

My Disciples 161

Chapter 161 The counterattack begins!

before.

The other party also used the aura with two strong men in the late Qianyuan stage.

On both sides of the Great Rift Valley, a spiritual bridge has been built.

Allow the army of the Sunset Dynasty to pass.

The Great Elder of the Azure Sect had the same idea as Ye Qiubai, to deal with the two people above who provided the spiritual energy bridge.

Cause the army of the Sunset Dynasty to fall directly into the Rift Valley.

However, they did not realize that behind the army, there was another strong man in the late Qianyuan stage.

When they launched an ambush against the two Qianyuan Realm powerhouses in the air.

Intercepted by the opponent's hidden strong.

As a result, the best time for the ambush was missed, and the two Qianyuan Realm experts in the air reacted.

Finally, the ambush failed.

Anti-encirclement and suppression.

After losing four people, they escaped from the opponent's encirclement.

If it weren't for the two strong men in the late Qianyuan stage who needed to be distracted to maintain the spiritual bridge.

Possible, it will be completely wiped out before!

However, the current situation is still not optimistic.

Although he broke through the encirclement, he was still entangled by the opponent's strong men and troops.

Now, everyone in the ambush team is desperate.

Even, some people have given up in their hearts.

The attacks in his hands have slowed down a lot.

And this mentality created the opportunity for this person to be caught by the opponent's Qianyuan Realm late stage powerhouse and kill him with one blow!

The Great Elder of Sky Blue Sect watched this scene, and shouted loudly: "Be serious, don't give up!"

However, when he said this.

The great elder also felt a little guilty.

Seriously, what's the use if you don't give up?

At this time, even if the people of the Northern Territory Alliance discovered their abnormality.

I'm afraid they will also choose to give up on them.

The elder of the Azure Sect can also understand this decision.

After all, this is war.

Everything must be given up.

If they come to support them, there will be greater losses.

If it were the great elder of the Azure Sect, he would also make this kind of decision.

When thinking about this, the Great Elder was also in a daze.

And this trance.

was seized by the other party.

I saw two strong men in the late stage of the Qianyuan Realm with their eyes slightly fixed, and they all shot with one palm!

The two palm prints erupted with a destructive aura!

Moving like thunder, swift as the wind!

By the time the great elder of the Azure Sect reacted, it was too late.

His complexion changed slightly, and in the end, he could only give a wry smile, and thought to himself: "As expected, I still have to die here."

A person who practices Taoism.

Why pursue longevity?

Because the longer they live, the more they cherish their lives.

The same is true for the Great Elder of the Azure Sect.

However, at this moment, he can only close his eyes and welcome death.

Boom!

Just, at the moment of closing your eyes.

Suddenly there was a roaring sound in front of the Sky Blue Sect Great Elder!

Unable to do so, he suddenly opened his eyes.

The two sweeping palm prints in front of him suddenly shattered at this moment!

Everyone looked over.

In front of them, a young man with a sword stood outstandingly.

Wearing a white robe without wind and automatically!

The two strong men in the late Qianyuan stage were also taken aback.

The young sword repairman on the other side broke their attack with just one sword?

The young sword cultivator ignored everyone, but immediately shouted: "Retreat immediately!"

Everyone knows this guy.

It was Ye Qiubai who proposed the ambush plan!

The Great Elder and the others didn't think too much at the moment.

After all, the current time, every minute and every second, is extremely urgent.

If you hesitate a little, you will fall short and face death!

Everyone immediately ignited their minds, circulated all the remaining spiritual energy in their bodies, and burst out!

Run to the rear!

Ye Qiubai did not stop what he was doing.

Turn your palms over.

A series of sword intents soared into the sky!

Filling this space, the sharpness seems to cut through this space!

And this sword intent was so wide that it enveloped the entire army, as well as the three strong men in the late Qianyuan stage in the sky!

felt this sword intent.

The expressions of the three Qianyuan Realm powerhouses all changed, and they circulated their auras to resist the sword intents!

The army below was overwhelmed, and in an instant, hundreds of people were cut down by the sword intent!

Seeing this, Ye Qiubai swung the Dark Demon Sword again!

"The devil is coming!"

A huge dark slash shot towards the three Qianyuan Realm powerhouses!

The slashing hit contains the meaning of the ice sword spirit.

As a result, the space seemed to be frozen, and the movement of the army became slower.

The expressions of the three Qianyuan Realm powerhouses changed even more, and they shouted loudly.

Put up a barrier to stop this black slash!

When this slash was blocked.

Taking a closer look, he found that the young sword cultivator in front of him had disappeared.

Already appeared fifty feet away with those six people!

The expressions of all three of them sank.

If this caused the other party to escape, then what greeted them would definitely be a terrifying punishment from the First Prince!

Come to think of it.

The three of them looked at each other, nodded slightly, and then chased away!

Seeing this, the army below also revived and marched again!

at the same time.

In the rear of the army, a breath came!

is the commander-in-chief of this army.

Wearing general armor, his strength is infinitely close to that of a half-step False God!

On his face, there was a black aura swimming beneath the surface of the skin.

His face was slightly gloomy, and he gave orders to the army.

"Don't chase, you can't catch up."

He just got the news.

The other two armies were ambushed and unable to move out for a short time!

And if my own army continues to attack at this time, it may encounter the concentrated fire of the Northern Territory Alliance!

At that time, the loss was even heavier!

After saying these words, the man in the armor turned his gaze to the front.

He cannot pursue, if the commander-in-chief is separated from the army at this time.

Then, this army will be leaderless.

In the event of an accident.

He can't bear the consequences!

...

At the moment.

Three men in the late stage of the Qianyuan Realm were performing exercises, constantly attacking Ye Qiubai and the others who were fleeing ahead!

Watching this scene, Ye Qiubai suddenly had an idea in his heart.

Said to the elder of the Azure Sect and others: "Later, I will turn around and attack them. Those who are not seriously injured and have the ability to fight will attack with me."

Today.

These three strong men in the late Qianyuan stage have lost touch with the army of the Sunset Dynasty!

At this time, as long as the speed is fast enough, three people can be killed in a short time, and the other party will not have time to come to their aid!

Hearing Ye Qiubai's words, the Great Elder of Sky Blue Sect was taken aback for a moment, then he came to his senses and understood Ye Qiubai's intentions.

Nodding one after another.

On the wasteland.

Both sides are chasing after each other.

The distance from the army of the Sunset Dynasty has reached five hundred feet.

Ye Qiubai defended against the opponent's attack while sizing up the distance... and the timing of the shot!

When the three opponents made palm prints.

Ye Qiubai suddenly turned around!

Slash with a sword!

At the same time, the sword field unfolded in an instant, and a surging river of sword intent swept towards the three of them!

"Shoot!"

Chapter 162 Corpse puppet dispatch!

That night.

Outside the Valley of Scourge, there is a wasteland.

Looking at it at a glance, it seems that the sky and the earth are connected by a line.

In the sky, there are dark clouds.

The moon is in the dark clouds, hiding its face.

Its brilliance cannot be revealed, and it is hidden tightly.

The wilderness itself unexplored.

At this moment, however, a series of tyrannical aura fluctuations erupted.

It is formed by the gathering of shocking palm prints.

There is also sword intent converging into a monstrous river of swords, setting off billowing waves!

Qin Tiannan and the others who were at the receiving place saw this scene, their eyes were slightly trembling.

He knew that the river of sword intent was released by Ye Qiubai.

Jian Chaomian also clenched his fists.

The strength of the long river of sword intent, if he faced it head-on.

I'm afraid, it's impossible to resist!

Will be instantly eroded and strangled by the long river of sword intent!

...

Where battles broke out.

Ye Qiubai floated up into the air, facing the three strong men in the late Qianyuan stage, he didn't flinch in the slightest.

Holding the Dark Demon Sword with both hands, he slashed out!

Heavenly Demon Nine Swords, Seventh Sword!

The devil is coming!

Dark Slash is launched.

Shock the mind!

Freeze Space!

He didn't hold back the slightest bit.

Now, these three Qianyuan Realm experts must be killed as quickly as possible.

Otherwise, if the other party discovers the anomaly here and comes to support, I'm afraid they can only return in vain!

Three Qianyuan Realm experts felt the blow.

All of them stared at each other with surprise on their faces!

From the perspective of realm, the young sword cultivator on the other side is only in the late stage of Shui Yi Jing.

However, the power of the attack is no worse than them!
without any exaggeration.

If any one of the three of them faces the young sword cultivator in front of him alone.

will not be his opponent!

Moreover, the dark black epee with no edge in his hand made them faintly feel palpitations.

It is even more terrifying than a heavenly treasure!

What level of sword is this?

It's just that there's no time to think about it now.

It's not just the slash of the young sword cultivator and the sweeping river of sword intent.

That day, the great elders of Qingzong and the powerful ascetics all attacked together!

The all-in-one attack.

Three strong men in the late Qianyuan stage had to take it seriously.

The three of them had no reservations.

The strongest aura in existence erupted!

One of them took out a long gun, and the artistic conception of the gun roared in the sky!

Immediately, a shot swept out!

A huge gun slashed out!

Another person, with a pair of steel spiked gloves in his hand, punched out.

It's like a broken space!

One after another fist burst out with the sound of a sonic boom, as if about to shatter the space, they blasted towards the river of sword intent!

The last person gave a low drink.

Squeeze out the Yin Jue with one hand, spread out the five fingers of the other hand, and gently pat forward.

The movement seems relaxed, like stroking.

However, the palm prints were huge, like a five-fingered mountain!

Go towards the attack and suppression!

The strongest attack erupted by the strong in the late stage of the Three Dao Qianyuan Realm.

How terrifying is the breath?

However, there was a joint attack by the great elder of the Azure Sect and others.

and Ye Qiubai's full blow.

But still suppressed the three of them!

The shocking spiritual energy erupts here!

First, there was a confrontation between the dark slash and the horizontal slash!

In just an instant, that gun force was suppressed!

When that fist strikes, only resist it!

The long river of sword intent followed, setting off waves and sweeping in!

Submerge three attacks at the same time!

At the same time, the attack of the Sky Blue Sect Great Elder and others came.

Although not as good as Ye Qiubai, it still caused some trouble to the three of them!

If.

Ye Qiubai's two attacks, the three of them joined forces to just resist and gain a little advantage.

Then, the Great Elder and other six people joined in the attack.

became the last straw that broke the camel's back!

The attack of the three of them, at this moment, was declared to be broken in that monstrous river of sword intent!

The three Qianyuan Realm powerhouses snorted and took three steps back!

His face turned slightly pale.

Obviously, in this confrontation, they fell behind.

It caused the spiritual energy in the body to surge, and it couldn't be suppressed for a while.

However, how could Ye Qiubai let go of this opportunity?

One finger stuck out.

The sword domain unfolded, and the soaring sword intent surrounded the three of them!

The river of sword intent is sweeping again!

Ye Qiubai jumped up.

Holding a sword in his right hand, making a tactic with his left hand.

Step on the river of sword intent!

Following the rolling river of sword intent, rush towards the three Qianyuan Realm powerhouses!

The expressions of all three of them changed.

They understood that with the three of them alone, they might not be able to subdue Ye Qiubai and his party.

If you fight recklessly, you will probably fall here!

Subsequently, six people including the Great Elder of Sky Blue Sect attacked again!

Aura fluctuations skyrocket in this space!

Above the sky.

The dark clouds were scattered, and a small hole appeared.

Moonlight, finally escaped from the cage at this moment!

A ray of moonlight fell down and shone on several people!

It seems to be wearing a moonlight cloak!

At the same time, the three Qianyuan realm experts stopped attacking forcefully, but retreated to resist, and one of them took out a spherical object.

Throw it towards the sky suddenly!

Immediately, the ball exploded in the sky!

Breaks of white light shone.

On this dark earth, it shines.

It's like daytime!

Flare!

The three of them chose to ask for help!

At the receiving place, Qin Tiannan and others also saw this scene, and their expressions changed slightly.

This is not good news.

The other party's request for help means that the Sunset Dynasty will send a strong person to Ye Qiubai's direction!

May send out zombies!

That is the existence of a half-step False God.

With the current Ye Qiubai and others, they are definitely not opponents!

Think here.

Qin Tiannan gritted his teeth slightly, and said, "Go forward fifty feet!"

Although Ye Qiubai may be in danger.

But this is war.

He cannot put the people here in danger for his own selfish desires!

Advance fifty feet.

is already extremely risky.

Everyone had no opinion and started to move forward one after another.

At the same time, the Sunset Dynasty saw this flare.

The man in the armor was even more condensed.

"The three of them are in crisis?"

It seems that the opponent's strength is beyond his expectation.

It is definitely too late to send an army.

In the battle between the strong, the outcome of life and death can often be decided within a minute and a second.

And he, unable to dispatch, must lead the army.

Thinking of this, the armored man looked serious, and took out a coffin from the ring!

Immediately, he took out a talisman and typed out the seal formula!

The coffin board was slowly opened at this moment!

A monstrous corpse aura burst out!

It seems that there are ghosts howling, extremely frightening, and abnormally cold!

The corpse puppet crawled out slowly, got the command of the man in the armor, and rushed towards Ye Qiubai!

Every step you take, you will be able to appear in the distance!

Under the trampling of the corpse puppet, the space will be slightly distorted.

It can be seen how powerful the corpse puppet's physical strength is.

On the other hand, look at Ye Qiubai's side.

Seeing this scene, their expressions changed!

Ye Qiubai also stared slightly.

Pick up the Dark Demon Sword with both hands and hold it high!

Now, it can no longer be delayed!

In the distance of the rift valley, there is an extremely cold breath coming!

He must end the battle in an instant!

Heavenly Demon Nine Swords, Eighth Sword!

Can the iron juice from the starting point be given to other friends.

Almost even order can be pushed from the starting point.

It's a bit miserable--

Chapter 163 The eighth sword, kill!

Nine Swords of Heavenly Demon, there are nine swords in total.

A sword is stronger than a sword.

Similarly, the aura and mind consumed are even greater.

Ye Qiubai can use the first seven swords at will.

And this eighth sword, Ye Qiubai used it once when he was at the rapids waterfall.

It's just that after using it that time, the aura in the body was directly drained!

If it wasn't for Lu Changsheng's elixir, he might have to recuperate for several days to recover.

Today.

Ye Qiubai can't care so much anymore.

He needs to get rid of these three people before the corpse puppet arrives!

If it cannot be resolved, after this blow, you must leave immediately.

Otherwise, once the corpse puppets get close, they will suffer heavy losses.

so.

Ye Qiubai must use all his strength to eliminate the opponent's vital strength before the corpse puppet comes!

And this eighth sword.

It is the strongest sword skill that Ye Qiubai can use now except for the Sword Sutra of Absolute Beginning!

The moment Ye Qiubai held the Dark Demon Sword with both hands.

He who stepped on the long river of sword intent.

The breath seems to have undergone a huge change!

There is a black aura gushing out all over his body, and it spreads towards the whole body along with the center of the eyebrows!

Immediately, along the arm, it slowly wrapped around the Dark Demon Sword.

At the same time, Ye Qiubai's pupils were all stained with demonic nature!

Streams of monstrous demonic energy gushed out like a fountain!

Spread from the whole body, like a plague!

And feel this monstrous magic energy.

The faces of the Great Elder of the Sky Blue Sect and others were all pale.

Under this monstrous demonic energy, their hearts trembled!

There is an urge to bow down to Ye Qiubai!

Among them, the three with weaker realms even knelt on the ground and saluted Ye Qiubai!

As for the Great Elder and the others, simply resisting the erosion of this monstrous demonic energy, they have exhausted all their strength!

What kind of sword skill is this?

Has such power?

According to rumors, Ye Qiubai has obtained many sword master inheritances.

Is this sword skill one of the many sword master inheritances?

Sure enough, a swordsman who can reach the realm of a sword master.

is not ordinary!

The opponent's three Qianyuan Realm late-stage powerhouses were even more affected by the monstrous devilish energy!

After all, they were eroded head-on by this monstrous devilish energy!

Under the erosion of this demonic energy.

The faces of the three of them were slightly pale, and there was more horror in their eyes!

Is this the power that a young sword cultivator in the late stage of Shui Yi Jing can exude?

Even if the three of them work together to block it, they still cannot completely resist the intrusion of this monstrous demonic energy!

My mind is still trembling!

Can't concentrate!

In the confrontation between the strong, if you can't focus, then there will be errors of omission.

Once the opponent catches the loophole.

Then, death will greet them!

The three of them continued to release aura to resist, and at the same time they kept retreating!

However, Ye Qiubai stepped on the rolling river of sword intent, holding the dark magic sword in both hands, and raised it above his head!

Extremely fast!

On the dark magic sword, the condensed magic energy became stronger and stronger.

Immediately, a critical point is about to be reached!

At this moment, the space around the Dark Demon Sword is exuding distortion!

Just the breath it emits, can it affect the surrounding space?

Seeing this scene, the horror in the eyes of the three people grew stronger.

The distance between the two sides is getting closer.

Ye Qiubai stood on the long river of sword intent, holding the dark magic sword tightly with both hands, and raised it above his head. At this moment, he slashed out!

A black slash that seemed to tear apart the space, merged into the night at this moment, and slashed towards the three strong men in the late Qianyuan stage!

The three of them were all startled, and spread their hands open one after another.

A series of aura barriers appeared in front of them.

Want to resist this black slash!

However, just as they propped up the barrier, their minds were affected by that monstrous devilish energy.

For a while, my mind was unstable!

The aura fluctuations that lead to the first barrier are not stable!

And the black slash also struck quickly at this moment, directly slashing on the first barrier!

No surprises!

The first barrier is directly broken!

The three of them took a step back at the same time, their faces pale!

The power of the black slash did not weaken at all, and the speed did not drop, it directly slashed on the second barrier!

Click!

The aura barrier shattered!

At the same time, the black slash continued to shatter the five barriers without stopping!

It's like destroying the dead!

The faces of the three of them were pale, and blood gushed out wildly!

retreat steadily!

There is only the last barrier in front of him!

Looking at the black slash that hadn't weakened in the slightest, the three of them couldn't help panicking.

They knew that this last aura barrier would definitely not be able to withstand this slash!

The three of them couldn't help taking out the treasure in the ring in a panic.

Under the tremor.

Throwing forward one after another!

No matter what it is, as long as it can withstand this attack!

In other words, delay the time until your own support arrives!

It's not too far from the location of the Great Rift Valley.

Just brace yourself!

However, the idea is beautiful.

The reality is cruel.

The black slash smashed the last barrier without any accident.

At the same time, those precious treasures were thrown into the air.

Although it was cut into pieces, it finally had some effect.

The speed of the black slash has slowed down a little!

The three of them breathed a sigh of relief, but the movements in their hands didn't stop.

These days, countless casual cultivators have been killed along the way, and several sect families have been destroyed.

Among them, the treasure resources, the eldest prince seems to have no regard for them at all.

Let them assign themselves.

That's why there are so many treasures in the rings of the three of them.

However, just as they breathed a sigh of relief.

A series of sword intents surrounded them!

Standing on the river of sword intent, the pale Ye Qiubai opened his palms and turned them slightly!

The sword field is expanded!

Immediately, when the three of them didn't react.

Stick out with one finger!

In an instant, the sword intent in the sword field condensed into three sharp giant swords!
directly stabbed the back of the three of them!

Moments!

The three sharp giant swords pierced through their bodies!

The pupils of the three shrank suddenly!

Breath is passing fast!

The look in the pupils is also slowly diverging!

did not expect.

The three of them, the existence of the late Qianyuan Realm, even if they joined forces, they would still be beheaded by a young sword cultivator who was only in the late Shui Yi Realm!

This kid's talent is truly terrifying.

I'm afraid, if he doesn't get rid of it, his Sunset Dynasty will be destroyed in the hands of this sword cultivator, right?

Of course, thinking of this, the three of them were completely dead.

All vitality was directly strangled by Jianyu Jianyi!

Seeing this scene, Ye Qiubai heaved a sigh of relief and withdrew his breath.

Falling to the ground, the body swayed.

Take out a recovery elixir given by the master, which is a little better.

The Great Elder of Sky Blue Sect and others greeted him, just about to speak.

Ye Qiubai stopped him, and said solemnly: "If you have anything to say, go back and talk, now retreat immediately!"

He could feel that there was a figure full of monstrous corpse aura, attacking them quickly!

Chapter 164 Return

Corpse puppet!

Carrying the monstrous corpse aura, he rushed towards Ye Qiubai and the others!

Every step you take, you can reach dozens of feet!

Every time you step on the void, ripples will appear in the space!

Like a stone falling into a calm lake.

At this moment, the Great Elder of the Azure Sect and the others had already sensed this tyrannical aura, and their expressions changed drastically.

Greeting the members of the ambush team, they quickly ran towards the location of the Valley of Scourge!

The strength of the corpse puppet is half a step false.

Among them, none of them are opponents of the corpse puppet!

Have to get out of here quickly.

Everyone in the ambush team showed their full strength, extremely fast!

Finally survived the corner.

But now there is another corpse puppet?

You know, even if this corpse puppet is the number one sword repairer in the Northern Territory, Yun Jing is no match for him!

Ye Qiubai has recovered most of his aura at this moment.

This is also due to Lu Changsheng's elixir.

Turning his head slightly to look, the speed of the corpse puppet is extremely fast.

If you say, escape to the Valley of Scourge at this speed.

On the way, he will definitely be overtaken.

Feeling the monstrous corpse aura that was getting closer, the Great Elder of the Sky Blue Sect also sank in his heart.

Obviously, he also understands this.

The Great Elder sighed slightly, and said: "At that time, I will hold him back for a few breaths. At that time, you all will escape from this place with all your strength and return to the Valley of Scourge."

With the talent of the great elder of the Azure Sect, he knew that his strength had come to an end.

If there is no shocking opportunity, it is impossible to break through again.

And these people, especially Ye Qiubai.

They both have a bright future ahead of them.

It is even possible to aspire to the top of the continent.

In the future, the Northern Territory Alliance may need to rely on this child.

Compared with it, how about making a little sacrifice yourself?

Everyone looked solemn.

Someone said: "Grand Elder, why do you have to do this? Let's go together."

The elder of the Sky Blue Sect did indeed smile in relief, and said, "Don't think about things so naively."

"This is war, how could there be no sacrifice?"

"However, sacrifice also has the meaning of sacrifice, so let's not talk about it."

Everyone was silent.

Ye Qiubai looked at the elder of the Azure Sect, and nodded slightly.

This time the Sunset Dynasty's plan to integrate the Northern Territory.

Forcing the forces in the Northern Territory to form an alliance.

The Northern Territory Alliance, in the face of this catastrophe, is also unprecedentedly united.

For example, the elder of the Azure Sect is willing to sacrifice his life for the sake of war.

You must know that ascetics cherish their lives.

Being able to make this kind of decision is already quite remarkable.

Everyone walked towards the Valley of Scourge.

Ye Qiubai said: "Maybe we haven't reached this point yet."

Everyone couldn't help looking at Ye Qiubai.

Ye Qiubai's previous performance had subconsciously convinced them to him!

The elder of Sky Blue Sect also asked: "Do you have a solution?"

Ye Qiubai nodded.

took out the Dark Demon Sword.

Immediately, the ice pattern on the Dark Demon Sword began to shine with an ice blue halo!

Immediately, the Sword Domain unfolded!

Sweeping towards the rear!

In the sword field, there is a flood of ice and sword intent.

It's like freezing space!

The corpse puppet stepped out and stepped into the sword realm.

In an instant, he was entangled by that icy sword intent!

On the surface of the body, there are ice scums constantly emerging!

The speed has also been affected to a certain extent!

When everyone saw this, they couldn't help but be overjoyed!

Integrate into the sword field with the artistic conception of ice.

Causes an area slow.

This is the method Ye Qiubai just came up with.

The Great Elder of Sky Blue Sect glanced at Ye Qiubai with a complicated complexion.

Blending artistic conception.

What's more, there are two high-level artistic concepts of sword intent and ice artistic conception.

is even more difficult!

able to do this in an instant.

I have to say that Ye Qiubai's talent is what the Great Elder has seen in his life!

Few of today's young Tianjiao can compare with Ye Qiubai.

Night.

The air is humid.

In the space, countless ice slags condensed.

The surface of the corpse puppet's body is covered with ice slag!

Speed also played a role!

felt this.

The corpse puppet's body shook, and the ice **** on the surface of the body was shattered.

In mid-air, the footsteps are heavy!

The space trembled as if it had been hit hard!

At the same time, his body is like a wild beast out of trouble, sprinting towards Ye Qiubai and the others at a terrifying speed again!

The body of the corpse puppet cut through the space.

In this space, there are sonic booms!

This is the performance of the physical speed reaching an extremely fast speed!

Ye Qiubai naturally also discovered that the influence of the Ice Sword Domain on the corpse puppets disappeared.

This is also normal.

After all, it is the existence of a half-step False God.

Seeing this, Ye Qiubai turned around suddenly, and slashed out with the Dark Demon Sword in his hand!

A meaning of endless life, turned into a slash of swordsmanship, and slashed towards the corpse puppet!

The Sword Sutra of Taichu, Pingshanhe!

After cutting out, he turned around again and led everyone towards the Valley of Scourge!

Slash close to the corpse puppet.

The corpse puppet clenched its fists and blasted straight out!

The monstrous corpse aura is wrapped around the fist, as if there are thousands of ghosts roaring!

Boom!

The slash was shattered!

However, the meaning of endless life is like a tarsal maggot, eroding in along the corpse puppet's fist!

The corpse puppet was unmoved, his body shook, and the sword intent was expelled from his body.

And this slash successfully delayed the corpse puppet's nine breaths.

During the nine breaths, Ye Qiubai and the others were out of sight of the corpse puppet!

The corpse puppet's body moved.

Footsteps suddenly stomped.

Ready to chase again!

However, just after rushing for a certain distance, he stopped.

Immediately, return to the rear.

It seems to have received some kind of instruction.

At this moment, everyone also found that the corpse puppet did not continue to chase.

Can't help but breathe a sigh of relief.

It's just that, without relaxing, he came to the receiving place at full speed.

Qin Tiannan and the others felt relieved when they saw Ye Qiubai's figure.

"Prepare to respond, take out the elixir, and heal them."

Afterwards, it is convenient for those who have a support team to start preparations.

Qin Tiannanjian Chaomian and the others went up to meet him.

"Qiubai, how are you doing?"

Ye Qiubai's face was slightly pale.

Use the Eighth Sword of the Nine Swords of the Heavenly Demon Overload, and the Sword Sutra of Absolute Beginning.

and fusion ice sword field.

Ye Qiubai's consumption was extremely high.

Without Lu Changsheng's elixir, I'm afraid I can't support it.

Ye Qiubai nodded and said, "It's okay, I'll take some back."

Qin Tiannan looked behind Ye Qiubai.

There are six people including the great elder of the Sky Blue Sect.

The original ambush team had a total of ten people.

It also means that four people will eventually fall.

Even though Qin Tiannan was disappointed, there was still a look of satisfaction in his eyes.

After all, being able to save six people under such circumstances is already beyond expectations.

The Great Elder of Sky Blue Sect took the elixir, and his aura recovered, before he stepped forward and said with a smile, "Principal Qin, you have a good student."

"With this son here, the rise of the Tibetan Taoist Academy may be unstoppable."

This time the incident.

Let the Sky Blue Sect Great Elder and others be impressed by it!

Qin Tiannan said proudly: "Okay, everyone, let's talk when we get back."

Everyone left.

Meanwhile, the rear station of the Sunset Dynasty...

Chapter 165 Tianyou Furnace Cauldron

In Juezhenzong.

This place is the temporary residence of the Sunset Dynasty.

Here, the eldest prince Huang Tianming will conduct command here.

Similarly, everyone in the station had black air floating on the surface of their bodies.

This is naturally Huang Tianming's handwriting.

After all, if the original army strength of the Sunset Dynasty is used.

Want to suppress and crush the Northern Territory Alliance?

That was just a dream.

Therefore, Huang Tianming resorted to means, using a secret method that consumes the life span of his talent.

Let everyone's strength increase a lot!
certainly.

Huang Tianming didn't tell anyone about this.

After all, what does the life and death of these people have to do with him?

In the Suzerain Hall of the original Juezhen Sect Master.

The emperor sits in the bright hall tomorrow.

Close your eyes, as if thinking about something.

"It seems that the sword cultivator is the demon of this body."

Huang Tianming opened his eyes, showed a sinister smile, and said, "Besides, this sword cultivator has the aura of an old acquaintance."

It seems to be the Heavenly Demon Sword Master, and the Sword Domain?

Every corpse puppet can not only be used for fighting.

Similarly, it can also act as Huang Tianming's eyes.

Huang Tianming was able to investigate wherever the corpse puppet saw.

The scene just now was transmitted from the corpse puppet's sight to Huang Tianming's sea of consciousness.

At the same time, the corpse puppet stopped chasing, and the order to return was also given by Huang Tianming.

"The inheritance of two sword masters, but the realm is still so low, it is nothing to be afraid of."

Huang Tianming is confident, as long as he regains a little strength, whether it is the Northern Territory Alliance or Ye Qiubai.

Destruction is just a snap of the fingers.

At this time, a man in armor came in, knelt down on one knee, with a look of fear on his face.

Hui reported: "See First Prince."

Huang Tianming slightly raised his eyebrows and said, "It seems that something happened?"

The man in the general armor lowered his head, with a look of horror on his face, and said: "An accident happened on the front line, and the three armies were all ambushed outside the Valley of Scourge."

Huang Tianming's expression didn't change at all, his finger was slowly raised and lowered.

Knocked on the table made of jade, it made a crisp sound.

One time.

In the entire hall, there was no sound.

There is only the sound of fingers tapping on the table, echoing rhythmically in the hall!

The sound is slight.

However, when it fell into the ears of the man in general armor, it sounded like the bell of Hades.

They are all aware of the tactics of the eldest prince in front of them.

In the Juezheng Sect, there is a prison opened by the First Prince.

This prison is located in a valley.

And in that valley, filled with ghosts!

Countless ghosts are howling in it!

Revenge.

And if he made a mistake, he would be mercilessly thrown into prison by the First Prince.

Suffering from ghosts eating the body.

That kind of pain is worse than death, and no one wants to experience it a second time.

Huang Tianming raised his eyebrows and asked lightly, "How about the loss?"

Heard the eldest prince's questioning.

The man in the general armor panicked and replied: "The Disha Army lost three late Qianyuan Realm powerhouses."

"The Xuanming Army lost five hundred people."

"The Huangquan Army lost two Qianyuan Realm experts and more than a thousand people. The loss is the heaviest!"

Hearing the man's report, Huang Tianming hummed lightly.

Doesn't seem to care.

Naturally, these losses may be huge in their view.

But with Huang Tianming's means, it is very easy to recreate these people.

Just cast the secret method again.

It's just that, the strength to forcibly elevate a person to the Qianyuan realm may have reached the end of his lifespan.

Only one year to live at most.

However, within one year is enough to end this absurd war.

Huang Tianming said softly: "Okay, call all the commanders of the three armies back."

"At the same time, replace the three commanders to lead the three armies of Dixuan and Huang."

The armored man trembled when he heard this.

He understands.

The three commanders must be punished, after all, they made such a big mistake.

Sin is not unto death.

However, capital crimes can be avoided, but living crimes cannot be escaped.

In the valley cage, I'm afraid it will be lively again...

"yes."

Retire the armored man.

Seeing this, Huang Tianming got up and walked towards the back of the main hall.

At the rear, there is a dark room.

In the dark room, a sealing formation was set up.

In the formation, a woman was bound by chains.

And those chains are full of aura.

It seems to be constantly injecting aura into the woman's body!

Looking at this scene, Huang Tianming showed a sinister smile, "I never thought that in this era, there is still the physique of Tianyou Furnace Cauldron."

"It's just a little weaker."

The woman is Jiang Chan.

What Huang Tianming is doing now is to forcibly enhance Jiang Chan's strength.

When she reaches the False God Realm, she will be able to absorb the power of her cauldron.

In this way, Huang Tianming's strength will also return to its peak, and may even break the strength of the peak period.

and

Jiang Chan has reached the middle stage of Qianyuan Realm under the condition of instilling spiritual energy.

It's just that this method of forcibly improving strength will undoubtedly cause instability in the foundation and whether the body can bear it.

But all of this is not within Huang Tianming's consideration.

As long as the realm is reached.

The foundation is not stable, so what does it matter to him.

...

The screen changes.

Beiyu Tibetan Taoist Academy.

North Alliance resident.

Ye Qiubai and others have returned to the main meeting hall.

They were greeted with prolonged applause.

Wood walked forward and said with a smile: "Young and promising, young and promising!"

"It seems that there are successors in our generation."

Ye Qiubai was not arrogant, but nodded modestly to express his gratitude.

The great elder of the Sky Blue Sect also walked up to the head of the Sky Blue Sect at this time, and whispered.

Hearing the words, the head of the Azure Sect looked at Ye Qiubai with complicated eyes.

Immediately, he walked up to Ye Qiubai and apologized!

"When I was planning before, my words were too heavy, I'm sorry."

Ye Qiubai was also taken aback.

Immediately, the suzerain smiled softly again: "However, with you young generation, we have a reason to win in this war."

Wood said with a smile: "This plan, Ye Qiubai can take the lead, do you have any opinions?"

Everyone smiled and shook their heads.

Naturally no comments!

The ambush plan was proposed by Ye Qiubai!

At the same time, it had a lot of impact on the Sunset Dynasty, delaying the attack process of the three armies to a certain extent!

At this time of delay to the Sunset Dynasty, the ambush team of the Azure Sect Great Elder was successfully rescued.

It can be said.

This operation can be perfectly successful.

All thanks to Ye Qiubai!

Also because of this ambush.

Now the Northern Territory Alliance, the haze on their faces has been swept away.

After all, before.

They all think that the Sunset Dynasty is too powerful.

Invincible.

Now, because of this plan, the thoughts in their hearts have been reversed.

Morale has been greatly improved.

Wood said with a smile: "Tell me, Ye Qiubai, what reward do you want?"

Ye Qiubai thought for a while, but shook his head, and said, "We'll talk about this later, and now we're focusing on war."

After all, he doesn't lack anything now.

To be honest.

What is here, whether it is cultivation resources or treasures, Master can give him better ones.

I really don't like these...

Chapter 166 news spread

The war in the Northern Territory has spread throughout the continent.

Among them, the ambush plan has achieved major results!

Not only delayed the offensive of the Sunset Dynasty.

It even revived the Northern Territory Alliance, which was in a slump!

As for these two points, the success of this ambush plan can be said to be indispensable.

So, who proposed this plan and implemented this ambush plan?

Some casual cultivators who didn't know the truth thought it was the leader of the Northern Territory Alliance, the dean of the Northern Territory Tibetan Taoist Academy, Wood Shi.

However, after news revealed.

The person who proposed the ambush plan and implemented the plan is the same person.

And this person is just a young sword repairman.

A sword repairer named Ye Qiubai!

Everyone was amazed.

After all, it was the first time that the name Ye Qiubai had entered the public eye during casual cultivation.

The first time it became known to everyone.

And this young sword cultivator is only in the late stage of Shui Yi Jing.

is already able to make suggestions.

And implemented to the point of success.

Although the process is not known in great detail.

However, with the strength of Shui Yijing's late stage, he was able to make suggestions, lead the team, and win a big victory.

This is already able to explain things.

Ye Qiubai's name.

In the first debut of this war, it completely entered the public eye.

Known!

Meanwhile, they are guessing.

Such a powerful person is only in a place where the practice of Taoism is backward in the Southern Region.

That also proves that behind him, there must be a powerful master!

Who is Master?

No one knows.

Knowing is a ghost...

at the same time.

Medium domain.

Hidden Sword Sect.

Lin Rufeng has already heard the news.

It is more detailed than the outside world.

The details of the ambush are already known.

After receiving the news, Lin Rufeng was stunned for a while.

then chuckled and shook his head.

"No wonder the ancestor chose him, he really is a genius."

"In this era, there are no more sword masters."

"If we say that in this world of great strife, the one who is most likely to become a sword master is Ye Qiubai..."

After Lin Rufeng thought about it, someone came and asked, "Is the old ruler of the Sunset Dynasty confronting the Tibetan Taoist Academy?"

The elder nodded.

Lin Rufeng put his hands behind his back, and said lightly: "Then let's help the Tibetan Taoist Academy and put pressure on the Sunset Dynasty."

The elder was taken aback.

It seems that the incident of Ye Qiubai has completely caught Lin Rufeng's attention.

The hidden sword sect who originally planned to wait and see.

Now also ready to enter!

Moreover, a large injection was made to the Tibetan Taoist Academy.

It can be seen that Lin Rufeng is very optimistic about Ye Qiubai.

After hearing this, the elder retreated to arrange the matter.

on the other hand.

The General Academy of Tibetan Taoism Academy.

In a mountain forest.

Dean Yan sat on a stone chair, sipping tea.

Opposite him, there was an old man with a rotten aura.

No hair on the head.

On the top of the head, there are several brown spots.

Dean Yan put down the teacup slowly, looked at the old man, and said indifferently: "Where does the power of your Sunset Dynasty come from?"

Hearing this, the old man did not open his eyes, sat cross-legged on the ground, and asked, "Where did you come from? Is this important?"

"Too."

In any case, their goal is to integrate the Northern Territory.

The army that smelled like corpses.

The priests whose strength suddenly rose sharply, as well as the people in the palace.

and that corpse puppet!

All of these gave the Sunset Dynasty an extraordinary strength.

Only now has the scene of integrating the Northern Territory.

Speaking of the old man in front of the dean.

is the previous ruler of the Sunset Dynasty.

It is rumored that he has passed away.

However, in fact, he has secretly broken through the False God Realm and extended his lifespan!

Now, he came to the main courtyard of the Tibetan Taoist Academy, in order to hold back Dean Yan and the support staff of the main academy.

Prevent support for the Northern Alliance!

Dean Yan has nothing to do about it.

After all, a strong False God Realm cannot cause effective restrictions.

Once the other party gets angry, retaliate against Zang Dao Academy regardless of the consequences.

I'm afraid the loss will be extremely large!

reached their level.

Unless you crush the opponent by a realm.

Otherwise, I want to kill the opponent.

It's as difficult as climbing the sky!

Dean Yan said: "Could it be that if we don't support you, you will definitely win?"

The old lord chuckled lightly, with confidence in his tone.

"There should be no problem."

After he met Huang Tianming, he agreed to the plan.

Integrating the Northern Territory is only a matter of time.

At this time.

The current head of the law enforcement hall came to report.

Matters in the Northern Territory.

All are monitored by the head of the Law Enforcement Hall.

Dean Yan looked over and asked, "What's the matter?"

I saw the head of the law enforcement hall glanced at the old king who was cross-legged on the ground, his eyes were full of fear.

Then he looked at Dean Yan and said, "The Northern Territory Alliance fought a beautiful ambush."
"Um?"

The old king suddenly opened his eyes, looked at the head of the Law Enforcement Hall, and left with a suppressed breath!

Just a little bit of the aura of a strong man in the False God Realm can suppress the entire space!

The breath is extremely terrifying!

The head of the law enforcement hall bent slightly!

Dean Yan took a step forward, and also released his aura, suppressing the aura of the head of the Law Enforcement Hall to completely resist it.

The strength of the two is equal.

"Go on."

The head of the Law Enforcement Hall breathed a sigh of relief, and continued to report: "Since Ye Qiubai from the Southern Region left, he has made suggestions and proposed an ambush."

Afterwards, the head of the Law Enforcement Hall told the whole story.

Dean Yan smiled after hearing this.

The old country lord frowned.

"This one is not bad."

The head of the law enforcement hall also smiled and said: "With Ye Qiubai here, I can carry the banner of my Tibetan Taoist Academy in the future."

Dean Yan didn't deny it either, and nodded with a smile.

Ye Qiubai is at the top of both mind and talent.

Now, it has made such a great contribution to the Northern Territory Alliance.

It's really a dragon and a phoenix among people.

Dean Yan looked at the old master and said with a smile: "It seems that even without us, they can handle it."

Heard the words.

The old lord snorted lightly, and said, "That's not necessarily true."

Huang Tianming's current method.

Even if he read it, he would still feel dignified.

If it's just this battle.

"I'm afraid it's not enough."

Dean Yan heard the confidence in the old master's tone.

Can't help but frown.

The strength has reached the False God Realm, so naturally he doesn't bother to pretend to be brave and lie.

Since the other party is so confident.

Naturally, he has his reasons.

Nowadays, the general hospital can't get away.

Dean Yan looked in the direction of Beiyu, thinking to himself.

You must survive this period of time...

...

on the other hand.

The news was also sent back to the Southern Region.

At the moment.

In the thatched cottage.

Lu Changsheng and others have already received the news.

Mu Wan'er laughed happily at the side: "Brother Qiubai is really amazing!"

Mu Ziqing also heaved a sigh of relief.

The originally worried mood was also slightly let go.

Lu Changsheng snorted and said, "Just don't cause trouble for me."

Chapter 167 The Caotang rushes to the rescue!

Hu Qing was speechless.

Other masters, if they hear that their apprentice has made such a proud achievement.

I'm afraid I've already burst out laughing.

But, put it here with Lu Changsheng.

is said.

Just don't cause trouble for me?

Sure enough, the person who can teach such outstanding apprentices.

Temper is not normal, right?

Hu Qing said helplessly: "However, even so, the war is still not optimistic."

"Judging from the current overall strength of the Sunset Dynasty, it still surpasses the Northern Alliance by a lot."

Just from the perspective of overall combat power.

The strength of the Sunset Dynasty is too terrifying.

In the news, even the strongest person in the Northern Territory Alliance, Yun Jing.

They were all seriously injured by the opponent.

Whether it is from the army or from the perspective of peak combat power.

are a lot worse.

After Lu Changsheng heard this, he didn't speak.

And Ning Chenxin had finished the retreat at this time and came out.

Hearing these words, he pondered for a while and said, "Then I'll go and help senior brother."

Hu Qing looked at Ning Chenxin and said with a smile, "That's the best."

Ning Chenxin's strength is also not weak.

Although there is no realm.

The realm of Confucianism and Taoism is extremely profound!

To know.

Although Ning Chenxin looked very peaceful and gentle.

Stand aloof from the world.

However, he is also a ruthless character!

At the beginning, when one person entered the Buddhist sect, the power of the Buddhist sect was lost a lot.

This news.

Hu Qing has heard of it.

What kind of power is Buddhism?

Its congregation spreads all over the continent!

Strength is even more mysterious and powerful.

No force wants to fight against Buddhism.

Even if it is a giant-level force in the central domain, the same is true.

If Ning Chen is in the past.

It must be able to reduce the burden on the Northern Territory Alliance.

Lu Changsheng was lying on the bamboo chair, helplessly said: "You can go, but don't cause trouble."

Every time this group of disciples went out, they would cause trouble.

In the end, I still have to let him wipe my ass.

You know, there are already forces that know of his existence.

Lu Changsheng didn't want others to remember him.

Otherwise, when the time comes, troubles will continue!

Ning Chen smiled heartily: "Don't worry, Master, nothing will happen."

Hearing this, Lu Changsheng curled his lips.

This kid.

Originally, he thought that Ning Chenxin was the most worry-free.

result.

This kid is not moving, but moving is amazing!

Once something happens, it will shake the world.

Go straight to Buddhism!

However, there is nothing to say.

Who asked him to accept these people as apprentices?

Lu Changsheng couldn't help but let out a long sigh.

Alas, what a crime.

No one can make yourself worry!

Seeing this scene, Hongying couldn't help laughing, and said, "Then I'll go too."

"Are you going too?!"

Lu Changsheng's eyes widened.

Hongying nodded and said in a deep voice, "Disciple has one thing to confirm."

"In the Sunset Dynasty, there were corpse puppets, and the method of refining corpse puppets only existed in ancient times."

The refining method of corpse puppets is too inhumane.

At that time.

In order to clean up this group of evil cultivators who refine corpse puppets.

Hongying personally ordered to wipe out this group of evil cultivators from this continent!

But now, corpse puppets appeared.

This made her very concerned.

Who is it, or has received the inheritance of evil cultivators.

This kind of person must be eliminated as soon as possible.

Otherwise, this continent will be devastated again.

Lu Changsheng had no choice but to nod in agreement.

Hu Qing said with a smile: "Hongying will also go, that would be the best."

He has seen Hongying's strength before.

At that time, she was able to single-handedly suppress Eunuch Ming, who was at the top of the Four Regions Martial Arts List.

Now that his strength has improved, it may be even more terrifying.

Lu Changsheng waved his hand, and said impatiently: "All right, all right, let's go quickly, so as not to embarrass me!"

Hongying and Ning Chenxin looked at each other and smiled, they both hugged Lu Changsheng, and then left the thatched cottage with Hu Qing.

Mu Wan'er didn't go, but took out two rings and handed them to Hong Ying.

Among the two accepting rings, both are recovery pills researched by Mu Wan'er herself.

She is not strong enough.

But the strength of alchemy has increased at an extremely terrifying speed.

at this point.

All the disciples in thatched cottage noticed it.

The same is true for Lu Changsheng.

Mu Ziqing has no actual combat experience.

And this war is at stake.

She also didn't want to add trouble there.

However, now, she is also looking for some monsters to start training combat experience.

I thought I could help Ye Qiubai quickly.

Lu Changsheng looked at the direction where Hongying and Ning Chenxin left.

sighed secretly.

That's what I said, but I still feel a little worried.

After all, war is like no other.

He who traveled from the earth understands this even more.

Extremely cruel!

Mu Wan'er laughed and said, "Uncle, if you're worried, why don't you just go and stare at it?"

Lu Changsheng snorted softly, and said, "It's finally gone, I can relax for a while, let me go out again?"

After finishing speaking, he turned and returned to the room.

However, when Mu Wan'er and Mu Ziqing didn't notice it.

A phantom quietly left the thatched cottage.

Go to the North Territory!

...

The screen changes.

Northern Alliance.

At the moment.

In the alliance, they are discussing what to do next.

Wood was standing by the array, with a serious face, pointing at the Valley of Scourge.

"Now, the ambush has achieved results, and the Sunset Dynasty is expected to need two or three days to integrate the army and rest."

"Then, we can't do nothing these days, so the ambush is meaningless."

Everyone nodded.

Although a victory was achieved, it was not enough to turn the tide of the battle.

The strength of the Northern Territory Alliance is still weaker than that of the Sunset Dynasty.

The Azure Sect Master said from the side: "So, what should we do now?"

Wood thought for a while, and said: "First of all, in the Valley of Scourge, use these days to continue to arrange formations."

"At the same time, the alchemist side should continue to speed up to refine recovery pills and explosive pills."

An alchemist behind nodded and said: "I'm already doing it."

Wood nodded.

The head of the Sky Blue Sect looked at Ye Qiubai who was standing behind, and asked, "Xiaoyou Ye, is there any other way?"

Ye Qiubai was taken aback.

Before, it was the suzerain of the Azure Sect who questioned his plan.

Now, he took the initiative to ask him.

Everyone also looked at Ye Qiubai.

Obviously.

After the ambush, Ye Qiubai's prestige in the Northern Alliance has increased a lot.

Wood also smiled and said: "Let's come up with an idea."

Ye Qiubai walked forward, looked at the array, and fell into deep thought.

Everyone didn't bother.

Nowadays, the gap in strength is too great.

After the first ambush, the opponent is bound to be on guard, and it is unrealistic to want to carry out a second ambush.

Therefore, it is actually very difficult to make another surprise move.

Ye Qiubai smiled bitterly: "Although the Valley of Scourge is easy to defend and difficult to attack, it is also difficult for us to make a fuss about it."

"Still not strong enough."

"If there are a few more peak combat powers, it will be easier to handle."

When everyone heard the words, they also nodded with wry smiles.

However, at this moment, Ye Qiubai suddenly looked outside.

There, there are two auras coming quickly!

Ye Qiubai smiled and said, "It really came in time."

Chapter 168 Chen Xin seems to have learned badly

Hearing Ye Qiubai's words, everyone looked into the air.

There, there are two figures approaching at high speed.

Each person is seated in a red robe, with delicate faces and heroic looks in his eyes.

Like a Valkyrie on the battlefield.

Another person, carrying a basket of books, is like a scholar.

The visitors are naturally Hongying and Ning Chenxin!

Ye Qiubai went up to meet him, and said with a smile, "Why are you here?"

Ning Chenxin had a gentle face, and said with a light smile: "I heard that the situation is not optimistic, so I came to help senior brother naturally."

Hongying also said: "I have something to investigate."

Ye Qiubai nodded: "It's a great help. It just so happens that the strength of the Northern Territory Alliance is really not enough."

Everyone heard from the words of the three.

These three are all brothers from the same division!

Ye Qiubai is already so strong.

So how can his juniors and juniors be so weak?

However, what makes everyone curious is who their master is.

Wood stepped forward with a smile and said, "Thank you for your help."

"But time is running out, let's discuss countermeasures first."

Everyone walked to the array.

Since he is Ye Qiubai's fellow disciple, no one will doubt it.

What's more, it's a time of war.

Not infighting.

They still understand this truth.

The people who can be in the meeting hall are the core figures of every sect family.

Hongying stepped forward to take a look, and after Ye Qiubai's explanation, she understood what was going on now.

So, he suggested: "Now, what is needed is information."

Intelligence.

In war, without intelligence, it is like being blind in the dark.

Although the Northern Territory Alliance has waiters for detection, the distance of detection usually cannot be too far.

If you leave too far, you will be beheaded by the opponent!

Similarly, the Sunset Dynasty side.

After experiencing an ambush.

have already set up investigators outside the Valley of Scourge.

As long as the Northern Territory Alliance leaves the Valley of Scourge and takes action, the other party will know!

Wood looked at Hongying and said, "Our scope of detection is limited."

Hongying said nonchalantly: "Leave the investigation to us."

"you?"

Hongying looked at Ning Chenxin and Ye Qiubai, and said, "We can just go."

"Now that there is a lack of intelligence, it is naturally impossible to plan."

Ye Qiubai also nodded, lack of information.

The disparity in power.

resulting in no longer being able to plan.

Just this point made the Northern Territory Alliance have to stick to it and not take the initiative to attack.

Everyone looked at each other in blank dismay.

The other party is Ye Qiubai's junior sister.

Logically speaking, his strength should not be as strong as Ye Qiubai's.

However, the woman didn't panic at all, her face was indifferent, as if she had already decided that the investigation would be successful when she said these words.

The head of the Sky Blue Sect persuaded: "Do you want to add more manpower?"

The meaning in the words is very clear.

The lord of the Azure Sect is not very confident in their strength.

Once discovered by the opponent's large force, casualties are likely to occur!

Ye Qiubai smiled and said: "No need, the three of us are fine."

"There are too many people, but the target is too big, and it is easy to be discovered."

Hongying was not as euphemistic as Ye Qiubai said, and said directly: "The strength is not enough, and going there will only delay you."

To Hongying, she was originally an ancient empress.

There is no need to take care of each other's thoughts.

Ye Qiubai and Ning Chenxin looked at each other, obviously a little helpless.

When everyone heard this, they frowned slightly.

Is this too arrogant?

Someone persuaded: "The master of Tianqing Sect is also for your own good."

"I'm telling the truth."

Everyone couldn't help but look a little ugly.

After all, they are the core figures of Dazong.

Was told by a "junior" that he was not strong enough.

Naturally, I can't live with my face.

Wood saw that the atmosphere was not right, so he immediately smoothed things over and said: "Okay, it's just an investigation, nothing will happen, Qiu Bai, this task will be entrusted to you three brothers."

Ye Qiubai nodded.

"Then let's go immediately."

...

The three of them don't need to prepare anything.

Hongying also took out the treasure cloak that concealed her breath.

Handed it over to Ye Qiubai and the others.

The level is not low.

As an empress, she still has this background.

The three of them wore concealment cloaks and sneaked out of the Valley of Scourge.

Ye Qiubai said: "The three armies of the Sunset Dynasty are all on the other side of the Great Rift Valley."

Hongying nodded and said, "During the war, there will always be backup supplies."

"Somewhere behind the army, there must be a place for refining pills."

"We just need to destroy that position."

The two were taken aback.

Isn't it a profiler?

Why did it become a sneak attack again?

Hongying smiled and said: "Brother, with our strength, we can't just investigate, that would be too wasteful."

Ye Qiubai smiled wryly: "Just be happy."

He really has nothing to do with this junior sister.

I have to blame her...

A group of people traversed the wilderness at an extremely fast speed.

On the way, they found the servant of the Sunset Dynasty, but did not kill them.

So as not to startle the snake.

And at this moment.

Location in the Great Rift Valley.

On the opposite side, there are troops stationed.

After all, after experiencing the last ambush, they have already improved their memory.

In order to prevent another ambush, a team was set up to station here.

Hongying looked from afar.

You can see the people in the army, with black air swimming on the surface of their bodies.

Seeing this scene, Hongying couldn't help frowning slightly.

This means.

Deja vu.

Ning Chenxin asked from the side: "How do we get there?"

Hongying looked around.

Here, there is only one way to cross the Great Rift Valley.

That is Yu Kong's past.

The other party, almost every step of the way.

You can live, as long as you fly in the air, you will be discovered by the opponent.

Suddenly, Hongying turned her head to look at Ye Qiubai

Ning Chenxin also looked over.

Ye Qiubai was taken aback.

Suddenly there was a bad premonition in my heart.

"Wh...what?"

I only heard Hongying laughing and said: "I can only work hard, senior brother."

"After all, the other party already knows you, so it's best for you to be the bait."

"Don't worry, you just need to attract firepower."

Ye Qiubai: "..."

How does he feel that his junior sister doesn't treat him as a human being?

However, what she said makes sense!

I can't refute it myself!

Ning Chenxin also nodded, and said: "Senior sister is right, the other party only knows you, senior brother, and is not familiar with us."

"So senior brother, you go to lure the enemy, and we go to the rear of the army. This is the safest way."

Ye Qiubai didn't know whether to laugh or cry: "Chen Xin, I found out that you have been led to the wrong end."

Ning Chen tilted his head: "Is there?"

See this scene.

Hongying smiled.

My junior brother seems to have the potential to be a black belly.

Hearing this, Ye Qiubai could only smile wryly and said, "All right, all right, I'll come, when the time comes, look for the opportunity to sneak in."

After speaking, Ye Qiubai drew out the Dark Demon Sword.

Turn your palms over.

The sword field is expanded!

At the same time, he stepped on the long river of sword intent and floated in midair.

The dark magic sword in his hand slashed out!

A black slash slammed towards the opponent in the Great Rift Valley!

"Enemy attack!"

Chapter 169, Intercept!

Ye Qiubai's sword field has been launched.

In the local camp, there are several powerful auras rising into the sky!

At the same time, that dark slash also slashed towards the opposite side of the Great Rift Valley!

One time.

There were screams!

On the left side of the Great Rift Valley, there is a gap.

Seeing this, the army of the Sunset Dynasty hurriedly approached Ye Qiubai!

At the same time, those auras that soared into the sky also rushed towards Ye Qiubai at this moment!

Extremely fast!

Seeing this, Ye Qiubai didn't stop, controlling the river of sword intent to rush towards those auras!

And he left in the direction of the Valley of Scourge behind him.

One hit and back!

With Ye Qiubai's speed, it's only in the late Qianyuan stage, so it's probably hard to catch up.

And the other side.

Hongying and Ning Chenxin took advantage of the chaos and came to the other side of the Great Rift Valley.

Sneak towards the rear of the Sunset Dynasty.

Along the way, Hongying and Ning Chenxin's speed was not too fast.

With the concealment cloak on his body, no breath leaked out.

Here, after all, is the army of the Sunset Dynasty stationed in the hinterland.

It was only what Hongying felt.

There are more than a dozen strong men in the late Qianyuan stage who are on guard.

at the same time.

There are three places with strong corpse aura.

Obviously, that's where the corpse puppet is!

Once discovered, although it will not be kept, the plan will fail.

No other useful information can be detected.

And Ning Chenxin.

is the place where the enemy army rests, where the strong are, and where the corpse puppets are located during the march.

And how many Qianyuan realm experts and people from other realms the opponent's army has, they are all recorded in their minds.

This is useful information for the Northern Alliance.

The two of them walked forward without slowing down.

No one on the other side found the whereabouts of the two Hongying.

after a while.

The two came to the rear of the place where the Sunset Dynasty was stationed.

Here, there is a constant fragrance of Dan.

Obviously, in the tent ahead is the alchemy place where the Sunset Dynasty moves with the army!

The location here is very close to the location of one of the corpse puppets.

The opponent is also here, setting up defenses.

It may not be easy to destroy this place.

Ning Chen looked at Hongying heartily and said, "Senior sister, since we already know the location and have enough information, shall we go back first?"

Hongying smiled and said, "It's all here."

Seeing that the senior sister wants to make trouble.

Ning Chenxin also nodded with a smile, without refusing.

for him.

The most trustworthy person in the world.

In addition to the master Lu Changsheng, they are brothers in the same school.

Both his parents died since he was a child, and he is a mortal.

It can be said that now Ning Chenxin has regarded the thatched cottage as his home.

It would be too sad if the words of the family members cannot be trusted.

Hongying took out the reincarnation gun at this moment, and said to Ning Chen: "At that time, we will attack together to destroy the alchemy land."

"Afterwards, I will hold the opponent's corpse first, and you leave here first."

Ning Chen was taken aback for a moment, and said, "Let's go together."

Hongying shook her head and said, "I need to investigate about the corpse puppet."

"The reason why I let you go first is because I need you, junior brother, to hold back the Great Rift Valley and open up a road."

"At that time, it will be convenient for me to get out."

Ning Chen nodded when he heard the words.

Another incense stick of time passed.

The spiritual energy in Hongying's body has been condensed to the extreme!

During these days of cultivation.

Hongying's strength has reached the middle stage of Qianyuan Realm!

It can be said that even if the corpse puppet took action himself, Hongying might not be able to be kept.

It is at this moment.

Hongying stood up suddenly, and pierced the reincarnation spear in her hand towards the alchemy place!

A reincarnation gun intent gathered into a huge spiral spear in mid-air!

Roll to the alchemy station!

And Ning Chenxin did not fall behind.

He, who had been watching the senior sister's movements, also took out the Daoist scriptures at the same moment as Hongying made a move.

Shen shouted: "Lin, soldiers, fights, all of them!"

A celestial general wearing divine armor, holding a spear, and carrying a huge aura, shot towards the land of reincarnation!

Its aura is not inferior to that of Hongying at all!

This made Hongying slightly surprised.

It seems that I am the third junior brother who has no realm.

The strength is not ordinary!

As expected of Master...

The attack of the two naturally attracted the attention of the enemy in an instant!

The dozens of strong men in the late stage of Qianyuan Realm showed horror, and rushed towards this side together!

The man in the armor was also shocked and slapped the coffin open.

Corpse Qi soared into the sky!

The corpse puppet among them rushed out like a prehistoric beast that had escaped from the trap!

But.

It's too late.

Even the alchemists in the alchemy station did not react.

The spiral spear with the meaning of reincarnation.

and the **** general have already overwhelmed the alchemy station!

Show no mercy.

Smash it down directly!

Boom!

Accompanied by a series of roaring sounds.

Suddenly, there was an explosion of aura in the alchemy station!

dusty.

The aura of riots is rampant in the air!

The alchemy station was naturally completely destroyed.

Among them, none of the alchemists were spared!

And do it all.

Enemy support also arrived.

More than a dozen strong men in the late Qianyuan stage surrounded the two of them!

The armored man followed.

The deadly puppet also descended here.

Ning Chen smiled heartily: "I'm afraid I can't get out of trouble for the time being."

Hongying smiled, she didn't seem to be worried, and there was no trace of fear on her beautiful face.

"It's okay, you hold back those Qianyuan Realm people, as for this corpse puppet, I'll take care of it."

I heard the conversation between the two.

The man in the general armor laughed back in anger.

"Do you think that the two of you can solve us people?"

"You must have heard about the strength of the corpse puppet, right?"

"The existence of half-step False God, you can solve it as soon as you want?"

Hongying didn't talk nonsense with him.

Instead, he held a reincarnation spear and stepped slightly, causing ripples in the stepped space.

then shot towards the corpse puppet!

The man in general armor looked ugly when he saw this.

waved his hand.

Let those Qianyuan Realm powerhouses also attack, and together with the corpse puppet, kill Hongying at the speed of light!

He is not going to do any one-on-one.

This is a decision only a fool would make.

The lion fights the rabbit with all his strength.

It can be solved quickly without leaving any trouble.

Just do it.

Just when the group of Qianyuan Realm powerhouses were dispatched.

A scholar stopped in front of their eyes, only to see the scholar with a gentle smile on his face, and said: "Senior sister ordered, let Xiaosheng hold you back."

"So, don't bother her."

One of the strong Qianyuan Realm shouted angrily: "What are you?"

After finishing speaking, he clapped his palm.

A palm print hit Ning Chenxin!

Ning Chen didn't panic.

Say a word.

"Town!"

A town character seal, directly suppress that palm print!

Everyone was taken aback.

This young scholar is so strong?

Obviously there is no breath on his body.

Ning Chen smiled heartily, and said: "This road is blocked, everyone should go to rest."

Chapter 170 The Elder Infernal Corpse!

Facing many Qianyuan Realm powerhouses.

Ning Chenxin didn't have any fear in his eyes, and his face was flat and gentle.

I saw that the corpse puppet and Hongying had already fought together!

As far as it looks now, the difference in strength is not big, and it is difficult to tell the winner.

But later, change.

The Sunset Dynasty is a little urgent, and wants to solve Hongying quickly!

And want to support the corpse puppet and solve Hongying.

Then he must be clear about the obstacle in front of him, which is Ning Chenxin.

The man in the armor frowned and said, "Do you really think that we can be difficult for one person?"

Ning Chen held the Taoist scriptures in his heart, and responded with a chuckle: "Just try it."

Seeing this, he turned the armored man to Hongying.

The corpse puppet can't tell the winner in a short time.

The strength of the woman in red is not as advanced as that of the corpse puppet.

However, its actual combat power is comparable to that of corpse puppets!

This side must be resolved quickly, support the zombie!

The armored man thought so.

So he waved his hand.

Signaled everyone to attack Ning Chenxin!

When everyone saw this, they shot one after another!

One time.

A burst of spiritual energy burst out!

Surging violently in this space!

There are palm prints shaking the sky!

There is a sword spirit!

Similarly, there is also a punch that seems to shatter the space!

Attacks one after another, densely packed in this space.

Attacked towards Ning Chenxin!

Ning Chen didn't panic.

Holding the Taoist scriptures, turn the pages of the book.

shouted softly: "Lin, Bing, Dou, whoever, all!"

A heavenly general dressed in divine armor rushes out of the Daoist scriptures!

Holding a sharp gun, head towards the attack!

After many times of Dao heart stabilization.

Today's Ning Chenxin has transformed.

Strength is stronger than when he went to Buddhism alone!

Heavenly General's breath is also stronger than that.

I saw the heavenly general's whole body shining with colorful divine light.

Dancing with the sharp gun in your hand!

It was actually waving out with spears!

Gun Qi is in the air, turning into a gun gas dragon!

Make roaring noises!

Charge towards those attacks!

The expressions of all the powerhouses of the Sunset Dynasty changed upon seeing this.

The breath of this heavenly general is too terrifying.

If you are fighting alone.

Maybe none of them will be the opponent of this seemingly ordinary scholar!

The giant gun gas dragon collided with the attacks!

For a while, the aura is wanton!

Aura soars into the sky!

The clouds are all shaken away!

The earth is trembling.

The scope of its influence is extremely wide.

Even the army beside the Great Rift Valley can feel the shaking!

Ye Qiubai, who had escaped from the pursuit, also looked in the direction of the spiritual energy explosion.

His expression froze slightly.

"Third Junior Brother, it seems that it has already started."

Thinking of this, Ye Qiubai galloped towards the Great Rift Valley again.

He wants to take care of the two of Hongying!

at the same time.

Hongying, who was fighting the corpse puppet, also felt this burst of breath.

Eyes slightly sideways.

I thought to myself.

The Confucianism and Taoism realm of the third junior brother has improved again.

No wonder Emperor Confucianism would say that Ning Chenxin's future Confucianism and Taoism would surpass his words.

But it's not hard to think.

After all, someone who can be admired by the master and accepted as a disciple.

How can there be ordinary people?

Hongying smiled, and rushed towards the corpse puppet again!

The meaning of reincarnation surged wildly all over her body!

On the other hand, look at Ning Chenxin.

Hold the Taoist scriptures and urge the heavenly generals.

Dancing with the sharp gun in your hand!

Break those attacks!

At the same time, several attacks landed on the body of the general.

This also caused the body of the general to become illusory.

After all, there are more than ten Qianyuan Realm experts.

Moreover, the man in the armor is infinitely approaching the existence of the half-step False God.

However, what Ning Chen cares most about is.

Among their attacks, there was a faint gray corpse aura attached to them.

This corpse energy seems to be able to absorb the aura of the general, constantly consuming the power in the general's body!

See here.

Ning Chen pondered for a moment, then took a step forward.

Holding the Taoist scriptures in one hand.

The other hand stretched out, turning the palm slightly.

A very mysterious breath came out from the center of Ning Chenxin's eyebrows!

Immediately, the general was wrapped up!

"Array!"

The sixth word of the nine-character mantra!

The mysterious Taoism shrouded the body of the general.

at this moment.

The heavenly general that had become slightly illusory solidified again.

The gun in his hand is covered with scales.

The scales are golden.

Just like the dragon scales of a five-clawed golden dragon!

breath, soaring at this moment!

Everyone's expressions changed in shock!

This breath is much stronger than before.

It has exceeded their tolerance!

That attack.

When the generals swung their golden scale guns, they all shattered!

The power of backlash broke out!

All the powerhouses of the Sunset Dynasty turned pale!

The backlash against the man in armor will be final.

With a muffled snort, blood overflowed from the corner of his mouth.

Ning Chenxin did not stop attacking.

Take another step forward, urging the Heavenly General to pursue everyone in the Sunset Dynasty!

In his eyes.

The Sunset Dynasty wages war.

Wreckage of innocent people, as well as casual repair.

Wherever he passed, there were many bones!

This is a big taboo!

Ning Chen was extremely angry in his heart!

And to prevent all this.

How to do it?

Only stop this war.

There are two ways to stop the war.

The first type is restricted by a third party, allowing the two parties to reach a balance, and there is a reason for the truce.

The second type is the death of one party.

Otherwise, there is no way to stop.

As for the party that perishes, Ning Chenxin naturally hopes that the Sunset Dynasty will fall.

The man in the general armor looked at the heavenly general who came from the sky with a golden scale sharp gun, his face was solemn.

This blow, I am afraid that ordinary attacks cannot intercept it!

Think here.

The man in the armor turned hard, and he actually took out a soul banner!

When the man sacrificed this soul banner, he made a seal in his hand, the soul banner fluttered, and the corpse energy began to surge!

Under Ning Chenxin's frightened and angry eyes.

Those dozens of Qianyuan realm powerhouses uttered miserable howls at this moment!

On their celestial caps, there is a gray corpse mixed with their souls.

Absorbed by that soul streamer!

And the power in the soul banner gathered in the body of the man in the armor again!

The armored man closed his eyes.

All the muscles in his body surged crazily at this moment!

The blue veins are like a small snake, constantly beating!

Similarly, the aura also skyrocketed at this moment!

In just an instant, he broke through to the half-step False God Realm!

Breath is still rising.

However, he did not break through to the False God Realm.

After all, the prerequisite for False God Realm is to achieve a substantial breakthrough in the soul.

But, even so.

The strength of the man in the general armor has also infinitely approached the False God Realm!

It can be said.

The current man in general armor is a bit stronger than the corpse puppet!

And Hongying at the side saw this scene.

His expression sank even more.

"Old man with corpse, it really is him!"

During the battle with the corpse puppet, she had noticed the identity of the person who refined the corpse puppet.

Nowadays, it is the practice of armored men.

Let Hongying be completely sure!

Only the old man with the corpse who made all living beings panic can do it in the ancient times!
