

My Disciples 171

Chapter 171

The corpse old man.

In ancient times.

is one of the leaders of those evil cultivators.

At the same time, scheming and cruel.

The means are extremely vicious!

It made all the sects in ancient times, even the Yunhuang Empire, fear it.

In the end, it was Hongying who organized the empire and joined forces with the various sects and aristocratic families.

Seal the corpse old man!

This stabilized the mainland.

And Ning Chenxin has warmth and anger in his eyes!

This means.

It's too hurtful!

If the other party is left alone, I am afraid that the entire continent will fall into chaos!

Ning Chenxin didn't allow this kind of thing to happen.

This runs counter to his philosophy.

Ning Chen stepped forward heartily!

Holding the Taoist scriptures, turn a page again!

"Dispell!"

At this moment, a holy light shines on the world!

It shone on the man in general armor who was full of corpses!

The armored man opened his eyes.

The corpse aura swirling around his body seems to have been purified!

But, the armored man sneered, "What's the use?"

After finishing speaking, the man in the armor stomped on his feet.

The body burst out!

Raised his fist, and threw it at the sky general holding the golden scale gun!

Ning Chenxin's face was slightly dignified, he controlled the general and waved his spear in his hand, and went up to him!

Boom!

Guns and punches collide!

Breath is at the junction of the two, trembling violently!

Like little snakes, they spread around!

One side is the spear gas dragon, and the other side is the huge ghost formed by the energy of the corpse!

Wasteland ground.

Also at this moment, there are cracks spreading!

The crack gap is as thick as an arm, extending towards all sides!

Like a huge spider web!

But.

this moment.

The figure of the general gradually became unreal!

If you look carefully.

will be able to see.

The power of the general is constantly being absorbed by the man in the armor!

Ning Chenxin retreated slightly.

Tian will also get out.

The opponent's technique is too evil.

At this time, Hongying's words came from the side.

"Don't get entangled with him. To deal with this kind, you can only use oppressive power to break it."

Ning Chen smiled wryly: "Senior sister, I'm afraid it won't work, I can't do this with my current strength."

Hongying nodded.

Infinitely close to the strength of False God Realm.

There is such a wicked technique.

If it wasn't for the strong False God Realm to make the move himself.

I'm afraid I really can't deal with the man in general armor.

But.

With Ning Chenxin's current strength, it is still impossible to reach the False God Realm.

Hongying said: "You go back first and leave it to me."

After finishing speaking, Hongying shot out with a spear!

At this moment, Hongying's strength skyrocketed again!

Obviously, the full power has not been used before!

After all, just now Hongying was just trying to find out the details of the person behind the other party.

Now, since it has been tested, there is no need to keep it.

The gun of reincarnation in the hand, the meaning of reincarnation carries the artistic conception of fire burning!

At the center of the eyebrows, there is actually a pattern of flames appearing!

Hongying held guns in both hands and stepped out with both feet.

Breath soared at this moment!

The meaning of reincarnation soars into the sky!

Even looking at the armored man, his eyes were serious.

The opponent's realm does not match his strength at all!

At this moment, Hongying stepped on her feet.

The body is like an arrow that leaves the string, and it shoots towards the man in the armor!

The spear in his hand pierced forward!

The meaning of reincarnation is wrapped on the spear!

The scorching flames are like fire snakes, wrapping around the gun head!

Reincarnation marksmanship!

This is the spear skill that Lu Changsheng gave Hongying!

Red tassel is rarely used.

Because of this level of marksmanship, the level is too high.

Even Hongying couldn't tell what the level of this marksmanship was!

The power is much higher than the marksmanship she knows.

And this moment.

resorted to reincarnation marksmanship.

Like shredding space.

Want to let all things fall into reincarnation!

Seeing this, the man in the general armor, not to be outdone, roared angrily: "I don't believe that a mere person in the middle stage of Qianyuan Realm can suppress me now!"

In the roar.

It is actually mixed with ghost breath!

Immediately.

The armored man stepped heavily on the void!

The void trembled slightly.

At the same time, the body of the armored man also rushed out!

And on the other side.

The corpse puppet didn't just stand there in vain.

At the same time as the man in the armor, he went towards Hongying's double-team!

Seeing this, Ning Chen would naturally not let the other party succeed.

His footsteps moved slightly.

appeared in front of the corpse puppet.

One stroke with the palm of your hand.

Heaven will charge out with a golden scale gun!

Stopped the corpse puppet!

The two stand together!

Although the Heavenly General at this moment, his huge body is somewhat illusory.

However, it is still possible to just hold the corpse puppet!

Hongying didn't guard against the corpse puppet either.

She knew that the junior brother would help her stop the puppet.

This is a kind of complete trust in Ning Chenxin!

In the thatched cottage.

The same family trust each other.

This is also the only place where Lu Changsheng feels comfortable.

It would be better if it doesn't cause trouble...

Hongying didn't have any fears.

His hands shook.

The reincarnation spear in his hand rotates and stabs out!

The meaning of reincarnation surges!

Collided with the fist of the armored man!

Boom!

The already cracked ground.

at this moment.

It started to collapse!

Its scope has spread to the army station!

Countless people couldn't stand still and fell into the pit!

Even, some people who were close were crushed to dust by this terrifying aura!

The soul is annihilated by a sense of reincarnation!

Never be allowed to enter reincarnation!

In contrast.

The face of the armored man also changed suddenly!

This meaning of reincarnation, he couldn't absorb it, and took it for his own use!

Moreover, the power from the opponent is also extremely strong!

Compared with him, he is not weak at all!

That is to say.

The red-clothed woman in front of her also possesses the strength infinitely close to that of a False God Realm powerhouse!

Which sect is this person from?

Who is his master?

How could such a monstrous person be cultivated?

Could it be that he is the arrogance of the General Academy of Tibetan Taoism Academy?

But, wasn't the old country owner holding back there?

The man in the general armor didn't have time to think about it.

The other fist suddenly struck out with a roar!

The two fists are like a dragon going out to sea, blasting towards Hongying's spear!

Hongying's face remained unchanged.

The body is moving in mid-air!

Immediately, the spear in his hand turned into a slash!

Cut it in half!

The man in general armor is weak in defense.

With a muffled snort, he flew upside down!

fell into the wasteland!

The wasteland that had already collapsed, trembled again at this moment!

And Hongying also said in time: "Third Junior Brother, let's go."

Hearing this, Ning Chen nodded heartily.

Control the sky will drag the corpse puppet.

He and Hongying left this place!

The strength of the opponent cannot be resolved in a short time.

And Hongying could clearly feel it.

The other two corpse puppets are coming at a very fast speed!

These days, retreat is the best option.

After all, the purpose has been exceeded.

Crawled the armored man out of the collapse, and saw that the two had fled.

hurriedly shouted: "The whole army obeys the order, stop the two of them quickly!"

If the opponent escapes.

Judging from today's losses.

I'm afraid I will suffer inhuman punishment from the First Prince...

Before him, the three leading the three armies had already been thrown into the cage.

Think here.

The man in the armor suddenly lost his mind.

Chapter 172 has that smell...

Hongying and Ning Chenxin were extremely fast.

The top of the concealment cloak is not only used to hide the breath, but also engraved with formations to increase speed.

At this moment, the two of them were walking quickly on the wasteland.

There is an army trying to stop it.

But because the speed is too fast, it is often impossible to react!

And in the direction of the Great Rift Valley.

Ye Qiubai saw that Hongying and Ning Chenxin were running towards this side.

Turn your palms over.

Sword domain now!

The long river of sword intent formed by the convergence of sword intents rushing towards the army!

"ah!"

For a while, the army was powerless to parry!

A gap was forcibly pierced by the long river of sword intent!

Hongying and Ning Chenxin saw this.

Directly passed through this broken gap and jumped over the Great Rift Valley!

The man in the armor and the other three corpse puppets, who followed closely behind, just wanted to jump over the Great Rift Valley and chased them out.

At the moment.

From below the Rift.

There is a rainbow light that traverses the entire Great Rift Valley soaring into the sky!

The three corpse puppets and the general armored man were forced to stop!

Iridescence filled the entire Great Rift Valley!

You must know that the scope of the Great Rift Valley is extremely large. It can be said that it has passed through the entire Tianqing Mountains!

And this rainbow light runs through the entire Great Rift Valley!

The man in the armor looked at this scene in horror.

In this rainbow light, there is an aura of endless destruction.

he knows.

Even with his current strength, which is infinitely close to the False God Realm, if he steps into it, he will be directly strangled!

There is no chance of resistance!

Destroyed!

Who made this rainbow light?

I'm afraid even a strong person in the False God Realm is not capable of doing this, right?

A rainbow of destruction that spans the entire Rift Valley.

How high a realm and aura does this require to be able to do this?

The face of the armored man was pitch black, and he watched the three of them running towards the Valley of Scourge.

Ye Qiubai looked back and saw this scene, and his face was also horrified.

"Who the **** is helping us?"

Hongying also showed fear.

This force.

Too scary.

Only the peak powerhouses of the ancient times can do this.

But, in this era, is there such a character?

Ning Chen didn't feel any shock in his heart, and his head was the clearest.

Seeing this scene, after thinking for a while, he smiled and said: "It can be done, and it will help the three of us."

"There is only one person."

Hearing Ning Chenxin's words, Hongying and Ye Qiubai also laughed.

yes.

has this strength.

On their side.

There is only Shizun.

And they're guessing.

There is nothing wrong with that.

In the midair, a phantom stood in the void and withdrew its hand.

said helplessly: "I also know that these three **** won't let me worry. In the end, don't I have to wipe their butts?"

As early as when the three of Hongying sneaked into the enemy camp.

Lu Changsheng had already set up a formation under the Great Rift Valley.

This rainbow light is released by the formation.

Why borrow the power of the formation?

With Lu Changsheng's strength, he can do this himself.

Even if it's just a projection.

However, in order not to let others see it was done.

Then follow the clues to find him.

Just below the Great Rift Valley, a formation was set up.

In this way, when the other party goes to investigate.

would only think that this formation was left by the predecessors.

"broken!"

Thinking of this, Lu Changsheng was suddenly taken aback, and hurriedly flew into the rainbow light again.

Without anyone noticing.

Lu Changsheng came to the bottom of the Great Rift Valley.

is also where he arranged the array.

Immediately, he waved his hand.

Deliberately destroyed several array eyes.

But it will not affect the power of the formation too much.

At the same time, a few unimportant places made the appearance of the circle a bit dilapidated.

Finish these.

Lu Changsheng scrutinized the formation carefully, frowned and said, "Well... it feels like something is missing."

Suddenly, Lu Changsheng thought of something.

Fly up.

Just a few breaths later.

came here with several corpses.

There are five bodies in total.

And these five corpses are all Qianyuan Realm experts in the Sunset Dynasty!

There are early, middle and late stages.

Lu Changsheng waved his hand.

Suddenly, five sword intents shot into the bodies of five people!

Puff!

In just an instant, the bodies of the five people were all destroyed!

Only bones are left behind!

Immediately afterwards, Lu Changsheng used the law of fire again.

Controlled the raging flames, roasting the bones of no one until they were dry.

But it won't turn into ashes.

Place them randomly around the array.

After doing all this.

Lu Changsheng re-examined, and then smiled with satisfaction: "Well, doesn't this smell like that?"

After speaking, the phantom disappeared and left this place.

And just an hour after the phantom disappeared.

A man wearing a yellow brocade robe and full of corpse aura came here.

His face is serious!

The man came to the formation, frowned and said, "Who exactly arranged this formation?"

"Although the formation of this strength has been damaged, it still has such power. Even in our era, no one can do it?"

If Lu Changsheng was here, he would have heard what the man said.

I will definitely regret it with a pat on the head.

After all, Lu Changsheng has always heard how powerful people in ancient times were.

Then he didn't have any worries, and arranged one casually.

The man saw the blackened corpse next to him again.

Tap with your finger.

The bones turned into ashes!

Floating in the wind.

"Well... From this point of view, it should be left by the predecessors."

Thinking of this, the man disappeared in place.

...

On the other side, the three of Hongying have returned to the Northern Territory Alliance.

Destroy the alchemy supplies behind the Sunset Dynasty.

It has spread throughout the alliance.

The Northern Territory Alliance fell into cheers from top to bottom.

Beiyu Tibetan Taoist Academy.

In the conference hall.

Wood laughed loudly and said: "Okay! Okay!"

"The ambush plan, as well as this investigation, not only obtained extremely important news, but also destroyed the opponent's rear supplies!"

"Ye Qiubai, the three of you brothers and sisters should be the first to count!"

Yun Jing also nodded with a smile.

This is planned twice.

Beautifully planned.

What is done is even better!

At this time, the momentum of the Northern Alliance has reached its peak!

Morale is on the rise!

This point is so important!

You know, the original Northern Territory Alliance was lifeless.

Even if it is defense, it is only with the attitude of giving it a try.

Because of the opponent's strength, they despaired.

Whether it is the power at the bottom or the power at the top.

They were absolutely crushed!

Now, let them see hope.

The head of the Azure Sect and the others also smiled wryly.

Back then they were still laughing at Hongying's strength.

Questions its strength.

But now, the opponent goes directly to the rear of the enemy line.

Smash supplies.

On this point, none of them can do it!

Wood said with a smile: "Okay, since this is the case, we don't need to passively defend, it's time to prepare to take the initiative!"

...

at the same time.

Buddhism in the Western Regions.

In the main hall of Buddhism.

In front of the golden Buddha statue.

A young man came here.

Chapter 173 Intervention, someone from the upper world!

Buddhism in the Western Regions.

is the most mysterious force in this continent.

Its followers spread all over the continent.

Its actions are extremely low-key.

So, even if it is a giant in the middle domain.

Also dare not provoke Buddhism easily.

And at this moment.

A young man, dressed in a white robe and holding a seemingly ordinary fan, came here.

Six old men stood opposite the young man.

But there were no surprises.

There is no hostility.

If someone saw the actions of the six people at this moment, they would probably be shocked!

I saw six old men clasping their hands together with respectful expressions.

"Amitabha, I don't know why the envoy came here this time?"

Ascension!

They called the young man an ambassador!

The young man smiled lightly and said, "What I asked you to do during this visit is very important."

One of the old men was taken aback for a moment, then he became a little excited and said, "That is to say, after completing this matter, will the old man and others go to the upper realm?"

The young man nodded.

Got his confirmation.

The six elders were all overjoyed!

They have been waiting for this moment for too long!

All things, and so low-key, in the dark.

It's all for going to the upper realm in the future!

After all, in this realm, the way of heaven has collapsed, and the aura is thin.

Martial Arts is even more desolate.

If you want to make another breakthrough in the realm, you must go to the upper realm!

Otherwise, what awaits them is the end of their lives.

Buddhists practice Taoism for the sake of a longer lifespan.

One of the old men clasped his hands together and asked in a deep voice, "Then I don't know the envoy, what do you need me to do?"

The young man stepped forward, clasped his hands together, and bowed slightly to the golden Buddha.

then said with a smile: "You also know that the higher-ups have been preparing a plan for a long time."

"At the beginning, the Yunhuang Empire fought on the road to heaven, which abruptly delayed the time for us to implement the plan."

"Now, that thing is going to be born, and this is our last chance, so we can't tolerate any mistakes!"

The six old men looked at each other.

They know that the reason why people from the upper realm look at the wild realm is because of that fetish.

Although they don't know what that fetish is.

However, it can make Buddhism ascend to the upper realm.

Then you can leave everything behind!

The bearded old man asked: "Could it be possible that there are still people in this world who can stop the upper world?"

"The Yunhuang Empire has been wiped out for many years, and the strength of this realm is getting weaker and weaker. No one should be able to stop the upper realm."

The young man shook his head and said, "Empress Yunhuang has been reborn."

"Um?"

The faces of the six people changed drastically!

Empress Yunhuang, the master of the last empire in ancient times.

is also the strongest existence!

Now it is rebirth?

The young man said in a deep voice: "At the beginning, my master was projected here to solve Empress Yunhuang."

"However, he was blocked by a mysterious man."

"Afterwards, the six suzerains arrived with projections, but they were still shattered by the mysterious man!"

Hear here.

The horror in the eyes of the six old men became more and more intense.

You must know that those six suzerains are the top existences in the upper realm.

Even if it is a projection, it cannot be blocked by people in this world!

But.

According to the young man.

Was ruined by a mysterious man alone?

Unknowingly, a person appeared in their minds.

That person is just a phantom.

Then there is nothing the Buddhist sect can do.

Even if the six of them shot at the same time, they were not that person's opponent!

Could it be... is it him?

The young man said: "What the higher-ups asked you to do is to inquire about that mysterious man."

"Confirm whether he has any plans for that fetish."

"Of course, you don't need to provoke that mysterious man. After all, even my master and their projections can't solve the person, you are definitely not the opponent."

This is a fact.

So the six old men were not angry at all.

Instead, he breathed a sigh of relief.

After all, the strength is not enough, and trying to be strong is just courting death.

The young man saw the old man's face, raised his eyebrows, and said, "Oh? Do you have any idea?"

One of the old men thought about it, and then told about the man.

The young man heard this.

"Oh? From your description, it should be that person."

"Although you are not strong enough, in this world, few people should be your opponents after joining forces."

"If that's the case." The bearded old man pondered, "Maybe we can start with his disciples."

"Um?"

The young man looked over and said with interest, "Tell me."

See it.

The old man with a long beard explained: "His disciple is Ning Chenxin, but, judging from the battle in the Northern Territory, Ning Chenxin appeared in the Northern Territory Alliance."

"And with Ye Qiubai, who is in the limelight now, and a woman in a red robe, they are called brothers."

"As long as he can control his disciples, then this matter will be easy."

Heard the words.

The young man nodded and said, "Very well, then let's do this."

"However, if you are not sure whether the other party is spying on that fetish, don't provoke it."

The bearded old man nodded and said: "Understood, then we will secretly intervene in the war in the Northern Territory to help the Sunset Dynasty win this victory."

"Then use the hands of the Sunset Dynasty to control his apprentices."

After hearing this, the young man nodded in satisfaction: "It's just right."

"Where is the Sunset Dynasty, I will go there myself."

"Okay, at that time, the old monk will take the emissary to go together."

After confirming the plan.

Buddhism officially intervenes in the war in the Northern Territory!

at the same time.

Zhongyu Tibetan Taoist Academy.

The old lord has already heard the news.

His face was a little gloomy.

Dean Yan said with a smile: "I'm afraid, the balance of war has tilted."

The old king snorted coldly: "The matter has not yet been decided, the old man just needs to hold you back."

"Oh? Can it last?"

At this time.

Dean Yan and the old master both looked into the sky.

Dean Yan smiled.

The old lord's expression sank.

I saw a middle-aged man coming with a sword!

The sword intent emanating from his body always represents that this person is a great sword sect!

"Lin Rufeng... Will you Yinjianzong also participate in this matter?"

Comer.

It is the Hidden Sword Sect, one of the three major sects in the Central Region!

Suzerain Lin Rufeng!

It is also the cultivation base of the early stage of False God Realm!

What's even more frightening is that Lin Rufeng is a great sword sect!

The old king's face was gloomy.

If Lin Rufeng and Dean Yan join forces.

I'm afraid, the old master will not be able to deter the General Academy of Tibetan Taoism Academy.

After all, two False God Realm powerhouses are enough to hold back the old king.

Even.

The two paid a small price, which might have cost him his life!

The old lord's face was gloomy, and he said: "My Sunset Dynasty should have no enmity with Yinjianzong, right?"

Lin Rufeng laughed and said, "It's normal for me to be a swordsman, and it's not fair when I draw my sword."

Dean Yan was speechless.

Who would believe this kind of nonsense!

The old lord snorted coldly, and said: "If that's the case, then you can see the truth in your hands."

After all, the old king disappeared here.

War Escalation!

The major forces began to intervene one after another!

Chapter 174 The general attack begins!

Azure Mountains.

Towering into the sky.

The higher it goes up, the thinner the aura becomes.

There are extremely powerful monsters living on it.

Even those who are strong in the False God Realm dare not cross the Tianqing Mountains directly.

It can only be entered from the Valley of Scourge.

So.

The Tianqing Mountains have become the natural line of defense of the Northern Alliance.

Easy to defend but difficult to attack.

And now.

The two active attacks of the Northern Territory Alliance have caused great losses to the three-way army of the Sunset Dynasty.

It even made the morale of the Northern Alliance boil!

And what happened afterwards made everyone even more excited.

this day.

The Northern Territory Alliance is discussing the next step in the conference hall.

Above the Northern Territory, there are several ships arriving!

Everyone greeted them one after another.

Looking at those ships, they all looked surprised!

"The people from the General Hospital are finally here!"

The first two ships are all people from the General Academy of Tibetan Taoism Academy!

The person leading the team is the vice president, Ding Yunhe.

Ding Yunhe's strength is also ranked first in Zhongyu.

The realm is in the half-step False God Realm.

Behind him, the head of the law enforcement hall, and many elders.

and many students!

"Hey, where are the two ships behind?"

Someone asked.

Yun Jing came out and looked up at the two ships behind.

The shape of the two ships is different from other ships.

It's like an unsheathed sword!

Seeing this scene, Yun Jing was slightly taken aback.

"Hidden Sword Sect? Why are they here?"

That's right, the two ships behind are people from the Hidden Sword Sect.

In the Northern Territory Alliance, they were also a little dazed.

There should be no friendship between Yin Jianzong and Tibetan Taoism Academy.

They also don't think that there is anything in Tibetan Taoist Academy that can impress Yin Jianzong.

After all, the backgrounds of the two forces are not much different.

Unless you take out Mount Gudo...

However, this is the foundation of Tibetan Taoist Academy.

How could it be handed over.

Wood Shi and Yun Jing stepped forward to greet him.

Four ships stopped in the open space.

The person above jumped down and walked in front of Wood and the two of them.

Wood stretched out his hand and smiled: "Dean Ding, you are finally here."

Ding Yunhe stretched out his hand and said, "Thanks to the help of Yin Jianzong."

"oh?"

Wood looked at the person in the direction of Hidden Sword Sect in surprise.

I saw that the leader of the hidden sword sect was Sun Luo, the deputy suzerain.

The person behind him was a man holding a sword.

I saw the man holding the sword looking around.

Immediately, his eyes lit up, and he walked towards the alliance camp.

unexpectedly walked in front of Ye Qiubai.

"Brother Ye, I heard that you have done something great here again!"

The man holding the sword is the direct heir of the master of the Hidden Sword Sect, Liang Feng.

Ye Qiubai smiled and said, "It's not my fault alone."

Sun Luo, the deputy lord of the Hidden Sword Sect, greeted Wood, and then walked up to Ye Qiubai.

After looking up and down, he said with a smile: "Usually I often hear Liang Feng talking about you, but now I see you, you are really a heroic boy."

Ye Qiubai clasped his hands and said, "Senior, you've praised me a lot."

Sun Luo waved his hand and said: "I don't mean to flatter you, my swordsman, whatever is on our mind, we will naturally say what we say."

Jianxiu, go straight.

There won't be so many twists and turns.

With too many flamboyant intestines, the sword in my heart will no longer be pure.

This is a big taboo for sword repairers.

And others saw this scene.

also understood.

The reason why Yin Jianzong will help.

I'm afraid to a large extent, it's because of Ye Qiubai.

They are optimistic about the future of this son!

Wood Shi and Yun Jing are no exception.

After all, even they thought that Ye Qiubai would stop at the peak in the future.

"Okay, with everyone's support, it's time for us to take the initiative to attack."

Everyone walked into the meeting hall.

Start discussing how to attack.

Finally, it was decided to divide into three groups to attack the three armies of the Sunset Dynasty respectively!

The left wing is led by Yun Jing, the head of the Law Enforcement Hall of the General Academy, and Wood Shi, the suzerain of the Azure Sect.

On the right side, the team is led by Sun Luo, the deputy suzerain of Yin Jianzong.

In the middle, this road is the most important.

Not only need to quickly destroy the enemy's army.

It is even more necessary to help the left and right sides after quickly defeating the opponent, so as to expand the advantage.

Finally establish the victory of the battle!

so.

The team in the middle needs more strength.

The team was led by Ding Yunhe, the vice president of the General Academy.

Among the three, Hongying is the strongest.

Hongying joined Ding Yunhe's team.

Ye Qiubai and Ning Chenxin were in the left and right teams respectively.

After confirming the plan.

Get supplies ready.

Assemble the team.

They gathered outside the Valley of Scourge!

Get ready for a counterattack!

Wood was the leader of the alliance.

At this moment, standing in front, said loudly: "Although there are some people who are at odds with us on weekdays."

"Even the various forces are fighting openly and secretly."

"However, the Sunset Dynasty wants to integrate the Northern Territory, and is extremely cruel by any means. This is destroying the Northern Territory."

"We are therefore allied. Today, the ambush and exploration plan has been successful, support has arrived, and the east wind has arrived."

"Now is the time for us to counterattack!"

When everyone looked at Wood, their momentum began to rise.

Wood looked around at the same time, spread his hands, and continued: "The Northern Territory is everyone's Northern Territory, and it is not named Sunset."

"For the innocent people of the Northern Territory, and for our own territory, it's time to defeat the Sunset Dynasty."

The voice just fell.

There were loud cheers in the Northern Territory Alliance.

Ding Yunhe looked at this scene and nodded secretly.

Wood was able to take the post of dean of the Northern Territory Tibetan Taoist Academy.

Not only has the relative strength.

It also has a way of provocative.

Immediately.

Everyone set off.

Heading in the direction of the Great Rift!

...

At this moment, the Northern Territory Alliance did not hide its whereabouts.

Was discovered by the scouts ahead.

The scouts hurriedly sent a message.

Among the three armies of the Sunset Dynasty, they learned this information.

The three men in general armor all stood up.

Integrate the team and prepare for the attack of the Northern Territory Alliance!

The first full-scale attack.

is about to explode!

It's just a moment of incense, on both sides of the Great Rift Valley.

The armies of the Sunset Dynasty and the Northern Alliance are facing each other!

The corpse puppet carries a monstrous corpse aura.

Among the army, there is even more black air surrounding it!

The howling sound of ghosts spread all over the sky above the Sunset Dynasty!

It's like crawling out of the ghost palace.

The momentum is extremely frightening.

One side of the Northern Territory Alliance.

Morale is high at the moment.

No one showed timidity.

after all.

The giants of the central domain, the support of Hidden Sword Sect and the General Academy of Tibetan Taoism Academy have arrived.

At the peak combat power.

There have been no gaps!

Wood waited for the leader of the team to rise from the sky.

Stand in mid-air!

the other side.

Sunset Dynasty, three men in general armor, and three corpse puppets also stood guard behind the army.

In war.

Peak battle strength will not be dispatched easily.

After all, once the peak combat power is dispatched.

Then it will be a fatal blow to the people in the army below.

No one will bet on it.

On the right side, the man in armor sneered, "Even if you have support coming, so what?"

"Our army obeys orders and prepares to attack!"

The total attack is about to start!

Chapter 175 is slightly better

The high-level people of the Sunset Dynasty and the Northern Alliance.

seems to have reached a consensus.

and in mid-air, waved his hand, and a spiritual energy gathered above the Great Rift Valley!

A series of aura bridges are suspended!

On the right, the man in armor gave the order to command the army to march!

On the right side is Yunjing, directed by Wood.

Ning Chenxin was among them.

Yunjing also commanded the army to attack!

The two sides stand together!

For a time, the sky was divided into two areas.

A corpse is majestic, and ghosts howl!

On the other side, all kinds of aura burst out!

On the aura bridge, the two sides are fighting!

On the wasteland, dust is everywhere!

In the sky, the clouds retreated.

At this time.

On the side of the Northern Territory Alliance, four people rose into the sky.

Take out a formation flag from the ring, take out the formation flag, and insert it in various directions!

Immediately, the four of them gave a deep shout, and a light curtain immediately enveloped the aura bridge!

Suddenly, the people on the side of the Northern Territory Alliance could feel the aura in their bodies slowly recovering!

The power of the attack has also been strengthened a bit.

This is the augmentation formation!

Belongs to the battlefield!

Because of the battle formation, the situation was originally stalemate.

Started to be controlled by the Northern Territory Alliance.

The army of the Sunset Dynasty began to retreat!

The armored man frowned slightly when he saw this scene.

Although this formation cannot be said to be a profound formation.

But among the armies whose strengths are not much different.

is extremely useful.

As long as there is a little advantage, it can become a factor of victory.

Think here.

The man in the armor waved his hand.

A strong man in the late stage of the Qianyuan Realm behind him nodded and flew out.

The double-edged ax in his hand suddenly smashed out!

In space.

There were tiny cracks, but they were enough to make the space tremble!

Lasing towards the four people who arranged the formation!

The realm of the four people is nothing but a water overflowing realm.

If you are hit by this terrifying attack.

Naturally, he will be killed instantly!

Wood saw this, snorted coldly, and slapped it out!

A big azure palm print, with the meaning of suppression, went towards the attack to meet it!

Boom!

The two attacks collided with each other!

The wind is blowing everywhere!

The aura seemed to be transformed into substance, spreading towards the surroundings!

A planar shock wave is constantly lasing towards all directions!

Attack aftermath.

It even made the attacking armies on the aura bridge tremble!

Unsteady breathing.

This is also the reason why high-level combat forces will not do it easily.

The strong Qianyuan Realm man with a double-edged ax saw this, and said with a smile: "Dean Wu, it's been a long time since we fought, go up and fight?"

Wood didn't speak at the time, and with a slight movement of his body, he rushed towards the sky!

Seeing this, the man sneered and followed.

The man in the armor saw that there was no solution, and his own army was constantly retreating.

"In that case, you two, go."

A mid-Qianyuan Realm and a late Qianyuan Realm powerhouse beside him nodded and rushed towards the four who cast the formation!

Yun Jing frowned.

He and the lord of the Sky Blue Sect must keep a close eye on the man in general armor and the corpse puppet of the half-step Void God.

Can't do it easily.

On their side, although there are Qianyuan Realm experts.

But obviously, not the opponents of those two.

is just the beginning.

Besides, Ning Chenxin seemed to see Yunjing's thoughts, took a step forward, and said with a smile: "Let me do it."

The head of the Azure Sect looked at Ning Chenxin, and said solemnly: "The other party is a middle-stage Qianyuan realm and a late-stage one, can you stop them?"

Ning Chen smiled lightly and said, "Try it."

Seeing this, the master of the Azure Sect also knew that there was no better way now.

then nodded and said: "Then you go and delay those two people, and try to delay as long as possible."

Yunjing was not worried.

Ning Chenxin is that senior's disciple.

He said he could.

Then you can go.

Regarding this point, Yunjing has no doubts.

just said: "Everything be careful."

Ning Chen nodded heartily.

Holding the Taoist scriptures, he stepped forward and came to the front of the two people.

On the other side, Hongying and Ye Qiubai also saw Ning Chenxin.

"Third Junior Brother made a move?"

"It seems that it is quite intense over there."

Naturally, the two of them were not worried.

They couldn't be more clear about Ning Chenxin's strength.

Two Qianyuan Realm experts looked at the scholar in front of them.

smiled: "You want to stop us?"

Ning Chenxin didn't have any realm aura in his body.

And if the breath is hidden.

Ning Chenxin must be a strong False God Realm to be able to prevent the two of them from discovering it.

However, at such a young age, how could he be a strong False God Realm?

What's more, if the opponent is in the False God Realm, is this war still necessary?

After all, here, there is no strong False God Realm sitting in charge.

Ning Chenxin didn't say anything.

Opening the Taoist scriptures, with a gentle smile on his face, he spit out a word lightly.

"Town."

The tone is gentle.

It's rolling like thunder!

A town character seal exuding golden light moved towards the suppression of the two of them!
felt this breath.

The faces of the two of them changed drastically!

This oppressive atmosphere is too terrifying!

They knew that they underestimated the enemy.

Both of them roared angrily, not daring to hold anything back, their strength exploded out!

Two palm prints blast towards the town character print!

The clouds rolled over.

Dust everywhere.

The stones in the wilderness were blown by the strong wind.

In mid-air, he was crushed into ashes by the violent spiritual energy fluctuations!

Just moments!

The two palm prints were actually shattered!

The town character stamp also disappeared.

But both of them took a few steps back and let out a muffled sound!

The battle here has attracted the attention of the man in the middle armor on the side of the Sunset Dynasty.

Turning his head to look, he found Ning Chenxin's figure.

His complexion changed drastically!

Immediately shouted: "Back!"

You know, it was this young scholar who stopped a dozen Qianyuan Realm experts by himself!
even suppressed it!

In the end, he was able to suppress Ning Chen's heart by using the secret method of the soul flag,
and his realm skyrocketed!

And at this moment.

How could those two Qianyuan Realm experts be Ning Chenxin's opponents?

However, it was too late to spread the voice of the man in armor over there.

Ning Chen was moved.

Open your mouth lightly.

"Pro, soldier, fight, person!"

Every word is paused like thunder roaring!

A giant celestial general, wearing a divine armor, holding a divine spear, and carrying a colorful light, slashed towards the two Qianyuan realm powerhouses!

The expression of the two of them changed.

Slightly took a step back and clapped his hands out.

A spiritual barrier appeared in front of the two of them!

But.

How can this hastily condensed barrier stop the attack of the general?

I saw that the heavenly general came to the world like a magic soldier, dancing with a sharp spear in his hand.

Slash on that barrier!

The barrier cracked at the sound.

As if crushing the dead, they crushed the two Qianyuan realm powerhouses into a pulp!

Everyone looked at this scene and fell into shock.

The head of the Azure Sect showed bitterness.

What is the origin of these people.

One Ye Qiubai, one Hongying, and now Ning Chenxin.

All come from the same door.

Who is their master?

Can cultivate such evildoers?

Chapter 176 The Caotang goes to battle!

On the wasteland.

The rocks are flying like a storm sweeping the world!

And above the Great Rift Valley.

The clouds rolled over.

The Qianyuan Realm powerhouses on both sides released their aura, and they built bridges of aura across the rift valley.

Over the bridge.

Filled with berserk aura, and the palpitating howling sound of ghosts!

Two armies are at war.

Ning Chen stood above the army with his heart in his hand, holding the Taoist scriptures.

One seat in Tsing Yi, automatic without wind.

There is an ordinary, even some patched book basket on the back.

It looks like an ordinary scholar who is studying hard in a cold window and wants to get fame.

It is a drop in the ocean among those mortals who cannot cultivate and want to change their fate through fame and fame.

But.

is such a seemingly ordinary young scholar.

But holding the Taoist scriptures, with his own strength.

Words follow the law and call out the generals.

Kill the opponent's two Qianyuan Realm experts!

The left-wing army of the Sunset Dynasty suffered a great loss in strength!

This caught everyone by surprise.

And Ning Chenxin won a crushing victory.

The morale of the army of the Northern Territory Alliance skyrocketed again!

There was a roar of joy.

Hongying looked at this scene and said with a smile: "Third Junior Brother's realm of Confucianism and Taoism has become deeper and deeper, and the Confucian Emperor's words are slowly being confirmed."

Ye Qiubai also showed a gratified smile.

He was the first to be accepted as an apprentice by Lu Changsheng.

As the elder brother of the thatched cottage.

Nowadays, the younger brothers and sisters are getting stronger and stronger, which makes Ye Qiubai proud.

Yunjing is also emotional.

With the strength of that senior, it is normal to be able to cultivate this kind of disciple.

At the same time, the leaders of the Northern Territory Alliance on the other two sides.

See the morale increase.

also noticed that now is the best time to dispatch.

On the right side, the person leading the team is Sun Luo, the deputy suzerain of the Yinjian Sect. He pulled out the sword at his waist from its scabbard.

Pointing in the direction of the Sunset Dynasty, he shouted: "The whole army is dispatched, launch a general attack!"

In the middle, Ding Yunhe, the vice president of the General Academy of Tibetan Taoism Academy, also said loudly: "Start attacking!"

All of a sudden, the Northern Territory Alliance was dispatched!

Ye Qiubai soared into the sky.

Turn your palms out.

The sword field is expanded!

A series of sword intents filled the aura bridge!

Killing everyone in the Sunset Dynasty!

Hongying is not to be outdone.

In the middle of the team, holding a reincarnation spear, piercing out with one shot!

Phantoms of spears entwined with raging fire stood behind Hongying.

The momentum is terrifying.

Pierce towards the army of ghosts!

Ning Chenxin, Ye Qiubai, and Hongying have obviously become the most dazzling existences in the Northern Territory Alliance!

Every attack they make.

All of them can cause huge damage to the Sunset Dynasty!

What shocked the man in general armor even more.

Ye Qiubai's sword domain is so large that it covers the entire army on the right side of the Sunset Dynasty!

Those sharp sword intents cut through the space!

It made the army scream again and again!

This range attack.

Most effective for this kind of massive army war!

If Ye Qiubai is not stopped in time, I am afraid that he alone will be able to kill all the troops of the Sunset Dynasty!

And there are these three people.

The pressure on the ascetic team of the Northern Alliance has dropped dramatically!

Jian Chaomian looked at Ye Qiubai's back with firm eyes.

The gap between him and Ye Qiubai is getting bigger and bigger.

Wanting to make up the gap, catch up with Ye Qiubai's back.

It's not just complaining about lack of talent here.

Only work harder, break the limit of talent, and surpass ourselves.

to be eligible to chase!

At this moment, Jian Chaomian's kendo has improved again!

Enter the realm of the great swordsman!

The sword intent is thicker and sharper!

Liang Feng stepped forward with his sword in his arms.

Sword intent surrounds him.

Vigorous and sharp!

Looking at Ye Qiubai's back, he smiled.

"In this life, it is the sorrow of all sword cultivators to have such a peer sword cultivator."

Sadly.

Ye Qiubai's talent for swordsmanship is too high, as high as a mountain rushing into the sky, standing in front of all swordsmen of his generation.

Impossible to climb over!

"But, it's also the luck of all sword repairers!"

People have goals, and Ye Qiubai's back is worth chasing!

With a goal to overcome, their swordsmanship can be more refined!

Sounds contradictory.

But it is impossible to refute.

Liang Feng stepped forward, the long sword in his arms unsheathed!

Show your edge!

On the opposite side of the Northern Territory Alliance, three men in general armor looked at this scene with ugly expressions.

If these three are allowed to play.

Not only will it cause more damage to the Sunset Dynasty.

It will also become a point of high morale for the Northern Alliance.

We must defeat these three as soon as possible!

The three commanders of the Sunset Dynasty glanced at each other and nodded.

Control the corpse puppet and step forward!

When the leaders of the Northern Territory Alliance saw this, their faces were all condensed.

The other party finally couldn't help but unleash their peak combat power.

Three corpse puppets who are half-step False Gods!

On the left, Yun Jing and the master of the Azure Sect greeted him at the same time!

On the right side, Sun Luo stepped out!

In the middle, Ding Yunhe resisted!

Their existence is to hold back these three corpse puppets!

If these three corpse puppets are allowed to rush into our army.

Then, the consequences will be disastrous!

Of course, the three commanders of the Sunset Dynasty naturally wouldn't place their hopes on corpse puppets.

The fact that they were able to sit on the high position of commander-in-chief of the first army also meant that they would not be too stupid.

Send out corpse puppets.

It's also just to hold back the opponent's peak combat power!

At the same time, the three men in general armor rushed towards Ye Qiubai and the others at the same time!

Seeing this, Ye Qiubai took out the Dark Demon Sword from his hand.

A palpitating breath slowly came out from the Dark Demon Sword!

Facing the existence of this infinitely close to half-step False God.

Ye Qiubai has no fear!

Step on the long river of sword intent, and head towards the man in general armor!

Hongying took out the samsara spear, and the meaning of samsara surged into the sky!

Ning Chenxin stood in the void with the Taoist scripture in his hand, without moving.

But the celestial general in divine armor, holding a golden scale sharp spear, rushed towards the man in the general armor!

The three of them faced the opposing commander without any panic!

Yes, but endless fighting spirit!

On the right side, the man in the armor sneered, but also took out a long sword.

Sword intent, release it!

only.

Sword?

In Ye Qiubai's sword domain.

All sword cultivators will be suppressed by Ye Qiubai's sword field!

In the field of swords, Ye Qiubai is the absolute master of swordsmanship!

If it wasn't for the realm of swordsmanship surpassing Ye Qiubai too much.

will be suppressed!

not to mention.

The kendo realm of the man in general armor is in the realm of a great swordsman!

And what about Ye Qiubai?

Today's kendo state has broken through to the half-step sword sect.

Only one step away from reaching the realm of Jianzong!

Under the suppression of the kendo level.

The sword of the man in the armor seemed to be stuck in a quagmire.

Every time you wave it, you will feel obscure.

The sword intent is also restrained by the sword intent filled in the sword field!

The man in the armor seemed to sense this, frowned slightly, and said, "Even so, so what?"

Ye Qiubai is just the late stage of Shui Yi Jing.

The cultivation base of the armored man has reached the late Qianyuan stage, which is a bit stronger than the average late Qianyuan stage powerhouse.

Under this level of realm gap.

The man in the general armor doesn't think he will lose!

Chapter 177 Suppression!

In the sword domain.

Ye Qiubai is the master of swordsmanship.

All sword cultivators will be suppressed by Ye Qiubai's kendo.

At the moment.

Ye Qiubai's sword is like the sword of a king!

The long river of sword intent rolled violently in the air.

Ye Qiubai stepped on the long river.

The dark magic sword in his hand cut out!

The seventh sword, the devil comes!

A dark demonic energy that wants to make all living beings surrender.

On the sword body of the Dark Demon Sword, torrents surged!

A dark black slash crossed the void, and slashed towards the armored man!

The man in the general armor did not have the slightest intention of retreating.

Under the gap in the realm.

The armored man is not allowed to retreat!

If he is forced to retreat by a young sword cultivator who is overflowing with water, how should he deal with himself?

Pierce the long sword out of the armored man's hand!

A gust of wind swept out from the tip of the sword!

And the eye of the gale has a huge sword condensed with sword intent!

Great Wind Sword!

It is formed by the fusion of the artistic conception of wind and sword intent!

Speed and sharpness are much stronger than ordinary sword energy!

Under this sword.

I don't know how many people of the same realm have suffered from the hands of the man in general armor.

Since the beginning of the fight.

The man in the general armor never thought of keeping his hand.

Similarly, he didn't think that Ye Qiubai's realm was so much lower than him, so he asked for mercy.

This is war.

It is not a regular sparring.

Be merciful in war and retain strength.

Isn't this a bad brain?

Under the giant sword of the wind.

The space seemed to be torn apart by the violent gusts of wind!

Immediately, he and the Dark Slash joined together.

Immediately!

Aura is brave!

Endless black energy, wantonly vented!

The giant sword of the violent wind is also extremely powerful, when it is cut together.

has caused suppression!

The devil is coming.

Under the suppressed slash of this realm, the spiritual energy in it began to leak towards the surroundings!

Ye Qiubai naturally wouldn't think that the seventh sword of the Heavenly Demon's Nine Swords alone could solve the opponent.

The gap in realm is difficult to make up.

Only the level of weapons, techniques, artistic conception, and sword skills is high enough.

can make up the gap.

certainly.

These four factors.

Ye Qiubai took over.

Weapons?

The Dark Demon Sword was previously fused with the Frost Sword Spirit, and it has successfully advanced from a heavenly peak treasure to a Spirit Sword!

Cultivation method, the sword scripture of Taichu, the grade is unknown.

But it is not comparable to the indigenous exercises in this world.

Mood?

Ye Qiubai's Sword Intent Realm has reached half-step Sword Sect Realm.

As for sword skills, there is no need to say more.

Whether it is the Heavenly Demon Nine Swords or the Sword Domain, they are all inherited from the ancient sword masters.

What's more, the Heavenly Demon Nine Swords have been improved by Master Lu Changsheng.

With the blessing of these things.

It was Ye Qiubai who was able to leapfrog the ranks to fight.

Moreover, every battle that leaps to the next level can win.

At this time, the river of sword intent also rushed towards the giant sword of the wind!

Before the black slash completely dissipated, the attack was added!

And this giant sword of the wind is also under the suppression of the sword field and the turbulent collision of the long river of sword intent.

Completely disappeared in this space!

The man in general armor was slightly taken aback when he saw this.

It can be said that he used his full strength for this blow.

However, not only did Ye Qiubai not beheaded.

Moreover, he resisted it?

Looking at Ye Qiubai's expression, there was no change at all.

Aura fluctuations remain stable.

Obviously, the opponent did not suffer any injuries!

Why is this?

My own realm is more than a whole realm higher than Ye Qiubai!

The man in the armor sank his face, held a long sword, and continued to charge towards Ye Qiubai.
the other side.

Ning Chenxin controls the general.

Wearing a divine armor and holding a golden scale spear!

fought with the commander on the left.

Ning Chenxin's strength, after several baptisms of Dao Xin, is already enough to counter the existence of the late Qianyuan Realm.

The strength of the man in the general armor has not yet reached the half-step False God.

So, Ning Chenxin fought with ease.

The other party has nothing to do with him.

This also surprised the man in the armor.

Obviously the other party doesn't have any aura fluctuations.

But relying solely on Confucianism and Taoism to achieve this.

Which sacred disciple is this person?

As in the middle.

The battle between Hongying and the armored man left everyone dumbfounded.

All in process.

The man in the general armor was suppressed by Hongying!

This is absolute suppression in terms of strength!

The reincarnation spear in Hongying's hand.

or chop, or chop, or stab.

Countless gun shadows kept attacking the man in the general armor!

The man in the general armor had no chance to initiate an attack at all.

Can only defend passively.

Several times, if it wasn't for the protection of a corpse.

I'm afraid, the man in the general armor has already been pierced by the spear of reincarnation in Hongying's hand.

That's it!

Hongying gave a light drink, and the meaning of reincarnation was wrapped on the reincarnation spear!

Exercise reincarnation marksmanship!

She doesn't intend to stall for time.

Only by solving quickly can this war be resolved quickly!

Felt the breath of the spear in Hongying's hand.

The face of the armored man changed drastically!

This breath.

There is no doubt that as long as you are hit, no matter how you defend, you will be protected by corpse energy.

will be instantly beheaded!

Soul annihilation!

Never enter reincarnation!

A look of horror flashed in the eyes of the armored man.

He originally thought that the peak strength of this team of ascetics was Ding Yunhe, the vice president of the General Academy of Tibetan Taoism Academy.

How can I know.

The stunningly beautiful woman in front of me is as powerful as a half-step False God!

I'm afraid, compared to the average half-step False God powerhouse, he is somewhat stronger!

As long as the false spirit does not come out.

are no match for this beautiful woman!

But.

He is one of the three commanders of the Sunset Dynasty.

He cannot back down.

Even in the face of death threats, you can't retreat!

Why?

Because he withdrew.

Then, the morale of one's own army will fade like a wave!

At that time, it was the turning point of the defeat of this war!

Morale.

Affects the strength of an army!

This statement is by no means an exaggeration.

Only with the spirit of fearlessness, can this army be invincible!

so.

He cannot withdraw.

This retreat will end in failure!

The man in the armor turned hard and took out the soul banner.

In the soul banner, there are ghosts surrounded!

This is what the eldest prince gave them as commander.

And warned, "Only at the moment of life and death, can the ghosts be devoured."

Now, this moment has come.

The man in the general armor didn't hesitate, his face became ruthless, and he devoured the screaming ghosts in the soul banner!

Immediately!

Under the skin of the armored man.

The ghosts are rioting here!

The armored man let out a scream!

His eyes began to turn white, and at the temples, there was a black air filling the air!

At the same time, the general armor on the man in the general armor shattered!

The skin that was turning gray was exposed!

That black hair was also dyed a dead gray at this moment!

only.

Breath also skyrocketed at this moment!

Realm breakthrough.

Reached the half-step False God Realm!

Seeing this scene, Hongying's eyes sank slightly, "Is the old man's secret technique..."

It's just that this secret method is sacrificed.

Although the strength will skyrocket.

However, after half an hour.

It will completely devour all the functions in the body, as well as the soul!

Completely turned into a corpse!

Chapter 178 Victory is in sight

This is the usual method of the corpse old man.

That is because it has the means of hurting peace.

It caused headaches and dread for all the major sects and families in the ancient times.

This secret method can not only improve the strength of a monk in a short period of time.

And after the ghost enters the body.

When the time is up, it will invade its body and devour its soul.

At that time, that person will only exist in a physical body, like a walking dead.

This is a corpse puppet.

Because of this secret method, the strength of the Yin Corpse Old Man's subordinates continued to flow.

Even the Yunhuang Empire was afraid of this.

In the end, it was also the combination of countless giant forces that completely wiped out the seals of the evil cultivators such as the old man with corpses!

Today.

The secret technique performed by the man in the armor is the corpse puppet secret technique.

At this moment, the corpse in front of Hongying was overwhelming.

Among the corpse-filled sky, there are countless ghosts roaring!

The phantom face looks extremely hideous.

Make a whistling sound.

Spread it all over the world!

People with low cultivation bases covered their ears and showed pain on their faces.

The howling sounds of ghosts pierced the eardrums and reached the sea of consciousness.

The souls of everyone are like candles in the wind, fluttering and turbulent!

For a while, the ascetics on the side of the Northern Territory Alliance were more or less affected.

The three-way army of the Sunset Dynasty also seized the opportunity at this moment to launch a counterattack!

Seeing this, Hongying didn't delay.

All over the body, the meaning of reincarnation soars into the sky.

On the reincarnation spear, there is a fire snake winding around it.

The combination of the meaning of reincarnation and the artistic conception of flames created a destructive atmosphere in this space!

The space around the reincarnation spear is distorted by it!

Reincarnation marksmanship.

Lu Changsheng gave Hongying the marksmanship.

Its grade is unknown.

But Hongying knew that this marksmanship was stronger than the marksmanship and kung fu she had practiced in the past!

Just this first move made Hongying startled.

It is extremely mysterious.

This pose made Hongying comprehend for a long time!

Now, release it.

Meanings of reincarnation burst out from between Hongying's eyebrows!

fills the sky.

Immediately, like a vast ocean, it gathered on the body of the reincarnation spear!

Hongying held guns in both hands and raised her hands.

One step at a time!

The meaning of reincarnation skyrocketed again!

The man in the armor on the other side let out an inhuman roar!

Amidst the roar, there was actually ghost energy emerging!

Immediately.

The man in the general armor carried endless corpse energy, and stepped into the void!

The body shot out like a wild beast out of trouble!

Rush towards Hongying!

raised his fist, trying to shatter the space!

Hongying didn't show the slightest sign of fear.

Eyes firm.

Look indifferent.

Double step out.

The reincarnation spear in his hand stabs out suddenly!

The meaning of reincarnation turned into a vortex, sweeping towards the man in the armor!

This is the first form of reincarnation marksmanship!

One time.

In the sky, there is thunder and lightning!

The meaning of reincarnation fills the sky.

Formed a confrontation with that monstrous corpse aura!

Immediately, they collided!

Slammed the armored man's fist wrapped in endless corpse energy into the vortex of the long spear transformed by the meaning of reincarnation!

The power of the half-step False God Realm is undoubtedly revealed at this moment!

Breath surged towards the surroundings!

Countless people stopped what they were doing and looked at the battle in the sky, all with serious expressions on their faces.

This blow.

It will be a life-and-death blow.

Or, the armored man will fall.

Either, Hongying is defeated!

only.

The second case.

Neither Ye Qiubai, Ning Chenxin, nor Hongying herself had thought about it.

Because this possibility simply does not exist!

Hongying is the ancient empress.

is the last female emperor in ancient times!

Rich heritage, extremely powerful.

Now that the ninth life is reincarnated, the talents of the ninth life are integrated into this life, this body!

He had the spear and return marksmanship given by Lu Changsheng again.

Under all kinds of blessings.

How could they retreat?

If you are defeated, what qualifications do you have to fight the heavenly road again?
as expected.

Under everyone's horrified eyes.

In Ye Qiubai and Ning Chen's expressions of course.

The reincarnation vortex pierced by the spear of reincarnation.
at this moment.

The arm of the armored man was twisted into powder like a crushing one!

The offensive continued.

When the man in the general armor showed a horrified look, he was swept by the whirlpool!

Erosion!

Accompanied by screams.

will armor the man's body and soul.

All completely dissipated in this space...

Only one hit!

Then he will use the corpse puppet secret method, and his strength will be raised to the man in the general armor of the half-step False God.

The commander of the middle army of the Sunset Dynasty.

Beheaded in the world!

Never enter reincarnation!

Hongying held the Spear of Reincarnation in one hand, pointing the tip at the ground.

Looking at this scene indifferently.

Like a peerless Valkyrie.

This result, in her opinion, is a matter of course.

And the victory of this battle.

Thoroughly inspired the morale of the Northern Alliance!

Everyone began to unleash their full strength, rushing towards the army of the Sunset Dynasty without fear of death!

The army in the middle, due to the lack of peak combat power.

It directly led to Hongying and other Qianyuan Realm masters rushing into the army and carrying out a unilateral massacre!

Soon, the middle army of the Sunset Dynasty was wiped out at an extremely fast speed.

At this time, since Hongying's alliance army has eliminated the enemy, they can begin to support the left and right sides.

The scales of victory.

At this moment, it has completely tilted towards the Northern Territory Alliance!

Everyone, with cheerful smiles on their faces, charged into the enemy line.

It seems that victory is just around the corner!

In the haze of these days, countless sects have fallen.

Three lines of defense established.

It took only half a day for the first line of defense to be breached.

At that time, they could only hide in the second line of defense, which was the Tianqing Mountains.

Painfully guarding the Valley of Scourge, waiting for the support of the General Hospital.

Now, victory is about to come.

How can you be unhappy?

the other side.

Ning Chenxin played against the man in armor.

The man in the armor sensed the situation around him, and couldn't help feeling a little anxious.

If this continues, you will definitely lose!

Wanted to support, but was blocked by a general holding a golden scale gun!

Ning Chen held the Daoist scriptures in his heart, and said with a faint smile, "You should take care of yourself first."

Immediately afterwards, he spit out another word.

"Town!"

The man in the general armor had to grit his teeth to defend.

On the right, Ye Qiubai casts his sword domain.

Suppressing the kendo realm of the man in general armor.

Stepping on the long river of sword intent, the man in the general armor was also unable to escape.

Similarly, there is no way to take Ye Qiubai!

It is only in the late stage of Shui Yijing that he can have such strength.

Which evildoer is this?

Zang Dao Academy, when did you have such a talent?

The only two remaining commanders were anxious, but they couldn't escape.

I thought to myself.

I'm afraid, this battle is really about to be lost...

Crash!

It is at this moment.

In the sky, the clouds dispersed.

And among the scattered clouds, there is a golden Buddha's light, illuminating the world!

"Amitabha, don't kill again."

Chapter 179 Buddhism enters the world

Golden Buddha light, piercing through the clouds.

Like the sun, shining on everyone.

Accompanied by the voice of an old man.

In the light of the Buddha, two old men in cassocks floated down.

Ding Yunhe, who was fighting the corpse puppet, looked at this scene and was slightly taken aback.

"Buddhism?"

Buddhism is a giant force in the Western Regions.

Its followers spread all over the continent.

Strength is even more mysterious.

Almost no one can see the people of Buddhism make a move.

but.

No one will take the initiative to provoke Buddhism.

First, it is too mysterious.

Second, Buddhism has never participated in the conflict of interests between the sects and aristocratic families.

Third, Buddhism has existed on this continent since ancient times.

Just talk about this point.

Needless to say, the strength and background, the major sect families also know that it is extremely powerful!

It makes sense that it can survive to this day.

That's why no one dares to provoke Buddhism.

But.

Now, Buddhism has come here.

The other party really just wants to persuade peace and stop the war, so as not to plunge the mainland into a sea of purgatory?

No one will believe this sentence.

Ning Chenxin also looked up, with a cold look in his eyes.

He knows what Buddhism really looks like.

That's a group of wolves in sheep's clothing!

In order to eliminate dissidents, they will do whatever they can.

Do everything!

Nowadays, Buddhism persuades peace.

Ning Chenxin would not believe it.

but.

They appear here, and why?

Is it impossible...

The top management of the Northern Territory Alliance dare not think about it.

If it is what they think.

Then, this war may become confusing again.

Everyone raised their heads and looked at the two old men suspended under the golden Buddha light.

Just listen to one of the long-bearded old men clasping their hands together and saying softly:
"Everyone, let's stop here."

The three corpse puppets, also in the voice of the old man with long beards, left the battlefield and returned to the camp of the Sunset Dynasty.

As the leader of the Northern Territory Alliance.

Wood stood up, looked at the two old men, and said, "Why did Buddhism intervene in this war?"

The long-bearded old man smiled kindly, and his eyes seemed to show compassion.

"In the battle of the Great Rift Valley, many people have died now. The Buddhists don't want to see more victims, so they can only intervene."

Wood frowned and said: "The Sunset Dynasty launched a war, how many killings did it cause?"

"It even includes countless casual cultivators and innocent people."

"If Buddhism wants to intervene, shouldn't they stand on the side of our Northern Territory Alliance and resist the Sunset Dynasty?"

Now, the position where the two old men of Buddhism stand.

is above the Sunset Dynasty.

And listen to the words of the old man with long beard.

It seems that the blame has been given to the Northern Territory Alliance.

It is believed that the Northern Territory Alliance caused the killings, and it was like instigating a war.

The long-bearded old man was not angry, and said with a smile: "It's past, and it can't be recovered. Now, stop this battle, and only then can more lives be saved, isn't it?"

Ding Yunhe, the deputy dean of the General Academy of Tibetan Taoism Academy, stood up and said with a mocking smile, "Why didn't you stand up before that?"

"Now, we are going to win this victory before we stand up and stop it?"

"Isn't it too shameless?"

Zang Dao Academy is one of the giant forces in the Central Territory.

Although he will not take the initiative to provoke Buddhism.

But it doesn't mean that Tibetan Taoist Academy is afraid of Buddhism!

Another old man, like a vajra glaring, raised his eyebrows and shouted: "Buddhist sects naturally have our reasons for doing things."

"Besides, you are the ones doing the killing now."

Sun Luo, the deputy suzerain of the Yinjian Sect, sneered and said: "What a Buddhist sect, after all, it is also on the side of the Sunset Dynasty."

"Since that's the case, why bother to pretend to be an orangutan?"

The long-bearded old man smiled and said, "Buddhism doesn't stand on anyone's side, it's just a word of reason."

"Of course, if you still want to take action, then the old man can only take action to stop it."

The voice just fell.

There is golden light surging around the two old men!

The aura of the False God Realm is undoubtedly revealed!

Everyone's face changed drastically!

These two Buddhist elders are both in the False God Realm!

Is the background of Buddhism really so profound?

And the False God Realm powerhouse dispatched, the Northern Territory Alliance, there is no way.

Not to mention two!

You know, False God Realm.

It can already be said to be a combat force that surpasses this continent!

Whether it is Tibetan Dao Academy or Hidden Sword Sect.

Only the dean suzerain is the False God Realm.

certainly.

They naturally also have hidden powers.

And the Buddhist old man is doing this.

Obviously they didn't listen to what they said, so they were going to do it.

Now here, two strong men in the False God Realm make a move.

The Northern Territory Alliance is irresistible.

Wood's face was gloomy.

Victory is in sight.

Buddhism has stepped in.

How did the Sunset Dynasty impress Buddhism?

What conditions were used to let the strong False God Realm of Buddhism take action in person?

Wood just wanted to talk.

In the sky, two more breaths descended!

Ding Yunhe and Sun Luo both looked happy!

Those two auras are also in the False God Realm!

its identity.

It is Dean Yan, the dean of the Tibetan Taoist Academy.

And the master of the Hidden Sword Sect, Lin Rufeng!

I only heard Dean Yan say indifferently: "When did Buddhism become so shameless?"

Lin Rufeng also chuckled lightly and said: "It seems that Buddhism has kept a low profile for many years, and it has long had plans."

"Now, I finally can't sit still, and I'm ready to enter."

The long-bearded old man was not surprised when he saw this, he just smiled and said: "The theory of why the Buddhism came to plot is just to prevent you from doing more evil."

At the moment.

President Yan replied: "It seems that Buddhism is determined to stand on the side of the Sunset Dynasty?"

The bearded old man smiled and said, "Buddhas never stand in line."

"There is no need to stand in line."

What a big tone!

However, no one can refute.

Because it is true.

Buddhism does have the strength to say this.

Let's just talk about the two False God Realm powerhouses who stood up.

The background of Buddhism can be seen from this, it is extremely profound!

Lin Rufeng took a deep look at the two old men, then looked at Wood and said, "Let's retreat first."

Heard the words.

Wood was unwilling.

But he could only grit his teeth and agree.

False **** realm powerhouses, even if Dean Yan and Lin Rufeng came in person, they couldn't hold them back.

If the opponent lets go of the kill.

I am afraid that none of the people here will be spared!

Thinking of this, Wood had no choice but to wave his hand and said: "Everyone in the Northern Territory Alliance obeys the order and withdraws to the Valley of Scourge!"

Everyone had to start to retreat.

Everyone has unwillingness on their faces!

This is also natural.

After all, victory is at hand.

Now it is being stopped by Buddhists.

When the Northern Territory Alliance retreated.

The bearded old man glanced at Ye Qiubai, Hongying, and Ning Chenxin.

smiled and said: "Master Ning, in the future, welcome to my Buddhist gate as a guest."

"At that time, I will definitely clear up the benefactor's doubts."

Ning Chen's eyes were cold and he didn't answer.

But Ye Qiubai and Hongying were thoughtful.

Buddhism, why did you focus on them?

When the members of the Northern Territory Alliance left.

The armored man asked the old man.

"Senior, why don't you keep them?"

The bearded old man did not reply.

They are afraid of the master of Ning Chenxin and the others.

If the opponent is hiding in the dark.

I'm afraid things will be difficult.

Chapter 180 Memory Puzzle!

North of the Northern Territory.

The land of the extreme north.

An ice field.

Here, the aura is extremely thin, and the cold mist is pervasive, and the cold wind is bitter!

The temperature is extremely low.

Even ascetics cannot stay here for long.

Countless ice-attribute monsters run rampant here.

It can be said that it is a restricted area for life.

And in the depths of the extreme arctic ice sheet, there is a place where cold winds sweep.

The temperature here is even lower than that of the outside ice sheet.

I'm afraid that even a strong Qianyuan Realm cannot stay in it for a while.

Just the low temperature can make it impossible for people in Qianyuan Realm to survive.

It can be seen that the environment is harsh.

And in it, there is precisely a naked man standing here.

Accepting the baptism of the cold wind!

The cold wind is like a sharp blade.

Continuously penetrates the naked man's body.

The surface of its body is covered by layers of thin ice.

As soon as the thin ice emerged, it would be swept into pieces by the blade-like cold winds.

If it only affects the physical body, then that's fine.

This cold wind is piercingly cold.

Frozen into the bone marrow!

Even the blood flow in the body slows down!

If someone is here, they can see it.

On the surface of the naked man's body, there are ice blue lines all over his body!

And in the ice blue lines, there is a cold current surging!

When the cold wind blows on the naked man's body.

There will be a coldness absorbed by the ice blue lines!

Every absorption.

The cold current in its texture will be more intense.

Obviously.

The naked man tempers his body with the help of the extremely cold environment!

He has such a special skill, a body refiner who almost self-mutilates the way of tempering his body.

It is even more able to persist for several months in extremely cold places.

In this realm, there is only one person.

That is Xiao Hei who has cultivated the Eternal Demon Physique.

At that time.

Ye Qiubai, Hongying and Ning Chenxin practiced in the thatched cottage.

Only Xiao Hei.

Because there is no extremely cold place in the southern region.

The progress of the Eternal Demon Physique has reached the second floor.

The first floor requires an extremely hot place to temper the body.

The little bird releases the fire of Nirvana to help Xiao Hei practice successfully.

And this second layer is a place that needs extreme cold.

The extremely cold place, and only the extremely northern place in the Northern Territory exists.

so.

Xiao Hei left the thatched cottage and came to the extreme north of the Northern Territory alone.

Temper the flesh.

Using this to complete the second layer of cultivation of the Eternal Demon Physique.

Today.

It's been months.

The surface of Xiao Hei's body has been covered with ice blue lines!

It also means that Xiao Hei's Eternal Demon Physique has crossed the threshold of the second floor.

It can be said.

Even if it is a strong False God Realm.

Now I don't dare to take Xiao Hei's attack head-on!

And at this moment.

Xiao Hei's body has been completely covered by ice patterns!

In his mind, there seemed to be a series of broken scenes emerging.

The scene after scene is like a jigsaw puzzle broken into countless pieces.

In the first puzzle.

In that scene, the dark sky seemed to have no sun and moon!

In the clouds, there is even more black magic energy surging!

And the earth is full of blood!

In the middle of that land.

is a large and small palace.

Finally, the picture was frozen in the center, the extremely towering black palace.

And the second puzzle.

Among them, this palace group did not appear.

some.

It's just a few people who can't see their faces, like people covered by fog.

Those five heads had two pointed horns.

The sharp corners are covered by black spiral lines.

exudes monstrous magic!

And in front of these five people.

is a man in a black robe.

Although the man's face can't be seen clearly.

But Xiao Hei could feel that the aura of this black-robed man was very similar to his, and it could even be said to be exactly the same.

Like the same origin!

The man in black robe fought with those five people!

Second puzzle piece, stuck here.

Immediately afterwards, the third puzzle piece emerged.

The third puzzle, in the picture, is a dark and damp place.

Surrounded by black stone pillars soaring into the sky!

The soaring stone pillars formed a circle.

In the middle surrounded by stone pillars.

There is a woman.

The woman bowed her head, her black hair loose.

Can't see the face.

Xiao Hei can hear it.

The woman is talking.

The content is, "Brother, don't come back until you are sure..."

The content stopped abruptly.

Xiao Hei frowned.

After reading these three puzzles, the sea of consciousness began to shake, like an earthquake, as if it was about to split open!

Xiao Hei covered his head and roared in pain.

fell to the ground, kicking with both feet!

His body was trembling even more!

Even when cultivating the Eternal Demon Physique.

Xiao Hei had never uttered such a painful roar.

Now, this is the first time that he is in unbearable pain!

"What exactly is this?!"

"Why do these things appear in my mind!"

Holding his head in his hands, Xiao Hei kept rolling in the cold wind.

This kind of pain, even he, a person with such a strong will, can't bear it!

Little black feeling.

His head seemed to be chopped into pieces by a big axe, one after another!

The Sea of Consciousness is cracking like an earthquake!

This kind of soul-deep pain is unbearable!

And at this moment.

There are three giant white-haired wolves slowly approaching Xiao Hei.

In their icy blue eyes.

A hint of greed appeared.

Obviously.

They took Xiao Hei as their prey!

If anyone familiar with the Far North is here.

will be able to recognize.

These three giant white-haired wolves are one of the most powerful monsters in the extreme arctic ice field!

Its birth is a water overflow!

And the strength of these three adult white-haired giant wolves is even more beautiful and half-step false god!

According to legend, the giant white-haired wolf king has even reached the False God Realm in strength!

Three giant white-haired wolves, looking at Xiao Hei who is rolling, are looking for opportunities.

After realizing that Xiao Hei didn't find them.

Three giant white-haired wolves at the same time.

Four-legged!

Opened its **** mouth, revealing sharp teeth!

Lasing towards Xiao Hei!

I don't know if it's subconscious or what.

Xiao Hei seemed to sense the danger.

roared in pain.

suddenly got up.

Immediately, he punched one of the giant white-haired wolves!

His punch is so strong that it even disperses the biting cold wind around him!

He punched one of the giant white-haired wolves hard!

Aww!

Accompanied by a scream.

The body of the giant white-haired wolf turned into minced meat at this moment!

Blood rained on the ground.

It was covered with Xiao Hei's flesh!

Xiao Hei's offensive didn't stop.

There was a surge of black energy in his eyes.

Bewitched!

Falling into a state of madness!

Xiao Hei roared angrily, making an inhuman roar.

Both fists blast out at the same time!

Shake the space!

Two giant white-haired wolves, at this moment.

It's like destroying the dead.

turned into a rain of flesh and blood!

Scattered on the ice sheet.

Three adult white-haired giant wolves with half a step in the False God Realm.

Was smashed to pieces by Xiao Hei's punch!
