Chapter 30 Abandon Perception, Eyes of Mind!

Outside.

Dark clouds over the city.

shrouded in their hearts.

Only the general said with a smile: "Now, Ye Qiubai should also be killed, right?"

On the side of Tibetan Taoist Academy.

The elders of Jiantang stared at the words, and immediately shouted: "What did you do?!"

The elder of the Confucian Academy also moved his eyes away from the book in his hand, and looked at the general, his eyes were extremely cold!

The general turned a blind eye to it, ignoring the suppression of the aura of the two peak powerhouses in the water overflow realm, and his own cultivation base also burst out, resisting this momentum.

Spreading his hands and laughing: "The purpose of our visit this time is Ye Qiubai, otherwise, why would our Sunset Dynasty specially send people to this southern barbarian place for the sake of a mere secret place in the Blood Prison?"

Before.

They were also wondering why someone from the Sunset Dynasty would come.

After all, there are many trial places similar to the Blood Prison Secret Realm in the Northern Territory.

There is no need to come to the South Region specially!

Now, the truth opens.

The goal of the Sunset Dynasty is Ye Qiubai!

The elder of Jiantang is surrounded by sword intent, his eyes are full of killing intent, a sword is already in his hand!

"If something happens to Ye Qiubai, I, the Tibetan Taoist Academy, will not let you go."

The elders of the Confucian Academy are always calm, but this time, they did not stop the words of the elders of the Jiantang.

After all, it was his idea too!

The general sneered: "The journey of martial arts is full of life and death. Ye Qiubai's skills are not as good as others, so who is to blame for falling in the middle of martial arts?"

"What's more...does your Tibetan Taoist Academy dare to go to war with our Sunset Dynasty? I'm afraid your main academy won't agree, right?"

The inheritance of the Tibetan Taoist Academy spreads across the four domains, and there is naturally a general academy above it.

The purpose of the Tibetan Taoist Academy is to preach the world, so naturally it will not agree to war with other forces.

The general continued to taunt: "If it was your general courtyard, I'm afraid my Sunset Dynasty would still be afraid of three points, but it depends on you?"

The general didn't say anything after that, but everyone understood what he meant.

The elder of Jiantang got angry and took a step forward, but was stopped by the elder of Confucian Academy.

"Don't do anything, wait and see the situation first."

Hearing this, the elders of the Jiantang stopped.

In his opinion, Ye Qiubai's swordsmanship talent is extremely important to Tibetan Dao Academy.

If he doesn't fall halfway, then Ye Qiubai will become a famous sword repairman in the Four Regions!

This is also the reason why the elders of the Jiantang are so angry.

"I hope Ye Qiubai can get through this crisis..."

...

at the same time.

In the secret realm of Blood Prison.

Ye Qiubai was galloping in the Scarlet Wasteland.

The other hand held a elixir, absorbing the power of the medicine, and constantly recovering the aura.

This pill was given by Lu Changsheng.

The effect is natural and outstanding.

It didn't take long for the aura deficiency caused by the continuous use of the fourth sword of the Heavenly Demon Nine Swords to recover by half!

With Ye Qiubai's current strength.

Although able to use the fourth sword.

But continuous use will still make you weak!

This is also the reason why Ye Qiubai retreated first.

Ye Qiubai glanced behind him.

Behind him, the three figures in black were still biting Ye Qiubai, holding on tight!

Behind the figures in black are the four men in armor, and the last one is Qiu Libei!

He wanted to watch Ye Qiubai die with his own eyes!

Only then can I rest assured.

"No, he is recovering aura."

Suddenly, one of the figures in black reminded: "We are going to do it."

"What kind of elixir can recover while fleeing, and can recover so quickly?"

"Stop talking nonsense, burn your blood, otherwise things may change when he recovers!"

When these words were said, the other two were calm and did not object.

As if this is a very common thing!

This is also the place where Shadow Killer is called a lunatic.

For the mission, do whatever it takes!

Even if they all die together, or burn blood!

Even at the expense of teammates...

As long as you can kill the target!

Do everything!

After all, the three of them were surrounded by \*\*\*\* aura at the same time!

Essence and blood began to burn.

Breath instantly soared!

Suddenly, the speed increased sharply, shooting towards Ye Qiubai!

Seeing this, Ye Qiubai couldn't help but fixate his eyes.

Burning essence and blood will also kill him.

It can be seen that the other party's determination.

Ye Qiubai also stopped, the elixir has been completely absorbed, and his strength has returned to its peak again!

Three men in black surrounded Ye Qiubai.

It's a triangle!

Of course they also felt that Ye Qiubai's strength had recovered again.

Just being a killer.

They won't say much nonsense.

So what if the strength is restored?

Ye Qiubai is still their target.

Too much talk is bound to fail.

Too many mistakes.

This is the killer's guideline.

They will not make such a slight mistake and fail their mission!

Immediately.

The three of them played a simple seal at the same time, and a killing formation instantly surrounded Ye Qiubai!

And in this killing formation, a series of fog began to spread, covering Ye Qiubai!

Kill the formation.

The figures of the three also disappeared from Ye Qiubai's field of vision.

Disappearance is not just the figure of the three.

The scenery around you, the atmosphere around you.

Totally gone!

Four armored men and Qiu Libei also came here.

Looking at this scene, he couldn't help laughing and said, "Shadow Killer's Fog Hidden Killing Formation was launched at the cost of burning their blood. Ye Qiubai has absolutely no possibility of escaping."

"In this fog-hidden killing formation, Ye Qiubai's senses were cut off, and he probably doesn't know how he died."

Obviously, the four of them are also extremely afraid of this Wuyin killing formation.

At this moment, Ye Qiubai also frowned slightly during the killing battle.

He couldn't feel the aura of those three people.

But they know that they must be hiding in this fog!

This is much stronger than the phantom array in the academy competition...

Suddenly, a black shadow suddenly came from behind Ye Qiubai!

Ye Qiubai's face was startled, and he dodged the fatal blow by rolling over.

But there was still a slit on the shoulder!

The wound is deep and the bone is visible!

If Ye Qiubai didn't react in time, he might have died on the spot.

The figure in black in the dark was also surprised.

He didn't expect that his killing blow could be dodged.

Ye Qiubai's face was solemn, and he looked around. There was no flaw in the formation!

Everywhere you see is a fog!

Since the eyes cannot be used...

Ye Qiubai closed his eyes, standing in the mist.

Give up vision!

Abandon consciousness!

Abandon all perception!

Feel it with your heart.

Look with your heart!

See everything in the world with the eyes of your mind!

"Stupid!"

Before a single word fell, a dagger pierced towards Ye Qiubai's heart!

Ye Qiubai still did not open his eyes.

But the long sword in his hand swung towards the dagger!

Bang!

The sound of metal collisions sounded!

The dagger was sent flying, and disappeared into the mist!

This is a special method in the Sword Sutra of Taichu!

Mind!
