

## My Disciples 301

Chapter 301 Chaos erupts!

At the moment.

Unbounded domain.

In a natural cave in Critical Mountain.

Ye Qiubai, Xiao Hei and Shi Sheng are in retreat.

The three of them have gained a lot from this trip.

Ye Qiubai, under the sword intent of Jian Liancheng.

Have a new perception.

At the same time, the realm has also broken through to the False God Realm!

Together with the sword intent, it has also reached the realm of the Great Sword Sect!

It can be said that in the False God Realm, one has reached the realm of the Great Sword Sect.

Enough to make those sword cultivators go crazy.

Take Ye Qiubai as his apprentice!

Ye Qiubai's kendo realm has improved so quickly.

It is also because the foundation is very solid.

When breaking through the realm, there is no obstacle at all.

It's just a matter of course.

The stone on one side passed the star stone.

The realm has also reached the late stage of the False God Realm.

The two of them have already woken up.

They all looked at Xiao Hei.

At this moment, Xiao Hei sat cross-legged on the ground.

Holding the Moyuan Token in his hand, the monstrous magic energy in it enveloped Xiao Hei!

At the same time, strands of black air leaked out from between Xiao Hei's brows!

Ye Qiubai and Shi Sheng saw this.

It seems that he will not wake up in a short time.

came to the entrance of the cave.

The two protect Xiao Hei at the same time...

In the wild frontier.

Xiao Hei obtained a memory fragment.

This also allowed some of the memories in his mind to be restored piecemeal.

However, what I know is very limited.

At the end of that screen.

Xiao Hei saw an invisible abyss!

Among them, there is a surge of monstrous devilish energy, just like rolling dark clouds!

And at the entrance of the abyss, there is a stone tablet.

On the stone tablet, there are two characters engraved.

"Magic Abyss"...

And this token was brought out from the Demon Abyss by the Shengyin Chamber of Commerce.

It can be said.

I am afraid that the magic abyss in memory is inseparable from the "devil abyss", the forbidden zone of life in the borderless domain...

At least.

Xiao Hei thinks so.

The magic energy in this Mo Yuan Token gave Xiao Hei a very familiar feeling.

What is the role of this token in this demon abyss?

Why Mo Yuan appeared in his memory.

And why is it so compatible with his breath.

All of this can only be learned by going to the Demon Abyss.

this moment.

Xiao Hei opened his eyes, looked at Ye Qiubai, and said, "Brother, I need information about Mo Yuan."

Ye Qiubai nodded.

Moyuan is a forbidden zone of life in the borderless domain, which is very well known.

"Let's go back to Yunqi City first. When the time comes, we'll ask the members of the Mercenary Guild to see if they know."

Xiao Hei nodded upon hearing this.

A group of people walked towards Yunqi City.

But.

Today's Yunqi City, the pattern is changing!

The Li family and the Kang family have completely torn skins with the Yang family!

is crazily encroaching on the power of the Yang family!

As for the Yang family, although they sent people to Longqi City for help.

However, all this takes time.

The two families made a full-scale move, and the power of the Yang family was being invaded at an extremely fast speed.

I'm afraid, I won't be able to wait for help...

This is also the plan of the Li family and the Kang family.

With the momentum of thunder, the Yang family was destroyed!

Use the resources owned by the Yang family and send them to the City Lord's Mansion.

Let the City Lord's Mansion of Yunqi City join them in defending the City Lord's Mansion of Longqi City, the Long Family's revenge!

Only in this way can the Li family and the Kang family be preserved!

And when the three of Ye Qiubai returned to Yunqi City.

Already noticed that something was wrong.

In Yunqi City, auras are everywhere!

Even, someone was fighting in mid-air!

A casual cultivator was watching this scene on the street, and said, "Don't you care about the City Lord's Mansion?"

Someone also sneered and said: "I'm afraid the City Lord's Mansion is also happy to see this scene. After all, no matter who wins, he will be able to benefit naturally!"

Hear the words.

The expressions of Ye Qiubai and the others did not change.

After all, the family struggle in Yunqi City has nothing to do with the three of them.

The three returned to the Mercenary Guild.

In the guild, there was also a commotion.

All the mercenary groups in the guild are gathered next to the mission panel.

"The remuneration given by the Li family and the Kang family is obviously higher than that of the Yang family!"

"Well, although the Yang family is now married to Long Qi and Jackie Chan's family, the wedding has not yet been completed. Therefore, the resources of the Long family are skewed, and the Yang family cannot enjoy it now."

"Even if the Long family rushes to help, it will take a while..."

"However, although the reward is very high, the dispute between the three major families can be easily involved, and if one is not good, it will be wiped out..."

so.

Many mercenary groups are still just watching the situation.

Of course, there are also mercenary regiments who are licking blood at the knife edge, and they have already taken over the task.

This is the struggle of the three masters.

Mercenary Guilds are neutral.

As long as there is a reward, the task can be issued.

Among them, the strength of the mercenary group should not be underestimated.

Therefore, the three masters will not let go of the mercenary guild.

After the three of Ye Qiubai came back, they did not attract the attention of others.

Came to the front desk, Luo Yun was counting tasks.

Raising his eyebrows and seeing the three of Ye Qiubai, he was taken aback for a moment, then smiled and said, "The young master of the Yang family has already explained your matters to the Mercenary Guild."

"I underestimated you three little guys."

Ye Qiubai chuckled lightly and said, "Hand over the task."

Luo Yun nodded, and said while recording: "Since you have overfulfilled the task, the senior management of the guild has also decided to let your mercenary group directly upgrade to the mysterious mercenary group."

"Now, you can also accept mysterious-level tasks."

After all, Ye Qiubai and the others did the task.

For example, killing a half-emperor who can hit the emperor's realm.

Even among the mysterious mercenary regiments, few people can do it.

Furthermore, look at the talent and potential of Ye Qiubai and the others.

It led to the senior management of the Yunqi City Mercenary Guild to make this decision.

Besides, a man's voice came.

"Brother Ye, we also want to apologize to you."

Ye Qiubai turned his head to look.

It was a group of the scale armor mercenary group that He Lin belonged to.

He Lin smiled wryly: "I hope Brother Ye doesn't care about what happened before."

Ye Qiubai shook his head with a smile and said, "It's okay."

The other party didn't do anything too outrageous.

So Ye Qiubai didn't intend to pursue it.

He Lin said: "However, since the chaos in Yunqi City, the Yang family has not had a good time, and its background is not as strong as the other two. Therefore, in this mercenary guild, there is no support at all..."

Ye Qiubai wondered: "What does this have to do with us?"

They and the Yang family are nothing more than a mission of friendship.

He Lin smiled wryly: "That's right."

"However, Yang Qi told me before that if Brother Ye comes back, you must help the Yang family. At that time, the Yang family will give you a generous reward."

Ye Qiubai asked: "What reward?"

When it comes to this.

He Lin's eyes showed fanaticism.

"Quota for Kunlun Tianchi!"

## Chapter 302 Kunlun Tianchi

After Luo Yun's explanation.

Ye Qiubai and the three learned that Kunlun Tianchi.

is a place of blessing for the entire borderless domain.

Take the creation of heaven and earth!

Located in the depths of Kunlun Snow Mountain in the west, a pool of water completely made of pure aura.

The aura in it is extremely rich.

Every ten years, it will be opened once.

The opening of Kunlun Tianchi this time will be one month later.

Each city force will have a corresponding quota.

And Long Qicheng has three places.

In order to compete for these three places, the three masters and the City Lord's Mansion will hold a competition for places ten days before the opening of Kunlun Tianchi.

As for the quota of Kunlun Tianchi that Yang Qi promised, in fact, he used the competition for the quota of the Yang family to fight for it himself.

However, if it is a casual cultivator, or other forces.

Not even qualified to participate in the quota competition.

He Lin said with a smile: "Entering the Kunlun Tianchi is only limited to the younger generation who are below the emperor's realm."

"So, with your strength, Brother Ye, it shouldn't be difficult to compete for a spot."

For that.

He Lin didn't say it as a compliment.

It was Ye Qiubai and the others who indeed possessed such strength.

After all, the three of them joined forces to kill a Half-Emperor who could hit the Emperor's Realm.

To know.

Killing and defeating are two concepts.

So, with the strength of the three of them, it can be said that it is more than enough to win a spot in this small Yunqi City.

Ye Qiubai also looked at Xiao Hei and Shi Sheng, and said with a smile, "What do you think?"

Shi Sheng said: "Listen to senior brother."

Xiao Hei also nodded.

For them, what they need now is experience to quickly improve their strength.

In this way, we can cope with the following things.

Seeing this, He Lin smiled and said, "Alright, I'll take you to Yang's house."

at this time.

The condition of the Yang family is not good.

Industry and power have all fallen under the erosion of the Li family and the Kang family.

At the same time, with the current state of the Yang family, it is impossible to get too much assistance at all.

The Long family, who was far away in Longqi City, could not rush to help in time.

This also leads to.

If there is no countermeasure.

I'm afraid it will take three days.

The Yang family will be eroded to nothing!

At the moment.

In the meeting hall of the Yang family.

The current head of the Yang family, Yang Zhenhuai sat at the top with a gloomy face.

Below are the elders of the Yang family.

and Yang Qi.

Yang Zhenhuai said in a deep voice: "Let's talk about it, what is the way to break the situation now."

All the elders either had their faces sinking like water, or their eyes were sad, or they were a little desperate.

Yang Zhenhuai sighed inwardly as he looked at the appearances of the elders.

What I'm afraid of is not the gap in strength.

It's because I'm afraid that people from outside have not yet fully entered.

The fighting spirit of the own side has been completely lost.

Yang Zhenhuai looked at his son, Yang Qi, with a look of hope on his face, and asked, "Qi Er, what can you do?"

This is his own son.

is also the heir of the Yang family.

All along, Yang Zhenhuai had high hopes for Yang Qi.

After thinking for a while, Yang Qi said in a concentrated voice: "The top combat power of the three parties will not make a move easily."

"This is also the rule set by the City Lord's Mansion."

After all, the top combat power of the three families has already reached the middle stage of the imperial realm.

Once such a strong player makes a move.

Then it is bound to cause great damage to Yunqi City!

"So, this is bound to be a battle between the middle-level combat power and the bottom-level combat power."

"However, our Yang family's middle and low-level combat power is obviously not as strong as that of Li Jiakang's family."

"Before, I also thought about sending a reward and asking the mercenary group of the mercenary guild to help, but the other party also thought of this."

Yang Zhenhuai nodded.

He was the head of the household.

Naturally, I have also understood this matter.

Not to mention that they are severely under-resourced.

It is impossible to compete with the Li family and the Kang family for the mercenary guild.

And the battle between the three major forces in Yunqi City.

No matter which side you help, it is thankless.

Therefore, in the mercenary guild, few mercenaries would choose to accept this task.

Even if he joined, he still chose to join the Li family and the Kang family.

After all, judging by the winning percentage of both sides.

The Yang family is just a candle in the wind.

Death is only a matter of time...

An elder said: "Isn't that, there is no way out?"

"Longqi City, the news is still on the way. I'm afraid we will have been removed from the list long ago with the support of the Long Family!"

Yang Zhenhuai asked: "Qi'er, what you said before, there is a three-man mercenary group in the mercenary guild, what happened to them?"

Yang Qi shook his head, and said helplessly: "They haven't returned to Yunqi City yet, but I've asked them to pay attention to it. If they come back, they will tell us the reward we gave."

"As for coming or not..."

Yang Qi is not sure either.

After all, the two sides don't have much friendship.

At this time.

A person ran in from outside and reported to Hui: "Patriarch, there are two mercenary groups outside."

Yang Qi looked surprised.

Yang Zhenhuai also hurriedly said: "Let them in."

The servant heard the words and nodded in agreement.

Invited the mercenary group in.

It was the six members of the Scaled Armor Mercenary Group and the Caotuan Mercenary Group headed by Ye Qiubai.

When Yang Qi saw Ye Qiubai and the other three, he was relieved.

Immediately got up, walked quickly in front of Ye Qiubai, and said with a excited smile, "I'm looking forward to you guys!"

Ye Qiubai smiled and said, "It's just doing things with money."

When Ye Qiubai said this, Yang Qi also showed joy.

This also means that Ye Qiubai agreed to the Yang family's remuneration!

Yang Zhenhuai also smiled and said: "Don't worry, I've heard Qi'er mention your strength. As long as you can help the Yang family overcome this difficulty, the three of you will be allowed to participate in the Kunlun Tianchi quota competition."

Heard here.

The faces of the elders changed drastically.

Kunlun Tianchi quota competition!

This is one of the most important resources of the Yang family!

An elder quickly said: "Patriarch, is it too much to use this as a reward?"

"If their strength is enough to turn the tide, then they will give it if they give it, but they are just three juniors, how can they promise such a heavy reward?"

The expressions of Ye Qiubai and the others remained unchanged.

For this matter.

If the other party gives.

Ye Qiubai, Shi Sheng and Xiao Hei acted as agreed.

If not given.

Just turn around and leave.

Yang Qi's face was gloomy.

Yang Zhenhuai was even more depressed.

The reason why the Yang family has declined in this generation is largely because of this group of elders who are not clear-headed!

"If the Yang family is gone, what is the use of these places?"

"What's more, even if the places in the competition are given to your juniors, what ability do they have to win the championship?"

The faces of the elders turned blue and red.

"But, they are outsiders after all!"

"What's more, even if they are good, what's the use of just relying on the three of them?"

At this time.

Yang Qi interrupted them.

"I use my identity as the heir of the Yang family as a guarantee. If their strength is not good enough, it will have no effect on this matter, and I will leave the Yang family myself!"

Chapter 303 Suggestions

That's all for now.

Everyone looked at Yang Qi in surprise.

Does this have to be done?

Or, is Yang Qi really so relieved of them?

Even Yang Zhenhuai looked at Yang Qi.

However, I feel a little relieved in my heart.

As the head of the family, when making a decision, you must have courage and decisiveness.

Of course, not without strategy.

Now, Yang Qi obviously has this disposition.

Ye Qiubai also looked at Yang Qi in surprise.

This person is quite decisive.

The elders all looked at each other in blank dismay.

They didn't expect that Yang Qi would do this.

However, to this point.

The elders have no reason to refuse.

If you can get the inheritance right of the head of the Yang family.

For them, it has a great effect.

The elders nodded one after another.

"Okay, since Yang Qi is such a guarantee, let's believe it for the time being."

"However, this incident is not a child's play, and we still need to discuss countermeasures."

However, Yang Qi didn't pay attention to the elders anymore, but brought Ye Qiubai and the others to Yang Zhenhuai's body, and discussed the countermeasures.

In Yang Qi's heart.

These elders are pure cerebral palsy.

Even if it fails this time.

The Yang family is gone!

What is the use of them getting the right to inherit the Yang family?

This kind of guy with a bit of a brain problem, what's the use of asking them to discuss countermeasures?

It would be nice not to add chaos.

At this time, Yang Qi also began to explain the situation.

"Now, the Li family and the Kang family are pressing on us step by step."

"Most of our forces have been completely occupied."

"The East Commercial Street and the North Commercial Street are still struggling, but they probably won't be able to last for too long."

The commercial streets in the east and north are now the last power of the Yang family.

is also the most core location.

Once it is invaded, the source of income of the Yang family will be completely gone.

After all, when importing resources, you also need to find a place to sell them.

Yang Zhenhuai looked at Ye Qiubai and the others, and asked, "Is there any good way, little friend?"

Ye Qiubai thought for a while, and faced Yang Zhenhuai without stage fright, he asked, "How much is the peak combat power of both sides?"

Yang Qi quickly said: "Don't worry about this, the peak combat power of both sides, above the emperor's realm, will not make a move."

Shi Sheng nodded and said, "That's okay."

Ye Qiubai patted Shi Sheng on the shoulder and said, "Can you keep a low profile?"

Xiao Hei said honestly, "Isn't this telling the truth?"

Ye Qiubai said happily: "It is also."

Watch the conversation between these three people.

Yang Qi also heaved a sigh of relief.

Yang Zhenhuai gave a wry smile.

He, the patriarch, is only a half-emperor!

Don't lose face!

Yang Zhenhuai smiled and said: "Three little friends, in that case, under the emperor's realm, are you all okay?"

Ye Qiubai nodded.

If we say that before, they needed three people to join forces, or even use their hole cards, to be able to kill a Half-Emperor powerhouse who had hit the Emperor Realm.

Now, their realm has improved.

Naturally, it is no problem.

What's more, Ye Qiubai also wanted to test his current kendo strength.

At this time, Yang Zhenhuai made a plan and said: "The power on the east street is the weakest now, so I want the three friends to go to the east street. What do you think?"

Yang Qi frowned, as if he felt something wrong with his father's decision.

However, I can't tell.

Ye Qiubai pointed out the flaws directly, and said: "Although this is the safest way, our situation is obviously at a disadvantage now."

"If you want to make a comeback, you can't do it steadily, and you will only be slowly eaten by the other party."

Heard what Ye Qiubai said.

Yang Zhenhuai and Yang Qi both nodded.

Ye Qiubai continued: "Now, what needs to be done is to be more radical in order to turn the situation around."

"Then how?"

Yang Qi asked: "Now, we are fighting steadily and waiting for the rescue of the Long family. Wouldn't we be able to win steadily in this way?"

"Let me ask you a question first."

Ye Qiubai stared at Yang Qi and said, "Does the other party know that the Long family will come to support?"

Yang Qi was taken aback.

Yang Zhenhuai laughed at the side, obviously, he also knew the problem.

"How can the other party know what you want?"

"So, if you choose to play steadily, the opponent will definitely try their best to break the situation!"

Heard here.

Yang Qi suddenly realized, "So, now, if we take the initiative to attack, we will be able to achieve unexpected results!"

Ye Qiubai smiled and nodded.

"So, my suggestion is that we first deal with the relatively weak northern streets, and then transfer our forces to the eastern streets to form a siege."

Hear the plan.

Yang Zhenhuai nodded in agreement.

This method is indeed feasible!

Looks plain.

However, the other party's psychology was also taken into account.

Yang Zhenhuai said: "In this case, then follow Ye Xiaoyou's method."

Immediately, the guard leader of the Yang family was called to give orders.

Ye Qiubai and the others also went to the northern street with Yang Qi.

...

North Street.

is one of the core industries of the Yang family.

If both the northern street and the eastern street are compromised.

Then the Yang family also existed in name only at this moment.

It's just that the current strategy of the Li family and the Kang family is a bit out of line.

After breaking through the eastern streets, turn to the north.

Therefore, the influence of the northern streets is relatively weak.

At the moment.

Headed by the two families of Kang and Li in the northern street.

is the Great Elder of the Kang family, a Half Emperor powerhouse!

The elder of the Kang family listened to the report of his subordinates, and asked, "Has the Eastern Street not been captured yet?"

The servant shook his head and said: "The defense over there is a bit tenacious, and it may take another two days."

The Great Elder frowned slightly, and said: "Let the other side hurry up, or it will change later!"

The servant nodded, and immediately went down to spread the order.

And he just went out after.

Another servant came in a hurry!

"Report...report!"

The Great Elder frowned and said, "Why are you in such a hurry?"

The servant's face showed panic, and his eyes were full of panic!

"Yang... The Yang family is calling!"

Hearing this, the Great Elder jumped up, his face full of anger!

"How could the Yang family still have extra strength to take the initiative to attack?"

The servant panicked: "They seem to have found foreign aid..."

"Foreign aid?"

The Great Elder frowned and said: "Could it be that they are not afraid of the combined forces of our Kang and Li families?"

The servant did not answer.

Apparently he didn't know either.

After thinking for a while, the Great Elder said, "Let's go and have a look."

After finishing speaking, he led the team assembled in the northern street and walked towards the incident.

At the moment.

Ye Qiubai held a dark demon in his hand, and killed a strong man in the late stage of the False God Realm in front of him!

Xiao Hei also let out a low growl, pinching the heads of the two people in the False God Realm.

hit hard.

The heads of the two exploded in an instant!

Shi Sheng even struck out with an axe!

The strength of the three of them seemed unstoppable at this moment!

ps: I really didn't expect that there would be a sudden drinking party today. . .

I was drinking here, and then ran to the Internet cafe to write for a while, and then I had to go there again.

I'm having a hard time...

Chapter 304 Sword Heart Sublimated!

Wait until the elder of the Kang family comes here.

Seeing the mess in front of him.

The two coalition forces were unilaterally massacred.

His eyes were full of anger.

Shouldn't the Yang family be sticking to the east street now?

Why can the guards be dispatched to the northern street?

However, there is no time to think about it now.

The Great Elder took a step forward, and the aura of the Half-Emperor powerhouse exploded!

The great elder of the Kang family is also a strong man who has the qualifications to hit the imperial realm.

It can be said that it is under the emperor's realm.

The elder of the Kang family has no rivals.

Facing the coercion of this intensity.

The complexions of Ye Qiubai and the others remained unchanged.

"Leave it to me?"

Say it.

Lifted the Dark Demon Sword in his hand.

The meaning of the Great Sword Sect rises to the sky at this moment!

shrouded the entire northern street!

Yang Qi looked at this scene and exclaimed.

Compared to before, their strength has improved again.

I am afraid.

They don't belong here.

The inland...is their stage!

The great elder of the Kang family felt the sword intent, and his eyes were extremely horrified.

However, it turned out to be endless killing intent!

So young.

The cultivation base of False God Realm.

The realm of swordsmanship has reached the realm of Great Sword Sect!

To know.

How difficult is it to improve the realm of swordsmanship?

And every time a level is raised, its combat power will increase exponentially!

Just like now, this great sword sect's intention has already made him feel dangerous.

This kind of person must not be left behind!

thought of this.

The great elder of the Kang family didn't intend to hold back, and the aura of a semi-emperor powerhouse pressed towards Ye Qiubai like a mountain pressing down on him!

at the same time.

He took out a serrated long knife in his hand!

The blade of the long knife is uneven, and the protrusions are extremely sharp.

And on the raised peak, there are flashes of bright red blood!

Among them, there is a smell of blood.

Obviously, this long serrated knife has been stained with an unknown amount of blood.

When the elder of the Kang family took out this serrated long knife.

Yang Qi's complexion also changed slightly.

He had heard of it.

In the Kang family, there was an elder who held a serrated long knife and cleared countless obstacles for the Kang family!

One knife per person.

The souls of the dead under the knife are countless!

Its strength is extremely fierce!

Heart, bloodthirsty abnormal!

Even when Yang Zhenhuai mentioned this person, his face was solemn.

The great elder of the Kang family held the serrated long knife with both hands.

His eyes were covered in blood at this moment!

The pure aura around him also seemed to be affected by the \*\*\*\* murderous aura, and turned into a \*\*\*\* aura.

This \*\*\*\* aura is like a storm.

Coming towards Ye Qiubai!

Sweep his body into it!

Ye Qiubai's xinxing was not affected in any way.

However, feeling this huge blood-colored aura, I still feel a little uncomfortable.

The gap in realm.

Sure enough, it is irreparable.

The sword field is expanded!

The meaning of the Great Sword Sect is overwhelming!

Keep this \*\*\*\* aura out!

Immediately, without hesitation, he stepped slightly.

Holding the dark magic sword, he took the initiative to charge towards the great elder of the Kang family!

The sword intent followed like a shadow, covering Ye Qiubai's whole body.

At this moment, Ye Qiubai turned into a sword with his body!

I am the sword.

The sword is me!

Regardless of each other!

This is also a sign of entering the Great Sword Sect.

Looking at this scene, the great elder of the Kang family grinned with a ferocious look on his face.

"Although you are the Great Sword Sect, the gap in realm is not so easy to make up."

Finished speaking.

The great elder of the Kang family held a serrated long knife in both hands.  
A wave of saber intent, carrying \*\*\*\* killing intent, swept towards Ye Qiubai!  
It seems to be cutting the space!  
Facing this terrifying \*\*\*\* saber intent, Ye Qiubai did not retreat or evade.  
The sword intent in the sword field is boiling wildly!  
converging into a long river.  
Surpassing Ye Qiubai, he was the first to collide with the \*\*\*\* saber intent!  
While resisting the \*\*\*\* saber intent.  
Ye Qiubai crossed the sword intent and rushed towards the elder of the Kang family!  
He wants to meet it face to face.  
Meet the sword with the sword!  
The gap in realm, although it is difficult to make up.  
But Ye Qiubai has come all these years.  
Which time was not a battle of leapfrog?  
And undefeated!  
Every step-up battle.  
Win every time.  
All made the sword in Ye Qiubai's hand sharper and sharper!  
Also let Ye Qiubai's sword intent go forward!  
No one can stop.  
No one can break Ye Qiubai's sword heart!  
Is Ye Qiubai bad?  
Compared to other junior sisters and juniors.  
Might be too mundane.  
However, this is only the appearance.  
As Lu Changsheng's first apprentice.  
As their big brother!  
Ye Qiubai's talent is not bad!  
The heart of the sword is transparent.

Hunyuan sword body.

This kind of physique is the most suitable one for sword cultivators, not one of them!

Look at the entire realm.

Chaos was first opened, and the world was first formed.

Hunyuan sword body is a top-ranking physique!

Accumulated but thin hair, as long as Ye Qiubai's realm can be improved.

Its combat power is by no means inferior to other juniors and juniors!

this moment.

Ye Qiubai's sword heart has once again been sublimated.

The dark magic sword in his hand trembled constantly, making a "buzzing" sword sound.

seems to be responding to Ye Qiubai's sword heart.

At the same time, the Qingyun sword in the body also exudes sword light at this moment, which contains the rules of the sword...

The elder of the Kang family was also slightly surprised.

He can clearly feel it.

The sword intent of the young sword cultivator in front of him seems to be sharper.

Is it impossible?

In this short time.

Under the oppression of his breath, let his state of mind make another breakthrough?

If so.

The talent of this son is too terrifying.

The murderous intent in the eyes of the elders of the Kang parents became even stronger.

This kind of person must not be left behind!

Once let his wings be full.

For the Kang family, it was definitely a disaster!

Think here.

Looking at Ye Qiubai who was rushing forward, the great elder of the Kang family held a serrated long knife in both hands and raised it above his head.

Slashed towards Ye Qiubai who was charging towards him!

This knife left a \*\*\*\* afterimage.

The bright red blood on Dao's body also began to boil at this moment, as if opening an invisible big mouth, trying to swallow the enemy's blood!

Ye Qiubai's eyes were extremely calm, and the ancient well was calm.

The Dark Demon Sword in his hand, at this moment, is actually surrounded by the meaning of endless life!

In the entire Sword Domain.

Sword intent converges on the sword body!

"The Sword Sutra of Absolute Beginning..."

"Pingshan River!"

It has been precipitated for a long time.

Now Ye Qiubai has been able to perfectly display the first sword of the Sword Sutra of Absolute Beginning!

Slashed towards the great elder of the Kang family!

The Great Elder also let out a smirk.

The serrated long knife burst out with endless killing intent at this moment!

And this slash, slashed together with a bang!

Boom!

One time.

Centered on the slash of the two.

The breath exploded!

Clouds and winds move!

The bluestone slabs on the ground were lifted layer by layer by this huge breath at this moment!

The soil layer below is exposed!

Yang Qi and the guards of the Yang family also looked horrified.

Shocked by this breath, he kept retreating.

Some people who are weak in strength are directly shocked out of internal injuries.

Xiao Hei and Shi Sheng did not move, but stared at them closely.

However, the two were not worried.

Take their understanding.

Eldest brother will never do things that are not sure...

Chapter 305 Four Wonders·Ping Shanhe!

North Street.

At this moment, the aura is indiscriminate!

If you look up, you can spot it.

In the sky of the northern streets, \*\*\*\* killing intent and sword intent collided!

showing a trend of polarization!

And around here, the clouds were blown away.

Attack by two people.

For a while, there was nothing to help the other party!

Watching this scene.

The elder of the Kang family looked a little unbelievable.

how did you do that?

The opponent is just a junior in the early stage of False God Realm.

He is a Half-Emperor who is qualified to hit the Emperor Realm!

How big is the horizontal gap brought about by the gap in the middle realm?

How to make up for it?

But.

Ye Qiubai did it!

Not only did he feel threatened.

Now, he has even resisted his attack!

You know, he didn't hold anything back.

The guards of the Yang family watched this scene.

was also shocked.

In the conference hall, they also heard about Yang Qilibao and Ye Qiubai.

In their hearts, they were also a little puzzled.

Why did Yang Qi choose to trust Ye Qiubai and the others even if he gave up his position as the heir to the patriarch?

Now, see this scene in front of you.

They got it.

In the early stage of False God Realm.

Able to contend against a Half-Emperor powerhouse who can hit the Great Emperor's Realm.

This kind of strength.

This talent.

So what if you give up the position of heir to the Yang family?

As long as Ye Qiubai and the others survive.

Yang Qi's future path will also have a bright future!

after all.

For a person with this kind of talent, how could the power behind him be simple?

Xiao Hei and Shi Sheng naturally did not stand still.

Instead, rush out at the same time.

Rush towards the ascetics of Kang and Li's family!

Among these ascetics.

The highest realm is only the late stage of the False God Realm.

In the hands of Xiao Hei and Shi Sheng, he couldn't survive the second move!

It can be said that it was an overwhelming massacre!

The elder of the Kang family looked at this scene, feeling anxious.

Can't wait any longer!

Otherwise, the northern streets will be defended!

Think here.

A stream of blood started to burn!

The burning \*\*\*\* killing intent.

Let the surrounding temperature grow extremely!

The surrounding houses, began to melt...

The great elder of the Kang family raised the serrated long knife, but actually put his finger on the serrated blade, cutting his finger.

Strains of blood flowed out from the wound on the finger.

Slowly wrapped the entire sawtooth blade!

The serrated long knife also burst into \*\*\*\* light at this moment!

In the blink of an eye, the blood-colored rays of light also began to burn!

Immediately.

Holding a knife in both hands, he slashed out suddenly!

"Blood Red Knife!"

This is his strongest technique!

This knife cut out!

The space that the blade crossed was filled with blood-colored red flames!

Ye Qiubai's face was slightly solemn.

A strong man who has the ability to hit the imperial realm.

None of them are good stubble.

Even if it was the Half-Emperor powerhouse who faced off against Boundary Mountain before.

It was also the three of them who shot with all their strength to kill him!

even used Qingyun Sword!

Now, Ye Qiubai doesn't want to use his hole cards.

Frequent use of Qingyun Sword will only rely on it!

Ye Qiubai stretched out his fingers together, and pointed his sword forward!

The monstrous sword intent in the sword field is surging!

Converging into a river of swords, it was extremely turbulent, and swept towards the great elder of the Kang family!

at the same time.

Ye Qiubai's body sank slightly.

One time.

On the Dark Demon Sword, the artistic conception of wind, ice, fire, and wood actually appeared!

Four kinds of artistic conceptions come out together.

Enclose the great elder of the Kang family in it!

This is the first time Ye Qiubai has used the Four Absolute Sword Formation.

The Four Absolute Sword Formation was created by the Four Absolute Sword Masters.

Four artistic concepts, combined with sword intent, form a great killing technique!

Its power is definitely not inferior to that of the Heavenly Demon Nine Swords.

Facing the Four Absolute Sword Formation.

The elder of the Kang family was slightly startled.

However, the serrated long knife in his hand still made this cut!

Want to forcibly tear this sword formation apart!

Ye Qiubai poked out his sword finger.

The Four Absolute Sword Formation is roaring!

Four different artistic conceptions converge on the sword intent!

It actually formed a four-color long sword!

Carrying endless power.

Extremely sharp.

Heading towards the knife of the elder of the Kang family!

Boom!

The roar continued.

However, this time, the knife of the elder of the Kang family had the upper hand.

Bloody Chidao, as the great elder's trump card.

Naturally, it will not be simple.

It may not be enough to rely solely on the Four Absolute Sword Formation.

Ye Qiubai also thought of this question.

However, in the Four Absolute Sword Formation, the Four Absolute Swords represent four artistic concepts.

Can these four moods be changed?

For example, the artistic conception of wood uses the meaning of endless life!

These two kinds have the same origin.

However, the meaning of endless life can be said to be an enhanced version of the artistic conception of wood.

Power, will it be greatly improved?

thought of this.

Ye Qiubai performed the Sword Sutra of Absolute Beginning.

Bring the meaning of endless life into the Four Absolute Sword Formation, replacing the position of the artistic conception of wood!

this moment.

The Four Absolute Sword Formation actually exuded green light!

Weineng, at this moment, climb extremely fast.

The four-color long sword that converges into one body is occupied by the meaning of endless life.

The \*\*\*\* red knife came to a halt.

Immediately.

Ye Qiubai grasped the void.

seems to be holding the four-color long sword.

Run the Sword Sutra of Absolute Beginning!

Swing out suddenly!

Ping Shanhe!

Using the Four Absolute Sword Formation as the sword, display the Sword Sutra of Absolute Beginning!

And this move.

Actually directly extracted most of the spiritual energy in Ye Qiubai's dantian!

Ye Qiubai's complexion instantly became pale as a result!

This surprised Ye Qiubai.

However, now that the sword has been swung, it cannot be stopped!

Gritting his teeth, enduring the lack of aura in his body.

With a low growl, he slashed at the elder of the Kang family!

And the power brought by this sword.

The face of the elder of the Kang family changed in shock!

The four-color long sword cutting towards him made him feel a death threat in his heart!

Don't wait for him to think about it.

This sword has already been cut!

Collide with the Bloody Red Knife!

A serrated long knife burning with \*\*\*\* flames.

Collide with the long sword shining with four colors of light!

Space trembled violently at this moment!

Like the ripples of water.

And there are bursts of breath coming from it.

It also caused the faces of everyone around to change drastically!

One after another set up spiritual energy barriers to resist the aftermath of these attacks!

Is this an attack that a sword cultivator in the early stage of False God Realm can make?

Everyone can't believe it!

And the next moment.

There was a "click" sound in the air.

The serrated long knife in the hands of the Great Elder of the Kang family, at this moment, actually gave birth to cracks!

The Great Elder's pupils shrank suddenly.

The crack on the serrated long knife is getting bigger and bigger!

In an instant, it was broken into pieces!

And Ye Qiubai also held a four-color long sword in both hands, passing through the body of the great elder!

Puff!

Blood splashed out from all parts of the Great Elder's body!

this moment.

The blood in the eyes of the great elder faded instantly, and turned into endless grayness.

The breath also completely disappeared at this moment...

Under this sword.

The elder of the Kang family.

The half-emperor powerhouse who thought he could hit the emperor's realm.

died in the hands of a sword repairer at the early stage of False God Realm...

Once this news is released, it may attract the attention of all parties...

Chapter 306 Surrounded

The elder of the Kang family fell to the ground.

No breath at all.

It has lost its vital signs.

Everyone stared blankly at the scene in front of them.

are all amazed.

Ye Qiubai used his strength at the early stage of the False God Realm to kill a Half-Emperor who was qualified to hit the Emperor Realm.

The gap in the realm is like a horizontal ditch.

The death of the great elder of the Kang family directly led to the annihilation of the guards of the Kang and Li families stationed in the northern street.

Yang Qi commanded: "Clean the battlefield and rebuild the garrison on the northern street."

However, Shi Sheng raised a question: "Shouldn't we directly transfer the offensive to the Eastern Street at this time?"

"After all, now that their army has been completely wiped out, the other party will not know the news of this place for a while. We just need to rush to the eastern street as fast as possible to form a double-team situation."

Ye Qiubai on the side heard these words, couldn't help but nodded with a smile.

It seems that our junior is not stupid.

Hearing this, Yang Qi also suddenly understood the twists and turns.

Obviously.

This is making a difference in information.

Now that the opponent's troops are completely wiped out, it is inevitable that they will not know that the guarding team on the northern street will be completely wiped out!

So, they will not continue to send people to the northern street for the time being.

Here, you only need to send one or two scouts here to monitor the situation.

The rest of the guards of the Yang family can follow Ye Qiubai and the others to the eastern streets!

In this way, the other party will not notice in a short time!

"Then do what Brother Shi said!"

Speaking of this, Yang Qi waved his big hand and directed the guards of the Yang family: "Leave two people here to clean up the battlefield and monitor each other's movements. The rest of you, follow me to the eastern street and destroy all the forces of my Yang family. Take it back!"

The guards shouted for a while.

Immediately, head towards the east street quickly!

Poor information.

What is most needed is to race against time!

And at this moment.

East Street.

The guards of the two families of Kang and Li gathered here!

The Yang family retreated steadily after being beaten.

At this moment, the second elder of the Yang family watched this scene from behind, his face extremely gloomy.

I'm afraid, if this continues.

Within half a day, the eastern streets will be completely occupied by Kang and Li's family.

The second elder asked: "Has the support not arrived yet?"

The guard shook his head and said, "The information from over there hasn't come yet."

Hearing this, the second elder sighed in his heart.

I'm afraid, the Yang family won't be able to get through this time.

Ahead of the battle.

Li Yun, the great elder of the Li family, is also a Half-Emperor strong enough to challenge the Emperor Realm.

His cultivation is advanced, which also makes her charming.

Beside her is Kang Ming, the second elder of the Kang family, whose strength is at the level of a half-emperor, but he is a half-emperor who cannot hit the emperor's realm.

Only Li Yunjiao said with a smile: "Elder Yang, give up, how can your Yang family alone be able to resist us?"

Kang Ming also had a calm face, and said sarcastically, "Could it be that you still want to wait for the support of the Long family?"

"The people you sent to Longqi City have already been intercepted and killed by us halfway. In a short time, it is impossible to detect them and implement reinforcements."

"At that time, even if the Long family reacts, I'm afraid you have already been wiped out!"

Hear this.

Elder Yang's complexion changed drastically!

The only thing they can rely on now is the support of the Long family!

If it is as they say.

Even if the delay continues, there will be no hope.

The guards of the Yang family also knew this.

For a while, the morale of the Yang family was extremely low, which made it possible to last for half a day.

Now, this one-sided situation, I am afraid it will only be an hour...

Elder Yang also sighed inwardly.

There is some hesitation in my heart.

Whether you want to retreat, abandon the eastern street, and retreat to the Yang family.

However, if the eastern streets are taken away by the other party, I am afraid that even if the Yang family survives, they can only live on idly.

Maybe it will affect the decision of the Long family.

After all, political marriage is something related to the interests of both parties.

If the influence of the Yang family is completely eroded, the other party may think that the Yang family has no value anymore, leading to directly tearing up the marriage contract!

Elder Yang gritted his teeth looking at the current situation.

Dilemma!

No matter which side you choose, it will be an abyss for the Yang family!

Just as Elder Yang was about to make a decision to retreat.

There was a sudden scream from behind Kang and Li's family!

Over there, the sword intent is flowing, and the power of the stars is even more vertical and horizontal!

And the loud noise of the ground cracking!

Everyone in the Yang family looked over, and then their eyes lit up!

Li Yun's complexion sank, she turned her head suddenly, and shouted angrily: "Who dares to meddle in the affairs of my two families, Kang and Li!"

In their view, it is impossible for people from the Yang family to come from the rear.

However, when she saw Yang Qi behind Ye Qiubai and the others, she was slightly taken aback.

Heir to the Yang family?

Why does it appear in the rear?

Could it be...

Li Yun's complexion changed drastically, and he looked at Kang Ming who was at the side.

I saw Kang Ming's face was equally horrified.

The two looked at each other.

Obviously, they all thought of one point.

Something happened on the northern streets!

Elder Yang looked at this scene with surprise on his face, and waved: "Reinforcements have arrived, everyone, follow me!"

After all, Elder Yang unleashed the strength of the Half Emperor Realm first, and rushed towards the Kang and Li families!

The only surviving guard of the Yang family also let out a roar, rushing towards the opponent without fear of death.

Li Yun sneered and said, "Elder Kang, send out a signal to stop them."

"I'll deal with the group of people behind."

Kang Ming nodded, and immediately, a spiritual energy was released!

Soaring into the sky!

However, just three feet away, there is a force of stars to suppress it!

Stop this aura rising up into the sky!

Kang Ming's face darkened, and before he could think about it, Elder Yang had already rushed over.

Gritting his teeth, he had no choice but to go forward.

The power of the stars was naturally created by Shi Sheng.

Before, he thought that the other party might send a signal, so he was already in midair, covering the power of the stars, ready to intercept the other party's signal at any time!

Li Yun sneered: "So what if the signal is blocked?"

She is a Half-Emperor powerhouse who can hit the Emperor Realm!

In this Yunqi City, it can be regarded as a top existence!

Without leaving the imperial realm, who is her opponent?

What's more, the opponent doesn't even have a half-emperor.

How could it be possible to stop her?

thought of this.

Li Yun rushed out directly!

Xiao Hei snorted coldly and said, "I'll come!"

Ye Qiubai and Shi Sheng nodded when they heard the words, and led Yang Qi and his party towards the rest of Kang and Li's family.

Facing such strong men.

Xiao Hei didn't hold back at all.

However, Xiao Hei never held back against anyone.

For him.

As long as it is an enemy, then tear it up with all your strength!

On Xiao Hei's body, three lines appeared!

The Eternal Demon Physique is at full strength!

At the same time, directly entered the enchanted state!

The strength of the physical body climbed to the peak at this moment!

Chapter 307 Take me as a slave? You are not worthy!

Xiao Hei's physical strength is unmatched by the average Half Emperor powerhouse.

However, the opponent is a Half-Emperor powerhouse who can hit the Emperor Realm, so naturally he needs to be taken seriously.

certainly.

The opponent is stronger.

Xiao Hei became more and more excited.

For him, fighting and killing are engraved in his blood.

Seeing that there was only one person rushing towards the other party, Li Yun snorted coldly, and said coquettishly, "Does only one person want to hold me back?"

"It's underestimated."

After finishing speaking, Li Yun's breath burst out instantly!

Streams of pink aura seemed to turn into streaks of powder, and rushed towards Xiao Hei!

Behind, Elder Yang reminded loudly: "Little friend, stay away, this pink aura is Li Yun's unique method, once inhaled, you will fall into a charming state!"

Charm!

This is Li Yun's means of survival!

Even a strong man of the same realm would not dare to inhale this pink aura head-on.

Once inhaled.

Combat power will be extremely reduced!

At the same time, when facing Li Yun, the timing and speed of shots will drop sharply!

These factors are crucial in life and death battles.

Even a little bit of it will kill someone!

but.

Ye Qiubai and Shi Sheng didn't have any worries.

Instead, he secretly smiled in his heart.

Isn't this just restrained by Xiao Hei?

To know.

How determined is Xiao Hei?

Xiao Hei, who is in a state of enchantment, can maintain a clear mind now, and will not only focus on killing.

However, how can these enchanting auras be able to charm Xiao Hei who has fallen into a state of enchantment?

I saw that Xiao Hei didn't retreat in any way, under the desperate eyes of everyone.

I plunged into the pink charming aura!

Even Li Yun chuckled.

Really a stunned young man.

However, Li Yun gradually stopped laughing.

I saw that Xiao Hei was not affected in the slightest by the charming aura!

Whether it is speed or strength, as always!

How is this going?

Li Yun's face darkened.

This is the first time that someone has not been affected by her charming aura at all.

Moreover, the junior in front of him has a much lower level than her!

Even Yang Qi behind him was amazed.

Sure enough.

None of these three people is good!

Can't help but think to myself.

If these three people go inland, I am afraid it will still cause a huge disturbance.

This kind of talent, even compared to some people in the interior, is only high or not low!

Elder Yang also took a deep look at them.

In the meeting hall of the Yang family, he was also one of the people who objected to asking the Caotang mercenary group to take action at such a high price.

He thought at the time.

Three juniors who have not even reached the Half Emperor Realm.

How can you afford such a high salary?

The Kunlun Tianchi competition quota, even if it is to invite the Half Emperor powerhouse, is more than enough!

However, it seems now.

These three people have some knowledge.

Relying on his body, Xiao Hei crossed this space!

The sound of the wind bursts, making the sound of a sonic boom!

The speed is extremely fast, and people with low realms can only see a black line running across the air!

Li Yun's face darkened slightly.

Not even a junior can be charmed, which also hit her heart hard.

thought of this.

Li Yun actually started dancing.

Twisted her soft waist like a water snake.

The fiery figure made many guards below obsessed with it, and some even fell into a state of charm directly, and their bodies began to heat up.

Unable to resist the scorching heat inside the body, the seven orifices began to bleed!

Yang Qi's face was also scorching hot, but under the cover of Shi Sheng's star power, he barely escaped a catastrophe!

Xiao Hei's eyes were still fixed on Li Yun.

but.

Except for the black magic in his eyes.

Apart from this, there is no obsession that makes Li Yun think!

Don't wait to think about it.

Xiao Hei's figure is already approaching.

Raised his fist, the blue veins on his arm surged, and the explosive muscles, as well as the three lines covering the flesh, burst out with shocking power at the same time!

With a low growl, he punched out!

One time, space jitter!

Li Yun's complexion changed drastically, she stopped dancing, and slapped lightly with her palm.

A pink palm print met Xiao Hei's punch!

Boom!

Xiao Hei's punch hit the pink palm print hard.

The palm print was instantly shattered!

However, in contrast, Xiao Hei also retreated ten steps violently!

As a half-emperor powerhouse capable of attacking the emperor's realm, Li Yun actually retreated more than six steps in this confrontation!

How can this be!

Li Yun was shocked!

It's like setting off a monstrous ocean wave!

Her realm is even higher!

Although it still has a slight advantage.

But this is not reasonable either!

The other party has achieved this step by relying solely on physical strength?

Elder Yang, who was in a state of anxiety with Kang Ming at the back, caught a glimpse of this scene and was also stunned.

Is this person so powerful?

Even if he meets Li Yun.

Let's not talk about the charm aura.

Even if you are not affected by the charming aura, you will still be injured by a palm strike!

Xiao Hei didn't look at the shocked eyes of the people around him.

grinned.

There is not only killing intent flowing around the body.

The fighting spirit also began to surge!

The stronger the enemy.

Xiao Hei became more ecstatic!

During the battle, Xiao Hei will change from his simple, honest and stupefied face, revealing a ferocious and murderous side!

I saw that Xiao Hei did not rest, ignoring the turbulent bones and internal organs in his body.

One foot suddenly stepped in the air again.

The space emits ripples!

Xiao Hei's figure, also like a cannonball, rushed towards Li Yun again!

Seeing this, Li Yun was furious!

The charming aura that permeated the surroundings was retracted and gathered in the palm of the hand.

Take the initiative to step forward.

Slapped Xiao Hei's fist with a palm!

this moment.

Xiao Hei stepped back fifteen steps!

At the same time, blood overflowed from the corner of his mouth!

Li Yun also took five steps back!

However, this also shocked everyone by Xiao Hei's strength.

After all, the opponent is a Half-Emperor powerhouse who can hit the Emperor Realm!

Xiao Hei has surpassed countless people in being able to do this!

Li Yun looked at Xiao Hei who was being photographed back to the ground, squinted her winking eyes, and said coldly: "If it is on weekdays, I will definitely take you as a male slave, but during this period, there must be no difference. You must be killed!"

Xiao Hei snorted and sneered: "Take me as a slave?"

The voice fell.

is behind Xiao Hei.

Has a monstrous demonic energy surging to the sky!

Gathered behind Xiao Hei into a monstrous phantom!

An intimidating atmosphere permeates the entire eastern street!

Even Li Yun's eyes flashed fear for a moment!

Then he reacted and said angrily, "Who the \*\*\*\* are you!"

Xiao Hei is tall and straight, and the phantom behind him is also tall and straight.

The eyes are cold, with a look of disdain for the world!

It's like a demon \*\*\*\* descending!

He looked at Li Yun with eyes as cold as ten thousand years of ice, and said coldly, "You don't need to know, as for taking me as a slave?"

"You are not worthy."

Chapter 308 Crushed!

The Demon God is coming!

The current Xiao Hei, although he has no memory of his previous life.

But the arrogance engraved in the bones and the arrogance of contempt for the world.

Let Xiao Hei face Li Yun's words.

Thoroughly revealed!

Everyone looked at the huge shadow behind Xiao Hei.

The low-level person actually fell to his knees directly on the ground, his face was covered with cold sweat, and his eyes were terrified!

In addition to fear, there is awe in my heart!

Elder Yang and Kang Ming, who were fighting in the rear, felt this breath.

They all paused for a moment.

His face was horrified!

This monstrous demonic energy actually shocked the minds of the two of them!

How sacred is this physical training?

Can burst out such breath?

Li Yun, who faced Xiao Hei directly, had the most direct feeling.

The overwhelming dark magic energy.

shocked her mind!

It actually made her dare not move for a while!

And Xiao Hei's dark eyes, full of magic, stared at her indifferently and contemptuously at this moment.

It made Li Yun feel like turning around and running away!

To know.

This is the key factor in the battle between the strong!

Once the fighting spirit is gone.

Or, once you are afraid of the enemy.

Then, the balance of victory in this battle will also be completely tilted.

Even if your strength is stronger than the opponent.

The winning rate will also be greatly reduced!

Li Yun bit heavily on her coquettish red lips.

The tingling pain on the red lips made Li Yun slightly awake.

Immediately, Li Yun stretched out her hands at the same time regardless of other things.

The charming pink aura gathered between Li Yun's hands!

Immediately, it turned into a pink rose.

Shoot towards Xiao Hei!

Roses are beautiful.

There are thorns all over the body.

If you are not careful, you will be stabbed and bruised all over your body!

This is Li Yun's strongest method.

Contains all the aura of her being a Half Emperor powerhouse.

used this trick.

Li Yun's complexion even turned pale and colorless in an instant!

breath, instantly sluggish!

Obviously, this move caused Li Yun to consume a lot of aura!

at the same time.

This pink rose, the power contained in it, makes everyone's eyes change!

And Xiao Hei still had the same expression.

Nothing has changed.

Looking at Li Yun, it was like a superior looking at an ant.

And at this time, Xiao Hei moved.

I saw him raise his fist.

At the same time, when Xiao Hei raised his fist, the huge phantom behind him also raised his fist!

The movements of one person and one shadow are completely synchronized!

When the pink rose approached Xiao Hei.

Boom!

Accompanied by bursts of sonic booms.

The monstrous dark energy gathered in Xiao Hei's fist!

The phantom behind him also had a black afterglow shining on his fist!

Blast out with a punch!

The fist of the black phantom hit the pink rose accurately!

For a while, the pink aura overflowed!

On the other side, there is a demonic energy!

Pink Rose's forward trend was stopped by this punch!

As for Xiao Hei, his face was still indifferent, and his body didn't shake at all!

Li Yun spit out another mouthful of blood!

Bright red blood trickled out from the corner of his mouth!

Looking at this scene, Li Yun was shocked.

Even his strongest blow couldn't shake the bodybuilder in front of him?

Where did this monster come from?

Borderless Domain, is there such a magical physical training?

In the inland, there is a top force that specializes in the body!

However, their aura is completely different from that of Xiao Hei!

next moment.

This pink rose was blown away by Xiao Hei's punch!

Decomposed into wisps of pink aura, dissipating in this space!

Li Yun spat out a mouthful of blood again, covered her chest, and kept rising and falling...

One punch broke her strongest blow.

This attack.

Only the powerful in the imperial realm can do this step!

However, the physical trainer in front of him clearly hasn't reached this level yet.

Don't wait to think about it.

Xiao Hei moved.

I saw him take a step forward.

The ghost behind him also stepped out!

Just a blink of an eye.

Li Yun discovered that Xiao Hei had disappeared in place!

Before she was horrified.

Xiao Hei's face appeared in front of her eyes!

Suddenly stretched out his hand.

directly pinched Li Yun's neck!

Lift it up!

Li Yun's eyes were full of despair.

In Xiao Hei's gaze looking down on the world.

made her feel fear.

So much so that the question had already reached his throat, and he opened his mouth, but he couldn't make a sound!

Fear.

Extreme fear!

Under Xiao Hei's indifferent eyes, she was afraid!

Looking at Li Yun's appearance.

Xiao Hei twitched the corners of his mouth slightly, as if laughing.

"Take me as a slave?"

"Are you worthy?"

Speak.

Xiao Hei's palm was violent!

Under Li Yun's desperate eyes, he directly crushed her neck to pieces!

The head is separated from the body.

No breath of life!

A half-emperor who is qualified to hit the imperial realm.

The person with the highest realm here.

Just like that, he was killed by a junior.

Without the slightest resistance.

It can be said that the whole process was crushed to death!

And the other side.

With the strength of Ye Qiubai and Shi Sheng, the guards of Kang and Li's family, there is no room for resistance.

Almost one sword and one ax can kill several people!

Soon, only Kang Ming was left in the Kang and Li families here!

Seeing this scene.

Kang Ming's face turned pale.

Where did these three monsters come from?

Such a powerful talent.

and the strength of leapfrog combat.

They don't look like people from this border city at all!

I'm afraid, he is a disciple of the top power in the inland, and he came here to practice!

thought of this.

Kang Ming felt a sense of powerlessness in his heart.

If that's the case.

I'm afraid, this time the plan of the two of them will be killed in the cradle.

At that time, the Long family will also be furious!

Allied with the Yang family, came to Yunqi City, and wiped out the Kang and Li families.

Elder Yang was pleasantly surprised, with a winner's smile on his face, he said, "Kang Ming, it seems that you are going to fail."

Kang Ming also stopped at this moment.

What's the use of calling now?

Even Li Yun, who was able to hit the imperial realm, died in their hands.

How could he be their opponent, an ordinary half-emperor?

Kang Ming wanted to say something.

Just opened his mouth.

But a sword intent pierced directly between the eyebrows!

Opened his eyes, fell from the air to the ground, and died here.

Naturally, it was Ye Qiubai who moved.

They are enemies after all.

It's useless to keep him.

It is better to kill directly to avoid future troubles.

Ye Qiubai is not willing to do things that cut the weeds but not the roots.

Since we have already stood on the opposite side.

It is impossible to hold back the slightest hand!

Once he keeps his hand, he may be the one who dies in the future!

Elder Yang walked in front of Ye Qiubai and the others.

With a wry smile, he cupped his hands and said, "I'm sorry, three friends, at that time, my vision was too low."

Ye Qiubai waved his hand, but he didn't care.

Yang Qi also smiled and said: "Second Elder, now, you should know why I dared to bet so much on Brother Ye and the others, right?"

Elder Yang nodded.

And this matter.

It was also passed on to the two families of Kang and Li...

Chapter 309 Turn into a dragon in case of a storm!

East Street and North Street things.

After an hour.

It was sent back to Kang and Li's family.

Now, the Kang family.

The two patriarchs, Kang Shicheng and Li Man, sat in the room with gloomy faces.

Even they didn't expect it.

The original perfect plan.

It was destroyed by a new mercenary!

But the other party has not even reached the state of a half-emperor!

"Patriarch Li, what do you think?"

Kang Shicheng's face sank like water, and he said: "The current situation is probably not good."

Heard the words.

Li Man was silent for a few breaths.

Immediately afterwards, he took a deep breath and said: "If you continue to drag on, then Longqi City will notice it. At that time, once they make a move, it is impossible for our two families to resist!"

Kang Shicheng asked in a deep voice: "Joining hands with the City Lord's Mansion?"

However, when he said these five words, he shook his head again.

The City Lord's Mansion has made it clear that it will not interfere in this matter!

In it, play the role of a weasel!

If the Kang and Li families win.

The City Lord's Mansion can become the biggest beneficiary.

Nothing more.

Once the Kang and Li families are defeated.

Then the City Lord's Mansion will not suffer any losses.

Advance can be attacked, retreat can be defended!

Why does the City Lord's Mansion have to enter?

Doing such a thankless thing?

Li Man sighed: "Now, the only way is to ask the ancestors, let the two ancestors take action, and it is possible to turn the tide of the battle!"

The ancestors of the Kang and Li families are all the strongest existences in this Yunqi City!

is a strong man in the middle stage of Emperor Realm!

Only the two ancestors can make a move, so the opponent will definitely not have the power to parry!

"Understood, let's ask our ancestors for instructions."

Obviously.

The situation today.

The Kang and Li families do not intend to keep their promises!

Want to dispatch the powerful emperor!

...

the other side.

In a thatched cottage.

Here, located in the deep forest outside Yunqi City.

And here.

There are two old men playing chess.

Another old woman next to her was making tea.

One of the old men holding black chess said with a smile: "Old Yang, it seems that your situation has reversed."

The old man known as Lao Yang holds white chess in his hand and has a serious face, as if he will never laugh.

"It was all done by the people below, and I didn't intervene."

Although he didn't smile, his face was still serious.

However, the smile in his tone couldn't be suppressed no matter what.

The old woman making tea did not speak.

But the gloomy meaning in the eyes was noticed by the two of them.

Obviously, the old woman's mood is not very good.

And these three people.

It is also the highest combat power in Yunqi City!

The three of them are all in the middle stage of Emperor Realm!

The old man holding the black chess is the ancestor of the Kang family!

The old man of white chess is the ancestor of the Yang family.

The old woman making tea is the ancestor of the Li family.

At this time.

The ancestor of the Li family put down the teapot, poured two cups of tea, and gave them to himself and the ancestor of the Kang family respectively.

Then he said: "I'm afraid we have to intervene in this matter."

The ancestor of the Yang family still looked serious, and said: "The previous agreement is void?"

The patriarch of the Kang family smiled and said, "What can we do if we don't invalidate it? We can't let our descendants send out the family power we have defeated, can we?"

Hear this.

The ancestor of the Yang family did not have any surprises, but nodded and said: "Understood."

"However, if the old man and I are holding on to each other with my life, then surely the two of you will not be able to make a move easily."

"It's no problem to block you for seven or eight days."

heard the words of the ancestor of the Yang family.

The expressions of both of them changed slightly!

The words of the ancestor of the Yang family are true.

reached their realm.

Who doesn't have a few hole cards?

If he really took his life at the cost of delaying them for seven or eight days, that would be the least of it!

And these seven or eight days are enough for Longqi City to discover the abnormality and come to support!

"Old Yang, we have lived for such a long time, and we are fighting each other with our lives like this, are you willing?"

Ascetics.

What for?

Longevity!

Even for these three ancestors, there are no exceptions!

It was obviously beyond the surprise of the two of them that the ancestor of the Yang family said such words.

At this moment, the ancestor of the Yang family twitched the corners of his mouth unexpectedly, revealing a stiff smile.

"So what? The Yang family can't just be destroyed like this."

"If you want to make a move, then step over my dead body."

Speak.

The ancestor of the Yang family held a white flag in his hand, and besieged and killed all the black chess pieces of the ancestor of the Kang family!

White wins.

The ancestors of the Kang family and the ancestors of the Li family looked at each other.

Immediately, he sighed secretly.

It seems that Kang and Li's family have been defeated this time.

"Old Yang, tell me, what price do we have to pay?"

The ancestor of the Yang family shook his head and said, "Let the younger generations worry about this kind of thing."

The patriarch of the Kang family chuckled and said, "Okay, let's play another game. This time, I will definitely kill you!"

The ancestor of the Yang family did not refuse...

And this decision.

It was also passed back to the ears of Kang Shicheng and Li Man.

Both of them were pale.

Lost just like that?

They are not convinced!

But, what if you don't accept it?

Even the ancestors of the two families chose to give up.

What can they do?

That's it.

The Kang and Li families chose to surrender.

And each took out 10% of the resources.

Handed over to the Yang family.

The Yang family also agreed to this condition.

Since then.

The Yang family also owns 30% of the resources of Yunqi City.

no doubt.

In the future, the Yang family will be the most powerful force in Yunqi City, except for the City Lord's Mansion!

After learning the news.

Ye Qiubai and the others were also invited to the Yang family.

Arrived at the conference hall.

Yang Zhenhuai laughed and stood up, walked in front of Ye Qiubai and the others, and patted the three of them on the shoulders.

"Good! Good! This time, thanks to the three little friends!"

"If it wasn't for your assistance, our Yang family might not be able to get through this time."

The elders of the Yang family below also smiled wryly in their hearts.

These words, they can not refute.

Without them.

The Yang family is about to be destroyed.

"Of course, the rewards will also be given to you, and all the places in the Yang family's Kunlun Tianchi competition will be given to you!"

"At the same time, our Yang family also owes you a huge favor. If you need anything in the future, just come to me!"

Ye Qiubai took a deep look at Yang Zhenhuai, and nodded.

Able to sit in the position of the head of the house.

Yang Zhenhuai must not be too simple.

Although it is said that the Yang family owed them favors.

However, in the end, I still want to make a good relationship with Ye Qiubai and the other three.

Yang Qi also smiled and said: "Yes, in the future, as long as there is a place where I, Yang Qi, can help, I will go through fire and water, and I will not hesitate!"

Ye Qiubai nodded, and said, "How long until the competition starts?"

Yang Zhenhuai said with a smile: "There are still twenty days."

"At that time, I will ask Qi'er to notify you."

Ye Qiubai and the three nodded and left the Yang family.

Stay after they leave.

Yang Zhenhuai looked at the backs of the three of them, and said, "Qi'er, no matter what, you have to establish a good relationship with these three."

"I have a hunch that Yunqi City won't be able to accommodate them."

"Once you enter the inland, you will turn into a dragon when you encounter a storm!"

Yang Qi nodded.

at the same time.

Savage frontier.

Southern Region Cottage, a mysterious man came...

Chapter 310 Five-star deacon, Liu Zirui

After the apprentices left.

Lu Changsheng was frightened for a few days at first.

I'm afraid that those \*\*\*\* will tell themselves with jade pendants.

Said which big power has been offended again.

I have to wipe my \*\*\*\* by myself.

After a few days, Lu Changsheng breathed a sigh of relief, and began to live a relatively normal life with Lu Changsheng again.

Sleep, eat, sleep, grow vegetables, sleep...

It's just that I can only cook by myself.

When I am too lazy to do it.

Let Uncle Qin order a "takeaway" for him.

only.

The good times don't last long.

This kind of fishing life came here when a man who looked very young came here.

Lu Changsheng, who seemed to be asleep with his eyes closed, let out a helpless voice.

"Alas, the good times are coming to an end again."

The young man smiled and sat on the stone chair rather casually.

Didn't say anything, just took out the teapot and started making tea.

After the tea was brewed, he made a gesture of invitation and said, "Your Excellency, let's have a taste."

Lu Changsheng stood up.

Sit across from the young man, and immediately stared at the man.

The man smiled dumbly, picked up the teacup and took a sip.

After observing the time for a stick of incense.

Lu Changsheng then picked up the teacup in front of him and drank slowly.

At this time, the young man said: "I have also drunk the tea, let me introduce myself, I am the five-star deacon of the Dark Realm, Liu Ziru."

And when the young man finished.

Lu Changsheng immediately spit out the tea in his mouth, and put the teacup back on the stone table.

Liu Ziru was slightly taken aback.

Now, it's impossible for him to fix it.

What is this operation?

Lu Changsheng said: "Go back wherever you came from. As I said, I don't want to get involved."

Heard the words.

Liu Ziru smiled lightly and said, "You don't know the power of our dark domain, do you?"

Immediately after.

Regardless of whether Lu Changsheng wanted to hear it or not, he said to himself: "Basically, the dark domain is divided into forces in the mid-latitude or high-latitude boundaries."

"Let us come to the low-latitude boundary to pick up people. Your Excellency is the first and maybe the last."

"At the same time, the dark domain cannot be regarded as a force in the traditional sense, but an alliance composed of multiple forces."

That is to say.

Darkland can be said to be a platform.

The deacon will recruit the talents on the dark list and bring them into the dark field.

At the same time, there is no need for those who join the dark domain to leave their original forces.

"In the dark domain, although I can't tell you which forces have joined, they are all top existences in all walks of life."

But Lu Changsheng was not interested at all, and said: "You don't need to tell me, I don't know, and I don't want to know."

joke.

According to Liu Ziru's words.

The forces in the dark realm are intricate!

Once you join in.

Isn't it related to cause and effect with so many forces?

Lu Changsheng is not willing to do this kind of loss-making business.

Liu Zirui was not surprised when he heard Lu Changsheng's answer.

After all, the other party had expressed his attitude before.

If you just nodded and agreed.

Liu Zirui also wondered if there was a fraud in it.

Liu Zirui took a sip of tea slowly, and said with a light smile, "So, your lord, what are you worried about, or do you doubt the strength of the dark domain?"

Hearing this, Lu Changsheng spread his hands and said: "It's not the reason, but I don't want to get involved in too many things, I just want to live the life I want now."

"The dark realm doesn't restrict your freedom." Liu Zirui said, "If you think that you will lose your freedom if you join the dark realm, you're wrong."

"Even if you join, you can continue to stay in this realm."

Lu Changsheng shook his head.

Where is the way of cause and effect explained clearly?

Even if you join it, you don't care about the dark area.

That is also the cause and effect of the dark domain.

Don't bother.

Of course someone will come to you.

Liu Zirui also understood what Lu Changsheng meant.

but.

He didn't intend to give up just yet.

After all, the current Lu Changsheng is one of the top ten in the dark list.

But let the big man in the dark domain personally issue the order.

Let Liu Zirui, who is a five-star deacon, personally come to win over Lu Changsheng.

Every five-star deacon.

are the highest-level deacons in the dark field.

At the same time, they are only responsible for attracting the top five existences in the dark list.

However, now he, a five-star deacon, is asked to win over the top ten Lu Changsheng.

This also means.

There must be something extraordinary about Lu Changsheng in front of him.

Again.

Liu Ziru can achieve the position of a five-star deacon.

Not only because of high strength.

It is because the completion rate of the task has reached an astonishing 99%!

Only in this way can one be able to sit in the position of a five-star deacon.

so.

For Liu Ziru.

Lu Changsheng must win over successfully.

"Maybe, you can think about it from another angle."

Liu Ziru stood up with a smile and stretched out her hand.

A ball of extremely terrifying aura was pinched in his hand.

And it is this aura that may be able to destroy the entire Tibetan Taoist Academy!

Lu Changsheng narrowed his eyes and looked over.

"As long as you become strong enough, won't you be afraid of karma?"

Lu Changsheng asked back: "How strong does it have to be? Can you ignore cause and effect now?"

Liu Ziru was taken aback for a moment, and shook his head with a wry smile: "Unfortunately, my strength is still not up to this standard."

Lu Changsheng also stood up, walked to Liu Ziru's side, stretched out a hand, and smashed the aura in Liu Ziru's hand with ease!

Under Liu Ziru's astonished eyes, he said: "There is a sky beyond the sky, and there are people beyond people."

"In this kind of world, there has never been any invincibility in the true sense. Wherever you go, there will always be someone stronger than you."

"For example, you think you are very strong?"

Liu Ziru nodded.

"But, aren't you still helping this so-called dark area?"

Liu Ziru was silent.

Lu Changsheng smiled and said: "So, don't say that as long as you become strong enough, never underestimate other people."

"Got it?"

"Understand the applause... Ah no, go back if you understand."

Lu Chang turned around and lay down on the bamboo chair, ready to catch up on sleep.

I haven't had enough sleep at noon!

Liu Ziru nodded slightly: "It makes sense, but I still have to fight for it."

"The people we want to win in the dark field have never failed."

Lu Changsheng closed his eyes and asked, "Then make an exception here!"

"Can't break it."

Liu Ziru shook his head slightly, and then, a terrifying aura rose slowly around Liu Ziru's body!

This aura is many times stronger than those of the Emperor Realm powerhouses!

"Words can't persuade, then try with force."

"Be careful."

After speaking, Liu Ziru rushed towards Lu Changsheng!
