

All My Disciples Are Kings

Chapter 29 Shadow Killer!

The weather in Blood Prison is different from the outside world.

The sky in the secret territory is always blood red, without sunlight.

The **** giant fist was sliced through with a single sword, causing the people of the Sunset Dynasty to look frightened!

You know, they didn't hold back this blow!

Its power is enough to bombard the strong in the murderous sea!

The elders of Ming Yangzong died under this blow.

And Ye Qiubai is only in the middle stage of Zifu Realm, inferior to them!

How could it be possible to block this punch?

Qiu Libei on the side thought the same way.

Under this punch, even he definitely has no strength to resist.

But Ye Qiubai not only blocked it, but also cut it through!

Thinking of this, Qiu Libei's face turned ugly, and at the same time he was a little glad that he didn't find Ye Qiubai alone.

On the other hand, Ye Qiubai didn't care whether he could take the blow or not.

He didn't think about it at all.

Now, his attention has been spreading around this space.

Where are those men in black?

Could it be that their goal is not their own?

Or is there another purpose?

Ye Qiubai did not dare to relax his vigilance.

After all, those men in black made Ye Qiubai feel extremely uneasy!

"how did you do it?"

The armored man's face was ugly, and he asked in a deep voice: "With your realm, it is obviously impossible to resist."

The four of them teamed up, even people in the Qi Sea Realm can kill at will.

Now, even a person in the middle stage of Zifu Realm can't be dealt with!

Ye Qiubai said lightly: "If you want to do it, you can do it."

Seeing Ye Qiubai's calm appearance, the man's expression darkened.

The four of them took a step forward at the same time!

The killing intent in the air instantly boiled!

The **** murderous aura actually condensed into a peerless killing god, stepping towards Ye Qiubai!

Ye Qiubai snorted coldly, and swung the sword of the dark demon in his hand!

A huge demonic energy continues to spread!

At this moment, Ye Qiubai, like a demon god, suddenly cut out the demon sword in his hand!

It seems to mobilize all the magic energy in the world.

Converged in this sword!

"The fourth sword!"

Now Ye Qiubai, with the blessing of the Dark Demon, can already use the fourth sword of the Heavenly Demon Nine Swords!

Compared with the third sword, its power is naturally doubled!

The momentum was extremely terrifying for a while!

Qiu Libei felt the aura with horror on his face!

correct!

As long as he stepped forward to resist this slash, he would have no strength to resist, and would be torn to pieces by this force!

Thinking of this, Qiu Libei's face turned ugly.

This gap is too big!

Moreover, it will become bigger and bigger in the future!

the other side.

The four men in armor felt the monstrous devilish energy condensed into the sword, and their expressions changed drastically!

Is this something that people in the Purple Mansion can display?

Could it be that the other party has hidden his realm?

This was the first thought of the four of them.

However, the slash is approaching in an instant!

There is no room for four people to think.

Drinking loudly at the same time, it actually took out a piece of blood from the center of the eyebrows!

The faces of the four turned pale!

seems to have become sluggish.

And those four blood essences were integrated into the body of the peerless killing god.

Immediately!

The blood is shining!

Streams of murderous aura keep rising to the sky!

All the people nearby felt the murderous aura, and couldn't help but look back here!

"Who is this? The murderous intent is so strong?"

"Could it be the four people from the Sunset Dynasty?"

"With this kind of momentum, no one who enters the secret realm of Blood Prison is likely to be their opponent..."

Ye Qiubai looked at this scene, his face didn't change at all, and the dark demon in his hand cut again!

The slash transformed by the monstrous demonic energy directly slashed on the blood-condensed body of Killing God!

Boom!

Immediately!

The whole world made a loud noise!

It's as if the earth is cracking and the sky is collapsing!

Countless aftermath waves swept around, and Qiu Libei had no choice but to start protecting with all his strength!

This also made Qiu Libei extremely angry.

Just the aftermath of the battle, you need to protect yourself with all your strength.

Is there really such a big gap in strength between myself and them?

For a while, Qiu Libei's Dao heart became confused...

As for the journey of martial arts, it is the most taboo to be confused...

The faces of the four members of Sunset Dynasty are extremely pale at this moment!

His hands stretched forward continuously, maintaining that **** killing god, but it seemed extremely reluctant.

Ye Qiubai, holding a sword in one hand, looks relaxed and freehand!

The monstrous demonic energy kept gathering, and kept cutting out!

Soon, many cracks began to appear on the surface of Bloody Killing God's body!

Blood energy flowed out from the cracks.

"I can't go on like this..."

The four of them knew very well that if they had no other means, they would be beheaded by this sword!

"Why didn't the shadow killer take action!"

They didn't say this sentence, but transmitted it with aura.

At this time, Ye Qiubai murmured: "It's time to end."

After speaking, step out with one step, hold the sword in both hands, and then slash out!

The **** killing **** also completely collapsed at this moment!

The four spurted out a mouthful of blood!

Backlash!

Ye Qiubai obviously wouldn't let go of this opportunity, as soon as he took a step, he was ready to pursue the victory.

Suddenly, Ye Qiubai slashed out with a sword!

However, the direction of the slash was not the four of the Sunset Dynasty, but above him!

Suddenly, the space above was distorted, and a man in black appeared from it, holding a dagger in both hands and colliding with Ye Qiubai's sword!

"The fox's tail is finally revealed."

Ye Qiubai has been paying attention to the surrounding situation.

Because he knew that the men in black on the other side would definitely ambush him here.

After all, the goal of the Sunset Dynasty is itself!

When that sword slashed at the four members of the Sunset Dynasty, he would also have a flaw.

Then, the convenience will give away!

The black-clothed figure didn't speak, and disappeared in place without a hit!

Extremely fast!

And there is a way to hide his breath.

Make Ye Qiubai unable to track him!

But what about the other two?

Suddenly!

The surrounding space distorted again, and behind and behind Ye Qiubai, a figure in black appeared again, holding a dagger and cutting towards Ye Qiubai's neck!

The man in black who fled before also reappeared, blocking the top of Ye Qiubai!

These three attacks were extremely fast, directly blocking Ye Qiubai's dodging direction!

Had to hard connect!

Seeing this, Ye Qiubai's face froze, and the dark demon in his hand swung out!

The fourth sword of the Heavenly Demon Nine Swords!

Ye Qiubai didn't dare to be careless. Although the opponent's strength was only at the peak of the Purple Mansion Realm, the danger he brought to him was far greater than those four!

The monstrous demonic energy turned into a sword net, slashing all around!

However, when the dagger hit the sword net!

The sword net actually started to dissipate!

The dagger is strange!

Ye Qiubai's face was startled, and he stepped out while the opponent was attacking, and ran towards the black-clothed figure in front of him!

Slash with the long sword in your hand again!

Blocked by the dagger of the figure in black, there was a sound of collision and clang!

And Ye Qiubai also disappeared in place at this moment!

The black-clothed figure's expression was ugly, and he said in a deep voice, "Chase!"

After finishing speaking, the three of them also disappeared in place and galloped away towards the distance!
