

## **My Disciples 271**

Chapter 271 Reaching the Borderless Domain!

In the low-latitude space.

There are two known dangers.

One, space turbulence.

This kind only needs to have a pretty good space ship, and set up a space formation on the space ship.

Then you can move forward steadily.

The second type.

It is a space storm formed by the convergence of countless space turbulence!

There is a saying among the ascetics who have traveled through space.

Encountered a space storm, ten deaths and a lifetime!

Extremely dangerous!

If there is no great opportunity.

Or the help of the strong, or the top space ship combined with the top space formation.

It is 100% that it will be smashed into powder by the space storm.

It can be said that there is no possibility of survival!

Today.

What Ye Qiubai and others encountered was a space storm.

Even Mu Fusheng was cautious enough to arm himself like a tortoise with a spell imprinted with a defensive circle...

Today.

This space ship has been involved in a space storm.

That space formation formed countless cracks in an instant!

Like shattered glass.

It may be broken at any time!

The space array cannot completely resist the space storm.

One after another space turbulence, through the cracks in the space formation, destroys every part of the space ship!

Even if Ye Qiubai and the others shot with all their might.

It can only protect the keel of the space ship from being damaged.

Just when the space ship is about to be completely damaged.

A projection descended on the space ship!

Ye Qiubai looked over.

Xu Ying is a middle-aged man.

The man was expressionless, but not angry.

The breath is restrained.

Even if there is no breath leaking out, Ye Qiubai and the others feel irresistible!

It seems that as long as the opponent stretches out a finger, or steps on his feet, he can suppress it!

This person.

So strong!

It is not at the same level as the people Ye Qiubai and the others met before.

Of course, except for Lu Changsheng.

Although Lu Changsheng didn't give them such an irresistible feeling.

Even at first glance, it looks like an ordinary mortal.

But the more we get in touch, the more I feel that Lu Changsheng is unfathomable.

Mu Fusheng, on the other hand, seemed to know this middle-aged man, and said with a sigh of relief, "Old Mu, you've come, hurry up, solve the problem of the space storm."

The middle-aged man was originally expressionless, appearing very calm.

However, hearing Mu Fusheng's words.

Seeing Mu Fusheng's arrogant expression, he broke his defense in an instant.

Gritting his teeth, he hated iron and steel and said: "You haven't been in shape all day, so you should practice hard, but you went directly to play in other realms. Now you think of me when you are in trouble, right?"

Mu Fusheng spread out his hands, with a face full of beatings, and said with a smile: "Oh, old Mu, you won't let your son die, will you?"

The guard Xiaosi was on the sidelines, looking at his nose, nose, nose, and heart, as if he didn't hear anything.

However, the frantic twitching of the corner of his mouth revealed his mood at the moment.

Ye Qiubai and Xiao Hei Shisheng looked at each other, but their eyes were full of helplessness.

This person really deserves a beating...

Mu Futu took a deep breath, as if he was suppressing the anger in his heart.

Then he looked at the space storm ahead.

With a wave of the palm.

There is no breath coming out.

It seems that he just waved his hands meaninglessly.

But.

The spatial storm in front of him dissipated in an instant!

Immediately, he waved his hand again, after repairing the already damaged space formation on the space ship.

Then he turned around and looked at Mu Fusheng, and said, "I'll take care of you when I get back."

After saying this sentence.

The phantom disappears.

At the last moment of disappearance.

Ye Qiubai could clearly feel it.

Mu Futu glanced at them!

This is the one.

Ye Qiubai felt that there was no secret in his whole body.

In this glance, he was seen through.

After Mufutu disappeared.

Mu Fusheng spread his hands and said: "Okay, okay, now there is no danger."

"However, fortunately, it is only a small space storm. If you encounter a medium or large space storm."

"I am afraid that only when the real body of the old shepherd descends, can it be resolved."

Shi Sheng asked curiously: "The one just now was only small?"

Mu Fusheng nodded, and he didn't show any impatience with this kind of common sense.

"A medium-sized space storm can be much larger than this."

"It's rare, though."

"As for the large scale? It can only be said that you have committed too many crimes in this life, and God can't stand it anymore, and wants to kill you."

Ye Qiubai said speechlessly: "Then why haven't you encountered a large-scale space storm?"

Hearing this, Mu Fusheng was slightly taken aback.

"Why? I didn't do anything harmful."

Ye Qiubai rolled his eyes.

You don't have any tricks in your mind, do you?

Just because you look like you deserve a beating, isn't that hurtful enough?

After the space storm disappeared.

Ye Qiubai and his party had no obstacles in their journey.

Some ordinary spatial turbulence can also be easily handled.

Soon, everyone has entered the borderless domain.

When passing through a space wormhole.

Give Ye Qiubai and others the first feeling.

The aura is too strong!

It is so rich that it is almost viscous!

Even the aura of the Heavenly Spirit Realm is not as strong as here!

It can be said.

just entered the borderless domain.

Ye Qiubai could feel that the realm he had been suppressing could no longer be suppressed.

Will break through to the False God Realm at any time!

Xiao Hei and Shi Sheng didn't feel so obvious.

Xiao Hei is a physical trainer and does not need to rely on spiritual energy.

Shi Sheng relied on the power of the stars to practice.

In the dantian of the starry sky, there is no need to use any spiritual energy.

Mu Fusheng smiled and said, "Okay, now that we have arrived, what are you going to do?"

"If you have no direction, would you like to follow me?"

"Don't say anything else, hang out with your buddies, in this borderless domain, absolutely no one can bully you!"

Although it sounds exaggerated.

But Ye Qiubai didn't doubt Mu Fusheng's words at all.

This way.

Ye Qiubai was already able to vaguely guess his identity.

The only dynasty in the borderless domain.

Boundless Dynasty!

Mu Fusheng is probably the prince of the dynasty.

As for Mufutu.

Its identity is self-evident.

Sounds tempting.

Ye Qiubai shook his head, rejecting Mu Fusheng's kindness.

said: "Let's forget it, I am afraid that if I follow you, I will die faster."

Mu Fusheng laughed loudly.

However, when they looked at Ye Qiubai and the other three, they became more and more appreciative!

"Okay, then I wish Brother Ye Wu Yun Changlong, hope to see you in the future, you can give me a surprise!"

"When the time comes, let's drink together again!"

Ye Qiubai stretched out his hand and shook Mu Fusheng.

After Mu Fusheng left an identity jade pendant and a map of the borderless domain, he separated from Ye Qiubai and the others.

Ye Qiubai looked at Mu Fusheng's leaving back with a smile.

Shi Sheng on the side smiled and said: "He is an interesting person."

Xiao Hei, who has always been shy, also nodded in agreement.

"Worth paying for."

Ye Qiubai shook his head with a chuckle, and said, "Okay, let's also think about how to gain a foothold in this borderless domain."

## Chapter 272 Mercenary Guild

Ye Qiubai's purpose is to find Mu Ziqing and cultivate by the way.

Xiao Hei is to find the place where the memory fragments are located, Moyuan, and practice by the way.

Shi Sheng...Pure cultivation.

So, the three agreed.

The most important thing is to improve your own strength first.

In the process of improving strength, look for clues again.

And under what Mu Fusheng said.

Now, there are three roads before Ye Qiubai.

The first one is the most extensive decision for ascetics from other realms when they come to the borderless realm.

That is to be attached to the shelter of other forces.

Join a Zongmen faction.

Cultivate in that sect.

However, this road is also difficult to walk.

The forces in the borderless domain are actually very exclusive, and some even look down on ascetics from other domains.

And this one.

It was rejected by Ye Qiubai and the three at the beginning.

First.

They don't want to depend on other forces.

Secondly, they are all from thatched cottage.

I don't want to join other forces.

In other words, after worshiping Lu Changsheng as his teacher, he might look down on other forces...

Second choice.

Become a casual cultivator, wandering alone in this borderless realm.

This choice can be said to be \*\*\*\* difficulty.

Outlanders, come to the Borderless Domain.

People who are not familiar with the place of life.

No resources is the first point.

It is even easier to stray into the forbidden area, or be killed by others because there is no backer.

Last selection.

is to become a mercenary.

is in an unbounded domain.

Countless sects are criss-crossing.

However, there is a special neutral force.

That is the Mercenary Guild.

This force is not under the jurisdiction of any force.

Even the Boundless Dynasty would not bother.

is the most special force in this realm.

Mercenary Guild.

are distributed throughout the unbounded domain.

In the guild, tasks are assigned every day.

There is a collection task.

There are tasks to find clues.

Or \*\*\*\* missions.

At the same time, there is also a... killing mission.

Complete tasks and get rewards.

These missions are proposed by various sect forces, and then collected and released by the Mercenary Union.

The mercenary union takes 20% of the rewards the mercenaries get.

As long as you are a monk, you can become a mercenary.

And the relationship between the mercenary guild and the mercenaries.

Also only the relationship between employers.

This is also the choice of Ye Qiubai and the others.

free.

There is no need to be a vassal under other forces.

Take out the map.

Ye Qiubai and the three went to the nearest mercenary guild to them.

They are now at the frontier of the Borderless Domain.

The nearest city with a mercenary union.

Named, Yunqi City.

Ye Qiubai and the others came to the mercenary union in Yunqi City.

Here, countless ascetics gathered.

The people here are all mercenaries.

It can also be said to be casual repair.

In front of the three of Ye Qiubai.

The place where the mercenary union is located doesn't have any special prosperity.

It's just an ordinary stone house.

But this stone house is a little bigger than other houses...

Above the stone house.

Has an icon with crossed swords.

Ye Qiubai and the other three standing in the distance can feel the murderous aura!

This is the logo of the Mercenary Union.

Then.

The three pushed open the wooden door and entered.

In the mercenary guild, it was more lively than outside.

Countless mercenaries, talking in groups of three or four.

Everyone has more or less scars on their body.

At the same time, the breath is not simple.

At least.

Here, the general realm is in the False God Realm!

There are very few people in Qianyuan Realm.

It can be said.

When Ye Qiubai pushed the door and entered.

He was scrutinized by many people in the dark.

After seeing that he was just a Qianyuan Realm junior, he curled his lips and looked away.

As for taunting?

Don't make trouble.

In this kind of mercenary guild that relies entirely on its own strength, there will be no such thing at all.

Not strong enough.

If you can't complete the mission, you won't be able to hang out in the mercenary guild.

Ye Qiubai took Xiao Hei and Shi Sheng to the front desk of the mercenary guild.

At the foreground.

is a middle-aged woman.

The woman was wearing an ordinary skirt, with two braids that were neither long nor short, falling on her chest.

Both sides of the nose are covered with pockmarks.

It cannot be said to be very good-looking.

However, it belongs to that extremely attractive type.

When the middle-aged woman saw Ye Qiubai and the others approaching, she wondered if she had noticed their cultivation, and there was nothing unusual on their expressions.

With a smile, he asked: "The three of you are very unfamiliar, is this your first time here?"

Ye Qiubai nodded, and said straight to the point: "We want to register as a mercenary group."

A person is a mercenary.

And two or more people are mercenary groups.

The middle-aged woman still had a warm smile and said, "Little brother, with your cultivation level, don't you consider joining other mercenary groups?"

"Otherwise, you may not even be able to complete the task."

"If a newly registered mercenary group fails to complete a mission within half a month, its status as a mercenary group will be cancelled."

Obviously.

The middle-aged woman saw Ye Qiubai's cultivation.

Still kindly reminded me.

Ye Qiubai shook his head with a smile, and said, "I don't need to bother you."

Hearing this, the middle-aged woman shrugged.

A rough man on the side smiled and said: "Sister Luo, don't try to persuade these juniors, let these juniors suffer a little bit, and then they will understand your good intentions."

Luo Yun smiled.

She is not used to seeing people like Ye Qiubai.

Always thinking about making some fame in the mercenary guild by himself.

However, they were either disbanded or died during the mission...

However, she didn't have the obligation to persuade her any further, so she had no choice but to say: "Okay then, let's hand over ten Yuanjing, and then choose a group name."

Yuanjing, a hard currency without borders.

When trading with other people, you can exchange it with Yuanjing.

Similar to gold coins.

However, there are some things that Yuan Jing cannot buy.

Before coming to the Borderless Domain, Kong Jianghan gave them thirty Yuanjing.

Now, it is useful.

As for the group name.

Ye Qiubai didn't even think about it, and said with a smile: "Let's call it thatched cottage."

Shi Sheng and Xiao Hei also smiled.

They want to use the name Caotang.

In the borderless field, make a name for yourself!

At the very least, Master must not be disappointed.

Lu Changsheng, who was far away in the wilderness, suddenly sneezed!

"Yawn! Those \*\*\*\* won't get into trouble again, will they?"

"Oh, don't think about it, you will definitely get into trouble later."

Lu Changsheng shook his head helplessly.

Continue to arrange the array at hand.

Mu Wan'er on the side asked curiously: "Uncle, what kind of formation are you arranging?"

"Spatial teleportation."

I saw Lu Changsheng gritted his teeth and said, "I won't have to run back and forth when those little \*\*\*\* get into trouble!"

...

after.

The Caotang Mercenary Group was established.

Ye Qiubai and the others also came to a wooden board.

There are dozens of mercenaries gathered here.

are all looking at this board attentively.

Because there are various tasks posted on this board.

If you want to pick it up, you just need to take off the paper on the wooden board.

Chapter 273 Unwritten rules

Mercenary group.

Divided into 6 levels.

Yellow-level, Xuan-level, Earth-level, Heaven-level, and Emperor-level!

And the highest level is beyond the emperor level, and can obtain an exclusive honorary title!

This title was personally awarded by the president of the Mercenary Guild.

Mercenary regiments that can obtain honorary titles are extremely rare.

Even, in the entire borderless domain, there are only three.

at the same time.

The level of the mercenary group represents how many tasks you can take.

This has nothing to do with your strength.

Only the completion of the task, the degree of completion of the task, and the amount of reward received.

For example, if a yellow-level mercenary regiment wants to be promoted to the mysterious level, it needs to complete ten yellow-level tasks.

At the end, after completing a quasi-mysterious-level mission, you can apply for promotion to the mysterious-level mercenary regiment.

Today.

Ye Qiubai, Xiao Hei and Shi Sheng formed thatched mercenary regiment, which was at the lowest level, Huang rank.

Naturally, you can only accept yellow-level tasks.

However, even if it is a yellow-level task.

Some tasks can only be accepted by people in the False God Realm.

For example, hunt and kill a monster in the early stage of False God Realm, and take its core.

The troublesome one is not an early False God Realm monster.

Under this piece of paper, there are notes.

This monster likes to live in groups.

That is to say, although only one core is needed.

However, what you need to face is a group of monsters in the False God Realm.

If mishandled.

Even cultivators in the False God Realm will have their lives in danger.

Another example, the one with a lower risk factor is the collection task.

Collection tasks generally include some natural treasures, medicinal materials, and special casting materials.

In front of the mission board for the yellow mission.

Shi Sheng asked: "How about it, brother, what task shall we take first?"

Xiao Hei scratched his head and smiled, "Brother, do you want to accept the task of hunting monsters?"

Ye Qiubai looked at the pieces of paper.

Looking at the rewards.

Now, what do they lack the most?

is Yuanjing.

is the currency of an unbounded domain.

No crystal.

It can be said that many things cannot be done.

Even residences cannot be rented.

Ye Qiubai said: "We still have 20 Yuanjing. The most urgent task is to receive more Yuanjing."

And now.

There are two tasks with more Yuanjing.

The first one is to collect an alchemy material called Void Grass.

The reward is 50 Yuanjing.

And the second one is the \*\*\*\* mission.

Escorting the daughter of a family in Yunqi City.

The reward has reached 100 Yuanjing!

Of course, there are additional conditions.

Must have the strength to fight against the middle stage of False God Realm!

Ye Qiubai is very interested in this task.

While earning Yuanjing, you can also take the opportunity to inquire about clues.

After all, a daughter of a family.

Should know something.

So Ye Qiubai took off the paper.

Then he walked to the front desk and recorded the accepted tasks.

When they record.

There were five men and one woman who suddenly pushed the door open and said loudly, "Who stole our task?"

In front of the yellow-level task board, someone obviously knew these six people.

pointed in the direction of Ye Qiubai.

Among them, the middle-aged man who was the leader had three scars on his face.

These three knife scars criss-cross the man's face, looking extremely hideous!

The man walked to Ye Qiubai with five people, frowned and said, "Don't you know that this mission has already been booked by our scale armor mercenary group?"

Luo Yun also looked at the man, frowning slightly.

In the mercenary guild, there is an unwritten rule.

That is, task scheduling.

This is the rule among mercenary groups.

If a mercenary group booked a mission, during the period, it was taken away by other mercenary groups.

Then, this also means that the two mercenary regiments will form a bridge.  
after all.

The mercenary group can only accept one mission at a time.

And if you encounter other exciting tasks during the mission, you will choose to make a reservation, that is, say hello to other mercenary groups.

Generally.

No one will choose the task scheduled by others.

After all, they are all out to mess around, so there is no need to offend others.

It's not that there are no tasks to choose from.

Luo Yun looked at Ye Qiubai worriedly, and after explaining the matter, she apologized: "Sorry, I didn't tell you this unwritten rule in advance."

Ye Qiubai ignored the people of the scale armor mercenary group, but looked at Luo Yun, chuckled, and said, "Is this the rule of the mercenary guild?"

Luo Yun was taken aback for a moment, then shook his head.

"That's right."

Ye Qiubai showed a harmless smile to humans and animals, and said: "I will take over this task first, and we will naturally complete it."

After saying these words.

The onlookers all showed smiles watching the excitement.

"Those three young people are newcomers, right? It looks like one of them is from Qianyuan Realm."

"I'm afraid this strength is not enough to go head-to-head with the Scaled Armor group."

"After all, the scale armor is only short of the last mission to reach the Xuan level mercenary group, and the strength of five of them are all in the early stage of the False God Realm."

"And the strength of the group leader has reached the middle stage of the False God Realm, so I'm afraid I can't afford it."

He Lin, the leader of the scale armor mercenary group, heard Ye Qiubai's words.

Laugh instead of anger.

"Boy, there is kindness."

"Well, since that's the case, let's not say that our scale armor mercenary group bullies newcomers, just follow the rules of the mercenary guild, how about it?"

Ye Qiubai looked at Luo Yun.

Obviously, I was asking what other rules there are.

Luo Yun explained: "According to the regulations, if both parties want to accept the same task, they can go to the employer who issued the task together and let him choose."

He Lin sneered: "So, is it possible?"

Ye Qiubai thought for a while, since it is the rule of the mercenary guild, it cannot be violated.

also nodded and agreed.

Meet tomorrow, which is when the mission starts.

Both parties will go to the aristocratic family where the employer is located at the same time.

...

That night.

Ye Qiubai did not practice.

Instead, he lay outside the tent, looking at the starry sky above his head.

Shi Sheng is absorbing the power of the stars in the starry sky to cultivate.

Ye Qiubai took out the jade pendant hanging on his chest.

Put it in the palm of your hand, staring at the jade pendant absentmindedly.

This is what Mu Ziqing left him at that time.

Now, come to the borderless domain.

In the jade pendant, there is already a faint breath of ice coming out.

This also explains.

Mu Ziqing is now in this borderless domain.

However, looking at it now, Mu Ziqing's life experience is probably one of the best in this borderless domain.

I don't know if there is any relationship between the Mu family and Mu Ziqing...

Think here.

Ye Qiubai sighed lightly.

It's useless to think so much.

With my current strength, I'm afraid it's not enough.

Now it seems that it is in this mercenary guild to improve the realm.

At the same time, ask about Mu Ziqing's whereabouts.

Only if the strength is strong enough.

Only then can she welcome Mu Ziqing in an open and honest manner!

Chapter 274 Accept the mission and leave the city!

Night exits.

Day comes.

Ye Qiubai and the others arrived at the gate of the mercenary guild early.

The members of the scale armor mercenary group, headed by He Lin, walked slowly.

There was sarcasm in his eyes.

smiled and said: "Boy, I would like to advise you one last thing. With your current strength, don't go to seek humiliation."

"I can also see that you are newcomers, and don't care about the previous things."

"Maybe I can lead you on other missions."

Ye Qiubai shook his head with a smile, and said, "Take us? Doesn't that mean we have to share the rewards?"

Obviously.

Ye Qiubai's words are rejection of the scale armor mercenary group.

Behind He Lin, a skinny man shouted: "Don't be ashamed! It's just a group of newcomers, thanks to our leader's good temper, if other mercenary groups with bad tempers, you think they can still implement the mercenary guild's rules." rule?"

"I'm afraid I can't even get out of the mercenary guild!"

Hear the man's words.

Xiao Hei took a step forward, showing a slight killing intent!

He Lin stopped the thin man, and said, "You're just a junior, can you get angry with them? Can you be a bit of a cultivator?"

Hearing this, the lean man curled his lips and took a step back.

However, He Lin's words obviously looked down on Ye Qiubai and the others.

I think it's just a junior.

"Okay, let's go."

Finished speaking.

The six members of the scale armor mercenary group walked towards the east first.

Yunqi City.

The biggest force is the City Lord's Mansion.

And under the City Lord's Mansion.

are three families.

Yang family, Li family, and Kang family.

The Yang family is the employer this time.

When a group of people came to Yang's house.

There are already two carriages waiting at the door.

Beside the carriage.

There are ten guards.

The state of the guards are all in the late Qianyuan state.

One of the old men is in a half-step false spirit.

Just a guard has such strength.

What's more, this is just a small town family on the border of the borderless domain.

Visible.

How big is the gap between the wild realm and the borderless realm.

Worthy of the name of the first low-latitude boundary!

In front of the gate, a young man saw He Lin and the others.

Frowning: "Why did you come? Is the mercenary guild so inefficient now?"

He Lin was not angry, he stepped forward and said with a smile, "Young Master Yang, I'm sorry, I was delayed due to some things."

Obviously, He Lin knew this so-called Young Master Yang.

Yang Qi asked curiously: "What's the matter, there are still important tasks?"

Therefore, He Lin briefly described what happened with the Caotang Mercenary Group.

At the same time, he said: "It's up to Young Master Yang to judge whether we want our scale armor mercenary \*\*\*\* or the newcomers."

Ye Qiubai naturally would not be silent, stepped forward, and said neither humble nor overbearing: "We will take over the task first, and according to the rules, we will naturally \*\*\*\* it."

"Of course, there is no need to worry about the strength of the three of us."

Heard the words.

Yang Qi looked at Ye Qiubai slightly, and then sneered: "How can people in Qianyuan Realm not be worried? Even the guards of our Yang family are inferior."

"Okay, I'll give you ten crystals, let's leave now..."

He Lin also smiled slightly.

Ye Qiubai shrugged his shoulders, and prepared to take Xiao Hei and Shi Sheng away.

Since the other party has said so.

They can't be shy and beg the other party to accept them.

When Yang Qi was about to take out the Yuanjing.

In the carriage, there was a pleasant female voice.

"Brother, forget it, let them \*\*\*\* together, the more people you have, the safer you will be."

Yang Qi frowned slightly, walked to the side of the carriage, and said: "Little sister, even though this is the case, how should the reward be calculated?"

"Whoever made a great contribution, take the one hundred Yuanjing, so you don't have any objections, do you?"

Obviously, this last sentence is asking about both Ye Qiubai and He Lin.

Normally, He Lin would not accept this condition.

What a joke.

Isn't this letting their mercenaries be free labor?

However, Ye Qiubai and the three newcomers naturally couldn't let the three newcomers see jokes, so he nodded and said with a smile: "Miss Yang is very calculating."

Ye Qiubai saw this.

also nodded.

Yang Qi is also very satisfied with the result.

It's not bad to have three more thugs picked up for nothing.

Although the strength is not enough.

But at least at critical moments, can they be allowed to rush forward first.

Think here.

Yang Qi sneered and said: "Since I nodded and agreed, then when the time comes to guard, we must obey our orders and arrangements, understand?"

Ye Qiubai and the others did not answer.

Yang Qi also took it as their agreement.

"Okay, let's go."

A group of people set off towards the outside of Yunqi City.

...

Although the borderless domain is recognized as the first low-latitude domain.

However, there are things like thief killers that should be there.

Outside the city of Yunqi, there are some thieves.

Specially intercept businessmen from Yunqi City, or businessmen who want to enter Yunqi City.

Because of this, the mercenary guild has \*\*\*\* missions.

but.

The Yang family is not a businessman, but a monastic family.

They are not afraid of those thieves.

It is the obstruction of other family forces.

after all.

The purpose of their trip.

is to go to Longqi City, which is adjacent to Yunqi City!

The Yang family is married to the City Lord's Mansion of Longqi City, that is, the Long family.

And once the Yang family and the Long family marry.

It will definitely lead to a surge in the strength of the Yang family!

After all, the strength of the Long family lies in all the cities in this borderland.

Can be ranked in the top two existences.

so.

A family that competes with the Yang family.

It is bound to prevent this marriage.

nature.

Will intercept and kill outside Yunqi City!

This is why, as a family of monks, the Yang family wanted to hire another member of the mercenary guild.

Yunqi City.

With the care of the City Lord's Mansion and the Yang family, naturally no one will do anything in the city.

And after leaving the city.

All the guards are in a tense state.

Although He Lin is usually arrogant, he is qualified as a mercenary.

After leaving the city, they also entered a fighting state.

The six members of the scale armor mercenary group raised their aura slightly to prevent the opponent's sneak attack.

Only Ye Qiubai and the other three were calm.

Even, they are still talking to each other about Lu Changsheng.

"I don't know what happened to Master?"

"You must be missing us."

"I think so too..."

He Lin sneered when he saw this scene.

Sure enough, he is a newcomer.

When Yang Qi saw this scene, he shouted angrily: "What are you doing? This is how you are mercenaries? What if someone sneaks up on you? Can you take the responsibility!"

Ye Qiubai looked at Yang Qi, and replied calmly: "At present, there is no ambush around."

Although Ye Qiubai and the three were chatting.

but.

Ye Qiubai used the sword domain to detect the hidden aura around him.

That's why it looks so easy.

Yang Qi said angrily: "If something goes wrong, be careful that your heads will be lost!"

Just like that, walking all the way.

The night gradually falls...

Chapter 275 The night is dark and the wind is high!

Critical Mountain.

across the border of the borderless domain.

Beyond Critical Mountain, there are countless forbidden places for life.

At the same time, the Boundless Dynasty also strictly forbids ascetics from the Boundless Territory to cross the Critical Mountain!

Therefore, most people don't know what lies beyond the Critical Mountain.

Thousands of years ago, there was a first-class sect who felt that there were endless treasures beyond the critical mountain.

The Boundless Dynasty forbids others to cross the critical mountain.

It is also because I want to monopolize resources!

However, when that first-class sect wanted to cross the critical mountain.

But no one came back...

at the same time.

That top-notch sect was destroyed just like that...

No one knows what happened.

However, because of this incident, no one thought about going outside the critical mountain.

Dog's life matters...

And at this moment.

Night falls.

The Yang family rested in a valley in Boundary Mountain.

Wait until the next day before starting.

After the fire is lit.

The guards of the Yang family were scattered around to prevent them from being attacked by people from other family forces.

He Lin was assigning tasks to the remaining five members of the Scale Mercenary Group.

"Gao Yun, your agility is the most agile, go and investigate around the valley."

"Daobei, arrange some formations around here."

"And you..."

As a mercenary.

Now that you have accepted the task, you must work hard to complete it.

As a mercenary group.

He Lin is naturally a professional.

Of course, whether it works or not is another matter.

Yang Qi saw all these in his eyes.

Can't help but nodded, leaned against the carriage and said with a smile: "He Lin's group is trustworthy, it's right to let the scale armor mercenary group take over this task, and we can try to cooperate again in the future when there is any work. "

"Little sister, you should take a good rest."

In the carriage, there was a pleasant voice.

"Brother, I am also a cultivator, not so delicate."

"What about the thatched cottage mercenary group? Why didn't you mention them, big brother?"

Said drafting hall mercenary group.

Yang Qi looked in the direction where Ye Qiubai and the others were.

Suddenly, his face became angry!

Ye Qiubai and the others are all practicing with their eyes closed!

There is no meaning of guarding at all!

Yang Qi walked over with an angry face, and shouted: "What are you doing?!"

"Don't you know your mission?"

Ye Qiubai did not open his eyes, and said lightly: "Don't be so nervous, I will know immediately if there is any movement around."

certainly.

If even Ye Qiubai didn't find out immediately.

Everyone here, I'm afraid they won't notice either.

However, Ye Qiubai did not say this sentence.

He Lin on the side obviously heard Ye Qiubai's words.

Frowning and snorting coldly: "Boy, even we have to make careful arrangements around us to be at ease, but you are here to practice safely?"

Ye Qiubai did not answer.

Yang Qi saw that these three people were so recalcitrant, he waved his sleeves and snorted angrily, "Don't even think about getting paid!"

"At that time, I will report to the mercenary guild, you wait for the disbandment!"

Ye Qiubai was a little helpless.

Why don't you believe it?

But it is not difficult to understand.

After all, the realm that he reveals now is only the late stage of Qianyuan realm.

Not even False God Realm.

What he said was naturally not convincing.

this world.

The strong are respected.

Only the strong can convince others.

Night at Critical Mountain.

It was very quiet.

There are insects buzzing around, and sometimes a breeze blows.

The leaves rustled.

In the residence of the Yang family, the flame is the only light that illuminates the place.

Swaying with the wind, the flames at this moment also look graceful.

The sound of burning trees.

barking sound...

From time to time, there is the sound of sparks exploding.

But.

Quiet is a bit abnormal.

Ye Qiubai opened his eyes.

Shi Sheng and Xiao Hei opened their eyes at the same time.

"Have you noticed anything?"

Under the quiet cover of the Sword Domain, Ye Qiubai didn't notice anything unusual.

It's just that the surrounding environment is really not right!

Xiao Hei looked around, frowned slightly, and said, "There is a vague murderous aura in the air."

The third layer of texture of the eternal magic body.

It is formed by condensing killing intent!

So, Xiao Hei's perception of killing intent is naturally stronger than others.

Shi Sheng looked at the sky.

There are stars all over the sky!

What he cultivated was the power of the stars.

As long as it is dark, the perception ability will be stronger than during the day!

"We should be caught in a formation..."

Ye Qiubai also nodded and said: "It's a very clever shielding formation, and the people who set up the formation may have some strength."

"Moreover, the opponent used a carrier like a jade pendant, engraved the formation in advance, and then released it here."

after all.

It would be impossible to set up a shielding formation under the noses of Ye Qiubai and the others.

Unless the opponent's strength far surpasses them and reaches the imperial realm!

but.

A formation of this level should not be done by a strong emperor.

so.

There is only the possibility that Ye Qiubai said.

Xiao Hei turned his head and looked at Ye Qiubai.

"Brother, what should we do?"

Shi Sheng also cast his eyes on Ye Qiubai, with 100% trust in his eyes.

Ye Qiubai thought for a while, then got up and came to Yang Qi's side, and said: "There is a situation, here, it is isolated by the formation."

Yang Qi was slightly taken aback.

Then he sneered and said, "You, a junior in the Qianyuan realm, have been practicing here, how could you know?"

Ye Qiubai was also a little helpless, and reminded again: "I have been using my means to be vigilant around the surroundings, and it is estimated that someone will take action after a stick of incense."

Look at Ye Qiubai's expression.

Yang Qi frowned.

It doesn't look like you are pretending to be a tiger.

Since you want to become a mercenary and be able to survive in this borderless domain.

It is impossible to do such a meaningless thing.

As the son of a family, Yang Qi is not a brainless person.

What's more, now is a critical period.

There must be no mistakes in the safety of the little sister!

In this way, the Yang family's plan fell short.

For the current Yang family, it is absolutely unbearable!

For all these reasons, Yang Qi still decided to discuss with He Lin.

So, he came to He Lin.

Tell him what Ye Qiubai said.

During the period, He Lin frowned and looked at Ye Qiubai.

Immediately took out the sound transmission jade pendant.

"Gao Yun, Daobei, did you find anything unusual there?"

"No."

He Lin nodded, "Continue to be vigilant."

After finishing speaking, he turned his head to look at Ye Qiubai, and said, "How did you find out?"

He really didn't believe it.

A junior in the late Qianyuan realm.

Sitting still here, they can find things that they can't detect by arranging formations outside.

Yang Qi also became a little suspicious.

Is it possible that you are really pretending to be a tiger, and you want to show your presence?

Seeing that the two of them didn't believe it, Ye Qiubai could only shake his head and didn't want to persuade them any more.

Instead, let Xiao Hei and Shi Sheng be ready to fight at any time.

I also pulled out the Dark Demon Sword!

Chapter 276 Wind Movement!

It is five hundred miles away from the temporary residence of the Yang family.

There are ten people dressed in black standing here.

Their figures are perfectly integrated with the night.

It is difficult to detect with the naked eye.

Even the black cloaks on them are blessed with concealment formations.

normal person.

Can't find it at all!

Plus.

The location of these ten people is a certain distance from the temporary residence of the Yang family.

Therefore, it is normal that Ye Qiubai and the others did not notice their existence.

So well prepared.

Obviously this is not the first time this kind of thing has been done.

One of them said: "Boss, do we need to be so cautious? The other party doesn't even have people at the peak of the False God, so why not just go over and kill them?"

The person headed shook his head and said: "According to the news, the scale armor mercenary group has accepted the task of escorting the Yang family."

"The others are fine, but He Lin is a cultivator in the mid-stage of the False God Realm, and his experience is also extremely experienced."

"This matter is also extremely important to the head of the family, so it's better not to startle the snake and be more cautious."

At this time, two figures in black robes flashed from the front!

Come to the head of the person, said: "Boss, it has been arranged according to your instructions."

The leader nodded.

"Okay, let's go around the two outposts of the Scale Mercenary Group and prepare to go."

Someone was puzzled and said, "Why don't you just get rid of them? Those two people's cultivation is not high."

The leader shook his head and said: "Take care of them, and our whereabouts will be exposed."

"The other party has been in contact with He Lin, but the sudden lack of contact will inevitably make the other party alert, and the gain outweighs the loss."

The rest of the people nodded suddenly.

If Lu Changsheng could hear what these people said.

Will definitely call the experts directly!

This is ready.

Is he really doing enough!

Compared to those other brainless fools, I don't know how many times stronger!

Unfortunately...

The strength is a bit weak.

It's not that the rest of the forces don't want to dispatch the strong.

But once the strong are dispatched.

The top management of the Yang family will definitely notice it!

At the same time, the City Lord's Mansion of Longqi City will also focus on them.

After all, this is a marriage with the Mansion of the Lord of Longqi City!

If let them know who is secretly sabotaging this matter.

I am afraid.

Even for the sake of face, they will try their best to eradicate the people behind them!

do not doubt.

Longqi City, as a border city, is one of the most powerful existences.

The strength of the City Lord's Mansion.

It is bound to be much stronger than the forces behind them!

so.

All of this must be done with the momentum of thunder.

Kill them quickly in secret!

Only in this way can we not be discovered by the other party.

"Okay, let's cheer up, be careful not to be discovered by the formation arranged by the opponent, let's go!"

Say it.

The twelve people here are all hiding in the darkness and walking with the darkness!

...

On the other side, the Yang family's temporary residence.

He Lin is holding the sound transmission jade pendant, and is asking if there is any abnormality.

Although, he was a little skeptical of Ye Qiubai's statement.

However, now is a critical moment, and he is a mercenary.

Everything is based on the task!

So, we still need to be more vigilant.

Yang Qi also told the guards to be vigilant around them!

The ascetics who can go this far, although their strength is not as strong as them.

But at least.

It shouldn't be the kind of aimless talent!

Yang Qi said to the woman in the carriage: "Little sister, what will happen later, you don't come out, just stay in the carriage."

"Brother, have you found an enemy?"

Yang Qi shook his head and said: "We didn't find anything abnormal, it was the people from the thatched cottage mercenary group."

"Although I have some doubts, I still can't relax my vigilance. Be careful."

"OK, I see..."

At the moment.

Ye Qiubai and the others also brought up the aura in their bodies, ready to strike at any time!

Jianyu quietly expanded the detection range.

Xiao Hei also frowned, sensing the killing intent in the air!

Shi Sheng also released the power of the stars.

Connect with the stars in the sky.

Use this to expand your range of perception!

The night is dark and the wind is high.

At this unusually quiet time.

Some are just the rustling sound of wind blowing leaves.

and the sound of flames dancing.

besides.

Then there is no more movement!

Time passed slowly.

A stick of incense...

Shi Sheng, Xiao Hei and Ye Qiubai looked around at the same time!

"coming."

"Brother, the killing intent is getting closer!"

"There are more than a dozen men in black, coming here!"

Obviously, the three discovered each other's existence at the same time!

Ye Qiubai and the others did not lower their voices.

Yang Qi and He Lin both heard it clearly.

Looked in the direction the three of them were looking at.

But nothing was found!

He Lin frowned and asked: "Gao Yun, Daobei, you should focus on the north and southeast!"

Yang Qi also asked the guards to draw out their swords!

I also raised the aura in my body!

Be ready to respond!

But.

After a while.

Still nothing!

This made Yang Qi suspicious.

Ye Qiubai is indeed disrupting the audience!

Walked over and asked in a low voice: "Are you sure there is someone?"

Ye Qiubai glanced at him and nodded slightly.

"Then why hasn't it appeared yet?"

However, when he said these words.

Around, the aura of formation suddenly rose!

Three killing formations.

Kill the surrounding guards at the same time!

He Lin and the members of the Scale Mercenary Group.

Also after a short period of stagnation, they burst out with their own cultivation!

Began to resist the attack of these three killing arrays!

Yang Qi also changed his face greatly, and shouted angrily: "Miss Protection!"

But.

The voice has not yet completely fallen.

The attack released by the three killing formations killed all the guards of the Yang family!

Even among the scale armor mercenary group, there were two people who were unable to defend and fell to the ground injured!

Ye Qiubai made a decisive decision!

Jianyu is no longer quietly released!

Instead, it burst out directly!

Jian Zong's sword intent is filling this space at this moment!

Meet the attack released by the three killing arrays!

This scene.

It surprised He Lin, Yang Qi and others!

Jianzong? !

This junior in the Qianyuan realm.

The juniors who were looked down upon by them back then.

Turned out to be a swordsman?

Jianzong.

Although it is not uncommon in the unbounded domain.

But such a young Jianzong who is still in the Qianyuan state.

His kendo talent can be imagined!

at the same time.

The power of the stars on Shi Sheng also exploded at this moment!

Suddenly, in this space, the stars shine!

Where the starlight shines, it is extremely thick!

On Xiao Hei's body, the three lines are fully open!

Footsteps suddenly stepped on!

Like a prehistoric beast, it rushed to a killing formation closest to the station.

Blast out with a punch!

Space tremors!

The surrounding ground and trees are all shattered at this moment!

One punch fell.

With a loud bang!

That killing formation actually shattered at this moment!

Chapter 277 The plan is good, but the strength is not enough

The brazen attack of the Caotang trio.

Like Yang Qi and He Lin, the scale armor mercenary group and others were taken aback!

Do these three people have such a strong strength?

Whether it is Ye Qiubai's sword intent of the sword sect, the sword field released, in that sword field, in addition to the sword field, there are also several kinds of artistic conceptions blessed!

It's still Shisheng's star power, thick and dense!

Or Xiao Hei's terrifying physical strength.

It makes them feel irresistible!

He Lin smiled wryly.

It seems... I was slapped in the face.

Even if it is him, an existence in the middle stage of False God Realm.

I'm afraid they won't be able to catch these three attacks head-on!

Where did this monster come from!

This kind of person is rare even in Yunqi City!

Shi Sheng raised his hands high.

above his hands.

The power of the stars is gathering at a speed visible to the naked eye!

An extremely huge light of stars, as if turned into substance.

turned into a star and smashed towards another killing formation!

Like a fallen star!

In contrast, Ye Qiubai.

Holding the Dark Demon Sword in one hand.

Although there is no sword swing.

However, by secretly manipulating the Middle Sword Domain, the ubiquitous Jianzong Sword Intent gathered at this moment into a huge long sword!

On that long sword.

Covered with a black breath!

In the black breath, there is a faint artistic conception of ice!

Immediately.

Point it out!

Heavenly Demon Nine Swords, Eighth Sword!

By taking advantage of the momentum of the Sword Domain!

Use the Demon Nine Swords!

Attack by two people.

At the same time, it fell on top of the other two killing formations!

The three killing formations collapsed at this moment!

Yang Qi looked at this scene, a little dazed...

To know.

These three killing array attacks.

Even if it was him, or He Lin, the leader of the Scaled Mercenary Corps.

Here is the highest cultivation.

You must resist with all your strength to ensure your own safety!

Not to mention thinking about how to destroy the formation!

But.

The three members of the Caotang mercenary group were resisting the opponent's killing attack at the same time.

Destroy those three killing formations with one blow!

Think back to before.

Thinking that the other party is just fishing in troubled waters, and just wants to mix up the reward for completing a task.

Moreover, I still suspect that Ye Qiubai is pretending to be a tiger, putting on airs!

Now it seems.

It's his short-sightedness...

However, fortunately, he did not completely deny Ye Qiubai's words, and made some preparations in advance.

Otherwise, the damage will definitely be worse!

At this time.

Yang Qi took the initiative to lean towards Ye Qiubai, and said solemnly: "Please, little friend Ye, protect my little sister."

Ye Qiubai glanced at Yang Qi.

"The mission requirements are like this, I will naturally do my best."

Hearing this, Yang Qi nodded.

At the same time, I was relieved.

I was afraid that my attitude just now would offend this young man who seemed to have a very low level.

after all.

Looking at the current situation.

These three members of the Caotang Mercenary Group are stronger than He Lin!

And this time!

The opponent doesn't seem to care that the killing array is broken!

Twelve figures in black rushed out from the north and southeast!

Slash straight towards the carriage guarded in the middle!

These people are all in the early stages of False God Realm!

One of them has reached the late stage of False God Realm!

Obviously, these three killing formations are just bait!

In fact, it is a slap in the face, and when the opponent solves the killing formation, attack the target!

Eleven False God Realm Early Stage and one False God Realm Late Lineup.

It can be said that it has been able to completely abuse any force in the barbaric realm.  
certainly.

Except thatched cottage...

But.

Just as they were about to rush to the carriage.

Ye Qiubai, Xiao Hei and Shi Sheng came to them in the blink of an eye!

There is no extra nonsense in the middle.

The twelve figures in black made moves at the same time!

Waves of spiritual energy exploded towards the three of them at this moment!

The momentum is extremely huge!

In this extremely silent critical valley.

Like the day in the dark night!

Ye Qiubai faced twelve men in black who were a lot taller than him.

Didn't show any panic.

His face is calm.

Look calm.

It seems that this difference in realm is not a big deal in Ye Qiubai's eyes.

Holding a sword in one hand, making a trick with the other!

The sword intent of the sword sect in the sword domain, at this moment, gathered into a monstrous river of swords!

Sweep towards them!

Shi Sheng is holding the Ming Emperor Xuan Axe.

Towards one of them, swing!

That extremely terrifying power is blessed with the power of the stars!

looks extremely scary!

And Xiao Hei is more simple and rude.

Directly found the figure in black at the late stage of False God Realm, and the three-layer pattern exploded!

Intention of fire, intention of ice, and intention of killing!

At this moment, they all gathered on Xiao Hei's fist at the same time!

A terrifying force that was originally reserved, suddenly exploded at this moment!

Before the fist arrived, the shock waves had already made the man in black in the late stage of the False God Realm tremble!

How could there be such a terrifying physical training in the mercenary union in Yunqi City?

And, why has this man never heard of it?

No time to think about it.

The figure in black looked hideous.

Print with both hands at the same time!

A seal shining with a green awn was smashed out at this moment!

Want to resist Xiao Hei's punch!

But.

Now Xiao Hei's physical strength cannot be resisted by a mere late False God Realm!

Just moments!

Under everyone's horrified eyes.

The huge seal exuding green light shattered at this moment!

Without any buffering time.

Xiao Hei's figure also didn't stop at all!

Carrying terrifying physical strength, the fist cuts through the space!

It hit the man in black heavily on the face!

this moment!

The mind of the man in black was empty, as if he could not feel any pain, nor any sensation.

His face seemed to be glued to Xiao Hei's fist!

Xiao Hei let out a low growl.

It was originally a straight punch.

At this moment, dragging the face of the figure in black, he smashed towards the ground!

Boom!

The ground in the valley began to collapse on a large scale at this moment!

Around the collapse, there are countless cracks as thick as arms, extending towards the surroundings!

Dust is everywhere, trees are down with their roots!

And the head of the late stage of the False God Realm was deeply driven into the ground, while the body was outside, in a limp posture, with the neck at a 90-degree angle, lying on the ground like a boneless on the ground.

No interest...

And the other side.

Shi Sheng is holding the Ming Emperor Xuan Axe.

One ax down!

The power of the stars streaked across!

Four black-clothed figures in the early stage of False God Realm were smashed to pieces!

There is no resistance!

Today, it is night.

Shi Sheng, who is good at the power of stars, is even more overbearing in this environment!

It is not worth mentioning that one person beheaded four people in the early stage of False God Realm.

the other side.

Ye Qiubai made a trick with one hand!

The monstrous sword river formed by the sword intent of Jianzong!

Instantly swept the remaining seven people!

The seven wanted to resist, but they were unable to make any moves.

was involved by Jianhe!

In Jianhe, no matter what kind of attack it is, it cannot break through!

Can only helplessly be pierced by the dense sword intent like spring rain, piercing through every part of the body!

Fall in the river of swords!

Twelve black-clothed figures in the False God Realm, all fell in less than ten breaths!

Nice plan.

Unfortunately...the strength is not enough.

Chapter 278 Ye Qiubai: I seem to understand Master...

After the twelve False God Realm people were eliminated.

Ye Qiubai and the others did not take it lightly.

Aura is shrouded in the surroundings, check if there are any hidden killers around!

The Scale Armored Mercenary Corps is worthy of being mercenaries, and missions are always put first.

Although I was shocked in my heart, I still asked my subordinates to check around!

Gao Yun and Daobei also rushed back quickly. They set up formations here.

After doing all this.

Did not find any traces of the enemy, so it stopped.

At this time, He Lin brought the people from the Scaled Armor Mercenary Group to Ye Qiubai and the others.

His complexion is extremely complex.

In their view, the thatched mercenary group created by the three of Ye Qiubai.

It's just a recruit.

Among them, Ye Qiubai's strength is only at the Qianyuan realm!

This makes them quite look down on.

During the period, all kinds of supercilious eyes.

But.

They used their strength to slap the scaled armored mercenary group in the face!

So what if there is only Qianyuan Realm?

So what if there are only three people?

What about a recruit?

Isn't it still destroying the opponent's three killing arrays?

With lightning speed, he eliminated the opponent's twelve False God Realm powerhouses!

This kind of strength.

Better than any of them.

Be strong!

After the killing formation came, it seemed very strenuous to resist the attacks of the three killing formations!

Not to mention, to fight against the twelve False God Realm powerhouses.

If it wasn't for Ye Qiubai and the others.

I'm afraid the other party has already succeeded...

Yang Qi was on the side, apparently also thinking of this.

His complexion is extremely complex.

At that time, if it wasn't for the younger sister to let them join in.

I'm afraid that today's matter will not be good!

And myself.

Thought Ye Qiubai and the others were fishing in troubled waters, putting on airs!

How do you know that what the other party said is true!

Whether it is in detecting the enemy, he is more prophetic than anyone else.

Still talking about strength.

With the strength of the three of them alone, they solved each other!

Now it seems.

The guards of the Yang family and the scale armor mercenary group are the ones who are really useless...

He Lin sighed, then smiled wryly, and said, "Brother Ye, I was wrong, sorry."

Ye Qiubai and the others are not the kind of people who are unreasonable.

smiled and waved his hands, said: "It's okay, after all, I only have the Qianyuan realm, so it's normal for you to look down on me."

He Lin: "..."

Yang Qi: "..."

Scaled Mercenary Group: "..."

Only Qianyuan Realm...

They only have one feeling now.

This face.

That's a pain!

He Lin said with a dry smile: "Brother Ye's actual combat power is much stronger than my False God Realm!"

"Well, for this mission, our scale armor mercenary group will not ask for any reward."

Speaking of this, He Lin looked at Yang Qi and said: "Our share, just give it to the Cottage Mercenary Group."

is behind him.

Gao Yun and Daobei wanted to say something.

But was stopped by one of the women.

"Can't you see that the boss wants to have a good relationship with these three young people?"

"With the strength and talent shown by the three of them."

"A kendo realm is so high and strong, one person has the power of stars, and that body cultivation, the physical strength is so strong."

"This kind of person, as long as he doesn't die, his future is limitless!"

heard the woman's words.

Both fell silent.

According to this statement.

Then this task reward seems insignificant...

Yang Qi walked to the carriage and asked softly, "Little sister, are you okay?"

In the carriage.

A woman's sweet voice like an oriole came out.

"It's okay, but from the tone of the elder brother, the troubles outside should be resolved, right?"

Yang Qi nodded, heaved a sigh of relief, and said with a smile: "Yeah, I was wrong this time. If it weren't for the three new mercenaries, I'm afraid this time it would really be a disaster..."

The woman smiled and said, "So it seems that my original decision was correct?"

"Yes, when the time comes, I will try to pay them more and see if I can win them over."

"In this case, our Yang family will have three highly talented allies in the future."

However, the woman didn't think so, but reminded: "Brother, don't make your intentions too obvious, just let nature take its course."

"Such a young arrogance cannot be won over with a little profit."

Hearing this, Yang Qi thought about it and nodded.

In the sky, the black background color, the curtain dotted with stars was opened.

The dazzling sunlight once again fell on the entire critical mountain.

Rebirth.

Vibrant.

The Yang family also continued to run in the direction of Longqi City.

Because the guards of the Yang family were all dead.

also leads to.

The work of guarding fell entirely on the Scaled Armor Mercenary Group and the Cottage Mercenary Group.

When the scale armor mercenary group was guarding outside.

Yang Qi asked Ye Qiubai and the others to sit outside the carriage.

Sit with him.

Obviously.

After the battle last night, Yang Qi's attitude towards Ye Qiubai and the others completely reversed.

He Lin and others were not surprised by this.

The strong deserve this kind of treatment.

Seems unfair?

In fact, unfairness is the greatest fairness in this world...

period.

The woman in the carriage asked: "Brother, how long will it take to arrive at Longqi City?"

Yang Qi drove the carriage, and replied with a smile: "It will take about three days."

"well..."

Yang Qi also lowered his face when he heard this sigh, and fell silent.

Ye Qiubai saw this scene.

Can't help shaking his head secretly.

It's another kind of political marriage, where the woman doesn't like the other party, but she has to marry because of family interests.

This kind of drama is actually very common.

Live among the royal family.

This kind of thing is unavoidable.

Unless your strength is strong enough!

Strong enough to control your own destiny!

Just like the saying of wealth freedom.

It's not just about making more money that you can achieve this.

Rather, you made enough money, how much?

So much that you can say no to things you don't want to do!

This is called freedom!

But alas.

They obviously don't have this kind of strength.

Therefore, it can only be used as a tool of the family...

Although he thought so, Ye Qiubai didn't want to intervene.

This is someone else's own chore.

Ye Qiubai didn't know them well, so what did he care?

But.

What I never expected was.

Xiao Hei didn't practice, and was bored.

asked with a simple and honest face: "Huh? Are you unwilling to do this?"

Ye Qiubai covered his face.

Shi Sheng also overdid it.

My junior brother (senior brother), is really a big nerve!

Yang Qi smiled wryly and said: "Brother Xiao Hei doesn't know something. We must rely on the strength of the Long family for the situation that our Yang family is facing now."

The woman in the carriage also opened the curtain, revealing that delicate and small face.

The face like a hibiscus in clear water is now covered with sorrow.

"As a child of the Yang family, when the family suffers, I can only contribute in this way."

Xiao Hei scratched his head, wondering: "For a family matter, why do you have to sacrifice you if you are not strong enough? Could it be that your Yang family doesn't have a man?"

At the moment.

Ye Qiubai seems to understand a little bit of Lu Changsheng's thoughts...

He also wanted to throw Xiao Hei out...

Chapter 279 Xiao Hei: Social Phobia

Yunqi City is a border city in the borderless domain.

Materials are actually extremely scarce, and must rely on imports from other city forces.

So, the forces that control the import routes and resources of Yunqi City.

Except that the City Lord's Mansion in Yunqi City occupies 50%.

The remaining 50% will be allocated by the three major families in Yunqi City.

They are the Li family, the Kang family, and the Yang family!

Both the Li family and the Kang family have joined the big forces of the outside world because there are talented people in the family!

therefore.

The two companies each accounted for 20%!

The remaining 10% is the Yang family.

But now.

The Li family and the Kang family were not satisfied, and wanted to swallow the remaining 10% of the Yang family!

This also made the Yang family have no choice.

Choose the marriage of interests.

Marry Yang Yuwan, the current little princess of the Yang family, into the Mansion of the Lord of Longqi City in Lincheng!

That is the Long family!

In this way, we can ensure our own interests at the same time.

Get the support of Long Qicheng!

Obviously.

This is something neither the Li family nor the Kang family want to see.

And at this moment.

In the main house of the Yang family.

The current Patriarch of the Yang family, Yang Zhenhuai, has already learned through the sound transmission jade pendant that Yang Qi and his party were attacked and killed in a valley of Boundary Mountain!

Fortunately, the other party did not succeed.

Besides being relieved, it also made Yang Zhenhuai's expression quite ugly!

Is the other party so bold on the bright side?

Yang Zhenhuai raised his head and looked at the two middle-aged men who were drinking tea in the first place below him.

sneered, and said: "It seems that some people can't help it anymore? Are you so afraid of our Yang family and marrying the Long family?"

These two middle-aged men.

He has a great reputation in Yunqi City!

It can be said that there are very few people in Yunqi City who don't know them.

They are the parties involved in the Li family and the Kang family!

Li Man and Kang Shicheng.

Like Yang Zhenhuai, they are all strong in the Half Emperor Realm!

Hearing Yang Zhenhuai's ridicule, the expressions of Li Man and Kang Shicheng didn't change at all.

The teacup in his hand paused slightly, and then he put it down.

Kang Shicheng smiled, and said calmly: "It must have harmed other people's interests, Brother Yang, do you need our two families to help find out who did it?"

Seeing Kang Shicheng's behavior, Yang Zhenhuai tapped his fingers rhythmically on the wooden table.

"Oh? How can you be so kind?"

Li Man chuckled, and said, "Brother Yang, what you said is wrong. Although the three of us don't fight each other on weekdays, at this time, of course we must be united!"

"So, you don't need to be polite with the two of us, or we will be separated."

Obviously.

As soon as Li Man made this statement, he just didn't want to admit that it was they who did it.

It was done by outsiders!

When the face is not completely torn.

It is impossible for Kang Shicheng and Li Man to admit it.

It spread to the outside world, and the reputation of their two families is not very good.

not to mention.

This is also slapping Long Qicheng and the Long Family in the face!

The Long family is the lord of Longqi City.

Its power is naturally much stronger than them.

Yang Zhenhuai didn't expect them to admit it either.

With a gloomy smile on his face, there are strands of cold light in his eyes!

His cold eyes swept across the two old foxes in front of him, and he said lightly: "Then I would like to thank you two for your kindness, but if I find out, or if something happens to Yuwan..."

"Our Yang family will definitely stay with us to the end, even if we try to destroy the family, we will not hesitate!"

Li Man and Kang Shicheng also raised their eyes.

Looked at Yang Zhenhuai's cold eyes without any deviation.

Although there is no leakage of any breath.

However, the temperature of the entire Yang family!

At this moment, it seems to have dropped a lot...

the other side.

Yang Yuwan and her team's convoy are still two days away from Longqi City.

Because all the guards died.

So, the members of the Scaled Armor Mercenary Corps have been guarding the surrounding area!

Ye Qiubai and the others did not let go of their vigilance, they kept scanning their surroundings.

As long as it is not a powerful person from the imperial realm who comes here in person.

Presumably, they will be the first to find out.

Yang Yuwan in the carriage also became more and more worried as she got closer to Longqi City.

In the eyes, there is a kind of embarrassment!

Although.

The marriage was agreed by herself.

However, it's time to reach this step.

I also think about myself, what will happen in the future?

She sees no way forward.

Because the road ahead has been covered by a gray mist!

Maybe it is to suppress the sorrow in my heart.

He took the initiative to ask: "Brother Xiao Hei, where are you from?"

Xiao Hei closed his eyes, feeling whether there was any murderous intent around him.

Now, after hearing Yang Yuwan's words, she opened her eyes and said, "We come from a place called the wild realm."

Outsider!

Yang Qi couldn't help but look at the three of them.

Is the talent of outsiders so high?

because.

In their thinking, there is an inherent view.

That is, the natural strength of the borderless domain must be higher than that of other domains!

Those so-called geniuses from other realms, come to the borderless realm.

can only be counted as an ordinary ascetic with average talent...

As for Ye Qiubai and the others, it was obviously more than that.

Even in Yunqi City, Yang Qi thinks that no young talent can match their talents!

Even if it is the one in the city lord's mansion.

can't do it either...

However, Yang Yuwan did not show that kind of discrimination. Instead, she showed curiosity and asked, "The Wilderness Realm? I haven't heard of it. What kind of place is it?"

What kind of place?

Xiao Hei hesitated and said: "The difference... shouldn't be big, right?"

Little difference?

Yang Qi was stunned, "Could it be that the strength of the barbaric realm is similar to that of the borderless realm? How could there be such an existence in the low-latitude realm?"

Ye Qiubai rolled his eyes.

Xiao Hei is a body repairer.

does not need to rely on Reiki.

So for him, it doesn't matter how rich the aura is.

However, he didn't bother to explain himself.

It has nothing to do with him.

Along the way, Yang Yuwan kept chatting with Xiao Hei.

However, usually Yang Yuwan is asking and Xiao Hei is answering.

After all, Xiao Hei's temperament is still dull.

Let him take the initiative to find topics, then why not kill a few monsters!

soon.

It is only a day away from Longqi City.

Yang Yuwan sighed: "It's almost there..."

Xiao Hei asked: "Since you don't want to marry so much, why don't you marry?"

Yang Yuwan smiled wryly, and said: "Brother Hei, some things are not so simple. If we have your talent, we won't have to go this far."

The voice just fell.

Ye Qiubai and Shi Sheng suddenly opened their eyes!

Stand up!

Yang Qi and He Lin asked at the same time: "What happened?"

Ye Qiubai looked in front of him, and said softly: "Get ready, there is a strong ascetic who is coming here, probably... oh, it's already here."

Chapter 280 Fighting the Half Emperor!

Just the blink of an eye.

Then there was an old man blocking the front of the carriage!

The old man was dressed in a white robe, with two strands of white hair hanging down naturally on both sides of his forehead, fluttering in the wind.

The breath is restrained.

There is no trace of spiritual power, leaked out!

Looks like an ordinary old man.

However, there is another invisible coercion oppressing everyone present!

because of this.

Only then did Yang Qi and He Lin change their expressions!

Even Ye Qiubai frowned slightly.

Those who can do this are at least at the Half Emperor Realm or above!

However, it can be sensed by Ye Qiubai's Sword Domain.

That also represents.

The other party cannot be a strong man in the imperial realm!

Then, the old man in front of him must be a person in the Half Emperor Realm.

The old man stretched out a hand and said: "This old man doesn't want to commit too many murders, he is just entrusted by others."

"So, you only need to hand over the female doll in the carriage, or let her commit suicide, and the old man will not embarrass you, okay?"

Sure enough!

It's for Yang Yuwan!

Yang Qi's face was ugly, and he said: "Since the senior is a strong one, why should he listen to other people's orders?"

The old man looked at Yang Qi, and said indifferently: "I owed favors in the early years, but now, of course I have to pay them back."

"Don't even think about taking any chances. This matter, the old man will naturally have to complete it. Otherwise, pretending to be something in my heart will also affect my breakthrough to the emperor's realm."

Break through the imperial realm!

That is to say, the old man in front of him is a strong man who can hit the imperial realm!

To know.

Even if you have reached the state of half emperor.

If you don't have enough talent and opportunities, you will also be stuck in this realm until you die!

Those are two differences!

Strength is naturally much stronger than the average half-emperor powerhouse!

Yang Qi's face became even more ugly, and he said: "Don't tell me, aren't you afraid of the Long family's revenge? You know, the girl's marriage partner is the Long family in Longqi City."

"If the senior makes the younger sister die, I am afraid that the Long family will not let you go."

The old man nodded, and said seriously: "Long Family? It is indeed troublesome, but if I want to leave, the Long Family will have nothing to do with me."

A Half-Emperor powerhouse, as long as he wants to run away without colliding head-on with an Emperor-level powerhouse from the Long family, then naturally there is nothing he can do about it!

This is a fact!

Hear here.

Yang Qi's face became even uglier.

The people of the scale armor mercenary group also turned pale.

Half Emperor powerhouse.

Even if they go together, it's still not enough for the other party to kill!

"Brother Yang, you should let the prefecture-level mercenary group participate in this mission."

Yang Qi also smiled wryly.

How did he know that the opponent would send out a Half Emperor powerhouse?

Still a Half-Emperor who is qualified to hit the Emperor Realm!

The latter is much stronger than the former!

Yang Qi pondered for a while, and said: "I didn't think of this either, He Lin, if you don't want to participate, you can evacuate with the scale armor mercenary group, presumably, the other party will not hinder."

The old man looked at He Lin, nodded and said: "Except for the girl in the carriage, the old man will not stop any of you from retreating."

He Lin thought for a while, then looked at the other five members of the scale armor mercenary group behind him.

Sighed, said: "This matter, our scale armor mercenary group will withdraw."

Immediately, he looked at Yang Qi and said apologetically, "Brother Yang, I hope you can understand."

The relationship between the mercenary group and the employer is, after all, a relationship of interest.

If this benefit, life will be endangered!

Then, the mercenary group is also obliged to unilaterally cancel the mission.

Yang Qi's face darkened, and he nodded.

This is also impossible.

The opponent is a Half Emperor powerhouse after all!

In the carriage, Yang Yuwan's bitter voice also came out.

"Big brother, little black brother, you guys go too, his target is me."

A half-emperor who is qualified to hit the imperial realm.

She also thinks that no one is his opponent here!

Here, life will only be wasted...

Yang Qi shook his head and said with a smile: "Little sister, I told you, if he wants to take you away, he must step over my corpse!"

After finishing speaking, Yang Qi took out a sword, held it in his hand, and faced the old man head-on!

See it.

The old man also nodded, and said: "You value love and loyalty. If you are not entrusted by others and must be loyal, then the old man may let you go, but..."

After finishing speaking, the old man stuck out his finger.

A group of aura condensed to the extreme shot out towards Yang Qi!

Locked by a half-emperor, Yang Qi held the sword, but he couldn't move it!

As if he was imprisoned in place, he could only watch helplessly as the terrifying aura ray hit him!

But, at this moment.

In front of Yang Qi.

A series of sharp and majestic sword intents of Jian Zong.

Gathered into a void sword.

Stopped the condensed aura to the extreme!

The aura shattered, and the sharp sword disappeared in an instant!

Even Ye Qiubai himself trembled slightly!

Yang Qi was taken aback, looked at Ye Qiubai beside him, and said, "Aren't you leaving?"

Ye Qiubai raised the Dark Demon Sword in his hand and asked, "Why do you want to leave?"

"This is my task, of course I will complete it."

Yang Yuwan's voice came out: "But, you are not opponents!"

Ye Qiubai smiled and said, "That's not necessarily true."

Cross-border operations?

Excuse me.

Everyone in the thatched cottage, which time did not cross the border to fight?

Even Ye Qiubai himself has crossed two great realms and beheaded the opponent!

Today.

It's just a bigger span!

The old man also frowned slightly.

"Jianzong of Qianyuan Realm? But even so, with this power, how can he compete with the old man?"

Ye Qiubai smiled and said, "Who said I'm going to fight you one-on-one?"

The voice fell.

Shi Sheng on the side took out the Emperor Ming Xuan Axe!

The power of the stars surrounds him!

Heavy!

The old man frowned: "The long-lost power of the stars?"

On the other side of Ye Qiubai.

There are also three lines on Xiao Hei's body!

Physical strength, terror skyrocketed!

The space around him seems to be slightly distorted!

"Physical training?"

"The talents of the three of you are quite good. With such talents, why do you still want to be mercenaries?"

The talent of the three members of Caotang.

Want to join the big forces.

It can be said to be a breeze.

Ye Qiubai smiled and said: "I don't need you to worry about this. Today, you can either leave by yourself, or you will be defeated by us."

Heard the words.

The old man smiled lightly.

Among them, there is no option for him to kill all three of Ye Qiubai!

"You are not very young, and your tone is not small."

"I hope you have the strength to match it."

The voice did not fall.

The old man stretched out his hands at the same time!

The aura of a strong man in the half-emperor realm erupted outrageously!

An extremely strong coercion moved toward Ye Qiubai and the three of them!

at the same time.

The old man has no intention of keeping his hand.

Press down with both hands suddenly!

Two big palm prints in the void formed on the top of Ye Qiubai and the three of them, and then, they slapped the three of them from top to bottom!
