Chapter 23 Assemble!

the next day.

The Blood Hell trial is open.

The elders of Jiantang came to the thatched cottage and took Hongying and Ye Qiubai away.

On the road.

The elders of the Jiantang were still pulling Ye Qiubai to ask questions.

"What have you learned from Lu Changsheng recently?"

"Didn't you slacken your practice of swordsmanship?"

"If you really can't, you should come to my sword hall, and I will arrange the best kendo resources for you!"

Regarding this, Ye Qiubai could only refuse with a wry smile.

After all, everything I have now comes from Lu Changsheng.

What's more, he doesn't think that the resources of the sword hall can produce such things as the Qingyun Sword, Good Fortune Pill, and Absolute Beginning Sword Manual.

Hongying watched this scene and smiled slightly.

She can also understand why the elders of the Jiantang are so eager for talents.

After all, Ye Qiubai's swordsmanship talent is indeed very high.

Even if it is her.

I have never seen anything more suitable for sword practice.

Leaf autumn white.

She was born for the sword!

Arrived at the entrance of the Blood Hell Trial.

Here, a crowd is already standing.

Among them, you can see Huo Qingming, Xin Hongyi and others.

Xin Hongyi saw Ye Qiubai, was taken aback for a moment, and then walked over.

"Have you broken through to the Purple Mansion? After the Blood Prison, let's compete again."

Ye Qiubai smiled and nodded, but did not refuse.

Hongying on the side couldn't help joking: "That's right, senior brother is quite popular?"

Ye Qiubai didn't know whether to laugh or cry, and said: "Junior Sister, don't make fun of me, it's just a result of my competitive spirit."

Suddenly, Ye Qiubai looked forward to the left.

There, there was a murderous gaze looking over!

After seeing the target person, Ye Qiubai was taken aback.

An enemy of the family?

Qiu Libei looked at Ye Qiubai, sneered, put his hand on his neck, and made a gesture of wiping his neck.

"What, someone wants your life?"

Hongying said from the side: "Do you want me to help you?"

Ye Qiubai is her senior brother now, so naturally he has to take care of him.

Ye Qiubai was a little helpless.

This made him feel that he was the younger brother and Hongying was the older sister.

This is a bit embarrassing.

Ye Qiubai said: "It's okay, these are all my own affairs, I'll take care of them."

Hongying nodded.

At this time, the elder of the Confucian Academy stepped forward and said to the crowd.

"This Blood Prison Secret Realm is not only important to the glory of the academy, but also a good opportunity for yourselves."

"It contains the inheritance of the ancient strong. As long as you inherit it, it will have a great effect on your own practice."

"Of course, the more important point is that the people in our academy should not kill each other. After entering, try to move forward as a group."

Speaking of which.

The elder Confucian President looked solemn, changed the subject, and said in a deep voice: "The danger in it is opposite to the opportunity. I don't want to wait until you come out, and someone will stay in it forever."

"Okay, this time, the team leader is Zhong Wu."

Suddenly, there was a man full of scholarly spirit, carrying a small bookshelf on his back.

And the small bookshelf is full of books.

Even Zhong Wu held a book in his hand.

Huo Qingming stood next to Ye Qiubai, and reminded: "Zhong Wu is the elder brother of the Confucian Academy, and his strength has reached the peak of the Zifu Realm. I heard that he is already the successor of the next president of the Confucian Academy."

Ye Qiubai nodded.

Hongying was also slightly surprised, and said: "There is actually a sage of calligraphy on this person?"

But it was just a surprise.

Immediately afterwards, another man with a lupine came to Hongying's side.

"Miss, I will protect you when I go in later."

The visitor is Lin Ce!

Hongying glanced at it, but didn't answer.

Lin Ce didn't care either, standing beside Hongying with a gentle smile on his face.

Looking at Hongying, there was a burning feeling in his eyes.

Since the last time Lu Changsheng took Hongying to meet Qin Tiannan, Lin Ce saw it by chance.

Lin Ce launched a crazy pursuit of Hongying.

Ye Qiubai had a strange expression on his face.

Who will protect whom?

My junior sister is a strong person at the peak of Shui Yi Jing.

At this time.

There is a huge ship coming in the sky!

In front of the ship, there are two dragons pulling the ship forward!

is a ship of the Tianyuan Dynasty!

The ship slowly docked above the crowd.

Huo Qingming shook his head and said, "This Tianyuan Dynasty is too flamboyant."

As soon as the voice fell, several figures flew down.

"Huo Qingming, then we have the capital to make publicity."

One of the leaders was wearing a brocade robe, which looked extremely luxurious.

Huo Qingming snorted coldly and did not answer.

That person didn't bother him anymore, he was from the Tibetan Taoist Academy after all.

Their Tianyuan Dynasty also had to pay three points of respect.

The person headed by went to the door of the elder of the Confucian Academy, bowed and said: "I have met you, sir."

Almost, the princes of the Tianyuan Dynasty, as well as the important officials in the court, have all listened to the lectures of the Confucian Academy.

So this sir is not too much.

The elder of the Confucian Academy nodded slightly, and said with a light smile: "The Sixth Prince's cultivation has improved again, but he still needs to read more sage books."

The sixth prince didn't show any arrogance, he nodded humbly and said, "Teach me, thank you sir."

The dean of Confucianism nodded his head.

Xin Hongyi curled her lips and said: "The sixth prince Tianming likes to put on a show, but his strength is quite good, and he has reached the late stage of the Zifu Realm."

Ye Qiubai nodded slightly when he heard it.

At this moment, Tianming suddenly looked at Ye Qiubai, and said inexplicably, "This must be Ye Qiubai, my Tianyuan City's arrogance back then?"

"At that time, I heard that brother Qiubai seemed to have lost his talent. Now that his talent has returned, he has joined the Tibetan Taoist Academy."

"He killed the heir of the enemy family with a single sword, and even killed Ye Yan in front of his ancestors?"

Ye Qiubai narrowed his eyes when he heard the words.

Although it doesn't sound like a problem.

But it would be wrong for the sixth prince Tianming to tell these things in front of everyone.

This is killing!

Sure enough, countless people cast their gazes over.

The Chou family also looked at Ye Qiubai.

The killing intent in his eyes is even stronger!

Hongying jokingly said: "Brother, have you offended him?"

Ye Qiubai shook his head, he was also very puzzled, obviously he had never seen it before.

At this time.

On the ship, several figures appeared again.

Those people were all wearing a golden armor.

And on the top of the helmet, a sun logo is printed.

Ye Qiubai shrank his eyes when he saw it.

Huo Qingming was surprised.

Xin Hongyi was also quite puzzled.

"Why did people from the Sunset Dynasty come to the Southern Region?"

Ye Qiubai understood.

Why didn't I even meet the sixth prince Tianming.

will become hostile to themselves.

The moment Ye Qiubai saw the Sunset Dynasty, he understood everything.

I couldn't help but feel a surge of anger in my heart.

Jiang Chan, are you restless if I don't die? !

When it is completed in the future, I will definitely kill the Sunset Dynasty by the sword!

And Hongying also learned about the Sunset Dynasty from Lu Changsheng.

Can't help showing killing intent in his eyes.

Today.

Ye Qiubai is her senior brother.

Then it is not an exaggeration to say that they are relatives if they are in the same vein as her.

So.

The people of this emperor are also people you can touch?

In Hongying's heart, the people of the Sunset Dynasty have already been posted as the king of hell!
