

My Disciples 251

Chapter 251 Under the Undercurrent

After Confucianism and Buddhism discussed Taoism.

This continent fell into a brief and rare peace.

after all.

In recent years, major events have occurred in various domains.

Moreover, things are usually provoked by the disciples of thatched cottage!

Now, falling into peace, some people are not quite used to it.

But.

Only those giant forces have a vague feeling.

It's the calm before the storm...

This peaceful day will definitely not last long.

So, all the forces also began to prepare in a hurry, recalling all the disciples and high-level combat forces who went out.

In order to have a chance to react when the storm starts.

At the moment.

Southern Region, Tibetan Taoist Academy.

Thatched cottage.

Xiao Hei set off again, heading to the extreme arctic ice field, hunting monsters.

Using this to refine the third layer of the Eternal Demon Physique.

Condensed lines of killing intent!

Shi Sheng is still in the thatched cottage.

Since the Phoenix Nirvana, after reshaping the physique.

Shi Sheng's cultivation speed is extremely fast.

Now, I am afraid that he is about to break through to the False God Realm.

Lu Changsheng leaned on the recliner, resting his hands on his head.

sighed boredly.

"I'm a bit cheap when I think about it."

"When those brats were in the thatched cottage, I found them annoying again."

"Let's go now, it's a bit boring again."

"Although Shi Sheng doesn't cause trouble, he has been practicing, and he doesn't know how to brag with Master."

"Let's see what's going on with them..."

After speaking, a light curtain appeared in front of him.

【Big Disciple Ye Qiubai】

【Cultivation: Late Qianyuan Realm, Jianzong】

【Second Disciple Hongying】

【Cultivation: False God Realm Early Stage】

【Third Disciple Ning Chenxin】

【Cultivation level: Great Confucianism (corresponding to False God Realm)】

【Fourth Disciple Xiao Hei】

【Cultivation level: the third layer of Eternal Demon Physique】

【Fifth Disciple Shi Sheng】

【Cultivation: Half-step False God】

"Ye Qiubai is very good at causing trouble, why is his cultivation so slow?"

"The other four are all higher than his cultivation level!"

"Unbelievable..."

At this time, Qin Tiannan walked quickly.

When Lu Changsheng saw Qin Tiannan's figure, his body trembled.

hurriedly got up and shouted to Shi Sheng: "If old man Qin asks about me later, just say that I'm out and not here!"

Shi Sheng didn't know why.

However, he will not ask, he will just say what the master said.

Just when Lu Changsheng was about to escape.

Qin Tiannan seemed to know what Lu Changsheng was going to do afterwards, and shouted: "Stinky boy, I saw you! Don't try to run away!"

Hearing this, Lu Changsheng had no choice but to give up his idea of hiding for a while with a bitter face.

Every time Qin Tiannan comes here.

There must be nothing good!

However, the appearance still needs to be pretended.

Like singing, Lu Changsheng quickly put away the bitter expression on his face.

Smiling and leaning forward, said: "Oh, Uncle Qin, it's too late for me to welcome you, how could you run away (I want to beat you to death)."

Qin Tiannan looked at the chrysanthemum-like smile on Lu Changsheng's face.

I couldn't help getting goose bumps on my body.

Scratching his arm, he said, "Don't be skinny, I have something important to do with you."

!! At once! Know! road!

Lu Changsheng covered his face, "Okay, let's talk, what's the matter."

"You should know about the upper realm, right?"

Qin Tiannan's face was a little dignified, and he continued: "The people of Tianzhenmen have detected groups of ascetics outside the region, and they are rushing to the wilderness region."

Lu Changsheng put away his frivolous expression.

Wei Wei is a little serious.

"Finally can't help it..."

Qin Tiannan was stunned for a moment: "Can't help it? Do you know something?"

Lu Changsheng shook his head and said, "It's nothing, just keep talking."

Qin Tiannan nodded and said: "Nowadays, several major powers in the central region have begun to gather to discuss countermeasures in the rebuilt Yunhuang Empire."

"At the same time, Dean Yan and Sect Leader Lin want you to go there, so as to decide how to deal with the enemy."

After the Yunhuang Empire was rebuilt.

Seventy percent of the forces on the mainland have agreed to the reconstruction of the Yunhuang Empire.

At the same time, half of the forces are absolutely subordinate to the Yunhuang Empire.

Among them, Tibetan Dao Academy and Yinjianzong are included.

Hearing this, Lu Changsheng didn't answer right away.

Instead, he squeezed his chin and fell into deep thought.

Weighing the pros and cons.

If the group of idiots above come in, it will definitely be detrimental to me.

Because when they were in the Sunset Dynasty, they killed a person who seemed to be quite important to them.

In addition, the other party is not sure about my purpose, whether I will obstruct them.

So, whether I participate or not, I will always come to my door.

besides.

Lu Changsheng sighed slightly.

He remembered what the Heart of the Realm had said to him in the extreme arctic ice sheet.

The target of the opponent is the heart of the realm!

Although he didn't take it, Hongying, his apprentice did!

When the time comes, you still want to trouble me?

"It seems... there is no way to hide..."

"I'm so obsessed with the causal relationship of this dog day, I still can't escape it!"

Lu Changsheng shook his head helplessly.

At this time, Qin Tiannan urged from the side: "What's the matter, Changsheng, make a quick decision, don't think the situation is peaceful now."

"However, once the opponent calls in, it will be too late to prepare!"

Lu Changsheng nodded and said, "Okay, okay, I understand, I'll go with you."

Qin Tiannan nodded in satisfaction.

"Without further delay, let's go."

"Hey...wait for me to eat first!"

"What else are you eating! Over there, let the cook cook it for you!"

"Shi Sheng, follow me."

Seeing this, Shi Sheng also finished his training, and followed Lu Changsheng and the other two.

After they left.

It was only then that the willow tree uttered inexplicable words.

"The way of cause and effect, how can it be so easy to avoid."

"If you can't dodge, you can only force it, because...some things cannot be avoided."

Nowadays, Lu Changsheng's only weakness is his disciples.

Although he usually doesn't seem to care about his disciples.

However, Lu Changsheng's disciple can only be beaten and scolded by himself!

I'm sorry if I let others bully me.

I will kill you first.

certainly.

First of all, you still have to confirm the opponent's strength. If you can't beat it, then you will be queuing up to give away the head.

The little bird on the side heard what Willow said.

lowered his head.

There was a hint of surprise in his eyes.

The way of cause and effect cannot be avoided...

Can it only be solved by force...

...

the other side.

Zhongyu, the territory of the Yunhuang Empire.

Now, a series of buildings have risen from the ground and are beginning to take shape.

It looks quite spectacular.

The current territory of the Yunhuang Empire is the capital city.

Yunhuang City.

There are countless vendors settled in.

For a time, it was extremely prosperous.

Even, compared with the capital cities of other empires, it is not in vain.

But.

Behind this prosperity and peace.

Undercurrents are slowly flowing in places that are hard to see with the naked eye.

Once the undercurrent broke out.

Then... a domain war will be triggered!

Chapter 252 Lu Changsheng: Barbie Q...

Domain warfare.

It is a war between two realms.

A war of this scale will consume an astronomical amount of resources and manpower.

It can be said that wars between realms will not be easily triggered.

Once triggered, it will be life and death.

If one party fails, the lost resources and manpower will be unbearable.

It's like the wild frontier, in the last battle.

Although the direct destruction of the mainland was avoided.

However, it also made the civilization of Taoism go back tens of thousands of years!

Up to now, there is still no birth of a powerful emperor!

And now.

Many forces.

Gathered in the capital city of Yunhuang Empire, Yunhuang City.

At the center of Yunhuang City.

There are high cities.

Surrounded by the high city, its central location.

There is a towering and magnificent castle rising from the ground!

It was suspended in mid-air!

This is one of the treasures of the Yunhuang Empire.

Hanging city.

It is a defensive treasure at the peak of the sky!

Among them, there are also blessings of formations.

It can be said that its defensive ability is infinitely close to Lingbao level.

This hanging city is now Hongying's imperial palace.

And the place of discussion.

It is located in a side hall of the Hanging City.

in it.

The suzerain, the patriarch, who already has many forces, gather here!

Among them, Dean Yan, the dean of the General Academy of Tibetan Taoism Academy, was included.

The master of Yinjian Sect, Lin Rufeng.

The suzerain of Danzong, Geng Chun.

The head of the Tianzhen Sect, Yun Zhonghe.

The head of the Mu family, Mu Heze.

Leave the home owner.

Just these six people, being able to gather together is enough to make people horrified.

After all, these are the six giants of Zhongyu!

There was originally a Murong family.

However, the current Murong family has disappeared.

The resources under his seat have also suffered from gluttony.

It can be said that the Murong family exists in name only.

Hongying is wearing a red robe, surrounded by golden armor.

Looks heroic!

On the beautiful face, between the eyebrows, there is a red flame mark.

It makes people feel glamorous.

And behind Hongying, Ye Qiubai and Ning Chen's heart are impressively here!

They represented Qingyun Sword Sect and the study respectively, and came here.

Inside the hall, the atmosphere was tense.

Everyone's face was either dignified or frightened, and at the same time, some people's faces were flat.

Dean Yan said solemnly: "The news has been confirmed. I am afraid that in three days, the foreign army will arrive at Tianlu."

"What's the plan?"

When this sentence is finished.

Everyone looked at Hong Ying.

After all, Hongying is the Empress Yunhuang.

Empress Yunhuang had already dealt with people from other regions.

is bound to understand.

Seeing this, Hong Ying said softly: "Wait."

Only one word.

The word also made everyone incomprehensible.

wait?

What are you waiting for?

Could it be possible to deal with the people from Outland?

Ye Qiubai and Ning Chen smiled at each other, only they knew the meaning of "waiting" that Hongying said!

After the time for a stick of incense has passed.

Qin Tiannan walked into the side hall first.

Everyone looked over.

wait?

Waiting is Qin Tiannan, the head of the Southern Region Tibetan Taoist Academy?

What's the point?

Although he is the head of the first academy, his strength is placed among the people in the side hall today.

Not enough to see...

Behind Qin Tiannan, a young man walked in slowly.

Look unruly.

When the three Hongying saw the man, they couldn't help but smile.

Dean Yan and Lin Rufeng also understood what Hong Ying meant by "waiting".

If it is this person, he is indeed worthy of the word "waiting".

That's right.

The person who came was Lu Changsheng.

This is also the first time Lu Changsheng has appeared in front of the public.

This also led to the fact that apart from Dean Yan and others, the others did not know Lu Changsheng.

"Who is that person behind Qin Tiannan?"

"A disciple of Qin Tiannan?"

"Isn't Qin Tiannan's disciple Huang Yuan? Could it be that he took another one?"

However, this is the end of the story, just a "junior" that I don't know.

won't get much attention either.

However, Dang Hongying and the three bowed at the same time.

"Master."

when.

Everyone was shocked.

The young man in front of him.

is the owner of thatched cottage?

Is it to train such evildoers, and he is also the master of Empress Yunhuang?

At this moment, the contemptuous gazes on the faces of everyone were also put away.

Caotang, this famous force.

Although there are only a few people.

But everyone has made a name for themselves.

All have the strength to fight against or even crush the False God Realm!

A person who can cultivate such disciples is an ordinary person?

Even Dean Yan and Lin Rufeng bowed to Lu Changsheng.

Respect!

After all, they are the ones who know Lu Changsheng's strength.

Although I only know the tip of the iceberg...

I saw that Lin Rufeng passed Hongying directly, and asked respectfully: "Senior, you should know the whole story, right?"

Lu Changsheng nodded slightly.

"Then I don't know what the seniors have planned?"

Lu Changsheng didn't want to stand out, he just wanted to help.

However, the other party put him up.

Even Hong Sakura didn't mind, and looked at him expectantly.

Obviously, they also want Lu Changsheng to give advice.

Seeing this, Lu Changsheng had no choice but to say: "Don't worry too much, prepare your forces first."

"However, it is estimated that there will be only three days, and the whole army will reach the road to heaven."

"If you are not in a hurry, how should you deal with it?"

The speaker is also a first-class force in the Northern Territory.

The face of the other party is full of intersectional colors.

Red Sakura looked over with dissatisfaction.

Obviously, the other party's tone made Hong Ying very dissatisfied.

The man also knew the disrespect in his tone, and quickly apologized: "Sorry, I was too hasty."

Lu Changsheng didn't care, the other party didn't say anything out of the ordinary.

Waved his hands and said, "If you care about it, you will be in chaos. After all, this is a big deal."

Mu Heze smiled and said, "Senior, you are so kind."

Lu Changsheng didn't smile on his face, but his heart was full of joy.

Finally installed it!

But on the surface, he was still indifferent, and said: "I have set up a formation on Tianlu."

kindness? ? ?

Array? ? ? ?

when? ?

Everyone was taken aback.

Even the three of Ye Qiubai showed doubts.

Lu Changsheng explained the matter again.

Of course, I skipped the part about the heart of the realm.

"So, those formations should be able to stop them for a while."

"And kill them a little bit of vitality."

Lin Rufeng asked: "How long will it last?"

Lu Changsheng thought about it.

He doesn't know either!

Talking less will affect morale.

After all, morale is one of the most important elements in war.

Talking too much may lead to disaster.

Lu Changsheng looked around.

Everyone has a trusting look in their eyes.

It's hard to say that I don't know!

He had no choice but to bite the bullet and say, "One... half a month!"

It's a big deal and I'll arrange a few more formations later!

Everyone breathed a sigh of relief when they heard this answer.

Half a month is enough for them to gather strength on the mainland!

Chapter 253 Assemble!

Countdown, half a month.

This is the time given by Lu Changsheng.

All forces have begun to recall the effective forces outside.

Start to gather in Zhongyu!

Prepare for the general attack of Outland!

Domain battles are imminent!

At this moment, Hanging City.

In the imperial palace.

Here, there are no other people now, only Lu Changsheng and Ye Qiubai are there.

Hongying asked: "Master, did you really set up a formation on the Heavenly Road?"

Lu Changsheng rolled his eyes and said, "Otherwise, someone has already come in, and they will wait until now?"

Hearing this, Hongying nodded.

Indeed, it is impossible for the other party not to take countermeasures for what happened in the Sunset Dynasty.

Sitting and waiting to die is not the style of the group of people outside the territory.

"Half a month, that's not bad, it can always let us breathe a sigh of relief."

Hongying smiled and said: "It's just right, I can also invite the national teacher out of the mountain."

National Division.

Among the Yunhuang Empire, the strength is only second to Hongying's superpower.

It can be said that the Yunhuang Empire at that time could have such a status.

The contribution of the National Teacher cannot be ignored!

If we say that Hongying is the heart and soul of the Yunhuang Empire.

Then, the Great Master is the skeleton!

The members of the Nine Heavens Department also said: "Your Majesty, may I go with you?"

Hongying shook her head and refused.

"You still need to coordinate the army and be prepared. It is enough for me to go alone."

After finishing speaking, Hongying bowed to Lu Changsheng, and then headed towards the desert in the southern region.

Yunhuang Secret Realm is located deep in the desert.

...

the other side.

Zhongyu, Tianzhenmen.

This sect is famous for its formations.

If we talk about Danzong, it is the holy land that alchemists yearn for.

Then, the Heavenly Array Gate is the place where all the array mages go on pilgrimage in this continent!

At the moment.

An open space at the Tianzhen Gate.

Around this open space, there are nine Optimus pillars, soaring into the sky!

These nine pillars stand in an extremely mysterious position.

At the same time, on each big pillar, there are countless lines, converging on it!

At the center surrounded by nine Optimus pillars.

There are three white-haired old men, making tactic with both hands.

There are arrays of auras around his body, constantly circling.

They are maintaining the formation!

The faces of the three of them were extremely calm.

But, in an instant.

At the same time, his expression changed!

Open your eyes suddenly!

The eyes of the three of them were full of horror and fear!

"This... Why did the other party appear on the Tianlu?"

"It's estimated that it will take three days! Only one day has passed now!"

"In any case, the empire must be notified immediately!"

After finishing speaking, the three of them shouted at the same time.

The lines of the nine Optimus Pillars emitted a dazzling light at the same time!

Immediately, there were nine dazzling rays of light, soaring into the sky at the same time at this moment!

rushed into the clouds!

And this scene.

Also let the middle domain.

Even all the forces in the four domains are aware of it!

The General Academy of Tibetan Taoism Academy.

Dean Yan looked up at the sky, at the nine pillars of light rising into the sky.

His complexion changed drastically!

"Isn't it three days?"

Hidden Sword Sect.

On the top of the peak, Lin Rufeng put his hands behind his back and looked up at the sky.

There are nine pillars of light.

"It seems... the war is about to start early..."

Mu family in Zhongyu.

Mu Wan'er asked from the side: "Father, what is this?"

Mu Heze did not answer his daughter, but the elders who immediately found him said decisively:
"Immediately take an inventory of the fighting power in the family, and follow me to Yunhuang City!"

The elders did not hesitate when they heard the words, and their faces were full of dignity.

Immediately went to work.

After all, war will begin!

One time.

All the forces move upon hearing the news.

Start to gather vital forces and gather in Yunhuang City!

In Yunhuang City.

The leader of the Nine Heavens Department, Yun Zhan, also assembled the army at the fastest speed.

Then, he looked at Lu Changsheng, and asked respectfully, "Senior, give the order!"

The reason why the Nine Heavens Department asked Lu Changsheng for his opinion.

Not only because of Lu Changsheng's unfathomable strength.

It was because Hongying had already explained it before she left.

If I'm not here, I can ask Master about everything.

Master's words are equivalent to what I said.

Lu Changsheng was stunned for a moment, and said, "Why did you ask me to give the order?"

Yun Zhan clasped his fists, knelt down on one knee, and said, "Your Majesty said that if she is not here, you will obey the orders of the seniors!"

Lu Changsheng: "..."

Good guy.

None of these apprentices can make him worry!

However, the matter has reached this point, and Lu Changsheng has no choice but to refuse.

After all, marching fights.

It is taboo to not have a leader to command!

Now, Hongying is not here, so Lu Changsheng can only temporarily help her carry this burden.

"Now that the army has been assembled, let's join forces from other forces and count the forces."

"The alchemist side, as a logistics supply, alchemy materials, must not be broken!"

"The formation master side, as a supporting aid."

"At the same time, the lord of all forces, lead their respective troops."

"After doing all this, go to the heavenly road!"

Now, although Lu Changsheng doesn't know whether his formation can hold the city for fifteen days.

But at least, a few days should be fine.

No matter what.

It's impossible for buddies to be this weak, right?

After receiving Lu Changsheng's order.

Yun Zhan also immediately took over the order and took the rest of the people to do it.

...

at the same time.

Hongying naturally also saw the rise of the nine beams of light.

"I have to speed up..."

After finishing speaking, he broke through the space and entered the Yunhuang Secret Realm.

Came to the bamboo house deep in the secret realm again.

But he didn't want to, the national teacher was already wearing a brocade robe and holding a scepter.

"National teacher, everything is ready, follow me."

The national teacher nodded and said: "I have been preparing here for a long time for this day, Your Majesty, let's go now."

The body of the national teacher has fully recovered!

Its realm is even in the half-step emperor realm!

It can be said that the national teacher was in ancient times.

His strength is second only to Empress Yunhuang.

The two then left the secret realm.

With the departure of the national teacher, the secret realm began to slowly collapse...

Along the way.

Hongying explained the whole story to the national teacher.

"That is to say, the formation set up by His Majesty's master can last for fifteen days?"

Hongying nodded, and said: "It is said to be fifteen days, but I guess it can last longer."

The national teacher nodded with a smile: "Fifteen days is enough."

"With the current overall strength of this continent, if we meet the group of people from Outland, we can say that we will definitely lose."

"In the past fifteen days, I will increase their overall strength by 10% again!"

...

The two returned to Yunhuang City at an extremely fast speed.

Now, in Yunhuang City, all forces have also assembled!

Seeing Hongying's return, everyone knelt on one knee and respectfully said, "Please give instructions, Your Majesty the Empress!"

Hongying nodded.

Following that, he motioned for the national teacher on the side to start.

...

And in the Western Regions.

In the Buddhist gate, four old men flew out.

At the same time, in front of them, there was a middle-aged man.

Their goal is Yunhuang City!

Chapter 254 Battle of the Half Emperor!

In the middle of Yunhuang City.

At this moment, it is full of aura!

Everyone sat cross-legged on the ground, greedily absorbing the pure aura.

Hongying smiled and said: "National Teacher, it seems that you have foreseen this day long ago, and you are so prepared?"

National Teacher smiled and said: "Your Majesty is absurd. For tens of thousands of years, I can't do nothing."

"Over the years, in the secret realm, I have been continuously purifying the aura for this day."

If it is said, the aura absorbed by ascetics on weekdays.

are all with impurities.

And these auras, before they are absorbed into the body, enter the dantian, and turn into their own power.

All must first use exercises in the meridians in the body to purify the impurities in the aura.

However, even so, the impurities in it cannot be completely removed.

Therefore, the speed of cultivation will be greatly slowed down.

Now, the spiritual energy purified by the national teacher can be directly absorbed into the dantian to improve one's realm!

In this way, the speed of practice will increase at an extremely fast rate!

During these tens of thousands of years, the national teacher has purified a lot of aura.

Just for a day.

There are already many people who have broken through the realm!

There are even more people who have broken through to the half-step False God from the late Qianyuan Realm!

According to the current speed.

It can be said that after absorbing all the pure aura, everyone can rise to a higher level!

At this time, Hongying looked around.

Some doubts, asked Ye Qiubai: "Where is Master? Where has he gone?"

"oh."

Ye Qiubai pointed to the sky, and said with a smile: "He was afraid that it would not be safe, so he thought about setting up a few more formations."

Hongying smiled helplessly.

Their master is good at everything.

Except for being lazy and having a poisonous mouth.

That is too cautious!

Moreover, it seems that I have no idea how strong I am!

At the beginning.

Hongying and the others also tried to talk to Lu Changsheng, telling him that they are actually very strong!

It's so strong that even they can't tell the depth!

However, Lu Changsheng just didn't believe it!

What else to say.

Can't you be more cautious?

In case the opponent hides his strength.

There are hole cards.

Or is there someone stronger behind you?

Isn't that GG?

Although Hongying and the others couldn't understand what GG meant.

However, they generally understood what Lu Changsheng was talking about.

The five members of Hongying have nothing to do with Lu Changsheng's personality.

Another incense stick of time passed.

Mid-air.

Hongying suddenly looked to the west.

The national teacher also said: "It seems that there are unexpected guests."

The Nine Heavens Department also took out their weapons at the same time, and stood in front of Hongying and the national teacher!

And at this time.

"Who is coming!"

Yun Zhan shouted in a low voice!

And the western skyline.

There are five people, and they are coming at a very fast speed!

At the same time, behind those five people, there is a large piece of Buddha's light, sprinkled on the land!

A Buddhist?

At this time, what are they doing here?

Other forces were slightly taken aback.

You know, Buddhism did not agree to join the Yunhuang Empire and participate in this domain war.

Only Hongying and other insiders know.

Buddhism is here to make trouble.

They are on the same boat as the group of people from Outland.

The national teacher looked at the leader, with calm eyes, and said: "This old bald donkey is not dead yet, it seems that he has some skills."

The bald man in the head heard it, clasped his hands together, and said: "Amitabha, Your Excellency, the National Teacher, is still alive, so naturally I can't abandon my old friend and go first."

This bald man looks very young.

But he calls himself an old monk.

At the same time, behind him, the four Buddhist elders stood respectfully behind him.

This makes everyone guess.

Who exactly is this person?

next moment.

National Division gave the answer.

"Lord Buddha, you didn't come here just to see the old man, did you?"

Lord Buddha!

Lord of Buddhism!

Everyone was shocked!

after all.

Buddhism is extremely mysterious and low-key.

Even Dean Yan and the others only know that in Buddhism, the six powerhouses in the False God Realm are in charge of daily affairs.

But, on top of these six False God Realm powerhouses, there is actually a Buddha Lord?

Moreover, listening to the tone of the national teacher, this Buddha Lord is from the same age as him!

Then what level is the strength of the Lord Buddha?

The Lord Buddha smiled slightly and said: "Your temper has not changed, and I will naturally not go around in circles with you."

"I just want to ask, are you really going to continue the campaign?"

National Teacher did not answer.

But after the Lord Buddha swept over the faces of Hongying, the national teacher, and others.

then nodded, "Well, then there is nothing to talk about."

"Since this is the case, it is a pity that we cannot stand on the same front."

After speaking these words.

The Buddha's light on Lord Buddha's body is flourishing!

I saw him put his hands together, and behind him, the Buddha's light gathered quickly, forming a golden Buddha!

Compared to the False God Realm, it has an explosion of breath that is many times stronger!

This breath, even Dean Yan and other False God Realm powerhouses, felt a sense of suffocation!

What's more, those Qianyuan Realm people below?

"Then, the old man will naturally stop you."

The national teacher also took out the scepter.

The same state as it burst out from the body of the national teacher!

"Is it blocked?"

After finishing speaking, the national teacher waved the scepter in his hand.

The incomparably huge spiritual power gathered into a monstrous sea wave, rolling towards the Buddha's chairman!

At the same time, Lord Buddha also clapped out with one palm.

With the palm of the Lord Buddha.

I saw the Golden Buddha behind him, and he slapped it with his palm!

A large golden handprint suddenly moved towards the monstrous waves!

The attacks of the two half-emperor realms collided with each other!

Surrounding space.

At this moment, it was torn apart in an instant!

Countless turbulent flows of space, constantly lasing out from the crack!

Dean Yan and other False God Realm powerhouses put up a protective barrier at this moment.

Ensure that space turbulence will not attack the army.

Use this to cause huge damage!

at the same time.

The four old men behind Lord Buddha also shot.

They are all attacking and starting to consume the pure aura in Yunhuang City!

They are in order to hinder the alliance army in Yunhuang City from improving their strength!

At the same time, it is also to buy time for the people outside the Tianlu to break through the formation!

Everyone watched the two Half-Emperor powerhouses continue to attack with solemn faces.

The breath is extremely huge.

I'm afraid that even a slight aftermath can cause them serious injuries or even death!

Is this... the Half Emperor powerhouse?

Then, when Hongying recovers her strength and reaches the emperor's realm, how terrifying will her power be?

They dare not think.

At the moment.

Lord Buddha and the national teacher took a few steps back at the same time.

The strength of the two is on par!

"Old bald donkey, haven't you made any progress after all these years?"

Lord Buddha smiled slightly, "Aren't you the same?"

The attacks of the two collided again!

No one has been able to intervene in the battle in the realm of the Half Emperor!

...

the other side.

sky Road.

Lu Changsheng has already arrived here.

I saw him touching his chin, thinking.

What formations should be added?

Do you want to move the Jiuyou Huangquan formation here?

Chapter 255 The purpose of Buddhism!

Why cannons fight mosquitoes?

What he was talking about was Lu Changsheng's approach...

If the willow tree and the bird know about it.

It is estimated that I will be speechless for a long time.

You play like this...

The Nine Nether Yellow Springs array came out.

I'm afraid the other party will be blasted to pieces before they enter the barren realm.

What's more, it was strengthened twice by Lu Changsheng!

Compared with the original Jiuyou Huangquan Great Formation, its power is not known how many times higher.

but.

After thinking about it, Lu Changsheng shook his head.

"No, the Jiuyou Huangquan formation has to be used as a hole card, and it can't be exposed so early."

revealed the cards so early.

What should I do if the other party has countermeasures?

This kind of domain battle must be cautious, cautious, and more cautious!

If you lose.

I'm afraid my days of fishing are coming to an end.

Thinking of this, Lu Changsheng nodded with a serious face, and said: "Let's get a few more formations, and the Jiuyou Huangquan formation will be kept at home. If we lose at that time, we can still retreat to the thatched cottage."

"Hey, as expected of me!"

Lu Changsheng put his hands on his hips, looking very proud.

"This way, we can be safe!"

"How can I hand in the big move at the beginning."

Say it and do it.

Lu Changsheng began to think about what kind of formations should be arranged to bless the road to heaven.

It can delay the opponent's speed.

It can also consume a little bit of the opponent's strength.

Today.

Among the sky road, Lu Changsheng has already laid out the formation of building wood and trapping dragons, and the space is blocked by the formation.

and Feng Lingyun River Formation!

These three formations are all used for suppression.

At the same time, there is a large formation of annihilation.

is a killing formation.

"Three suppression formations should be enough, but to be on the safe side, it is better to strengthen the strength of these three formations."

Lu Changsheng nodded, and used his aura to be among the three suppression formations.

Increased the reserve of aura.

Makes its suppressive effect more powerful, and at the same time, more continuous.

"Killing the formation, one is not enough, let's do three more."

"However, which three ways to use?"

Lu Changsheng squeezed his chin, thinking about the formation he had researched when he was bored.

"The Karmic Fire Formation? No, it was created during the first study of the formation. There should be many loopholes, and the power probably isn't great."

Lu Changsheng shook his head, rejecting the Yehuo formation.

As everyone knows, when Lu Changsheng researched this formation for the first time, it startled the little bird.

The monstrous karmic fire released by the karmic fire array is not much better than her Nirvana fire!

The fire of Nirvana is used for recovery.

But this karmic fire is pure attacking and killing power!

If you only look at the killing power, Karmic Fire is much higher than Nirvana Fire.

"The Burial Formation? No, no, no, no."

This formation, in the formation, can be based on the monstrous aura, turning into mountain peaks, constantly crushing the enemies within!

"This doesn't work..."

"Hey, let's create three more."

After finishing speaking, Lu Changsheng sat cross-legged in mid-air, lost in thought.

...

the other side.

The battle between the national teacher and the Lord Buddha is still going on.

The aftermath of the battle when the two Half Emperors fought.

The alliance army under the order had to be cautious.

The aura barrier released by several False God Realm powerhouses is constantly resisting the aftermath.

Those aftermath waves impacted on the aura barrier.

Still trembled unbearably, causing countless ripples!

This also made Dean Yan and the others look serious.

We and the strong in the Half Emperor Realm.

Is the gap really that big?

Hongying, Ye Qiubai, Ning Chenxin and Shi Sheng stood below, looking up at the battle in mid-air.

Shi Sheng scratched his head and said, "Sister, don't we need to help?"

Hongying shook her head and said: "Now, our strength is not enough to intervene in the battle between the half-emperors."

Although it is still close to the emperor's realm.

However, after all, there is a word emperor in his name!

and False God Realm are completely two concepts!

The stronger the strength, the higher the realm.

The horizontal gap between realms becomes more difficult to cross.

Mid-air.

Lord Buddha gave a light drink.

Behind him, the golden light Buddha also opened his mouth.

The Buddhist lion roars!

Circles of sound waves glowing with golden light are heading towards the suppression of the national division!

The ground trembled.

Shaking the sky and the earth!

Behind the aura barrier.

The ascetics under the False God Realm covered their ears and were forced to stop their cultivation!

Some people even bleed from the seven orifices and fell to the ground!

Besides, there was the elder of Danzong, who immediately sent the elixir.

This saves me from death!

One blow from the Half Emperor Realm, the False God Realm is like an ant!

What's more, these Qianyuan Realm, or people under Qianyuan Realm?

The national teacher's expression also sank.

He knew the purpose of the other party coming here.

The purpose is to interrupt the absorption of this pure aura by the people in the alliance army and improve their realm!

This is used to consume the power of the alliance army.

The sinister intentions.

His heart should be punished!

The national division also quickly made a countermeasure.

The scepter in his hand swung out.

In the scepter, the monstrous aura turned into a river of aura.

The national teacher took a step forward.

The river of aura has transformed again!

It turned into a monstrous wave, resisting the circles of shocking sound waves!

See it.

The Lord Buddha stopped attacking, took a step back, and said with a smile: "Amitabha, since I have seen my old friend and my strength is still the same, I am relieved."

The national teacher withdrew the long river of spiritual energy, his face was flat, but there was a layer of haze in his eyes.

"There is no need to be hypocritical."

"Since the positions are different, we naturally stand on the opposite side. After the war starts in the future, the old man will not hold back."

When the last word is spoken.

In the body of the national teacher, there is an invisible killing intent, which is revealed unintentionally.

Lord Buddha's face did not change at all, still with a faint smile.

"Okay, then the old monk will leave first."

Speak.

The Lord Buddha left Yunhuang City with four great Buddhas.

The national division's face was gloomy. He turned his head and looked at the alliance army below.

Under the terrifying sound waves of Lord Buddha.

Has stopped practicing.

Even, they all suffered serious or minor injuries.

This is not the worst.

The point is that the state of mind of the Union Army has been affected at the moment.

If you are in a bad mood, you are not suitable for cultivation.

"It's really a good move..."

The national teacher couldn't help but sigh with emotion.

Now, they can only restore the alliance army's injuries and mood as quickly as possible, and then set off towards the heavenly road!

The arrow is on the string,

Have to post!

...

at the same time.

Not far from the road to heaven.

There is a dark crowd, moving fast towards the wild realm!

And led by eight people.

One of them is the suzerain of Tianling Sect, Kong Jianghan!

The remaining seven people are all top experts in the Heavenly Spirit Realm!

It can be said that this time the Heavenly Spirit Realm has integrated all the power!

The purpose is to obtain the heart of the realm!

Tens of thousands of years have made Kong Jianghan lose his patience.

Can't drag anymore!

Chapter 256 Arrives!

In the road of heaven.

Lu Changsheng stood up.

After two incense sticks of meditation.

Already came up with three killing formations.

While taking out the materials, he cursed: "It's really troublesome. If you don't want to be safe, how many brain cells will be consumed after thinking for such a long time!"

"My head is starting to feel dizzy."

"No, after this matter is over, I have to get a good night's sleep and let that brat Ye Qiubai roast the whole lamb."

"Let Hongying cook another fish soup."

"Xiao Hei...well, there is no need."

After finishing speaking, Lu Changsheng began to make arrangements.

The first formation is mainly based on the power of Yanyang, supplemented by the meaning of wind.

Can release the fire of the sun.

Use the storm to fuel the fire!

Achieve the effect of doubling the power.

Cooperate with the Jianmu released by the Jianmu trapped dragon formation.

While binding the enemy, use the fire of the sun to ignite the building wood, causing continuous damage!

This formation is called Chiyang Wind Killing Formation!

And the second formation.

It can cooperate with the space to block the large formation

While blocking the space.

Detonate space!

It's called the Space Bound Explosion Formation!

The last formation, with the help of Feng Lingyunhe formation.

Limit the aura in and around the opponent's body.

Mobilize Yunhe to form an all-directional strangulation!

Lu Changsheng called it, the cloud river overwhelms the sea array!

Um.

This should be almost the same.

It is estimated that it can consume some of the opponent's vitality.

Can also hold the enemy for a while.

In this way, Lu Changsheng's goal was achieved.

After the arrangement is complete.

Lu Changsheng wiped his forehead.

Although no sweat.

He took a deep breath and said, "It's really not easy."

"Okay, next, we just need to see the effect."

After speaking, Lu Changsheng urged the Jianmu trapped dragon formation.

A piece of wood, forming a wooden chair.

Lu Changsheng lay on it, closed his eyes and rested.

Have been doing mental work for so long.

Gotta take a break.

...

On the other side, Hongying led the alliance army to the Heavenly Road.

Although it has been decided to fight against the invasion of foreign forces.

However, everyone has a heavy look on their face.

This is inevitable.

After all, the overall strength of the opponent's realm is many times stronger than them!

You know, even the Yunhuang Empire in ancient times.

Integrate all forces on the continent!

Under the leadership of Empress Yunhuang who is in the imperial realm.

Still a fiasco!

Now, they don't even have a strong emperor!

With such a lineup, there is no tension or fear.

That's too abnormal.

at the same time.

Those forces that did not participate in this campaign.

is also paying attention to this scene all the time.

If you win, you will be able to keep the wild frontier.

They can also continue to develop.

If you lose.

Where should they go?

In history, those who fail to stand in line will be destroyed.

However, there is no force to stand in line.

will also be liquidated.

However, there will always be some forces that do not have enough vision and want to develop steadily.

But is this possible?

If you win, you will not be treated by others in the future.

If they lose, the realm will be destroyed, and what awaits them will be slow death.

...

Not long passed.

The alliance army arrived beyond the sky road one after another.

The four of Hongying also saw Lu Changsheng lying on the wooden chair.

walked over.

Lu Changsheng opened his eyes and said, "Are you ready?"

Hongying nodded.

Sternly said: "Whether you can defend the wild frontier or not depends on Master."

Hearing this, Lu Changsheng rolled his eyes and said, "Don't count on me, I'll hold you back for a while at most, and I'll see you in the end."

Ye Qiubai and the others looked at each other and smiled wryly.

Hongying also felt a little helpless.

To be honest, the confidence in her heart depends entirely on Lu Changsheng!

Otherwise, how could she make such a decision without even fully recovering her strength?

The national teacher also came over, and said with a smile: "The formation arranged by the senior should be able to last for a long time."

Can become His Majesty's master.

Strength can naturally be affirmed.

after all.

How high is your majesty's vision.

National division is very clear.

Such an arrogant person can worship another person as a teacher and respect him so much.

This can already explain some problems.

But, at this moment.

In the alliance army, a powerful elder suddenly said: "Should...or should we compromise with the other party?"

As soon as these words came out, everyone was shocked!

The national teacher immediately looked over with a gloomy expression.

Hongying also frowned slightly.

broken!

At this time, say this kind of words.

It will greatly affect the morale of our army!

March to fight.

The first element is the overall strength.

At the same time, more importantly, morale!

If you don't have the courage and morale to fear death, no matter how strong you are, you may be overthrown!

Not to mention, the overall strength of the Alliance Army today.

But far behind the opponent!

The elder's face was full of fear and anxiety.

I don't know that it is the fear of enemies in the outer domain.

Still afraid of Hongying and the others...

"The strength of the opponent is so strong, we are definitely not the opponent."

"If we hand over what the other party wants, in exchange for our lives."

"At the same time, let them take us to other realms, wouldn't it be more..."

However, the words are not finished yet.

There was a sword intent piercing through this person's eyebrows!

The elder's eyes were wretched, and his eyes soon lost their luster!

Falling down from the sky powerlessly!

It's Lu Changsheng!

Lu Changsheng slowly sat up from the wooden chair.

His face was calm, but his eyes were full of killing intent!

At this critical moment, say such words that affect morale.

If no one instructed.

Lu Changsheng didn't believe it anymore!

Immediately, she turned her head to look at Hongying, and said calmly, "Didn't you say you're ready?"

Hongying's face was a little ugly, and she said, "I'm sorry, it was my fault."

Lu Changsheng didn't add further accusations.

It's just that I almost cursed my mother in my heart.

He doesn't want to lose this battle!

If you lose, you will lose your life of fishing!

"You deal with it first."

Hongying nodded, and immediately began to order the Nine Heavens Department and the National Division to stabilize the morale of the army.

However, the effect is not obvious.

Obviously, the elder's words made everyone's hearts shake.

Dean Yan, Lin Rufeng and the others also looked ugly.

"It is estimated that it was done by Buddhism."

"Only they can have the strength to plant a dark line in the alliance army."

"well..."

But.

At this time, beyond the heavenly road, there is a huge aura descending!

Everyone looked over!

Hongying also said in a concentrated voice: "Here we come..."

coming!

People from Outland have gathered outside the Heavenly Road!

Attack anytime!

Lu Changsheng also looked over.

The eyes are flat.

But panicked in my heart!

I don't know if the formations arranged have any effect on them!

At the moment.

Beyond the sky.

Kong Jianghan looked indifferently at the sky road, as if he could see the alliance army.

"Hand over the heart of the realm, and I can let you go at my own discretion."

"If you don't hand it in, then we will have to forcibly **** it!"

Chapter 257 Eight emperors, Lu Changsheng makes a move!

Tens of thousands of years of planning.

Kong Jianghan has lost his patience.

Now, if you don't win the heart of the realm, your future plans will also come to nothing.

The alliance army in the barbaric realm was even more shaken when they heard these words.

yes.

As long as you hand over the heart of that realm, you can go to other realms, and you are guaranteed not to die?

There is no need to fight this war at all!

What's more, it is a war that must be lost.

The national teacher secretly thought something was wrong.

want to say something.

Seeing that, Lu Changsheng stood up and shouted: "Do you really think that as long as you hand over your things, you can save your life?"

The voice was blessed by aura, and it sounded like thunder in the ears of the alliance army!

Everyone looked at Lu Changsheng in a daze.

Seeing this, Lu Changsheng nodded secretly.

Very good, everyone was attracted.

Lu Changsheng then continued: "If that's the case, then think about it, why in ancient times, all the forces on the mainland would unite as one and carry out domain wars at the cost of destruction?"

yes.

Why?

Even if they were powerful in ancient times, it is impossible for them not to know how big the gap between the upper realm and this realm is.

I saw that Lu Changsheng was both tall and luxuriant.

Using the blessing of huge aura again, it roared in everyone's ears.

"For another example, do you think that the spiritual energy in the upper realm is sufficient? If we go up and share this spiritual energy with them, do you think the other party will really accept us?"

Watching Lu Changsheng's speech.

Hongying, Ye Qiubai and the others were all taken aback.

Master...you have changed.

When did you become so eloquent?

Lu Changsheng didn't want to either!

Have no idea!

If this shakes the morale of the army.

I'm really going to lose.

How can you still fish!

At this time, the mentality of the people in the alliance army also changed.

After listening to Lu Changsheng's words, he suddenly realized.

Yes, why did the other party do this?

It's no good for them!

Seeing this, Lu Changsheng changed direction, pointed to the sky, and said, "Then why don't we stand up and resist?"

"For yourself, for future generations, fight for a future?"

"Victorious, we will be able to hit a higher level in the future, and historians will record us and write us into the annals of history!"

"At that time, you will be great heroes!"

"If you lose, it doesn't matter. You're going to die anyway, why don't you give it a go?"

Draw big pie!

That's right, as a time traveler.

As a hard-working person who has experienced 996, how could it be possible that he is not aware of the operation of drawing big cakes?

In his previous life, Lu Changsheng probably belonged to the level where he didn't even have a career in painting big cakes.

But here we are.

hehe.

Do you know what dimension reduction strike is?

In the middle of Lu Changsheng's speech.

The faces of all the members of the Alliance Army began to become more and more excited.

At the end, he clenched his fists and raised his fists high, shouting with all his might!

Hongying and Ye Qiubai looked at each other and smiled wryly.

How...

No matter how you look at it, I feel that Master at the moment is like a businessman, a liar...
Forget it.

No matter how.

The morale of the alliance army has also been restored.

At this time.

Hongying also stood up and looked at the people from the Outland beyond the Tianlu.

"Ten thousand years ago, we never compromised."

"Nowadays, even less."

Kong Jianghan lowered his head, his eyes traveled across the entire sky, and fell on Hongying.

"Empress Yunhuang? It seems that you have been reincarnated."

"However, if you haven't recovered to the imperial realm, how can you compete with us?"

"I don't need to worry about it, Your Excellency."

Seeing the other party's determination, Kong Jianghan stopped talking nonsense.

waved his hand.

"Everyone, let's do it."

After finishing speaking, Kong Jianghan stepped forward first.

At the same time, the other seven people who were one step behind him also stepped forward.

Destroy the formation in the sky road.

This war is over.

Of course, this is just the unilateral idea of Kong Jianghan and his team.

See it.

Hongying looked at Lu Changsheng.

"Master, I will leave it to you."

Lu Changsheng shrugged, took a step forward, and came to the road to heaven.

In the alliance army, everyone looked at Lu Changsheng's back.

said one after another: "I don't know how long the formation can hold the opponent."

"Now, it doesn't matter how long you wait, what matters is whether you can consume the opponent's strength."

Dean Yan also asked solemnly: "How much do you think Senior Lu can do?"

Lin Rufeng shook his head.

"I have always been unable to understand Senior Lu, and I think he is also very strong."

"However, the opponent's strength is not weak..."

In contrast, Lu Changsheng.

His face...

Also a little nervous!

I don't know if these formations will work.

If not, you can only use the Jiuyou Huangquan formation.

At this time.

Besides the Heavenly Road, Kong Jianghan and eight people came to the Heavenly Road at the same time.

And when they just stepped into the heavenly road.

Then there were intertwined and intertwined building logs attacking them!

Jianmu trapped dragon array!

The eight of them did not hide their aura.

Eight people are all emperors!

At the same time, a terrifying breath erupted!

Feel this breath.

Dean Yan and the others were all shocked.

Eight powerhouses in the imperial realm?

How to stop this kind of force?

I'm afraid, even Senior Lu, there is nothing he can do...

Immediately, beside Kong Jianghan, a bearded man stepped out.

Then shoot with one palm!

A palm print of thunder light blasted towards those Jianmu!

Click click click!

Jianmu was instantly crushed into sawdust!

The bearded man grinned, with a look of sarcasm in his eyes.

"Before, we were just a projection, but now that the real body is here, how can you stop me from waiting?"

However, the voice just fell.

The sawdust floating in the air suddenly flashed with a soft green light!

Among those green lights, there is a majestic meaning of endless life!

Just moments.

Under the slightly surprised gazes of Kong Jianghan and the others.

The sawdust turned into building logs again and rolled towards the bearded man!

This time, the building is overwhelming!

"There are some ways, don't be careless."

After finishing speaking, beside him, a charming woman wearing a black veil stood up.

A pair of snow-white catkins waved gently.

From the sleeves, wisps of pink breath wafted out.

When the pink breath lightly fell on the sweeping Jianmu.

Frightening yes.

Those Jianmu, when they came into contact with wisps of pink breath.

It turned into dead trees at a speed visible to the naked eye.

Immediately.

The bearded man struck out with another palm.

The palm prints glowing with lightning, at this moment, actually attracted patches of dark clouds!

Among the dark clouds, thunder surged like a brontosaurus breathing!

Immediately, there was a roaring sound.

Thunder dragons smashed down from the dark clouds!

Like the coming of Thor.

Destroy the world!

Blast the Jianmu, which was turned into dead wood by the influence of the pink breath, into dust!

However, at this moment, the space beside them began to squeeze!

The aura was drained instantly!

Even the spiritual energy in the two people's bodies was very obscure!

"what happened?!"

The two were shocked!

Kong Jianghan looked forward with a gloomy face, only to see Lu Changsheng sticking out his hand.

Sealing the Lingyun River formation, the space blocking formation bursts out at the same time!

Chapter 258 Should I... act first?

They think too simply.

Or, they think Lu Changsheng is too simple!

However, it seems now.

They underestimated the enemy.

Kong Jianghan's face was solemn.

These successive difficulties made it impossible for them to break through the formation in the first place!

You know, the eight of them are all powerful in the imperial realm!

Moreover, this time the real body came, and there was no hold back.

People in the Union Army saw this scene.

looked even more horrified!

Obviously, these three formations have caused a lot of trouble for the opponent!

One person defending against two strong men in the imperial realm?

What kind of strength is this?

How high should the level of this trap be?

The head of the Tianzhen Sect also put away his contempt at this time.

The Heavenly Array Gate is the holy place where the array mages pilgrimage on this continent!

However, relying on these three formations.

The head of the Tianzhen Sect thinks he can't arrange it.

It can be said.

The formations played by Tianzhenmen are compared with Lu Changsheng.

It's like a child playing house...

At this time.

The bodies of the bearded man and the black veil woman are both squeezed by the surrounding space!

Blocked!

At the same time, the aura around them was inexplicably cut off.

The aura in the meridians is extremely obscure, and it is impossible to deal with it for a while!

However, such a short time can sometimes become a fatal loophole!

Jianmu trapped dragon array was not completely annihilated because of the pink aura.

There are also huge building logs intertwined with each other, trapping the two of them!

Three layers of difficulty, so that the two strong emperors suffered a lot!

Trapped in it, unable to get out of control immediately.

Lu Changsheng didn't immediately use the massacre formation.

The time has not yet come.

He is still waiting.

Waiting for more people to enter the road to heaven.

In this way, more people can be beheaded.

At this time.

Kong Jianghan looked at the other five emperor-level powerhouses.

said: "Let's do it, we can't delay."

The other five people also nodded one after another.

Their time is running out.

The plan must be completed quickly during this period of time!

Finished speaking.

The six people headed by Kong Jianghan, the suzerain of Tianling Sect, stepped out at the same time!

Come to the road to heaven!

From the moment they step into the heavenly path.

Three trapped formations attacked them!

Kong Jianghan and the eight people are all unreserved.

The aura of the imperial realm is fully revealed at this moment!

It's just an explosion of breath.

Then the space in the sky road was broken inch by inch!

Among them, space turbulence is constantly sweeping out!

The entire heavenly road is trembling!

People on the mainland can feel the huge aura in the sky.

The whole sky is trembling!

The sky...is it going to collapse?

The people in the alliance army also had heavy faces.

A strong man in the imperial realm cannot solve it.

Now, eight powerful men from the imperial realm have come out together, how big is the momentum?

Such a lineup, are they really able to compete?

Mood inevitably began to waver...

Dean Yan and the others, although there was nothing on the surface, the solemn look in their eyes was undoubtedly revealed.

Eight emperors.

This lineup is too scary!

After all, among them, there is not even a single emperor-level powerhouse!

The strongest combat power is the national teacher of the Yunhuang Empire in the half-emperor realm.

With such a lineup, even if Lu Changsheng held them back for a while.

After the breakthrough at that time, it will not be solved...

Today,

I can only rely on Lu Changsheng.

The only one who is not in a hurry.

Only the disciples of thatched cottage.

Ye Qiubai smiled, and said relaxedly: "Since Master chooses to stand up, he must be absolutely sure."

Hongying also nodded, "After all, a cautious person like Master will never fight a battle that he is not sure about."

The National Teacher on the side and the people from the Nine Heavens Department listened.

Everyone was taken aback.

So it seems.

His majesty's master, is capable enough to compete with these eight emperor realm powerhouses?

All eyes were on Lu Changsheng.

The current Lu Changsheng has no fear on his face.

Doesn't look stressed at all.

Lu Changsheng's number one licking dog, Yun Jing also heaved a sigh of relief, and said with a smile:
"It seems that Senior Lu has already prepared."

After hearing these words, Lu Changsheng couldn't help cursing in his heart.

There is a hook to prepare!

Wasn't it forced by you dogs?

These formations, I don't know if they can be solved.

If it doesn't work, you can only rely on the Jiuyou Huangquan formation.

Now.

Lu Changsheng was calm on the surface.

In fact, I panicked a lot!

the other side.

Kong Jianghan and others also set off turbulent waves in their hearts!

Because they found out, even if they use all their strength.

Can't break through these three traps!

What the **** is this!

Outside there is Jianmu trapped dragon.

There is a space blockade and aura isolation!

Make it impossible for them to break through in a short time!

Kong Jianghan said solemnly: "Everyone, we can't delay any longer."

After finishing speaking, Kong Jianghan had a sword unsheathed in his hand!

This sword is actually a spiritual treasure!

There are swords shooting out wantonly all over the body!

Lin Rufeng's face below was serious.

"This person is not only a strong man in the imperial realm, but also a sword master!"

Sword repair.

Can be said to be one of the most powerful types of people.

Seeing this, the other seven people also took out the weapons at the bottom of the box one after another.

In the hands of the eight people, all sacrificed spirit treasures!

Suddenly, the coercion in the Heavenly Road began to spread towards the surroundings!

Allied forces that are far apart can feel the coercion like Mount Tai!

Immediately.

Kong Jianghan took the lead in cutting out with a sword!

The attack of the other seven people followed closely behind!

The sword energy is surging!

Reiki aspect!

The space is constantly shattering!

Like a broken mirror, there are cracks constantly forming!

The space in the wild frontier is too fragile.

The Emperor Realm powerhouse shot with all his strength, it was simply unbearable!

However, even so, the surrounding space blockade is still not broken!

The eight attacks, at this moment, crazily bombarded on the huge intertwined building wood!

For a while, dust everywhere!

However, when the dust dissipated, there were only a few white marks on the building wood!

Can't break open at all!

Before, the reason why Jianmu could be easily damaged.

It's also because Lu Changsheng didn't use too much aura.

Now, the eight people are making a full shot.

Startled Lu Changsheng.

Hurry up and continuously inject spiritual energy into it.

Maintain the strength of the Jianmu trapped dragon array!

This scene made everyone dumbfounded.

This...what's the situation?

Am I blind?

Still dreaming?

The attacks of the eight emperor realm powerhouses were unable to break through this trap?

The eight Kong Jianghan trapped inside were even more horrified!

Can't break this?

What level of formation is it?

In front of them, these formations were arranged, but there was a man with a hint of vigilance and a hint of nervousness in his eyes.

Where is it sacred?

to be honest.

If this person is a native of this world.

The eight people who killed Kong Jianghan didn't believe it!

And the other side.

When Lu Changsheng saw this scene, he felt a little certain in his heart.

It seems that the three traps still have some effect.

However, in order to avoid long nights and dreams.

The opponent has other hole cards.

Might as well be the first to do it!

Think here.

In the heavenly road, there are four great killing auras, which are slowly rising...

Chapter 259 The power of the realm!

Except for the three-door trap.

Lu Changsheng still set up a four-door killing formation based on the original foundation!

One, annihilate the killing array.

Second, the Chiyang wind kills the formation.

There are two killing formations left, namely the space binding explosion formation and the cloud river covering sea formation!

This is also to consume the opponent's vitality.

When entering the barren realm.

can be easier to deal with.

Now, the opponent's eight emperor-level powerhouses have all fallen into a predicament.

Although it is temporarily trapped now.

However, there is no telling when the formation will be broken!

Just kidding.

The opponent also has cards, right?

At least, Lu Changsheng thought so.

Instead of letting the opponent break the formation first, it is better to strike first and catch them by surprise!

thought of this.

Lu Changsheng no longer hesitated.

The right hand is slightly raised.

Four killing auras rise up at the same time!

The killing array is on!

And feel these four killing breaths.

Everyone couldn't help but look horrified!

Whether it is the alliance army, or everyone in the Tianling Realm outside the Tianlu!

Even the eyes of the eight powerful men in the imperial realm were full of seriousness!

These four killing auras, just one of them, made them feel an ominous premonition in their hearts!

This premonition, as the murderous breath continues to leak out, it will also continue to intensify!

broken.

Underestimated.

Completely underestimated the man in front of him!

Just these three barriers already made them feel powerless.

Even if you take out the Lingbao.

Unleash the attack without sparing any strength.

None of them could break through these three barriers.

Then, what kind of power will be released by these four killing formations that exude a monstrous killing intent?

Kong Jianghan and the others dare not think about it.

There is no time to think again!

I saw that their faces were solemn, and they burst out with imperial coercion one after another!

A series of aura barriers, released!

However, these aura barriers are somewhat unstable.

Because of the existence of Feng Lingyun River Formation.

The spiritual energy in their bodies became like mucus, as if stuck in the meridians, and it worked in an obscure manner!

The surroundings seemed to have become a vacuum belt, and there was no aura for them to borrow!

Had no choice but to take out the defensive spirit treasure again, and defend in front of him!

Faced with these four intentions to kill, they had no choice but to do so.

Have to show the last hole card!

Behind Lu Changsheng, Dean Yan said with emotion: "Lingbao, I only saw it in ancient books that recorded the ancient times. I didn't expect that the other party had already taken out two Lingbao."

This is the bottom line!

Even Lin Rufeng nodded in agreement.

Among the Hidden Sword Sect, there is no spirit treasure either.

Mu Heze also said with emotion: "Great hand, every strong man in the imperial realm has two spiritual treasures, one for killing and one for defense."

"However, there should be no other Lingbao."

When Lu Changsheng heard what they said, he sneered.

No wonder they can only stay here for the rest of their lives.

How can this kind of mentality become stronger?

Even if you don't have it, assume that the other party has it!

This is the only way to survive development!

Always remember one thing.

Never underestimate the opponent's strength!

Make an analogy.

The opponent is in the False God Realm.

You have to treat the other party as an emperor!

For example, if the other party only has two spirit treasures, you have to treat the other party as having four spirit treasures!

This is how to live longer!

When Lu Changsheng came to this world.

This idea has become Lu Changsheng's creed, and he will never forget it!

But.

If Kong Jianghan and the others learned of Lu Changsheng's thoughts.

It is estimated that he will vomit blood with anger.

Big brother.

You really think highly of us.

Do you think Lingbao is a Chinese cabbage on the street?

Even in the Heavenly Spirit Realm, the number of Lingbao is quite limited.

At this time.

On top of the building blocks, flames began to attach to them!

Along the direction of the wooden binding, continue to extend away!

The fire is extremely large.

Kong Jianghan and the eight had solemn faces.

coming!

The fire of Chiyang is burning on the building wood, and the fire is getting bigger and bigger!

At the same time, the place where the eight Kong Jianghan and the others were.

There is a huge storm, starting to rise!

The Emperor Realm barrier also began to vibrate at this moment!

Every wisp of wind is like a sharp knife piercing the space, piercing the barrier one after another!

at the same time.

Under the blessing of the huge storm, the fire of Chiyang became more and more powerful.

Space is distorted by it.

then shattered!

The falling space fragments were also burned by the monstrous red sun fire!

This is the first kill!

Has such power?

There is an idea that Kong Jianghan and others cannot resist!

However, Lu Changsheng did not stop.

Immediately afterwards, he waved his palm slightly.

A series of invisible annihilation air knives passed through the monstrous sea of flames, and quickly slashed towards Kong Jianghan and the eight people in Jianmu!

Offensive, cannot stop.

Since the decision is made to make a move.

Then use the momentum of thunder, leaving no room for it!

Even if you can't kill it, you must get the maximum benefit!

In other words, use the most powerful means to consume their power!

At this time, Ye Qiubai smiled wryly and said, "I feel that we still underestimate Master."

Hongying, Ning Chenxin, and Shi Sheng also nodded deeply.

thought.

Lu Changsheng's strength.

Although it is stronger than Emperor Realm.

However, when facing eight emperor realm powerhouses at the same time.

will also be a little troublesome.

but.

Now it seems.

Three gates are trapped, making eight people unable to move!

This first kill formation will make the opponent fearful of it!

What's more, there are three more things behind?

Even Kong Jianghan smiled wryly in his heart.

The opponent's strength is probably much higher than theirs.

One person defends against eight strong men in the imperial realm.

In the desert of this monastic civilization, there is such a powerful existence?

Who the **** would have thought of this!

When the annihilation air knives swept towards the eight people at an extremely fast speed.

Kong Jianghan and the others all had solemn expressions, and they dared not slack off in the slightest!

Immediately released the defensive spirit treasure in his hand.

A series of defensive barriers, stand up!

Annihilation Air Knife is here in no time!

Instantly.

Break through the outermost defensive barrier!

With lightning speed.

Slashed directly on the eight defensive spirit treasures!

click...

This voice rang in the ears of Kong Jianghan and the others.

Make them horrified!

Even Lingbao, plus their imperial strength.

Can it only withstand this blow?

What followed was the monstrous red sun fire!

Under the sweeping wind.

The fire of the red sun illuminated the entire sky in the barren realm red!

The people below looked up at the sky.

Looking around, it was all a cloud of fire.

Even the temperature of the entire realm is constantly rising!

The Arctic Ice Sheet.

The ice sheets are slowly melting!

Kong Jianghan shouted: "I can't wait anymore, use the power of the realm!"

Everyone was shocked!

Are you going to use the power of the realm now?

That can only be used when the heart of the realm is conquered!

Kong Jianghan smiled wryly: "We don't need it now, we probably have to stay here."

Chapter 260 So I am so awesome?

The power of the realm.

Harness the power of the entire realm.

is also the heart of the realm.

Borrow the powerful spiritual power in it to release the means of mass destruction.

And every time the power of the realm is used, the power of the heart of the realm will be greatly consumed.

itself.

This is a means to subdue the heart of the wild realm.

Now, it has to be used here.

Otherwise, Kong Jianghan and the eight will probably stay here forever!

My life is gone, so what are the plans for the future?

Even if it succeeds, what's the point?

The remaining seven people had no choice but to nod in agreement.

Indeed, now their cards are exhausted.

Only then did he resist the opponent's formation.

There are three killing breaths behind!

and the monstrous Chiyang fire are rolling towards them along Jianmu!

Kong Jianghan and the eight looked at each other and nodded.

Without hesitation.

Opened both hands at the same time.

In their bodies, there is an extremely large and mysterious aura, which begins to rise!

This aura.

Compared to the aura released by the powerful in the imperial realm, I don't know how much bigger it is!

The heart of the realm of the heavenly spirit realm is naturally much higher than the heart of the wild realm.

Hongying's expression also turned serious.

The heart of the realm was subdued by her.

Of course I also know that I can use the power of the heart of the realm to release some super powerful Taoism!

Even the people from the Heavenly Spirit Realm behind Kong Jianghan.

Seeing this scene, his face changed in shock!

Have you reached the point where you need to use the Heart of the Realm...

Among them, the Great Elder of Tianling Sect had a solemn expression.

It seems that things are slowly changing...

The balance of victory, which was tilted towards them, is constantly tilting because of Lu Changsheng!

The direction in which the balance is tilted is naturally towards the wild realm...

At this time.

The flames of the Chiyang, with the power of a storm, swept over!

Kong Jianghan and others also shouted at the same time: "The power of the realm!"

Immediately.

The majestic power of the realm emanating from it began to gather and form at a speed visible to the naked eye!

turned into a huge long sword!

Led by Kong Jianghan, he slashed towards the Chiyang fire!

A gigantic long sword transformed from the power of the realm.

A huge crack opened in the space where the sword passed through!

Lu Changsheng saw this.

sneered.

I'll just say it.

There must be someone behind.

In order to prevent the opponent from having other backhands.

Lu Changsheng decisively activated the remaining two killing formations!

The river of clouds covers the sea!

A series of monstrous waves suddenly rose around the eight of Kong Jianghan!

Rolling towards them!

at the same time.

The place where the space is blocked.

There was an extremely unstable breath, and the whole body of Kong Jianghan and others quietly activated...

Damn it!

Don't talk about Wude!

Kong Jianghan and the eight of them all changed their expressions in shock!

Without even thinking about it, they invoked the power of the realm again, forming layers of protection around them!

One time.

The huge long sword transformed from the power of the realm collided with the monstrous red sun fire!

Fire snakes splatter!

Dye the whole sky!

The space keeps collapsing.

The originally damaged Tianlu trembled at this moment!

It seems that it is about to collapse at any time!

Below, the four Hongying, together with the National Teacher, the Nine Heavens Department, and many False God Realm powerhouses, released their spiritual energy and propped up the defensive barrier.

Resisting the aftermath with difficulty!

And the other side.

The place where the space is blocked.

The monstrous waves suddenly ran over the eight of Kong Jianghan!

Shroud these eight emperor realm powerhouses!

at the same time.

That unstable breath.

Also at this moment, it exploded from within!

There was a loud noise!

this moment.

The sky is collapsing!

The earth shakes and the mountains shake!

A huge earthquake is taking place in the entire barren realm!

The southern desert.

Caving in!

The extreme arctic ice field in the northern region, the ice layer is melting at an extremely fast speed!

The bones under the ice began to be revealed!

Followed by that, shaken to powder by that strong amplitude!

Foshan in the Western Regions, the mountain began to collapse!

Under the protection of the Fomen Mountain Protector Array, it was possible to keep Foshan from completely collapsing!

Eastern Territory has also undergone huge terrain changes!

This time a collision.

Let everyone look up in the direction of Tianlu.

What level of collision is this?

Can it have a huge impact on the entire barren realm?

Hongying and the others also looked at each other in blank dismay.

It seems... Master can solve it by himself?

There is no need for them to take action at all...

Everyone in the Heavenly Spirit Realm was also staring at the explosion.

They, under the cover of this powerful destructive aura.

I can no longer feel the breath of Kong Jianghan and the others!

No way...

Won't it just fall like this?

However, such power and influence.

It is really possible...

Lu Changsheng also stared closely at the explosion.

he was thinking.

Do you want to take advantage of the present and make another one?

If the other party is unscathed, wouldn't it be a waste of effort?

However, just when Lu Changsheng had this dangerous idea of being an inappropriate person.

The center of the explosion began to be revealed.

Chiyang fire, after the collision of the long sword transformed from the power of the realm.

also cancel each other out.

Jianmu was blown up by the space binding explosion array.

The waves also disappeared.

And around that.

spaces are completely corrupted.

revealed the black hole.

Countless turbulent flows in space flowed out from the black hole in that space.

Formed a space storm!

And among them.

Kong Jianghan and the eight figures finally appeared.

Everyone in the Heavenly Spirit Realm couldn't help but breathe a sigh of relief.

At least alive...

The alliance army in the barren realm also stared at this scene closely.

I don't know what the situation of the eight emperors is.

Lu Changsheng also watched this scene.

Something is wrong.

Hurry up and make up the knife!

The dust dissipates completely.

The figures of Kong Jianghan and eight people appeared.

I saw that Kong Jianghan's body was badly damaged.

The breath is extremely sluggish!

Among them, there are four people who have completely lost their breath!

Obviously dead and gone!

The other three survivors were more seriously injured than Kong Jianghan!

Obviously.

These four formations, even the eight powerhouses in the imperial realm cannot resist!

Even if the heart of the realm was used, it only saved the lives of four people!

At the same time, it also paid a huge price...

Kong Jianghan said with an ugly face: "Who the **** are you...?"

"Before, the earth you mentioned, could it be a high-latitude boundary?"

Lu Changsheng was stunned for a moment, then shook his head.

"How do I know."

Kong Jianghan nodded, thinking that Lu Changsheng just didn't want to talk.

However, he already believed that Lu Changsheng came from a high-latitude boundary.

At the same time, the earth must also be one of the high-latitude boundaries.

Kong Jianghan's face was ashamed.

Tens of thousands of years of planning.

Now, completely destroyed by the mysterious man in front of me...

Actually, Lu Changsheng himself was a little confused.

The emperor they said is strong, so they can't help but fight?

In other words, his own strength must be at least stronger than that of Emperor Realm?

Then, I am the strongest person in this realm, isn't it an exaggeration?

Good guy...

So I am so awesome!

And at this time.

Lu Changsheng suddenly looked at the black hole in space!

In that bottomless black hole like an abyss.

There was a huge roar coming out!

Earth-shattering!
