

My Disciples 211

Chapter 211 The Cottage Assembly

The statement of the lord of Beiyuan City made everyone puzzled for a while.

I am also a little confused.

Beiyuan City is located thousands of miles away from the extreme northern ice sheet, without any forces around it.

There will be no conflict of interest.

As soon as Beifeng came out, he drew a clear line with the Yunhuang Empire.

This is obviously not right.

Beifeng seemed to see everyone's doubts, and said with a smile: "Beiyuan City, as the first line of defense in the northern region, has been preventing the monsters from sneaking out of the extreme northern ice field."

"So, I don't want to go to war and start a war, I just want to develop peacefully."

"The purpose of rebuilding the Yunhuang Empire is naturally to restart the plan to conquer the heavenly road, which is inconsistent with our philosophy of Beiyuan City."

Some people nodded, while others frowned.

I don't believe Beifeng's nonsense.

Beifeng continued: "What's more, the reconstruction of the Yunhuang Empire is now a matter of course, and it will not be taken seriously."

"Oh? Why did the Lord of Beifeng make such a statement?"

Dean Yan asked with a smile.

Beifeng looked up at the source of the voice, and found that it was Dean Yan, he cupped his hands and said, "Dean Yan, you should understand what I mean."

"Even though Empress Yunhuang is reincarnated, according to information, her strength doesn't even reach False God Realm."

"Then what capital do we have to rebuild the Yunhuang Empire?"

"I'm afraid, even if it is rebuilt now, it can only be regarded as a first-class force, right?"

"If you want to rule the mainland, I'm afraid it's not enough."

Strength!

Beifeng's reason is also the reason why everyone doesn't pay attention to the Yunhuang Empire!

Lin Rufeng, who was sitting on the side, glanced at Hongying, and said with a smile, "Your Excellency, Empress, is it really as they said?"

Hongying chuckled lightly, her eyes were flat, and said: "Although the strength has not recovered, it is enough."

The tone is flat, but full of confidence!

Lin Rufeng looked at Hongying's appearance, and nodded slightly.

These words undoubtedly gave him reassurance.

A generation of empresses would not say such arrogant words without proof.

At this time, Beifeng smiled and said: "Everyone, let's not discuss this matter for now. Today, let's eat, drink, and exchange martial arts. Tomorrow, it's time to go to the Arctic Ice Field!"

Everyone nodded and began to communicate about entering the Arctic ice field tomorrow.

...

Soon, the time came to the next day.

Outside the extreme arctic ice sheet, all forces gather here.

And this action.

People under the Qianyuan Realm are not eligible to enter it.

After all, under the Qianyuan Realm, they don't even have the ability to survive in the extreme arctic ice sheet.

Of the six giants in the central domain, except for Danzong who did not come, the other five were led by False God Realm powerhouses.

If you want to enter the depths of the extreme arctic ice sheet, you can't do it without someone who is strong in the False God Realm.

Dean Yan looked around and said with a smile: "It seems that those old monsters are finally willing to come out."

When Lin Rufeng heard Dean Yan's words, he also sensed auras in the dark, rushing towards this direction.

East Region, Shijia.

It belongs to the giant power of the Eastern Region, but it can only be regarded as a first-class power in the entire continent.

The head of the family is only the existence of the late Qianyuan state.

At this moment, in front of them, stood a dying old man.

The old man seemed to have reached the limit of his lifespan.

But the aura faintly revealing from his body represents that he is a strong man in the False God Realm!

The same scene also happened to other forces.

There are five factions, all of which have False God Realm experts standing up!

This time the fetish was born.

Let all these old monsters who don't care about the world come out.

After all, their realm has reached the limit, and only a shocking opportunity will allow them to make another breakthrough!

This time, the birth of the fetish is an opportunity.

Although the Lord of Beiyuan City is only a half-step False God, his father, who is also the Lord of Beiyuan City of the previous generation, is a strong man in the early stage of the False God Realm!

At this moment, he is standing with the head of the Murong family and the Buddhist elder!

Obviously, these three major forces have formed an alliance.

When everyone saw this lineup, they couldn't help but gasp.

The three great False God powerhouses are already powerful, but now they form an alliance, which puts even more pressure on everyone.

Zang Dao Academy stood with Yin Jianzong.

Seeing this situation, all the forces began to form alliances one after another.

And at this time.

Not far away, there are three figures coming together.

Dean Yan looked over and couldn't help laughing: "It seems that I am more sure of getting the fetish this time."

Lin Rufeng also glanced at Hongying, and said, "The relationship between Your Excellency the Empress and the senior brother seems to be very good."

Hearing the words, Hongying also chuckled silently.

It was Ye Qiubai, Ning Chenxin and Xiao Hei who came here!

Everyone present naturally saw the appearance of the three of them.

All faces changed!

Among them, Ye Qiubai's reputation is the most well-known.

When the water overflows the realm, it will be able to compete with the strong in the False God Realm!

Now, the breath has stepped into the Qianyuan realm, I am afraid that the real strength has increased a lot...

Ning Chenxin is equally strong.

As for the man with dark skin, we don't know.

After all, Xiao Hei rarely takes shots.

The only time it happened was during the Tianyuan Dynasty.

But that time, not many people knew about it.

Ye Qiubai came to Hongying's side, and said with a smile, "If you don't inform us about this kind of thing, you're too far away, junior sister."

Hearing this, Hongying smiled lightly and said: "After all, it is the matter of the Yunhuang Empire."

"But you are also a member of thatched cottage."

Ye Qiubai corrected: "Since you are a member of thatched cottage, your affairs are naturally related to us."

"Okay." Hongying nodded, her heart warmed slightly, and said, "It won't happen in the future."

Dean Yan and Lin Rufeng also looked at each other.

Can't help but sigh with emotion.

The people in the thatched cottage are not only superb in each talent, but their cohesion is even more terrifying.

Really enviable.

With people like Ye Qiubai, how can the thatched cottage not be prosperous?

For a while, they all envied Lu Changsheng a little bit.

The depths of the Arctic Ice Sheet are not an enchantment, nor is it a secret realm.

So all forces have already begun to act.

Beifeng took a deep look at the direction of thatched cottage, and also headed towards the extreme northern ice sheet.

Seeing this, Lin Rufeng said: "Okay, there is no need to delay, let's go too."

Dean Yan sighed: "No one has explored the depths of the extreme northern ice sheet, so we can only be blind at night."

After all, the depths of the extreme arctic ice sheet are too dangerous.

Even in the False God Realm, there is a possibility of falling.

At this time, Hongying said: "I know a little about the way in the depths, follow me."

This made everyone happy.

That's right, as the ancient empress, Hongying naturally knows more than them.

After finishing speaking, the group of people headed towards the extreme arctic ice sheet!

And at this moment.

In the depths.

Inside a cave.

The aura here has condensed into substance, even turned into liquid!

In the center of the cave, there is a spherical luminous body.

There was a sigh.

"Time is running out, we must start to make a decision..."

Chapter 212 Open up the starry sky dantian!

In the bamboo house.

Shi Sheng woke up.

Get up from the bamboo bed.

Looking down, he found that the bamboo bed had been dyed black.

An extremely foul smell emanates from it.

Shi Sheng was slightly taken aback.

What is this.

Master won't blame him for dirtying the bed later, will he?

So.

Hastily lifted up the bamboo bed, intending to take it out for cleaning.

Lu Changsheng happened to be watering the vegetable garden. Seeing this scene, he couldn't help being taken aback, and asked, "What are you doing?"

Shi Sheng put down the bamboo bed, scratched his head in embarrassment, like a child who has done something wrong, and said with a bitter face: "Master, I made the bed dirty, go and wash it." really.

The unpleasant smell can be clearly smelled even by Lu Changsheng who is several meters away.

"It's okay, it's just that the impurities in your body have been discharged."

"Impurities?"

Shi Sheng was slightly taken aback.

"Well, because your body is remodeled, impurities will naturally be discharged, and you should feel that your body has changed a lot compared to before."

Speaking of which.

Shi vividly moved and jumped.

Indeed.

My body is much lighter and more flexible than before.

Even the movement of aura in the body is faster than before.

At the moment.

The aura contained in the thatched cottage is continuously being sucked into Shi Sheng's body.

This feeling, I have to say, made Shi Sheng very comfortable.

Lu Changsheng said: "Throw away the bamboo bed, and just make a new one."

Shi Sheng shook his head and smiled, "It can still be used after washing."

After finishing speaking, he walked towards the small river behind.

When Lu Changsheng saw this, he didn't stop him.

I can only say, this kid is really simple.

It seems that he is not a troublemaker.

Can't be the same as Ye Qiubai and those four brats, right?

Thinking of this, Lu Changsheng couldn't help sighing with emotion.

Finally, there is an apprentice who will not find work for the master.

After Shi Sheng finished washing, he put the bamboo bed back into the bamboo house.

Lu Changsheng was already lying on the chair at this moment.

Shi Sheng walked over and said, "Master, don't you need to practice?"

Since he entered the thatched cottage, he seems to have never seen Lu Changsheng practice.

Is it his illusion?

Lu Changsheng pointed to the sky.

"Such a good weather, isn't it a good day to sleep?"

"Cultivating at this time is too wasteful."

After hearing this, Shi Sheng scratched his head, lay down on the ground, spread his hands and said, "What you said makes sense."

Seeing Shi Sheng also lay down.

Lu Changsheng immediately widened his eyes, stood up and shouted, "Why are you lying down?"

"Ah?" Shi Sheng was startled, stood up in doubt, scratched his head and said, "Didn't Master say that? It would be too wasteful not to sleep in this weather."

Lu Changsheng rolled his eyes and said, "Just because I'm sleeping doesn't mean you're going to sleep! Hurry up and practice!"

What a joke!

If the disciple starts fishing, then he will feel uncomfortable.

Shi Sheng was dumbfounded: "But... Master, you..."

"Can I be the same as you?!"

Lu Changsheng shouted angrily: "Hurry up and practice!"

Shi Sheng scratched his head and said, "Oh...alright."

Looking at Shi Sheng's back, Lu Changsheng couldn't help laughing.

I really don't know if this kid is simple and honest or weak.

Shi Sheng found a place anywhere and sat cross-legged.

In his mind, there is a practice.

It is called Chaos Star Record.

This exercise was given to him by his master.

Before, Shi Sheng's skills were obtained from a very small sect of cultivation.

The sect master of that sect is only in the early stage of Zifu Realm.

Cultivation method is even lower grade of Xuan rank.

It can be said to be a rather clumsy technique.

Now, Shi Sheng couldn't help being slightly startled by the statement in the Chaos Star Record.

Chaos Star Record, divided into entry level and last nine levels.

Getting started is to use the physical body as a carrier to open up a starry sky in the dantian!

This is for getting started!

The last nine floors, each floor is to light up a star in the dantian of the starry sky.

Every time one is lit, Shi Sheng's cultivation level and physical strength will skyrocket!

If you want to open up the starry sky, you must break the dantian, borrow the power of the stars, and open up the starry sky dantian!

Before, the Nirvana Reshaping Pill had already shattered the Dantian.

Today's Shi Sheng is in the foundation building stage.

(Division of Realms: Qi Refining, Foundation Establishment, Golden Elixir, Zifu, Qihai, Shuiyi, Qianyuan, False God)

After reaching the golden elixir stage, the shape of the dantian will be determined.

This condition already exists.

But where to find the power of the stars?

Shi Sheng thought for a while, and then he thought of the falling star ax given by his master earlier.

Falling Stars... Will there be the power of stars on this divine axe?

Think here.

Shi Sheng took out the falling star axe.

The magical ax is simple and unremarkable, but there is a star power spreading out of it!

As expected, Shi Sheng's conjecture was correct.

Shi Sheng held the Falling Star God Ax in his hand, feeling the power of the stars in it.

Slowly closed his eyes.

Nirvana's role in reshaping Dan is also reflected at this moment.

Reshaping the root bone has increased Shi Sheng's talent a lot.

Now, although they are still not as terrifyingly gifted as Ye Qiubai and the others, they are countless times stronger than the outsiders.

The power of the stars continuously flowed into Shi Sheng's body.

This force.

Bring Shi Sheng's feelings.

With the boundless vastness of the starry sky, it seems to be able to contain everything.

With the weight of the stars, nothing can bear the weight of the stars!

For a while, Shi Sheng fell into the realm of heaven and man!

A mysterious aura emanated from Shi Sheng's body.

Little Bird couldn't help being speechless seeing this scene.

Since Lu Changsheng accepted his apprenticeship.

The realm of heaven and man is now the same as Chinese cabbage...

Say enter and enter.

Not many people even in the clan have entered this kind of situation that can be encountered but cannot be sought.

Time flies by.

Three days passed in a flash.

At the moment.

Shi Sheng is still trapped in the realm of heaven and man.

It's just that, around his body, the power of stars began to slowly circle around!

At the dantian, there are stars shining!

In the conscious world.

Shi Sheng holds a magic axe and is opening up the starry world in his dantian!

The dantian is like an undeveloped wilderness.

Shi Sheng is like Yu Gong, one ax after another, constantly opening up new worlds.

When another ax fell.

The power of the stars burst out!

Shi Sheng suddenly opened his eyes.

Eyes like stars!

Chaos Star Records, reach entry level!

At this moment, Shi Sheng's realm also began to skyrocket.

Straight across the golden core and reached the realm of the Purple Mansion!

The starry sky dantian opened up, greedily absorbing the power of stars from the outside world.

Extremely fast.

After the Purple Mansion Realm, the breakthrough of the realm still hasn't stopped!

It didn't stop until the middle of the water overflow!

At this time, a message also came out of Lu Changsheng's mind.

【Stone Health】

【Talent: SS level】

【Qualification: Body of Nirvana, Body of Stars】

If we say that Nirvana reshaped the dan, reshaped Shi Sheng's root bones, and shattered Shi Sheng's dantian.

Then, Chaos Star Road is the dantian that recast Shi Sheng!

Make its natural aptitude a step further!

...

And these three days.

The Arctic Ice Sheet.

Hongying and his party actually met the Lord of Beiyuan City and others!

Chapter 213 Big deal is the enemy of the mainland

The Arctic Ice Sheet.

is one of the life-forbidden places in the barbaric realm.

The cold wind is bitter, and the never-ending gust of wind contains countless ice slags that are invisible to the naked eye.

These ice slags may not be a threat as usual.

However, hidden in the strong wind, the speed is extremely fast and the number is extremely large.

Like a series of sharp ice skates, they can pierce the aura barrier of ascetics at any time!

In the middle section, the temperature is extremely low, and the aura is extremely thin.

Cultivators under the Qianyuan Realm simply cannot survive in it for a long time.

And in the depths, powerful monsters in the False God Realm are all over the place.

Even those who are strong in the False God Realm cannot guarantee 100% safety.

At the moment.

The middle section of the Arctic Ice Sheet.

The ground here is covered by ice, stepping on the ice, looking down, it seems that you can vaguely see the bones buried under the ice!

It is no longer possible to tell whether it is a human or a monster.

Glaciers layer upon layer.

In the middle of the ice sheet, there are icebergs one after another, with many mountains and mountains.

The ascetics must cross the icebergs in order to reach the depth smoothly!

At this time, at the top of an iceberg.

Hongying and his party encountered the Lord of Beiyuan City and others.

Both parties looked at each other without speaking.

The cold wind blew on everyone, and the icy **** hit the aura barrier of everyone.

There was a barking sound.

However, 9999 Xiaohei did not release the aura barrier, allowing the ice **** to scrape on his body.

Xiao Hei's face remained unchanged, and there were no traces left on his body.

As if nothing happened.

Beifeng, the lord of Beiyuan City, was the first to break the silence and said with a smile: "It seems that you are familiar with your terrain on the Extreme Arctic Ice Field."

Beifeng is the lord of Beiyuan City.

Beiyuan City is the only city that is close to the extreme northern ice sheet.

Most of the resources are obtained from the extreme arctic ice sheet.

so.

As the lord of the city, Beifeng is naturally familiar with the terrain of the extreme arctic ice field.

He knew it too.

If you don't know the way, I'm afraid it will take some time to reach the middle of the ice sheet where they are.

There may be losses.

Dean Yan smiled and said, "It's just a coincidence."

It happens that...

Beifeng didn't believe this nonsense.

The terrain in the extreme arctic ice sheet is extremely complex, and there are dangers everywhere.

And the path they took can be said to be the fastest and relatively safe path.

How could it be a coincidence.

However, Beifeng will not go into the details. As a giant in the Central Region, it is not surprising that the other party knows something.

Murong Mou was also in the team, and he said, "Zang Dao Academy and Hidden Sword Sect really support the reconstruction of Yunhuang Empire?"

"What's in it for you?"

Hearing this, Lin Rufeng glanced at Murong Mou.

The sword intent flickered in the eyes, and the sharp sword intent was sharper than the blasting ice blades!

Shoot towards Murong Mou!

Murong Mou's expression changed slightly.

A middle-aged man suddenly appeared in front of him.

Stop all the sword intents.

Obviously, this middle-aged man is also a strong False God Realm.

The man looked at Murong Mou and shouted: "Why are you talking to Sect Master Lin? It's impolite!"

Murong Mou did not admit his mistake, and said stubbornly: "Father, what I said is not wrong."

That's right, the middle-aged man is Murong Mou's father.

is also the current head of the Murong family, the three major families in the Central Region.

Murong Yi.

Lin Rufeng also sneered, and said, "I don't want to know the junior."

However, he knew that Murong also did not accuse Murongmou of the problems in his words.

It's just that he has no manners.

This also means that Murong Yi has no objection to his son's words.

Murong Yi said like a smiling tiger, "Sect Master Lin, when I bring the dog back, I will teach him how to behave properly."

Ye Qiubai took over the words with a smile on the side: "I also need to teach your son the wrong words and sentences, otherwise, he might die in his own words."

As soon as the words came out.

Murong Mou's expression changed.

Murong Yi's eyes flashed a cold light, he looked at Ye Qiubai, and said with a half smile, "This must be Ye Qiubai, Ye Qiubai, the number one talent in swordsmanship today, right?"

"I dare not be number one, but my surname is Ye."

"Hehe, I am humble."

Murong is also like an old fox, looking amiable, "Ce'er often mentions you to me, we should be allies."

The Ce'er that Murong Yi is talking about is naturally Murong Ce who is known as the born arrogance!

With the Buddhist disciples, they are away from home and secluded, and they are also known as the three great talents!

It's just that Ye Qiubai and others overwhelmed the limelight.

Ye Qiubai did not accept Murong Yi's kindness, but said: "If the way is different, don't conspire with each other."

Murong also smiled and said: "Oh yes, I heard that Your Excellency the Empress is Ye Xiaoyou's junior sister."

"However, as a senior brother, Ye Xiaoyou should persuade Your Excellency the Empress not to do things that arouse public anger."

Hearing this, Ye Qiubai's face remained unchanged, and his tone was extremely firm without hesitation.

"What my junior sister wants to do, our senior brothers will naturally help. If there is any injustice or obstruction, the thatched cottage will clear the way for her."

When saying these words.

Ning Chenxin and Xiao Hei both took a step forward, standing side by side with Ye Qiubai.

Confucianism and Taoism gushed out from Ning Chenxin's body!

Xiao Hei's eyes also showed a fighting spirit!

Ye Qiubai holds a sword in his hand, and the sword intent soars into the sky!

The realm of Jianzong is unobstructed!

Yun Zhan said with emotion: "Your Majesty, you have a group of brothers who value love and righteousness."

Hearing this, Hongying smiled triumphantly, "Of course!"

At this time, in Hongying's heart, she worshiped under Lu Changsheng's sect and joined the thatched cottage.

It was the most correct decision in her life!

The smile on Murong Yi's face slowly disappeared.

His eyes also became colder, and he said: "Jianzong? At a young age, he has reached the realm of Jianzong, which is really limitless."

"However, that's all. Do you think that a single thatched cottage can compete with the sect families in the whole continent?"

Ye Qiubai chuckled lightly.

"If you really want to get there, then come and try."

The tone is arrogant!

The eyes are wanton!

The demeanor is unrestrained, like wild grass!

Murong can also bet that this is the most arrogant young man he has ever seen in his life!

Has the arrogance to dare to be an enemy of the entire continent!

However, Murong Yi has the idea that the other party has the ability to do this.

This made Murong Yi slightly startled.

Murong couldn't help being a little annoyed that he had such thoughts.

He is a powerful family in the central domain, the head of the Murong family!

What big wind and waves have you not seen?

How could he be influenced by a junior?

smiled, and said: "In this case, Mouer, go and exchange ideas with Ye Xiaoyou's peers."

Some words.

It was also reminding Ye Qiubai.

He is just a junior!

Be respectful in front of elders.

Chapter 214 Sea of Clouds and Waves Formation

(When Xiao Hei went, he practiced the Eternal Demon Physique, and the seal was loose, which led to the demonic state. His consciousness was not clear, and he walked randomly. Therefore, Xiao Hei didn't know his way here, but just came here.)

Murong Mou's talent, before Murong Ce was born, was the number one pride of the Murong family.

His talent is naturally impressive.

Now, it has reached the stage of the late Qianyuan stage.

After all, Murong Mou practiced many years earlier than Murong Ce.

Murong Mou walked out from the crowd, stood opposite Ye Qiubai, looked at the wooden sword in his hand, and couldn't help frowning: "You just take this piece of wood?"

Ye Qiubai chuckled lightly: "Isn't that enough?"

Speak naturally.

It seems to be stating the facts.

But it was this tone that made Murong Mou a little angry.

He felt underestimated.

"I heard that you are very good at leapfrog fighting, so I won't lower my level, what do you think?"

Ye Qiubai nodded.

Actually, whether the opponent suppresses the realm or not has no effect on him.

Anyway, it's a sword.

Murong Mou obviously didn't think he would lose.

He is also a genius.

Also has the experience of fighting against the strong in the False God Realm!

Although it will be defeated, it can still compete for a few points.

So, he didn't think that he would be defeated by Ye Qiubai, whose realm was lower than his own!

Murong Mou held the formation with both hands, with a gloomy face, he said: "If you want to fight, you will inevitably use too much force. You should understand when I say that?"

Ye Qiubai seemed to be smiling but not smiling.

Teased in the eyes.

"So, this battle is life and death?"

"Are you sure?"

Hearing this, Murong Mou's face became even more angry.

Obviously, Ye Qiubai doesn't take him seriously!

Extremely arrogant!

Think here.

Murong Mou's hands were flying, and there were flags flying out!

The Murong family is good at battle, this is a fact recognized by all domains.

A formation flag began to rotate around Ye Qiubai's body!

Among them, there are waves of water, sweeping towards Ye Qiubai!

And the waves of water, following Murong Ce's tricks, continued to expand!

In the end, it turned into a terrifying wave.

Slapped in this space, rolling and flowing, shooting towards Ye Qiubai!

The sea of clouds and waves!

This is Murong Mou's strongest formation!

He didn't hold back because of Ye Qiubai's realm.

As I said before, this battle is divided into life and death.

In the battle of life and death, I still want to keep my hands. Only a foolish brain can do such a thing.

The lion fights the rabbit with all his strength!

Just, who is the lion and who is the rabbit?

Not yet known.

The owner of Beiyuan City also said with emotion: "Patriarch Murong, you really are a genius."

The Buddhist old man folded his palms together, nodded and said: "Amitabha, I have seen the sea of clouds and waves formation before, and the formation performed by Master Murong has already obtained its essence."

The sea of clouds and waves.

Form into a sea of clouds, and crush the enemy with the power of waves in all directions!

Whether it is used as a trapping formation or a killing formation, it is an extremely powerful formation!

Its formation level.

Ranked in the top-rank formation of the ground level!

Heard the compliments from the two powerful men.

I don't know if it is true or false.

But Murong Yi still showed satisfaction in his eyes, nodded and said: "Mouer's sea of clouds and waves formation is his trump card. Few people in the family can surpass him with such accomplishments."

And the people in thatched cottage naturally heard what the other party said.

Xiao Hei scratched his head, and said honestly: "This formation, it seems, is not as powerful as Master's."

Ning Chen smiled and shook his head: "Naturally."

Hongying also said: "Definitely."

Ye Qiubai, who was trapped in the formation, also smiled and said: "Xiao Hei, are you comparing him with Master? This is not a dimension."

Hearing this, Murong Mou's face was extremely gloomy, and his eyes were full of anger.

"In the middle of a killing battle, do you still have time to chat? Are you really not afraid of death?"

Ye Qiubai's voice came from under the siege of the waves from all directions.

"This formation doesn't seem to be enough to kill me."

"Then you try to break the formation!"

At this moment, Murong Mou clasped his hands tightly!

The waves are raging in all directions, at this moment, the waves are even more turbulent!

The surrounding space even began to produce ripples!

Ye Qiubai, who was trapped in the formation, finally released his breath at this time.

Jianzong Sword Intent burst out at this moment!

Like a hundred flowers in full bloom, Ye Qiubai took the center and shot towards the surroundings!

Whoops whoops!

That burst of sword intent pierced directly through the stormy sea of clouds!

Like the sun in the dark night.

The dark night is the sea of clouds and waves, and the sword intent that penetrates is like rays of sunshine!

See this scene.

Murong Mou's complexion changed!

Just releasing the sword intent, he poked a hole out of his sea of clouds and waves.

riddled with holes!

Murong Yi on the other side also looked down.

The stormy sea of clouds formation, as a killing formation, is actually more like a sleepy formation.

The combination of turbulent waves from all directions suffocated the people in it, and not only affected the actions of the other party to a certain extent.

The endless waves, the unique continuity of the water attribute.

Make it impossible for those trapped in it to easily break through the formation!

Can only be slowly squeezed to death by the stormy waves, or suffocate and drown!

However, Ye Qiubai was able to pierce the sea of clouds and waves just by releasing his sword intent without any other actions?

Jianzong Sword Intent, is it really so terrifying?

Beside the master of Yinjian Sect, Lin Rufeng showed pride in his eyes, and said: "At any time, don't underestimate Jianxiu."

"Sword intent is often the strongest attack method of a sword repairer, and it is invincible!"

"What's more, today's Ye Xiaoyou has reached the realm of Jianzong!"

Dean Yan looked at Lin Rufeng's expression, and couldn't help complaining: "Why is it that Ye Qiubai is your disciple?"

Lin Rufeng laughed out loud when he heard Yan Lang: "Hahaha! The world's sword cultivators belong to the same family!"

Murong Mou clenched his teeth, he didn't believe that there was such a big difference in realm.

Would his hole card array be broken so easily?

Clenched hands and five fingers interlaced!

Controlling the waves in all directions, continue to tighten towards Ye Qiubai!

However, he couldn't resist the bursts of Jian Zong's sword intent.

If the waves in all directions are ubiquitous water shields.

Then, these sword intents are invincible spears of ultimate attack!

The layers of water walls were riddled with holes!

Immediately afterwards, Ye Qiubai gently slashed forward with the wooden sword in his hand.

A sword intent turned into a slash, directly cutting through the sea of clouds and waves!

The figure of Ye Qiubai was revealed.

I only heard him say lightly: "Is this the only thing you can do?"

"Since life and death are divided, your ending is also doomed."

After finishing speaking, Ye Qiubai held a wooden sword in his hand, stepped slightly with both steps, and rushed towards Murongmou suddenly!

It was like turning into a sharp sword, piercing the space and rushing towards Murong Mou!

And at this moment.

Murong Yi's figure also came in front of Murong Mou.

However, instead of stopping his figure, Ye Qiubai took out the Dark Demon Sword instead.

The speed surged again, rushing towards Murong Yi!

Chapter 215 The ending is set

When facing Murong Yi, who is a strong man in the False God Realm.

Ye Qiubai didn't panic at all, and didn't have the slightest intention to retreat!

Straight, like an unsheathed sword, rushed towards Murong Yi!

Murong also saw this, his face darkened slightly.

Does he think that he can still achieve his goal under his own blocking?

Still, Ye Qiubai has the confidence to break through him.

However, Ye Qiubai has no plans to fight Murong Yi fiercely.

When Murong also accumulated strength and planned to attack.

A figure suddenly came in front of him.

It's Xiao Hei!

Xiao Hei frowned and said: "Brother is still fighting, so don't bother him."

Xiao Hei punched out, and with the sound of space shattering, he punched Murong Yi!

Feel the power of the physical body that can affect the space.

Murong also couldn't help but change his face!

This punch, if he took it head-on, he might really be unable to hold it!

Think here.

Murong Yi's expression was serious, and he formed a formation in an instant!

The waves from all directions swept towards Xiao Hei in an instant!

The sea of clouds and waves!

This is one of the top formations of the Murong family.

Under the power of Murong Yi, a strong False God Realm, the power of his formation is many times stronger than that of Murong Mou.

The turbulent waves in all directions are even more shocking!

It's like covering the sky and the earth.

The stormy waves are besieging Xiaohei Bafang!

Xiao Hei didn't retreat in the slightest.

A deep roar came from his throat.

In the eyes, there is a flow of black magic energy.

There is a fighting spirit circling around his body!

A series of flame patterns and ice blue patterns wrapped around Xiao Hei's body.

It was as if he had used the secret technique in his eyes.

Every time you step into the space, it will make the space tremble!

Boom!

Boom!

With every foot stepping on the space, the roaring sound lingered in Murong Yi's ears.

This made his face even more dignified.

What kind of physical power is it that can have such a big impact on space?

Even if it is a strong person in the False God Realm who cultivates the Vajra Body in Buddhism, it is nothing more than that, right?

Facing the stormy waves sweeping from all directions.

Xiao Hei clenched his fist tightly, and the two conflicting lines converged on the fist.

Exuding extremely terrifying physical strength!

Immediately, a punch came out!

Click click click!

In the space, there are tiny cracks!

The fist hit the rough waves without any deviation!

Boom!

this moment.

The earth shakes and the mountains shake!

The waves that swept from all directions.

Trembling violently at this moment!

And the terrifying waves in front of Xiao Hei were suddenly broken up by this punch at this moment!

Murong Yi's face changed slightly.

I didn't keep my hand.

The strength of the False God Realm is undoubtedly revealed at this moment!

However, the formation was still broken by the opponent's punch?

In other words, the body repairer in front of me also has the strength of the False God Realm?

The road to physical training is extremely difficult.

In this world, there are the least two types of ascetics.

The first category is sword repair.

Because of the comprehension of the sword intent, it is impossible to comprehend the sword intent if one is not talented along the way.

The second category is physical training.

The way of tempering the body is extremely painful, and not many people can persevere from it.

Moreover, every time the body is tempered, the benefits of strength improvement are not high.

Because of this, the existence of body repair is even less than that of sword repair!

However, once the body is tempered by physical training, it will be extremely terrifying.

The soul is immortal, and the body is immortal.

This sentence is not empty talk.

Of course, the current Xiao Hei has not yet reached this level, but it also made Murong Yi sound the alarm...

Looking at Xiao Hei rushing towards him, Murong gritted his teeth.

And Ye Qiubai is also passing by his side at this moment!

Want to kill Murong Mou!

Murong Yi's face changed slightly, and he wanted to stop Ye Qiubai.

But at this time, Xiao Hei had already rushed to him, shouting: "Do you still want to disturb senior brother at this time?"

The voice just fell.

Xiao Hei stepped forward!

Murong also simply can't pay attention to Ye Qiubai in this situation!

had no choice but to shout: "City Master Beifeng, please do it!"

Beifeng and the Buddhist elder looked at each other and nodded.

Murong is also their ally.

Of course I want to help him.

However, the figures of Dean Yan and Lin Rufeng also stopped in front of them at this moment.

Dean Yan said: "Don't meddle in the battle between the juniors, you two."

Lin Rufeng said with a smile: "Do you really think we don't exist?"

The two are the heads of the giant forces in the central region.

He is also a well-known False God Realm powerhouse!

With the restraint of two people.

Beifeng and the Buddhist old man also had to stop.

Watching this scene, Murong Yi almost gritted his teeth.

asshole!

Could it be that he could only watch his son die in front of his eyes?

No!

Murong also gave a loud shout.

Spread your hands.

Array flags flew out of his body!

These array flags are not real, but transformed by aura!

Immediately, there was a raging flame burning around here!

It's like a fire that destroys the world!

Transform into an array with your body!

The secret method of the Murong family!

Immediately, Murong Yi, with a ferocious face, went towards Xiao Hei!

Xiao Hei's face remained unchanged, but the two lines on the flesh body shone brighter at this moment!

Flames and chills surge in the lines!

Xiao Hei's aura suddenly increased at this moment!

With a low growl, he punched down!

Murong also made a tactic with both hands, and the world-ending fire turned into a flaming halberd, and slashed towards Xiao Hei!

The fist collided with the flaming halberd!

However, there was a scene that shocked Murong Yi's expression.

The flaming halberd was crushed by Xiao Hei's fist at this moment!

Too late to react.

Xiao Hei once again bullied himself!

Another punch!

Murong also didn't have time to make the next round of offensive.

You have to turn the power of the formation into defensive power and gather it on the surface of your body!

But.

So useful?

Xiao Hei punched down!

Boom!

In the space, there was a sound of an explosion!

Like a shock wave generated by compressed air, Murong Yi was instantly sent flying!

In the air, he spat out a few mouthfuls of blood, and his face turned pale instantly!

However, just as he opened his eyes, he saw Xiao Hei's bland face.

While flying backwards, Xiao Hei caught up!

Murong Yi's complexion changed drastically!

I saw Xiao Hei punched down again!

The trajectory of Murong Yi's inverted flight was abruptly changed, and he shot towards the ground!

However, this scene has not stopped.

Xiao Hei's figure appeared on the ground the next moment.

This is where Murong Yi is about to land!

Lift your knees and head upwards!

Click!

That knee bump landed **** Murong Yi's waist!

Healed his years of herniated disc...

No, the bones, at this moment, are broken!

Murong Yi's eyes were full of despair.

He, will he die in the hands of a junior?

At this moment, he can still open his eyes and look around.

I saw that in mid-air, Ye Qiubai came to Murong Mou's side holding a sword.

"Since life and death are divided, then pay the price."

After finishing speaking, that sword pierced through Murong Mou's eyebrows!

Destroyed!

The ending is set!

Chapter 216 Join forces?

killed.

Ye Qiubai really killed Murong Mou.

The eldest son of the Murong family.

Without any hesitation.

There is no hesitation.

His face was dull, as if he had done something unworthy of praise.

Murong also turned ugly.

At this time, Xiao Hei's eyes were filled with demon energy, and he punched Murong Yi's chest again!

Whoops!

In an instant, all the meridians in Murong Yi's body were destroyed at this moment!

The eyes began to slack.

He never thought that he would die here.

will die in the hands of a junior.

Everyone looked at this scene with horror in their eyes.

Xiao Hei killed a False God Realm expert.

And the opponent did not underestimate the enemy, or show signs of letting go.

When he fought Murong Yi, Xiao Hei was like a prehistoric beast escaped from distress.

Fierce and desperate.

Sturdy and abnormal!

Every punch is like the aesthetics of extreme violence!

Fist to the flesh!

Murong Yi was under pressure the whole time and was fighting!

It is conceivable that Xiao Hei's strength is probably a bit stronger than the average False God Realm initial stage powerhouse!

Although Murong is also good at formations.

Murong Yi, who is good at formations, is obviously inferior to others in melee combat.

However, how difficult is it to deceive Murong Yi?

His formation is powerful and mysterious!

But he was still punched by Xiao Hei!

Then get close.

It can only be said that Xiao Hei's physical body is too strong...

Dean Yan and Lin Rufeng also saw this scene.

Can't help but sigh with emotion.

The disciples of thatched cottage are all monsters.

Xiao Hei is the only one in the Caotang who is not known to the outside world.

Just such a character ignored by others.

But he was able to fight against a strong False God Realm.

The opponent who hits has no power to fight back until he dies!

What about the others?

Ye Qiubai definitely has the strength to fight against the strong in the False God Realm.

Where is the scholar Ning Chenxin?

Another example, Empress Yunhuang, Hongying?

What level is their strength?

Lin Rufeng didn't dare to think about it.

But the opponent must be able to compete with the strong in the False God Realm.

That is to say, thatched cottage is only concerned with the level of disciples.

There are already four characters who can be compared with the strong in the False God Realm.

Coupled with their mysterious master, they can destroy the existence of False God with one hand.

sky...

It is not an exaggeration to say that it is the strongest force on this continent, right?

Behind Beifeng and the Buddhist old man, the strong man in the Qianyuan realm looked horrified.

Beifeng and the Buddhist old man were even more dignified.

The strength of the opponent is obviously beyond their imagination.

Murong Yi's strength will definitely not be much worse than that of the Buddhist elder!

Even, let him fully display the formation, and the power it creates is stronger than the Buddhist old man!

Although Xiao Hei did not give Murong Yi this chance.

However, he killed Murong Yi, a strong man in the early stage of False God Realm, with a crushing attitude.

Even a Buddhist elder can't do this!

Beifeng, the lord of Beiyuan City, took a deep look at the four people in thatched cottage.

The strength of the opponent, although I have heard about it.

But still beyond his imagination.

This kind of power, can it really be suppressed?

However, he remembered the promise that the mysterious man made to him before.

The temptation was so great that Beifeng had no choice but to bite the bullet and continue.

Thinking of this, Bei Feng nodded to the Buddhist old man, and said to the people behind him: "Okay, let's move on."

A group of people left.

Ye Qiubai and the others saw this, but did not stop them.

Now is not the time to completely tear your skin apart.

Then he looked at Xiao Hei.

After all, Xiao Hei has a special physique. Every time he makes a move, he will become possessed and become disowned.

But this time, he was not possessed.

It's not that there is no magic.

But before he was about to become demonic, a willow leaf on the chest suppressed the monstrous demonic energy in his body!

This is a willow leaf given to him by the willow tree before he left!

Tell Xiao Hei to wear it all the time.

However, there was another small line slowly forming on Xiao Hei's fist.

This is the third layer of the Eternal Demon Physique!

The third streak is completely different from the flame pattern and the ice pattern!

There is a killing intent flowing in this small line!

However, it is obviously not enough.

Only when these stripes spread all over Xiao Hei's body, can the third layer of the Eternal Demon Physique be cultivated successfully.

"Let's go too."

...

The group moved forward again.

According to the established route, we crossed the glaciers.

Finally, I came to an ice field again.

Here, the temperature dropped sharply again.

However, there was no gust of wind containing sharp ice blades.

Because, the temperature at this moment, even without the strong wind, can pass through everyone's aura barrier, making everyone feel that there are knives piercing into their fleshy bodies!

At the same time, the wheezing and roaring of monsters can be heard everywhere!

This aura makes people aware that these monsters are in the False God Realm!

There are quite a few.

I'm afraid that this place has already reached the depths of the extreme arctic ice sheet.

Dean Yan's eyes were alert, his breath was fully open, and he was always paying attention to his surroundings.

"Be careful everyone, there are many monsters in the depths of the extreme northern ice sheet, all of which are in the False God Realm."

"If you are surrounded here, the consequences may not be good."

Everyone nodded, vigilant around, and cautiously moved forward.

False God Realm Warcraft, if there are only one or two, it will have no effect.

However, what makes everyone vigilant is, what should we do if a battle breaks out and we are surrounded by monsters?

At that point, losses are inevitable.

It is also very possible to be surrounded and killed by monsters!

The crowd moved deeper and deeper.

That aura storm became more and more violent!

Aura here, and almost viscous!

The pace of progress of a group of people can't help but slow down.

Walk slowly.

Be alert around you.

Finally, they stopped.

Did not reach the destination.

Instead...

Can't move forward!

In front of me, there is a huge aura storm!

This aura, as if it had drained the aura of the entire continent, gathered here to form long swords of aura!

And those aura long knives turned into aura storms, blocking them in front of them!

Cannot bypass.

Because everyone can feel that the center of the aura storm is what they want.

Not too long.

Beifeng and the Buddhist elders also appeared here.

Looking at this aura storm, his face was solemn, and he didn't move forward.

If you enter rashly, even a strong False God Realm will be twisted into pieces by this aura storm!

Beifeng smiled and said, "I'm afraid, we can only join forces, right?"

Join forces?

How to join forces.

Everyone has their own ghosts, and they all want to get what's in them.

How could it be possible to rest assured to leave the back in the hands of others?

Everyone is still waiting.

Time passed slowly by one day.

The aura storm is still galloping deep in this ice sheet.

Other sect forces have finally arrived here.

Beifeng smiled and said: "Join hands, and each of you can get what you want, or you can go home."

"However, I think you are not willing to go back like this?"

Everyone looked at each other, and finally agreed to Beifeng's proposal.

After all, there is no other way now.

Chapter 217 He seems to understand

That night.

There is no cloud cover in the sky.

The stars are unreservedly exposed to everyone's vision.

The stars are shining.

Lu Changsheng lay on the recliner, looking at the starry sky, he couldn't help but secretly sighed.

In his previous life, he could not see so many stars in his city...

On the side, Shi Sheng sat cross-legged.

He is comprehending the Chaos Star Record.

The deeper the perception, the more frightened I am about this exercise!

Among them, one breaks Shi Sheng's inherent views on Taoism.

means not relying on aura!

Practice this method, after getting started, open up the starry sky dantian.

At that time, you can't absorb the surrounding aura, and likewise, you can't use the aura.

Then how to practice?

Shi Sheng saw that it was recorded in the Chaos Star Records that no aura is needed to practice this technique.

What is needed for cultivation is the power of stars!

What is used is also the power of the stars!

However, how to cultivate the power of the stars?

Take out the Falling Star God Axe, the power of the stars unintentionally released on it is too mysterious, and now Shi Sheng can't further comprehend it!

what to do.

Shi Sheng has been sitting here for a day and a night in order to think about this problem.

Suddenly, Mu Wan'er on the side smiled and said, "Uncle, you seem to like stars very much. You have been here for a long time and haven't gone back to your room to sleep."

On weekdays, when night fell, it was time for Lu Changsheng to go back to the bamboo house to sleep.

Lu Changsheng looked up at the starry sky, with deep eyes, and said with a smile, "I'm looking, where is the star I live in?"

Where do you live?

Mu Wan'er tilted her head.

"Isn't it here?"

Lu Changsheng smiled lightly and remained silent.

Shi Sheng at the side also looked up at the starry sky at this moment.

Starry.

In this dark night, a scroll of starry sky was spread out.

Suddenly, Shi Sheng pointed to the sky and said, "Master, can you take me up to have a look?"

With Shi Sheng's current state, he cannot fly under the starry sky.

Lu Changsheng was in a good mood, but he didn't refuse.

waved his hand.

An invisible whirlwind carried Shi Sheng to the starry sky.

Come to the starry sky.

Shi Sheng seemed to be stunned, staring blankly at the surrounding stars.

Beautiful and bright.

Profound and mysterious.

Vast and boundless.

this moment.

Shi Sheng seemed to have a clear understanding in his heart.

Sitting cross-legged, closing his eyes, a mysterious aura slowly spread from Shi Sheng's body.

The Realm of Heaven and Man!

This is Shi Sheng's second time entering the realm of heaven and man!

Little Bird looked at this scene with a hint of shock in his eyes.

How many days have passed?

Entered the realm of heaven and man again?

When will the realm of heaven and man be as worthless as Chinese cabbage...

The voice of Willow also came out slowly.

"Shi Sheng's heart, as well as his path of cultivation, are purer than others."

"He doesn't think much, and because of these points, it is easier for him to enter the realm of heaven and man."

Pure heart.

Taoism is pure.

He asked for nothing else.

In the family, there are just ordinary mortals.

Shi Sheng, however, embarked on this path without hesitation, and there was only one reason.

I want my parents not to experience birth, old age, sickness and death.

want them to live forever.

right.

is to make them live forever.

Not for your own longevity.

This is his obsession.

is also the reason why he took the path of a monk.

Pure and clean.

Equally fearless.

Even if the talent is not high, the constitution is weak.

Without resources, there is also no force willing to help him.

He is alone, relying on a poor-quality exercise to practice till now.

This is what Liu Shu thinks in his heart.

I thought of it, and it made everyone feel it.

Mu Wan'er's eyes were red.

Today's monastic world.

Everyone has human rights.

There are people in power.

There are also more people who want to live longer.

However, it's all for myself.

Even if it is her, it is for her own idea of alchemy.

Not saying this is wrong.

Just people like Shi Sheng, such ascetics.

Too little.

Lu Changsheng smiled.

This is after he came to this world.

I have seen the person with the purest heart.

Even Ye Qiubai, who is gifted in swordsmanship.

Hongying was born as an emperor.

Xiao Hei with a strong physical body.

Ning Chenxin who is dedicated to the world.

Not as pure as Shi Sheng!

Yes, no!

Think of his willpower.

thought of his heart.

That pure and white heart of a child.

Lu Changsheng suddenly thought.

I want to go back and have a look.

Look at his former relatives and friends.

However, thinking about it, things are different.

Thinking of this, Lu Changsheng couldn't help but shook his head with a wry smile.

A tree, a bird, and two people in the thatched cottage.

All are Shi Sheng who sits cross-legged in the boundless starry sky under the stars.

offered blessings.

This kind of person should stand at the top.

Lu Changsheng was also born, and he must help Shi Sheng fulfill his dream.

Because, he took him as a disciple.

Shi Sheng is his disciple.

He is Shi Sheng's master.

Lu Changsheng has this obligation.

also has this responsibility!

"What a filial son..."

Mu Wan'er, who was on the side, couldn't help being taken aback when she heard this.

Why does she have the feeling that the uncle is swearing?

Shisheng located in the dots of stars.

Already surrounded by stars.

It is difficult to see the existence of Shi Sheng with the naked eye.

At this moment, in the realm of heaven and man, stars appeared in his mind one after another.

Those stars are dim and shining.

Either huge, or weak.

However, no matter what, they are using everything they have to radiate that little bit of starlight.

shines on the land.

Shi Sheng asked himself.

Stars, what the **** are they?

Its power, where it comes from, and how it is released.

In the sea of consciousness.

Shi Sheng quietly looked at the stars.

The swaying starlight shines on his sea of consciousness, everywhere.

This is Infinity.

Those stars, in his sea of consciousness, were not rejected by the soul, and likewise, contained everything about Shi Sheng.

This is inclusion.

However, when they released their power, Shi Sheng felt that even the continuous mountains and rivers were not as heavy as him.

This is heavy.

At the end, when the stars fall, they will use their last moments to radiate the last starlight!

This is Afterglow!

Shi Sheng laughed.

He seems to understand.

What are the stars.

In what form does the power of the stars exist.

It's everywhere.

Like a father silently caring for him.

Moisturizing things silently.

It is all inclusive.

Like mother's hands.

Warms everything.

At this moment, he thought of his elderly parents.

Those hands that were already covered with thick calluses from constant farming and hunting for living.

Hour.

Father met Xiong Xiazi while hunting and was severely injured.

By the bed, comforting him who was crying.

Said like this: "Don't worry, I won't die. After that, I will turn into a star and hang in the sky. Whenever it is dark, I will still watch you grow."

Shi Sheng showed a sad smile.

He may, already understand what the stars are.

Suddenly.

The stars in the infinite starry sky.

At this moment, they all contributed a starlight, which shone on Shi Sheng like a spotlight.
at this moment.

In the dantian of the starry sky.

In the empty, uncultivated dantian.

A star, slowly shining!

Chapter 218 The Castle Above the Stars

Chaos Star Record.

Its grade is unknown.

Divided into entry and nine floors.

Getting started is to reshape the dantian and open up the starry sky dantian.

This dantian is different from other dantians.

Do not rely on aura, but rely on the power of the stars!

This is somewhat similar to Ye Qiubai's second dantian.

Also does not rely on Reiki.

It's just that Ye Qiubai's second dantian relies on sword intent!

The first layer is to light up a star in the dantian of the starry sky.

At this moment, in Shi Sheng's starry dantian, there is a star shining brightly!

In the dark, empty starry sky dantian, the first ray of light sprinkled.

And this moment.

Shi Sheng's aura is also skyrocketing!

Water overflow peak!

Break through the Qianyuan Realm in one fell swoop!

In the middle period of Qianyuan Realm.

It wasn't until the late Qianyuan stage that it stopped.

Willow's voice came out.

"The Chaos Star Record, after countless ages, has been handed down incompletely."

"When all the nine stars are lit up, the power of the nine stars will gather together and merge with the energy of chaos. One finger can destroy a boundary, and one punch can destroy a planet!"

"Has the power to overturn a dimension."

"It's just a pity that according to the rumors, no one can successfully light up the nine stars and gather the power of the nine stars, even the person who wrote this peerless exercise..."

"I don't know if he can succeed..."

It's just that what makes Liu Shu puzzled is why Lu Changsheng possesses this long-lost exercise.

However, thinking about the exercises Lu Changsheng used before, there is no doubt.

Even the Sword Sutra of Absolute Beginning and the Eternal Demon Physique can be used.

It is not surprising that you can have the Chaos Star Record.

At this moment, Shi Sheng has not left the realm of heaven and man.

The light of the stars still shone on him.

covered him with a layer of starlight tulle.

Because, in his mind, another hazy shadow appeared.

Outlined by starlight.

slowly appeared.

Looks like a castle?

Shi was puzzled.

Looking at this castle, what on earth is this?

This is not mentioned in the Chaos Star Record.

Subconsciously opened his eyes.

Look up at the deeper starry sky.

It was dark there.

Among them, there seems to be something...

Just like that, Shi Sheng kept staring, staring closely at the starless darkness.

At this time.

The suspected castle in his mind appeared in the darkness through Shi Sheng's eyes!

The starlight shining towards the ground is doing the opposite.

Towards the darkness, that is, above the stars, it shot out!

The power of stars, like a paintbrush, slowly outlines on the black curtain!

In Shi Sheng's eyes.

A castle, outlined by starlight!

Seems like a fantasy.

It looks like reality again.

Have you hallucinated?

Shi Sheng thought to himself.

No,

No!

This Starlight Castle is real!

The aura contained in the Starlight Castle turned into strands of thread, wrapping around Shi Sheng's body!

It seems to have formed some kind of connection with him!

At this moment, Shi Sheng's body shook!

His starry sky dantian seems to be connected with this starlight castle.

Under the eyes of everyone, Shi Sheng got up slowly and stepped towards the Starlight Castle.

Take every step.

It is like stepping under the stars.

The dots of stars have also become a foil, and they are willing to let Shi Sheng step on their bodies to help him go to the Starlight Castle.

Just walk like this.

walking.

I don't know how long I walked.

At this moment, there is only one hour before dawn.

At that time, the starry sky will disappear...

But.

No matter how Shi Sheng moves forward.

How to chase.

It seems that they can't get close to the Starlight Castle.

The castle is still far away from him.

This short distance seems to be separated by thousands of miles.

This distance made Shi Sheng feel desperate.

As if untouchable!

At this time, a voice slowly came from the castle.

It seems to have come from the ages!

It's like a bell ringing again!

Revolved in Shi Sheng's mind!

"not enough..."

"not enough..."

"Not enough..."

Shi Sheng froze in place.

not enough?

Where is it not enough?

Strength?

Realm?

Or is it the comprehension of the Chaos Star Record?

Shi Sheng wanted to question loudly.

However, when he opened his mouth.

The starry sky began to dissipate.

Little Stars began to hide.

A ray of sunlight, revealed from the horizon.

Warmed the whole earth!

The starlight castle outlined by starlight also dissipated at this moment!

In Shi Sheng's eyes, it seemed as if it had never appeared before...

Even if the castle disappears.

Shi Sheng still stared blankly at the place where the castle disappeared.

What the **** is that?

The castle seems to be pulling him, let him find it.

Find the castle.

Get into it.

Among them, there is something that Shi Sheng has to get!

When the sun reveals its true colors completely.

Shi Sheng came back to his senses and returned to the thatched cottage.

Looking at Lu Changsheng, he asked, "Master, what is Star Castle?"

Lu Changsheng was puzzled.

Shaking his head, he said, "You need to find all of this by yourself."

He didn't know what it was either.

Didn't see it either.

It may be a vision that Shi Sheng experienced when he was practicing exercises.

Therefore, Lu Changsheng encouraged: "This is your own way, you have to walk it yourself, pursue it yourself, and find it yourself."

"This way, it makes sense."

Teach disciples.

It is not just to help disciples remove all obstacles.

It is not just to help disciples explain all the problems blindly.

this is not right.

It will have a negative impact on the disciple's path of cultivation.

Although it is said so.

But...

Lu Changsheng really doesn't know what Shi Sheng is talking about!

Star Castle?

Grimm's Fairy Tales...

Shi Sheng nodded firmly.

Now, he has an extra goal in his heart.

The first goal is to free parents from the samsara of life and death and let them enjoy family relationships.

Now, extra targets.

is to pursue the star castle above the starry sky.

He wanted to see what was in it.

is attracting him.

is calling him.

...

His eyes turned to the northern region, deep in the extreme arctic ice sheet.

At this moment, all sect forces are facing this terrifying aura storm.

A consensus was reached.

Alliance!

If they don't join forces, they may not even be qualified to enter this aura storm and find out what it is!

Affiliate Program as follows.

All the False God Realm powerhouses are at the front and the back.

Let's release the aura barrier with all our strength to resist this aura storm!

The people in the Qianyuan realm are in the middle of the lineup, stabilizing this barrier.

Enter the aura storm together.

And what kind of fetish is in it.

After entering, obtain it by their own ability.

That is to say.

After stepping through this aura storm, it's a real fight!

Beifeng as the plan initiator.

smiled and said: "Okay everyone, let's go."

Chapter 219 Computing with each other

In the aura storm, the auras are like substance.

If a False God Realm expert enters alone, he might be directly smashed into pieces!

But.

When nine False God Realm powerhouses propped up the aura barrier at the same time.

Then you can barely move forward in it.

Now, many forces are united and moving towards the center of the aura storm!

The huge barrier jointly supported by nine False God Realm powerhouses protected everyone and moved forward slowly.

Rao is so.

The aura storms still caused ripples on the solid aura barrier.

The barrier is also trembling constantly!

This made everyone startled.

What is it that can release this terrifying aura storm?

The people under the False God Realm are all standing in the middle of the team.

Ye Qiubai and the others are in the middle.

Although they have the strength to compete against the False God Realm, and even kill the strong False God Realm.

According to what Ye Qiubai said.

"Anyway, they can withstand it, we are all in the Qianyuan realm, why waste aura in such a place?"

"I can't stand it anymore, let's do it again!"

Hear this.

Dean Yan and Lin Rufeng were relatively silent.

That makes a **** sense.

I am speechless?

However, they are all from their own family, and Dean Yan and Lin Rufeng didn't say anything.

They retain their strength, and it will be beneficial when the time comes to **** the fetish.

However, Beifeng and the Buddhist old man felt a little uncomfortable watching this scene.

After all they know.

The four people in Caotang all have the strength of False God Realm.

However, the real realm of the opponent is indeed the Qianyuan realm.

They also couldn't save their face and let these juniors stand up against the aura barrier.

At this time.

Ahead, an old man in the False God Realm frowned.

This person is the head of the Zhongyu Li family.

Off balance.

He said solemnly: "There are two False God realm monsters approaching here..."

Everyone was in an uproar!

Leaving home's blood and skills have a stronger sense of smell for breath.

Therefore, no one would doubt Li Heng's statement.

Warcraft?

Or False God Realm?

But, can they act normally in this aura storm?

Even for them, nine False God Realm powerhouses are needed to move forward slowly.

Extremely reluctant!

At this moment, these nine people in the False God Realm can't afford to deal with these two False God Realm monsters at all!

Moreover, once a battle breaks out, other monsters may be attracted!

Things are in trouble.

Someone has a serious face.

Some people also looked terrified!

Beifeng frowned and said: "I'm afraid, someone needs to deal with these two monsters."

Li Heng on the side said: "Who can go? None of us can make a move, and we must solve it as soon as possible, otherwise there will be endless troubles."

The Buddhist old man cast his gaze in the direction of Ye Qiubai and the others.

Beifeng also looked over with a smile, and said loudly: "Of course it depends on the people in the thatched cottage."

Everyone turned their attention to Ye Qiubai and the others.

They also heard the rumors.

These people are able to compete against the strong False God Realm!

Now, under the False God Realm, it seems that everyone in thatched cottage is a bit stronger.

Beifeng said with a smile: "Ye Xiaoyou, these two False God Realm monsters, are you handing over to your thatched cottage?"

Under the eyes of everyone.

Ye Qiubai and the others could not refuse.

After all, they are currently in a joint state.

If you don't do something, it may cause public outrage.

Ye Qiubai always had a smile on his face, and said softly: "The Lord of Beifeng is a good method."

Beifeng smiled and said: "No, it's just that there are no other good candidates now, and we can only rely on the people from the thatched cottage."

"You won't refuse, will you? You know, we are allies now."

"If you don't take action, the plan will fail this time. Maybe your thatched cottage can bear it?"

These two sentences directly put a tall hat on Caotang's head forcibly.

This is a conspiracy!

What is Yangmou?

Knowing that this is the other party's scheme, but they have no choice but to step in!

Beifeng is the lord of Beiyuan City.

Naturally not some idiot.

On the contrary, extremely shrewd!

Ye Qiubai had no choice but to take it, and nodded with a smile: "Of course, the Caotang will naturally contribute to this kind of thing."

Beifeng smiled and nodded.

Eyes narrowed slightly, like an old fox.

Ye Qiubai pulled out the Dark Demon Sword and said, "Should we attack?"

At this moment, Xiao Hei said, "I'll do it."

Ye Qiubai and the three looked at Xiao Hei.

Xiao Hei scratched his head and explained: "My practice requires fighting to temper the body."

The third layer of the eternal magic body.

It is different from tempering the body in extremely hot and extremely cold places required for the first two floors.

The texture of the third layer needs to be formed in the fight!

In the fight, hone your killing intent!

Hearing this, Ye Qiubai nodded and said, "Are you coming for both?"

Xiao Hei nodded.

Seeing this, the three of them did not refuse.

Because Xiao Hei has this strength.

And this shot, it is not without gain.

Just to frighten those neutral Zongmen aristocratic families.

Let them see the strength of thatched cottage.

For Hongying to rebuild the Yunhuang Empire, increasing prestige is good.

You know, behind Hongying is the thatched cottage.

At this time.

Ye Qiubai said: "We can make a move, but if there is a battle, it must be outside the protective circle of the aura barrier."

Everyone understood what Ye Qiubai meant.

Dean Yan took the lead and said: "Don't worry, Ye Xiaoyou, this is what it should be."

After finishing speaking, a protective jade pendant was thrown out and came in front of Xiao Hei.

"Among them, there is a defensive formation, which should be able to resist the aura storm for a short time."

The level of this jade pendant is extremely extraordinary, and the formation in it is at the peak of the earth level!

It can be said that this protective jade pendant is priceless!

Placing it outside is also a treasure that can set off a bloodbath.

Seeing Dean Yan's behavior.

How can everyone not know Ye Qiubai's thoughts?

This is asking for a reward!

As far as the dean took out such a high-level jade pendant, it also forced other people to take out some painful treasures.

Other Zongmen aristocratic families have come up with corresponding things one after another.

Ye Qiubai looked at Beifeng with a bright smile.

"City Master Beifeng, you proposed the joint plan, and you are the one who asked us to make a move. Naturally, the things you come up with will not be bad, right?"

"You can't let me, my junior, be injured by the spiritual storm?"

With Xiao Hei's physical strength, he is able to withstand this aura storm in a short time.

However, there must be some benefits, right?

Beifeng had a smile on his face, but he was cursing secretly in his heart, little fox!

Even if you get caught, don't forget to bite off a piece of meat from him!

However, at this moment, he also had to take out the corresponding treasure.

Throw out a piece of armor.

It seems that the level is also extremely extraordinary.

When Beifeng took it out, the flesh on his face couldn't help shaking.

This is also a conspiracy!

Ye Qiubai took it with a smile, handed it to Xiao Hei, and said, "Thank you, Lord Beifeng."

After finishing speaking, Xiao Hei put the armor into the ring.

See this scene.

Beifeng was even more heartbroken.

Chapter 220 Bloody Blackie!

A confrontation in the dark.

On the surface, Beifeng won.

But in fact, Ye Qiubai still won.

After all, so many treasures have been collected.

Even if you don't need it, it will cost a lot of money if you sell it!

Even if it is thrown to the Tibetan Taoist Academy, it can greatly improve the heritage of the Tibetan Taoist Academy.

and.

It also made others dissatisfied with Beifeng.

Let them give so many treasures for nothing.

And it's still kind of good, which makes them feel a little bit pained.

Since there is no reason to blame Ye Qiubai.

Then he could only look at Beifeng dissatisfied.

At this time.

The two False God Realm monsters are already close to the aura barrier.

It's two sawtooth rats!

His strength is at the early stage of False God Realm!

Seeing this, Xiao Hei's fighting spirit began to surge, and he stepped out of the aura barrier in one step!

Under the eyes of everyone.

The storm of aura kept hitting Xiao Hei's body, leaving white marks one after another!

However, within a short period of time, it was unable to cause actual damage to Xiao Hei.

This made everyone gasp.

How powerful does it take to be able to bear this spiritual storm?

Even those nine False God Realm powerhouses couldn't do this!

This is also the horror of physical training.

Watching Xiao Hei walk out.

The two saw-toothed white rats both screamed!

Open your **** mouth wide, showing those two sharp teeth!

rushed towards Xiao Hei.

Wants to bite off Xiao Hei's waist!

Xiao Hei, who entered the fighting state, seemed to be a different person.

There is a fighting spirit rising all over his body, and a wave of demonic energy begins to occupy the pupils!

Immediately, with a low growl, he stomped on the ground!

A series of cracks, extending towards the surroundings!

And Xiao Hei's body, like a cannonball, rushed towards the two saw-toothed white mice!

This scene shocked the ascetics inside the barrier even more!

Faced with two False God Realm monsters, Xiao Hei actually chooses to fight head-on?

Under the same realm.

Even those great powers in the False God Realm will be bitten off by those fangs!

Even they can only avoid the edge temporarily!

Xiao Hei, is it really possible to kill these two terrifying saw-toothed rats with brutal physical strength, one against two?

The next scene, everyone will know.

Xiao Hei has this strength.

I saw Xiao Hei, both fists blasting out at the same time!

Two lines, one hot and the other cold, two different lines cover Xiao Hei's body!

Both fists hit the fangs of the saw-toothed rat fiercely!

this moment.

The aura storm seemed to stagnate for a moment.

The space shook violently!

Looking at this scene, Li Heng was even more astonished.

This punch, if it hit him directly, I'm afraid he would be unable to resist!

The power of a punch is so terrifying!

In full view.

Both saw-toothed rats let out screams.

The fangs, at this moment, actually had cracks!

Two saw-toothed white rats flew upside down!

And Xiao Hei didn't hesitate, grinned, and rushed towards the two saw-toothed rats again!

Looks like crazy!

Like a killing machine.

If you don't kill the opponent, you will never give up!

"In the future, we must never become enemies with this son..."

This is what everyone is thinking at the moment.

Make an enemy of this kind of fierce and fierce person who is not afraid of death.

Too scary...

Besides, Xiao Hei's physical body is so strong.

At this time.

The two saw-toothed white mice also reacted.

That white fluffy hair, at this moment, actually showed blood color!

Gradually covered the whole body of the white mouse, and the aura suddenly increased!

There is also bloodthirsty in his eyes!

Dean Yan said with a serious face: "The power of the blood of the sawtooth white mouse, bloodthirsty and violent..."

"In this state, the speed and strength of the sawtooth rat will be doubled."

"Moreover, if Xiao Hei is injured by the fangs, he will drain his blood within three breaths!"

Hearing Dean Yan's explanation.

Everyone was shocked.

Most people don't understand the monsters in the extreme arctic ice sheet.

I just know that the monsters here are extremely powerful.

However, they did not expect that the power of this bloodline would have such a large increase!

Even Li Heng said kindly: "Ye Xiaoyou, I'm afraid you need to help."

Heard the words.

Ye Qiubai shook his head with a smile, and said, "No, he can handle it."

With Xiao Hei's physical strength.

How could the sawtooth rat break through his physical defense?

As for Xiao Hei, facing this scene, he didn't panic at all.

The fighting spirit on his body keeps surging!

The opposite is.

On Xiao Hei's fist, a third line slowly emerged.

Among them, the killing intent keeps emerging!

Xiao Hei's pupils were originally surrounded by demon energy.

At this moment, there is actually a ray of bright red injection!

One red and one black, showing the potential of a rivalry!

Beifeng and the Buddhist old man sneered in their hearts.

The strength of the sawtooth white mouse is extraordinary.

Now activate the power of blood, as long as Xiao Hei has a wound, his blood can be drained!

At that time, in this aura storm, the gods will be hard to save!

This is another purpose of Beifeng.

If this can be used to consume the strength of the cottage, it will also be of great help to their plans!

At this time.

The sawtooth rat moved.

The body of the white mouse has completely turned into blood red!

There was a screaming sound, and blood shadows were dragged in this space.

Lasing toward Xiao Hei!

Xiao Hei grinned, fighting intent and killing intent merged at this moment, soaring into the sky!

The third line on the fist is also constantly rising with blood!

Roar!

Let out a deep roar, Xiao Hei rushed towards the two saw-toothed white mice without dodging, avoiding, or retreating!

Both fists blasted out at the same time.

Space trembles!

This pair of punches is stronger than the previous punch!

Carrying the momentum of landslides!

Boomed on the fangs!

Everyone's faces are different.

Some people are nervous, some are surprised, and some are looking forward to it.

Of course, the expectation is that the little black dies under the fangs of the jagged white rat.

However, things backfired.

The fangs of the sawtooth white rat, at this moment, the crack widens!

In one of them, the fangs even shattered!

Xiao Hei's fist directly blasted forward, hitting the head of the saw-toothed rat!

boom!

There was a loud noise.

The body of the sawtooth white mouse exploded directly!

Flesh and internal organs, splashed in all directions.

It even stained Xiao Hei's body, staining his body red!

And Xiao Hei's offensive did not stop.

One hand was free, and it actually grabbed the fangs of the saw-toothed rat!

With a loud roar, he suddenly exerted force, under the horrified eyes of everyone.

The fangs were pulled out abruptly by Xiao Hei from the jaws of the rat!

Immediately, he took that pair of fangs as a weapon.

Inserted fiercely into the eyes of the sawtooth rat!

Puff!

Eyeballs burst!

Before the saw-toothed rat could scream, Xiao Hei hugged the rat's head with both hands and pushed his knees forward!

Hit the jaw of the white mouse!

Poof!

no doubt.

The head of the saw-toothed white mouse shattered into pieces!

The two saw-toothed white rats died a miserable death under Xiao Hei's extreme violence!

Everyone looked at Xiao Hei who was covered in blood.

Some people have serious expressions on their faces, while others have extremely ugly faces.

Pure physical training can reach this level.

What kind of monster is this...
