

My Disciples 111

Chapter 111 Dan robbed!

The time for a stick of incense.

What can you do?

They have all heard about Lu Changsheng's alchemy speed.

However, the time for a stick of incense is only enough to refine a mysterious elixir, right?

If it is only a mysterious pill, I am afraid that it will not be able to squeeze into the top three.

In the auditorium.

"Oh? Is this person Lu Changsheng?"

"Unfortunately, time is running out."

"But it doesn't affect it. It is not easy for an alchemist who can create his own alchemy formula and improve it."

"At that time, you can try to win over."

"It's just that this son can even be absent from the Danhui, I'm afraid it's a bit arrogant?"

"Which alchemist has no arrogance? As long as the reward impresses him, he will naturally join us."

Everything, if rejected.

That means the price you gave is not enough.

failed to impress him.

That's all!

Mu Wan'er also showed worry in her eyes: "There's only one incense stick left... Will uncle make it in time?"

Now, there is no extra time for Lu Changsheng to think.

Uncle Li shook his head slightly, obviously not optimistic about Lu Changsheng.

Hu Qing didn't have any worries on his face.

Just refine the elixir that is usually displayed in the Tibetan Taoist Academy.

Any kind is an existence that can surpass them!

As for speed?

Lu Changsheng was able to refine a furnace for them in the time of a stick of incense!

On the judging table.

The great elder also showed suspicion.

Is it really possible to refine a high-quality elixir in just one stick of incense?

Moreover, even the suzerain was alarmed?

What is so special about this Lu Changsheng?

Zhong Li, Xie Yuanren and others also looked at Lu Changsheng.

Such a short time.

What else can he do?

The two couldn't help shaking their heads.

In their hearts, Lu Changsheng was no longer something to fear.

Can't shake their rankings!

...

At the moment.

Lu Changsheng has already learned of the requirements of this round under Hu Qing's voice transmission.

There is no limit, you can refine it at will!

As long as the quality is high enough.

Then it's not easy?

Lu Changsheng didn't think too much, and casually took out the materials from the ring.

Throw it into the furnace and start refining!

Still refining together!

Flames surround the furnace!

Its temperature even made the surrounding space feel distorted!

Facing the gaze of the crowd.

Lu Changsheng's face was extremely calm at the moment.

Only one stick of incense?

enough.

Half of a stick of incense was burned!

The extraction of materials has been completed!

In plain sight!

Lu Changsheng began to condense the pill!

So fast? !

Everyone was shocked!

This is the first time they have seen this kind of efficiency!

"I just don't know what kind of elixir he made."

"The level of the pill is estimated not to be too high."

"time is too short..."

When the great elder saw this, he was also a little dazed.

Let's not talk about the speed of refining.

Although he knows the materials that Lu Changsheng is using today, what kind of elixir will be produced when these materials are fused together?

he does not know.

Never heard of it!

Could it be that this son is making his own medicine again?

During this time of burning incense?

The great elder didn't dare to think about it.

If so.

Then this kid's alchemy level is too unbelievable!

And this time!

Sudden vision!

In the sky, there are gradually dark clouds!

The surrounding sun is covered.

When everyone saw this, they looked at the sky in puzzlement.

The weather has changed?

However, the breath emanating from the dark cloud is a bit unusual!

As the flames of the alchemy furnace in front of Lu Changsheng became more and more vigorous!

Ningdan has reached the last step!

The dark clouds in the sky actually began to flow with lightning!

Boom! Boom!

Like a brontosaurus rolling in the dark clouds!

Exudes a destructive atmosphere!

seems to think of something.

Whether it is a powerful person in the auditorium.

is also the Great Elder of the jury.

Or other contestants on the sidelines!

All of them have sudden changes in complexion!

In the final step of condensing the pill.

Dark clouds are gathering, and the brontosaurus is rolling!

This is Dan Jie!

This is the symbol of the refining of heavenly elixir!

A elixir, if you want to step into the ranks of heaven!

Then you must be tempered by Dan Jie!

Only after experiencing the tempering of Dan Jie.

can be called a heavenly rank!

In the time it takes for a stick of incense to refine a heavenly elixir?

Who is this person? !

And the gradual formation of Dan Jie shocked everyone inside and outside the Dan School!

All the disciples of Danzong and the elders all raised their heads with shocked expressions!

"Who made this heavenly elixir?!"

"Could it be the Suzerain and the Supreme Elder?"

"But, that direction is not the direction where the suzerain is!"

"There is... the alchemy conference!"

A group of disciples and elders put down their work and rushed to the place where the Alchemy Conference is located!

The birth of a heavenly elixir can trigger a bloodbath!

For alchemists, they can observe the formation of heavenly elixir up close.

It also has great benefits for their alchemy improvement!

Deep in Danzong.

Outside a large hall.

A middle-aged man looked at the dark clouds in the sky not far away.

There is thunder and lightning!

The man's face is serious!

Heaven-rank pill!

Although he can also try refining.

But the success rate is only 30%!

Moreover, every time you refine a heavenly elixir, you have to prepare for several days!

During refining, it is often terminated due to the lack of aura and soul power in the body!

The other party, but in such a short time.

Let's not talk about whether you can survive the pill disaster.

In such a short period of time, being able to attract Dan Jie is already very enchanting!

"It seems that the world of great controversy is really about to start..."

At the moment.

Beside the venue of the Alchemy Conference.

There are already countless disciples and elders standing here.

Looking at the scene in front of him in shock!

Mu Wan'er also pointed to her lower lip, and said, "Uncle Li, what does Dan Jie mean?"

Uncle Li took a deep breath, suppressed the shock in his heart, and said with a trembling voice, "It represents the birth of a heavenly elixir!"

"Is there anyone in the family who can refine this heavenly elixir?"

Uncle Li thought for a while, then shook his head and said: "No one, only the suzerain of the Alchemy Sect and that mysterious elder can refine this kind of elixir."

"So, uncle is very strong?"

This time, Uncle Li nodded without the slightest hesitation and said, "Very strong!"

Hearing this, Mu Wan'er turned her head to look at Lu Changsheng who was congealing alchemy, her eyes shone brightly!

In the auditorium.

The powerful people were all in shock!

"My son, we must win over!"

"at all costs!"

"Notify the suzerain, let him come in person! And let him bring enough reward!"

Some people are more rational.

"The alchemy master who can refine the heavenly elixir in such a short period of time no longer needs to be a vassal in other forces."

Anyone who can refine heaven-level elixir is a master of alchemy!

Moreover, refining it in such a short period of time is at least above the fifth rank!

The great elder thought of Lu Changsheng's information, and there were countless horses jumping in his heart!

Fourth grade alchemy master?

You tell me, which fourth-rank alchemy master can refine a heavenly elixir?

The Great Elder decided that at that time, the person who tested Lu Changsheng's level of alchemy would be expelled from his alchemy status!

Chapter 112 Heaven-ranked medicine!

Heaven-rank pill.

All need to go through the tempering of Dan Jie!

This is well known.

Sound transmissions have been transmitted back to the great sect families at this moment!

At the alchemy conference, an alchemist concocted a heavenly elixir in just a short time!

"Huh? Seriously?"

"Hurry up, prepare the treasures of heaven and earth, and go to Danzong to win over this person!"

"at all costs!"

...

The General Academy of Tibetan Taoism Academy.

Dean Yan also heard the news.

I was stunned for a moment, and then said with emotion: "The world of great controversy will begin, and some hermits and arrogance will naturally spring up like mushrooms after a rain."

"Then shall we win over?"

Dean Yan shook his head and said: "It's good to have a good relationship. There is no need for an alchemist of this level to be a vassal of other forces."

"What's more, our Tibetan Taoist Academy will not participate in the competition between sects."

"So let them be..."

"Understood."

...

Hidden Sword Sect.

Liang Feng hurried to the suzerain hall.

"Master! An alchemist who can refine heaven-level pills appeared in the alchemy conference!"

Lin Rufeng nodded flatly: "I already know."

Liang Feng's face was pleasantly surprised, and he said anxiously: "Should we go there?"

Lin Rufeng glanced at Liang Feng indifferently, and said, "What did you do in the past?"

"Eh... Naturally, it is to win over."

On this point, Lin Rufeng agrees with Dean Yan.

Shaking his head, he said, "Go and practice hard."

Liang Feng scratched his head, a little puzzled, but still obeyed Lin Rufeng's arrangement, retreated, and practiced.

A long while.

An old man came to the suzerain hall.

Lin Rufeng looked at the old man, stood up and respectfully said, "Master."

Lin Rufeng's master is the previous master of Yinjian Sect, and also the current Supreme Elder!

The old man nodded, looked in the direction of Danzong, and sighed: "Rufeng, the world of great struggle will begin. You must be fully prepared so that our Yinjianzong can survive in this great world."

Hearing this, Lin Rufeng's face was solemn, and he nodded solemnly.

"There seems to be a secret place in the southern region. This may be the precursor to the opening of the world of great controversy. You should also send someone there."

"Yes, Master."

...

the other side.

The scene of the Danzong Alchemy Conference.

Already surrounded by the crowd!

Among them, there are disciples of Danzong and a group of elders!

People from all major forces came one after another!

Everyone looked at the sky in shock!

At the moment.

heavily clouded!

Among the dense dark clouds, the brontosaurus has slowly taken shape!

It seems that the punishment of heaven is about to come down!

At this moment, Lu Changsheng's condensed pill is only one step away!

Finally, inject the meaning of endless life into the pill furnace!

Danxiang began to float out!

At this moment, Lu Changsheng's face froze slightly.

In the alchemy furnace, a beam of light flew out!

Suspended in mid-air, under the dark clouds!

Get ready for the Alchemy Tribulation Tempering!

Everyone is watching this scene at the moment.

Among the dark clouds, the brontosaurus began to go berserk!

Make a roaring sound!

The aura of destruction began to permeate the entire Danzong!

Everyone has launched defenses to avoid being affected by Dan Jie!

Lu Changsheng was below, watching this scene with a flat face.

And at this time.

There is a streamer on the elixir that begins to flow!

It seems to be provoking Dan Jie!

Among the dark clouds, thunder and lightning surged!

It's like a stormy sea!

Brontosaurus roars!

Want to destroy the world!

At this time!

It seems that the dark cloud can no longer bear the rage of the brontosaurus!

Countless thunderbolts turned into thunderbolt dragons, and poured down on the elixir crazily!

The momentum is terrifying!

The great elder below looked at this scene with shock in his eyes!

"Such a terrifying power of pill disaster, I am afraid it is not an ordinary heaven-rank pill!"

So, the alchemy level of this son may be a bit higher than their suzerain!

Looking at this scene, Lu Changsheng's face was calm, and he wasn't surprised at all.

Brontosaurus roars.

Crashed into the small pill with streamer rotation!

Boom!

The elixir was covered by the brontosaurus!

However, the pill was not annihilated because of this!

Instead, it exudes streamer!

The power of pill calamity is refining the pill!

As long as you survive the pill disaster.

Then, you can complete the transformation and become a heavenly elixir!

This is the only way to achieve the heavenly elixir.

Everyone is watching this scene.

The eyes exude shock!

The refining scene of heavenly elixir is extremely rare!

In general, when refining heavenly elixir, outsiders should not interfere with it.

After all, if you make a mistake, you will be declared a failure!

At this time.

Brontosaurus pours out again!

It seems to be the last madness!

The whole space seems to be torn apart!

Some disciples with insufficient realm were even affected!

Fortunately, a group of elders stood up and resisted the aftermath of destruction for the disciples!

"All the disciples retreat a hundred meters!"

The disciples all nodded and retreated.

After all, the aftermath is not something they can contend with!

And Lu Changsheng, who stood under the dark clouds, seemed not to be affected by the aftermath at all!

Even, when some lightning fell on him.

It will also be resisted by an invisible barrier!

His face was indifferent, as if he didn't care!

This surprised even those who cared.

It seems that this person's strength is not low!

Under the tempering of Dan Jie.

The surface of the elixir gradually emits a streamer of seven colors.

This is also a sign of the success of the heavenly elixir!

Under the dark clouds, the brontosaurus seems to have stopped pouring!

The lightning in the space actually disappeared!

However, everyone did not show a relaxed expression.

Among the dark clouds, a huge destructive aura is condensing again!

And this time, the aura is even more majestic than before!

Obviously, this is Dan Jie's final blow!

This is the calm before the storm.

And this blow.

It is bound to be even more powerful than before!

In the main hall of the suzerain, the suzerain of Danzong looked up at this scene with emotion.

This level of pill calamity has never appeared even in the heavenly elixir he refined!

I'm afraid, this person's alchemy practice has surpassed him!

"It's a pity that you are not from my Dan sect..."

Among the clouds!

The aura of destruction keeps condensing!

Thunder and lightning converge!

Form a huge beam of light!

crashed down!

Want to destroy the world!

Seeing this scene, the expressions of the elders of Danzong changed, and they put up defensive barriers one after another!

"All Danzong disciples, step back!"

The Great Elder shouted angrily, and immediately rose into the sky, setting up an enchantment!

In the auditorium, Uncle Li also had a serious face, standing in front of Mu Wan'er, with his hands spread out!

Mu Wan'er looked at this scene curiously.

Looking at Lu Changsheng, there was a look of worship in his eyes.

Under the beam of light, Lu Changsheng waved his hand, and the falling beam of light was separated by an invisible barrier.

Can't hurt it at all.

The aura of destruction continued to wreak havoc in the space.

The space also seems to be cracking at this moment!

After dozens of breaths!

The beam of light gradually dissipated!

And the elixir in it has not been destroyed yet!

Exudes colorful streamer!

The air of Danxiang spread throughout the entire Danzong at this moment!

At this moment, everyone understood.

This elixir has already been tempered by the pill calamity.

Successfully stepped into the ranks of heaven!

Chapter 113 What are you really afraid of?

Dan Jie disappeared.

The dark clouds began to part.

Wisps of sunshine broke through the cover of dark clouds.

Bunches of them are shining on the earth again!

Like a newborn!

Heaven-rank elixir has been completed!

The Great Elder looked at the elixir emitting colorful light in the sky.

Some emotion.

Unexpectedly, in this alchemy conference, there is actually a master of alchemy hidden?

Among the auditorium.

Hu Qing's face was excited!

Changsheng, this boy, is really embarrassing for their Tibetan Taoist Academy!

Mu Wan'er looked at Uncle Li and asked curiously, "Uncle Li, is this a success?"

Uncle Li nodded with a complicated expression.

Unexpectedly, Lu Changsheng, whom he looked down upon at first, was an existence that surpassed all the alchemists present.

Really things are impermanent...

In the distance.

Zhong Li, Xie Yuanren and others have already retreated Baizhang.

After all, they couldn't bear the aftermath of the Dan Jie.

Seeing this scene, he also looked shocked.

Before, they regarded Lu Changsheng as their opponent.

But now.

The other party directly refined the heavenly elixir.

How can this compare?

A master of alchemy, running among them to pretend to be a pig and eat a tiger?

Zhong Li, Xie Yuanren and others are already a little numb...

At the moment.

Sudden mutation!

A ray of light rushed towards the pill!

Someone wants to grab the heaven-rank pill!

The face of the Great Elder changed!

Want to make a block.

But the opponent's speed is too fast, there is no time to react!

At this moment, Lu Changsheng glanced at it, his face darkened.

Brother just took so long to refine the elixir, and let you **** it like this?

Think here.

Lu Changsheng waved his hand in shock!

A finger strikes at an extremely fast speed!

When the figure saw this, his face changed, and he had to stop and attack with all his strength!

However, he underestimated Lu Changsheng.

Just a moment!

That finger force penetrated the man's eyebrows!

It was too late to start the offensive, so there was no interest!

The figure fell from the sky and landed in front of Lu Changsheng.

The Great Elder came over to take a look, his face was ugly.

"Wu Tuo, a strong man in the late Qianyuan Realm."

He neglected how attractive the heavenly elixir is to others.

A heaven-rank pill.

Has the effect of changing fate against the sky!

What's more, the grade of this heavenly elixir is also extremely high!

The Great Elder said on the spot: "If anyone acts rashly in the alchemy conference, it will be an enemy of the alchemy sect!"

As soon as the words came out.

Immediately, some people who were about to make a move calmed down.

Danzong is the top force in Central Region.

The background of his network is even more profound!

What's more, Danzong is the orthodoxy in the eyes of alchemists.

Offending Danzong, it can be said to offend all alchemists!

No one will choose to fight against Danzong.

This is not worth the candle.

The Great Elder's move kills two birds with one stone.

First, Dan Zong's face is maintained.

After all, the alchemy conference was held by Danzong, and at the same time, it was also held in the inner sect of Danzong.

If someone else easily snatched the contestant's pill.

Then Dan Zong's face will also be discredited!

think Danzong is easy to bully!

Second, it showed kindness to Lu Changsheng!

Alchemists of this level would naturally not join their alchemy sect.

There is no need to vassalize other forces.

It is better to be friendly than to be hostile!

The Great Elder has been in power for so many years, and he has already become a human being.

Lu Changsheng handed the heavenly elixir to the great elder, and said, "The result can be announced."

The Great Elder shook his head, smiled wryly and said, "Don't worry about it, since you have refined a heavenly elixir, your Excellency will naturally be number one."

Lu Changsheng shrugged, and put away the heavenly elixir.

Let your disciples play with this elixir when the time comes.

It is useless for him to hold it by himself.

Lu Changsheng is the first.

Dan will win!

No one has an opinion on this result.

An existence that refines a heavenly elixir in the time of a stick of incense, there is no need to show itself in the elixir.

The Great Elder immediately took out the Yuanhun Pill.

Handed it to Lu Changsheng, said: "Your Excellency, this is the first reward, and I will give it to you directly."

Before, how could the Great Elder be so cautious in giving rewards?

In the eyes of other alchemists, this soul pill may be the best pill that can be met but not sought after!

In front of this alchemist who can refine heavenly elixir.

Maybe really not worth mentioning.

People can make it themselves!

And it's better than this!

Why do you want them?

Lu Changsheng took it with the mentality of not wanting nothing.

"Can I go?"

The Great Elder was stunned when he heard the words, and then hurriedly said: "Your Excellency, please."

Lu Changsheng nodded and wanted to leave.

Xu saw that Lu Changsheng wanted to leave.

People of great influence have gathered around!

Want to invite Lu Changsheng to join!

Of course, there are forces who are self-aware.

How can an alchemist of this level vassalize others?

Seeing this, Lu Changsheng shook his head and said, "I have no desire to join other forces."

After finishing speaking, he left here.

I am such a salty fish... Oh no, how can I be bound by other forces when I like freedom so much?

Of course, Nanyu Tibetan Taoist Academy is excluded.

It's where he grew up, after all.

There, Lu Changsheng was willing to do something.

Of course, it was forced.

...

Lu Changsheng left Danzong.

Hu Qing chased after him, and said with a smile: "Changsheng, you are really embarrassing us."

"Presumably, there will be people from our Southern Region Tibetan Taoist Academy competing to join in the future."

Lu Changsheng rolled his eyes and said, "Don't force people into the cottage, my few disciples are enough to give me a headache."

Hu Qing shook his head helplessly.

This kid, obviously has this strength, but is so lazy...

And they dream of wanting Lu Changsheng's strength and talent, but it's a pity...

Immediately, Lu Changsheng threw the Yuanhun Pill to Hu Qing.

Hu Qing was taken aback, "This elixir is quite precious, won't you give it to Ye Qiubai?"

Lu Changsheng shook his head and said, "No need."

Hearing this, Hu Qing also reacted.

A master who can refine heavenly elixirs naturally has no shortage of such elixirs.

Aside, Uncle Li also had a complicated expression when he saw this scene.

Yuanhun Pill is a elixir sought after by alchemists, but the other party abandons it like walking shoes.

It's really annoying to compare people to people...

Mu Wan'er also came over at this time, and said with a smile: "Uncle, you are so amazing."

Lu Changsheng liked this eccentric little girl very much, and joked: "Why, do you want to worship me as a teacher?"

But.

How could Lu Changsheng think of it.

She said it as a joke, but Mu Wan'er took it seriously.

Mu Wan'er nodded excitedly, and said, "Hey, uncle, how do you know what I'm thinking?"

Uncle Li didn't stop him when he saw this.

Instead, his eyes looked forward.

After all, it would be great if my young lady could worship an alchemist of this level as her teacher!

It was also able to win such a powerful ally for the Mu family!

Kill two birds with one stone!

Lu Changsheng's eyes widened.

Hastily waved his hands and said, "Don't, don't, I won't accept disciples."

Already have four disciples.

Return?

Isn't this killing him!

What's more, this is also a foodie!

When the time comes, take it back and add another pair of bowls and chopsticks.

This deal is too bad.

Uncle Li was not surprised when he saw this.

After all, the opponent's alchemy level is also qualified to choose disciples.

Mu Wan'er heard this, wrinkled her nose, and said, "Uncle, is my talent not good?"

"Forehead..."

Lu Changsheng can't just say what's in his heart, can he?

Then he looked at Hu Qing and said, "Elder Hu, I still have something to do, so let's go first."

After saying that, he disappeared in place.

slipped away.

Chapter 114 Fight to the death!

Refining heavenly elixir within a stick of incense.

And successfully experienced the alchemy tempering.

This deed has spread throughout the Central Region!

Even, this incident spread to the Four Regions!

A master of alchemy comparable to the suzerain of the alchemy sect was born!

Some people think.

Lu Changsheng's level of alchemy has surpassed that of the master of alchemy.

Some people also think that the alchemy level of the alchemy suzerain is deeper!

In short, there are already countless powerful people who have sent people to inquire about Lu Changsheng's news.

It's not a solicitation.

Instead, I want to ask for Dan, and at the same time make a good relationship.

After all, how terrifying is an alchemy master who can refine heavenly elixir?

Everyone knows its value!

Medium domain.

The Mu family, one of the three hidden families.

Mu Wan'er has returned to the family.

"No, I still want to worship uncle as my teacher!"

Uncle Li smiled wryly afterwards and shook his head. A master of alchemy is naturally qualified to be Mu Wan'er's master.

But people don't want it!

Even if it is the Mu family, I am afraid that the other party will not like it.

A master of alchemy who can refine heavenly elixir naturally does not need to be vassalized by other forces!

At this time, a middle-aged man walked over with a serious face.

"Huh? Who does Wan'er want to worship as a teacher?"

The middle-aged man inadvertently heard Mu Wan'er's words, and couldn't help being a little surprised.

You know, this girl doesn't even look down on the group of people in her own family.

Eyes are high!

Mu Wan'er saw the middle-aged man, her eyes lit up, she ran over to hold the man's hand, and said, "Father, I met a super powerful uncle!"

"Uncle?"

The middle-aged man is naturally the current head of the Mu family, Mu Heze.

Mu Heze looked aside and asked, "Uncle Li, what's going on?"

Uncle Li said the matter helplessly.

After hearing this, Mu Heze nodded slightly, "Do you want to worship that master of alchemy as your teacher?"

Mu Wan'er nodded heavily.

"Um!"

Mu Heze smiled and said, "Your father will not object to your worshipping him as your teacher. A master of alchemy is not only of great benefit to you, but also to the family."

"However, if he doesn't accept you, there is nothing he can do."

"How about letting Mr. Lin teach you?"

Old Lin is the alchemist with the highest level of alchemy in the Mu family.

is the realm of a half-step master.

A person who can refine infinitely close to the heavenly elixir.

only.

Still unable to attract pill robbery, this is why it is impossible to achieve heaven-level pills.

Elder Lin is also extremely optimistic about Mu Wan'er.

Mu Wan'er's alchemy talent is extremely high!

It's a pity that I am too playful!

This made the Mu family very helpless.

Can't control it.

Hearing what Mu Heze said, Mu Wan'er quickly shook her head and said, "No, I just want to worship uncle as my teacher!"

Mu Heze and Uncle Li were helpless.

He is a master of alchemy.

They can't tie Lu Changsheng here, can they?

"then you go."

Mu Heze waved helplessly.

Hearing this, Mu Wan'er turned around with a smile and left, saying: "Then I'm leaving."

"Do you know where he is?"

"of course I know!"

After Lu Changsheng left, she had already asked Hu Qing where Lu Changsheng was.

Nanyu Tibetan Taoist Academy.

Thatched cottage!

Mu Heze looked at his daughter's leaving back, and shook his head helplessly: "The girl is not allowed to stay, Uncle Li, you can continue to follow Wan'er."

"Thanks a lot."

Uncle Li smiled wryly and shook his head: "This is my duty."

"But Patriarch, what if the other party still refuses to accept the lady? Will this affect the lady's mood?"

Hearing this, Mu Heze shook his head and said: "It's okay, bumping into a wall when you are young will also be good for you in the future."

"What's more, if it succeeds, it will benefit both Wan'er and my Mu family, so let her go."

Uncle Li nodded: "Understood, then I will go."

After finishing speaking, Uncle Li followed Mu Wan'er.

Mu Heze looked into the distance with long-distance eyes.

"Tianjiao gradually emerges."

"Great powers also began to be born one after another."

"The world of great controversy is really about to kick off..."

After speaking, he shook his head and left here.

...

at the same time.

Southern Region, Tianyuan City.

This is the capital of the Tianyuan Dynasty.

At this moment, above the Tianyuan Dynasty, two men appeared here.

It has attracted the attention of countless people!

The imperial guards of the dynasty raised their heads and saw two men, their expressions changed drastically, and they immediately shouted: "Who trespassed!"

Immediately afterwards, the dynasty entered a state of combat readiness!

Countless guards began to assemble!

The offerings in the palace also flew to the sky, and came in front of the two men!

In the palace of the Tianyuan Dynasty, there were two people whose faces froze slightly.

Walked out of the palace and looked up at the sky.

Among them, the young man's face suddenly changed!

Besides, a middle-aged man in a dragon robe asked, "Why, do you know this person?"

The sixth prince nodded, with a frightened expression on his face, and said: "This person is Ye Qiubai!"

Hearing this, the Lord of Tianyuan shook his head slightly: "It seems that he is here to seek revenge."

At that time.

When the Sunset Dynasty sent troops to encircle and suppress Ye Qiubai.

The Tianyuan Dynasty contributed a lot!

However, still no success.

Now, Ye Qiubai has full wings.

Has become a climate!

"Calculating the time, it's time for the other party to come to us."

The Lord of Tianyuan sighed inwardly.

It seems that I really made a mistake in this move.

If he had taken the initiative to show love to Ye Qiubai back then.

Even if they offend the Sunset Dynasty, the other party will help.

will avoid a difficult situation.

Can now.

Everything you say is empty talk.

One wrong step, one wrong step.

Since it has been committed, it needs to be borne.

thought of this.

The Lord of Tianyuan ordered: "The imperial guards, prepare to meet the enemy."

"All offerings must not escape without authorization."

"Start the big formation!"

"Let all the blood of the dynasty under the Purple Mansion quickly evacuate Tianyuan City."

Hearing the words of the king.

Everyone is Ichirin.

Obviously, now has come to the moment of life and death of the Tianyuan Dynasty!

Immediately, the lord looked at the sixth prince and said, "You should also prepare to leave."

The sixth prince was stunned, "Then father, what about you?"

The Lord of Tianyuan sighed secretly.

"As the lord of the country, how can I retreat?"

If even he retreats, then the Tianyuan Dynasty retains its bloodline.

How could anyone be willing to serve him again in the future?

After finishing speaking, the Lord of Tianyuan took off his dragon robe and put on his battle armor!

shouted: "Everyone in the Tianyuan Dynasty listen to the order and fight to the death!"

"yes!"

Throughout the dynasty, there was a terrifying roar!

Immediately, the large formation also enveloped the entire Tianyuan Royal City!

All the offerings flew up and came in front of Ye Qiubai and the other two!

And saw this scene.

Xiao Hei scratched his head, looked at Ye Qiubai and asked, "Brother, are these people going to be killed?"

Ye Qiubai nodded with a smile, and said, "Well, let's use it to our heart's content."

With Xiao Hei's strength.

Ye Qiubai naturally need not worry.

In the entire Tianyuan Dynasty, it is estimated that no one can threaten him!

Immediately, the Lord of Tianyuan also came to the sky!

Standing in front of the imperial guards, looked at Ye Qiubai and said, "I don't regret the mistake that day, it's just a bet that I lost."

"Now I don't ask for forgiveness."

"Let's fight!"

The entire imperial guards roared with fighting spirit!

Chapter 115 Deep in the palace!

The entire Tianyuan City.

All entered a state of combat readiness.

Countless people looked up at the sky.

There is a roar of fighting spirit!

Some people don't know what happened, and some people know the whole story.

For example, the four masters of Tianyuan City.

No, now we can only talk about the three major families.

The Ye family has withdrawn from Tianyuan City.

The Patriarch of the Chou Family looked up at this scene with horror in his eyes!

Now, Ye Qiubai has full wings.

Already found the Tianyuan Dynasty.

When the Tianyuan Dynasty is destroyed, who will be next?

There is no doubt that their enemies cannot escape!

The owner of the enemy family fell into panic.

Now, before him, there are only two choices.

The whole family withdraws from Tianyuan City!

Travel to other places and live life in hiding!

The second is to fight with the Tianyuan Dynasty.

Kill Ye Qiubai!

But this point, the Patriarch of the Chou family has given up.

The previous encirclement and suppression by the Sunset Dynasty were unsuccessful.

This time there is only the Tianyuan Dynasty, how can it resist?

The current Ye Qiubai is an existence who can kill the strong in the Four Regions Martial Arts List!

Think here.

The Patriarch of the Chou family summoned all the elders and sighed: "You should all know the matter."

The faces of the elders were heavy.

Of course they know that Ye Qiubai's current strength is far superior to that of before.

came to seek revenge.

"Patriarch, what should we do?"

Now, they no longer have the heart to blame who provoked Ye Qiubai.

It is useless to say these now.

The Patriarch of the Qiu Family lamented: "Get out, Qiu Family, and leave Tianyuan City from now on."

The green hills are kept so that there is no need to worry about no firewood.

No matter what, the Patriarch of the Chou Family cannot let the Chou Family go extinct in his own hands.

After speaking these words.

The Patriarch of the Chou family seemed to be discouraged.

The whole person is getting old.

The temples became pale at this moment!

Obviously, making this decision made the Patriarch of the Chou family so determined.

"Of course, I will stay here."

The elders were all taken aback.

"Why the head of the house?"

"You can leave with us!"

Whether true or false.

The Patriarch of the Chou family didn't have the heart to take care of it anymore, so he shook his head and said, "There must always be one person here to vent Ye Qiubai's anger."

"In this way, he will not go to the enemy to kill them all."

Obviously.

The Patriarch of the enemy family intends to sacrifice himself.

The elders nodded helplessly when they heard the words.

Now, this is the only way to go.

Only in this way can the blood of the enemy be preserved to the greatest extent!

"Okay, all of you are ready to leave Tianyuan City with your juniors and disciples."

Not too long.

People go to the empty building.

Only the head of the Chou family stood in the middle of the compound.

Thinking about the past, waiting for Ye Qiubai's arrival.

...

The Jiang family is also one of the four major families in Tianyuan City.

The head of the Jiang family looked at this scene and shook his head with regret.

If Jiang Chan had chosen Ye Qiubai at that time.

Or... believe what Ye Qiubai said.

Perhaps, will the ending of the two of them be different?

pity.

Things have happened.

Sometimes, at a fork in life, as long as you choose, you can't turn back.

can only go all the way...

The head of the Jiang family couldn't help but feel a little helpless when he thought of this.

...

At the moment.

People in Tianyuan City all looked at this scene in the sky.

Looks vary.

Ye Qiubai looked at the Tianyuan Lord in front of him, and said calmly: "At that time, did you think about today?"

The face of the Lord of Tianyuan did not change much.

It seems like the clouds are calm and the wind is light.

"What's the use of saying this now? It's just a wrong move."

Leave everything else alone.

Ye Qiubai still admires the Lord of Tianyuan.

At least, as the king.

He is qualified.

"It's useless to talk too much, let's fight!"

After speaking, the Lord of Tianyuan waved his hand, and the imperial guards roared and stepped forward one after another!

Beside Ye Qiubai, Xiao Hei took a step forward.

He said with a simple smile: "Brother, leave these to me."

Ye Qiubai shook his head and said, "I'll do it."

After finishing speaking, take out the Dark Demon Sword in your hand!

Slightly turned his palms, immediately!

With Ye Qiubai as the center, the entire Tianyuan Royal City is surrounded by sharp swords!

Sword Domain!

Seeing this, the face of the Lord Tianyuan changed slightly!

Under this sharp sword intent, even he would not dare to act rashly!

The priests of other dynasties also had dignified faces, and they set up barriers one after another to resist the sword intent like a huge wave!

But.

The tens of thousands of guards will be unable to resist.

Facing this pervasive sword intent.

The formation of tens of thousands of guards was instantly broken!

The sword intent turned into a river of sword intent!

Sweeping the Imperial Guards with a bang!

Accompanied by countless screams!

Under the sweeping river of sword intent, everyone turned into **** mist!

Just counting breaths!

Under the sweeping river of sword intent!

Tens of thousands of guards, at this moment.

All destroyed!

Everyone in the dynasty looked at this scene, and their faces changed!

Although the strength of the Praetorian Guards is inferior.

However, it is impossible for tens of thousands of people to be wiped out in such a short period of time!

This is just a matter of time, killing tens of thousands of people!

Leaf autumn white.

Has it really become so strong...

Sword Domain.

This is the skill of the field.

In the sword realm, sword intent is everywhere!

In this field of technology, what is the role of many people?

The Lord of Tianyuan is obviously aware of this.

Take out a jade seal.

Aura is injected into it.

Immediately, the formation surrounding Tianyuan King City was activated!

It turned out to be a phantom flood dragon!

Roared at Ye Qiubai and Xiao Hei!

The strength of this phantom dragon.

Obviously, it has reached the late Qianyuan stage!

It is the Tianyuan Dynasty's national defense formation!

Xiao Hei took a step forward, "Brother, leave this to me."

Ye Qiubai nodded.

After receiving Ye Qiubai's approval, Xiao Hei grinned and rubbed his fists.
ready!

At this time.

That phantom flood dragon roared again!

Immediately, he rushed towards Xiao Hei!

Seeing this, Xiao Hei's face didn't change at all.

Instead, he showed a simple and honest smile.

The whole body began to revolve with a fighting spirit!

raised his fist.

After the Phantom Flood Dragon approached, it punched out!

This punch!

The earth shakes and the mountains shake!

It seems that the entire space of the formation is trembling!

Xiao Hei's punch landed on the phantom dragon's head without any deviation!

Immediately!

Under everyone's horrified eyes.

The Phantom Flood Dragon let out a wailing sound!

Immediately, starting from the head, it was broken inch by inch along the dragon's spine!

finally.

Dissipated in this space!

And the big formation was declared broken at this moment!

The jade seal in the hands of the Lord of Tianyuan also shattered with a "click" sound!

Seeing this, the Lord of Tianyuan was shocked.

This person.

is Ye Qiubai's younger brother.

Someone who can teach Ye Qiubai and the man in front of him.

How strong is the real strength?

The Lord of Tianyuan didn't dare to think about it.

There is no need to think about it.

The other party may disdain to pay attention to their little Tianyuan Dynasty.

Two disciples under the seat can destroy them!

Think here.

The Lord of Tianyuan sighed secretly, and said: "Everyone, since there is no way out, let's take action."

The priests saw this.

Someone showed helplessness.

Someone showed his intention to quit!

at the same time.

Deep in the palace.

There is a faint breath coming out!

A voice came to everyone's ears!

"Little friend, can you be merciful? In the future, my Tianyuan Dynasty will withdraw from the Southern Region and never enter the Southern Region again, okay?"

Chapter 116 Old Lord

Deep in Tianyuan King City.

An old man woke up from the closed life.

Feeling the situation outside, he couldn't help sighing.

The Tianyuan Dynasty finally provoked people who should not be provoked.

The opponent's realm is not high.

But the strength is extremely strong!

Often, those who can train such disciples.

Neither will be simple.

Its strength is naturally stronger than their Tianyuan Dynasty!

And in mid-air.

Hearing the news, the Lord Tianyuan couldn't help being overjoyed: "Old Lord!"

The old lord is the pinnacle of the Qianyuan realm.

As the lifespan is approaching, he begins to retreat to death, trying to break through the False God Realm!

Only in this way can life be extended!

The long-term retreat has led others to think that the old ruler of the Tianyuan Dynasty has already passed away!

did not expect.

The old ruler of the Tianyuan Dynasty is still alive!

Dynasty priests were also pleasantly surprised.

They have also heard about the strength of the old king!

Although it is no longer ranked in the Four Regions Martial Arts Ranking, its strength is still strong!

One time.

The morale of the Tianyuan Dynasty soared!

Ye Qiubai and Xiao Hei watched this scene without any change in their expressions.

Xiao Hei asked honestly: "Brother, is this old king very strong?"

Ye Qiubai shook his head, "I don't know, maybe."

Hearing this, Xiao Hei's eyes flashed with fighting intent, and he grinned and said, "Then let me come, brother."

Hear here.

Ye Qiubai couldn't help laughing.

My little junior seems to be very honest.

But he is actually a fighting maniac!

As soon as I heard the battle, it was like a different person.

"Okay, then you can go."

With the treasure given by the willow tree, I am not afraid that Xiao Hei will completely lose his mind.

With Ye Qiubai's consent, Xiao Hei's eyes lit up, and he took a step forward.

On the surface of the body, there are lines of flames burning wildly at this moment!

The old master in the depths couldn't help sighing secretly when he saw this scene.

This time, if I make a move, there will be no possibility of breaking through the False God Realm.

After all, his life span has reached the limit.

Every time you make a shot, it will consume energy and destroy your mood!

It can be said that as long as the old country lord makes a move, it will be unless there is a life-changing elixir.

Otherwise, it is absolutely impossible to make a breakthrough!

That's why the old country lord said the words of quitting Tianyuan City.

When he breaks through the False God, how can he be afraid of the people behind them?

However, I am afraid that it is impossible to do nothing now.

thought of this.

A beam of light flew out from the depths of the royal city!

landed in front of Xiao Hei.

The old master has no hair, and patches grow on his face and head.

Looks scary!

The old king bent his body, looked at Xiao Hei, and said expressionlessly: "In that case, let's leave you here."

After finishing speaking, a majestic breath burst out!

A spear suddenly appeared in the hands of the old lord!

The length of the spear is even higher than the body of the old king!

A rickety, frail-looking old man, holding a long gun.

It looks very discordant.

However, when the old country lord made a move.

A burst of gun intent burst out!

The spear in his hand pierced out!

It actually has the meaning of piercing the sky!

Seeing this, Xiao Hei has no intention of retreating at all!

With a roar, he punched the spear with a flame pattern on his body!

No matter how extraordinary you are!

In Xiao Hei's eyes, punching is all it takes!

Blast out with a punch!

It's like the sky is falling apart!

In this space, there are bursts of sonic booms!

With the body, resist the spear in the hands of the Qianyuan Realm peak powerhouse!

In the eyes of outsiders.

Xiao Hei will definitely be pierced!

The old lord's eyes froze.

"Physical training?"

Then he snorted coldly: "It's not a good thing for young people to be too aggressive."

The spear collided with the fist!

Boom!

Space Warp!

All of a sudden, those buildings in the Tianyuan King City below the two of them were destroyed by waves of aftermath!

Under the surprise eyes of everyone.

Xiao Hei stepped back ten steps!

The old king's body just trembled.

In the eyes of outsiders.

The old king seems to have the upper hand.

However, those priests and the Lord of Tianyuan were shocked!

Although the old master is old.

But after all, he is a strong man at the peak of Qianyuan Realm!

As for the other party, a body repairer.

Can resist a shot from the old lord? !

This made everyone's hearts sink!

The old ruler himself also had a dignified expression.

Lips slightly pursed, and he never expected that his own shot would be blocked by the opponent's punch.

Moreover, even he felt that he couldn't resist the power of that punch for a moment!

Looking forward, after stepping back, Xiao Hei didn't take any rest, and roared like a wild beast!

Stepping towards him again!

It's just that the fighting spirit in the whole body is getting stronger and stronger!

There is a demon in the eyes that begins to shroud!

What kind of monster is this?

Before the old lord could think about it, Xiao Hei's fist was already approaching him!

With a cold snort, the spear in the old lord's hand flickered!

Like a little bit of starlight!

Keep stabbing!

Xiao Hei's double fists kept blasting out!

Make a heavy snorting sound!

The flame patterns are on the fists, with the fire of Nirvana flowing!

The old lord gradually realized.

The other party seems to have no exhaustion of physical strength!

The strength is actually rising with the fighting spirit!

Gradually, the old ruler took a step back!

Everyone watched this scene.

His gaze sank!

The strength of this body repair is so strong?

Even the old king gradually began to be suppressed?

The Lord of Tianyuan was shocked when he saw this scene.

Immediately waved his hand, and ordered: "Everyone, worship, let's do it, and help the old master."

All the worshipers nodded.

After all, if the old rulers all fall, then the Tianyuan Dynasty will really be wiped out!

The moment when you are ready to shoot.

But I saw a river of sword intent sweeping towards me!

blocked the way of everyone!

Everyone raised their eyebrows.

I saw Ye Qiubai coming on the long river of sword intent!

"It seems that you have forgotten me?"

Ye Qiubai's face was calm, and he said lightly: "I am the one who came to seek revenge."

The Lord of Tianyuan and all the priests had ugly faces.

"Shoot!"

One order!

Five priests and the Lord of Tianyuan attack together!

The offerings were all in the early days of the Qianyuan Realm!

The Lord of Tianyuan is in the middle stage of Qianyuan Realm!

People from the six major Qianyuan realms, juniors in the later stages of the Battle Qi Sea realm!

It doesn't sound good to spread it out.

But so what?

Facing the moment when the dynasty is in ruins, how could the Lord of Tianyuan care so much?

What's more, he is the lord of a country, not a prodigal son!

Ye Qiubai saw six people attacking him, his eyes didn't change at all!

Jianyu is in full swing at this moment!

Countless sword intents surround the Tianyuan King City!

Immediately, the dark magic sword in his hand suddenly cut out!

A dark sword light that gathers sword intent cuts towards the six people!

Heavenly Demon Nine Swords!

The devil is coming!

Today's Ye Qiubai, after experiencing the inheritance of Qiudao Mountain and Jianzhong, his kendo strength has become more refined!

With the current sword intent, it is already different from the past!

There is a vague meaning of half-step Jianzhong!

This sword is out!

The sky of Tianyuan Royal City seemed to be dark!

Chapter 117 Destroyed!

Swordsmanship that can affect the world.

Although it was only for a moment.

But what level of swordsmanship can it do?

no doubt.

It is the sword technique of heaven rank!

Heaven-level martial arts are extremely scarce!

Only those giants in the Central Territory have inheritance!

Moreover, Heaven Rank Sword Art is extremely difficult to practice!

Facing the might of this sword.

The five priests were trembling!

In an instant, I even lost my mind a little bit!

In their eyes, Ye Qiubai at this moment seems to have turned into a demon **** who can hold the sky!

Want to surrender to it!

Even the Lord Tianyuan is the same!

After a moment, he reacted, and hurriedly shouted: "Steady your mind!"

However, just this moment can often change the direction of the battle.

Just a moment!

The dark slash passed in an instant!

The two unsteady priests were killed instantly by this sword!

No bones left!

The other three reacted and resisted hastily, but they also suffered injuries of different sizes!

The Lord of Tianyuan barely resisted the sword.

But my heart is extremely frightened!

This sword is not only powerful!

It can even affect the mind!

Incomparably evil!

What kind of sword technique is this? !

However, don't wait for the Lord Tianyuan and the remaining three priests to think about it!

The river of sword intent is rolling in!

The momentum is terrifying!

The Lord of Tianyuan let out a deep drink, and punched out!

In the midst of the strength of the fist, the aura of the king is surrounded!

Want to suppress the world!

The leader of Tianyuan has been the leader of the country for hundreds of years.

Has long been blessed by the luck of the king!

This punch is naturally extremely domineering!

But.

In the face of absolute strength.

Any foreign object is false!

Under the long river of sword intent, the attacks of the enshrined and the Tianyuan Lord are simply irresistible!

You must know that when Ye Qiubai is in the middle stage of the Qi Sea Realm, he can fight against the strong in the middle stage of the Qianyuan Realm!

Now it has reached the late stage of Qi Sea Realm.

Kendo has made a qualitative breakthrough!

How can the Lord of Tianyuan and this group of priests be his opponents?

It's like being destroyed!

Disperse the attacks of the four!

The long river of sword intent continues unabated!

Go to Lord Tianyuan!

Seeing this, the three priests wanted to turn around and flee!

However, how could they escape from the river of sword intent with their energy locked?

It's just time to count breaths!

was enveloped by the river of sword intent!

The body was swept and pierced by the monstrous sword intent!

No bones left!

Not even a scream!

The Lord of Tianyuan relies on the national treasure, Tianyuanjia, to barely resist!

But that's the case.

Blood was already overflowing from the corner of Tianyuan Kingdom Lord's mouth.

The breath is getting weaker and weaker!

If continue so.

Death is inevitable after all!

And the other side.

The situation of the old king is not very good.

I saw that Xiao Hei's fighting spirit became stronger and stronger!

Even, in that fighting spirit, there began to be surrounded by a black aura!

Full of magic!

And Xiao Hei's eyes were completely covered by magic at this moment!

The flame pattern on the body is burning with the fire of Nirvana!

The whole person seems to have turned into a purgatory demon god!

Double fists keep blasting out!

The old ruler gradually became overwhelmed!

His face gradually turned pale!

Hands also began to tremble at this moment!

Obviously, Xiao Hei's power is too huge!

And under the continuous piercing of the spear.

It was only on Xiao Hei's fists that left a series of white marks...

One can imagine.

How tough Xiao Hei's body is after being tempered by the fire of Nirvana!

At this time.

The old lord let out a deep drink.

The spear in his hand is shining brightly!

The aura of the peak of the Qianyuan Realm exploded at this moment!

Shook Xiao Hei back slightly!

Immediately, he raised the spear in his hand and kept sweeping!

A huge whirlwind of spear intent swept across the Tianyuan Royal City!

In that whirlwind, there was lightning roaring!

This is the artistic conception of thunder!

And this trick.

It is also the strongest blow of the old king!

Facing Xiao Hei, who became more and more courageous in the Vietnam War, and his own aura of depression.

The old lord felt that it could no longer be delayed!

Continue to entangle like this.

He is bound to be consumed to death!

only.

used this trick.

The aura in the old country's body is also close to exhaustion!

That is to say.

After this move.

The old lord will die!

He intends to use this blow to kill Xiao Hei completely!

Only in this way can the crisis of the Tianyuan Dynasty be alleviated!

After being shaken back, Xiao Hei looked at the whirlwind of thunder and lightning!

Not timid!

No.

Xiao Hei now only has eyes on tearing apart the enemy in front of him!

In his heart, the word timid no longer exists!

The current him has already been washed away by magic!

Roar to the sky!

In the roar!

Xiao Hei's physical body has become a little bigger at this moment!

Muscles all over his body swelled at this moment!

Blue veins burst!

The fire of nirvana on the flame pattern also exploded at this moment!

Immediately, he punched the old lord!

See it.

The old lord snorted coldly, and swept out the spear in his hand!

The whirlwind of lightning swept towards Xiao Hei at this moment!

In this hit.

Decide the winner!

It is also a matter of life and death!

Everyone looked up at the battlefield in the sky.

Different looks!

Someone looked shocked.

Some people also showed fear!

At this moment, it was like a natural disaster!

Boom!

There was a roar.

The thunderbolt whirlwind of the old lord came into contact with Xiao Hei's punch that broke the mountains and shattered the ground!

The aftermath scattered in all directions!

At this moment, the thunder and lightning in the whirlwind began to fall continuously!

Sweep Xiaohei among them!

However, at this moment, Xiao Hei's body seemed to have turned into a supreme demon god!

Unbreakable!

Let the lightning fall on his body, splashing bloodstains!

The whirlwind turned into a wind blade, constantly scraping on Xiao Hei's body, blood spattered out one after another!

However, it still didn't stop Xiao Hei's pace!

Like a deadpool who is not afraid of death!

Getting closer.

Xiao Hei's distance is getting closer and closer to the old master!

Seeing this scene, the old ruler smiled miserably.

This is already his last blow.

But still unable to kill the opponent.

Then, he has nothing to do.

It can only be said that the Tianyuan Dynasty provoked enemies it should not have provoked.

Fate is exhausted!

At this time, there was a monstrous roar!

Xiao Hei rushed out of the thunderstorm!

A punch hit the chest of the old king!

A loud bang!

The body of the old king shattered instantly at this moment!

turned into flesh and blood, scattered in mid-air!

Blood water falls.

It was like blood raining from the sky.

Scattered in the Tianyuan King City...

The old lord has fallen!

See this scene.

The Lord of Tianyuan closed his eyes in pain.

Even the strongest person in the Tianyuan Dynasty, the old king, could not resist the two of them.

In the long river of sword intent, he seemed to give up, looking at Ye Qiubai who looked down at him with indifferent eyes.

Sighed, said: "Ye Qiubai, my Tianyuan Dynasty was defeated, and I paid the due price."

"So, after killing me, let the rest of the Tianyuan Dynasty let them go."

Ye Qiubai heard the words, and said coldly: "You are not qualified to negotiate terms with me now."

After finishing speaking, before the Lord Tianyuan could speak, he flipped his palm!

The long river of sword intent is like a terrifying wave at this moment!

Completely cover up the Lord of Tianyuan!

And his breath also disappeared in the world...

From now on.

Tianyuan Dynasty.

will be a thing of the past...

Chapter 118 People who are not of my race must have different hearts!

The news of the fall of the Tianyuan Dynasty.

It spread out at the speed of a plague.

The entire four domains are known.

The Tianyuan Dynasty was destroyed by a sword cultivator named Ye Qiubai and his younger brother!

"This Tianyuan Dynasty seems to be a giant in the Southern Region?"

"Well, although it is a giant force, after all, there is no strong person in the Four Regions Martial Arts List."

In everyone's cognition.

Southern Region is extremely backward.

The ruler of the Tianyuan Dynasty is only in the middle stage of the Qianyuan Realm, and his strength is very average in this realm!

"However, I heard that Ye Qiubai is from the main academy of Tibetan Taoism Academy."

"Not only broke the inheritance of the sword master in the Taoist mountain of the Tibetan Taoist Academy, but also obtained the inheritance in the sword mound in the hidden sword sect."

"I don't know why the Tianyuan Dynasty provoked such monsters."

The fall of the Tianyuan Dynasty was insignificant in the eyes of everyone.

It's just chatting after practicing.

but.

After the Sunset Dynasty knew about it, it seemed extremely heavy.

Now, Ye Qiubai's wings are full.

With a junior, the Tianyuan Dynasty can be destroyed.

The other party has not yet broken through to the Qianyuan realm.

Once breaking through to Qianyuan Realm, how much will Ye Qiubai's strength be improved?

To know.

The gap between Qihai Realm and Qianyuan Realm is like a horizontal ditch!

The ruler of the Sunset Dynasty, Huang Yitong, sits high in the hall.

Hearing the servant's report, his eyes were gloomy.

Continue like this.

Ye Qiubai's breakthrough is only a matter of time.

And he, under the vigilance of the headmaster Yan of the Tibetan Taoist Academy, couldn't kill Ye Qiubai himself!

Once he makes a move, Dean Yan will also intercept him at the same time!

Today.

It is impossible to reconcile.

Huang Yitong didn't think about it at all.

Now the hatred of both sides.

Either you die or I die!

"No matter which way you think about it, it's a dead end..."

Huang Yitong pinched the bridge of his nose, sighed secretly, then got up, and walked towards the depths of the Sunset Dynasty.

Now there is no way to kill Ye Qiubai.

Then what happened to the Sunset Dynasty.

It will definitely be like the Tianyuan Dynasty!

...

Nanyu Tibetan Taoist Academy.

When the ancestor of the Ye family heard the news, he was not very happy.

Although he was able to return to Tianyuan City.

Continue to be one of the four major families.

However, Ye Qiubai will never return to the Ye family.

Think here.

The ancestor of the Ye family felt a trace of remorse in his heart.

If Ye Qiubai is still a member of the Ye family.

Then, he will eventually take the Ye family out of Tianyuan City, and even out of the Southern Region!

However, it is useless to think so much now.

One wrong step, and the opportunity may be lost.

Say it.

The ancestor of the Ye family came to Ye Qing's residence.

Now, Ye Qing has been accepted by the Southern Tibetan Academy of Taoism.

became one of the elders.

Among them, it is naturally for Ye Qiubai's face.

"Ye Qing, I don't have much time. You should be the head of the Ye family?"

Ye Qing shook his head with a smile, and said, "Old Ancestor, I live more easily here."

Hear here.

The ancestor of the Ye family sighed inwardly.

Ye Qing didn't come back, and he expected it.

Of course it was for Ye Qiubai.

In order for him not to be caught in a dilemma.

Ye Qing returned to Ye's house.

Then Ye Qiubai will definitely help the Ye family too!

Ye Qing knew this very well, so he rejected the ancestor.

"Okay, I respect your decision."

After finishing speaking, the ancestor of the Ye family sighed, took the Ye family, left the academy, and returned to Tianyuan City...

...

The layout of Tianyuan City has changed dramatically.

The four major families became the three major families.

The enemies of the family withdrew from Tianyuan City.

The Patriarch of the Chou Family was alone, in front of Ye Qiubai, after admitting his mistake, he chose to commit suicide!

Tianyuan Dynasty, disappear from now on!

Since then, there will be no dynasty in the Southern Region!

It is dominated by Tibetan Taoist Academy!

What's happening these days.

It made everyone in the Southern Region sigh.

And this series of events were all initiated by Ye Qiubai.

also ended with Ye Qiubai...

Everyone couldn't help but think to themselves.

Who is the person who can cultivate a disciple like Ye Qiubai?

...

And at this moment.

The place where Ning Chen, Lu Changsheng's third disciple, was thinking.

But something happened that made him extremely angry!

Came to a small mountain village where farming is done at sunrise and rest at sunset.

Prepare to preach.

But here, it was invaded by monsters in the mountains!

Torn to pieces by those low-level monsters!

In the entire small mountain village, only six people survived!

If Ning Chenxin hadn't come here, maybe no one in this small mountain village would have survived.

But.

It wasn't this incident that made Ning Chen angry.

Instead, beside this small mountain village, there are three Buddhist and Taoist people.

These three people, when encountering this incident, did not choose to rescue them, but watched with cold eyes!

Ning Chenxin came to the three Buddhist practitioners and asked angrily, "Why don't you help each other?"

One of the tall Buddha cultivators clasped his hands together and said, "They have nothing to do with us, why come to our rescue?"

"But that's dozens of lives!"

Buddha shook his head and said: "So what, in this world, the weak prey on the strong, that's how it is."

"What's more, before the Warcraft invasion, the three of us asked them if they would like to believe in Buddhism, but they refused."

"Since this is the case, the Buddha will naturally not bless them."

Ning Chen's heart was icy cold!

Although this is true.

However, as an evangelist.

Buddhism in the Western Regions is an existence that does good deeds all the year round!

At least in his eyes, so.

But.

As long as you don't want to believe in Buddhism, you just stand by and let the monsters tear them apart alive?

What's the point?

Non-my family, its heart must be different?

Ning Chenxin looked at the three Buddhist practitioners in front of him, and his thoughts changed for the first time.

Not just Warcraft.

Even if you are a monk.

It also regards human life as worthless!

Ning Chen looked at the three of them heartily, and said, "Are all Buddhist practitioners like you?"

The three of them looked at each other, frowned slightly, and said, "This benefactor, what do you want to say?"

Ning Chen shook his head heartily, and said, "Forget it, what you see with your own eyes is the truth."

After finishing speaking, Ning Chenxin planned to go to Buddhism in the Western Regions.

Let's see if Buddhist ascetics are like these three!

Seeing Ning Chenxin who was about to leave, the three of them were taken aback.

In this world, is there really a fool who hangs the pot to help the world?

"The benefactor is planning to go to Buddhism?"

Ning Chen stood still, and said coldly, "So what?"

Immediately, the three of them surrounded Ning Chenxin, and said with a half smile, "The benefactor intends to go to the Buddhist gate to file a lawsuit?"

Hearing the words, Ning Chen thought for a while, and said: "Naturally, your approach is really contrary to the Buddhist philosophy."

Buddhism has always claimed to protect the weak.

Use this to preach to the people in the four domains.

The method of Buddhist practice.

Among them, the most important thing is the power of faith!

Once Ning Chenxin passed the news here to the Buddhist sect.

In order to protect their image, Buddhism will naturally clean up the door!

The three of them naturally would not allow Ning Chenxin to do this!

"My benefactor, I'm afraid you won't be able to leave for the time being..."

Chapter 119 Buddhist scum!

Ning Chenxin looked at the actions of these three Buddhist practitioners, and said: "If Buddhism is really like you, then it really sucks."

Heard the words.

Among them, the tall Buddha Xiu jokingly said: "So what, in this world where the weak prey on the strong, if you fall behind, you will be beaten."

"The laggards must be vassals at the feet of the strong."

"Otherwise, you will only be eliminated!"

"Look, if they listen to our advice and believe in Buddhism, they won't die."

"This is cause and effect."

Ning Chen was silent, but his eyes were tired.

He wants to preach to the world.

Let the world be peaceful.

There is no war.

No fights.

Similarly, there is no intrigue.

However, this road is still too difficult after all.

Not too difficult.

Even Lu Changsheng knew what Ning Chen was thinking.

will also give up hope.

As long as there are people.

There will be fights and intrigues.

The world Ning Chen wanted.

After all, it is too dreamy.

will only support him to work hard in this direction.

After all, this is Ning Chenxin's way.

"In short, you will definitely not be able to go to Buddhism in the Western Regions today."

After the three Buddhist cultivators finished speaking.

Hands together.

A stream of Buddha light surrounds the three of them!

Immediately, with a palm, a golden palm print moved towards Ning Chen's heart!

The three Buddhist cultivators are all at the late stage of the Qi Sea Realm!

Ning Chenxin has no cultivation base.

However, his realm of Confucianism and Taoism is extremely advanced!

Seeing this scene, Ning Chen didn't panic at all.

A book appeared in Ning Chenxin's hands!

This is Taoism!

It was what Lu Changsheng gave Ning Chenxin when he accepted it.

I saw Ning Chenxin holding the Taoist scriptures, with Taoism flowing all over his body!

His face was flat and his voice was like thunder!

"The world is not benevolent, and everything is a humble dog."

Immediately!

A celestial character seal turned into golden light and headed towards the suppression of the three!

Three palm prints, at this moment, were instantly suppressed by the celestial character seal!

Dissipate!

The three Buddhist cultivators were all shocked.

Put your hands together, and keep spitting out obscure words!

This is the Buddhist scriptures!

Buddha words one by one, constantly resisting the celestial character seal!

However, there is still no way to stop the Tianzi printing!

The resistance of the three Buddhist cultivators was useless after all!

"Donor, keep your hand!"

Among them, the tall Buddhist cultivator immediately begged for mercy upon seeing this!

Ning Chenxin's expression was not the slightest bit moved.

The Tianzi seal didn't mean to stop at all!

Want to suppress the three of them!

In Ning Chenxin's eyes.

These three people are the cancer that needs to be eliminated in this world!

Obviously capable.

In the eyes of outsiders, all Buddhist practitioners take hanging pots to help the world as their own duty!

But now, because those weak villagers refuse to believe in Buddhism!

And watched them being torn apart by monsters!

That kind of people.

Is it necessary to survive in this world?

At least.

In Ning Chenxin's view, there is no need to survive.

The celestial character seal continued to envelop the three of them!

"Benefactor, do you want to offend Buddhism for the sake of those useless mortals!"

Ning Chen said lightly: "If all Buddhists are like you, then why not offend?"

After speaking, slightly press the palm of your hand.

The sky characters are printed in the desperate eyes of the three people.

Suppress it!

Immediately!

The bodies of the three Buddhist cultivators were annihilated at this moment!

The soul is suppressed here forever!

Ning Chenxin looked at this scene, but did not show a happy smile, and exhaled heavily.

He walked towards the direction of Buddhism in the Western Regions.

Ning Chen wanted to take a look.

Use his eyes to go to the Buddhist gate to find out.

Is it really like these three people.

Under the name of hanging pot to help the world.

Preach in the four domains and gain the power of faith.

However, behind the scenes, it was just like these three people.

Ugly!

...

Southern Region.

Zangdao Academy.

Lu Changsheng has already returned.

At this moment, he was lying on a wooden chair, with his eyes closed, basking in the sun.

made a sound of enjoyment.

"Ham, this is life."

"I hope that group of stinky boys won't cause trouble for me in the future, otherwise I have to wipe their **** again!"

"However, Elder Hu is quite trustworthy, so there is really no need to preach to those students."

"Finally able to relax for a while..."

But, just finished speaking.

Hu Qing appeared in the thatched cottage...

And behind Hu Qing, stood an extremely cute girl.

The girl blinked her eyes, looked around carefully, and then set her eyes on Lu Changsheng.

Lu Changsheng didn't open his eyes, and said helplessly, "Elder Hu, please say yes first, I want to rest!"

"What's the matter, let's talk about it in a hundred days, okay?"

Hu Qing: "..."

Seeing Lu Changsheng's appearance like a salted fish, he was also very helpless.

"Don't worry, I'm looking for you for nothing, and I didn't come to you, I just brought someone here."

"With people?"

Lu Changsheng turned his head, opened his eyes to look in Hu Qing's direction, and immediately saw behind Hu Qing.

The girl smiling at him.

His face froze.

It's over...

Barbie Q...

Our leisurely life will leave me again...

"Uncle, here I come!"

The girl is Mu Waner.

Lu Changsheng covered his face and said, "Uncle? Who is Uncle? Did you recognize the wrong person?"

Hu Qing: "..."

Shaking his head helplessly, "Okay, I've already brought the person here, so I'll leave first."

Lu Changsheng felt it now.

Listen to this old guy, it was a mistake to go to the Danhui!

Mu Wan'er walked over with a smile, and said, "Okay, uncle, stop pretending."

Lu Changsheng reluctantly put down his hand, looked at Mu Wan'er, and said, "How did you come after me here?"

"I said, I want to worship you as my teacher!"

"But I said, I don't accept disciples..."

"Does your family agree with you coming here?"

Mu Wan'er's juicy eyes turned into crescent moons, and said with a smile, "Of course I agree."

"Uncle, you are an alchemy master who can refine heavenly elixir. I want to ask you to be my teacher, and my father will definitely agree."

Lu Changsheng covered his face and wailed silently.

What a crime!

Mu Wan'er looked at Lu Changsheng, the smile on her face faded, and she said, "Uncle, I know you don't like my talent, but one day, I will definitely let you accept mine!"

Lu Changsheng: "..."

I don't, I'm not, don't talk nonsense!

I just want to live a leisurely life...

And at this time.

Ye Qiubai and Xiao Hei also returned to the thatched cottage.

Seeing Mu Wan'er, she couldn't help being taken aback.

"Master, who is this little girl?"

Before Lu Changsheng could answer.

Mu Wan'er skipped over, looked at Ye Qiubai and said with a smile, "Hello, senior brother!"

Looking at this cute and charming girl.

Ye Qiubai also had a hard time hating it, and said with a smile, "Is this Master's new disciple?"

Lu Changsheng immediately said: "No."

Mu Wan'er pursed her lips and gave Lu Changsheng a blank look, and said, "Sooner or later."

Ye Qiubai and Xiao Hei looked at each other in blank dismay, and understood, they couldn't help but smile dumbly.

Lu Changsheng was already a little annoying.

Seeing Ye Qiubai's appearance, he couldn't help but get angry.

"Xiaoxiaoxiao, why are you laughing?!"

"You think you've caused me little trouble, don't you?"

"Hurry up, get out and cook for Master!"

Ye Qiubai: "..."

Chapter 120 Hard work

After meals.

Ye Qiubai found Lu Changsheng.

Lu Changsheng glanced at Ye Qiubai who was coming, and said, "What's wrong? What else do you want me to wipe your **** for?"

Ye Qiubai: "..."

Since taking the blame for my junior sister, my image has plummeted in Master's mind.

Has become a disciple who only causes trouble and does not make people worry.

Thinking of this, Ye Qiubai shook his head with a wry smile, and said, "Master, I want to ask one thing."

"Oh, just ask."

Thus, Ye Qiubai revealed Mu Ziqing's physical problems.

Presumably, Master should have a solution.

Lu Changsheng listened.

is also a little at a loss.

What kind of physique is this?

How did he know!

Just as I was about to say something, a voice came from my mind.

【Frost Spirit Vein Physique, People with this Physique, fortune and misfortune depend on each other】

【If Misfortune doesn't use the power of the ice spirit veins in his body for his own use, he will be backlashed by the power of the ice, and his soul and body will disappear】

【If Fu Zhiru accommodates the power of the ice spirit veins and tames the ice spirit veins, he can absorb the ice spirit energy, and the cultivation speed is extremely fast】

【There are two solutions, the first one is to find the most positive thing and assist its absorption】

【The second method is to refine the Ice Soul Pill, suppress the ice veins, and let it slowly absorb】

Nice job...

After hearing this, Lu Changsheng explained: "The physique of the cold ice vein."

Ye Qiubai scratched his head and said, "What is the physique of the Ice Spirit Vein?"

At this time, a long voice came from the willow tree on the side.

"I didn't expect that there would be such a physique in this place."

"This physique, even in other high latitudes, has not appeared for countless years."

"Looking at history, there have only been three cases."

"One person was killed by the backlash of the cold ice vein, and there was also a person who double cultivated with the person with the Yangyan spiritual vein."

"There is another person who has absorbed the power of the ice spirit vein alone. Now, he seems to be the master of the Taiyin realm."

Heard the words.

Lu Changsheng shrugged his shoulders, good guy, this one has not been robbed!

Ye Qiubai looked at the willow tree, and said pleasantly: "Senior, what should I do?"

Willow's voice came again: "Bring her here, your master has a way to solve it."

Lu Changsheng: "..."

Where can I come up with a solution?

Where to find the Zhiyang thing, how to refine the ice cap pill?

Ye Qiubai nodded and said, "Then I'll bring her over next time."

Hearing this, what else can Lu Changsheng say?

had no choice but to lie down.

...

Besides, Mu Wan'er curled her lips when she saw Lu Changsheng resting.

Then he looked into the big pit, where Xiao Hei was practicing in the fire pit.

curiously walked over.

The scorching fire of Nirvana is constantly tempering Xiao Hei's body!

The flame pattern on Xiao Hei's body became more and more solid!

And its twisted expression.

Mu Wan'er couldn't help but feel a little moved.

It can be seen how much pain Xiao Hei has endured.

Looking at the cliff, Ye Qiubai was practicing sword.

Mu Wan'er has already learned about these two people.

Xiao Hei is a physical cultivator, whose physical strength can kill a strong man at the peak of the Qianyuan Realm!

And what about Ye Qiubai?

Ben is a very talented person, along the way, the legend of Ye Qiubai has been spread all over the southern region!

In the main courtyard of Tibetan Taoist Academy.

Entered Mount Qiudao and obtained the inheritance in it.

Was sent to Yin Jianzong.

Obtained the inheritance of the sword master in the sword mound of the hidden sword sect again!

Both of them are extremely talented!

However, both of them are still practicing hard.

No slack!

Mu Wan'er put away her smile.

In the family, she is known as an alchemy genius.

Dan Dao talent is extremely high.

However, Mu Wan'er didn't put her mind on cultivation.

There are alchemy elders in the family who want to take Mu Wan'er as a disciple and teach her alchemy, but they don't agree.

Now, she wants to worship under Lu Changsheng's seat.

But still so slack about practice?

Look at Ye Qiubai and Xiao Hei again.

Has outstanding talent, but still works so hard.

Mu Wan'er asked herself.

What qualifications does she have to slack off?

And why do you want to worship Lu Changsheng as your teacher?

Seek the Tao?

No.

Longevity?

Neither.

What she wants is to refine all kinds of pills as she pleases, regardless of the recipes.

Actually, Mu Wan'er's interest in Dan Dao is very high.

Otherwise, why would she go to the Alchemy Conference?

As for rejecting the elders of the family, it is also because she believes that Dan Dao should not be bound by some framework!

It is not to follow the alchemy formula, to make alchemy rigidly.

But she, in Lu Changsheng's body, did not see this.

He can put aside the elixirs and refine elixirs as he likes.

This is also the reason why Mu Wan'er wanted to worship under Lu Changsheng.

Think here.

Mu Wan'er made up her mind and walked into the wooden house.

There is a thick book in it.

The title of the book is Detailed Explanation of Dan Dao.

It was given to her by an elder.

It is said that it records the functions of all alchemy materials, as well as the places where they conflict and blend.

Before, Mu Wan'er just read two pages hastily.

Now, with firm eyes, Mu Wan'er opened the book.

Start watching.

...

That night.

Ye Qiubai has prepared the meal.

Seeing the table, he was taken aback, and asked, "Where's Mu Wan'er?"

Lu Changsheng didn't speak, took the job and started cooking.

Xiao Hei scratched his head and pointed to a small table in front of the wooden house.

Mu Wan'er was reading a book seriously.

Seeing this, Ye Qiubai smiled and said, "Then let's eat first."

the next day.

Xiao Hei finished his practice for a day.

Glanced at Mu Wan'er's direction, but she still didn't move.

The third day.

Ye Qiubai's realm has broken through!

A breath hovered above the thatched cottage!

Reached the overflowing realm!

Opened his eyes, and looked in Mu Wan'er's direction.

On Mu Wan'er's shoulder, there were birds looking around.

This also means that Mu Wan'er still didn't move.

Still looking at Dan Dao's detailed explanation attentively.

Just move your fingers slightly, turning the pages of the book.

Ye Qiubai nodded slightly.

Then headed to the kitchen...

It was still the same in the next few days.

Lu Changsheng was sleeping, but Mu Wan'er was still watching.

Ye Qiubai is practicing sword, but she is still watching.

After Xiao Hei tempered his body, she was still watching.

day to day...

In the eyes of the three of them, the girl who likes to play and play seems to be different from the past...

Until the tenth day.

The thick book has turned to the end.

Mu Wan'er did not rest there, but took out a pill furnace.

Start refining pills!

The materials taken out are not the same as those in some Dan recipes.

Among them, even medicinal materials conflict with each other!

Mu Wan'er threw the material into the alchemy furnace and began to refine it.

And this time, it lasted another nine days.

Experienced countless failures.

In the pill furnace, the fragrance of pills finally came out...

Mu Wan'er was pleasantly surprised, took out the elixir, and bouncing up to Lu Changsheng, said:
"Uncle! I succeeded!"

Lu Changsheng didn't look impatient this time.

Mu Wan'er's hard work, he saw in his eyes.

All those who work hard should not be ridiculed.
