Chapter 3 is just a system task...

Long before, Lu Changsheng already knew Ye Qiubai's location.

It was detected that someone wanted to kill him.

The system finally released a mission, how could it be possible for these little **** to destroy it?

Hearing this, Ye Qiubai immediately cupped his fists and said, "Please trouble me, senior!"

Lu Changsheng nodded, looked at the man in black, and his palm fell on his celestial cap under the man's horrified eyes.

Immediately, under Ye Qiubai's frightened eyes, a transparent spirit body protruded from the man's celestial cover!

"This... the art of searching for souls?"

Lu Changsheng nodded slightly, turned his palm slightly, and a stream of information was transmitted to Lu Changsheng's mind.

At the same time, the spirit body also showed pain.

Not long after, Lu Changsheng stopped searching for souls.

The man in black has long since lost his soul.

Looking at Ye Qiubai, he said softly: "Do you want to know now?"

Ye Qiubai was taken aback for a moment, then nodded, his eyes showed determination.

Seeing this, Lu Changsheng didn't intend to hide it, but told the truth, "Jiang Chan."

Boom!

Hearing this answer, Ye Qiubai froze in place as if struck by lightning.

After waiting for a stick of incense, he slowly reacted, and smiled wryly, with sadness in his eyes.

He thought about it, who on earth wanted to get rid of him so quickly.

But what never occurred to him was that this person turned out to be his childhood sweetheart, Jiang Chan who wanted to be together for everything when he was young.

"Do you need me to help you solve it?"

Ye Qiubai raised his eyebrows, then shook his head, "I don't want to bother seniors, this matter is up to me."

Hearing this, Lu Changsheng also expressed his appreciation.

When a person is frustrated, he will not retreat because of it.

Only by advancing bravely in the torrent can we grow rapidly.

Ye Qiubai clasped his fists and asked: "Senior, Qiubai will report it in another day. I don't know the name of the senior..."

Looking at Ye Qiubai, Lu Changsheng smiled lightly and said, "My name is Lu Changsheng, and I want to take you as my disciple, that's why I appear here."

Ye Qiubai was stunned for a moment, and then smiled wryly: "Senior, stop joking. Now that I have lost all my cultivation and talent, how can I still be qualified to be a senior's disciple?"

Looking at this transcendent aura and the killing methods just now, he knew that Lu Changsheng was extraordinary. How could such a character like him now?

Lu Changsheng didn't speak either, and put his fingers between Ye Qiubai's eyebrows, wanting to check his physical condition.

【The meridians are full of sword energy, and the foundation is damaged. With the help of exercises and elixir repair, it can be broken and then erected】

Um?

The system still has this function?

"Then what kind of elixir is used?"

【It will be presented as a gift after accepting Ye Qiubai as a disciple】

"Senior?"

Lu Changsheng came back to his senses, and said with a smile: "If I say, I can bring you back to the top, or even make your talent to the extreme, beyond the past, will you come with me?"

Hearing this, Ye Qiubai's eyes suddenly glowed.

Returning to the top is far better than going forward, isn't this what he thinks?

And seeing that the senior is so confident, he would not lie to him if he thought about it. There is nothing precious about him.

Why bother?

Immediately, Ye Qiubai knelt down on both knees and saluted Lu Changsheng.

"Disciple Ye Qiubai, pay homage to Master!"

Lu Changsheng smiled and said: "It's just an apprenticeship, why do you have to do such a big gift?"

Seeing Ye Qiubai's serious face, he said: "As a teacher for one day, and a father for the rest of your life, it is natural to pay a big gift."

After listening, Lu Changsheng couldn't help but nodded in satisfaction.

Good talent, good conduct.

It's not bad to accept such an apprentice.

【Complete the task of recruiting apprentices and get a big gift package for recruiting apprentices】

【Superior Holy Artifact—Albatron Sword】

【Absolute Beginning Sword Sutra】

【Good Fortune Pill】

【At the same time, the apprentice development task will start】

After hearing the system's words, Lu Changsheng nodded secretly, looked at Ye Qiubai, and said, "Okay, if that's the case, follow me."

...

On the sword, Ye Qiubai asked: "Master, where are we going now?"

Lu Changsheng said: "Zang Dao Academy."

Zang Dao Academy? !

Ye Qiubai was shocked.

Although this Tibetan Taoist Academy is not in the Tianyuan Dynasty.

However, in the Southern Region, who doesn't know the Tibetan Taoist Academy?

This is a recognized preaching place in the Southern Region!

"Master is the elder of the Tibetan Taoist Academy?"

Lu Changsheng shook his head, and said: "Our power can be said to belong to the academy, but it is not under the jurisdiction of the academy. It is called Caotang. I don't know if you have heard of it."

Ye Qiubai shook his head.

This is also normal. After all, the thatched cottage has not done anything earth-shattering. Even after Lu Changsheng took over the thatched cottage, he did not accept any more disciples.

Ye Qiubai actually wanted to ask what the master's strength was, but he thought it would not be good to ask too much, so he could only suppress his curiosity.

...

Zang Dao Academy still selects disciples by the elders.

But I have already picked seven or eight.

The rest is to directly enter the outer courtyard to study.

only...

In front of all the elders, there was a woman in red who was extremely stubborn.

"I want to join thatched cottage."

This is the only sentence she has said so far.

After that, he stood there with a face full of frost.

Moreover, this person is one of these students, no, he should be said to be the best person in the past few sessions, no matter his status or talent.

This also made the elders very helpless.

After all, people don't want to worship under them, and they can't force it!

At this time, two figures came with swords.

"Oh? Is the enrollment not over yet?"

The elders looked at the man on the sword with complicated expressions.

Lu Changsheng was taken aback, and asked, "What...is there on my face?"

One of the elders pointed to the girl in the open space and said helplessly, "Lu Changsheng, she wants to join the thatched cottage."

she?

Lu Changsheng looked at the girl in red at the door.

I only heard the girl say: "I want to join the thatched cottage."

Lu Changsheng refused, and said with a smile, "You can join the elder's sect, I won't accept disciples."

After finishing speaking, he took Ye Qiubai and walked towards the academy.

"Why?"

The girl is not reconciled.

In the family, they asked her to worship in the thatched cottage. Similarly, they also told her the past deeds of the thatched cottage.

This led her to the Tibetan Taoist Academy.

Lu Changsheng thought for a while, and said, "I'm lazy and like to be quiet, so it's better not to fool my son."

The elder on the side noticed Ye Qiubai and asked, "Changsheng, who is this person?"

"My apprentice."

After speaking, Lu Changsheng brought Ye Qiubai into the academy.

"..."

Aren't you lazy, like quiet, afraid of misleading your children?

Don't you accept disciples?

All the elders looked at each other and smiled wryly one after another. They could only look at the girl and said, "Xin Hongyi, why don't you choose another elder?"

Xin Hongyi shook her head, cupped her hands and said, "Since I can't enter the thatched cottage, then I will cultivate myself."

Although it sounds arrogant, given her family background, she really doesn't need the elders' teaching.

Xin Hongyi looked in the direction where Lu Changsheng left, and said in a low voice, "I will prove myself."

Obviously, Xin Hongyi thought it was because Lu Changsheng didn't like her talent that she wouldn't accept her.

Who knows, Lu Changsheng is really lazy!

As for harvesting autumn leaves?

System tasks nothing more.
