

All My Disciples Are Kings

Chapter 31 Destruction!

Mind and eyes.

Can detect all evils in the world!

Whether it is a maze or a phantom, as long as it is not crushed by the opponent, it can be easily detected!

Under the eyes of the heart, many hidden methods are undoubtedly revealed!

What means is this? !

In the dark, three figures in black looked at this scene, and their hearts were filled with turmoil!

In the same realm, no one can see through the Wuyin Killing Formation!

What's more, the three people used the fog hidden killing array at the cost of burning blood!

Even a person at the peak of Qi Sea Realm cannot detect it!

Unless the water overflowing strongman breaks through the formation with force, he can break the fog hidden killing formation!

However, Ye Qiubai is just a person in the Purple Mansion.

The realm is lower than them!

How did you do this?

Could it be a coincidence?

However, when they thought of this.

I felt that Ye Qiubai had a sword intent rising into the sky!

It seems to be cutting through this space!

Sword intent? !

In the data.

Ye Qiubai has practiced for only a dozen years.

How could it be possible to comprehend the sword intent? !

Immediately afterwards, the sword energy carrying the sword intent precisely slashed towards the positions of the three of them!

The faces of the three of them changed drastically.

Seeing this, how could they not know.

Ye Qiubai has seen through this formation!

"Transfer formation, shadow kill formation!"

The three of them made a mark at the same time, and a mouthful of blood sprayed on the mark!

Suddenly, the fog in the formation dissipated, and instead, countless dark daggers pierced towards Ye Qiubai's sword intent!

Since the maze is useless, then directly use the killing array to face it head-on!

However, Shadow Killer is a killer organization.

Lost the concealment of darkness.

How could Ye Qiubai be an opponent in a frontal battle?

Those countless dark daggers were cut to pieces instantly by the sword intent!

The castration continued unabated, and then he chopped at the three of them!

The expression of the figure in black changed drastically, but now it was too late to dodge, so he could only hold the dagger to his chest.

Streams of spiritual energy appeared in front of him to resist the sharp sword intent!

Click!

The sound of cracking keeps ringing!

The sword intent was like destroying the dead, smashing the layers of aura shields to pieces!

The sword intent fell on the bodies of the three of them.

Penetrate directly!

Suddenly, a line of blood gushed out from the chests of the three of them!

One blow, three people were killed!

Ye Qiubai waved the dark demon in his hand, looked at this scene with cold eyes, as if he didn't care.

And the other side.

Qiu Libei looked at this scene with horror on his face.

At this moment, he has no intention of beheading Ye Qiubai at all.

He only thinks about how to escape for his life now!

However, he seemed to be locked by Ye Qiubai's qi mechanism, and his legs were bound by the ground, unable to move!

The four armored men from the Sunset Dynasty were also surprised.

After all, in their eyes, Ye Qiubai will definitely die if he is trapped by the Wuyin Killing Formation!

However, Ye Qiubai not only broke out of the battle now.

Killed the three shadow killers in one blow!

But that's not what they care about.

It's that monstrous sword intent!

You know, even in the Northern Territory, in the Sunset Dynasty!

No one has comprehended the sword intent at such a young age!

Anyone who can comprehend the sword intent is a great swordsman!

This kind of person, even the Sunset Dynasty would not dare to offend easily, and would only make friends with them.

Now, Ye Qiubai is walking towards no one step by step.

Every time you take a step, the sword will rise from your body!

His eyes were extremely cold. In his eyes, these five people were already dead.

The body of the sword is like a snake, and the intent of the sword is like a letter, constantly spitting out!

Qiu Libei's body began to tremble continuously.

Seeing this scene, the four armored men also felt a little frightened.

After realizing this, she was extremely ashamed and angry again.

How could a mere southern barbarian give them such a feeling?

This is impossible!

Suddenly, blood burst out from one of them, turned into a **** giant fist, and hit Ye Qiubai!

Ye Qiubai saw the blood-colored giant fist approaching, but still walked forward without drawing a sword.

It's just that when the **** giant fist was about to hit Ye Qiubai's body, that sword intent erupted directly from his body!

For a moment, the sword intent was everywhere!

The **** giant fist was directly torn into pieces!

Immediately, with a slight step, Ye Qiubai's body disappeared in place!

In an instant, he appeared in front of the armored man, behind the sword bear, with a finger sticking out!

The armored man didn't even have time to react, he just watched Ye Qiubai's finger land on his forehead!

Poof!

A line of blood gushed out from the back of the armored man's head!

One finger pierced the man's forehead!

"How dare you kill us? The Sunset Dynasty won't..."

However, before he finished speaking, Ye Qiubai slashed out with a backhand sword!

The head was chopped off and flew out!

Seeing that the situation was not right, the remaining two immediately retreated and prepared to escape!

But Ye Qiubai will not let the tiger go back to the mountain.

When the other party comes to one person, he will kill one person himself!

Sooner or later, Ye Qiubai will take the initiative to attack and kill the Sunset Dynasty!

Directly slashed at the two of them with a sword!

Sword intent crosses the sky!

turned into a huge slash and slashed on the armor of the two!

But the armor doesn't have any protective effect, it's like paper, cut off in half!

All the members of the Sunset Dynasty died in battle!

After taking away all the rings from the four of them, Ye Qiubai looked at Qiu Libei whose legs were trembling constantly.

At this moment, Qiu Libei was no longer as arrogant and domineering as before, and his eyes were full of fear.

Ye Qiubai looked at Qiu Libei coldly.

I just heard him say: "Ye...Ye Qiubai, I didn't do anything, can you let me go for the sake of my enemies."

Seeing that Ye Qiubai was unmoved, Qiu Libei continued to beg for mercy in a trembling voice, "I will definitely not trouble you again in the future! And whatever you want me to do, I will help you do whatever you want. !"

After finishing speaking, he even knelt on the ground and kept kowtowing to Ye Qiubai!

Seeing this, Ye Qiubai didn't speak, but kicked the rock!

The rock shattered, and the fragments penetrated Qiu Libei's body!

Dantian is included!

Qiu Libei cried out in pain.

The aura on his body was disappearing rapidly. Obviously, Qiu Libei's dantian was broken, and all his cultivation bases disappeared, making him a useless person!

Feeling the condition of his body, Qiu Libei cried, "Kill me! Kill me!"

Ye Qiubai didn't answer, turned around and left the place.

Killing this kind of person, Ye Qiubai is afraid that his sword will be dirty.

One day before the end of the blood prison trial, Ye Qiubai met Hongying.

"Brother, have you solved those people from the Sunset Dynasty?"

Ye Qiubai smiled and said, "That's right, it's sorted out."

Hongying nodded, she was not surprised to be able to get rid of those people.

After all, he is the master's disciple.

If you can't do it, you will be disappointed.

Ye Qiubai asked: "Junior Sister, have you finished your work?"

Hongying nodded and said: "As long as my strength returns to the peak, I will fight again, but at that time, I may use your strength, senior brother."

"Okay, just call me if you need anything."

Being both Master's disciple and his junior sister, Ye Qiubai would certainly not refuse.
