

## My Disciples 231

Chapter 231 Declaration of War

Wutang.

Chen Mingzhi did not join the thatched cottage.

But he knew that the achievements after Caotang must be extraordinary.

As long as you can get inextricably linked with thatched cottage, it will be of great benefit to him, or to his family!

And the Tibetan Taoist Academy, no matter how bad it is, is in the same faction as thatched cottage!

Caotang takes off, so the forces related to him.

That is, Tibetan Taoist Academy, it will not take off together.

One person attains enlightenment, chicken and dog ascend to heaven.

Chen Mingzhi still understood this truth.

Now, he has reached the middle stage of Qianyuan Realm while practicing with Wutang.

Being so outstanding, he naturally received the attention of the head of the martial arts hall.

The resources of Wutang also began to lean towards Chen Mingzhi.

After all, Chen Mingzhi is also a well-known arrogant figure in the Central Territory.

Resources are not tilted towards geniuses, wouldn't that make these people chill?

Seems unfair to less qualified students.

In fact, this is the greatest fairness!

You are talented enough to surpass someone like Chen Mingzhi.

Naturally, you can also get this kind of treatment!

Not talented enough?

I'm sorry, even if you are Qin Tiannan's son, or the nephew of other hall master elders, you cannot be treated like this.

This is also one of the reasons why the Tibetan Taoist Academy is called the Holy Land of Evangelism by everyone.

Those who can go up, those who are defeated go down.

Sometimes, what looks unfair is the greatest fairness!

The head of the martial arts hall walked into Chen Mingzhi's courtyard, and said with a smile, "Mingzhi, the competition for freshmen is about to start, you should try it too."

Hearing this, Chen Mingzhi nodded.

He must participate in this freshman competition.

Not to mention the extremely generous rewards.

Can get more resource tilt.

What's more, he wants to meet Shi Sheng.

and defeat it!

He wanted to prove that his talent was no worse than Shi Sheng's!

What's more, Chen Mingzhi has now broken through to the middle stage of Qianyuan Realm.

Thinking of this, he followed the head of the martial arts hall to the place where the freshmen competed.

The head of the martial arts hall also had a smile on his face at the moment.

Finally, I was able to regain some sense of presence in the freshmen competition.

In the last session, the thatched cottage took away the leader.

This time, there was Chen Mingzhi who had reached the middle stage of Qianyuan Realm.

Ye Qiubai and his group of monsters were also unable to participate.

Although Shi Sheng was accepted as an apprentice by Lu Changsheng.

But at that time, it didn't look like Zifu.

It's impossible to surpass Chen Mingzhi in just a few days, right?

...

Shi Sheng, I am also ready to go at this time.

Those who followed him were Ye Qiubai, Hongying, and Ning Chenxin Xiaohei.

It was the first time for the juniors to play, as seniors, they still had to go and see it.

Generally, on such occasions, Mu Wan'er would definitely follow.

After all, it's fun!

However, Mu Wan'er has now been recalled by Mu Heze, and she doesn't know what to discuss.

Mu Ziqing was also taken away by the old man sitting at the foot of Qiudao Mountain.

It seems that there is something important.

Just left a letter for Ye Qiubai.

She will wait for Ye Qiubai at the foot of Qiudao Mountain.

As for Lu Changsheng?

hehe...

Watching children fight, might as well take a nap!

...

The venue for the freshman competition has not changed from the previous one.

However, the number of people who came to participate, as well as the number of people watching, has obviously doubled!

After all, thatched cottage is famous.

It has made many ascetics famous among the four regions.

Joined the Nanyu Tibetan Taoist Academy.

Even the Dinghaishenzhen of Beiyu Tibetan Taoist Academy.

The number one swordsman in the Northern Territory, Yun Jing.

also came to watch with a sword facing the crown.

The General Academy also sent a vice president to attend.

That is, Ding Yunhe, the vice president who participated in the Northern Territory's rescue before.

Ding Yunhe smiled and said, "Old Man Yun, I didn't expect you to come too."

Yun Jing said expressionlessly, "Why, can't you come?"

Ding Yunhe smiled wryly: "I know you have resentment towards the General Court's original opinion, but so many years have passed, and the law enforcement hall has also reshuffled the cards, so you can come back."

Yun Jing shook his head and said, "No need, the old man is fine in the Northern Territory."

Seeing that Yunjing didn't waver at all, Ding Yunhe could only shake his head helplessly and gave up persuasion.

Qin Tiannan also came over, clasped his fists and said with a smile: "You two are welcome."

Ding Yunhe and Yunjing returned a salute.

Immediately said: "I heard that the thatched cottage has accepted a new disciple?"

Qin Tiannan nodded with a smile: "That brat Lu Changsheng collected it himself."

Ding Yunhe laughed, "I'm looking forward to that person's performance!"

"Well, he'll be there too."

The person among the three is naturally Shi Sheng.

At this time, everyone has arrived.

Mid-air.

The disciples of thatched cottage headed by Ye Qiubai also came here!

Everyone looked up.

Can't help but sigh with emotion.

Is this the disciple of the thatched cottage? It really is extraordinary.

Yunjing is also emotional.

Ye Qiubai, who was still in the Tibetan Taoist Academy in the Northern Territory, became famous with one sword.

Now he has reached the realm of Jianzong.

equal to him!

Now when fighting, I am afraid that I am no longer his opponent.

Thinking of this, Yun Jing couldn't help shaking his head and smiling.

"Old man!"

In the sword hall, Xin Hongyi raised his head and looked at Ye Qiubai.

There was some sudden surprise in his eyes.

At the beginning, she was not convinced, and was severely beaten in the face in the novice competition.

After that, I was helped again.

Now, although Xin Hongyi has also reached the early stage of Qianyuan Realm.

However, he still couldn't catch up with his back.

Ye Qiubai is already an existence that can contend against the False God Realm.

And this gap will only get farther and farther.

Xin Hongyi couldn't help smiling wryly.

Some people are like a mountain that cannot be climbed in a lifetime...

See that everyone is ready.

Qin Tiannan just stood up from the first seat, spread out his hands, and said with a smile: "Everyone has arrived, and everyone should be aware that the rules of this freshman competition have been changed."

"Divided into three rounds."

"The first round is still a lottery."

"In the second round, you can choose your own opponent to challenge."

"In the last round, the melee will be fought, and the person who stands on the stage at the end will be the first."

"Of course, if you are not satisfied with the result, you can choose to assign another challenge."

The rules are simple.

The referees of the Grand Competition are selected by the president of the Confucian Academy.

As for the shady.

Hasn't happened yet.

Suddenly, Shi Sheng noticed a gaze staring at him.

Can't help but look over.

belongs to Wutang.

That person seems to be called Chen Mingzhi?

Ye Qiubai also noticed it naturally, and said with a smile: "It seems that he is a little bit unconvinced."

Hongying also smiled lightly, "Junior brother, prove yourself with your strength."

"The disciples of thatched cottage should not be looked down upon by outsiders, nor questioned by others."

Shi Sheng nodded heavily.

He is not the same anymore!

Now he has been reborn from the ashes of the phoenix!

Next, the dean of the Confucian Academy began the first round of lottery.

"Jiantang, He Fan, against Wutang, Chen Mingzhi."

Both of them came from Zhongyu.

After taking the stage, the battle began.

However, soon, He Fan was defeated.

After all, there are too many realm gaps.

Chen Mingzhi looked at Shi Sheng and said, "Although your willpower is very respectable, but for now, I will defeat you."

Chapter 232 Shisheng's first battle!

Chen Mingzhi's declaration of war was expected by everyone.

After all, it was he and Shi Sheng who stood at the end.

Although Shi Sheng persevered to the end, he was personally accepted as an apprentice by the head of the thatched cottage, Lu Changsheng.

But if it is convincing, it is false.

Chen Mingzhi is much higher than Shi Sheng in terms of status, talent, and realm strength.

This is also the reason why Chen Mingzhi persisted in challenging Shi Sheng.

Ye Qiubai smiled beside Shi Sheng and said, "Since I joined the thatched cottage, this is the only way to go."

"After all, so many people want to join Master's sect, but they accept you. There are bound to be people who are not convinced."

Hearing this, Shi Sheng looked around.

Indeed, what the senior brother said is right, there are many freshmen who are looking at him with fighting intent in their eyes.

Obviously want to challenge him.

"What you have to do is to show your strength and make others think that it is normal for you to be accepted by the master as a disciple."

Hearing this, Shi Sheng nodded heavily.

Hong Ying jokingly said: "Brother, I heard that you were very arrogant when you participated in the freshman competition."

Ye Qiubai blushed.

"Ahem... At that time, Master only had me as a disciple. Wasn't he afraid that the old man would be too lonely..."

If Lu Changsheng heard these words, Ye Qiubai might have to sweep the mountains...

The dean of the Confucian Academy continued to draw.

"Jiantang, Hu Guohong, against Zhang Kai."

"Li Kangyong of the Confucian Academy, against Tan Yun of Wutang."

...

Some elders couldn't help feeling emotional while watching the battle on the martial arts arena.

"The quality of this freshman competition is much higher than before."

"Yes, after all, the four regions, and even the Tianjiao of the Central Region, have come to our Southern Region Tibetan Taoist Academy."

"Well, this is also thanks to thatched cottage."

"It's a pity that they are all here for the thatched cottage, and that brat doesn't like to accept apprentices, it's all up to his own preference."

"Oh, this kid is a natural teacher..."

At the time when the elders were conducting a criticism meeting.

The battle on the arena also ended at the same time.

The dean of the Confucian Academy continued to draw lots. Seeing the lottery in his hand, he couldn't help smiling, and said, "Jiantang, He Bufan, against Caotang, Shi Sheng!"

Everyone looked towards the ring.

Finally, the disciples of thatched cottage are about to appear!

Qin Tiannan is talking with Ding Yunhe and Yunjing.

Now, I can't help but be attracted by this lottery draw, and stop communicating!

Obviously, they want to see it too.

What is the ability of the newly recruited disciple of the thatched cottage!

Ye Qiubai said: "Little Junior Brother, it's your turn."

Shi Sheng nodded, clasped his fists and said, "Then I'll go, brother."

After finishing speaking, he jumped down and came to the ring!

On the other side, He Bufan from Jiantang also jumped onto the ring, holding a sword in one hand.

"Shi Sheng, although your willpower is admirable, it doesn't mean that I will hold back because of it."

At the beginning, he also saw that Shi Sheng surpassed everyone and persisted until the end.

However, the realm of strength is only the realm of Zifu.

And he, He Bufan, has further improved his cultivation and has reached the late stage of Shui Yi Jing!

Compared to Shi Sheng, I don't know how much stronger it is.

"It is possible that after you join the thatched cottage, you will surpass me in the future, but right now, it is not enough."

Shi Sheng looked at He Bufan, did not speak, and silently cupped his fists.

Immediately, he took out a pitch-black long-handled hatchet in his hand.

This pitch-black hand ax has no breath in its entire body.

However, it is extremely heavy!

The ax body is made of black sea black heavy iron.

The Black Sea is a wild area, a sea area deep in the sea.

And the Black Sea Xuan Heavy Iron is located thousands of feet below the Black Sea!

Extremely strong.

At the same time, it is extremely important.

Ordinary foundries cannot control this material.

The handle of the ax is made of Minghuang wood.

Minghuang wood itself does not have much weight, but its toughness is very good.

It is one of the few materials that can be matched with black sea black heavy iron.

are also extremely precious.

However, with the addition of Xuanzhong Iron Essence, the weight also increased.

Simply speaking, even a strong person in the False God Realm will feel the weight of this Minghuang Xuanaxe when holding it!

And this Minghuangxuan ax was also in the early days of Lu Changsheng, who was bored and wanted to learn how to forge weapons.

The first time, it was refining this axe.

But he was not satisfied, so he threw it into the ring.

Now, it happens to be used by Shi Sheng.

However, there is no aura in it.

It's just a simple soldier.

Of course, it is not very ordinary.

At least this weight, most people really can't grasp it...

At this moment, He Bufan, who was standing opposite Shi Sheng, moved.

I saw the long sword in his hand raised slightly.

A series of sword intents came out through the body, surrounding the long sword.

And He Bufan's sword intent has only reached the level of a sword master now.

Naturally, it cannot be compared with Ye Qiubai.

However, Shui Yijing can reach the sword master's realm.

In the outside world, he can already be called a kendo genius.

Immediately, He Bufan stepped slightly, his eyes condensed slightly.

rushed towards Shi Sheng!

Holding a sword in one hand, and performing tricks with the other.

A series of sword intents turned into phantom long swords all over his body.

Shoot towards Shi Sheng!

Shi Sheng's complexion remained unchanged, but his face was slightly solemn.

For him, this freshman competition, he must win the first place!

Only in this way can we live up to the expectations of our master and all the brothers and sisters.

Seeing the phantom long swords coming towards him violently, Shi Sheng raised the Emperor Ming Xuan Ax with both hands.

Everyone also looked at Shi Sheng curiously.

I don't know how he will deal with He Bufan.

After all, his strength was only in the purple mansion state a few days ago.

and He Bufan's realm are too different.

Ding Yunhe smiled and said: "The new disciple of the cottage, I don't know how talented it is."

Qin Tiannan smiled and said: "The talent is mediocre, but his willpower is the most resolute person I have ever seen in my life."

Yunjing, on the other hand, fantasized about it.

Someone who can be admired by a \*\*\*\* like Senior Lu shouldn't be very talented, right?

Could it be that something is hidden?

Under the eyes of everyone.

The Minghuangxuan ax in Shi Sheng's hand suddenly swung out!

Slashed fiercely on the phantom long sword.

Bang bang bang!

Under He Bufan's horrified eyes.

The phantom long sword with a handle composed of sword intent was broken one after another by Shi Sheng's axe!

There is no interception at all.

Shi Sheng looked like it was extremely easy to swing this axe!

Is this something that a person in the purple mansion can do?

You know, He Bufan didn't hold back!

At this time, Shi Sheng didn't stop, and rushed towards He Bufan with a black ax in his hand!

He Bufan gritted his teeth, but he didn't want to back down.

Hold swords in both hands.

The sword master's sword intent was on the blade, and he spit out crazily!

Estimated the time when Shi Sheng would arrive in front of him, he cut out with a sword!

Shi Sheng held an ax with one hand, and like swinging a sledgehammer, he slashed towards the sword horizontally!

click...

There was a sound of fine iron intersecting.

Accompanied by it, the sound of refined iron breaking...

Whose weapon is broken?

Everyone held their breath and looked carefully.

Double pupils, gradually enlarged!

Even Chen Mingzhi frowned slightly.

They found.

He Bufan's long sword shattered into pieces of fine iron and fell on the ring!

Chapter 233 Falling Star!

He Bufan, unexpectedly lost.

This is the result of Shi Sheng holding back.

It just destroyed He Bufan's weapon.

However, He Bufan also understood that the opponent easily smashed the long sword in his hand.

Even the Sword Master Sword Intent he was proud of could not break through the Emperor Ming Xuan Ax in Shi Sheng's hand.

I was sluggish for a while, and had to admit defeat with a wry smile: "I lost..."

The dean of the Confucian Academy saw this scene and immediately announced the result of the battle.

"Why don't you lose the sword hall, the winner will be Shi Sheng in the Caotang!"

This made everyone a little incredible.

Before joining thatched cottage.

Physical fitness is extremely weak.

The realm is only the Purple Mansion Realm!

But now, can they crush a person in the late stage of Shui Yijing?

how did you do that?

Caotang, is it really so evil?

Can an ordinary person be trained into a genius in such a short period of time?

This is too scary!

Qin Tiannan was also a little dumbfounded.

Lu Changsheng, this brat, if he had a more diligent personality, he would recruit more disciples.

In the future, the cottage will be full of peaches and plums, and all of them will be the top powerhouses?

Thinking of Lu Changsheng's lazy character, Qin Tiannan could only shake his head with a wry smile.

Ding Yunhe was also quite surprised, "This kid is also very powerful."

Yunjing nodded in agreement.

It's not easy for someone who can be accepted as an apprentice by Senior Lu...

Now, Yunjing is Lu Changsheng's number one fan.

No matter what he does, he feels that there is a deep meaning, and he will never be wrong...

Ye Qiubai and Hongying also looked at each other and smiled.

They, the fifth junior, also slowly transformed into monsters.

There is such a strong and terrifying willpower.

In the future, the achievements are destined to be extraordinary!

The next big competition.

lasted for half a day.

It's finally over.

The second round is about to begin.

And the second round.

is to choose your own opponent.

Everyone has two chances.

If you succeed once, you will be able to advance to the third round.

Of course, you can also refuse to accept the challenge.

Chen Mingzhi, who was closing his eyes and adjusting his breath, also opened his eyes under the announcement of the elder of the Confucian Academy!

His eyes locked onto Shi Sheng instantly!

Shi Sheng naturally sensed Chen Mingzhi's gaze, and silently picked up the Emperor Ming Xuan Axe.

The two of them knew each other.

Chen Mingzhi laughed and jumped onto the stage!

"Chen Mingzhi from Wutang wants to challenge Shisheng from Caotang!"

No one was surprised by this scene.

After all, Chen Mingzhi had planned to challenge Shi Sheng before.

Shi Sheng did not refuse.

stepped onto the ring.

means accepting the challenge.

Chen Mingzhi looked at Shi Sheng with a flat face, and said slowly: "You should know that I am not convinced by that result."

Then, he turned his attention to Ye Qiubai.

"Although I don't accept it, it still won't change anything. Therefore, in this battle, I just want to prove myself."

prove what?

Naturally, it was to prove to Cao Tang that he was no worse than Shi Sheng!

Ye Qiubai smiled, but did not respond.

If said before.

Fifth Junior Brother may not be Chen Mingzhi's opponent.

but now?

I can only think about how many tricks this person can go through in the hands of the fifth junior brother...

The head of the martial arts hall also nodded with a smile.

Only with an unconvinced heart can one work harder in cultivation.

At the same time, you will not feel resentful because you are not convinced.

This is also Chen Mingzhi's advantage.

Wutang, I found a treasure.

The dean of the Confucian Academy always had a kind smile on his face.

Looking at the two people on the stage, he said calmly, "Are you ready?"

Chen Mingzhi nodded.

Shi Sheng shook the Minghuang Xuan Ax in his hand, and nodded in the same way.

"Okay, then, let's get started."

After speaking, the dean of the Confucian Academy withdrew from the arena and floated in the air.

Chen Mingzhi clenched his fists and bent his knees slightly.

With a slight bow at the waist, he made a forward posture.

Physically, there is a fighting spirit that continues to rise!

The meaning of war!

It is also an extremely difficult artistic conception to comprehend.

Those who can comprehend the meaning of war are born warriors!

Ferocious, fearless!

When you meet the strong, you will be strong!

Shi Sheng's body still didn't reveal any aura.

Holding the ordinary, but heavy-looking Minghuang Xuan Axe.

Staring at Chen Mingzhi's movements faintly.

Chen Mingzhi may be the strongest opponent in this freshmen competition.

He wants to show his strength in this battle.

Don't lose face of Master!

Think here.

In the dantian of the starry sky, the first star hanging high in the dantian starry sky began to emit a purple halo!

Immediately.

Around Shi Sheng's body, there were streaks of purple star power, which began to spiral slowly.

Um?

Ding Yunhe's pupils shrank slightly.

This is... the power of the stars?

Using the power of the stars as the medium of cultivation.

What kind of cultivation method is this?

Chaos Star Record is an extremely profound technique.

And the power of the stars, no one can cultivate it in the wild world.

So, even with Ding Yunhe's perspective, it is normal that he has never seen or heard of it.

Chen Mingzhi also frowned slightly, and said, "Is this the skill you practiced in the thatched cottage?"

"It is also because of this exercise that your strength can be improved by leaps and bounds in a short period of time?"

"I have to say that the reputation of thatched cottage is worthy of its name. It can allow you who are in the Zifu realm to defeat people in the late stage of Shuiyijing in just a few days."

"but..."

Speaking of which.

In Chen Mingzhi's body, the strength of the mid-Qianyuan Realm burst out impressively!

The gap between Shui Yi Jing and Qian Yuan Jing is not a little bit!

What's more, now Chen Mingzhi has broken through to the middle stage!

"You are still not my opponent."

The voice just fell.

Chen Mingzhi's fighting spirit exploded!

The body seemed to be bursting with fighting spirit, and rushed straight towards Shi Sheng!

Extremely fast.

It even turned into a line in this space!

Then, a punch blasted out!

A huge fist mark of fighting spirit bombarded Shi Sheng!

Shi Sheng's complexion didn't change at all.

Looking at this scene, it's just that the power of the stars around the body is slowly gathering!

Slightly clenched the Minghuang Xuan Ax in his hand.

Hold above your head.

At this moment, the power of the stars gathered on the Ming Emperor Xuan Axe!

The Minghuang Xuan Ax with the added power of stars has become even thicker!

And at this time, the fist seal of fighting intent came with a bombardment!

The Emperor Ming Xuan Ax in Shi Sheng's hand suddenly fell down!

Falling star!

This is the basic martial skill in Chaos Star Records!

Technology as its name suggests.

The Minghuangxuan ax in his hand seemed to turn into a falling star in the starry sky!

hit the fist mark in front of him!

Boom, boom, boom! !

On the ring stage, there was an instant tremor!

The dean of the Confucian Academy in mid-air changed his expression!

This blow was so strong that even the protective formation on the ring couldn't bear it!

Ring.

At this moment, it is divided into two!

dusty.

People can't see the appearance on the ring!

Everyone looked at each other in dismay, and they all saw the horrified face in each other's pupils!

this...

How is this done?

Is this something that an ordinary person who was in the Zifu Realm could do a few days ago?

And, what happened?

Who wins?

Chapter 234 Phoenix Nirvana!

On the arena, there was a cloud of dust.

The formation protecting the arena was broken by Shi Sheng's axe, and turned into auras of aura, wantonly on the arena.

As a result, those students were unable to explore the situation in the first place.

However, Ye Qiubai and the others showed a smile.

Others can't do it, it doesn't mean they can't perceive the situation.

Ning Chen smiled heartily: "Our little junior brother, our achievements in the future will not be lower than ours!"

Ye Qiubai also nodded.

He is the person who knows Shi Sheng's situation best.

at the very beginning.

Physical fitness is extremely weak.

At the same time, the talent is not very good.

Among those freshmen, the cultivation level of the Zifu Realm just passed the line.

Freshmen who are in the lowest class.

However, relying on willpower alone, he survived to the end in his Jianzong Sword Domain.

Now, after being trained by Master, her talent and physical fitness have been greatly improved.

Combined with his own willpower, his future achievements will definitely not be lower than theirs!

not to mention...

Ye Qiubai smiled wryly: "This little junior brother's realm is even higher than mine."

Hongying joked: "Then you must not abdicate to the worthy?"

Hearing this, Ye Qiu Bailang smiled and said: "That won't work, I can join Master's sect before you all."

Joking words, the four people in the Caotang couldn't help laughing.

the other side.

Ding Yunhe also said with emotion: "The newly recruited disciple of Caotang is also extraordinary..."

Yun Jing, Lu Changsheng's number one fan, nodded in agreement.

Shi Sheng's performance really exceeded their expectations!

Even Qin Tiannan was puzzled and said: "I know Shi Sheng, but his previous talent level was not very good."

"It's only been a few days? Has it reached this point?"

"It can only be said that that brat has a unique talent in training disciples..."

At this time.

Under the eyes of all the students.

The dust on the arena, and after the formation was broken, the wanton aura is slowly dissipating.

Indistinctly, the scene in it was revealed.

I saw that one of the black figures could be seen, holding a hand axe, standing steadily on the ring that was divided into two.

And across from him.

But there is no standing figure!

Everyone's pupils shrunk.

The person holding the hand ax can be sure to be the stone student of thatched cottage!

What about Chen Mingzhi?

Is it impossible...

Soon, everyone's thoughts were confirmed.

The dust dissipates completely.

As they expected, Shi Sheng still stood firmly on the stage.

His complexion didn't change at all, it was still calm.

But, on the opposite side of him.

Chen Mingzhi has fallen in the cave!

The whole body is covered with blood.

His eyes were closed tightly, his face showed pain, and there was a faint breath.

Obviously, he was seriously injured and passed out!

Seeing this scene, everyone was horrified.

All of them cast their eyes on Shi Sheng, who was standing firmly on the ring.

How did he do that?

At the time of enrollment.

Doesn't he only have the cultivation base of the Purple Mansion Realm?

However, now he was able to seriously injure Chen Mingyi, who had broken through to the middle stage of the Qianyuan Realm?

You know, there is a big gap between Zifu Realm and Qianyuan Realm!

How is this done?

No matter how evil you are, you can't cross two realms and defeat a person, right?

At this time.

The dean of the Confucian Academy also announced: "Chen Mingzhi of the Wutang, against Shisheng of the Caotang, Shi Sheng wins!"

The master of the martial arts hall also came to the ring at this time.

He raised Chen Mingzhi's head, and stuffed him with a elixir for healing his injuries.

After stabilizing Chen Mingzhi's injury, he looked at Shi Sheng with a solemn expression.

said softly: "Late Qianyuan Realm..."

Late Qianyuan Realm!

As soon as the words came out.

Everyone was shocked!

how could it be possible!

It's only been a few days? !

In such a short period of time, can you break through to the late Qianyuan stage? !

If it wasn't for the time of enrolling students, Shi Sheng would be so embarrassed.

I'm afraid, everyone will think that Shi Sheng is pretending to be a pig and eating a tiger.

Just a few days.

From Zifu Realm to the late Qianyuan Realm...

Caotang, what kind of existence is it...

Is it really so amazing...

Can a person with mediocre aptitude be trained into a peerless monster within a few days?

This is too shocking...

Shi Sheng was also after the dean of the Confucian Academy announced the results.

Saluted slightly to him, and walked back to the camp of thatched cottage.

Ye Qiubai smiled and said: "Little brother, you have given our thatched cottage a face."

Hongying also smiled and said: "Well, the realm has already surpassed the elder brother."

Ye Qiubai: "..."

"I said, junior sister, can you not keep emphasizing this matter? This will make me, a senior brother, very embarrassed."

"Really, I'm an honest person, I can't tell lies."

Ye Qiubai shook his head helplessly, for this junior sister who likes to blame herself.

He has nothing to do.

Shi Sheng, Xiao Hei, and Ning Chenxin looked at each other and smiled slightly at this scene.

They love the vibe.

No pressure from superior to superior.

Only as relaxed as family members.

...

After the big ratio.

No one dared to challenge Shi Sheng.

After all, the only one who can face Shi Sheng.

Now, Shi Sheng has been severely injured by an axe.

Chen Mingzhi quickly recovered from his injuries under the elixir given by the master of the martial arts hall.

Although it has not fully recovered.

But still used the second chance to challenge and defeated a student who won the ranking.

successfully captured his ranking.

Successfully advanced to the third round.

Only ten people successfully advanced to the third round.

At this time, Qin Tiannan also stood up and said with a smile: "The second round is over, and the students who have successfully advanced can participate in the third round."

"There are no rules in the third round. You can try your best to win the first place."

"To win the first place, not only can you enter the Treasure Pavilion, choose a skill and a treasure."

"You can also participate in the Four Domain Academy Competition in seven days' time."

That's right.

After the Freshman Competition.

Immediately following, is the Tibetan Taoist Academy in the Four Regions, conducting the Four Regions Grand Competition.

After the winner is determined, you can get the resource tilt of the General Academy!

Ding Yunhe smiled at the side and said: "Dean Qin, you should not be under any pressure in the Four Regions Competition this time."

Qin Tiannan said modestly: "No, what if the other party also has a talent?"

Yun Jing rolled his eyes.

There are several people like thatched cottage.

Can you still lose in the Four Domain Competition?

Let the few disciples in the Caotang who can crush the False God Realm powerhouses fight.

It can even be said that I am playing foolishly...

After an hour of rest.

The third round also officially started.

Shi Sheng stepped onto the restored ring.

And nine people including Chen Mingzhi.

It seems that a consensus has been reached.

All looked at Shi Sheng.

They are ready to join forces!

Shi Sheng himself didn't care much about this, he looked at the nine people and said calmly, "Let's do it."

Chapter 235 This is a blame...

With Shi Sheng's current strength.

Not afraid of the nine people like Chen Mingzhi.

Chen Mingzhi and the nine did not talk about cooperation before.

However, after going to the ring, a consensus has been reached.

Looked at each other, nodded slightly, at the moment when the dean of the Confucian Academy announced the start.

then attacked Shi Sheng at the same time!

Facing the offensive of nine people.

Shi Sheng raised the hand ax in his hand.

The power of the stars began to gather again!

Wrapped around the Ming Emperor Xuan Axe, constantly condensing!

See this scene.

The surrounding elders all tightened their faces.

One after another began to strengthen the formation.

After all, Shi Sheng's previous ax was too terrifying.

Do not rely on artificial reinforcement of formations.

I'm afraid the previous scene will repeat itself.

In this way, the loss of Tibetan Taoist Academy will be increased for no reason.

After all, this defensive formation consumes a lot of resources.

Every time the layout is rearranged, the elders in the array will feel their brows twitch.

Heartache!

See Shi Sheng raised the hand axe.

The nine people all looked dignified.

Not daring to spare any strength, he used all his strength to attack Shi Sheng!

At this time.

Shi Sheng's Minghuang Xuanaxe that condensed the power of stars.

Also at this moment, from top to bottom, gently swung down.

And this light wave.

Like a falling star!

The sky is falling apart!

The formation on the ring trembled again!

All the elders of the formation hall are doing their best to maintain the formation that protects the ring!

Rao is so, it also makes them feel strenuous!

How powerful Shi Sheng's ax is!

Can this kind of person be called a freshman? !

Could it be that the people in thatched cottage are all monsters!

Shi Sheng's ax fell.

Lightly slashed on the nine sweeping attacks.

Under the horrified eyes of everyone.

It was broken in an instant!

Besides being shattered, star storms shot out continuously where the attacks intersected!

The protection formation in the ring is constantly trembling!

at the same time.

Chen Mingzhi and other nine people also spurted out a stream of blood at the same time at this moment, and flew away backwards!

as expected.

Even if nine people join forces.

Still can't bear Shi Sheng's axe!

Chen Mingzhi fell to the ground, clutching his chest, bleeding from the corner of his mouth.

His face was gray and defeated.

Thatched cottage.

What kind of place is it?

Allow Shi Sheng to rise to such a terrifying level in such a short period of time.

and.

Even an ordinary late-stage Qianyuan Realm powerhouse couldn't make Chen Mingzhi so embarrassed!

After all, he is a Tianjiao-level figure in Zhongyu.

Fighting across the border is already commonplace!

well...

I can only say that the thatched cottage is too scary...

The dean of the Confucian Academy also smiled wryly: "In the third round, Shi Sheng wins."

"This freshman competition is over."

Shi Sheng became the number one without a doubt.

He also got the opportunity to enter the Treasure Pavilion to select the treasure of kung fu.

However, after.

was rejected by Shi Sheng.

Now, Shi Sheng possesses the powerful technique of Chaos Star Record.

There are also extremely powerful weapons such as Minghuang Xuanaxe and Luoxing Shenaxe.

There is no need for the rewards from the Treasure Pavilion.

However, although this reward was rejected.

However, Qin Tiannan also found the disciples of thatched cottage.

smiled and said: "After the Four Regions College Competition, you will represent the Southern Region Tibetan Taoist Academy to participate?"

"Of course, Shi Sheng, you can't refuse. After all, the reward for the third round of the Freshman Competition requires you to participate in the Four-Region Competition."

Shi Sheng scratched his head.

How did he feel that he was fooled?

However, it doesn't matter if you take part.

After all, he is also a member of the Southern Tibetan Academy of Taoism.

Ye Qiubai said helplessly: "If we all go to participate, I'm afraid Master will be angry?"

Everyone couldn't help but think of Lu Changsheng's character.

The kind of temperament that doesn't want to be famous, but just wants to lie flat.

Can't help laughing.

Hongying also nodded and said in affirmation: "There is no need to doubt, for sure."

Xiao Hei also said honestly: "Then us?"

Hongying immediately said: "Go to participate, anyway, there is nothing to do for the time being, if the master asks about it afterwards, he will say that the elder brother agreed."

Ye Qiubai almost fainted.

"Good guy, you are addicted to selling me, junior sister!"

Hongying said innocently: "How could it be?"

Then, I added another sentence in my heart.

Brother, isn't it just for selling?

Seeing everyone's agreement, Qin Tiannan also nodded with a smile, and said, "Don't worry, I will tell that brat Lu Changsheng about it."

"You guys prepare for now. Seven days later, we are going to the Central Region Tibetan Taoist Academy."

"This time the Four Domains College competition will be held there."

In the General Hospital?

Ye Qiubai couldn't help thinking of Mu Ziqing.

She seems to be still waiting for me in Zhongyu, right?

thought of this.

Ye Qiubai couldn't help showing a warm smile, and said, "Forget it, I'm used to memorizing the blame, and it won't matter if I recite it again."

...

After the big competition.

The monstrous reputation of thatched cottage also spread among Tibetan Taoist Academy.

Everyone's desire to join the thatched cottage became more and more serious.

Some disciples of Tianjiao even approached the hall master directly, wanting to apply for transfer to thatched cottage.

Let those hall masters feel helpless.

But there is no way.

Who made that brat Lu Changsheng so wicked?

Before leaving, Jian Chaomian approached Ye Qiubai and had another sword fight with him.

Although it ended in failure, it also gave Jian Chaomian something to gain.

Similarly, Yunjing also found Lu Changsheng.

Lu Changsheng was full of disgust, and impatiently solved Yunjing's cultivation problem.

After that, the two bid farewell to the Southern Region and returned to the Northern Region Tibetan Taoist Academy to prepare for the Four Regions Grand Competition.

At the moment before the Four Domain Competition.

Several people are eating on the stone table.

Lu Changsheng obviously got the news.

Extremely furious, he punished Ye Qiubai by making him sweep the hills for six days!

Um.

Backhanded Man Stone Hammer.

Brother take care...

Hongying, Ning Chenxin, Xiao Hei and Shi Sheng all looked at Ye Qiubai with respect in their eyes.

What is a good brother?

This is!

Exemplary!

Ye Qiubai took a sip of the wine brewed by Lu Changsheng himself, and said with a sigh, "Thinking about the last time I participated in the Four Regions Competition, it has been so long in a blink of an eye."

Hongying also took a sip, her face was slightly drunk, she looked really charming, she was more charming than a flower.

smiled and said: "At that time, the strength of senior brother was not so strong."

Ye Qiubai also recalled, and nodded with a smile: "At that time, thanks to my junior sister for saving me."

"Huh? What happened, tell me?"

"At that time..."

The five disciples were laughing and talking while drinking wine.

Looking at the wine jar that was constantly becoming empty, Lu Changsheng couldn't help smacking his lips and said distressedly: "I said, just say what you say, can you just have a drink without saying a word?"

"Are you looking for an excuse to drink?"

This wine does not take much effort to brew.

But tired!

How much time he spent taking a nap!

Ye Qiubai and others couldn't help laughing when they heard this.

One time.

Beside the stone table, there is a lot of fun.

Looking at this scene, Lu Changsheng couldn't help feeling a little warm in his heart, and couldn't help shaking his head and laughing.

This group of apprentices.

Although the ability to cause trouble is strong.

gave him a lot of trouble.

But... Lu Changsheng did not regret it.

At least, let him feel a little warmth in this strange world...

## Chapter 236 Leave

After the college competition, the four-domain college exchange followed.

This time, the exchange place of the Four Domains Academy is located in the General Academy.  
original.

It should be the first place exchanged by the previous college.

It is hosted by the Nanyu Tibetan Taoist Academy.

However, this time, the General Academy took the initiative to propose that this four-domain exchange will be held in the General Academy.

At the same time, students from the General Academy will also participate in this exchange!

Qin Tiannan did not object to this point.

after all.

Nanyu must have sent the disciples of thatched cottage to fight.

And if Ye Qiubai and they play.

The students of the other four domains have nothing to do...

Although there are not enough students in the General Academy to watch.

But according to Dean Yan's explanation.

I want to show the students of the General Academy the elegant demeanor of the thatched cottage of the Nanyu Tibetan Taoist Academy.

In order to stimulate the enthusiasm of all the students to practice...

this...

Actually, Qin Tiannan really wanted to say.

Isn't it too hard to hit...

And now.

People from the Tibetan Taoist Academy in the Four Regions all gather in the main academy.

The dean of the Four Domains College gathered in the conference hall of the General Academy.

Dean Yan said with a smile: "Old Qin, you shouldn't be angry if the four-region exchange is set up in the General Academy, right?"

Qin Tiannan shook his head with a smile, and said, "Of course we don't have any objections. It just so happens that the rewards are also borne by the General Academy."

"Haha, that's natural."

The dean of the Eastern Region Tibetan Taoist Academy shook his head with a wry smile, and said, "However, is it necessary to hold this exchange meeting again now?"

The dean of the Tibetan Taoist Academy in the Western Regions also looked at Qin Tiannan, and said helplessly, "As far as the strength of Ye Qiubai's group is concerned, even if we are no match, what's the point?"

At this moment.

Dean Yan shook his head and said: "This exchange is actually not just a simple exchange between colleges."

Seeing Dean Yan's slightly serious expression, the four of them all looked over.

I want to hear Dean Yan's explanation.

Just listen to him say: "You should also know that these days, this continent has begun to undergo tremendous changes."

"Some forces perish, and new forces emerge."

"All the Tianjiao were born one after another, and the Yunhuang Empire began to rebuild."

"What does this mean?"

Dean Siyu understood the meaning in Dean Yan's tone.

The World of Controversy!

"The pattern of the mainland, at this time, will definitely change dramatically!"

"Taking this opportunity, I invited many powerful forces to the General Academy to watch the academy exchange, and also to let the Tibetan Taoist Academy have greater influence among the four domains."

"In this world of great contention, do not be replaced."

Speaking of this, Dean Yan looked at Qin Tiannan again, and said solemnly: "This is also the reason why I asked you, Lao Qin, to bring the disciples from the thatched cottage to the General Academy to participate in the academy exchange."

Borrow the power of thatched cottage!

Using this to expand the potential of Zangdao Academy!

This is Dean Yan's real purpose!

Qin Tiannan nodded, "When will it be officially held?"

Dean Yan looked at the sky, thought for a while, and said: "Tomorrow, those forces should be all here tomorrow."

...

Ye Qiubai naturally came to the main courtyard of the Tibetan Taoist Academy.

And he, after coming to the main courtyard, walked towards the direction of Qiudao Mountain.

Along the way, all the students and elders could recognize Ye Qiubai.

So, no one stopped.

Seek the foot of the mountain.

Ye Qiubai walked slowly until he reached the familiar courtyard.

And the familiar, slowly running river.

came into view.

However, Ye Qiubai did not feel any aura in the courtyard.

There is only one empty yard.

Ye Qiubai was slightly taken aback.

Slowly walk into the yard.

Before leaving, Mu Ziqing left him a letter.

Said that she would have been waiting for him at the foot of the mountain.

Ye Qiubai couldn't help shouting softly: "Zi Qing?"

"Azusa, are you there?"

walked all over the courtyard.

Didn't find anything.

It is possible that something just happened to go out?

So.

walked beside the stone table and sat down slowly.

In this courtyard, there is Mu Ziqing's unique atmosphere.

Feeling this breath, he was slightly dazed.

Time passed slowly.

Ye Qiubai sat at the stone table blankly.

The falling sunlight slowly shifts the angle.

Immediately, it gradually dissipated.

Then, a ray of white moonlight fell on the courtyard.

Night comes.

Ye Qiubai finally came back to his senses, sighed slightly, and walked out of the yard.

Saw the river and approached it.

this place.

It was the place where Ye Qiubai and Mu Ziqing first met.

...

"What are you doing by the river?"

"I...I just want to eat grilled fish."

"You...what are you laughing at?"

"Hey, don't come here, you will die like this!"

"Would you... would you do it?"

"Huh ~ hot hot."

...

Thinking of this scene, Ye Qiubai couldn't help showing a soft smile in his eyes.

Even the corners of his mouth couldn't help but twitch.

Sudden.

On the faintly blackened grass.

There is a jade pendant rising slowly!

Ye Qiubai looked over.

I saw that jade pendant slowly floated in front of him.

Ye Qiubai took it, subconsciously protruding it with aura.

The jade pendant began to shimmer with ice blue light!

A phantom is cast from the jade pendant!

With a beautiful complexion, she was dressed in a water blue tulle skirt and a white robe inside.

A blue silk waist.

It's like a full grip.

Seeing this phantom, Ye Qiubai was also slightly taken aback.

Immediately surprised and said: "Zi Qing?"

At this time.

Mu Ziqing's phantom smiled and said, "Only Qiubai's breath can open this jade pendant."

"but..."

Speaking of this, Mu Ziqing frowned slightly, and said with a bitter face, "You've come here, which means I've left this realm."

Leave this territory?

Ye Qiubai was stunned.

Mu Ziqing continued to explain: "I'm sorry, I kept it from you, but my family actually doesn't belong to this realm, but is higher up."

"And my physical problem has been solved. I didn't want to tell the family members, but they still found out about it."

"This is what took me away..."

In other words, Mu Ziqing is not from this world.

The family she belongs to is higher up.

Even?

That is to say, it is much stronger than the wild realm, and it is not in the same dimension, is it?

Mu Ziqing continued: "I hope you come to me, but, Qiu Bai, you have to grow up quickly."

"Otherwise, people in the family will not agree with you."

Hear this passage.

Ye Qiubai smiled.

Laughing a lot.

"This jade pendant can guide you after you leave this realm, so you must keep it well!"

"Then, you must find me, or I won't talk to you in the future!"

Speaking of which.

Mu Ziqing's phantom disappeared.

Return to the jade pendant.

The ice-blue light flickering in the jade pendant also disappeared at this moment.

Ye Qiubai silently put the jade on his neck, touched it, and looked towards the sky.

Eyes far away.

"Don't worry, I won't make you wait too long, Azusa..."

Chapter 237 The first round: Seeking the foot of the mountain  
the next day.

The trainee exchange was held as scheduled.

Students from the Four Domains Academy and the General Academy gathered in the square.

Students from different colleges are all looking at other people.

"This time the academy exchange, people from the main academy will also participate?"

"Well, I heard so."

"That's more than that... the students of the General Academy, let alone the talent and strength, they enjoy much more resources than us!"

"That's for sure. After all, the General Academy is located in the Central Territory, and it is one of the giant forces in the Central Territory."

"But, don't forget, what we need to pay attention to this time is not the General Hospital..."

After someone said this sentence.

Suddenly, the students next to him were silent for a while.

yes.

What they really need to pay attention to is not the students of the General Academy.

Because, this time, the students in the General Academy are not the strongest.

Compared to those monsters, I'm afraid the Tianjiao students of the General Academy are not enough to watch...

"I really don't know how those people in thatched cottage cultivate..."

"They were originally of the same generation, but the gap is so big. We are still communicating with students, but they have already been able to kill the veteran powerhouses in the False God Realm!"

"Hey, we came here this time, and it's just a formality."

"I don't think that this time, not only can I see the gap between the thatched cottage and the main courtyard, but maybe I can also get to know each other!"

"Just you? Also worthy?"

"Pinch it!"

...

While students are talking.

In the sky, several powerful auras descended suddenly!

Sit on the first seat on the high platform!

Impressively, he is the dean of the General Academy of Tibetan Taoism Academy, Dean Yan, a strong man in the False God Realm!

Half a step behind him are the four deans of the Siyu Tibetan Taoist Academy.  
after.

are the powerhouses of other forces, and they are also coming one after another!

"The Suzerain of Hidden Sword Peak, Lin Rufeng!"

"That's the head of the Mu family, Mu Heze!"

"There is also the Patriarch who left home!"

"Danzong?!"

"What's going on, there are so many giant-level forces coming to watch this college competition?"

For a moment, the students were also stunned.

After all, the usual college exchanges are just internal activities to motivate and test the strength of colleges in various fields.

How can people from other forces come to watch?

What's more, it is still a giant-level power at the same level as the Tibetan Taoist Academy!

Lin Rufeng smiled and said: "Old Yan, did you invite all of us here on purpose just to show off?"

Everyone knows what Lin Rufeng is talking about showing off.

Dean Yan did not refute, and joked: "Of course, there are so many monsters in our own forces, how could we not bring them out for a walk?"

Mu Heze also chuckled and said: "When the time comes, don't poach the arrogance of our power to your Tibetan Taoism Academy."

"Hahaha, if I can dig it, I won't mind."

The Patriarch of the Li family looked at Mu Heze coldly, and said, "Mu Wan'er of your family, hasn't she already leaned towards the thatched cottage?"

As soon as the words came out.

Dean Yan, Lin Rufeng and others all looked at the pretty girl behind Mu Heze.

The girl didn't feel the eyes of these big guys, but looked around, as if looking for something.

See this scene.

Mu Heze patted the girl's head helplessly, and said, "Wan'er, pay attention to etiquette!"

Mu Wan'er finally came to her senses, covered her head with her hands, wrinkled her little nose, pouted her small mouth, and said, "Don't hit me on the head, you will become stupid!"

After speaking, under Mu Heze's helpless suggestion, he noticed the eyes of Dean Yan and the others.

Immediately bowed respectfully.

"Wan'er has met all the uncles."

Lin Rufeng smiled and said, "The little girl can talk."

Having said that, he took out a small object and handed it to Mu Wan'er.

Mu Heze smiled and said, "Haven't you thanked Sect Master Lin?"

Mu Wan'er followed suit.

Immediately.

Dean Yan looked at the head of the Li family, and said with a smile: "You can call us uncle, but you can call me grandpa, right?"

Everyone laughed.

The Patriarch of the Li family snorted coldly, but was not angry.

Mu Heze said again: "Wan'er, you..."

However, before she finished speaking, she saw Mu Wan'er's expression suddenly surprised.

Then he left this place in an instant.

"Oh...this girl..."

Mu Heze shook his head helplessly.

Dean Yan laughed and joked: "It seems that your prestige as a father is not enough."

Hearing this, Mu Heze smiled wryly: "Oh, this girl has been spoiled by her mother since she was a child, everyone laughs at me, laughs at me."

...

Below, in the direction of thatched cottage.

"Sister Hongying!"

When Hongying heard the call, she turned her head, looked at Mu Wan'er and rushed towards her.

Can't help showing a smile, took Mu Wan'er with both hands, hugged her, smiled, and said, "Is the matter over?"

Mu Wan'er hugged Hongying, and rubbed her small face against her chest, only then was she satisfied.

"It's over! But it's nothing serious."

Ye Qiubai also laughed beside him and said, "Just clinging to your sister Hongying?"

Mu Wan'er blushed, looked over, and said with a smile: "How could it be, brother Qiubai, I miss you too."

"There is also little black brother, Chen Xin brother!"

However, when Mu Wan'er saw Shi Sheng, she pouted and said, "Junior Brother."

Ye Qiubai and Hongying couldn't help laughing when they heard this.

This girl.

He was also angry that Lu Changsheng accepted Shi Sheng but did not accept her.

Obviously she came first, but now she can only become the sixth junior sister!

but.

On the bright side.

Mu Wan'er will still deliberately call Shi Sheng her junior.

Shi Sheng himself didn't care.

Just smiled and nodded, "Sister Wan'er."

After hearing this title.

Mu Wan'er finally smiled.

At this time.

On the high platform.

Dean Yan's voice spread throughout the academy.

resounded in everyone's ears.

"This college exchange is held in the General Academy, which is here."

"The rules will change slightly from before."

"This time, the first round of trials will be set up at the foot of Qiudao Mountain."

As soon as the words came out.

Suddenly all the students exclaimed.

Even Lin Rufeng smacked his lips and said, "Old Yan, you have quite a pen."

Well known.

Seeking Taoism Mountain is the secret place of Tibetan Taoism Academy.

The rumors were passed down from ancient times.

Among them, there are many inheritances of artistic conception!

Dean Yan didn't care.

Dean Qin Tiannan and the others also understood Dean Yan's intentions.

The world of great controversy has begun.

If Zang Dao Academy wants to survive in this world of great controversy, it must increase its strength as soon as possible!

The preliminary opening of Tibetan Road Mountain is only the first step.

Dean Yan continued: "The rules are as follows."

"Students participating in the exchange of the college can make an exception to go to the foot of Qiudao Mountain, and communicate with the artistic conception in Qiudao Mountain at the foot of the mountain!"

"As long as one artistic conception can be communicated, it is considered a success."

"You can also advance to the second round smoothly."

"And the location of the second round is on the mountainside of Qiudao Mountain."

heard this.

All the students are crazy!

Seeking Dao Mountain, the higher you go, the higher the level of artistic conception!

The students of the General Academy are also extremely excited.

You know, even they don't have many chances to enter the mountainside of Qiudao Mountain to practice!

Chapter 238 The evildoer among the evildoers

Seek Daoshan.

Zang Dao Academy can become a giant force in the middle domain.

has half the credit for it.

Moreover, this is also a cultivation treasure land that other forces are jealous of.

Mood.

It can be understood but not sought after.

Upgrading the artistic conception has even greater requirements!

Some strong people can only comprehend one artistic conception in their whole life, and it is only the most elementary level.

However, in Qiudao Mountain, there is a great probability to increase the level of artistic conception!

For example.

Sword Intent is divided into Sword Master, Sword Master, Great Sword Master, Sword Master, Great Sword Master and Sword Master!

This is the level.

And many people, even if they comprehend the sword intent, are only sword fighters or sword masters.

What's more, sword intent is an extremely difficult artistic conception!

This is also the reason why Qiudao Mountain is envied by many forces.

At this time, the students from the four domains participating in the academy exchange.

They were all full of excitement and came to the foot of Qiudao Mountain.

Looking up, you can see the towering mountain.

Even if you are only at the foot of the mountain, you can feel all kinds of intentions in the mountain!

If you can enter it and practice for a year and a half, you will definitely improve a lot in the process of artistic conception...

Lin Rufeng looked at this mountain of seeking Tao.

said rather emotionally: "Old Yan, your Tibetan Taoist Academy is truly blessed..."

Mu Heze nodded in agreement.

This mountain of seeking Tao is too important to a force.

If it is obtained by other forces.

Its overall strength will rise to a higher level!

This is also thanks to the fact that the Tibetan Taoist Academy does not participate in secular battles, so other forces do not feel threatened.

If there is a war, the background of the Tibetan Taoist Academy is terrifying!

Dean Yan smiled and said, "Don't say that I have the Tibetan Taoist Academy, you Yinjianzong, don't you have a sword mound?"

Lin Rufeng shook his head and said: "Then Ye Qiubai from your Tibetan Taoist Academy took away the inheritance."

"Ha ha ha ha!"

Hearing this, Dean Yan couldn't help laughing triumphantly.

And under the announcement of the elder of the law enforcement hall.

Everyone has come to the foot of Qiudao Mountain.

Started comprehension.

As long as you can communicate with the artistic conception in the mountain of seeking Tao, you can pass and enter the second round.

Then you can really enter the mountain of seeking Tao!

This is very important for the participating students!

They must get a chance to enter the second round!

"Old Qin, who do you think will be the first to communicate the artistic conception?"

Aside, the dean of the Western Region Academy asked.

Qin Tiannan thought for a while, his face was a little troubled.

The dean of the Eastern Region Academy saw this, and said with a smile: "Is it so difficult to choose?"

"It's a bit difficult."

Qin Tiannan nodded seriously, and said with a serious face: "Ye Qiubai, Hongying, Ning Chenxin, and Xiao Hei, Shi Sheng, all have this talent, and they all have this opportunity."

"I can't say which of the five of them will understand first."

Dean Siyu and Dean Yan were taken aback when they heard this.

Good guy.

The five little guys you mentioned are all from your Nanyu Tibetan Taoist Academy? !

Dare you really not optimistic about other students at all?

Dean Yan also shook his head helplessly, "But it's normal, the talent and strength of these five students are so outstanding that the other arrogances can't hold their heads up."

The voice just fell.

A sword intent soars into the sky!

Slowly connect with the sword intent in the Taoist mountain!

Everyone looked horrified, and they couldn't help but look towards the place where the sword intent erupted.

"It's Ye Qiubai from thatched cottage!"

Followed by.

From the mountain of seeking Tao, there is a whirlwind of flames, surrounding a woman in red!

This time it is the artistic conception of fire!

"Empress Yunhuang of thatched cottage, Hongying!"

Beside them, there is a \*\*\*\* murderous intent!

On Xiao Hei's fist, there is a streak of blood, which is slowly solidifying!

On the other side, Ning Chenxin has a sense of righteousness all over his body!

The meaning of Confucianism and Taoism surrounds him.

and the meaning of Confucianism and Taoism in Qiudao Mountain seem to be communicating with each other!

Finally followed by Shi Sheng.

Between his eyebrows, there is a twinkling star.

The meaning of stars shining with purple brilliance, sprinkled on Shi Sheng's body from Qiudao Mountain!

"This... the five people in the thatched cottage have established a connection with the artistic conception in Qiudao Mountain in an instant?"

"It is worthy of being called the evildoer among the evildoers..."

"But this is too fast, look at those brothers in our main hospital, they are still thinking hard!"

"Oh, there is no way, Ye Qiubai's group of people are already far beyond the existence of their peers, after all, they have already been able to kill the strong in the False God Realm..."

Qin Tiannan stood in mid-air, also showing a proud smile.

These five little guys really give him a long face!

oh.

Not right.

How can you call Empress Yunhuang a little brat?

sin sin...

Mu Wan'er next to Mu Heze was also bouncing up and down excitedly.

"Sister Hongying, brother Qiubai, you are awesome!"

Dean Yan and Lin Rufeng looked at each other and smiled.

Now, they believe more and more that their decision to join the team is correct.

After all, the people in the thatched cottage are too monstrous.

The elders of the Law Enforcement Hall froze in shock for a while.

Under the reminder of Dean Yan, he came back to his senses.

"Eh... thatched cottage leaf autumn white."

"Caotang Hongying."

"Ning Chenxin in thatched cottage."

"Caotang Xiaohei."

"Caotang Shisheng, all passed the first round and successfully promoted to the second round!"

Jian Chaomian and the others naturally heard the announcement from the elder of the law enforcement hall.

I thought to myself.

Brother Ye is really getting stronger...

If you don't work harder, you really won't be able to see his back.

Think here.

Jian Chaomian suppressed his thoughts and tried his best to communicate with the sword intent in Qiudao Mountain!

After an hour.

In Qiudao Mountain, the sword intent finally came down, and merged with Jian Chaomian's sword intent!

This scene also exceeded everyone's expectations.

Unexpectedly, the next person to communicate the artistic conception was not the people from the General Academy.

It's the sword cultivator of the Tibetan Taoist Academy in the Northern Territory, and the sword faces the crown!

Ye Qiubai and Jian Chaomian looked at each other and smiled.

To know.

The talent of Jian Chaomian is not weak.

Before Ye Qiubai, he was known as the number one sword cultivator of the younger generation in the Four Regions!

Comprehended the sword intent early on, and now he has reached the realm of a great sword master.

There is even a target like Ye Qiubai for him to chase after.

How could such a swordsman be less talented than others?  
after.

The first round lasted a full day.

Afterwards, there are not a few people who communicate the artistic conception.

But more than half of the people were still eliminated!

Those eliminated students all showed shame.

There is even a touch of pity.

"Oh, it's still a little short!"

"Rules are rules. It's a pity that I can't enter Qiudao Mountain to practice. Even if it's only at the foot of the mountain, my understanding of artistic conception is much stronger!"

"Forget it, this can't be forced, everyone, I'll go back to practice first, and I feel that I have learned a lot this time."

Those eliminated students all went to their residences to practice.

Although there is no communication mood, but also gain a lot!

This is the heaven-defying effect of Qiudao Mountain.

Ye Qiubai and other passers-by will enter the Mountain of Seeking Dao!

Chapter 239 Improve mood

Today, the number of people who passed is as follows.

In the General Academy of Central Tibetan Taoist Academy, all five people passed.

There is only Jian Chaomian in Beiyu Tibetan Taoist Academy.

Eastern Region Tibetan Taoist Academy, no.

There is a person named Ling He in the Tibetan Taoist Academy in the Western Regions.

The five members of the Tibetan Taoist Academy and Thatched Cottage in the Southern Region all passed.

At the same time, also swept the top five...

Just say how outrageous it is...

Seek Taoism among the mountains.

The atmosphere of artistic conception is stronger.

If it is said, other places are full of aura.

Then, the mountain of seeking Tao is full of artistic conception everywhere!

The students who entered the second round.

means within three days.

In this, comprehend an artistic conception!

When everyone heard this rule, they couldn't help being taken aback.

Comprehend the artistic conception?

Only three days?

How can this be done!

Even the students of the General Academy couldn't help but smile wryly when they heard this rule.

Even if you are practicing in Qiudao Mountain.

It is also extremely difficult to comprehend an artistic conception within three days.

But rules are rules.

They are not qualified to refute.

Dean Yan had no choice but to do so.

Now, they don't have much time left for the Tibetan Taoist Academy.

It is necessary to select a talent worth cultivating within this period of time.

At the same time, it is also to motivate the students in the academy.

In this way, strive for a place in the Tibetan Taoist Academy in the world of great controversy!

but.

Ye Qiubai and the other five were not under pressure, and everyone looked around.

Hongying smiled and said: "Brother, I remember you seem to have been here?"

Ye Qiubai also nodded with a smile, pointing in the direction of Jianfeng.

"My sword field was inherited by a senior in this Qiudao Mountain."

Sword Field, can be said to be one of Ye Qiubai's most frequently used Taoism.

Its power, scalability and growth are extremely high.

It can be said that it can grow with Ye Qiubai's growth!

The senior who founded the sword field.

Ye Qiubai has always admired him very much.

He is a true genius!

"You guys find a place to practice first, I'll go to Jianfeng."

After speaking, Ye Qiubai came to Jianfeng relying on the memory in his mind.

Here, there is a stone wall.

There are sword marks on the stone wall!

At the beginning, Ye Qiubai obtained the inheritance of the Sword Domain here.

Looking at the sword marks, Ye Qiubai bowed deeply.

This is a respect for the founder of Jianyu.

Jianyu, on this journey, helped Ye Qiubai a lot.

After doing all this, I searched in the Qiudao Mountain and felt the artistic conception in the Qiudao Mountain.

Now, with his sword intent level, he can't improve again on the mountainside of Qiudao Mountain.

Now, Ye Qiubai's sword intent realm has reached the realm of Jianzong.

Further up, there is the Great Sword Sect, and then there is the Sword Master.

He already has the artistic conception of fire, the artistic conception of ice, the artistic conception of wind, the artistic conception of wood, and the artistic conception of sword.

Now, what artistic conception should he comprehend?

If other people know Ye Qiubai's thoughts.

I'm afraid I'll be \*\*\*\* off.

They can only think about resignation, and if they can comprehend an artistic conception, they will be very happy.

How can you choose at will like Ye Qiubai?

Ye Qiubai walked in the tree-lined path.

Here, he felt the vibrant artistic conception of wood.

And the artistic conception of wood, further up is the meaning of endless life.

The Sword Sutra of Taichu relies on the meaning of endless life!

Or, just feel the artistic conception of wood?

Raise the level of the artistic conception of wood?

Perhaps, this can make Ye Qiubai's understanding of the Sword Sutra of Taichu more profound.

Moreover, even if you understand other artistic conceptions.

Actually, it didn't help Ye Qiubai very much.

What's more, you can't chew too much.

Ye Qiubai still understands this truth.

thought of this.

Ye Qiubai sat in this tree-lined path, and began to feel the thick vitality around him!  
the other side.

Hongying walked everywhere.

In the air, she found the breath of reincarnation!

"Mount Qiudao, I didn't expect it to be left over from the ancient times..."

"Then, in the crack of reincarnation, there should be an existence with the meaning of reincarnation..."

Hongying is the empress of Yunhuang.

And Qiudao Mountain is left over from the ancient times.

It is not surprising that she is familiar with Qiudao Mountain.

Followed the route in memory and walked towards the samsara crack.

Xiao Hei came to a huge pit!

In this huge pit, there are corpses one after another.

Wreckage is everywhere!

The blood stains even stained the soil bright red.

In the bright red soil, there are all kinds of broken swords and guns.

Obviously, an extremely tragic war took place here!

At the same time, in this big pit, there is an extremely strong killing intent!

This killing intent is extremely huge.

Shock the mind!

If an ascetic with an unstable mind enters here rashly.

May be overwhelmed by this killing intent.

Become a killing machine that can only kill...

certainly.

This is not a problem for Xiao Hei.

Xiao Hei calmly stepped into the large pit full of wreckage, and then sat cross-legged in the center.

On those fists, \*\*\*\* lines began to emerge.

The monstrous killing intent in the big pit seemed to be summoned by Xiao Hei!

Madness rushed towards Xiao Hei!

poured into Xiao Hei's \*\*\*\* lines!

It turned out to be absorbing the artistic conception of killing here!

Dean Yan might be shocked when he saw this scene.

Because no one has ever absorbed the artistic conception in Qiudao Mountain!

People who enter the mountain will only use the artistic conception in it to realize it.

Who would be like Xiao Hei!

Or rather.

Who has Xiao Hei's ability?

Absorb the killing intent, if one is not good, it will destroy the mind, and the sea of consciousness will be completely occupied by the killing intent!

However, it is obvious that Xiao Hei will not be afraid of this.

Continuously absorb the artistic conception of killing.

The \*\*\*\* lines on Xiao Hei's fists also began to slowly spread towards his arms!

Look at Ning Chenxin again.

Ning Chenxin found a thatched cottage.

Push the door and enter.

The thatched cottage was actually full of books!

Although those books have turned yellow.

Some even turned into ashes when touched.

However, it can be known.

This is a study.

At the same time, it is full of Confucianism and Taoism!

Ning Chen smiled lightly, and cleaned the study.

Using the meaning of Confucianism and Taoism, the books that will be eroded and destroyed by the years are restored.

Only then sat on the ground.

Pick up those books and watch them one after another.

A peaceful smile appeared on his face.

for him.

Being able to read quietly is also one of his few hobbies in this life.

While Ning Chen was reading a book quietly.

The meaning of Confucianism and Taoism in the study was also unconsciously attracted by Ning Chen's heart, and began to surround him.

...

In the mountain of seeking Taoism, there is a plain without any trees.

And here, even more amazing.

It is clearly daytime outside.

However, here, there are stars hanging in the sky!

The power of the stars links the stars together.

Shi Sheng nodded.

jumped up.

Between the stars, start practicing!

For the five members of Caotang.

This academy exchange is not important.

It doesn't matter whether you can comprehend the artistic conception or not.

The most important thing is to be able to improve your own strength, which is crucial.

Chapter 240 The sword facing the crown

Because of seeking Taoshan.

Zang Dao Academy was able to achieve its current status as a giant.

Even in ancient times.

This mountain of seeking Tao is also jointly controlled by many forces.

Hongying also practiced in it.

Cultivation time always passes quickly.

In the blink of an eye, two days have passed.

There is only one day left before the end of the second round!

At this time, no one has successfully comprehended the artistic conception.

Outside.

Lin Rufeng said with a smile: "You set the requirements so high, aren't you afraid that no one will be able to comprehend the artistic conception?"

Three days to comprehend an artistic conception.

Although in the first round, they had already communicated with the artistic conception in Qiudao Mountain, but they wanted to fully comprehend one artistic conception.

Still extremely difficult.

It's as difficult as climbing the sky!

Dean Yan shook his head without explaining.

Time is too tight.

He did it out of necessity.

Qin Tiannan looked at Qiudao Mountain with a hint of worry in his eyes.

Three days to comprehend the artistic conception.

Even for those little guys, it's a bit of a challenge, right?

However, the next moment.

Qin Tiannan's frown was relieved.

In the mountain of seeking Tao, there is a sense of reincarnation that rises to the sky first!

It's Hongying!

This sense of reincarnation is stronger than what Hongying released before.

Even if the powerhouses outside Qiudao Mountain felt it, they couldn't help but look a little dignified.

"As expected of the last empress of ancient times..."

Mu Heze couldn't help but sigh with emotion: "Two days are not for comprehending a new artistic conception, but for raising the artistic conception you have to a higher level."

Comprehend the artistic conception.

and enhance the mood.

These two sounds should be about the same difficulty.

However, it is quite difficult to actually implement it.

Mu Wan'er also smiled sweetly, "Of course, Sister Hongying is very powerful!"

Mu Heze looked at his daughter strangely.

You can call Empress Yunhuang that.

My daughter is really crazy.

But this is also good, at least it proves that Mu Wan'er has a good relationship with Empress Yunhuang.

This is also a good opportunity for the Mu family.

Immediately afterwards, a sense of endless life emanated out.

Around Seedao Mountain, the trees, flowers and plants are shrouded in the meaning of endless life.

It started to grow slowly!

Dean Yan looked at this scene and was slightly surprised.

"This is the artistic conception of wood? But it is not the same as the artistic conception of wood..."

"Ordinary wood artistic conception, it is impossible to have this effect."

The meaning of endless life can be said to have transcended the artistic conception of the five elements.

Transformed into Taoism, which is also one of the highest Taoisms in the world!

It is normal for the Dean Yan and others not to know.

At this moment, Ye Qiubai in the mountain seeks Taoism.

The meaning of endless life surrounds his body.

The Sword Sutra of Taichu has also entered the second floor!

The first floor is Pingshan River.

The second layer is covering mountains and seas!

However, with Ye Qiubai's current strength, if he uses his full strength to cover mountains and seas, it will drain the spiritual energy in his body.

the other side.

In the study.

Ning Chenxin looked at the book in his hand with a faint smile on his face.

And around him, the meaning of Confucianism and Taoism is constantly gathering.

Immediately, it slipped into the center of Ning Chenxin's eyebrows without a sound.

at the same time.

The \*\*\*\* lines on Xiao Hei Flesh's body also extended from the fist to the entire arm!

In the veins, the killing intent surged and became more solid.

And Shi Sheng in the starry sky.

In the dantian of the starry sky, the second star began to loom!

So far.

The five members of thatched cottage have all improved greatly!

This scene was also noticed by Dean Yan and his party from the outside world.

Qin Tiannan also heaved a sigh of relief.

Sure enough, there is no need to worry about these five people.

Too monstrous...

Dean Yan also showed an unexpected smile: "Sure enough, there are five of them again."

...

Until the last day.

After the end.

In the final result, all five members of Caotang advanced to the third round.

North Territory, the sword faces the crown.

There are two people in the main hospital.

Advance to the third round.

The third round of the college exchange is the battle.

Those who pass the competition will compete according to different colleges.

But.

This result made the elder of the law enforcement hall smile wryly and shake his head.

All five members of thatched cottage passed.

There are only two people in the General Hospital, and there are only three people in the Northern Territory.

How should this be allocated?

At this time, Dean Yan smiled and said, "How about this, Qiu Bai, the five of you should give advice to them."

Immediately, he looked at Jian Chaomian and the other three, and said, "You can choose your opponent as you like."

"Look, is this okay?"

The last sentence.

Dean Yan said while looking at Ye Qiubai and the others.

There is no arrogance of a superior person in his tone!

Treating them as if they were not the way the seniors looked at the juniors.

But fellowship with peers!

But this is normal.

After all, Ye Qiubai and the others are no weaker than Dean Yan.

Even...a bit better than him.

Lin Rufeng laughed and said, "Old Yan, you are too humble."

Hearing the words, Dean Yan rolled his eyes, spread his hands and said, "No way, you also know the strength of these boys, so how can you reason about it normally."

"If it were you, you would do the same."

The students below saw this scene.

There is no surprise.

After all, the strength of the five people in Caotang lies here.

Among them, Hongying is Empress Yunhuang.

According to seniority, I don't know how much higher than their dean!

After Jian Chaomian heard this, he was not polite and stood up first.

Looking at Ye Qiubai, he said with a smile: "Brother Ye, please teach me a lot."

Seeing this, Ye Qiubai smiled and nodded, and jumped up.

Both of them drew their swords.

Jian Chaomian said seriously: "At the beginning, after you defeated me, I have been targeting you, Brother Ye."

"However, as time went by, I found that no matter how hard I tried, I would always be distanced by you."

"However, it is precisely because of this that it has always motivated me and made me work harder in cultivation."

"I am very fortunate to have your goal in this life."

When the last word lands.

Jian Chaomian's heart was clear!

For him.

Sword is everything to him!

The kendo of Jian Chaomian is extremely pure.

At this moment, Jian Chaomian's sword intent rose again!

Actually reached the half-step Jianzong realm!

Seeing this scene, Yun Jing smiled lightly.

There was a hint of pride in his eyes.

Because this is his disciple.

Dean Yan also nodded with a smile: "Old Yun, you have a good student."

The master of Yinjian Sect, Lin Rufeng.

Known as the number one sword repairer!

Even he nodded his head heavily and exclaimed: "I will never be discouraged when I encounter setbacks."

"With Ye Qiubai as the target, the mood is still up."

"He is a good young man who cultivates swords!"

Afterwards, Lin Rufeng looked at Yun Jing and said, "Afterwards, let him come to Yin Jianzong and enter Jianzhong to practice."

Yun Jing smiled and nodded: "Then I would like to thank Sect Master Lin for his kindness."

Hidden Sword Sect is the holy land of swordsmanship that sword cultivators all over the world yearn for.

And Jianzhong is the foundation of Yin Jianzong.

It can make Lin Rufeng nod himself and let him enter the sword mound.

This is a great affirmation for Jian Chaomian!
