it can improve the cultivation speed of ascetics' artistic conception of fire, isn't this material too gentle?"

"Well, just use two."

"Hey, this material can't be put in. Is there something wrong with Dan Fang?"

Lu Changsheng obviously also found out that there is something wrong with Dan Fang.

So he shook his head and started refining and extracting according to his own ideas.

Seeing that Lu Changsheng started refining, everyone turned their eyes away.

"Huh? Just throw all the ingredients into the alchemy furnace?"

"Could it be that you are going to give it a go because you don't have enough time?"

"What's the use, such a refining method will definitely fail."

Lu Changsheng doesn't care what the outside world thinks.

Extract the material of that plant.

Immediately, Cheng Dan began!

"Um?"

"The refining is complete?"

"So fast, didn't the material extraction fail?"

Uncle Li also showed a look of surprise.

Mu Wan'er stared at this scene closely.

Hu Qing clasped his hands tightly, hoping that there would be no accidents.

After all, the time now is not enough to refine it a second time!

There is still half of a stick of incense left.

In Lu Changsheng's alchemy furnace, the fragrance of alchemy gradually emitted!

Lu Changsheng tapped the pill furnace, and several pills shot out!

After Lu Changsheng took it, he took it and walked to the elders' seat!

this moment.

Others either succeed or fail.

Lu Changsheng is the last one to finish!

Success or failure depends on the judgment of the elders.

Chapter 105 Dan Cheng!

In the venue of the Alchemy Conference.

Only Lu Changsheng was alone, and he hadn't handed in the pill yet.

Everyone watched this one start alchemy at the time of the last stick of incense.

Then he completed alchemy at an incredible speed.

Can this elixir be made?

Almost everyone thinks it can't be successful.

Even Zhong Li, Xie Yuanren and others who have finished refining.

I think so too.

Mu Wan'er was in the auditorium, looked at Lu Changsheng's back, and said, "Uncle Li, do you think uncle can succeed?"

Uncle Li didn't even think about it, so he shook his head and said, "Although Huo Huan Dan is only a mysterious pill, it will take some time for the alchemist in the family to refine it."

"Although this person is fast, alchemy is a delicate process after all, and there is no room for mistakes."

"so..."

Although Uncle Li didn't finish his sentence, Mu Wan'er could still tell that Uncle Li didn't like Lu Changsheng very much!

Hu Qing was not surprised.

Because these days, he has seen Lu Changsheng making alchemy.

It can be said that this speed is still slow...

...

At this moment, Lu Changsheng had already handed the elixir to the elder.

The elder took a look and took it.

At first, he looked a little puzzled.

This elixir seems to be different from Huo Huan Dan?

After careful observation, his face began to show surprise!

Although this fire-returning pill is different from the usual fire-returning pill, its effect is the same!

Another elder saw that the elder's complexion was wrong, and couldn't help asking: "What's wrong?"

The long-bearded elder looked solemn, and handed the elixir in his hand to the white-haired elder, saying: "You can see for yourself."

The white-haired elder took it and looked it over.

was also shocked and said: "This elixir is actually several times more effective than ordinary fire elixir!"

"Furthermore, Huo Huan Dan is originally a fire-type elixir, which contains hidden dangers of fire poison, but there is no fire poison in it!"

"There is no trace of impurities!"

The white-haired elder raised his head, looked at Lu Changsheng in surprise, and asked, "How did you do it?"

Lu Changsheng spread his hands and said, "I saw that there was something wrong with the Dan formula, so I changed it myself. Of course, I didn't use other materials."

"this..."

After seeing the pill, the four elders were all in disbelief.

It's just an improvement, this Huo Huan Dan can even be called a ground-level pill!

Moreover, there is no trace of impurities in it!

Even if they come to refine it, there is no guarantee that it will be so!

Among them, the long-bearded elder looked solemnly, looked at Lu Changsheng, and asked, "How many alchemy masters are you now?"

Lu Changsheng thought for a while and said, "Fourth grade."

Four products? ?

The four elders were all a little confused.

An alchemist who can refine this kind of fire-returning alchemy, and can also see the shortcomings in the alchemy formula and improve it.

Only the fourth product?

As far as this fire for pill is concerned, it has already surpassed their elders.

Everyone looked at the elders with different expressions.

"What's the situation? Why haven't you announced yet?"

"If it fails, the elders will be able to tell at a glance, right?"

Even Uncle Li looked at it suspiciously.

At this time, the white-haired elder took a deep breath and announced: "Lu Changsheng, successfully refined Huo Huan Dan and improved it, without any impurities!"

"pass!"

Under the announcement of the elders.

Everyone was shocked.

"Passed?!"

"And also improved Dan Fang in such a short period of time?"

"Is it possible that this person was thinking about ways to improve?"

Zhong Li, Xie Yuanren and the others all looked solemn.

No impurities.

What does this mean.

An alchemist, his control power has reached an extremely advanced level.

to be able to do it!

However, maybe this person is extremely proficient at refining Huohuandan.

Practiced the number of times, tens of thousands.

can do the same.

In the auditorium, Hu Qing smiled.

Although, this result has long been expected.

After all, Lu Changsheng's alchemy level has reached an extremely high level.

the other side.

Mu Wan'er smiled coquettishly, and said, "Uncle has passed! And he is better than others."

Uncle Li's face was full of astonishment.

Mu Wan'er may not know that there are no impurities.

and what the improved formula represents.

This is something even the alchemy masters of their Mu family can't do!

and.

Lu Changsheng only started refining when the last stick of incense burned.

In such a short period of time, the refining is so perfect!

It can be said that Lu Changsheng's level of alchemy is extremely high!

Did you misread yourself?

Isn't he a fourth-rank alchemy master?

Lu Changsheng was not surprised when he heard the sentence, he shrugged and stood aside.

This elixir, compared to the elixir I was pondering in the thatched cottage, it can be said that it is not complicated at all.

Elder Baixu discussed with the other three elders.

Then said: "Those who have not passed can leave."

"Those who pass, the second round will be held tomorrow, and the second round will be held in Danzong."

"At that time, those who are invited can continue to watch."

After speaking, the four elders left.

Before leaving, he glanced at Lu Changsheng thoughtfully.

Wait until Elder Danzong leaves.

In the auditorium, there were aristocratic clans who came to the square and began to win over the alchemists.

Same.

Those who passed were also recruited.

Lu Changsheng was also surrounded by people.

"Lu Changsheng, I am the elder of the Ming family in Zhongyu. Are you interested in becoming a guest minister of my Ming family? The reward is naturally very good."

"Don't go to the Ming family, my Yang family's salary is not only better than theirs, but it will not restrict your freedom!"

"Why don't you come to our True Fire Sect, our True Fire Sect has a lot of resources, which can be used for your alchemy!"

...

Obviously, with such achievements, Lu Changsheng has become a sweet momo.

A young alchemist who is so advanced in alchemy.

It is too important for the development of a force.

At this time, Hu Qing came over, stopped everyone, and said with a smile: "I'm sorry everyone, Changsheng is the hall master of our Southern Tibetan Taoist Academy."

When everyone heard this, they gave up their thoughts.

People from Tibetan Taoist Academy.

Then it won't work.

After all, the General Academy of Tibetan Taoism Academy is one of the giants in Central Region.

At this moment, Mu Wan'er also walked over bouncing around.

"Uncle, you are very good."

Uncle Li's expression was a little embarrassed.

After all, he looked down on Lu Changsheng a little bit before.

As a result, my face is now swollen!

After hearing this, Lu Changsheng was pleased, but he still shook his head and said, "I'm not very good, I'm only a fourth grade."

Uncle Li listened.

Suddenly, I felt even more embarrassed.

This was already swollen, but now Lu Changsheng said this.

It feels like a few more slaps on the already swollen face...

Mu Wan'er smiled sweetly, her smiling eyes were like crescent moons, she was really cute.

"Then to celebrate Uncle, shall we have a meal?"

Lu Changsheng's eyes lit up when he heard this.

It happened to be meal time.

"Go!"

"Hee hee, I also know a delicious one here."

"You lead the way!"

Looking at this food truck, Hu Qing and Uncle Li looked at each other, feeling a little helpless.

But I had no choice but to follow.

Chapter 106 Create your own recipe!

second round.

Established in Danzong.

Danzong was established in a valley.

Surrounded by mountains.

On the periphery, there is an enchantment killing formation!

For outsiders to force their way in, it can be said to be as difficult as climbing the sky!

After all, the people of Danzong, although the alchemy is very powerful, are the orthodox of alchemy.

But when it comes to actual combat, it's a bit weak.

So, in terms of external force, Danzong did not leave any room for it.

They don't lack the money...

At the moment.

There are only 47 people left who passed.

Lu Changsheng was among them.

Mu Wan'er and the three of them have now arrived in the auditorium.

After all, with the strength of the Mu Family and the Tibetan Taoist Academy, it is impossible not to be invited.

Even people from Jianzong and the General Academy came.

Those who can enter the second round are all alchemists who are qualified to be wooed by Jianzong and the General Academy of Tibetan Taoism Academy!

At this time.

Two elders with deep breaths came to the judge's seat.

The breath of these two elders is much stronger than that of the first round of four elders.

is the inner sect elder of Danzong.

One of the green-robed old men said calmly, "The second round, the rules are also very simple, and there is a copy of the same materials on the table."

"You can use these materials to refine medicine according to your own ideas."

"Afterwards, the two of us will judge. Those who rank in the top 20 pills will enter the final round."

"The time limit is two hours, you can start now."

The voice fell.

Everyone began to look at the materials in front of them.

The same is true for Lu Changsheng.

There are not many materials on the table in front of me.

And the quality is relatively low.

It is still very difficult to refine high-level pills.

Everyone was lost in thought.

There are also people who confidently start refining!

Lu Changsheng touched his chin.

"What kind of elixir should I refine?"

"The elder wants me to advance, so I don't want to refine it casually, don't wait to play it off."

"It will be broken if he repents at that time."

Beside him, Zhong Li and Xie Yuanren both glanced at Lu Changsheng.

After all, they were overwhelmed by Lu Changsheng in the first round.

Both of them are alchemy talents, so they are naturally a little unconvinced.

...

In the auditorium, Mu Wan'er looked at Lu Changsheng and asked curiously, "I don't know what kind of elixir uncle wants to refine."

Hu Qing was also a little curious.

However, Lu Changsheng probably won't play cards according to common sense.

After all, Lu Changsheng has never seen the prescriptions of those common pills.

As for Uncle Li, he no longer dared to underestimate Lu Changsheng.

As far as the alchemy strength shown in the first round is concerned.

It is enough to become the guest minister of their Mu family!

...

"Hmm... bellflower, it can increase speed."

"The water magic core is extremely mild and should be perfectly compatible with other medicinal properties."

"As for this rock vine, it can be refined into a elixir for tempering the body..."

Lu Changsheng thought about it.

A decision is made.

He has basically never read the pill recipes in the world of cultivation.

So he can only refine a elixir by himself according to the medicinal properties of these materials.

Lu Chang became lively.

Still throwing the material of each plant into the alchemy furnace.

Simple and rude!

It makes people look a little shocked!

Other alchemists were also a little surprised when they saw this scene.

This method is absolutely impossible for them.

On the judging table.

The two elders also set their sights on Lu Changsheng.

"Is he that Lu Changsheng?"

"Well, the first round improved the elixir formula, and refined the Huohuan elixir without any impurities in a very short period of time."

"It seems that he has a strong control over the material, and the power of the soul is definitely not weak."

"It's a good seedling."

"Well, let's see what kind of elixir he wants to refine."

...

Time passed slowly.

This time, because Lu Changsheng didn't think too long.

Naturally, the alchemy was completed at an extremely fast speed.

It takes only a stick of incense to become a pill.

"This kid is still so fast..."

"I don't know how he made alchemy..."

Under the eyes of everyone.

Lu Changsheng handed the elixir to the elder.

The elder took a look and was a little dazed.

"What... is this elixir?"

Elder Qingpao was also a little puzzled, looked at Lu Changsheng, and asked: "What kind of elixir is this, why have I never seen it before?"

They are nine-rank alchemy masters.

has been famous for a long time.

There are so many pills that I have seen.

Whether it is a common pill or an extremely rare pill, there is nothing they don't know.

However, the elixir that Lu Changsheng has refined now.

Really stumped them...

Lu Changsheng spread his hands and said, "I don't know what it's called."

"Um?"

Hearing this, the green-robed elder was taken aback.

"This elixir, you just created it yourself?"

Lu Changsheng did not hide anything, and nodded.

It was confirmed by Lu Changsheng.

The two elders were shocked!

Create your own formula!

And one success in such a short period of time!

How deep should this alchemy realm be?

"Give it a try."

After finishing speaking, the green-robed old man took the elixir.

Suddenly, a whirlwind began to surround the old man in green robe!

The green-robed old man did not cultivate the artistic conception of wind.

However, now he can possess the ability of the artistic conception of wind!

The green-robed old man was startled for a while, then got up and flew into the sky, the speed was extremely fast under the blessing of the artistic conception of wind!

At the same time, the green-robed old man also felt the surface of his physical body.

It seems to have formed invisible rock armors!

The defense has been greatly improved!

"this..."

The elders on the ground looked at this scene with shocked eyes!

The green-robed old man returned to the ground at this time, and walked up to Lu Changsheng excitedly.

"how did you do it?!"

Lu Changsheng said casually: "If you want to do it, you can do it."

Immediately, the old man in green robe showed a dignified expression and asked, "Can this recipe be sold?"

This elixir is very important to the relatively weak fighting power of Danzong!

The increase in speed can allow alchemists to escape from the battlefield!

The blessing of defense can also allow the alchemist to keep a chance of life in the moment of life and death!

"Forehead..."

"Don't worry! My Dan sect will definitely give you a generous reward!"

Lu Changsheng thought for a while, but holding this pill in his hand was useless, so he nodded.

This made the two elders happy.

At this time.

Other alchemists have also completed one after another.

Started the test.

Mu Wan'er was in the audience, and asked curiously: "What kind of elixir did uncle concoct to surprise the elders of Danzong so much that he tried it on his own?"

Hu Qing also shook his head.

He couldn't tell what kind of elixir it was.

At this time.

The green-robed elder began to pronounce the sentence.

Among them, Zhong Li, Xie Yuanren and others passed.

When thinking about Lu Changsheng.

The blue-robed elder's face was serious.

"Lu Changsheng, self-created elixir, graded to the lower level, the actual effect is great, pass!"

Everyone was in an uproar!

...

at the same time.

At the former site of Yunhuang, Hongying was caught in a big formation!

Chapter 107 Hongying is trapped!

In the former site of Yunhuang.

is in ruins.

In the sky, there is a gray color.

dilapidated.

And in the center of the old site.

Has the power of a seal, like an enchantment!

Here, there is a sealing formation!

In the center of the formation, there is a woman with a gun trapped in it.

At this moment, the woman was panting, her breath was a little sluggish, and there were scars on her body!

Outside the formation, a man anxiously said: "Your Majesty!"

The woman with the gun is Hongying!

At this moment, Hongying is trapped in the sealing formation, unable to get out!

And what happened.

It happened two days ago.

Yun Zhan's body and soul are trapped in the former site of Yunhuang.

To wake it up, it is necessary to break through this sealing formation.

However, with Hongying's current strength, it is obvious that she does not have the ability to break through.

If it cannot be broken open, even Hongying will be trapped in it.

Thus being completely sealed!

It's like a cloud battle.

At the moment.

Sealed in the formation.

Hongying's aura is sluggish, and the meaning of reincarnation in her body is also suppressed at this moment.

Take a light drink.

The spear in his hand pierced out!

Reincarnation Spear***** means that it is like a python, wrapped around the spear.

The tip of the gun is like a snake letter, constantly spitting out!

A gun light carrying the meaning of reincarnation pierced the center of the sealing formation!

Immediately!

The heart of the sealed formation began to fluctuate!

Like a calm lake.

There is a boulder falling down.

set off a wave of ripples!

But, that's all.

Hongying still couldn't break through the formation.

This made her look a little ugly.

The strength of the sealing formation was a bit beyond her expectation.

In desperation, Hongying had no choice but to take out the sound transmission jade pendant given by Lu Changsheng.

"Master, I may have encountered a little trouble..."

...

Time goes back to the present.

Medium domain.

Danzong.

Lu Changsheng, Mu Wan'er and others just came out of the restaurant.

Mu Wan'er looked at Lu Changsheng with a smile, and said, "Uncle, how are you?"

Lu Changsheng nodded and said, "That's right, it's really delicious."

"But the rice cooked by my disciple is better."

"Your apprentice?" Mu Wan'er was taken aback, and asked, "Uncle, do you have any apprentices?"

Lu Changsheng nodded and said, "That's right, there are four apprentices, three of whom are good at cooking, and one who can only eat."

Of course, the one he mentioned who can only eat is Xiao Hei.

That little brat.

No matter how you teach it, you can't teach it!

Cooking a meal can turn it into black charcoal.

The grilled fish, those who didn't know it thought it was a burnt wooden stick...

After teaching for a few days.

Lu Changsheng has given up.

Eat the rice cooked by Xiao Hei.

At that time, he will not die under Ye Qiubai's ability to stir up trouble.

Instead, he must be poisoned to death by the rice cooked by Xiao Hei first!

Think here.

Lu Changsheng couldn't help sighing with emotion: "It's better for Hongying and Ning Chenxin to save the teacher's worry..."

But I just said this.

Lu Changsheng's face darkened.

He received a voice transmission from Hongying.

Mu Wan'er looked at Lu Changsheng's face that was getting darker, and asked suspiciously: "What's wrong, uncle? Did something happen?"

The corner of Lu Changsheng's mouth twitched, and he said, "I take back what I just said."

"No one is reassuring!"

"Except for Ning Chenxin!"

After finishing speaking, Lu Changsheng looked at Hu Qing and said, "Elder Hu, something happened to Hongying, I'll go there first."

Hu Qing was taken aback for a moment, then hurriedly said: "What will Dan do?"

"The third round will start tomorrow!"

Hearing this, Lu Changsheng waved his hand without even thinking about it, and said calmly, "It's not important anymore."

Although on the surface, Lu Changsheng didn't care much about his apprentice.

Usually scold that kid Ye Qiubai to the point of blood.

But at this time, Lu Changsheng is still very defensive.

How can a Danhui be compared with an apprentice?

Say it.

Without waiting for Hu Qing to speak, he disappeared in place.

Headed towards the old site of Yunhuang at an extremely fast speed!

In the space, there were sonic booms!

...

In front of the restaurant, Mu Wan'er looked at this scene, a light appeared in her eyes, she didn't know what she was thinking.

Uncle Li looked shocked.

This kind of speed, even he can't reach it!

Unexpectedly, the other party is not just a master of alchemy with profound alchemy.

In terms of Taoism, it is even more extraordinary!

Hu Qing sighed helplessly.

Even so, he did not blame Lu Changsheng.

With Hongying's talent, a mere Danhui is naturally not enough.

...

At the moment.

Nanyu Thatched Cottage.

Ye Qiubai returned from Yin Jianzong.

Xiao Hei is currently practicing in the fire pit.

Little Bird pays attention to Xiao Hei's situation from time to time.

At this moment, the fire of Nirvana in the fire pit has been strengthened by two points of power by the bird.

Today, Xiao Hei is still used to it!

Able to adapt to the fire of Nirvana without being consumed.

It is even more able to absorb the power in the fire of Nirvana to temper one's own body!

This physical body... can be said to be extremely terrifying!

And Xiao Hei in the fire pit felt Ye Qiubai's breath at this moment, opened his eyes immediately, and walked out of the fire pit.

Looking at Ye Qiubai, he asked doubtfully, "Who are you?"

Hearing this, Ye Qiubai was also taken aback for a moment, then smiled and said, "You should be the Fourth Junior Brother, right?"

Xiao Hei listened, the vigilance in his eyes slowly dissipated, and scratched his head, "Brother?"

Ye Qiubai nodded with a smile, and said, "I am your elder brother, Ye Qiubai."

Xiao Hei hastily said respectfully: "Elder brother."

Ye Qiubai stepped forward, held Xiao He up, and said: "The master's school doesn't like this kind of thing, we will be a family from now on, just be casual."

Xiao Hei nodded in a daze.

Immediately, Ye Qiubai took out a set of armor.

Handed it to Xiao Hei, and said: "This is the Blood Prison Armor. I don't have any other valuables on me, so I'll give this to you."

This armor was also obtained by Ye Qiubai in his ring when he beheaded Tian Pin.

Xiao Hei took it, and said with a simple and honest smile: "Thank you, brother."

"Well, by the way, where is Master? Why didn't you see him?"

Hearing the words, Xiao Hei replied: "I don't know, it seems to be out?"

Ye Qiubai nodded, looked at Xiao Hei, and said, "Junior Brother, do we want to have a discussion?"

Xiao Hei seemed a little embarrassed, and said: "But... when I am competing with others, I may not be able to control myself."

"I'm afraid of hurting senior brother..."

Ye Qiubai was amused when he heard the words.

It seems that this fourth junior brother is quite confident in his own strength.

"It's okay, just discuss it and nothing will happen, let's finish it."

Hear here.

Xiao Hei nodded, raised his fist, and said to Ye Qiubai: "Then senior brother, be careful."

After finishing speaking, he rushed straight towards Ye Qiubai!

Seeing this scene, Ye Qiubai took out the wooden sword.

Cut it casually.

A sword energy shot towards Xiao Hei!

Xiao Hei let out a deep drink.

Do not dodge or dodge.

One punch and go!

Blast that sword energy away!

Immediately, continue to rush towards Ye Qiubai!

At this time, Xiao Hei's whole body began to have a fighting spirit!

In the eyes, there is even a ray of magic, which began to slowly fill in Xiao Hei's eyes!

It was exactly the same as when Qin Tiannan was injured before!

Chapter 108 Go to Tianyuan Dynasty!

A few days ago.

When Xiao Hei and Qin Tiannan competed.

fell into madness!

If Lu Changsheng hadn't restored Xiao Hei to his senses in time.

I'm afraid he won't stop until he smashes Qin Tiannan to death...

Feel the breath of Xiao Hei's whole body.

Ye Qiubai couldn't help being slightly surprised.

This huge fighting spirit.

and this physical body.

My fourth junior brother is really extraordinary.

At this time, Xiao Hei let out a beast-like roar!

The strength of both feet on the ground is also getting stronger and stronger!

If it weren't for the enchantment blessing in the thatched cottage.

I'm afraid, the ground will be stepped on and shake constantly!

Even cracked!

Ye Qiubai looked at Xiao Hei who rushed over.

Today's Xiao Hei is like a wild beast that has broken free from its shackles, and no one can stop it!

Seeing this, Ye Qiubai's face turned pale.

Gradually, a sword intent emerged all over his body!

Immediately, it soared into the sky!

The wooden sword in his hand suddenly slashed out!

A huge slash, containing sword intent!

With lightning speed, he slashed towards Xiao Hei!

Xiao Hei roared, at this moment, flame marks appeared on his body!

In the whole body, the fighting spirit seems to be tainted with magic at this moment, with a black aura swirling around!

Immediately, he punched out again!

At this moment, there were bursts of ear-piercing sonic booms in the space!

Air pressure crazy squeeze!

The space has been distorted!

The fist didn't have any deflection, and it hit the slash!

Suddenly, the aftermath began!

The sword is wanton!

Magic energy is everywhere!

The flame pattern on Xiao Hei's arm is actually flowing with the fire of Nirvana at this moment!

Roared again, and pressed his fist hard to Slash!

Boom!

At this moment, Ye Qiubai's sword intent was directly broken!

Ye Qiubai's face froze, he stepped back, and pointed the wooden sword in his hand towards the sky!

A strand of sword field is like forming an enchantment!

Bloom all around!

The sword field is expanded!

Immediately afterwards, the whistling sword intent began to shoot towards Xiao Hei!

Want to stop his pace!

The sword intent was whistling on Xiao Hei's body!

Turned into a river of sword intent!

Sweep away!

At this moment, a wound finally appeared on Xiao Hei's body!

There were streaks of blood!

But.

This didn't slow down Xiao Hei!

At this moment, the little black eyeball is completely covered by magic!

The whole body was actually burning with a **** fighting spirit!

Roar!

A roar came from Xiao Hei's throat!

Forming sound waves!

Fight against that Jianhe!

Immediately, both fists blasted out at the same time!

Jianhe was blown out of a gap in an instant!

Before the gap was filled in time by Jianyi!

Xiao Hei stomped the ground suddenly!

With the help of the recoil force, the body burst out!

Straight out of Jianhe!

Come to Ye Qiubai!

Blast out with a punch!

Ye Qiubai looked dignified.

The strength of his fourth junior brother is not inferior to his own!

Moreover, that terrifying physical strength is probably far better than him!

Think here.

Ye Qiubai gave a low shout!

Directly used the Heavenly Demon Nine Swords, the seventh sword!

Monstrous demonic energy swept over the wooden sword!

Like a demon **** descending into the world!

A sword slashed out!

Xiao Hei roared.

Brazenly welcome!

At the moment of enchantment, Xiao Hei is fearless!

He just wants to tear the person in front of him apart!

When the attacks of the two were infinitely close.

A willow branch suddenly appeared between the two.

There was a soft white awn.

Directly isolate the attacks of the two!

Ye Qiubai's sword intent dissipated.

Same.

The **** fighting spirit around Xiao Hei also gradually disappeared at this moment.

The demonic nature in his eyes also began to gradually dissipate, and his clarity returned!

It was Willow who made the move!

If you don't do it again.

may issue irreparable consequences...

Seeing that Xiao Hei had returned to normal, Liu Shu also took back the willow branches.

Without any other actions, he was floating with the wind on the cliff.

Xiao Hei regained his sobriety.

Eyes are confused.

Scratching his head and looking at Ye Qiubai, he said, "Hey, what happened?"

Ye Qiubai was taken aback when he heard the words.

Immediately recalled what Xiao Hei said before.

My fourth junior, can't control myself when fighting?

Ye Qiubai shook his head with a smile, and said, "It's nothing, just a discussion."

However, Ye Qiubai still has some palpitations in his heart at this moment.

The physical body of the fourth junior brother is really extraordinary.

Even his sword intent could only cause minor injuries to him.

And Xiao Hei fell into madness.

Also feel no pain.

It's like a war machine.

Without the slightest emotion!

Immediately afterwards, Ye Qiubai said: "Haven't you eaten yet? Do you want to try my brother's cooking?"

Xiao Hei scratched his head and smiled: "Okay, Master taught me how to cook, but I'm stupid, and I couldn't learn it all the time, which made Master angry."

Ye Qiubai: "..."

As expected of Master!

Teach him to cook as soon as he accepts his apprentice!

"It's okay, brother will teach you."

After speaking, Ye Qiubai brought Xiao Hei into the kitchen.

But.

Half a day passed.

The black smoke in the kitchen has never stopped...

Even, there is still a flame burning...

Ye Qiubai's face was stained with black ash, and he walked out with Xiao Hei helplessly.

He finally understood why Master was angry!

Xiao Hei is cooking.

Like a child!

No matter how you teach it, you can't teach it!

Ye Qiubai also gave up, and said: "Uh... Junior brother, I just need to do it next."

"Go and sit over there for a while."

Xiao Hei: "Okay."

Immediately, she obediently sat down at the stone table.

...

After meals.

Ye Qiubai and Xiao Hei practiced separately.

until the next day.

Seeing that Master still hasn't come back.

Ye Qiubai remembered something.

With his current strength, it can be said to be a breeze.

Tianyuan Dynasty!

At that time.

The Tianyuan Dynasty brought the Sunset Dynasty to the Ye family to ambush him.

Ye Qiubai never forgot.

Now, the strength is enough.

I also have time.

Then, this account should be settled.

Ye Qiubai looked at Xiao Hei in the fire pit, and asked, "Xiao Hei, do you want to go out with senior brother?"

Xiao Hei walked out of the fire pit, nodded honestly, "I listen to my brother."

At this time.

The willow branch of the willow tree, curled with a drop of liquid, was placed in front of Ye Qiubai.

"Senior, this is?"

Willow's voice came out.

"If Xiao Hei falls into madness again, use this to restore his clarity."

Ye Qiubai was overjoyed when he heard the words.

Then bowed to the willow tree.

"Okay, let's go."

"good."

...

The two first came to a courtyard outside the academy.

The Ye family, after that, moved here temporarily.

In case of revenge from the Tianyuan Dynasty and the Sunset Dynasty!

After all, they still dare not act rashly when facing the Tibetan Taoist Academy.

The patriarch of the Ye family saw Ye Qiubai's arrival and understood his intentions.

"Are you going to seek revenge from the Tianyuan Dynasty?"

The current patriarch of the Ye family, since using the secret, his strength has regressed a lot!

Ye Qiubai nodded.

"What do you need me to do?"

Ye Qiubai shook his head and said, "No, my junior brother and I can solve it."

"At that time, the ancestor can bring his tribe back to Tianyuan City."

Hear this.

Patriarch secretly sighed.

He naturally understood what Ye Qiubai meant.

He no longer wants to have any relationship with the Ye family!

That's why they were sent back to Tianyuan City...

Chapter 109 The Sword of Rules!

The old site of Yunhuang.

The sky was gray.

Lu Changsheng has already torn apart the space and came here.

The Qi machine is released and felt in the east.

In the center of a ruined city, there is a huge seal rising up into the sky!

determines the direction.

Lu Changsheng ran towards the sealing formation!

...

At this moment, in the seal formation.

Hongying's aura was sluggish.

The aura in the body is almost exhausted!

Now, she no longer tries to break the formation.

With her current strength, she can't break through this sealing formation at all!

And once Hongying's aura is completely exhausted, she will be completely suppressed by this sealing formation!

Outside the big formation, Yun Ming looked anxious, beating the big formation outside like crazy!

Unfortunately, with little success.

Yunming's strength is not enough to break the formation!

Hongying was in the formation, her eyes were not anxious.

There's no use worrying now.

She can only rely on the remaining aura to resist the power of this seal!

Looking at the crazy Yunming outside the formation, he said: "Yunming, stop, you can't break through."

Yun Ming looked anxious, "But Your Majesty! If this continues, you will..."

Hongying interrupted Yunming, shook her head, and said with a light smile: "It's okay, I've already told Master about it, and he must be on his way here."

Yunming was taken aback, thinking of the man in the thatched cottage, and asked: "Your Majesty can't even break through the formation, can he really break through?"

Hongying smiled and said, "No problem, with Master's strength."

You must know that even she cannot see through the depth of Lu Changsheng's realm!

In her eyes.

Master, although he doesn't have a normal form on weekdays, he is omnipotent!

It seems that there is nothing he can't do.

And at this moment.

The seal formation suddenly changed!

It seems that Hongying has no patience to wear down.

At this moment, strands of sealing power gathered above Hongying's head!

The majestic power of the seal turned into a giant mountain!

Want to suppress Hongying directly!

Yunming looked anxiously at this scene!

Hongying smiled wryly.

I am afraid.

Can't wait for Master to arrive.

It's just that I'm still not reconciled.

Reincarnation IX.

would be suppressed here.

It was still too urgent, Hongying sighed secretly, as long as her strength recovered a bit.

It is not possible to be trapped by this large sealing formation.

This last.

Just fight to the death.

Think here.

Hongying picked up the spear and looked up at the mountain transformed by the power of the seal!

At this moment, the meaning of reincarnation surged wildly all over her body!

Aura erupts from the body!

The spear in his hand also made a "buzzing" sound at this moment!

This is her final blow.

After this blow, Hongying was powerless to resist.

Suddenly!

The huge mountain in the sky crashed down at this moment!

It's like Mount Tai is overwhelming!

Facing the mountain.

Hongying's face remained unchanged, and with a step, her body suddenly flew into the air!

Head on!

The spear in his hand pierced out!

The reincarnation spear intent exploded!

At this moment, Hongying is like a shining light!

At this moment, the strongest blow was made!

The spear pierced the bottom of the mountain!

Boom!

In an instant, there was a deafening roar!

The mountain transformed by the power of the seal began to tremble!

Hongying let out a deep drink, and moved forward again!

Long guns go forward!

The mountain shook again!

However, this time, the power of the seal broke out again.

Constantly suppressing Hongying!

The aura on Hongying's body began to weaken continuously.

this moment!

Hongying couldn't defend herself, so with a muffled grunt, the spear came out!

The body fell down.

The mountain transformed by the power of the seal fell down at this moment.

Want to suppress Hongying!

Yun Ming, who was outside the formation, watched this scene, his canthus cracked!

At this moment, Hongying also showed a wry smile.

Today.

The aura in her body has been completely wiped out.

No longer have the ability to resist this sealing force again!

Just as she closed her eyes.

A figure appeared in front of her with lightning speed!

The man looked at the suppressed mountain lightly, and slowly stretched out his palm.

It was printed at the bottom of the mountain!

And just this palm, Dashan seemed to be unable to bear it!

Boom!

Under a violent sound, it collapsed!

turned into the power of the seal and dissipated in this space.

Yun Ming outside the formation looked at this scene and heaved a sigh of relief.

Hongying also suddenly opened her eyes, looking at the man in front of her, she couldn't help smiling.

"Master, you are finally here..."

The person who came was Lu Changsheng!

Lu Changsheng didn't look back, but said angrily: "None of you can make me worry."

"Don't be in a hurry to reminisce about the past, wait until I solve this big formation first."

Say it.

Lu Changsheng made a move with his palm!

Suddenly, the swords were intended to turn into swords of rules at this moment!

Take charge of the rules of the world!

Directly cut to the center of the formation!

Here is the formation eye!

As long as it is broken, the big formation can be broken!

Instantly!

The sword of rules pierces through!

The big burst of eyes, at this moment, is already riddled with holes.

At this moment, the sealing formation began to gradually become illusory.

The power of the seal in the space also began to dissipate gradually at this moment!

Finally, the seal formation was declared broken!

Only this sword.

Then the seal formation was broken!

Yun Ming was shocked when he saw this scene.

He has never seen this kind of power before!

Heart palpitations!

Hongying looked at this scene, not surprised.

In her eyes, Lu Changsheng is omnipotent!

This formation is probably not worth mentioning in the eyes of Master!

At this time, Lu Changsheng came to Hongying's side, took out a pill, and let Hongying take it.

After swallowing it, it penetrated into Hongying's body again with the idea of endless life.

It didn't take long.

The injuries on Hongying's body and body completely recovered!

It seems that I have never experienced these things before.

Hongying stood up, bowed and said, "Thank you, Master."

Seeing this, Lu Changsheng waved his hands impatiently, and said: "Don't do this, you can save me from causing trouble, and that is already the greatest gratitude to my teacher!"

Hongying: "..."

Lu Changsheng looked around and said, "What's going on, let's talk."

After listening, Hongying nodded and explained the matter.

here.

It is the place where the cloud war of the Nine Heavens Department was sealed.

If you want to lift the seal of Yun Zhan, you must break the seal formation.

Lu Changsheng nodded, "That is to say, you are not strong enough, and you still come to force your way, and then almost play yourself to death?"

Hongying smiled wryly and nodded.

"What a stunner."

Lu Changsheng was helpless, and said: "Even if you want to cause trouble in the future, you have to improve your own strength first, understand?"

Hongying didn't dare to disobey Lu Changsheng, so she nodded.

"Okay, if you have anything else to do, go and do it. There should be no other threats here, so let's go as a teacher."

"After the matter is over, remember to come back early."

After speaking, Lu Changsheng disappeared in place.

Hongying looked at Lu Changsheng's leaving back, feeling warm in her heart.

In her heart, she has already regarded the thatched cottage as her home...

...

At the moment.

Medium domain.

The final round of the alchemy conference is about to start.

Hu Qing was in the auditorium, looking anxious.

Under the order of the elders, the third round will begin!

Seeing this, Hu Qing had no choice but to go to the judge's seat.

The judge of the final is the Great Elder of Danzong!

Chapter 110 A stick of incense!

Elder Danzong.

Second only to the suzerain of Danzong.

The third round was presided over by the Great Elder.

At this moment, there are only 20 people left in the open space.

As for the auditorium, because this round is held in Danzong's inner gate.

The people who come here to visit also have a lot of background in Zhongyu.

They are all extremely powerful existences!

The number of people is naturally much smaller.

At this moment, the Great Elder looked at the alchemists on the field and couldn't help frowning.

Why is there one less person?

However, he didn't care too much, and if there was less, there would be less.

want to say the beginning of time.

Hu Qing came to the judges' seat.

Tell the whole story.

The Great Elder frowned slightly, and said: "So what? Since the time has come, it is natural to start."

Even if he can enter the top 20, Dan Zong cannot be given special privileges.

Danzong is the orthodoxy of Dandao.

It is the holy land of alchemists in the world!

How can there be any reason to make them wait for others?

Seeing this, Hu Qing could only give a wry smile.

In the auditorium.

Mu Wan'er looked at this scene and looked around: "Uncle hasn't come back yet?"

Uncle Li shook his head and said regretfully: "I'm afraid I won't be able to catch up. Although the Alchemy School is low-key, these alchemists are arrogant and will not extend the start time for him."

Mu Wan'er's eyes couldn't help but look anxious.

In the auditorium.

There are also powerful people who are beginning to have doubts.

"Huh? Didn't the person who made his own recipe come?"

"It's a pity, the Patriarch still wants the old man to try to win over this alchemist."

Someone also jokingly said: "It seems that this alchemist has a little disdain for the alchemy sect. He didn't even come to the last round of the alchemy conference!"

"I'm afraid it will also offend Danzong..."

"Dan Zong should not be so stingy."

In the venue.

Zhong Li looked around, also looking for Lu Changsheng.

Seeing that he didn't come, his face darkened.

Xie Yuanren is the same.

They all want to overwhelm Lu Changsheng in this round!

At this time, the Great Elder announced: "Everyone can start, the time limit is still two hours."

Say it.

All the alchemists had no choice but to focus on alchemy.

The content of this competition.

is very simple.

is to refine the highest quality pills that all alchemists can refine today.

Whose quality is high.

Whoever wins!

This time, Dan Zong did not provide the materials, all the materials are prepared by the alchemists themselves!

If we talk about the first round, the test is the alchemist's ability to observe mistakes.

The second round is to test the ability to adapt to changing circumstances.

And this third round is to directly test the true strength of the alchemist!

Everyone started to take out their best elixir and refine it!

For a moment, the square was full of flames!

Hu Qing returned to the auditorium, shook his head with a wry smile.

It's a pity that I missed an opportunity to become famous.

But there is no way.

After all, it is for disciples.

With Hongying's talent, her safety is much more important than this alchemy conference.

...

Time passed by every minute and every second.

More than an hour has passed.

Gradually, Danxiang has spread from the venue.

Obviously, there are alchemists who have reached the alchemy stage!

One of them is Zhong Li!

Zhong Li showed a confident expression, and slapped the alchemy furnace with the palm of his hand!

Suddenly, Danxiang was like a shock wave!

Soaring into the sky!

This scene caught everyone's attention.

Even the Great Elder opened his eyes, looked at this scene, and nodded slightly.

"It seems that Dan will have a good seed this time."

Zhong Li let out a deep drink, "Dan Cheng!"

Suddenly, in the pill furnace, a pill emitting a cyan streamer shot out!

Zhong Li took it.

Looked at Xie Yuanren provocatively, and then, under the attention of the big forces in the audience, he came to the judging table with the jade purification bottle.

Handed the jade bottle in his hand to the elder respectfully.

The Great Elder saw this, nodded and took it.

Take out the elixir.

After sizing it up, the corners of his mouth twitched slightly, and he said, "That's right, Liuli Pill, just one step away from entering the category of earth-level elixir, and the impurities are also controlled to 30%."

Hearing the elder's sentence, Zhong Li showed a satisfied smile.

He has practiced this glazed pill for several months.

Its proficiency can be said to have reached its peak.

Impurities can also be controlled at 30%!

Zhong Li was even thinking that this time, he would definitely win the first prize!

In the auditorium, some powerful people nodded.

can do this step.

have given them a reason to win over.

This person has already entered the target of their hearts!

At this time.

One after another, someone handed the pill to the elder.

The Great Elder sometimes shook his head and sometimes nodded.

"Earth Fire Pill, middle-grade Mysterious Rank, 50% impurity."

"Mingyang Pill, the top grade of the mysterious grade, with 60% impurities."

"Ling Sha Pill, a middle-grade mysterious grade, with 40% impurities."

...

At this time, Xie Yuanren also refined the elixir, and walked confidently to the elder with the jade bottle.

The Great Elder took over the scrutiny.

Nodding his head in satisfaction, he said, "Yin Yuan Pill is infinitely close to the ground-level elixir, with 30% impurities."

Hearing this, Xie Yuanren's eyes showed joy!

Zhong Li's face darkened.

Infinitely close to the ground floor!

This is obviously higher than his Liuli Dan level!

And the impurities are also controlled at 30%!

Obviously, Xie Yuanren's elixirs rank higher than him!

At the same time, he is also the one with the highest rank of pills among those present!

"Well, this person can also pay attention."

"He is a good seedling, and he can be paid more relative to it. See if he is willing to come to us as a guest."

"But he is more inclined towards Tanzong..."

"So what? If you pay enough, you will naturally join us."

For big forces.

His foundation would not be much weaker than that of Tanzong.

As long as enough rewards are given, these alchemists will naturally be able to win over.

At this time.

Time is running out.

The penultimate stick of incense has burned more than half of it!

On the field, all the alchemists have finished refining.

Still no sign of Lu Changsheng.

Hu Qing couldn't help but secretly sighed.

pity.

If Changsheng is still there, there will be nothing wrong with them.

Mu Wan'er was also a little disappointed.

"Obviously uncle is stronger than them..."

At this time.

The Great Elder has also figured out the ranking.

was about to read out the ranking.

A flash of light flashed by!

A man appeared in the venue of the Alchemy Conference!

"Um?"

The Great Elder looked up.

Frowning: "Who are you?"

When Hu Qing saw the man, his face was overjoyed.

Mu Wan'er smiled coquettishly, and jumped up: "Uncle is here!"

The person who came was Lu Changsheng!

Looking at the scene around him, Lu Changsheng couldn't help asking: "Is this already over?"

The Great Elder now knows Lu Changsheng's identity, his face darkened, and he said, "You have already lost your qualifications."

Lu Changsheng pointed to the stick of incense and said, "Isn't there still one stick of incense left?"

The Great Elder was stunned, "What can you do in the time of a stick of incense?"

At this time, a sound transmission appeared in the mind of the Great Elder.

After hearing this, the Great Elder had a complicated expression. He nodded, looked at Lu Changsheng and said, "Yes, as long as you can complete it within the specified time."

Today.

There is only one stick of incense left in time!
