

My Disciples 201

Chapter 201 Sword Domain Body Tempering!

Shi Sheng.

No one has ever heard the person's name.

After all, those who come to Tibetan Taoism Academy are all relatively well-known existences in the world of Taoism.

For example, like Shi Sheng, a man who is still persistent.

This person is the arrogance of the Zhongyu giant family.

Chen Mingzhi.

In Zhongyu, he is also a well-known Tianjiao figure!

At a young age, he broke through to the Qianyuan Realm.

Even has the ability to fight at higher levels!

However, Shi Sheng is unknown.

It seems like a casual cultivator among all living beings, without any reputation.

Everyone is not surprised by this.

After all, in this world, there must be hidden powers.

And the hidden world power sits down, and even has disciples.

It's normal not to know.

However, Shi Sheng's realm is only in the early stage of Zifu realm, and his physical fitness is so weak.

How could this be the hidden and mighty disciple?

It is estimated that it is just a casual repair.

But a casual cultivator with ordinary talent has stronger willpower than everyone present!

Under this Jianzong sword field, it can last until now!

Now, Shi Sheng's face is pale.

The body is shaking from side to side, as if it might fall down at any time.

but.

Whenever everyone thinks that Shi Sheng is about to fall.

But still standing still!

Like a cold pine in the cold wind!

Standing in the ice field, standing still!

Chen Mingzhi on the side also noticed Shi Sheng.

Under the sword intent attack of Jianzong level, he persisted until now.

Even if it is him, the aura in his body is almost exhausted!

can only rely on willpower to hold on!

Chen Mingzhi already felt that his body was slowly becoming heavy, and his consciousness began to be illusory.

However, seeing that Shi Sheng still did not fall down.

I can only grit my teeth and continue to hold on!

He is the arrogance of the Zhongyu giant family!

Name epicenter domain!

How can he be overwhelmed by a nameless casual cultivator whose body is countless times weaker than him?

This is not to save face and suffer.

This is just the pride of being a monk.

Ascetics, compete with heaven and earth.

What you are fighting for is that arrogance!

If you don't even have this kind of hard work, how can you talk about climbing to the top?

Thinking of this, Chen Mingzhi gritted his teeth and persisted.

Even the gums were bitten, and there was a bright red around the lips!

Ye Qiubai watched this scene with great interest.

This Chen Mingzhi is pretty good.

Talent and strength are among the best among the younger generation.

However, he was more interested.

It's Shi Sheng!

Low state, poor physical fitness.

But it can last until now.

I have to say that Ye Qiubai was amazed by this willpower.

"How about... make it more difficult?"

Ye Qiubai smiled slightly, and stuck out a finger.

A master sword intent merged into the sword realm!

And the integration of this sword intent, in the sword field, there are actually two whirlwinds of sword intent rising!

Centered on Shi Sheng and Chen Mingzhi.

Enclose the two of them in a cage!

When everyone saw this, their faces changed slightly!

The sword intent in the sword field is hard to resist.

Now strengthened again.

Already bruised and scarred, how should the two Shi Sheng and Shi Sheng who persisted on their wisps of will resist?

Qin Tiannan also frowned slightly, looked at Ye Qiubai and said, "Qiubai, is this too harsh?"

Hearing this, Ye Qiubai shook his head, and said: "The influx of this sword intent is an attack on their physical bodies, and at the same time, it can also help them harden their bodies."

"If they survive, it will make their physical bodies stronger."

After hearing this, Qin Tiannan smiled and said, "It seems that you like Shi Sheng?"

Optimistic about Shi Sheng?

Ye Qiubai smiled without saying a word.

Obviously, Qin Tiannan guessed Ye Qiubai's intention.

Shi Sheng's physical fitness is too poor, and there are too many impurities in his body.

The meridians are too narrow and crowded.

It also caused the aura to fail to function normally.

In this way, over time, it will become extremely slow for breaking the boundary.

Even more serious.

Over time, it may accumulate into hidden injuries!

And Ye Qiubai's move, tempering his body, is to fight against Shi Sheng.

In the sword domain.

The rise of the sword storm.

Chen Mingzhi's face changed in shock!

Feeling the storm in the surroundings, approaching him as the center.

Chen Mingzhi thought of quitting!

And it was precisely because of the change in mood that the willpower that had already reached its limit collapsed!

Like the last straw that broke the camel's back!

Chen Mingzhi spat out a mouthful of blood, and flew upside down!

fell outside the sword domain!

Lost qualifications!

In the field, only Shi Sheng was left!

Everyone focused their eyes on Shi Sheng.

I saw that storm of sword intent was constantly approaching him.

The wisps of sword intent were hitting his physical body!

Shi Sheng, however, still had a stubborn expression on his face, refusing to fall down!

This made everyone look shocked.

Gradually, the look in Shi Sheng's eyes changed from contempt to respect.

Yes.

Respect.

Shi Sheng's persistence won the respect of all the ascetics present!

Including the elders of the Tibetan Taoist Academy, including Qin Tiannan.

Among them, an elder nodded and said: "Although the talent is a bit weak, he is just a good seedling for cultivation."

"Well, if the thatched cottage doesn't accept him, then I will accept him as a disciple and pass on the mantle to him."

Qin Tiannan said with a smile at this moment: "Elders, I am also interested in this son. If he does not enter the thatched cottage, I will train him personally, and after that, I will send him to the general hospital."

All the elders nodded when they heard this.

So much the better.

With such firm willpower, it will be much smoother on the road of cultivation.

If it is said that talent determines a person's lower limit.

Then, willpower determines the upper limit of a person!

If you have talent alone, but your willpower is not strong enough, you will never be able to reach the top!

Ye Qiubai quietly looked at Shi Sheng in the Sword Domain, and did not speak.

Time passed by one minute and one second.

In the Sword Domain, every time Shi Sheng persisted for a second, black impurities would seep out of his body!

These sword intents are improving Shi Sheng's physique!

An hour later.

Shi Sheng still did not fall down.

The body is shaking.

Another stick of incense.

Shi Sheng's eyes opened and closed, closed and opened again.

And it was at this moment.

Ye Qiubai also felt that it was about time, and put away the sword field.

Shi Sheng suddenly felt his body lighten, but at this moment, he still did not fall down, but looked at Ye Qiubai on the high platform.

Suddenly cupped his hands and said, "Thank you, Your Excellency."

Shi Sheng knew that this was a fortune gifted to him by Ye Qiubai!

Ye Qiubai smiled and said: "You are very good, I will introduce you to Master, but I don't know if Master will accept you or not."

Shi Sheng smiled and nodded.

Everyone is also extremely envious!

However, it is just envy.

After all, Shi Sheng won this by himself.

Even, Qin Tiannan came out and said with a smile: "Shi Sheng, if the thatched cottage doesn't accept you, I will accept you as a personal disciple and teach you well."

Shi Sheng hurriedly bowed to thank him!

And the other side.

Lu Changsheng has already thought of a solution and started the second round of testing!

Chapter 202 Is there a bug in the system?

The integration of three small formations.

It will make the Jiuyou Huangquan formation unable to release attacks.

What went wrong?

Lu Changsheng thought about it for a long time.

I have been rehearsing in my mind for a long time.

Finally, came up with a possible solution to the problem.

Change the position of the three formations.

Don't cover up the eyes of the Jiuyou Huangquan formation to avoid conflicts.

And before.

Lu Changsheng arranged the three formations with one brain, and forcibly stuffed them into the big formation of Jiuyou Huangquan.

And these three formations, no matter in terms of attributes or aggressiveness, will not conflict with the Jiuyou Huangquan Great Formation.

So, the problem will definitely not lie in the formation.

So, Lu Changsheng tried to find a way elsewhere.

Deduced countless times in my mind.

Pushed down countless times.

Only this solution is the most likely to succeed.

However, you still have to try it first.

Say it and do it.

After Lu Changsheng dismantled the three formations.

Start looking for a location, rearrange!

The points of the three formations all deviated from the eye of the Jiuyou Huangquan formation.

After finishing all this, he looked at the willow tree.

Willow also understood what Lu Changsheng meant, and summoned the willow leaf puppet again.

This time, will it succeed?

Disaster.

Difficult!

After all, the starting level of the Nine Netherworld Formation is too high.

After an improvement.

I want to make a second improvement on this basis.

This difficulty is not as simple as one plus one equals two.

Thousands, even tens of thousands of times the growth!

Lu Changsheng didn't think so much.

See Willow is ready.

Then the formation was launched!

A start.

Same as the beginning.

First, the space is squeezed, sealing off the willow puppet's surroundings!

Then Jianmu Yulong wrapped the body of the willow puppet heavily!

Another one can't get out!

Immediately afterwards, the spiritual energy around Jianmu was drained, and the movement of the spiritual energy in the willow puppet was blocked!

Make it impossible for him to forcefully break through the formation in the first place!

After the sealing suppression of these three formations is completed.

The Nine Nether Yellow Spring Formation began to gather strength.

A destructive aura filled this space!

There are countless cracks in the space, showing the black hole in the space!

Just leaking the breath is so strong, if the attack is fully released, I am afraid it is hard to imagine its power...

Lu Changsheng watched this scene closely.

At that time, it was at this step that a mistake occurred, which caused the Jiuyou Huangquan formation to not release an attack.

Just bluffing.

Will it succeed this time?

Everyone in the thatched cottage looked in the direction of the formation.

Look forward to it!

Although it is difficult, they also hope that Lu Changsheng can succeed.

And everything Lu Changsheng did.

At this moment, it also means that he has not failed.

Nine Netherworld Formation, at this moment successfully gathered the aura of destruction!

A strand of life means life, and death stillness means.

The power of yang and the power of yin.

Start colliding with each other!

During the collision, there were waves of chaotic auras!

This chaotic atmosphere cannot be described in words.

However, it made Hongying and the others vigilant!

This force, I am afraid that even in her heyday she cannot stop it!

Will be instantly blasted to ashes!

The little bird is also dignified.

This is also the first time she has seen the improved Nine Netherworld Formation completely explode!

This force...

Desperate.

Lu Changsheng's formation level is too advanced...

Under Lu Changsheng's surprised eyes.

At this moment, the chaotic breath turned into a beam of destructive light, blasting towards the willow leaf puppet trapped by Jianmu!

Destroy wherever the beam of light passes.

Space is all turned into nothingness!

Black holes are formed one after another, and the space storm is constantly roaring in it!

However, after touching the aura of the beam of destruction, it was instantly annihilated!

Even space storms can't touch this beam of destructive light!

At the same time, the sunlight above the thatched cottage seemed to be swallowed up by this beam of light.

Suddenly, the sky where the thatched cottage was located turned into night!

Under everyone's horrified eyes.

This beam of destruction passed through the willow puppet!

In the beam of light, destroy, melt into nothingness!

The beam of light continued unabated, blasting towards the formation released by the willow tree!

At this moment, the willow branches of the willow tree are constantly floating.

emitted a green halo.

Circle by circle, merge into the formation.

is constantly strengthening this defensive formation.

Even a willow tree is afraid of being directly penetrated by this destructive beam of light!

Once it falls to the outside world.

I'm afraid this boundary will be smashed through!

Boom!

The beam of destruction hit the defensive barrier.

Aroused ripples.

However, after all, he still resisted.

Even so, Liu Shu was a little surprised.

Lu Changsheng's formation level is too strong.

Two improvements made the power of the Nine Nether Yellow Spring Formation stronger by more than a little bit.

Seeing this scene, Lu Changsheng smiled.

"It finally worked."

"This time, it should be enough. Even if those Sabbies call, there is no need to worry for the time being."

temporary...

Hearing Lu Changsheng's words.

Willow: "..."

Little Bird: "..."

Hongying: "..."

Mu Wan'er: "..."

Ning Chenxin: "..."

Xiao Hei's eyes are still blank, deep in thought, isolated from the world.

Lu Changsheng's words are impossible for them to correct.

Confused!

Is this just temporary?

Even if the opponent brings the power of the entire realm over.

I am afraid that under this formation, they are all vulnerable!

Hello!

How cautious you are!

Hongying couldn't help complaining.

Lu Changsheng landed on the ground with a big smile, looked at Hongying and said with a smile, "Disciple, I'm hungry after working so hard for my teacher for so many days! Hurry up and cook a meal or soup!"

Hongying: "..."

But he had no choice but to get up and walk towards the kitchen.

Sudden.

A message appeared in Lu Changsheng's mind.

【The special task of accepting apprentices is open】

【The host is invited to go to the Nanyu Tibetan Taoist Academy, the admissions square to accept apprentices】

【Name: Shi Sheng】

【Talent: D Grade】

【Qualification: None】

Although it is a long-lost voice.

But, D-Class?

No qualifications?

What the **** is this?

Is there a bug in the system?

after all.

Every apprenticeship is a talent SSS level.

Whether it is Ye Qiubai or Hongying, their aptitudes are all qualified to become emperors!

But now what the **** is this?

Open?

It seemed that he had guessed what Lu Changsheng was thinking.

So he explained aloud: "This is a special task of recruiting apprentices. Although this person's talent and aptitude are not good, there is a very strong possibility of development."

"Accept him as a disciple, upgrade his talent to SSS level, and train him with the aptitude of the emperor, and he will be rewarded generously."

Hear here.

Lu Changsheng's eyes lit up.

Huge rewards?

So ever since.

Lu Changsheng walked towards the enrollment square!

At this moment, Hongying brought out a bowl of fish soup, and seeing Lu Changsheng leaving, she couldn't help shouting: "Master, the soup is ready!"

Lu Changsheng waved his hand and said, "I'll drink it when I come back! I'm going to find a junior for you guys!"

Junior brother? ? ? ?

Chapter 203 Apprentice Shi Sheng

Admissions Square.

Shi Sheng attracted much attention.

Although the talent is not very good, the physique is even worse.

However, he used his willpower to prove that even if his talent is not high, he can still stand at the end.

When Ye Qiubai looked at Shi Sheng, his face was full of admiration.

To be able to persist in his Grandmaster Sword Domain for so long by relying on willpower alone.

Commendable.

Ye Qiubai approached Shi Sheng, patted him on the shoulder with a smile, and said, "Don't worry, I will mention you to Master."

"However, the old master rarely accepts disciples, so you have to be mentally prepared."

Shi Sheng smiled honestly, scratched his head and said: "It's okay, my own talent, I never thought that I could make Senior Lu fancy."

After all, he came here just to join the Tibetan Taoist Academy and get the orthodox inheritance of Taoism.

Before, he didn't have any resources, and no one taught him.

A casual cultivator, who cultivated by himself alone, has come to the present.

As for the elders, they saw that his talent was not very good at that time, so no one cared about Shi Sheng.

Ye Qiubai smiled and said: "It's okay, even if the master didn't accept you, Dean Qin will accept you as a personal heir, and you can still practice."

Shi Sheng nodded with a smile.

Being able to be accepted as a disciple by Dean Qin has already exceeded his expectations.

is also satisfied.

Everyone looked at Shi Sheng enviously.

Can be appreciated by the big disciples of thatched cottage.

Even if you don't join the thatched cottage, the road ahead is bright.

To know.

Ye Qiubai's talent is obvious to all.

He has done countless things that people can't even imagine.

In the future, as long as you don't fall in the middle, you will definitely be able to set foot on the pinnacle of this continent!

One person attains enlightenment, chicken and dog ascend to heaven.

With Ye Qiubai's appreciation, Shi Sheng's future will not be too bad.

At this time.

In the admissions square, a man in a white robe appeared.

Everyone looked over.

I was taken aback.

Who is this person?

They didn't feel the slightest breath of this man's arrival!

Didn't notice anything!

But Ye Qiubai's next words shocked everyone!

"Master? Why are you here?"

The person who came was Lu Changsheng.

After everyone learned the identity of the man in white robe.

A look of fanaticism flashed in his eyes!

This person is the owner of thatched cottage, Lu Changsheng!

Cultivated such monstrous disciples as Ye Qiubai, Hongying and Ning Chenxin.

All the elders were also taken aback.

"Why is this kid willing to come out?"

Qin Tiannan also came to Lu Changsheng's side, and said with a smile, "Has the formation been improved?"

Lu Changsheng ignored Qin Tiannan and Ye Qiubai.

Instead, he said loudly: "Who is Shi Sheng, is he still here?"

Hearing Lu Changsheng's words.

Everyone was taken aback again.

Came to look for Shi Sheng?

But how did Lu Changsheng know Shi Sheng?

What does this kind of great power have to do with Shi Sheng?

Shi Sheng was also taken aback when he heard this, and quickly stood up and said, "Senior Lu, I am here."

Lu Changsheng followed the voice and looked over. After sizing it up, he walked up and said, "Are you willing to be my disciple?"

...

...

...

On the admissions square, there was silence for several breaths.

Everyone had expressions of horror on their faces.

this...

What did Senior Lu say?

Want to accept Shi Sheng as a disciple?

Chen Mingzhi also looked at Shi Sheng with a complex look on his face.

However, instead, he could only give a wry smile, his eyes full of envy.

Shi Sheng was actually appreciated by Lu Changsheng.

And take him as a disciple!

Qin Tiannan was also quite depressed, and said: "I said, you brat, after finally receiving a seedling who can inherit my mantle, are you going to **** it away?"

Wasteland: "???"

As the only disciple of the dean, Huang Yuan was naturally also present.

Hearing Master's words, he couldn't help but look dull.

Some doubts about life.

Finally found someone to inherit the mantle?

Then what am I?

Then I go?

Lu Changsheng said with a smile: "Uncle Qin, I finally went out to accept a disciple, let me?"

Qin Tiannan was also full of helplessness.

Can only helplessly say: "Since you are willing to accept him, that's the best."

"Although you are lazy, you have to say that you are a good teacher."

Lu Changsheng: "Well...the latter sentence can actually be said without deliberately saying it."

"Am I wrong?"

"..."

Ye Qiubai laughed when he heard the conversation between the two.

Although Lu Changsheng's strength is unfathomable, he will still look like a junior in front of Dean Qin.

That is really normal.

Back then, when Lu Changsheng first came to this world, the two who treated him best.

The first is the old man of the thatched cottage, that is, the former head of the thatched cottage.

Although I don't know where I went now, I haven't left any information.

The second one is Dean Qin Tiannan.

At that time, after the old man left, Dean Qin took care of Lu Changsheng in every possible way.

When the elders all said that the thatched cottage should be abolished, so as not to waste college resources.

It was also Qin Tiannan who resisted the pressure and never agreed.

Shi Sheng at the side also fell into a daze.

Pointing at himself, his voice was full of disbelief.

"Then... that, Senior Lu... mean me?"

Ye Qiubailang patted Shi Sheng's shoulder with a smile, and said, "It's you, as long as you agree, you will be Master's apprentice, my junior apprentice."

Look at Shi Sheng's simple and honest appearance.

Finally able to find someone to cook for him!

Ye Qiubai was ecstatic in his heart.

Although Xiao Hei is quite honest and obedient.

However, after teaching him how to do it a few times, Ye Qiubai gave up.

That lump of black stuff.

According to Lu Changsheng's words.

It's like the old sauerkraut...

Well, although they couldn't understand it, it was definitely not a compliment.

Lu Changsheng nodded with a faint smile, and said, "It's you, do you want to?"

Received Lu Changsheng's confirmation, Shi Sheng nodded quickly.

With a simple and honest smile on his face.

"Yes, I do!"

Immediately, he knelt down on the ground, saluted and said: "Master, I am honored by my disciples!"

Lu Changsheng nodded with a smile.

The others looked at Shi Sheng enviously.

From now on.

Shi Sheng's fate will change.

Although the talent is not enough.

But they also believed that in the hands of this cottage master, they would definitely be able to break out of their cocoons and become butterflies!

after all.

Four disciples under the leadership of the thatched cottage.

They are all extremely outstanding, ruthless people who can leapfrog fights.

Lu Changsheng nodded and said: "In that case, then follow me to the thatched cottage."

Afterwards, he brought Shi Sheng and Ye Qiubai back to the thatched cottage.

Extremely fast!

If you don't go back, the soup will not be hot!

Qin Tiannan looked at Lu Changsheng's leaving back and shook his head helplessly.

After that, he looked at the people in the admissions square and said, "Everyone has also seen that, you can choose to join the fourth hall, or you can worship under the elders."

"If you don't want to, you can leave by yourself."

After speaking, some arrogant people left here.

The purpose of their coming here is to join thatched cottage.

However, Chen Mingzhi did not leave.

Even if you can't join.

Being able to have a little relationship with the thatched cottage has infinite benefits.

Chapter 204 Nirvana Remodeling Pill

【Successful apprenticeship, get apprenticeship reward】

【Cultivation Technique: Chaos Star Record】

【Necessary Holy Artifact: Falling Star Axe】

【Dan Recipe: Nirvana Reshaping Pill】

【All materials of Nirvana Remodeling Pill】

【At the same time, start the apprentice development task, target: Shi Sheng】

【Tuning until the talent becomes sss level, and at the same time possesses the qualifications of becoming an emperor, generous rewards will be issued at that time】

After getting the reward.

Lu Changsheng handed the Chaos Star Record and the Falling Star Ax to Shi Sheng.

Shi Sheng originally refused.

But after Lu Changsheng forced it to him without saying a word, Shi Sheng stopped talking.

However, in Shi Sheng's heart, he has already decided that in the future, he must repay the master thousands of times and thousands of times!

The three returned to the thatched cottage.

Hongying and Ning Chenxin came up to meet her.

Saw Shi Sheng behind Lu Changsheng.

Hongying smiled and said, "This is the Fifth Junior Brother, right?"

Shi Sheng hastily said respectfully: "Senior brother and sister, hello."

Ning Chen waved his hands and said with a smile: "There are not so many rules in the cottage, we are all a family, so don't be restrained."

Shi Sheng nodded with a warm smile.

Lu Changsheng interrupted the conversation of several people.

Rolling his eyes, he said, "Go to the table quickly, you're hungry, eat!"

Everyone laughed, sat at the stone table, and began to eat.

Ye Qiubai smiled and said: "Junior Sister, your soup is getting better and better."

Hear this compliment.

Hongying was not happy, but glared at Ye Qiubai, and said: "When the time comes, my teacher brother!"

Ye Qiubai: "..."

Mu Wan'er stood aside, pouted and did not speak.

Hongying seemed to see what Mu Wan'er was thinking, and gave her a piece of fish, and said with a smile, "Mei Wan'er, what's wrong?"

Mu Wan'er almost pouted her mouth to the sky, said: "Uncle, you have accepted an apprentice again, why didn't you accept me?"

Lu Changsheng smiled and said, "Eat your meal, it's not time yet."

to be honest.

Mu Wan'er's hard work was noticed by Lu Changsheng.

While Ye Qiubai and the others were practicing, Mu Wan'er was concocting alchemy.

While Ye Qiubai and the others were resting, Mu Wan'er was watching Lu Changsheng's summary of alchemy.

It can be said that it is extremely hard work.

Alchemy talent is not bad either.

often can think of many kinds of elixirs.

There are some that even Lu Changsheng has never thought of.

are useful.

Even, Mu Wan'er is well-known in Dantang.

Sometimes, even Elder Dantang would come to ask Mu Wan'er for advice.

After all, Mu Wan'er's alchemy strength has already surpassed Elder Dantang.

It's just that there is no proof of being an alchemist.

Otherwise, the level must have surpassed him.

Ye Qiubai comforted: "Sister Wan, don't worry, Master has his reasons for doing this."

Mu Wan'er nodded, turning grief and anger into appetite.

Hurry up and cook!

Lu Changsheng smiled and said, "Hey! Save some for me, girl!"

"don't want!"

"Don't grab it, don't grab it, I will do something if I don't have it."

Shi Sheng ate carefully, seeing the atmosphere, he couldn't help laughing.

to be honest.

He thought that the thatched cottage would be very serious.

Unexpectedly, he likes this atmosphere very much.

Like home...

After meals.

Lu Changsheng was thinking, how to train Shi Sheng?

Only then can his talent and aptitude reach the standard stated by the system.

Well known.

Talent is determined by nature.

It is difficult to practice the day after tomorrow.

Aptitude is easier to improve than talent, but the standard given by the system is to reach the point of becoming an emperor.

Obviously, it is not easy.

Lu Changsheng thought of the Nirvana Reshaping Pill.

Effect description is very simple.

It can change a person's fundamentals to a great extent!

However, the level of the pill is extremely high!

It exceeded all the pills that Lu Changsheng had refined so far!

Materials, the system has also given him.

Lu Changsheng thought about it, and then began to refine it.

At the same time, let Mu Wan'er watch.

Although she was not accepted as a disciple.

However, Lu Changsheng quite agrees with Mu Wan'er's hard work, and is willing to take this little girl with him.

not to mention.

Mu Wan'er's idea of alchemy is the same as her own.

Lu Changsheng took out the ingredients and threw them into the alchemy furnace all at once.

Endless flames were born, and the medicinal properties began to be refined!

Mu Wan'er was concentrating, watching Lu Changsheng's alchemy process without blinking her eyes.

A profound alchemist.

Even if you don't deliberately teach, but just observe, you can get great benefits from it!

Extracting medicinal properties is not difficult for Lu Changsheng.

The difficulty of this elixir is that there should not be a slight error in the fusion of medicinal properties.

Once it comes out, it leads to the fryer!

but.

With Lu Changsheng's level of alchemy, there is obviously no need to worry about this.

After half a day.

In the alchemy room, there appeared a series of majestic and mysterious auras!

Already in Chengdan!

Lu Changsheng shouted to the little bird beside the willow tree: "Borrow the fire of Nirvana!"

Heard the words.

Little Bird didn't refuse either, knowing that Lu Changsheng was on business.

Flipped its wings, behind the little bird, a phantom of a divine phoenix unexpectedly appeared!

(here phoenix refers to male, phoenix refers to female, don't bar)

Above the phantom of the Divine Phoenix, there were streams of fires of nirvana.

Space, under the scorching fire of Nirvana, has the image of shattering!

Immediately, the flames of nirvana poured into the alchemy room.

Lu Changsheng melted the flames of nirvana into the pill furnace.

Take this to become a pill.

Nirvana Reshape Dan.

Nirvana, then use the bird's Nirvana fire to make alchemy.

Will this work better?

This is not mentioned in Dan Fang.

Lu Changsheng wanted to try it himself.

If it fails, Lu Changsheng is also confident in keeping the medicinal properties extracted from it, so as not to waste materials.

Thus fryer.

And it turns out.

Lu Changsheng's idea was correct.

After a stick of incense.

A stream of flames gushed out from it!

A elixir, in that flame, began to appear!

(Explain, after the heavenly elixir, there is no robbery)

Mu Wan'er felt that majestic aura, and her eyes showed surprise.

The pill that Lu Changsheng is currently refining.

It is the highest-level elixir she has ever seen in her life!

Even that ice cap pill is far inferior!

Immediately, Lu Changsheng waved his hand, slapped the pill furnace, and a pill shot out!

Dragging the flames of Nirvana, he actually attacked Lu Changsheng on his own initiative!

Extremely domineering!

Lu Changsheng sneered: "Since I have been refined for you, do you still want to kill me?"

Pinch the palm of the hand empty.

Five-finger grip!

Suddenly, Nirvana reshaped the space around Dan and began to squeeze madly!

Trapped Nirvana Reshaping Pill in it!

No matter if he dashes left or right, there is no way to get out!

Wait until it finally gives up.

Lu Changsheng put it in a special box.

On the box, there is a small trap.

After all, the Jade Cleaning Bottle can no longer bind this level of pill.

While Mu Wan'er witnessed the alchemy process, she walked aside thoughtfully and began to think.

This time, she gained a lot!

Lu Changsheng gave the elixir to Shi Sheng and asked him to take it.

Chapter 205 Tough Dao Xin

"Nirvana Remodeling Pill?"

The bird looked at the pill that Lu Changsheng gave Shi Sheng, and couldn't help being horrified.

She is very familiar with this pill.

This elixir.

is one of the secret medicines passed down in the clan.

The purpose is to reshape the physique of the newborn.

So as to achieve higher talent.

However, only the high-level descendants of the family have the authority to use this kind of elixir.
the reason is simple.

Too difficult to refine.

Even within the clan, there are not many that can be refined.

Every refinement will consume huge resources!

Little Bird was suspicious.

Why did Lu Changsheng Nirvana reshape the refining method of pill?

But there was another horror.

That is, the Nirvana Remodeling Pill is taken by people in the clan.

Although it is taken at birth.

However, how could the physique of the Phoenix clan be comparable to ordinary people.

What's more, this Shi Sheng's physique is so weak.

The bird can be seen at a glance.

Can he withstand the reshaping of Nirvana Reshaping Dan?

If you can't bear it, you will explode and die!

Lu Changsheng didn't think so much, and handed over the elixir to Shi Sheng.

Shi Sheng didn't have any doubts either, and he didn't have any treasures that a person of Lu Changsheng's level could spy on.

What's more, they have already accepted him as a disciple.

Shi Sheng trusted Lu Changsheng 100%.

Without any hesitation, take it directly.

Seeing this scene, the little bird immediately said: "If you take it directly, you will explode and die!"

However, Xiaoniao's words did not stop Shi Sheng in time.

After Shi Sheng took it.

The power of Nirvana Reshaping Pill suddenly exploded in Shi Sheng's body!

felt this power.

Shi Sheng's complexion changed suddenly!

The body is turning red at a speed visible to the naked eye!

Like a superheated steam engine!

Hot air is coming out of his body, and in that hot air, flames will be born from time to time!

Shi Sheng also showed a look of extreme pain on his face!

Even with his willpower, he couldn't help but let out a scream!

At this moment, Lu Changsheng also stretched out his hand in time, and a sense of endless life covered Shi Sheng's body.

Protected his heart, dantian, and soul!

If this is not the case, I am afraid that Shi Sheng will be destroyed by the fire of Nirvana emitted by the Nirvana Remodeling Pill in an instant!

Lu Changsheng shouted: "If you want to become stronger and change your destiny, hold back!"

Shi Sheng has fallen into extreme pain.

In his erratic consciousness, he vaguely heard Lu Changsheng's words.

noded, gritted his teeth, and endured the reshaping power brought by the Nirvana Reshaping Pill!

Nirvana Reshape Dan.

Extremely domineering.

However, how difficult is it to fundamentally change a person's aptitude and talent?

Its role.

It is to use the fire of Nirvana to violently destroy all the bones in a human body!

Then, reshape!

And this is just the first step.

This first step is unbearable!

Shi Sheng's body curled up on the ground, clenched his teeth, and endured desperately!

Ye Qiubai and the others also stepped forward, looking at Shi Sheng with serious expressions.

The pain of reshaping the body, deep into the soul, is too painful.

But the benefits are huge.

Lu Changsheng continued: "Think about why you came here, why you want to join the thatched cottage, and ask me to be your teacher!"

The voice was soft, but it passed through Shi Sheng's eardrums and sounded deep in the sea of consciousness.

Shi Sheng heard it.

Can't help but think to myself.

yes.

Why did I come here.

And why do you want to join the thatched cottage, and worship the master of the thatched cottage, Lu Changsheng, who is famous in the mainland as a teacher.

Don't you just want to change your destiny and fight for a future for yourself?

His parents were all mortal.

Now, it is over half a hundred years old, and soon, it will enter old age.

Then birth, old age, sickness and death.

Shi Sheng thought, if he becomes a very powerful ascetic.

Is it possible to prolong the life of parents?

He not only fights for a future for himself, but also wants his parents to watch him and climb to the top!

This is Shi Sheng's wish.

is also his Dao Heart.

It is Shi Sheng's obsession since he practiced Taoism!

thought of this.

Shi Sheng gritted his teeth and kept his consciousness clear.

Don't get carried away by the pain.

Once he faints, what awaits him is annihilation!

Click!

Click!

The sound of cracking bones came!

Nirvana Reshape Dan's first step begins!

Break every bone in your body!

Shi Sheng's eyes widened, and his pupils shrank suddenly!

It hurts so much!

too painful!

It can be said that for a moment, Shi Sheng wanted to give up!

This kind of pain makes his life worse than death!

Lu Changsheng's words came in time.

"At this time, if you give up, you will give up, but if you work hard, you will be able to fight for a bright future for yourself."

Shi Sheng came to his senses again.

The trembling body nodded slowly.

The bones in Shi Sheng's body were broken inch by inch!

Soon, Shi Sheng collapsed limply on the ground like a skin empty of flesh and blood!

All the bones in his body have been shattered!

Without the support of bones, you can't make any movements.

Pieces of broken bones were scattered throughout Shi Sheng's body.

Little Bird looked at Shi Sheng with a gleam of color in his pupils.

Although it is only the first step.

But it is not something a human being can bear.

What's more, Shi Sheng's physique is so weak.

However, he forcibly survived.

This kind of willpower... is terrifying.

And this kind of person, once he reaches the peak, will be an extremely terrifying existence.

His enemy will also have trouble sleeping and eating.

The fire of Nirvana was burning in Shi Sheng's body.

In that flame, there was an explosion of life intention!

The sense of life began to wrap around every piece of broken bone.

Start remodeling!

The pain of reshaping is more painful than bone crushing!

Shi Sheng thought about his purpose of coming here, his own future, and the expectations Lu Changsheng gave him.

and when away from parents.

Their white hair stood at the gate of the village and watched him leave with reluctant eyes.

He can't pass out!

Must survive!

"ah!"

From the throat, let out a roar!

The roar is full of unyielding!

Unyielding to the injustice of fate!

If Shi Sheng can raise his hand at this moment, he can raise his fingers.

Definitely raise your **** to the sky!

Go to hell!

Time passed by one minute and one second.

In the eyes of everyone looking forward to.

Shi Sheng's skeleton was completely reshaped!

Nirvana's first step in reshaping Dan is also completed at this moment.

However, it is impossible to achieve a great improvement by simply reshaping the bones.

Widen the meridians.

Open up the Dantian.

After these two steps are completed.

is the real Nirvana rebirth.

one day...

Two days...

After the third day, the widening of the meridians is also completed.

And to this step.

Shi Sheng is also used to the pain.

The pained look on his face has subsided a lot.

Until the tenth day.

Shi Sheng Nirvana rebirth.

Bones, meridians, and dantian have all been reshaped.

Even, in his body, there is a ray of nirvana remaining!

Shi Sheng also completely let go of his mind at this moment, and passed out.

Chapter 206 Rebuild Yunhuang!

Spirit Realm.

It is extremely far away from the wilderness realm.

More than 200 million kilometers.

However, it is also the closest boundary around the Manghuang boundary.

Although it belongs to the low-latitude boundary, its overall strength is much higher than that of the barbaric boundary.

The Heavenly Spirit Realm is what everyone calls the Upper Realm.

And this world is not like the barbaric world, with many forces, each governing the area.

In this world.

is ruled by a sect.

That is Tianlingzong.

The Heavenly Spirit Sect governs the entire Heavenly Spirit Realm. Under his seat, there are seven sects. Under the sect, there are aristocratic families.

Differentiate management in this way.

At this moment, among the Tianling Sect.

There were seven people sitting in the hall, and one of them had a gloomy face.

If Lu Changsheng was here, he would be able to recognize it.

This person is the projection that descended in the Sunset Dynasty.

"It seems that our move has completely angered the lord of the Manghuang Realm."

"Huh! So what, the plan is implemented as usual, and I wait for the seven people to come in person, how can he stop it?"

The only woman among them has an enchanting figure, a slim waist of a water snake, and a layer of black tulle around her face, making it impossible to see her face clearly.

I saw her glance at the man who spoke, and said: "Have you forgotten that tens of thousands of years ago, the empress of the barbaric realm united all forces to resist us?"

The man is silent.

At that time, the overall strength of the opponent was not known to be much weaker than them.

But he still tried his best to stop them abruptly.

Let their plan be delayed for tens of thousands of years!

"No matter what, the plan must be implemented as scheduled, and there is not much time left for us."

"The domain war is about to start, and the success or failure of the Tianling Realm depends on it."

"Everyone, go get ready."

...

【Name: Shi Sheng】

【Talent: S Level】

【Qualification: Body of Nirvana】

Nirvana Remodeling Pill is a top-secret pill that is not known by the Shenhuang family.

It has a very strong effect on reshaping talent and aptitude.

Since Shi Sheng has survived, he can naturally make a big leap forward in talent!

Lu Changsheng curled his lips.

Not enough.

Develop the requirements of the task.

It is necessary for Shi Sheng to reach the SSS-level talent and achieve the qualifications of becoming an emperor.

Now, I'm afraid it's still a lot worse.

If other people heard what Lu Changsheng was thinking, they would probably complain endlessly.

S rank is not enough?

What's more, the body of Nirvana is also an extremely abnormal physique!

in other words.

As long as the soul is not annihilated, Shi Sheng can be reborn infinitely!

This is also the unique physique of the Shenhua family!

Shi Sheng fell into a coma and did not know when he would wake up.

Ye Qibai tidied up a bamboo hut, carried him inside, and let him rest well.

After came out, he smiled and said: "Our little junior brother's willpower is really extraordinary, I'm afraid even I can't compare to him."

Ning Chen smiled and nodded.

This level of willpower is really shocking.

They were watching from the sidelines.

All can feel the pain brought by Nirvana Reshaping Pill.

As for Hongying, she walked up to Master at this moment with a serious expression on her face, and said, "Master, I have something that I want to discuss with you."

Lu Changsheng looked at Hongying, seeing her serious expression, but swallowed back the words he was about to blurt out.

"Speak."

Hongying nodded, and then said: "Master, you also know that I am reincarnated, and I should have heard about the battle for heaven."

Lu Changsheng nodded.

"Know a thing or two."

I didn't know about it at first, but after being influenced by my ears and eyes these days, I gradually learned about the battle for heaven.

And his second apprentice, Hongying, was the one who started the war on the road to heaven.

Hongying explained: "Now, the upper realm has sent people down to investigate the situation. I am afraid that the other party will come to this realm again."

"I think we're running out of time."

Lu Changsheng asked: "Then what do you want to do?"

"Integrate the power of the mainland!"

Integration!

In the ancient times, Hongying led the Yunhuang Empire, integrated the power of the mainland, and conquered the heavenly road!

Failed though.

However, it also interrupted the opponent's plan!

Ye Qiubai shook his head aside and said: "However, the current situation is not optimistic. Each force has its own interests. It may be difficult to integrate all the sects in the mainland."

Ning Chenxin also nodded aside.

Hearing this, Hongying lowered her head slightly.

She naturally understood this truth.

In her era, the reason why she was able to integrate almost all the sect families in the mainland.

Let's fight the heavenly road together.

There are two reasons.

First, the Yunhuang Empire has absolute dominance in the mainland!

Second, that is the ascetics at that time, there were many peak powerhouses.

In this realm, they have come to an end.

Only by going to other realms can we make another breakthrough.

Life can be extended.

And now.

There is neither a force that can lead the mainland.

All manage their own sects.

There is no one who has stepped into the emperor's realm!

After the False God Realm, comes the Emperor Realm!

Naturally, they will not be interested in the matter of going to heaven!

After all, fighting against the upper realm requires more than courage.

There is also determination!

Sometimes, when a person is not pushed to the limit, he cannot have the determination to fight for everything.

And there are two points of light.

Hongying felt that hope was slim.

But even so, we still have to do it.

Not only to destroy the plan of the upper realm.

At the same time, you must also fight for a future for the wild world, or for yourself!

Lu Changsheng pondered for a while, and said: "I know, you can't stop now no matter what you say."

Hongying smiled and nodded.

This is the purpose of her reincarnation.

"If you want to do it, just let it go, although I don't know if I can beat those people in the upper realm."

"However, I can still beat people in this world."

After so many events.

Lu Changsheng felt that in this continent, few people should be his opponents.
in other words.

Inflated!

"If you have any difficulties, just send me a voice transmission."

Hongying nodded and bowed respectfully to Lu Changsheng.

Then left the thatched cottage.

started her integration plan!

When Hongying left half a month later.

A news that shocked the entire continent came out!

Southern Region Tibetan Taoist Academy, Second Disciple of Thatched Cottage, Hong Ying.

Rebuild the Yunhuang Empire!

Her subordinates have nine subordinates!

It is called the Nine Heavens Department!

At the same time, Hongying's identity was revealed by everyone.

is the last great emperor of the ancient times!

Empress Yunhuang of the Yunhuang Empire!

Once the news came out.

Suddenly there was an uproar!

At the same time, many people became more interested in Lu Changsheng.

Even Empress Yunhuang worshiped her as her teacher?

What kind of strength is this!

Could it be that the owner of this thatched cottage is an existence beyond the Great Emperor?

Otherwise, why can a generation of legendary empress worship him as a teacher?

One time.

Countless people are discussing this matter.

At the same time, Xiao Hei also woke up from his contemplation.

After waking up.

Everyone in thatched cottage thinks so.

Hei has undergone some changes...

Chapter 207 In the land of the extreme north, a fetish is born!

Since the return of the Sunset Dynasty.

Xiao Hei became silent.

On the cliff, eyes are blank, looking at the sky, don't know what to look at.

Just like that, I sat there for dozens of days.

And now, after recovering.

In the eyes, there is even a touch of sadness, and a hint of anger!

Ye Qiubai and the others asked, but Xiao Hei just shook his head and didn't speak.

This made everyone very worried.

Lu Changsheng didn't say anything, but glanced at Xiao Hei with a flat face.

When Xiao Hei was accepted as a disciple.

He doesn't seem to remember anything.

At that time, Lu Changsheng knew that Xiao Hei lost his memory.

Now, the sudden appearance of abnormality is probably due to something appearing in the memory.

It made Xiao Hei so abnormal.

After accepting Xiao Hei as a disciple.

For Xiao Hei's cultivation task, it is to help him retrieve his memory.

The content is as follows.

【Trigger the development task, help Xiao Hei unseal the body of the demon, and retrieve Xiao Hei's memory fragments】

【During the period, the seal cannot be forcibly broken】

I'm afraid it was when he was cultivating the Eternal Demon Physique in the extreme northern ice field.

The second layer of practice is successful.

As a result, the seal of the demon body in Xiao Hei's mind became looser, and the memories in it began to appear faintly.

In seven days.

Xiao Hei finally took the initiative to find Lu Changsheng, covered his head and said, "Master, I seem to have some things that I must do."

Lu Changsheng lay on the recliner, looked at Xiao Hei, and said, "If that's the case, let's do it."

"But I don't know what to do."

Xiao Hei scratched his head, with some eagerness in his eyes, and said: "I always feel that there are some things I have to do, but I can't think of what it is!"

Hear what Xiao Hei said.

Lu Changsheng understood.

Although Xiao Hei's seal was a little loose, he vaguely recalled some things.

It's just that without finding the memory fragments, it is impossible to know the specific content of those things.

Lu Changsheng didn't know where those memory fragments were.

He had no choice but to comfort him softly: "Since you can't figure it out, then let nature take its course."

"Cultivate well, and when your strength becomes stronger, you will be qualified to complete your own things when you recall those things."

Heard the words.

Xiao Hei could only nod his head.

After all, he couldn't figure out what it was.

Instead of doing this, it is better to listen to the master and practice hard.

So, he turned and left, sitting on the cliff to practice.

Lu Changsheng glanced at Xiao Hei's back, thinking to himself.

It's time to help Xiao Hei find clues to the memory fragments.

But, how to find it?

He is not omnipotent.

had no choice but to shake his head.

Take a step and see a step.

Hongying's rebuilding of the Yunhuang Empire began to ferment slowly.

All sect families have opened the meeting.

To be honest, the comeback of the Yunhuang Empire.

Most of the aristocratic sects are not happy to see this scene.

After all, the current power distribution.

Separate.

All forces are divided into regional jurisdictions.

Once the Yunhuang Empire is rebuilt.

Then, these forces are bound to be integrated.

This also means that the forces that are not under the jurisdiction of themselves will be managed by the Yunhuang Empire.

In ancient times.

The Yunhuang Empire is the overlord of this continent.

And those sect families who are already accustomed to freedom, how could they be willing to be governed by the Yunhuang Empire?

There is a more important reason.

The reconstruction of the Yunhuang Empire.

What is the purpose?

The answer is self-evident.

The high-level leaders of all the forces also understand.

Want to fight the heavenly road again!

It failed in ancient times, causing the destruction of countless sects and families.

Nowadays, the monastic civilization of this continent is even more disparate than that of ancient times.

How to fight the heavenly road?

Just die.

These sect aristocratic families do not want to die, so naturally they are not happy to see the reconstruction of the Yunhuang Empire.

In their view, rebuilding the empire is all harm but no benefit!

Of course, there is also support from a very small number of forces.

For example, Tibetan Taoist Academy.

Another example is Yin Jianzong.

Hongying also understood the reason why the two giants in the central region agreed.

Because of Master Lu Changsheng.

They knew how terrifying Lu Changsheng's strength was.

And because of this matter.

Nanyu Tibetan Taoist Academy Dean, Qin Tiannan came to the thatched cottage on purpose.

"Changsheng, I didn't expect Hongying's background to be so extraordinary."

Lu Changsheng was not surprised, and said, "What's wrong."

Qin Tiannan smiled and said: "Just to tell you, the Tibetan Taoist Academy and the Hidden Sword Sect will stand by the side of the Yunhuang Empire."

Lu Changsheng nodded.

I feel a little helpless in my heart.

This **** is a debt of favor again!

But Lu Changsheng couldn't refuse.

After all, Hongying is his apprentice.

At this moment, Hongying also needs the support of giant forces on the mainland.

As the saying goes, the father's debt is paid by the son, and the apprentice's debt is paid by the teacher...

Western Regions.

Buddhism.

Naturally, I also got the news.

In the hall.

Four old men gathered together.

All of them looked dignified.

"Have you heard that Empress Yunhuang has successfully reincarnated and will rebuild the Yunhuang Empire."

"Right now, Wu Xu and Wu Nu both died. Although it was for the sake of the envoy, the envoy still died. It was just a bargaining chip to protect the envoy. I am afraid that it is not enough to attract the attention of the upper realm."

"That's right, Buddhism has planned for tens of thousands of years and cannot fail."

The plan of Buddhism is actually no different from that of Yunhuang Empire.

They all want to go to other realms!

It's just that the choice of Buddhism runs counter to the Yunhuang Empire.

Yunhuang Empire wants to fight.

But Buddhism chose to help the upper realm, and was appreciated by the power of the upper realm, and brought Buddhism to the upper realm!

"Since this is the case, then we must prevent the reconstruction of the Yunhuang Empire and strive to make contributions during this period. Only in this way can we get more bargaining chips and go to the upper realm when the upper realm descends!"

The four of them nodded in agreement.

They have no retreat.

From now on, Buddhism will do its best to prevent the Yunhuang Empire from integrating the power of the mainland!

Somewhere in the Southern Region.

Hongying and the Nine Heavens Department gathered here.

Yun Ming frowned and said, "Your Majesty, the current situation is not optimistic."

Yun Zhan nodded in agreement: "Except for the Tibetan Taoist Academy, Yin Jianzong, and the forces in the Northern Territory, almost no one wants to see the reorganization of the Yunhuang Empire."

Hongying listened to the report of her subordinates, nodded and said: "This is also normal."

"Then what should we do?" Yun Zhan looked solemn: "If you can't integrate the power of the whole continent, I'm afraid you won't be able to conquer the heavenly road."

Suddenly, Yun Ming thought of a way and said, "Your Majesty, how about asking your master for help?"

Hearing Yun Ming's words, Hongying couldn't help shaking her head and said: "Unless it is absolutely necessary, there is no need to ask Master to take action."

"Nowadays, integration can only be done slowly, and the complete restoration of strength is the most important thing."

Hearing this, the Nine Heavens Department all nodded helplessly.

Now, it has to be like this.

Time flies by.

Another hundred days passed, and a piece of news came from the Northern Territory.

In the extreme north, a huge aura fluctuation was discovered!

Suspected to have a fetish born!

Chapter 208 Formation of the Heavenly Road!

The fetish is born.

has three characteristics.

First, there will be many rare and exotic beasts guarding here.

Second, it will cause a vision of heaven and earth!

The third, which is the current situation, is a burst of aura.

At the moment.

Northern Territory, in the extreme arctic ice field, a surge of aura turned into a storm of aura, spreading towards all directions!

Among them, the monsters deep in the ice field broke through one after another!

Therefore, the major sects speculated that there was a fetish born deep in the extreme northern ice sheet!

As soon as the news came out.

Clouds move in all directions!

All forces are moving towards the northern region, the extreme north!

Hongying naturally also learned the news.

The appearance of fetish.

Gives Hongying a new idea.

If you get this fetish.

Not only can improve strength.

It can even improve the prestige of the Yunhuang Empire!

Yun Zhan also nodded and said: "Your Majesty, this fetish must be obtained. This is the first battle for the reconstruction of our Yunhuang Empire!"

The rest of the Nine Heavens Division also nodded one after another.

Obviously, they have the same idea as Cloud War!

Hearing the words, Hongying also immediately ordered: "Okay, everyone, get ready and go to the Arctic Ice Field."

Nanyu Tibetan Taoist Academy.

In the thatched cottage.

Qin Tiannan informed Lu Changsheng of the news.

Lu Changsheng was surprised when he got the news.

It's not about spying on the mysterious fetish.

Instead, the Arctic ice sheet?

A fetish appears?

Couldn't it be the heart of the realm playing tricks?

You know, the heart of the realm is in the deepest part of the extreme arctic ice sheet!

Qin Tiannan said: "How about it, Changsheng, do you want to go together?"

If Lu Changsheng is willing to go.

Then the ownership of the fetish is naturally in the hands of Lu Changsheng.

After all, the current Lu Changsheng.

But the recognized number one powerhouse on this continent!

One person destroys the two powerful False God realms of the Buddhist sect.

With such strength, which force is Lu Changsheng's opponent?

Lu Changsheng shook his head and said, "No."

If it is really the heart of the realm, getting him is like getting a hot potato.

After all, the goal of the above group of people is very likely to be the heart of this realm.

Although Lu Changsheng improved the Jiuyou Huangquan formation, even if the opponent came to the thatched cottage, he would not be in vain.

However, if you can avoid troubles, try to avoid troubles as much as possible.

This is Lu Changsheng's consistent principle.

Never take the initiative to provoke right and wrong!

The disciple's matter had already given him a bit of a headache.

He himself doesn't want to take this hot taro anymore.

Got Lu Changsheng's answer.

Qin Tiannan shrugged his shoulders with a helpless expression, but there was no surprise.

He came here to ask, but he never had any hope.

He still doesn't understand Lu Changsheng's character?

Besides, Ye Qiubai came over and said: "Master, Junior Sister should go, I want to help her."

Heard the words.

Lu Changsheng glanced at Qin Tiannan resentfully.

Gan!

This is the purpose of you old fox...

Qin Tiannan smiled, but spread his hands pretending not to know.

When Ning Chen heard it, he also walked to Ye Qiubai's side, and said with a smile: "Since Senior Sister has rebuilt the Yunhuang Empire, she will naturally seize the opportunity to regain her reputation."

"As a member of the thatched cottage, we naturally have to help."

Xiao Hei also walked behind Ye Qiubai without saying a word.

Watching this scene.

Lu Changsheng was helpless.

I knew it!

I knew it!

Every time this old fox Qin Tiannan comes here, nothing good will happen!

But these disciples have all talked about this.

What can Lu Changsheng do?

Can you still refuse?

had no choice but to nod and said, "Get out, get out! Don't keep me in the way!"

Received Lu Changsheng's nod.

Ye Qiubai and Qin Tiannan left together.

When all forces start to set off for the extreme arctic ice sheet.

Lu Changsheng was thinking.

If it was really caused by the heart of the realm.

Well, I'm afraid things will not be too simple.

After all, the purpose of the people in the upper realm is the heart of this realm.

Now, the Heart of the Realm is no longer hidden, and if it shows up on its own initiative, it is bound to be noticed by people in the upper realm!

At that time.

I'm afraid they will plan ahead and come here!

The more he thought about it, the clearer Lu Changsheng's thoughts became.

Now, Hongying's strength has not been fully recovered.

Coming here at this time, I am afraid that they are not their opponents.

Like the Sunset Dynasty, it is Ye Qiubai's obsession.

Conquering the heavenly road, the strong in the upper realm is also Hongying's obsession!

This obsession can only be broken if Hongying resolves it with her own hands!

Less than the critical moment.

Lu Changsheng is not prepared to help.

With Hongying's current strength, she will definitely not be her opponent.

Thinking of this, Lu Changsheng stood up from the reclining chair.

"Hey, it's really worrying."

"Let's help these **** first."

After finishing speaking, he left the place!

In the blink of an eye, he appeared beside the dilapidated Tianlu.

here.

is the only channel for the barbaric realm to open up to the upper realm.

At the same time, it is also the only way for the other party to come to this world.

Lu Changsheng spread his hands.

An extremely terrifying breath erupted from Lu Changsheng's body!

Immediately, it spread around the entire Tianlu!

Those breaths spread here.

Formed a formation!

Cut off all the breath in the barren realm!

That's right.

Lu Changsheng isolated the breath in the barren realm.

The purpose is to prevent people in the upper realm from feeling the aura emanating from the appearance of the heart of the realm!

lest the other party come here in advance!

After laying down the isolation formation.

Lu Changsheng thought for a while, and laid out another killing array here.

Among them, Jianmu trapped dragon array was included.

And space blockade array!

There are other four killing formations!

And these four killing formations, under Lu Changsheng's deliberate control, cannot completely wipe out the opponent's forces that want to come here.

However, at least it can consume a few percent of the opponent's strength.

Although she couldn't help Hongying directly, she couldn't solve the opponent.

However, it is still possible to secretly consume a little of the opponent's vitality.

The rest will be left to Hongying herself.

A person's path is not achieved by others, nor by a master.

But on their own.

Blindly help.

It seems to be helping, but in fact it is irresponsible to the apprentice.

The path of cultivating Taoism is full of twists and turns.

There are countless pits and death formations.

If Lu Changsheng paved it, it would make this road extremely smooth.

Then how to improve strength?

What should I do if I encounter a stronger enemy?

Lu Changsheng can't always be by their side, can he?

To know.

His lifelong ideal, but to be a salted fish...

To realize this ideal, disciples need to grow up quickly.

Only in this way can you fish with peace of mind.

After doing all this.

Lu Changsheng just returned to the thatched cottage.

...

And at this moment.

Outside the Arctic ice sheet, countless forces gathered together!

This aura storm.

The strength contained in it may be a bit stronger than the secret realm in the southern desert!

The level of this fetish may exceed everyone's imagination.

But.

Now they are facing a difficulty.

How to enter the depths of the Arctic Ice Sheet?

You know, the environment is extremely harsh, and there are countless powerful and mysterious monsters!

Even the Qianyuan Realm powerhouses are still unable to move an inch!

Chapter 209 Beiyuan Castle

Beiyuan Castle.

It is thousands of miles away from the extreme arctic ice sheet.

However, this city is also the closest city to the extreme northern ice sheet.

The environment of the Arctic Ice Field is too harsh, with thin aura and extremely low temperature, and there are various powerful ice-attribute monsters roaming in it.

Therefore, it is impossible to build a city near the extreme arctic ice sheet.

Rao is thousands of miles apart.

The temperature in Beiyuan City is also much lower than other cities.

However, it is within the range of ascetics.

As for mortals?

There are very few mortals in this city.

The harsh environment forced the aborigines to move out of the city.

The remaining mortals all have family businesses in this city.

Cannot move freely.

Beiyuan City is not affiliated with other sects.

Beiyuan City City Lord's Mansion is the only overlord here!

As the city closest to the extreme northern ice field, it is naturally strong enough to be able to build a city here.

So, in the Northern Territory, Beiyuan City is also a giant-level force.

It's just that there are no interests or conflicts with other sect forces, so few people know about it.

And at this moment.

The restaurants and hotels in Beiyuan City are already overcrowded.

The owners of taverns and hotels were all happy.

There is no other reason.

In the depths of the Arctic ice sheet, there seems to be a fetish born!

All sects and sects in the four regions have come here, and they regard the only city near the extreme northern ice sheet as their base.

As a result, the price has also risen.

For the great power of the sect, this price is nothing.

However, for casual cultivators, they can only sleep on the ground.

At this moment, Beiyuan Restaurant.

This is the largest restaurant in Beiyuan City.

At the same time, it is also under the personal control of the Beiyuan City City Lord's Mansion.

Originally, this place only received powerful people, but now, it only receives powerful people.

Therefore, in Beiyuan Restaurant, Yinjianzong, Tibetan Taoist Academy, and the major powers all gathered here!

Of course, there are other forces.

These forces are giant forces from the Four Domains.

The Lord of Beiyuan City naturally got the news and came to Beiyuan Restaurant to receive these people in person.

If you can make friends with these forces, it will be a great benefit.

That night.

Beiyuan restaurant is brightly lit.

Among them, the huge banquet hall was filled with wine tables.

This banquet hall is divided into three floors.

The first floor is the broadest, but the people sitting here will be relatively weak.

Although it will be weaker than the second and third floors.

But being able to live in Beiyuan Restaurant means that this power is much stronger than those outside.

The second layer is slightly stronger.

The third floor is where the top forces are located.

For example, Yinjianzong, Tibetan Taoist Academy, and Buddhism...

At this moment, the owner of Beiyuan Restaurant, the only heir of the lord of Beiyuan City, Beiling.

Standing in front of the crowd, he said with a smile: "My father is still dealing with the affairs of the city, so I can only come out to receive the seniors, please forgive me."

The people on the first floor suddenly smiled and waved their hands.

"Understood. The affairs of the North Peak City Lord are cumbersome. For the safety of Beiyuan City, it is very hard to keep an eye on the situation of the Extreme North Ice Field."

"Beifeng's son has grown up now, and I heard that his talent is also very good!"

"There are talented people from generation to generation, and it will be your young people's world in the future!"

The people on the second floor only responded symbolically.

then no longer speak.

As for the third layer?

He didn't even look directly at Beiling.

Although Beiyuan City belongs to the giant-level forces in the Northern Territory.

But it is not enough to put it in the middle domain.

What's more, the third layer is basically the top power in the middle domain!

Beiling hated secretly in his heart, but he couldn't do it.

After all, the opponent has bigger fists.

Only big fists are qualified to ignore others.

After calming down his emotions, Beiling said with a smile: "Today, Beiyuan Restaurant will bear all your expenses, and there is also the unique icefield wine in Beiyuan City. You can speak freely!"

All the forces on the first floor responded politely again, and then started talking with each other.

The topic of conversation is nothing more than two points.

The first point is exactly the purpose of coming to Beiyuan City this time.

The fetish in the depths of the Arctic ice sheet!

"I don't know what kind of **** appeared, which can cause such a big spiritual storm."

"Well, in the extreme northern ice field, the spiritual energy is already thin, even if it is enough to supply five Qianyuan realm powerhouses to fight in it, it is not enough."

"However, such a large aura storm can be born. It is conceivable that there must be a fetish or inheritance!"

People on the second level are a little worried.

"In the depths of the extreme northern ice sheet, I am afraid that only those who are strong in the False God Realm have the opportunity to go there."

"Well, Qianyuan Realm strongmen are going alone, not to mention the harsh environment, there are countless False God Realm monsters in it."

"At that time, we can only follow behind the False God Realm powerhouses of the giant forces in the middle domain."

"I'm afraid, we can only drink soup."

False God Realm powerhouses can only be found in giant powers in the Central Territory.

Among the four domains, only a few ancient forces own them.

And those who are strong in the False God Realm have long since ignored mundane matters and practiced in closed doors.

Only, because of this fetish appearance, may have arrived.

the third floor.

Zang Dao Academy and Hidden Sword Sect have already reached an alliance.

The two parties sit together.

Dean Yan and Lin Rufeng are talking.

"This time, I'm afraid it will attract quite a few old monsters."

"That's right, just look at the Sunset Dynasty. Who would have thought that the old king is still alive and has broken through to the False God Realm?"

Dean Yan's face was a little dignified, and said: "Speaking of this matter, the old lord of the Sunset Dynasty has not been seen yet, and he doesn't know where he is hiding."

Lin Rufeng sneered when he heard the words: "I'm afraid we have already arrived at Beiyuan City, and that old monster who will take revenge will not stop there."

Dean Yan nodded: "At that time, pay more attention."

And the second point of discussion.

It was the thing that shocked everyone recently.

The last empire in ancient times, the reconstruction of Yunhuang Empire!

The person who rebuilds is the last empress at that time, Empress Yunhuang!

On the first floor, Beiling sat in front and took the initiative to provoke the matter. He smiled and said, "I don't know what seniors think about the matter of the Yunhuang Empire."

Everyone was silent for a moment.

This topic is too sensitive.

Yunhuang Empire.

This was the absolute ruler in ancient times.

Because there is a character at the level of a great emperor.

Now that it is being rebuilt, one family is happy and the other is sad.

Some people agree, and some people don't.

Of course, only a very small number of people agree.

At this moment, on the third floor, someone sneered and said, "Yunhuang Empire? Today's Yunhuang Empire is far stronger than it is now. How is it possible to go back to the past?"

Chapter 210 Stand in line!

"Yunhuang Empire? Today's Yunhuang Empire is far less powerful than it is now. How is it possible to go back to the past?"

Everyone looked towards the third floor.

The forces that can sit on the third floor are all giant forces in this continent.

represents this force, and on the bright side, there are False God Realm powerhouses in charge!

Everyone was slightly taken aback when they saw this person.

Well known.

There are three families in Zhongyu, two clans, and one courtyard.

These six major forces are the giant forces in the Central Territory!

Take charge of Zhongyu together!

The strength is extremely powerful.

One Academy is representative of Tibetan Taoist Academy.

The two sects are Yinjianzong and Danzong.

The three families are the Li family, the Mu family, and the Murong family.

At this moment, the speaker is a young man.

This man was heard by everyone present.

Murong's family, Murong Mou.

Although, his strength is not as frightening as his younger brother Murong Ce.

However, before Murong Ce was born.

Murong Mou is the only arrogance of the Murong family!

Although the current scenery is covered by Murong Ce.

However, Murong Mou's talent should not be underestimated.

Beiling looked at Murong Mou and smiled silently.

It seems that the Murong family is ready to enter.

Murong Mou is not some brainless person, he must have said such words under the instruction of his family.

The Murong family naturally had their purpose in doing so.

Of course, it is certain that they do not want to see the Yunhuang Empire rebuilt.

After all, the rebuilding of the Yunhuang Empire will inevitably result in a share of the interests of this continent.

This is what the Murong family and other forces who disagree with the reconstruction of the Yunhuang Empire fear.

the third floor.

On the side of the Tibetan Taoist Academy, beside Dean Yan, there was a woman in red, and nine people stood behind her.

Hearing this scene, his expression didn't change much.

Dean Yan smiled and said, "Your Excellency, Empress, aren't you angry?"

The woman is Hongying!

And the nine people behind her are naturally the Nine Heavens Department.

It's just that few people present have seen Hongying's true face.

Hongying said with a blank face: "What's there to be angry about? It's expected and just right. Let's see how many forces will stand up."

As the empress.

Naturally, there is no point in getting angry with the juniors.

What's more, they just took this opportunity to see how many forces would stand up and openly oppose the reconstruction of the Yunhuang Empire.

These forces.

It is bound to become the target of Hongying's killing of chickens and monkeys.

And the Nine Heavens Department did not move.

Although they were angry, when Hongying didn't issue an order to do something.

They don't move.

In the room on the third floor of Murong Mou, he continued to say in a cold voice: "I admit that in ancient times, under the leadership of Empress Yunhuang, the overall strength of the mainland reached another level."

"However, because of the stubbornness of the Yunhuang Empire, more than half of the martial arts inheritance on the mainland has been destroyed."

"Now, the mainland has managed to recover a bit of vitality. Is it possible that the reconstruction of the Yunhuang Empire will lead us to extinction?"

At this time, Yun Ming finally couldn't help but open his mouth to refute.

"At that time, the sect families on the mainland all agreed with the Yunhuang Empire's campaign plan, so how could they be going their own way?"

Everyone looked in Yunming's direction again.

Hongying didn't stop Yunming from speaking either.

Yun Ming continued: "At that time, the top powerhouses on the continent had already reached their bottleneck."

"The total amount of spiritual energy in this continent alone is not enough for them to break through!"

"Aren't our cultivators pursuing a higher realm? They will naturally agree with the empire's plan."

Murong Mou retorted, "But what about the result?"

"The consequence is to lead the mainland to perish!"

"Don't you want to repeat the tragedy of that time!"

Speaking of which.

Immediately, several forces joined in one after another.

"Exactly!"

"Tragedies are absolutely not allowed to repeat themselves!"

"What's more, does the current Yunhuang Empire have the strength at that time?"

"I heard that the current empress is only in the Qianyuan realm, right?"

The corners of Murong Mou's mouth curled up slightly, revealing a smile of successful plan.

The reason why he said such sensitive words in public.

Naturally, it is to increase the public opinion that refuses to rebuild the Yunhuang Empire!

On the third floor, an old man from the Buddhist sect also stood up, clasped his hands together and said, "Amitabha, the Buddhist sect does not want the mainland to fall into murder again."

"So, Buddhism rejects the reconstruction of the empire."

Fomen stood up again!

Hongying also looked over.

A cold light flashed in his eyes.

At that time, there were a few forces in the whole continent who disagreed with the war.

Among them, Buddhism is included!

Hongying didn't force them either.

After all, the plan to conquer the heavenly road depends entirely on the participation of the resources of the major forces.

But, at the time.

Hongying had already suspected that Buddhism was playing an unclean role when they were fighting for the heavenly path.

At that time, the empire had several important plans, all of which were known to the other party in advance!

There must be an inner ghost among them.

At the time of the sunset dynasty. Buddhism even openly stood on the side of the envoy from the upper realm!

This made Hongying think even more that the foundation of Buddhism is not clean!

There are Buddhists and Murong's family standing out.

Some forces who opposed the reconstruction of the empire but did not dare to speak out publicly also stood up!

Only among the Beiyuan Restaurant, only Tibetan Dao Academy and Yin Jianzong agreed!

The Mu family and the Li family, both of the three great aristocratic families, did not express their views.

Danzong is the same.

Obviously, they are still observing the situation and don't want to stand in line so quickly.

Yunming looked angry when he saw this scene, but was stopped by Hongying's eyes.

Now is not the time to act.

If you act now, you will only be regarded as a target of public criticism.

Although, as she is now, leading the Nine Heavens Department has the confidence to fight against everyone here.

However, Hongying's goal is to rebuild the Yunhuang Empire.

Once a shot is taken here, violent suppression will not convince the public!

Only by breaking through one by one elsewhere can we slowly find a breakthrough.

Matters involving interests.

It is not something that can be easily solved with strength.

Unless Hongying returns to the emperor level.

However, it is obviously impossible in a short time now.

At this time, Beiling also stood up with a smile and said, "Everyone, my father is here."

After finishing speaking, in an instant, a figure appeared beside Beiling.

Everyone who knows him knows that this person is the Lord of Beiyuan City, Beifeng!

Its realm is half a step of false gods.

If it weren't for the location outside the extreme arctic ice sheet, it would be far away from the center of the northern region.

I am afraid that the overlord of the Northern Territory will have nothing to do with the Sunset Dynasty.

Beifeng clasped his hands and said: "Thank you for giving Bei a thin noodles and coming to Beiyuan Restaurant as a guest."

Everyone bows their hands in return.

The people on the second level did not muddle through their work at this moment, and gave Beifeng enough face.

Murong Mou cupped his hands and said with a smile: "City Master Bei, you should have heard what I said earlier, what do you think?"

Beifeng was extremely physically fit. He laughed loudly after hearing this, looked at Murong Mou, squinted and said, "Young Master of the Murong family, you are asking me to stand in line."

Murongmou shrugged, noncommittal.

However, Beifeng did not avoid this topic, but said with a smile: "Beiyuan City, I want to develop with peace of mind."

This sentence already means that Beifeng will stand on the opposite side of the Yunhuang Empire!
