

My Disciples 281

Chapter 281 Qingyun Sword Reappears!

Half Emperor Realm is divided into two types.

One is the Half-Emperor Realm where no breakthrough can be made.

The second type is like the old man in front of you, who is qualified to continue to break through to the emperor's realm!

Although there seems to be no difference between the two, they are both in the Half Emperor Realm.

But there is a huge gap in strength!

Like now.

Ye Qiubai could clearly feel it.

This Half-Emperor powerhouse has a much stronger sense of oppression than the Half-Emperor powerhouse in the wild realm!

But.

As a sword cultivator, you should be indomitable!

The sword in the hand can be kept sharp.

So, Ye Qiubai didn't show any signs of retreating, instead he smiled and said, "Junior brother, let's fight together."

Speak.

The sword in his hand swung out!

Heavenly Demon Nine Swords, Ninth Sword!

The sword technique of the Heavenly Demon Nine Swords is the unique skill of the Sword Master!

After Master's improvement, its power is much stronger!

The current Ye Qiubai used the last sword of the Heavenly Demon Nine Swords, although it was a bit reluctant, but he was still able to cut it.

When facing such a strong person.

Ye Qiubai certainly can't have any intention of slacking off!

The sword intent of the sword sect in the sword field gathers on the dark magic sword!

A huge dark black slash, full of monstrous devilish energy!

Slashed towards the two shocking palm prints above the head!

Shi Sheng also nodded.

The Minghuang Xuan Ax in his hand was covered by the power of the stars, making it even heavier.

Holding the handle of the ax in both hands, he slashed towards the top of his head!

Xiao Hei is even more direct.

growled.

Footsteps suddenly stepped on!

The ground is cracking like crazy!

The body is also at this moment, like a cannonball, following the slashes released by Ye Qiubai and Shi Sheng, rushing towards the sky!

The strength of the three of them.

At this moment, no reservations!

Yang Qi looked at this scene with a startled look on his face.

When they killed twelve False God Realm powerhouses, did they still have any reservations?

Is this their true strength?

If it was him, even if he faced one of these attacks, he would be instantly killed, right?

far away.

The scale armor mercenary group that had already evacuated felt this breath.

It's all about looking back.

He Lin also showed horror.

"Have they not retreated yet?"

"With such strength, are you really not a person from the Borderless Domain?"

Having been with the Yunqi City Mercenary Guild for so many years.

There may not be many young talents who can be compared with the three of Ye Qiubai...

And those people, all of them are the arrogance of going out to experience from the big power!

In the carriage, Yang Yuwan also opened the curtain and stepped out of the carriage.

Yang Qi hurriedly persuaded: "Little sister, don't come out, it's dangerous!"

Yang Yuwan shook her head, stared closely at Xiao Hei's back, and said, "What's the use of staying in the carriage even if a strong person who can hit the emperor's realm?"

Hearing this, Yang Qi was silent.

The old man in the sky watched the three attacks.

There was also a look of surprise in his eyes.

These three attacks made him vaguely feel threatened!

How did they do it?

It's just a junior of Jianzong in the Qianyuan realm.

A junior in the middle stage of the False God Realm who cultivates the power of the long-lost stars.

There is also a pretty good junior who has been tempered physically.

But.

Even so.

The realm between them is also like a horizontal ditch!

How could it make him feel threatened?

Just when he thought so.

Ye Qiubai's slash also collided with the suppressed two palm prints!

Boom!

One time.

Reiki wantonly!

The dark magic energy also leaked towards the surroundings at this moment!

When Yang Qi felt the magic, he felt fear in his heart!

Yang Yuwan frowned even more, feeling extremely depressed in her heart...

but.

This slashing attack abruptly blocked the suppressing momentum of the two palm prints!

at the same time.

The slash formed by the power of the stars also followed!

Together resist the attack of the Half Emperor!

The space where two sides meet.

At this moment, it actually started to tremble violently!

You must know that the space of the borderless domain is much stronger than other low-latitude domains.

Under two slashes.

Xiao Hei followed closely behind!

A deep roar came from the throat!

A punch came out suddenly!

The application of three lines, the full release of the eternal magic body!

Let Xiao Hei's physical strength reach an extremely terrifying level at this moment!

When the punch was blasted, there were bursts of sonic booms in the air!

Immediately, it hit the old man's two palm prints!

Boom!

Another bang!

Under the horrified eyes of Yang Qi and Yang Yuwan.

and the old man's surprised eyes.

Those two huge palm prints.

At this moment, he was attacked by Ye Qiubai and the others with all their strength.

Hit one crack after another!

And once there is a crack.

Then, its power is also constantly decreasing!

soon!

The two palm prints were smashed into pieces!

Xiao Hei also fell to the ground again.

The old man frowned, looked at the three young juniors below, and said in a concentrated voice:
"How did you do it? Where did you come from?"

This kind of strength, this kind of talent.

It is absolutely impossible to be an unknown person!

It is very possible that they are the arrogance of those big forces!

If that's the case.

The old man really didn't dare to kill Ye Qiubai and the others.

A Long Qicheng only made him a little afraid.

But.

Once the strong men of the big forces make a move.

Then, even if he goes to heaven and earth, he will be hunted down to death!

Ye Qiubai chuckled lightly and said, "Don't be nervous, we don't have any background here."

The old man: "..."

Do you believe me?

However, even if he dare not kill.

Ye Qiubai and the others have also rushed towards him on their own initiative!

I saw the endless sword intent in the sword domain, turning into a monstrous river of swords!

And Ye Qiubai stepped on the Jian River and came towards him!

Shi Sheng controls the power of stars all over the sky!

The breath is vast, mysterious, and thick!

Xiao Hei stepped out!

In his opinion, if one punch doesn't kill the enemy, then two punches!

The battle of physical training is that simple, without any fancy tricks.

The old man snorted coldly.

The big deal is to hide his name, and when he breaks through the emperor realm, he will have a chance of life!

thought of this.

The old man put his hands together suddenly!

On his chest.

The aura of the Half Emperor Realm keeps gathering!

With the old man's hands slowly separated.

The gathered aura is getting bigger and bigger!

The speed of gathering is also extremely fast!

The three of Ye Qiubai were about to rush forward.

That monstrous spiritual energy has already gathered into a huge spiritual energy stone!

"As long as you can smash this blow, the old man will leave!"

Say it.

As the old man's voice fell, he gently pushed out his hands!

The aura boulder was also thrown towards Ye Qiubai and the others!

This blow.

Compared with the two palm prints just now, the power is several times stronger!

Rely on the attack just now.

Maybe unbreakable.

thought of this.

Ye Qiubai's face was stern, and he put away the Dark Demon Sword!

in his hand.

A long sword hidden in the sheath, which looks extremely simple, appeared.

The meaning of the way of the sword is continuously revealed from the scabbard...

Chapter 282 The Shadow Comes!

Qingyun Sword.

It was when Lu Changsheng accepted his disciples.

A gift for Ye Qiubai.

The ultimate holy artifact!

Compared to the Dark Demon Sword, it is higher than I don't know how many levels.

Ye Qiubai used it once when he was in the Southern Region.

However, Ye Qiubai at that time did not have the ability to pull out the Qingyun Sword.

And now Ye Qiubai.

Hold the scabbard with one hand and the hilt with the other.

The way of the sword is surging crazily!

Yang Qi and Yang Yuwan below both looked horrified.

What kind of sword is this? !

Has such a terrifying and palpitating power?

Moreover, look at the sword aura on it, it is not the same as the aura of sword intent!

However, compared with Sword Intent, it is deeper and sharper!

Even the old man showed a look of horror!

Well known.

Sword Intent is to concretize the understanding of Sword Dao in Jianxiu's heart.

When using the means of killing, display the concrete understanding of swordsmanship!

so.

Everyone's sword intent is actually different.

Someone's sword intent is like a river, shallow and narrow but long, if gathered together, it can turn into a river or even a vast ocean!

Someone's sword intent is like the sharpest spear, small but sharp, to pierce the face!

And now.

Ye Qiubai's simple long sword hidden in the sheath in Ye Qiubai's hand carried the sword energy on it.

But it is different from the usual sword intent.

This is not a personal understanding of kendo.

This is the rule of the Way of the Sword!

He has neither seen nor heard of it.

What kind of power is this?

Beyond all artistic conceptions!

It's like the way of heaven!

Ye Qiubai touched the Qingyun Sword in his hand.

There is fanaticism, respect, and nostalgia in the eyes.

"I don't know if I can pull you out now, and how much I can pull out, or if I can withstand your strength..."

Master once said.

Unless it is a last resort.

Otherwise, you absolutely cannot pull out the Qingyun Sword by force!

Otherwise, the way of the sword will eat back at Ye Qiubai.

The consequence...may be death!

But.

At that time, Ye Qiubai's realm was low, and his understanding of kendo was also very low!

And now.

He's grown up a lot.

The state has reached the late Qianyuan state, and the state of kendo has reached the state of Jianzong!

He wants to try.

I also want to see it.

What does the Qingyun sword in this sheath look like.

And seemed to feel Ye Qiubai's obsession.

The Qingyun sword in its sheath also gave out humming sword sounds!

Wisps of the way of the sword surround Ye Qiubai's body, enveloping the sword intent inside and outside of him!

It seemed to be responding to Ye Qiubai!

The old man's face is also quite dignified.

Facing the Qingyun Sword in Ye Qiubai's hands, he felt an unprecedented sense of crisis in his heart!

He only experienced this feeling twice in his life.

Once, in the restricted area of life, encountered a desperate situation of life and death!

And the second time, that is now!

Can't go on like this...

The old man's expression was incomparably dignified. His brows, which had completely turned white, were even slack. At this moment, they were tightly knit together.

Looking down, Yang Yuwan outside the carriage!

She must be dealt with!

In this way, he can leave as soon as possible!

Think here.

The old man no longer cares about the dignity of a monk.

Lost face, lost the integrity that belongs to the strong!

Put out a finger, and the direction the fingertip points to is Yang Yuwan's eyebrows!

He must deal with Yang Yuwan as soon as possible!

Otherwise, facing Ye Qiubai's next attack head-on, life and death are very likely!

On the other hand, Ye Qiubai now holds the hilt of the sword with one hand and the scabbard with the other!

Want to pull out Qingyun Sword!

But, how could it be so easy to pull out the Qingyun Sword?

When you pull it out with all your strength, you can feel a strong resistance against it!

Wisps of the sword's principles were transmitted from Ye Qiubai's palm to his body at this moment!

Wreaks havoc within its body!

Painful!

On Ye Qiubai's forehead, beside his temples, there are streaks of blue veins throbbing...

looked extremely hideous.

On the other side, Xiao Hei saw that the old man turned his target to Yang Yuwan, his eyes narrowed slightly!

The mission of their trip is to **** Yang Yuwan to Longqi City safely!

If she lives or dies here, the mission will fail.

What they have done before will also be in vain.

no!

can not be like this!

Xiao Hei let out a low growl, and stepped into the void!

Space Trembling!

Ripples, like the circles of ripples caused by a stone thrown into a calm lake, continuously appeared under Xiao Hei's feet.

Because of this, Xiao Hei forcibly stopped his forward body.

With another step, she rushed in front of Yang Yuwan!

Seeing that thick, slightly dark-skinned back.

Yang Yuwan's eyes were slightly stunned.

Opened his small mouth, wanting to say something, but couldn't say it.

However, at this moment, her heart seemed to be filled with an inexplicable feeling, and she couldn't let go of anything...

Includes the task of going to Dragon City.

Including her eldest brother, Yang Qi.

Similarly, it also includes the interests of the Yang family...

Yang Qi was also moved.

Obviously just mercenaries.

Because of the task, but able to do this for them...

The old man snorted coldly when he saw Xiao Hei standing in front of him, "Although your physical strength is commendable, the horizontal gap caused by the gap in realm is not so easy to fill!"

The voice fell.

At the finger of the old man, the spiritual energy of the Half Emperor Realm is constantly gathering!

Converged into a point, and immediately, a tiny beam of spiritual energy shot towards Xiao Hei, and also towards Yang Yuwan who was behind Xiao Hei!

Condensed into a little aura.

How terrifying is the penetration?

And this kind of attack is the most effective for Xiao Hei.

Shi Sheng in the sky saw this scene with anxious eyes.

However, he couldn't leave.

Because the eldest brother is drawing his sword now, if he leaves, no one will delay the time for him to fall the aura boulder!

However, if he doesn't go, Fourth Senior Brother...

seems to be aware of it.

Xiao Hei grinned, and said: "Leave it to me to deal with, junior brother, please help senior brother!"

The voice has not yet fallen.

The aura beam is already approaching!

Xiao Hei let out a roar.

Demonic energy surges from his body!

Eyes are covered by shadows!

Between the eyebrows, there is a black flame that starts to burn!

The Demon God is coming!

Bewitched!

Today.

Xiao Hei has been able to stay awake and display the enchanted state!

The monstrous devilish energy gathered behind him to form a huge shadow!

The phantom man has an unreal figure, and his face is covered by black mist.

However, it can be seen faintly.

The face of that huge specter is somewhat similar to that of Xiao Hei!
at the same time.

On Xiao Hei's swarthy body, there are three lines covering it at the same time!

The meaning of flame, the meaning of ice, and the blood-red killing intent!

Surge at extreme speed among the lines!

In contrast, the blood in Xiao Hei's body was also surging wildly at this moment!

The old man's eyes narrowed slightly.

He saw that after this body repair, the body of the huge phantom was also covered with three stripes!

Demon energy surges in this sky!

Chapter 283 Life is bumpy

Sword intent wrapped Ye Qiubai's hands.

Use all your strength to pull out Qingyun Sword!

But.

The level of Qingyun Sword is too high.

The rules of the way of the sword, the state of the way of the sword, is far beyond Ye Qiubai's state of the way of the sword!

It can be said.

Between the two, it is not a product of one dimension.

so.

Just trying to pull out the Qingyun sword, Ye Qiubai was also violently attacked by the way of the sword!

The way of the sword is raging around in his body, impacting his flesh, bones, meridians, and dantian!

Made Ye Qiubai extremely painful!

However, Ye Qiubai did not give up because of this!

Gritting his teeth tightly, he wanted to let Qingyun Sword out of its sheath!

And the stone is born.

Standing in front of Ye Qiubai, the Emperor Ming Xuan Ax in his hand smashed heavily on the aura boulder!

Preventing the approach of the aura boulder again!

The power of the stars is constantly surging throughout Shi Sheng's body!

He can't retreat, behind him.

It is the big brother who he regards as family and big brother!

Below.

Xiao Hei's body was covered with monstrous devilish energy!

The demonic energy gathered behind him, forming a phantom of a demon god!

Facing the bullying aura beam.

Xiao Hei does not retreat but advances!

Take a step forward.

The phantom of the demon **** behind him also took a step forward at this moment!

Immediately, synchronized with Xiao Hei's body, he punched out!

Demonic energy surges!

Xiao Hei in a state of enchantment.

The power of the Eternal Demon Physique is superimposed.

Physical strength skyrocketed again at this moment!

With one punch, there are even cracks in that space that are hard to see with the naked eye!

You must know that the space without borders is extremely solid!

Even a Half-Emperor might not be able to break through easily!

And the huge fist of Demon God Phantom also collided with the beam of aura coming from it!

Boom!

Aura beams are composed of countless half-emperor auras, and they can pierce the surface. How strong is the penetrating power?

Under Yang Yuwan's worried eyes.

The fist of the phantom of the demon god, at this moment, aroused a lot of dark magic energy!

However, it did not penetrate it!

Seeing this scene.

The eyes of the old man are slightly condensed.

How can it be? !

You know, he didn't hold back this aura beam.

Gathered the aura of his full blow!

Similarly, he is not the kind of ordinary half-emperor who can no longer make breakthroughs, but a strong man who is qualified to ask for the emperor's realm!

But was blocked by a junior?

Yang Qi also opened his mouth wide, and his mouth was O-shaped, like a duck egg.

If Lu Changsheng were here, he would never be allowed to sit at the dinner table.

Otherwise, I will definitely not be able to grab him...

And the other side.

The Qingyun sword in Ye Qiubai's hand, at this moment, the way of the sword soars into the sky!

Constantly wreaking havoc in this space!

The old man couldn't help taking a step back, his eyes showing horror.

This battle.

He has been horrified so many times.

The instigators are these three juniors!

Ye Qiubai gritted his teeth tightly.

Bearing the backlash brought about by the way of the sword.

Wrap your hands with sword intent, try your best!

The white sleeves on that hand also exploded layer by layer at this moment!

And this moment.

Qingyun Sword.

Moved!

The even more terrifying regular breath of the sword, between the intersection of the scabbard and the hilt, kept gushing out!

It's about to be pulled out!

Ye Qiubai let out a low growl.

As if to use up the last strength, aura, and sword intent of the whole body!

Qingyunjian also seemed to feel Ye Qiubai's strong obsession.

And the pursuit of the way of the sword!

The blade of the sword was revealed from the scabbard!

And just pulling out this little bit, the way of the sword in it, the seal of the scabbard is loosened!

Countless principles of the sword.

Converged into a series of slashing strikes, they slashed through the air towards the aura boulder!

At this moment, the space was actually marked with cracks!

Even such a solid space as the Borderless Domain cannot withstand the Dao of the Sword!

after all.

The power of Taoism.

is something that the low-latitude boundary cannot bear.

Something related to the rule of the road.

Which one is easy?

Besides, it's still the way of the sword!

Among the three thousand avenues, it is also a top-ranking existence!

Shi Sheng felt the way of the sword, so he also put away the Minghuang Xuanaxe and hurriedly backed away!

The slash transformed by the way of the sword did not collide with the aura boulder!

Instead, it penetrated directly and cut through the aura boulder!

After a series of slashes, the aura boulder was divided into rubble!

Immediately, it dissipated in this world.

The old man looked shocked.

However, it was too late to react.

The slash transformed by the way of the sword directly penetrated his body at this moment!

The eyes still had that unbelievable expression.

was split in two!

Whether it is the physical body, the dantian, or... the soul!

This Half-Emperor powerhouse who can reach the Emperor Realm.

At this moment, the body dies and the dao disappears!

Simply put...the dead can't die anymore.

That is to say, dead!

Seeing this scene, Ye Qiubai quickly put away the Qingyun Sword.

The way of the sword also dissipated in this space...

Just that broken space.

It is vaguely recorded that the existence of the Way of the Sword...

Ye Qiubai felt the lack of spiritual energy in his dantian, and his body was in great pain!

It seems that every part of his body has been chopped into pieces by the way of the sword.

Fortunately, there is this second dantian, and there is this sword intent in the sword dantian, which supports Ye Qiubai from falling down.

From the ring.

took out several recovery pills refined by the master.

After taking it.

Only then did the injury stabilize.

However, his face was still pale.

Just pulled out a corner.

There is such a huge backlash, aura consumption, and such a powerful power...

If all are pulled out.

Qingyun sword was completely unsheathed.

What should that scene be like?

Ye Qiubai is yearning.

At the same time, the pursuit of strength is more urgent.

the other side.

Yang Qi looked shocked at this scene.

With the strength of the late Qianyuan stage.

Beheaded a Half-Emperor who was qualified to hit the Emperor Realm?

This talent... can be called terrifying!

It can be said that if Ye Qiubai is not dead, he will surely step into the realm of emperor in the future!

And what about Yang Yuwan?

She didn't notice the scene of Ye Qiubai beheading the old man.

At this moment, all of her thoughts are involved in Xiao Hei...

She understood that she had met a man who was worth entrusting her life to, and for whom she fell in love.

pity...

Fate is rough.

Why didn't I meet you before this?

Maybe... There are so many regrets in life.

It cannot be made up, it can only be used as a good memory...

...

At the moment.

Savage frontier.

In the thatched cottage in the southern region.

Lu Changsheng looked at the space shuttle formation in front of him.

Putting his hands on his waist, he took a long breath.

"It's finally arranged, hey, I wasted so many brain cells..."

"Try it first, just go to that boundary, let Hongying make me a fish soup, refresh my brain!"

Hearing Lu Changsheng's words, Mu Wan'er's eyes lit up.

"I'm going too, I'm going too! I haven't seen Sister Hongying for a long time!"

Finished speaking.

The two of them stepped into the space shuttle formation together, preparing to go to the Heavenly Spirit Realm...

Looking for Hongying...

Boil fish soup?

Chapter 284 Supplementing the Way of Heaven

In the realm of the heavenly spirit.

The Yunhuang Empire has completely established itself in this world.

Not only because of the surrender of Tianlingzong and other forces.

Now, Hongying's strength has also returned to the half-emperor level!

She who has reached the imperial realm.

The perception of realm is enough.

As long as the aura is sufficient, you can break through at any time.

What's more, Hongying practiced nine-reincarnation reincarnation and experienced nine reincarnations, and the talents of each life were superimposed on her.

In addition to the exercises given by Lu Changsheng, as well as the rich aura of the Heavenly Spirit Realm and the Realm Heart of the Savage Realm.

Various opportunities.

This made Hongying recover her strength extremely fast!

at present.

In addition to cultivation, Hongying's mission is to organize the Yunhuang Empire and break through the forbidden life zones in the Heavenly Spirit Realm!

And, the most important thing.

That is to connect the realm of the heavenly spirit with the realm of the wild.

At the same time, let the aura in the wild realm return to its normal state.

In Yunhuang Palace.

Hongying was dressed in a luxurious phoenix robe, with a phoenix crown on her head, and sat on the throne, her aura of a king could be revealed subconsciously.

In front of her, the national teacher stood with Kong Jiangnan, the former overlord of the Tianling Realm, the suzerain of the Tianling Sect.

Just listen to Kong Jiangnanhui's report: "The spiritual energy in the barbaric realm is too thin, which is the root cause of the decline of the monastic civilization in the barbaric realm."

"If you want to solve it, I am afraid that even if you connect to the Heavenly Spirit Realm and transfer the aura from the Heavenly Spirit Realm to the Savage Realm, it will not help."

Hongying frowned slightly, and said, "Then what should I do?"

The national teacher took the conversation and reported: "Your Majesty, I have also studied this issue in the past ten thousand years."

"Finally, a conclusion has been reached."

Everyone couldn't help looking at the national teacher.

The national teacher stretched out his finger, pointed to the sky, and said in a deep voice: "The aura in the wilderness is so thin, I think the root cause is the collapse and lack of the way of heaven."

"If you want to restore the aura of the wild realm, then not only must you connect to the heavenly realm, but you must also complete the way of heaven!"

That's right.

After fighting the heavenly road.

The way of heaven in the barren realm collapsed.

Also because of the collapse of the way of heaven and the lack of inheritance.

It directly led to the complete decline of the monastic civilization in the barbaric realm after experiencing the glorious era of ancient times!

Not even a strong emperor!

After listening.

Hongying nodded.

"Then everyone, complete the way of heaven, do you have a solution?"

Speaking of which.

The national teacher shook his head, and said helplessly: "I am old and incompetent, and I didn't think of a way to deal with it."

Kong Jianghan also shook his head.

Obviously.

They have nothing to do about it.

The way of heaven is always a word of the highest level.

At the same time, it is also extremely mysterious, and no one understands it.

In this low-latitude boundary, no one can control it.

Not to mention completion?

It is at this moment.

At the center of Yunhuang Palace.

A space crack was torn open!

Two figures walked out of them.

"Huh? Are you there yet?"

Watching a man as rich as jade and a girl as sculpted as jade come out.

Hongying was taken aback for a moment, then smiled and said, "Master, why are you here?"

Guo Shi and Kong Jianghan also turned their heads to look.

The eyes of the two are a little different.

The national teacher looked at Lu Changsheng with respect in his eyes!

After all, the other party is His Majesty's master, and his strength is unfathomable!

It is all thanks to Lu Changsheng that they were able to defeat the Heavenly Spirit Realm and reach their current height.

Kong Jianghan is a little scared...

In his hands, he, a strong man in the imperial realm, has no room to resist!

I'm afraid, his strength has already surpassed the imperial realm...

After all, the eight emperor realm powerhouses.

In his hands, it is like destroying everything.

Only relying on the formation, they can suppress the existence of them!

Mu Wan'er bounced and ran to the throne.

The Nine Heavens Department on the side wanted to block it.

But Hongying waved her hand and said: "It's okay, come on, sister Wan, sit here."

Everyone in the Nine Heavens Department gave a wry smile.

There are only people in the thatched cottage, His Majesty will be so close.

Hongying stood up and walked in front of Lu Changsheng.

Master is standing, how can she sit?

"Master, why are you here when you have time?"

Lu Changsheng didn't say a word, looked around, and said, "Hey, where is the kitchen?"

Cook...kitchen?

Kong Jianghan and others were dumbfounded.

Hongying had a bad premonition.

Just as he was about to say something, Lu Changsheng said bluntly: "Hurry up and boil a fish pond for me. It really took a lot of my brain power to set up a space shuttle for me. I'm exhausted buddy."

Space shuttle array?

Kong Jianghan was taken aback, and asked: "Senior, have you arranged space nodes in the Tianling Realm?"

"What do you want that thing for?"

Looking at Lu Changsheng's puzzled face.

Kong Jianghan frowned, and said with a wry smile: "It takes a lot of manpower and resources to set up this kind of cross-boundary shuttle formation, and it takes a long time. Even if the Tianlingzong is sold, it can't afford it."

"Moreover, it is necessary to arrange space nodes at the end of the transmission to achieve fixed-point transmission between boundaries."

But.

Looking at Lu Changsheng like this, it is obvious that no space nodes are arranged.

Could it be possible to travel freely in various realms?

Damn...can't...

Lu Changsheng scratched his head, thought for a while, and said, "Manpower? I arranged it by myself, so it shouldn't be too expensive."

"The resources are all ready-made, and the time is indeed very long. It took two full days!"

Two what...

What day? ?

This formation.

Even if all the formation masters in the Tianling Realm are assembled to arrange together.

In the case of not counting resources, it may not be possible to arrange it in three years!

What's more, it's still the kind of ultra-long-distance boundary teleportation array that doesn't require space nodes!

This kind of formation is in Kong Jianghan's cognition.

There is only a borderless domain, and there is one.

And there is still a large teleportation array with space nodes...

Hongying smiled and said: "Don't make a fuss, Master's level of formation is unfathomable."

"All right, all right."

Lu Changsheng said impatiently: "Hurry up, fish soup!"

The national teacher smiled and said: "Senior, wait a moment, I will ask someone to do it."

Hearing this, Hongying smiled and said, "I'll do it."

Forehead...

"Your Majesty do it yourself?"

"Of course, when I was in the thatched cottage, I was responsible for making the soup."

Under the dumbfounded gazes of everyone, Hongying took out an apron from the ring and walked towards the outside of the hall.

Although ascetics don't have to be afraid of oil stains or anything.

However, according to Lu Changsheng's words.

If you cook without an apron, how can you look like a cook?

Soon, the fish soup was served.

Lu Changsheng sat on the throne and finished drinking safely, then touched his stomach, and said, "That's enough, that's enough, I've finished drinking, and I'm going back to take a nap."

Hongying smiled and said: "Master, don't rush away, there is a problem that needs you to solve."

Lu Changsheng: "..."

Looks like this fish soup is for nothing...

Chapter 285 establishes the way of heaven to determine people.

Lu Changsheng's entire body, as if he had no bones, collapsed on the throne.

Low eyes, drooping eyelids.

ah...

Why do you want to accept apprentices...

ah...

Aren't apprentices used for old age...

Why is it that I don't develop old-age care now, but I'm getting more and more busy...

Lu Changsheng began to miss the days when he didn't accept apprentices...

Sleep, eat, drink.

Plant flowers and trees.

Keep small animals.

Draw a picture, write a calligraphy, ponder over the elixir formation when you have nothing to do.

What a leisurely day...

What now?

What now!

Don't talk about it, Lu Changsheng's eyes are full of regret now, and the eyes he looks at Hongying are starting to look bad.

Hongying chuckled lightly, and said: "Master, don't look at me like this, the disciple has nothing to do, so I can ask you for help."

"Okay, okay." Lu Changsheng waved his hand and said, "Hurry up and talk."

Afterwards, Hongying glanced at Guoshi and Kong Jianghan.

The two met.

Then he narrated the whole story.

After hearing this, Lu Changsheng understood.

No... I understand!

"The way of heaven is damaged, you want me to fill in the gap?"

"You think I'm omnipotent? How could I!"

Lu Changsheng rolled his eyes, and said, "I haven't even seen the Heavenly Dao, so let me go. You really think highly of me."

Hongying smiled helplessly, "It's because we have nothing to do, that's why we want to find Master. You have so many ideas, and you are so capable, there must be a way."

Heaven.

Each realm has a way of heaven.

He will not be in charge of the trivial matters of the realm.

However, he determines the level of monastic civilization in this realm.

It is precisely because of the damage of the heavenly way that the aura in the barbaric realm is so thin.

As a result, there is not even a strong emperor in the imperial realm.

But.

What does this have to do with him, Mr. Lu?

The lower the strength of the barren realm.

It's a good thing for him!

He can still be the strongest in the wild realm, in case the aura recovers.

The overall cultivation level of the wild realm has risen, what should I do if I surpass him?

At that time, won't you have to be trembling again?

Can't do it, can't do it.

Lu Changsheng shook his head, just about to say something.

The long-lost voice sounded in Lu Changsheng's mind.

【Cultivation mission started: let the second disciple Hongying become the way of heaven in the barbaric realm】

Lu Changsheng: "..."

Are you going to play me here?

no.

This time I have to be tougher.

"I refuse, do not accept, impossible!"

【Reward: Primordial Primordial Body】

【Reminder to the host, the primordial primordial body, the first physique in all ages, can possess the primordial aura when the world first opened. Its function: to suppress all things and open up latitude space. 】

【Is the host sure you want to reject the mission? 】

Lu Changsheng: "..."

In the beginning, the Hongmeng body, let's not talk about its function.

It was the name of the number one physique in all ages, which deeply attracted Lu Changsheng's attention.

After all, it is impossible to abandon the apprentice.

As the apprentices become stronger and stronger, causing trouble, the enemies they invite will become more and more powerful.

Solving this problem can only improve your own strength!

Not to mention, the most important point.

Open up latitude space?

Does this mean that you will be able to open up your own world in the future?

You can also DIY yourself.

I just found a place for the elderly!

Which cadre can stand such a test!

What's more, someone with Lu Changsheng's personality...

【After five seconds, if you don't accept the task, it means the host will give up automatically】

【five...】

However, I haven't read four yet.

Lu Changsheng hurriedly stopped the system and said, "Ah, ah, what are you giving up? Who said you're going to give up?"

"For the sake of the apprentice, I, the master, have a duty to do it!"

"Don't think too much, it's definitely not for rewards! Get it."

system:...

what happened?

Why is this person so brazen?

"However, you have to tell me what to do?"

【Using the Heart of the Realm】

"Then what?"

...

"Hello, hello? Asleep? Crashed?"

"How about you restart it?"

Lu Changsheng almost cursed in his heart.

Just a hint like this?

What can this know!

However, since I have accepted it, I can only find a way by myself.

Lu Changsheng looked at Hongying, and said, "Okay, let's go back to the wilderness first, and I'll figure out a way."

Hongying's face beamed with joy.

Immediately, everyone traveled through space through the formation and returned to the wild realm together.

After feeling the space shuttle formation, Kong Jianghan was amazed again.

A formation master of Lu Changsheng's level, I'm afraid even in the borderless domain, it can't be compared?

Thinking of the earth that Lu Changsheng mentioned earlier.

Can't help shaking his head.

Earth... This unheard of realm is really scary...

After returning to the thatched cottage.

Lu Changsheng began to think of a way, thought of the system's prompt, looked at Hongying and said, "The heart of the realm is still with you, right?"

Hongying nodded.

The heart of the realm was released from Hongying's body.

Lu Changsheng looked at the heart of the realm, and asked: "Hey, how can I make up for the lack of heaven?"

The voice of the heart of the realm came out.

"With your strength, you can transform yourself into the way of heaven in this world."

"I want my apprentice to become the Heavenly Dao of this world, is it feasible?"

"Her strength is not enough."

Lu Changsheng thought about it.

Heaven.

In the records of the previous earth.

There is such a sentence.

Establish the way of heaven to determine people.

The general idea is that the establishment of the way of heaven, in the final analysis, is to set the rules for people.

So, what should we do in this world of cultivation?

Set the rules, that's what emperors do.

Just like the current Hongying.

However, she still has not become the Dao of Heaven, which means that this sentence will not work in the world of Taoism.

What is the way of heaven?

The way.

Mood.

Aura.

These three are all closely related to the way of heaven.

That is to say, is it just to fill up the aura of the wild realm?

The artistic conception of the five elements can be seen everywhere.

Letting this piece of the heavens in this world have the power of rules, can it fill the gaps in the heavens?

Think here.

Lu Changsheng's eyes lit up.

myself, as if grasped the point.

yes!

The power of rules!

Then, fill in the gaps in the way of heaven and let Hongying control the way of heaven in this realm.

Just let Hongyingxiu's five elements artistic conception master the principles of the way, that is, the power of rules!

Combined with the powerful aura of the heart of the realm.

Let its effect spread to the entire realm.

Then, wouldn't Hongying be able to rule the heavens in this world?

Think about it and start doing it.

Lu Changsheng called Hongying over, and said, "The way of heaven in this world is under your control."

"Now, you need to do three things, improve your realm, control the artistic conception of the five elements, and cultivate the power of rules!"

Hongying nodded upon hearing this.

It's easy to say that it's better to improve the realm. Now that Hongying has reached the realm of the half-emperor, she only needs to have enough aura to break through the realm of the emperor at any time!

Control the artistic conception of the five elements?

Just go to the Taoist Mountain.

The problem is that the power of the rules...

But after thinking about it, since the master said these words, he must be sure.

Now, just complete the first two items first.

Chapter 286 Return to the Emperor Realm!

Seek Daoshan.

With Hongying's own identity and Lu Changsheng's reputation.

Naturally, you can enter casually.

Five elements artistic conception.

Gold, wood, water, fire, and earth.

This is the most basic existence among all artistic conceptions.

However, at the same time, it is also an artistic conception that is closely related to the world.

Although it is basic, it is not simple.

Before, Hongying had already comprehended the artistic conception of fire.

All Taos come from the same source.

The next four moods, with Hongying's comprehension, don't need to spend too much time.

And Lu Changsheng.

plunged into the alchemy room.

Now, Hongying's understanding of the realm is already enough.

All that is needed is aura.

Then, you only need to refine the elixir that absorbs spiritual energy quickly.

For future retirement life!

Fight!

Lu Changsheng took out various materials from the ring.

Start refining the elixir.

Mu Wan'er watched from the sidelines.

When Lu Changsheng was refining alchemy, Mu Wan'er would watch from the sidelines.

In this way, her understanding of Dan Dao has also been greatly improved!

One time.

In the thatched cottage, thunder rolls...

Thunder Tribulation keeps coming...

Five days passed by in a flash.

It's just the time for a monk to meditate.

Hongying also returned from Qiudao Mountain.

Five moods, all comprehension is complete!

Lu Changsheng also directly moved out the alchemy furnace.

Pointing at the pill furnace, he said: "The pills inside are all pills that can increase the speed of cultivation and improve the realm. I can make whatever I want in one furnace!"

One furnace?

Kong Jianghan and the national teacher were dumbfounded when they saw this scene.

Other alchemists refine one or two alchemists.

Let me tell you, this is the furnace as the unit of measurement?

Moreover, the elixirs here are all heaven-rank elixirs tempered by thunder calamity!

Elixir of this grade can be refined in one batch...

"Senior... using elixir to improve strength, will the realm be unstable and have side effects?"

The realm is unstable?

side effect?

what is that?

Lu Changsheng waved his hand and said, "No, I have improved all these pills."

Kong Jianghan:...

National Division:...

Hongying was not surprised.

What Lu Changsheng revealed was not only the realm of array, but also the realm of alchemy, which was unfathomable!

Refined elixir.

There are no side effects!

Hongying smiled and said, "Thank you, Master."

After finishing speaking, he took out three pills and put them into his mouth together. Then, he sat cross-legged and began to practice.

For a moment, the spirit surged wildly!

Around Hongying, a huge aura storm formed!

Immediately, was absorbed by Hongying...

The realm is unstable.

That's because the understanding of the realm is not enough.

Using Tiancaidibao to forcibly ascend up, then the realm will be unstable.

And Hongying.

In his previous life, he was originally a strong man in the imperial realm.

Now, the ninth generation reincarnates.

The perception of realm is already enough.

Add Lu Changsheng's improved pill.

The realm is unstable?

nonexistent.

Time passed slowly...

Finally, after ten days.

In thatched cottage, even in the entire Southern Region!

The horrible breath, like boiling water, began to boil violently!

People in the whole barbaric realm have set their sights on the southern region!

what happened?

"Which senior is making a breakthrough?"

"This kind of aura fluctuation, even if you break through to the Half Emperor, it is not so terrifying!"

"Could it be... the emperor?"

For a while, many people set their sights on the Southern Region.

Emperor realm powerhouse.

After thousands of years, will it finally appear?

Hongying's whole body was filled with a storm of aura, while her dantian was constantly absorbing the monstrous aura!

Because of the effect of the elixir.

It doesn't need to be purified, and there is no need to worry about too much aura, which cannot be absorbed.

Even, with the help of the pill refined by Lu Changsheng.

The speed of absorption has also become extremely fast!

It's like a whale swallowing.

Quickly absorb the surrounding aura surge!

National Teacher and Jiutianbu looked at Hongying excitedly.

Finally, is Your Majesty going to return to the Emperor Realm?

In that case, the Yunhuang Empire has truly returned!

It's an empire after all.

If there is no emperor realm powerhouse, then the name will not be worthy of the name.

And Hongying stepped into the imperial realm.

Those secretly dissatisfied voices will all disappear!

Another day passed.

Around Hongying, an extremely deep and mysterious aura emerged!

Kong Jianghan is very familiar with this breath.

Emperor Realm!

this moment.

Hongying officially returns to the realm of the emperor!

Among Lu Changsheng's disciples, there was finally a strong man in the imperial realm.

Hongying suddenly opened her eyes, and there was a divine light shining in her eyes!

Feeling this familiar but stronger power than previous life.

Hongying couldn't help laughing, then knelt down on one knee to Lu Changsheng, and respectfully said, "Thank you, Master, for your help!"

Lu Changsheng waved his hand.

seems quite indifferent.

After all, it is also for my own retirement life in the future...

Today.

The artistic conception of the five elements, the realm is enough.

Then, the only thing left is the power of rules.

And what Hongying is good at now is the power of reincarnation!

Then, Hongying only needs to comprehend the law of reincarnation, the way of heaven in this realm.

should be able to control.

Lu Changsheng thought for a while, looked at Hongying, and said, "You should understand it carefully."

The voice just fell.

On Lu Changsheng's body, there is a breath of reincarnation slowly rising...

Hongying was slightly taken aback.

This breath of reincarnation is different from hers.

It seems to be connected to the rules of heaven!

Lu Changsheng released the law of reincarnation while explaining: "The power of the law can also be called the power of the law of heaven."

"The artistic conception just means that you have come into contact with the source of this power."

"And Dao Ze, it means that you have already controlled this source of power!"

Hongying slowly closed her eyes.

She knew that Lu Changsheng was letting her realize the principles of reincarnation.

Although Kong Jianghan was puzzled, what exactly is the power of Taoism?

However, they also feel the power of this rule in horror.

Under the power of this rule.

He is like an ant...

The previous understanding of artistic conception, under the power of this rule, is like the difference between an ant and an elephant...

Hongying is under the wrapping of this law of reincarnation.

fell into a state of meditation.

The Realm of Heaven and Man!

Under the blessing of the realm of heaven and man.

Hongying's comprehension ability can be increased several times!

...

at the same time.

Unbounded domain.

In the mountain road five hundred miles away from Longqi City.

The convoy moved slowly.

Yang Qi looked at the looming huge city in front of him.

Sighed, said: "Little sister... is almost here."

A long while.

There was a muffled response from the carriage.

The tone is full of sadness, reluctance, and sadness...

Yang Qi naturally understood Yang Yuwan's thoughts.

Suddenly, he gritted his teeth and said, "Little sister, if you don't want to go, then let's not go!"

Yang Yuwan smiled wryly: "If you don't go now, it will be a breach of the agreement with the Long family. At that time, the Long family will also start targeting the Yang family."

"At that time, the Yang family will really have no room to save themselves."

Yang Yuwan opened the curtain.

Exposing that exquisite but full of sorrowful face.

Looking at Xiao Hei's back who is practicing with his eyes closed.

sighed.

After all, there is no fate...

Chapter 287 Shengyin Chamber of Commerce

A border city without borders.

Resources are extremely poor.

As a result, almost 90% of the cultivation resources need to be imported inland.

Therefore, the control of resources is almost in the hands of a large force in a city.

Longqi City, as a border city, can be ranked in the top three places.

The City Lord's Mansion, also known as the Long Family, is here to cover the sky with one hand!

The strength of the Long family is very strong.

There are several strong men in the imperial realm, and...a strong man who is distracted!

The purpose of the Yang family is through a political marriage with the Long family.

In order to protect his position in Yunqi City, at the same time, get the resources of Longqi City.

Once the Yang family succeeds, the rise of the Yang family will be unstoppable.

It is likely to swallow the resources of the other two.

This is also the reason why the other two big families in Yunqi City will kill the Yang family, and they will not hesitate to tear their faces.

Today.

The Yang family's convoy has arrived at Longqi City.

So far, the mission of the Grass Tuan Mercenary Group has also been completed.

After Ye Qiubai and the others left.

Yang Yuwan didn't do much to keep her.

After all, he has already arrived in Longqi City, too many actions will cause the opponent's dissatisfaction.

May affect subsequent cooperation.

I can only bless Xiao Hei in my heart.

I hope he can become famous in this borderless domain!

In the future, stand at the pinnacle of this realm!

Yang Qi took out a ring, handed it to Ye Qiubai, and said with a smile: "Brother Ye, it's a pleasure working with you."

"There are two hundred yuan crystals in here. After I go back, I will also explain the situation to the mercenary guild."

"The task this time actually exceeds the standard of the yellow-level mercenary regiment."

Ye Qiubai took the ring, smiled and nodded.

Subsequently, he separated from the Yang family and others.

In this Longqi City.

They were not in a hurry to return to Yunqi City to register for the mission.

Instead, I want to see the extraordinariness of Long Qi City.

Above Main Street.

The ascetics here can clearly feel that they are on a higher level than Yunqi City.

Even, one can feel auras that are much stronger than theirs.

For example, the Half Emperor powerhouse...

Shi Sheng said with emotion: "The borderless domain is indeed the strongest boundary in the low-latitude boundary."

Ye Qiubai also nodded in agreement, "It's much stronger than the wild realm."

"Our realm, placed here, is still not enough, we still need to work harder."

Just when the three of them were walking on the street, feeling the prosperity of Longqi City.

There were voices sounding next to it.

"The auction of the Shengyin Chamber of Commerce is about to start?"

"Well, I heard that there will be a lot of good things in this auction. Among them, the finale items even attracted the major forces in the surrounding cities and inland forces to participate in the snatching!"

"That's for sure. As the largest chamber of commerce in this area, the Shengyin Chamber of Commerce will auction ordinary products?"

"How about we go and have a look?"

"Come on, you, if you want to participate in the auction of the Shengyin Chamber of Commerce, you are not qualified yet, you must meet one of the three major conditions..."

At this time.

A figure sounded from beside the man.

"Which three conditions?"

The man was stunned for a moment, and looked behind, only to see Ye Qiubai and the other three walking over.

However, he did not hide it, but explained impatiently: "You must have a person with first-class power, and a person who can become a first-class power must have a person with a strong distraction."

After the Emperor Realm, it's time to distract and get together!

According to legend, the emperor of the Boundless Dynasty is a strong man at the peak of the Dao!

"Second, test your talent. If you can meet the talent standard of the Shengyin Chamber of Commerce, you can also enter."

"Finally, there is the Holy Hidden Order personally issued by the Holy Hidden Chamber of Commerce."

"Of course, the Shengyin Order has only been issued three times since the establishment of the Shengyin Chamber of Commerce."

Ye Qiubai nodded, looked at Xiao Hei and Shi Sheng with a smile, and asked, "Shall we go and have a look?"

Xiao Hei and Shi Sheng also had no objection and nodded.

Heard Ye Qiubai's words.

The people present couldn't help being taken aback.

Immediately, the eyes looking at the three of them also changed, a little eager.

Even the man who explained it changed from his previous impatience. With a flattering smile on his face, he rubbed his hands and asked, "Dare to ask... which great power are the three disciples?"

Able to participate in the auction of the Shengyin Chamber of Commerce.

The background is naturally not simple!

Ye Qiubai smiled and shook his head, "Thatched cottage."

Thatched cottage?

What kind of force is that?

When the man wanted to ask, Ye Qiubai and the others had already turned and left.

...

The Shengyin Chamber of Commerce has chambers of commerce in various places in the Borderless Domain.

The Shengyin auction this time was held at the chamber of commerce in Longqi City.

When the three of Ye Qiubai came here.

will be able to see.

The residence of the Shengyin Chamber of Commerce is very prosperous!

Around, at least there are ascetics in the False God Realm!

There are even more than a dozen powerful people in the imperial realm!

Ye Qiubai and the others came to the chamber of commerce.

Then there was a beautiful young girl who walked over in a gold-trimmed dress, with a faint smile on her face, and asked, "What do you three want to buy?"

Ye Qiubai could feel it.

Even this young girl has a Qianyuan realm cultivation!

A waiter in a chamber of commerce has a Qianyuan realm cultivation?

It is really not simple.

Moreover, the other party did not show contempt because of the realm of Ye Qiubai and the others.

"We want to participate in the Shengyin Auction."

The waiter smiled, no surprises.

"Dare to ask, do you have an invitation letter?"

Hearing the words, the three of them shook their heads truthfully.

"Then you can't participate."

Ye Qiubai smiled and said: "I heard that as long as the talent can meet the standards of your Chamber of Commerce, you can participate?"

The waiter was slightly taken aback, then nodded, and said, "Are you three wanting to test your talent?"

"If that's the case, come with me."

Ye Qiubai and the three followed.

The waiter brought the three of them into a room, then smiled and said, "Please wait a moment."

Finish and leave.

Shi Sheng asked with a smile: "I don't know if our talent is enough."

Ye Qiubai sat on the agarwood chair, spread his hands and said: "I don't know, but if the three of us are not talented enough, then we will lose face to Master and his old man."

Xiao Hei said in a deflated voice, "It's definitely enough."

Later, he added, "Their realm is stronger than ours, but they can't beat us."

Ye Qiubai and Shi Sheng couldn't help laughing.

This is the truth.

It didn't take long.

The waiter came over with a woman.

The woman is dressed in a purple-gold brocade robe.

Dressed in a brocade robe, she can clearly outline that fiery figure!

A head of black hair stood up and fell sideways on his chest.

Lips and teeth like jade, Qiong nose and small mouth.

A pair of red phoenix eyes and willow-leaf eyebrows seem to have a captivating effect.

"Do you want to test talent?"

Ye Qiubai nodded and said, "I'm sorry."

The brocade-robed woman covered her mouth with a chuckle, and said, "It's not a problem. If you are talented and evil, you can add three new allies to our Shengyin Chamber of Commerce!"

After finishing speaking, he took out a crystal ball emitting a purple halo, and said with a smile, "Just put your hands on it."

Chapter 288 Zijin Order!

"This crystal ball will detect the talents of the three."

"The criterion for judging talent lies in the current cultivation, the perception of artistic conception, and the cultivation method."

"The light that the crystal ball blooms is divided into four levels."

"From low to high, they are white, blue, golden, and purple-gold!"

"Okay, three, please put your hands on this crystal ball."

Hearing this, Ye Qiubai looked at Shi Sheng and said with a smile, "Little brother, you first?"

Shi Sheng nodded.

Take a step forward and gently place your hand on the crystal ball.

The woman smiled and said, "It's enough to operate your own cultivation."

Shi Sheng understood, and strands of star power were released from Shi Sheng's body.

fell on the crystal ball!

And this moment.

The crystal ball suddenly burst into purple-gold light!

Stripes of purple-golden light seemed to break through the room, shining around!

The woman looked horrified when she saw this scene, and then said solemnly: "The power of the stars..."

The power of the stars.

Its cultivation method has been lost for many years.

Because the cultivation conditions for the power of the stars and the conditions for ascetics are too harsh.

There are very few exercises.

This led to loss.

Now, the power of the stars is back in the world!

Even without the talent test of the crystal ball, there is not a single ascetic who can cultivate the power of the stars who is not a one-in-a-million super genius!

And Shi Sheng stepped back.

The light from the crystal ball disappears.

At the same time, Xiao Hei also put his hand on the crystal ball.

In a short while, three lines appeared on Xiao Hei's body!

Similarly, the crystal ball emitted a purple-gold light!

"It's...purple gold again?"

The woman was slightly dazed.

It is not uncommon for the crystal ball to appear purple-gold, but it is extremely rare!

Until now, it has not appeared again for tens of thousands of years.

Now there are two in a row?

When did genius become so cheap...

So much so that when Ye Qiubai put his hand on the crystal ball, a purple-golden light burst out.

Women are a little numb...

A monstrosity who cultivates the power of the stars.

A physical evildoer.

And the man with sword eyebrows and star eyes in front of him is a sword cultivator...

However, the woman did not ask Ye Qiubai and the others about their backgrounds.

Instead, he said with a smile: "You have passed, and you are eligible to participate in the auction of our Shengyin Chamber of Commerce."

After speaking, three purple-gold tokens appeared on that snow-white jade hand.

"This is the Zijin order."

Ye Qiubai smiled, and asked: "Didn't I hear that the Zijin Order of your Chamber of Commerce has only issued three pieces so far? Why are you giving out three pieces at once?"

Dong Xiaoqin smiled charmingly, Liu Yemei raised slightly, and said: "Then do you know how those three purple gold orders were issued?"

"Those who get the purple-gold order are the ones who make the crystal ball emit purple-gold light."

"And those three people have left this world now, can you understand what I mean?"

Leave this realm?

The borderless domain is the strongest boundary domain of the low-latitude domain!

none of them.

So, that is to say, those three people have left the low-latitude boundary and headed for the middle latitude...

"Your talent is worthy of investment from the Shengyin Chamber of Commerce, so this Zijin Token will be given to the three of you as an exception."

Dong Xiaoqin smiled and said, "So, we value your future."

In the words, Dong Xiaoqin did not hide her intentions.

after all.

Sometimes concealment is too much, but it will have a negative effect.

Dong Xiaoqin, as a senior executive of the Shengyin Chamber of Commerce, naturally understands this truth.

In front of a sword repairer with an extremely advanced state of swordsmanship.

Hypocrisy is useless.

Ye Qiubai smiled and accepted the Zijin order without refusing.

"Aren't you afraid that we will fall halfway?"

Dong Xiaoqin chuckled: "Then there is no loss for our Shengyin Chamber of Commerce, right?"

"However, you should know what privileges this Zijin Order has?"

Ye Qiubai shook his head.

Seeing this, Dong Xiaoqin explained: "The Zijin Token, as the most special token of the Shengyin Chamber of Commerce, has great privileges."

"First, you can pay on credit, that is, you can apply for use first and pay later in the Shengyin Chamber of Commerce."

"Of course, you can choose to pay the corresponding price later, or you can use your own favors in exchange."

Humanity.

is the highest price tag in the world.

Especially for Ye Qiubai and others, favors can be said to be quite valuable.

"Second point, you can mobilize the intelligence network of the Shengyin Chamber of Commerce. Of course, you need to pay the bill."

The largest chamber of commerce in the borderless domain, how big is its intelligence network?

It can be said that it covers the entire low-latitude boundary!

Of course, outsiders have no right to use the information network of the Shengyin Chamber of Commerce.

Therefore, this point can only be used by outsiders who have the Zijin Token.

"Third, all auctions of the Shengyin Chamber of Commerce can be entered, and if you want to auction something, you can waive the handling fee and conduct the auction for you for free."

Ye Qiubai looked at the Zijin Token in his hand, and nodded slightly.

These three privileges can be said to be quite convenient.

Still, use the privilege every time.

Also deepened the relationship with the Shengyin Chamber of Commerce.

For people with strong talents, the Shengyin Chamber of Commerce is still eager for the other party to use their privileges.

Still, an auction?

Come to think of it.

Ye Qiubai asked: "Anything can be auctioned for you, right?"

Dong Xiaoqin nodded and said with a smile: "That's natural, we won't charge a handling fee here, and at the same time, the commission will be drawn according to the minimum standard."

Hearing this, Ye Qiubai took out a jade purification bottle from the ring, handed it to Dong Xiaoqin, and said, "Then, consider this as a lot."

"This is?"

"Estimate the price of the elixir yourself. Presumably, with the vision of your chamber of commerce, you won't be unaware of the goods."

After speaking, Ye Qiubai, Xiao Hei and Shi Sheng left the small room and went to the auction site.

"I'm very confident..."

Dong Xiaoqin looked at the backs of the three leaving, smiled lightly, and said: "It seems that this matter has to be reported to the headquarters..."

Immediately, he took the jade bottle, walked to another room, and said: "Yi Lao, please, please identify this bottle of elixir."

Yi Lao nodded, took the jade bottle, looked it over, and then opened it.

Inside, four pills lay quietly.

The elixir exudes wisps of green light.

This green awn has the meaning of endless life!

Feel this breath.

Yi Lao's complexion became serious, and he asked, "Who made this elixir?"

Dong Xiaoqin shook her head and said, "I don't know."

With her vision, she can naturally see that Ye Qiubai and the others are not alchemists.

It is estimated that it was also brought out by the forces behind them.

Can cultivate these three evildoers at the same time.

How strong will the person standing behind them be?

It can be said.

Dong Xiaoqin is not just investing in the future of Ye Qiubai and the others.

They are pressing down on the people behind them...

Chapter 289 Auction begins

Auction venue.

Held at the Longqi City resident of the Shengyin Chamber of Commerce.

Along the way.

Shi Sheng asked: "Brother, is that bottle of elixir the elixir that Master gave us?"

Ye Qiubai nodded with a smile, and said: "Well, it is the elixir for restoring spiritual energy. The elixir refined by Master must be rare even in this borderless area."

Xiao Hei said in a muffled voice: "Aren't you afraid that the other party will set the price very low?"

"There's no reason for them to do that."

Ye Qiubai explained: "The other party has already given enough sincerity, if you use cleverness in this place, it will not be worth the loss."

Follow Ye Qiubai's idea.

The other party will not only not lower the price, but will try their best to raise the price!

In this way, it can also show the sincerity of Shengyin Chamber of Commerce to them.

At the same time, it is also a means for Ye Qiubai to test the sincerity of the Shengyin Chamber of Commerce.

but.

If Lu Changsheng knew, Ye Qiubai would sell his elixir.

That will definitely make you vomit blood with anger.

I didn't want to get involved with the outside world.

All of a sudden, the Shengyin Chamber of Commerce began to pay attention to Lu Changsheng's identity!

Ye Qiubai naturally thought of this, and added: "You two must never mention this matter to Master!"

Shi Sheng and Xiao Hei looked at each other.

Although I don't understand why I have to hide it.

However, since the eldest brother said so, the two still nodded.

...

In the room.

Yi Lao's complexion gradually turned from solemn to shocked!

The four pills in his hand caused a storm in his heart!

Looking at Yi Lao's expression.

Dong Xiaoqin was also slightly taken aback.

Yi Lao is an appraiser who came down from the headquarters.

It can be said that with Yi Lao's knowledge, there are very few things that can catch his eyes.

A top appraiser.

How many treasures of heaven and earth should I see in a day?

Thus, to make Elder Yi show such an expression, presumably, these four pills are all extraordinary!

"Old Yi, how's it going?"

"How to price these four pills?"

Heard Dong Xiaoqin's questioning.

Old Yi came back to his senses, took a long breath, and said, "You must find out who made this thing!"

"Then, at all costs, we must win over!"

"Even if you can't win over, you still have to be friends."

Dong Xiaoqin was slightly startled, and said, "Is this elixir so precious?"

Old Yi shook his head and said, "It's no longer a matter of being precious or not."

"It's the first time I've seen these four pills. Presumably, they are also the pills refined by this alchemist's own recipe."

"Its role is to make countless people flock to it, and even fight for a **** head!"

Dong Xiaoqin's face also became serious, "What's the effect?"

"These four elixirs are all the same elixir, which is a elixir for restoring spiritual energy."

"However, it is very different from other elixirs that restore aura!"

"Other elixir, or continuous recovery, this can recover more."

"The other is instant recovery, but the aura of recovery is quite limited."

"And this one, it can be said that for these two types of elixir, it has learned from each other's strengths and made up for its shortcomings..."

Dong Xiaoqin asked in surprise: "Could it be... this pill can restore a lot of spiritual energy in an instant?"

"More than that." Yi Lao stood up, holding the four pills carefully in both hands, for fear of damaging them, and said, "It's to restore all the spiritual energy!"

"Even if it is a strong person in the emperor state or the distraction state, they can all recover in an instant!"

As soon as this remark came out.

Dong Xiaoqin's eyes showed horror.

Emperor Realm?

Even distracted?

You know, how huge is the aura contained in the distracted state?

Can instantly replenish the aura of a strong distraction?

Old Yi is right.

This kind of elixir, if placed outside, will set off a bloodbath!

After all, this elixir is a life-saving elixir in a desperate situation!

How do ascetics cherish their lives?

Why do they practice?

is for longevity!

Being able to save your life is more important than anything else!

"So, you must find out the great power to refine this elixir, do you understand?"

Dong Xiaoqin nodded her head.

"Understood..."

In her heart, the status of Ye Qiubai and the others was further raised.

...

The auction begins.

Ye Qiubai and the others also came to the venue.

At the door, there are two charming maids checking the qualifications to enter the venue.

Seeing Ye Qiubai and the three of them approaching.

The maid smiled and bowed slightly, and said, "Three, do you have an invitation letter?"

Ye Qiubai, Xiao Hei and Shi Sheng all took out the Zijin Token in their hands.

And saw Zijin Ling.

The two maids looked horrified.

Immediately, he bowed deeply again, and said extremely respectfully: "I have seen three distinguished guests, please follow us to the Zijin box."

Purple Gold Box.

It is the highest specification box of Shengyin Chamber of Commerce.

Those who can enter it are all top experts!

Or the person who holds the Zijin Token.

Ye Qiubai smiled: "Thank you very much."

Then.

One of the maids leads the way.

Came to a box on the third floor.

Inside the box.

Show prosperity!

In the room, there was a purple-gold color.

A bench, the bench is made of the best Lingxu wood.

Ling Xumu is not only an alchemy, but also an excellent material for refining equipment.

Sitting on it can allow the cultivator to speed up the absorption of spiritual energy in the body!

And on a long table made of amethyst, there are countless delicacies and wines.

All are things that are hard to see from the outside world.

It is of great help to ascetics!

Ye Qiubai nodded slightly.

It is worthy of the name of the No. 1 Chamber of Commerce in the Borderless Domain.

There are so many treasures in just one box.

The maid said from the side: "Three, please rest well. The auction will start after a stick of incense. If you need any help, you can call me. I'm right outside the door."

After finishing speaking, the maid opened the door and walked out.

Ye Qiubai and the others sat on the bench.

Quietly waiting for the start of the auction.

Below, whether it is in the box or on the scattered seats.

They are all talking about the items in this auction.

"I didn't expect that the Shengyin Chamber of Commerce would come to the border city for an auction?"

"You don't know about this. It is rumored that the Shengyin Chamber of Commerce found a fetish in the critical mountain, as well as the inheritance skills of the strong Daoist!"

"As for that fetish, the Shengyin Chamber of Commerce did not want to cause trouble during the delivery process, so it held an auction in Longqi City nearby."

"So that's the case, no wonder there are so many powerful forces in the interior coming here."

"Well, on weekdays, Long Qicheng can't feel the breath of so many strong people."

"However, since the powerful people from the interior have come, then this auction has nothing to do with us, let's just watch the fun."

...

The time of a stick of incense passed slowly.

The lights at the auction site dimmed, only the lights on the stage were still shining!

Dong Xiaoqin's figure was also revealed on the auction stage.

Chapter 290 The first lot

Shengyin Chamber of Commerce.

As the most powerful chamber of commerce in the borderless domain.

The auction held by it is naturally extraordinary.

As a result, people from countless powerful forces in the interior traveled thousands of miles to this border city to participate in this auction.

When the people below saw Dong Xiaoqin appearing.

They all couldn't help showing obsessed looks.

"I didn't expect that Dong Xiaoqin would personally host this auction."

"That's right, Dong Xiaoqin's identity is the niece of the president of the Shengyin Chamber of Commerce. Her identity is extraordinary, and she is also well-known in this borderless domain."

"It seems that this auction is really valuable!"

Only people on the second floor know.

This auction is hosted by Dong Xiaoqin, which couldn't be more suitable.

If other people are allowed to host, I am afraid it will be abnormal.

Inheritance of the strong in the Dao Realm.

and that fetish.

are all existences that all forces must obtain at any cost.

but.

In the second layer, there are all big forces from the inland.

Now, all eyes are on the third floor.

Purple Gold Box!

In this room that hadn't been lit for a long time, there was a faint purple-gold glow in it!

This also means.

There are people in the Zijin box on the third floor.

And what is it that can enter the Zijin box?

Only those who have Zijin Token are eligible to enter the third floor!

If there is no Zijin Order, it is considered a top power in the Borderless Domain, for example, the emperor of the Boundless Dynasty!

The existence of the peak of He Dao Realm.

can't enter it!

However, almost 70% of the resources in the borderless domain and the flow of crystals need to rely on the Shengyin Chamber of Commerce.

So, even the emperor of the Boundless Dynasty would not easily offend the Shengyin Chamber of Commerce.

Once the Shengyin Chamber of Commerce is destroyed, it may stand against him.

will have a great impact on the entire borderless domain.

It can be said.

The Shengyin Chamber of Commerce is the most unoffensive existence in the borderless domain.

but...

Who is it that owns the Zijin Token?

Purple Gold Orders have only been issued three times since ancient times.

And tens of thousands of years passed.

People who have Zijin Token, their strength is probably not something they can easily provoke...

But.

What they don't know is.

In the Zijin box.

It's just two False God realms and one Qianyuan realm...

At this time.

On the auction stage.

There is a pillar platform, which rises slowly from the ground.

On the pedestal, there is a jade bottle.

Dong Xiaoqin also smiled.

The smile is charming, but not gaudy.

On the contrary, like a lotus in a turbid world, it emerges from the mud without being stained.

Pureness and charm are two extremes.

However, it can appear on a person.

And so harmonious, there is no conflict, but it makes others feel that this is normal.

This is very rare.

"I think you all know the rules of the Shengyin Auction."

"Usually, the first lot and the last lot are the most important."

"However, just now, our Shengyin Chamber of Commerce obtained an extremely rare pill, which made us agree that we should put the inheritance of the powerful Daoist who should have been placed in the first lot behind."

Heard what Dong Xiaoqin said.

People from all the forces couldn't help being taken aback.

A pill whose rarity and preciousness can surpass that of a strong person in the Dao realm?

What level of pill is this?

No one doubts the appraisal level of Shengyin Chamber of Commerce.

Since they have made such a decision, they naturally have their reasons.

However, what makes everyone curious is.

What kind of elixir is in that jade bottle?

Even, the powerhouses on the second floor all stared intently, their eyes filled with monstrous aura!

Want to see through the elixir in the jade bottle!

However, it is full of the meaning of endless life.

Can't see through the elixirs in it!

The third floor, in the Zijin box.

Shi Sheng smiled and said: "It seems that they still know the goods."

Ye Qiubai also nodded with a smile.

The elixir refined by Master is naturally not ordinary!

The other party's doing so also means that they really value Ye Qiubai and the other three.

The test was passed.

On the auction stage, Dong Xiaoqin continued to explain.

"The effect of this elixir has been appraised by the appraiser of the Shengyin Chamber of Commerce. It is extremely powerful. It can be said that it can save your life at a critical moment."

"Everyone should also know that for us ascetics, life is always the most important thing."

"Why do we practice Taoism? For seeking Taoism? For power? Ultimately, for longevity!"

Someone below asked: "Miss Dong, don't be a fool, tell me what it does!"

The power of the second layer is also a little curious.

Healing pills?

But how can a mere healing elixir replace the inheritance of a strong person in the Dao realm?

Dong Xiaoqin smiled lightly, and took a step forward, "Its function is very simple, it restores spiritual energy."

There was a commotion from the crowd.

Isn't this the magic pill?

Recover aura?

Is this precious?

It's everywhere!

However, when Dong Xiaoqin said the next sentence, everyone present fell silent.

"Of course, the spiritual energy restored by this elixir fills up all the deficient spiritual energy in the dantian in an instant! At the same time, there are no side effects."

"Listen clearly, it's in an instant."

The people below are all horrified!

You know, there are pills on the market that can restore aura.

Usually reply slowly, the speed is not fast, and the more reply, the more precious it is!

And this pill.

But it fills up in an instant? ? ?

The power of the second layer finally made a sound.

"Which realm is full?"

Hearing the question, Dong Xiaoqin smiled lightly, and a flash of light flashed in his eyes, like stars passing by.

One word, one pause, and he said in a heavy tone: "Under the judgment of the appraiser of the chamber of commerce, at present, this elixir, even if it is a strong person in the Dao realm, can be fully refilled in an instant! Moreover, it may be more than in this way..."

Huff...Huff...

Say it.

Everyone finished listening.

All made heavy breathing sounds!

On the second floor, Da Neng in the three boxes all showed a dignified look.

Said to the person next to him: "At any cost, take this bottle of medicine!"

If the effect is really as Dong Xiaoqin said.

Then, its value is indeed beyond the inheritance of the strong in the Dao realm!

Worth their big bucks to grab!

Dong Xiaoqin smiled when he saw the faces of everyone.

Know that the purpose has been achieved.

Successfully whetted everyone's appetite.

Then he took out a small wooden hammer and said with a smile: "In the jade bottle, there are four pills. The starting price is 0, but every time the price increases, it must not be less than 100,000 yuan crystals!"

The voice just fell.

On the second floor, a voice came from one of the boxes!

"500,000 pieces!"

is just the first price called out.

It has reached 500,000!

You know, five hundred thousand, it can be said that it is already 80% of the Yang family's property in Yunki City!
