

My Disciples 321

Chapter 321 Thank you, senior...

The moment Ye Qiubai used the Jade Sword Formation.

Lu Changsheng was far away in the barren realm.

already noticed it.

At that time, he was loosening the soil in the vegetable garden.

Feeling the use of the sword array, he couldn't help sighing.

It seems... he will be going on a long trip soon.

These brats!

How long have you been there?

Already started to cause trouble?

have to say.

Lu Changsheng really admired the trouble-making ability of his disciples.

Especially Ye Qiubai...

And at this time.

A figure appeared in the thatched cottage.

The man looks extremely young and handsome.

Extraordinary momentum.

Lu Changsheng glanced at it, but didn't speak, and his expression didn't change.

It seems that I have already gotten used to it.

The person who came was naturally Liu Ziru.

When Liu Ziru walked over with a smile, he looked at the "vegetables" in the vegetable garden, and there was still a sense of shock in his eyes.

No matter how many times I watched it, I was still horrified.

Obviously, the natural materials and earthly treasures among them are extremely common materials in their eyes.

However, its year, and the aura contained in it.

are extremely high!

is what he saw in his life!

What made him vomit blood even more was that among the treasures of heaven and earth, the power of rules was revealed indistinctly!

The power of rules.

But the power closest to the way of heaven in this world!

How could it be so easy to comprehend?

However, this is just a medicinal herb, with the power of rules that some people will never be able to touch!

How does this make him think?

"Senior Lu, are you loosening the soil again?"

Hearing this, Lu Changsheng rolled his eyes and said, "Otherwise?"

"I see you, senior, have been repeating the same life these days..."

Liu Ziru said silently in her heart: sleep, eat, loosen the soil, sleep, write, or draw a picture...

But, apart from this, there is nothing else.

"Is it possible that you won't get tired?"

Lu Changsheng took it for granted and said, "Why are you tired?"

Why are you tired?

Liu Ziru was slightly taken aback.

yes!

Why are you tired?

Although these things seem commonplace.

It's just the most common thing.

However, even if it is ordinary, so what?

Why do you get tired?

Every thing has its own meaning.

Whether it is a small thing or a big thing.

Whether it's done by a mortal or an expert.

has its meaning.

In other words, everyone has their own way.

This also awakened Liu Ziru.

Whatever you do, you should not be impatient or bored.

Let nature take its course.

Understand the Tao.

Why do you get tired?

Liu Ziru understood, with a serious face and gratitude in his eyes, he cupped his fists and bowed slightly, saying, "Thank you, senior."

What?

Lu Changsheng was taken aback when he heard this.

Why did you suddenly thank me?

What am I doing again?

Get sick!

Rolling his eyes and said, "If you think you have nothing to do, go and cook me a meal."

Liu Ziru nodded with a smile and said, "Okay, I understand."

After speaking, Liu Ziru walked towards the kitchen.

not long.

Then came out with four dishes and one soup.

Lu Changsheng took a sip and couldn't help nodding.

Although Liu Ziru is a bit annoying.

But I have to say that this person's cooking skills are quite high.

More professional than those professional cooks!

That's why.

Lu Changsheng didn't rush to kick Liu Ziru away.

By default, he came to the thatched cottage every day when the sun rose.

Lu Changsheng asked: "You, have you practiced cooking before?"

Liu Ziru smiled and shook his head, "I've never practiced before."

Saying so, Liu Ziru never moved his chopsticks.

Lu Changsheng curled his lips and said, "Why are you carrying it like this? You won't die if you eat a little."

Liu Ziru smiled lightly: "Senior, I have been fasting for many years, and now I have already forgotten what food tastes like."

"Among them, it is contaminated with the breath of mortals, so I should not be contaminated more."

"Senior, at our level, it's better not to touch such mundane things."

What?

The meaning of this is to tell him not to eat?

That must be impossible!

Lu Changsheng didn't answer, and continued to cook!

Cooker, cooker soul!

Seeing this, Liu Zirui just smiled slightly.

Didn't say anything more.

However, the matter of luring Lu Changsheng into the dark realm.

After arriving here for the first time, I never mentioned this matter again.

It seemed that both of them had forgotten about it.

...

And at this moment.

In the borderless domain.

The upcoming opening of Kunlun Tianchi has spread throughout the Borderless Domain!

Also let those who snatched the places go to Kunlun Snow Mountain one after another!

At the moment.

Outside the Han Lingzong.

Zheng Haomiao stood in front of an ice field.

The ice field in front of me is endless, and there seems to be no buildings.

But.

Zheng Haomiao stood there firmly, without moving.

As if waiting for something.

Standing here for a full nine days.

The space in front of Zheng Haomiao suddenly distorted!

Ahead.

There is actually a mountain gate emerging!

In the mountain gate, a graceful woman with a face covered with tulle walked up to Zheng Haomiao.

Feeling the breath of the graceful woman, Zheng Haomiao couldn't help shivering.

Want to resist with aura.

But it was still useless, as if it had passed through the defense of aura and penetrated deep into the bone marrow!

The graceful woman ignored Zheng Haomiao's slightly painful expression, but said, "Junior Sister Yongqi's brother?"

Zheng Haomiao clasped his fists and bowed, saying: "Exactly, I am Zheng Haomiao."

The graceful woman nodded slightly, under the cover of the tulle, she couldn't see her expression, and said, "What's the matter?"

Hear here.

Zheng Haomiao's eyes are full of monstrous hatred!

Gritting his teeth, he said word by word: "Yong Qi was killed."

Heard the words.

In the body of the graceful woman, a burst of extreme cold suddenly burst out!

Even Zheng Haomiao, who is in the realm of the Half Emperor, is covered by layers of ice slag!

Immediately, as if realizing that this should not be the case, he withdrew his breath and turned back to the mountain gate.

The space is distorted for a while.

The mountain gate disappeared again.

Zheng Haomiao's body was shivering, and he stood stubbornly on this ice sheet.

Did not leave.

An hour passed.

The mountain gate appears.

The graceful woman walked out again, gave Zheng Haomiao a cold look, and said, "Come with me."

Zheng Haomiao finally showed joy, nodded and followed the graceful woman!

...

And at this moment.

In front of the Kunlun Snow Mountain, Ye Qiubai and the others have already arrived here.

At the foot of Kunlun Snow Mountain, there is a city.

Named Kunlun City!

It is also the only city around Kunlun Snow Mountain!

Because Kunlun Snow Mountain is extremely rich in resources.

So, this Kunlun City also has a profound heritage.

It can be said that when they stepped into the city of Kunlun.

It can be regarded as entering the inland of the borderless domain!

Ye Qiubai and the three walked aimlessly on the street, looking at the aura of the people around them.

Can't help being slightly surprised.

The people here, Yunqi City and Longqi City, are incomparable!

Even the powerful in the imperial realm can be seen everywhere!

And at this time, when passing by a street vendor.

An old man said: "Young man, stay away."

Chapter 322 The meeting of wind and cloud!

I heard that there are many capable people and strange people in the inland.

"The boy stays behind."

When the three of Ye Qiubai heard these words, they followed the source of the voice to look.

An old man with wrinkles on his face.

Hair is gray and scattered everywhere without care.

The eyes are extremely small, if you don't look carefully.

thought he closed his eyes.

However, those eyes left a deep impression on Ye Qiubai.

His eyes were cloudy.

However, in the turbidity, there is a divine light.

As if, in the sea at night, amidst layers of night fog, a ray of light from a lighthouse passes through.

When making sure the old man is looking at him.

Ye Qiubai pointed to himself and said, "The old man is calling me?"

The old man smiled and nodded, then slowly waved his hand and said, "Come here young man, I have something here, you will definitely be interested."

Ye Qiubai and Xiao Heishisheng looked at each other.

Immediately walked over.

Looking at the old linen cloth, there were all kinds of strangely shaped things, with a strange face, and said: "What is the old man talking about?"

The old man smiled slightly, and then pointed to an object closest to him.

This thing is an iron piece that looks a little damaged, even rusty.

On the iron sheet, except for a little bit of rust, there is nothing else.

It looks like nothing more than a piece of scrap metal.

Ye Qiubai looked left and right, but didn't see anything strange about it.

"Isn't the old man playing tricks on me?"

The old man shook his head, pointed to the iron plate and said, "You will know when you pick it up and have a look."

Ye Qiubai did not suspect him, and stretched out his hand, just as he was about to touch the iron plate.

But I saw an old hand, and I don't know when it was on his wrist!

This surprised Ye Qiubai!

He didn't notice any movement of the old man!

Even.

Didn't even realize the timing of the shot!

It landed on his wrist in the blink of an eye!

Ye Qiubai looked slightly dignified.

This kind of person is definitely a hidden powerhouse!

However, Ye Qiubai did not resist afterwards, and his expression relaxed accordingly.

The old man saw the change in Ye Qiubai's expression, couldn't help smiling slightly, and said, "Aren't you afraid that I'll attack you?"

Heard the words.

Ye Qiubai shook his head and said: "With your strength, old man, if you want to attack Ye, you can kill me just now."

"Why bother?"

With the speed of the old man just now, Ye Qiubai did not exaggerate.

Even if he has the self-defense provided by Lu Changsheng.

Under the old man's shot, there is no possibility of using it!

After listening to this.

The old man nodded, and said with a smile: "You can see it thoroughly, you are worthy of being a swordsman."

Ye Qiubai said: "The old man didn't just want to say this, did he?"

The old man did not answer.

Instead, he pinched Ye Qiubai's wrist meridians with his hands.

After a little feeling.

There was a look of horror in his eyes!

However, fleeting.

Immediately returned to normal.

Just muttered in his mouth: "This physique...is real."

"It seems that it is also fate."

Having said that, the old man let go of his hand and said, "Take the iron piece away."

Ye Qiubai was puzzled.

However, he still picked up the iron piece.

Looking fixedly at the rusty iron sheet in his hand, he frowned and felt it.

But still no abnormality was found!

"Old gentleman..."

However, when he was about to ask, he raised his head

But I saw that the old man in front of me had already disappeared out of thin air!

As if it had never appeared before!

Ye Qiubai was puzzled, but he didn't delve into it.

After putting away the rusted iron sheet, he left with Shi Sheng and Xiao Hei.

In a restaurant.

After handing over one hundred and fifty Yuan Crystals.

I asked for the three most common rooms.

If it is normal, one hundred and fifty yuan crystals can already live in a room of Tianzihao.

However, now they can only live in the three most common guest rooms.

But no wonder.

After all, Kunlun Tianchi is about to open.

People from all walks of life came to Kunlun City.

Overcrowded.

In the restaurant, there are already no guest rooms.

Ye Qiubai was lucky enough to find three rooms.

The managers of the restaurant saw this and raised the price several times!

If Lu Changsheng is here.

Be sure to say the last sentence.

During peak tourist season, don't travel!

Really **** dark! o(▼皮▼メ;)o

Stay until after the break.

The three of them came out, sat at a wine table, and ordered some restaurant specialties.

Laughing and talking while drinking.

At this time.

People around said: "I heard that Kunlun Tianchi has many powerful forces coming here this time?"

Someone rolled their eyes and said: "Which time did Kunlun Tianchi not have a big force come here? It's just that this time, among the big forces, there is a sect Tianjiao who was born! All of them caught up with the opening day of Kunlun Tianchi this time!"

"That's right, for example, among the first-class forces, there are Qijue Valley, Jue look around. The saint of the Cold Spirit Sect, Dong Qingmiao. The Red Flame King of the Red Flame Sect, Yan Tianhuo."

"Well, I heard that they deliberately suppressed their own strength and did not break through to the emperor's realm, for the purpose of this Kunlun Tianchi!"

"After all, the benefits brought by Kunlun Tianchi are too great. If you can enjoy the baptism of Kunlun Tianchi before the emperor's realm, it will be much better than the average emperor's realm powerhouse!"

"It can also increase the chance of breaking through the Hedao Realm!"

"However, there is another piece of news that will definitely surprise you."

Everyone looked at this person.

Even the three of Ye Qiubai couldn't help but stop talking, paying attention to what this person said next.

After showing off.

Seeing that everyone's eyes were attracted.

The man said grandly: "Boundless Dynasty, this time His Highness will be sent here."

"Which Your Highness?"

"Which other highness is there!"

"Under that knee, there is only this son!"

Everyone was shocked!

They all already guessed who this person is!

The usual Kunlun Tianchi.

Although the people in the dynasty will send people to come, but the status of the people sent here will not be too high!

Play a regulatory role!

Prevent someone from forcibly destroying Kunlun Tianchi!

However, like this time, send His Highness over?

Unique!

"You mean, Mu Fusheng, His Highness Mu wants to come here in person?!"

Mu Fusheng!

Ye Qiubai and the three of them smiled lightly.

"It seems that we did not guess wrong."

That's right.

before.

They had already guessed Mu Fusheng's identity.

However, it is now confirmed.

So, not too much of a shock.

Thinking of that, when in danger, he will protect himself like a turtle shell, Mu Fusheng.

Ye Qiubai couldn't help laughing.

If you introduce him to Master.

These two will definitely have a lot to talk about!

At this time, a group of people with profound realm came in.

Someone saw it, and their face was slightly startled.

"It's from Xuanmingya!"

Xuanming Cliff.

is a first-class force in the inland!

Although it is among the top forces, it ranks at the bottom.

But it is still a first-class force!

Its background is extremely profound!

Chapter 323 Xuanming Cliff

Xuanmingya, although it is a top-notch ending.

But after all, it is a first-class force in the inland!

Its profound background and profound strength are not something that ordinary forces can touch!

When Xuanmingya and his party came here.

The leader is an old man.

The old man has long beard and black hair, but his eyes are sunken, and his nose is hooked!

It can be seen how deep the city is and how vicious the scheming is!

When the old man entered the door, he searched around.

When he looked at Ye Qiubai and the other three.

Eyes narrowed slightly.

Um?

Ye Qiubai frowned slightly.

He can see that there is a hatred in his eyes!

They have never met this Xuanming Cliff.

It has nothing to do with it.

Why do you have this look?

Immediately, Ye Qiubai looked at Shi Sheng and Xiao Hei beside him.

Shi Sheng obviously understood what Ye Qiubai meant, and shook his head slightly, indicating that he hadn't seen it before.

Xiao Hei looked puzzled.

Obviously, none of them have seen it.

That is how the matter?

Ye Qiubai sorted out one thing in the borderless domain.

When they came to this world, they did nothing more than two things.

Join the mercenary guild and **** the Yang family.

Then, I got the right to participate in the Kunlun Tianchi quota competition of the Yang family...

etc!

Place competition!

The City Lord's Mansion!

In the winner's bracket match.

Zheng Yongqi, the daughter of the city lord Zheng Yongan, is a member of the Cold Spirit Sect!

As for the Hanling Sect, all of them are women.

Therefore, this person cannot be a member of the Cold Spirit Sect.

naturally excludes it.

And the other person, Zheng Haomiao, the son of the city lord!

Rumors have also joined a first-class force in the interior.

Was accepted as a disciple by an elder!

but don't know its name.

And Shi Sheng, in the confrontation with Zheng Haomiao, crushed Zheng Haomiao and severely injured him!

and shake his heart.

Is this enmity big?

BIG!

Shaken Taoism will affect a person's future in cultivation!

If it is serious, it will stay in the realm after that, and there will be no progress!

As for this matter, ascetics value it the most!

That is to say.

This Xuanming Cliff is Zheng Haomiao's sect.

Ye Qiubai stood up, smiling at the elders headed by Xuan Mingya.

"Senior, did you come here for Zheng Haomiao's affairs?"

The elder was taken aback for a moment, then sneered and said, "You are smart, you will know the purpose of my visit just by seeing me."

Ye Qiubai replied with a faint smile: "Senior, it's not difficult to guess. After all, I waited for the three brothers and sisters to come here, and only offended these two people, and I haven't killed them yet."

"What a big tone!"

A disciple behind the elder shouted: "Since you know our origin, you are still so arrogant? Are you really not afraid of death?"

This disciple is also filled with the aura of a half-emperor!

It is almost the same as Zheng Haomiao!

"Death?" Ye Qiubai chuckled lightly when he heard the words, but a coldness flashed in his eyes, "Of course I'm afraid. In this world, as long as you still have attachments and goals in your heart, who is not afraid of death?"

"Then why don't you beg for mercy quickly?"

"Is begging for mercy useful?"

Besides, Shi Sheng also stood up and said: "I did this, if you want to kill me, you can kill me, but you may not be enough."

The disciple behind him laughed angrily, and there was actually a cold and dark energy surging in his hands!

Immediately, rushed towards Shi Sheng!

Shoot with one palm!

Xuanming Palm!

Shi Sheng took out the Emperor Ming Xuan Axe.

Slash out with one axe!

After that battle, Shi Sheng's realm improved again.

The power of the stars flowing on the black ax weighs tens of thousands of catties!

One strike with the axe, before it fell completely, the wooden table below couldn't bear the gravity coming from the space, and it was smashed into pieces!

When the ax landed on the Xuanming palm print.

That disciple's complexion suddenly changed!

A mouthful of blood spurted out, and he retreated violently!

When the elder saw this, his face was gloomy, and he put his palm on the back of the disciple, stabilizing it.

At the same time, it easily dispelled the power of stars flowing in the disciple's body!

Ye Qiubai looked slightly condensed.

With this shot, the elder revealed a slight breath.

Already a bit stronger than the Emperor Realm powerhouse!

Even Zheng Yong'an in the later period of Emperor Realm was not like that!

That is to say, this person's state is at least in the state of distraction!

This is the elder of Xuanmingya.

is actually a strong distraction!

So, holding a jade pendant in his hand, he was ready to summon the sword array at any time, lest the opponent's attack was too fast and the reaction was too late!

The elder looked at this scene with a sneer, and said, "I do have some guts."

"However, even if you don't make a move, you will end up dead."

"It doesn't matter, I want you to know that my disciple, Xuan Mingya, is not so easy to bully!"

The people present had already left this place and heard these words.

Can't help but look at Ye Qiubai and the others with pity.

Xuanmingya offended the first-class forces.

It seems that these three people are going to explain here.

To know.

Xuanmingya is known as a first-class force, and it is not for nothing!

And Xuanmingya's lineage is even more famous for the fact that Yazi must report!

Since they bullied his disciples, Ye Qiubai and the others will naturally not be let off by Xuan Mingya!

The elder didn't say any more.

for him.

Ye Qiubai and the others are already dead.

Immediately, the breath flowed out.

For a moment, the entire restaurant was full of coercion!

Those tables, chairs, and surrounding objects were all shattered and torn under this pressure!

The diners in the restaurant all changed their expressions and left the place one after another!

Under such a terrifying atmosphere, they couldn't resist at all!

The distracted strong man is so terrifying!

Even Ye Qiubai and the others were a little hard to resist.

Around Ye Qiubai's body, the meaning of the Great Sword Sect surged wildly!

Shi Sheng's whole body, the power of the stars turned into a wall, trying to block him.

There is also a gathering of magic in Xiao Hei's eyes!

After getting up again, the magic rises!

As long as the opponent makes a move, the Demon God will be cast!

The elder frowned slightly: "Great Sword Sect, Demon Cultivator, Power of Stars? Then I won't be able to keep you."

The voice just fell.

Elder Xuanmingya pointed out a finger, and a ray of light filled with cold energy shot directly towards the three of them!

This cold air.

Not only has the meaning of ice!

There is even a breath of death!

By combining the two, its power has increased significantly!

The fusion of artistic conception, its power is not one plus one equals two.

Instead multiply!

This cold light made the three of them feel more vigilant!

Xiao Hei directly casts Demon God Descending!

A phantom of a demon **** directly broke through the roof of this restaurant!

Standing between heaven and earth!

Ye Qiubai sticks out his sword finger, and the sword field is born!

Four Absolute Sword Formation, gathered in it!

Shi Sheng is a meteorite that gathers stars!

Want to resist this blow!

This brings them a death-threatening blow!

A distracted powerhouse is not an existence that the three of Ye Qiubai can overcome now!

And just when this attack was about to fall on them.

An old man in shabby clothes appeared in front of the three of them.

Chapter 324 Fist is the truth

The power of the stars.

Magic repair.

And such a young Dajianzong!

These three are extremely talented!

Even if it is placed in the Xuanming Cliff, it is still an amazingly talented existence!

In the face of this arrogance.

Since he has been offended, he must be killed in the cradle!

This is the idea of Elder Xuanmingya, and likewise, it is also the idea of everyone!

If you offend this person for the sake of face, and feel that your own strength and status are so high now that you can't save face, you choose not to take action.

Then, in the future, when the opponent is full-fledged.

will definitely suffer disaster!

So, Elder Xuanmingya didn't hold back his hand, and once he made a move, he displayed the terrifying power of a strong man in the distraction state!

And when this attack was about to fall on the three of them.

A sloppy old man suddenly appeared in front of the route of the attack.

The sloppy old man slowly stretched out a finger under the terrified eyes of everyone.

Tapped on that cold light!

This cold light is only for a moment!

It's as if it melted directly!

Elder Xuanmingya's face changed in shock when he saw this!

You know, he is the existence of the early stage of distraction!

It can be said that in Kunlun City, his strength is considered top!

The old man in front of him looked as if he hadn't woken up, his eyes were sleepy, and his other hand was still patting his mouth and yawning.

It seems that he doesn't care!

Obviously, he didn't use all his strength, it was just a random block!

Then resisted his attack?

It can be seen that his strength is bound to be much higher than Elder Xuanmingya's!

The rest of the people were also stunned when they saw this.

No wonder the person who dared to offend Xuanmingya has a backer!

However, can such a powerful force be dispatched as a guard?

I'm afraid there are only first-class forces.

Moreover, the identities of Ye Qiubai and the other three are definitely not easy in this first-class force!

but.

Ye Qiubai and the others were also slightly taken aback.

They knew the grungy old man.

But there is only one side!

It was the old man who gave him the rusty iron sheet when the three of them were on Kunlun City Road!

At that time, I felt that this person's strength was extraordinary, but now that I see it, it really is! only...

Why did he help us?

Ye Qiubai felt a little puzzled.

After all, there is no friendship between them.

Elder Xuanmingya's face was serious and ugly.

Those deep-set eyes were full of astonishment.

"May I ask who you are?"

After the sloppy old man yawned, he patted the old clothes on his body, and there was actually a thick layer of dust on the clothes!

"It doesn't matter who I am, and you don't need to know."

Hearing this, Elder Xuanmingya's face turned blue and then pale, and he cupped his hands and said, "Although I don't know who the senior is, but the junior behind you hurt my disciple of Xuanmingya, so please let me go."

The sloppy old man laughed mockingly, and said: "People of my generation not only compete with heaven and earth, but also compete with their fellows."

"Since it is a struggle, how can there be no casualties?"

Elder Xuanmingya retorted: "Then what should you do if the senior's disciple was killed?"

The sloppy old man didn't even think about it, and answered straightforwardly: "Of course I killed the person who shot it? Is it worth thinking? You are stupid to ask such a question."

Ye Qiubai and the three were speechless for a while.

Just said this kind of seemingly deeply enlightened words.

Slap yourself in the face now?

Elder Xuanmingya also had an ugly face, and said, "Could it be that senior is playing tricks on me?"

"No no no."

The sloppy elder sat casually on the ground, picked up the wine jug with a broken mouth, but still had some in it, and drank it all in one gulp.

laughed loudly: "I'm just teaching you a very realistic thing. People with big fists say what they say is the truth!"

Heard the words.

Elder Xuanmingya asked in a deep voice: "Is it possible that senior wants to be my enemy, Xuanmingya?"

"Xuanmingya?"

The sloppy old man thought for a while, as if he had just thought of it, and suddenly said: "Oh~ I remembered, Xuan Mingzi's sect, right? Damn, this kid's sect is not enough to threaten the old man me."

Hear here.

Elder Xuanmingya's complexion changed drastically!

Xuan Mingzi is the suzerain of Xuan Mingya.

Although, the taboo of Xuan Mingzi's name is not a secret.

However, those who can call their names directly, but have never changed their color.

Not many!

After all, Xuan Mingzi is one of the top powerhouses in this continent, a powerhouse in the Dao realm!

Is it impossible...

Elder Xuanmingya raised his head in astonishment, looked at the sloppy old man, and said, "Could it be that you are also a strong one?"

"who are you?"

The sloppy old man didn't answer.

In his opinion, he doesn't want to say what he has already said.

Elder Xuanmingya saw this, took a deep breath, cupped his fists and said: "If that's the case, then I will disturb the senior."

After finishing speaking, he led a group of disciples, intending to leave the dilapidated restaurant.

However, the sloppy old man stopped him in time, and said with a smile, "You haven't lost money yet?"

Losing money?

"Look, you don't need to lose money for making other people's restaurants like this?"

Elder Xuanmingya's face was ugly, he snorted coldly, and threw out a ring.

then left here.

The sloppy old man took it, and then nodded in satisfaction.

At this time.

Ye Qiubai stepped forward and cupped his fists and said, "Thank you for saving me, senior."

Seeing him, the sloppy old man laughed loudly, patted Ye Qiubai on the shoulder, and said, "You are the one I found with great difficulty. If you die, I won't be able to explain it to you!"

"Explain?" Ye Qiubai was taken aback, and asked, "Who?"

The sloppy old man shook his head and said: "You are not strong enough now, so don't know too much. Knowing too much is not good for you now."

And finish this sentence.

The slovenly old man disappeared here.

gone again...

Ye Qiubai shook his head helplessly.

Looking at Na Jie who was left on the ground, he smiled again.

This old man is wonderful.

Due to the damage of the restaurant.

The three had to go to live elsewhere.

And just like that, seven days passed.

Kunlun Tianchi will finally open tomorrow!

All those who can enter Kunlun Tianchi, or those who cannot enter

are all headed towards Kunlun Snow Mountain!

This Kunlun Snow Mountain is named after Kunlun Tianchi.

Because of the mountainside, it snows all the year round.

As a result, the mountainside has been covered with thick snow.

There are no green plants on the mountain.

Some are just the standing cedars dotted on the snow peak.

When Ye Qiubai and the others came to the mountainside.

Here, the crowd has already gathered!

Here are the people who can enter Kunlun Tianchi.

They come from all major forces!

Of course, the people from Xuanmingya are also here.

At this time.

In midair, a giant beast appeared!

Giant beasts are like dragons and tigers!

Its back is extremely generous!

On that back, there is a mansion!

Everyone saw this.

They all bowed to the giant beast!

Because they know.

This is the royal mount!

And the person who can use this mount is extremely noble!

Chapter 325 The Background of the Boundless Dynasty

Boundless Dynasty.

is the absolute overlord of this borderless domain!

none of them.

First, the Boundless Dynasty guarded the invasion of the evil races from the outer domain, commanded the borderless domain, and blocked the evil races from the outer domain.

Secondly, among the imperial dynasties, the lord of the imperial dynasty, Mu Zhengting, has reached the peak of He Dao Realm!

Under these two points.

Strength and fame have reached their peak

Leading to the dominance of the Boundless Dynasty, it will not be shaken in the slightest!

Ye Qiubai and the others also looked up at the giant beast that blocked the sky.

I thought to myself.

In other words, above the giant beast, Mu Fusheng is among them?

Just when the three of them thought so.

The behemoth stopped in the sky.

Immediately.

There are hundreds of guards, appearing from the giant beast!

Hundreds of guards were divided into two groups and stood under the giant beast!

Stand in two sets!

The strength of these guards is actually in the False God Realm!

Hundred False God Realm...

Such terrifying strength may be able to sweep across the barren realm.

The guards are holding long spears and guarding both sides of the giant beast.

Someone exclaimed.

"Silver Armored Forbidden Army!"

"It seems that His Highness is really here."

"The Silver Armored Forbidden Army is exclusively under the control of His Highness, second only to the Golden Armored Forbidden Army!"

After Ye Qiubai and the three heard this, they were second only to the Golden Armored Guards?

The Silver Armored Forbidden Army are all False God Realm powerhouses.

Then what is the strength of the Golden Armored Forbidden Army?

The background of this boundless dynasty is truly extremely powerful...

Afterwards, another old man and a silver-armored commander with a spear appeared.

When these two people appeared.

The sky seems to change color!

People below can feel a strong sense of oppression from these two old men!

This sense of oppression, even the hundred False God Realm guards, can't bring it!

I am afraid.

The strength of these two people is in the distraction state!

Hundreds of False Gods, two distracted!

This lineup is too scary.

When the 102nd person appeared, after guarding the surrounding area.

A young man in a white robe with a silver dragon pattern engraved on the white robe slowly walked down from the giant beast.

Hundreds of guards knelt on one knee in the void!

Among them, the silver-armored commander clasped his fists and said, "I report to Your Highness, there is no threat around!"

At this time.

The young man breathed a sigh of relief, patted his chest and said, "That's good. Although it's still in the borderless area, it's better to be careful."

Okay.

Just handsome for less than three seconds.

will be revealed!

Ye Qiubai and the three of them also laughed for a while.

This Mu Fusheng is probably not the illegitimate son of the master living abroad...

This character...

More than anything!

Mu Fusheng looked around, and seemed to have discovered the existence of Ye Qiubai and the others.

quietly blinked at the three of them.

Immediately, he looked at the people below, coughed, and said loudly: "I will supervise the opening of Kunlun Tianchi this time."

"If anyone who has not obtained a quota enters Tianchi by force, he will be shocked and killed on the spot!"

"At the same time, if there is someone with a heart who disturbs the opening of the Tianchi this time, you should also know the consequences."

Kunlun Tianchi is very attractive to ascetics.

Not only can increase the chance of breaking through distraction.

It can stabilize the road foundation.

Has the effect of improving talent!

At the same time, the deeper you dive into Tianchi, it is said that you can get a special method!

Of course, this is just a rumor.

Has been unobtained for tens of thousands of years.

The news came out at that time.

It was only obtained by the legendary sword repairman.

Nowadays, people have forgotten, and even doubted, whether this statement is true.

However, can you improve your talent?

This alone is enough to make all ascetics excited!

Well known.

Talent is born.

It is almost impossible to improve the day after tomorrow!

Some people who are not talented enough have already reached the pinnacle when they reach Half Emperor.

Can no longer advance an inch!

But now, with such an opportunity, how could he not seize it?

Therefore, every time Kunlun Tianchi is opened.

There will always be people from the royal family coming to guard.

After all, this kind of thing is not unheard of.

Mu Fusheng waved his hand and said: "Everyone, get ready, Kunlun Tianchi will open at midnight."

Everyone arched their hands.

Start cross-legged practice.

Before the opening of Kunlun Tianchi, those who enter will keep their spirits and spirits at their peak!

Mu Fusheng, after talking to the old man next to him, turned around and returned to the giant beast.

Soon...

A fat man flew out from the other side of the giant beast.

Of course, this scene was not noticed by anyone.

As for Ye Qiubai and the others, they saw that everyone was practicing quietly.

I also want to practice for a while.

But there was a man with a big belly next to them, walked up to them, and said with a smile: "How about it, are you interested in having a drink?"

Ye Qiubai turned his head, looked at the man with a big belly, looked at him carefully, and said with a smile: "Yes, but I don't know what good wine you brought."

"Nature is the best wine in this area!"

Ye Qiubai and the three of them smiled and said, "Then please lead the way."

The man with a big belly walked towards a remote place.

In the middle of the cedar forest, there is a small table.

Beside the small table, a jug of wine was heating up.

In the small pot, bursts of wine smelled.

Ye Qiubai feels the surroundings.

Has two extremely obscure auras!

must be guarding this place.

The man with a big belly smiled and said, "Aren't you afraid that I'll trick you here to kill you and take away the place in Tianchi?"

Ye Qiubai smiled and said, "If you want a quota, others won't give it up?"

The man with the big belly was taken aback for a moment, then laughed loudly: "When did you guess my identity?"

Heard the words.

Ye Qiubai curled his lips and said: "First, the three of us don't know many people in this borderless area. In this Kunlun Tianchi, there is nothing but enemies."

"Why would anyone buy us a drink?"

"Second, Mu Fusheng, I have to say that your acting skills are really bad."

Heard here.

The man with the big belly also removed his disguise and restored his previous appearance.

"Hey, hey, I said, I already bought you a drink, and you still mock me like this?"

Mu Fusheng said angrily: "Do you want to be so heartless?"

Ye Qiubai also smiled and said, "It's not like we haven't drunk wine before."

"Oh? Can the wine you drank before be as good as mine?"

"I'm afraid your wine is not as good as the master's brewing."

Master?

Mu Fusheng said unconvinced: "Then you taste it first! This is the best wine in our Borderless Territory, and only the royal family has it!"

Four people sat around the wooden table and drank a cup of hot wine.

Mu Fusheng looked forward to it: "How is it?"

Ye Qiubai said: "It's pretty good."

Shi Sheng made up the knife: "It's not as good as Master's."

Xiao Hei nodded in agreement.

Mu Fusheng was dubious, and said: "Then I will really try it in the future."

Immediately afterwards, after chatting for a while.

Ye Qiubai said: "Tell me, what do you want from us?"

bother you for something.

He didn't believe that Mu Fusheng would easily accommodate them for no reason and invite them to drink.

Chapter 326 Starfall Sword Emperor!

Hear this.

Mu Fusheng rolled his eyes and said, "I'm here to remind you, okay?"

"Reminder?" Ye Qiubai took a sip of the hot wine, thinking to himself, although this wine is not as good as the white wine brewed by Master, it is quite tasty, and I can take a few bottles by then.

At that time, it can be given away.

Looking in the direction of Kunlun Tianchi, Mu Fusheng said: "How do you think Kunlun Tianchi was formed?"

Ye Qiubai looked at Mu Fusheng suspiciously, and said, "Isn't it a pool of pure spiritual energy?"

Mu Fusheng shook his head.

"Then where does this pure aura come from?"

"What's more, if it's just like this, how can you improve your talent?"

That's right.

If it's just a pool of pure spiritual energy.

After the absorption, it will only greatly improve the realm and stabilize the Dao foundation.

But, to improve talent?

That's pure bullshit.

Talent is already locked up innately.

It's just, just pure aura, how can it be improved again?

Improving talent is as cheap as the Chinese cabbage on the market.

Then why are there so many troubles in order to break through the realm.

Throughout his life, because he couldn't break through the realm, he couldn't get out of reincarnation, and the life and death path disappeared?

Seeing Ye Qiubai and the three of them were puzzled.

Mu Fusheng's eyes revealed a hint of pride, coughed, and pretended to be serious: "The Kunlun Tianchi was formed because a meteorite from outside the sky landed in the Kunlun Snow Mountain, and accumulated over time, absorbing the spiritual energy of the snow mountain."

Having said that, Mu Fusheng turned to point to the sky, his face gradually became serious, and said: "This meteorite from the sky fell from above."

Xiao Hei frowned, and tilted his head in confusion.

"It's said to be a meteorite. Could it be that it fell from the top or came out of the ground?"

Mu Fusheng rolled his eyes.

Ye Qiubai also chuckled lightly, and said, "You mean, it's not from this latitude?"

Mu Fusheng nodded.

"Tens of thousands of years ago, the Xingyun Sword Emperor, the founder of the Xingyun Sword Sect, touched this stone. At that time, his cultivation base improved by leaps and bounds. In it, he obtained a method that made his The sword, in this borderless realm, is invincible!"

"At that time, even I, Boundless Dynasty, would be afraid of Xingyun Sword Emperor."

"At that time, when I asked the Emperor Xingyu Jianhuang what was under the Kunlun Tianchi, he only said that it was not from this latitude."

Ye Qiubai nodded after listening.

"You mean, you want me to take a look?"

Mu Fusheng smiled and said: "That's right, how about this wine in exchange for your news?"

Ye Qiubai also laughed, "For tens of thousands of years, only this one Starfall Sword Emperor has reached the bottom, so you believe me?"

"I believe in you."

When Mu Fusheng saw these three people, he had this idea, although he also felt that it was a little unrealistic.

After all, who is the Starfall Sword Emperor?

Comprehended sword intent at the age of three.

Became a sword master at the age of four.

When he was ten years old, he had already reached the realm of the Great Sword Sect!

Such a monstrous swordsman, is it something that other people can match?

but.

When Mu Fusheng saw Ye Qiubai and the three of them, he had a wonderful idea in his heart, and wanted them to try it.

Ye Qiubai said: "Then this glass of wine may be missing."

"How much do you want?"

"Twenty pots first?"

"You think this is Chinese cabbage?!"

"If you don't do it, then I won't tell you even if I know."

"..." Mu Fusheng took out nineteen bottles from the ring with a dark face, and said, "It's all here."

Ye Qiubai nodded, then took out a note and a pen, and pushed them to Mu Fusheng's desk.

Mu Fusheng was taken aback, and said, "What are you doing?"

Ye Qiubai took it for granted, "Write the IOU."

Both Shi Sheng and Xiao Hei couldn't help laughing.

Heard the words.

Mu Fusheng suddenly had the idea of killing Ye Qiubai...

However, I wrote it afterwards.

After Ye Qiubai looked at it, he nodded in satisfaction, drank the wine in the glass, turned around and left with Shi Sheng and Xiao Hei.

Stay until the three leave.

Mu Fusheng took a sip of the hot wine, only to realize later.

"its not right?"

"Isn't this prince the one who gave them the news? Even if they got it in the end, wouldn't they be the ones who benefited?"

"Then why do I still act like I owe money?"

Thinking of this, Mu Fusheng slapped the table angrily, and said, "I've been fooled!"

...

child time.

Kunlun Tianchi opens on time.

Prince Mu Fusheng also stood in mid-air, and under the heavy protection of the guards, he said loudly: "The Kunlun Tianchi is open, and those who have quotas can enter."

"Don't be a little bit, if you can't go deep again, don't force it, so as not to die in it."

"Also, Kunlun Tianchi will only last for 30 days, if you don't come out for 30 days, you will be strangled by the power of Kunlun Tianchi."

Finished speaking.

Prince Mu Fusheng took out a token.

An invisible barrier around Kunlun Tianchi opened under waves of ripples.

Those who have a quota will enter under the inspection of the formation.

Ye Qiubai and the others naturally stepped into it.

Kunlun Tianchi is located at the top of Kunlun Snow Mountain.

And their current position still needs to go up thousands of feet.

When they stepped inside, they could already feel the monstrous pure aura, sweeping towards everyone!

The pure aura of this scale is at least dozens of times thicker than the outside world!

And this has not yet reached Kunlun Tianchi!

On the way.

Four people appeared in front of Ye Qiubai and the others.

One of the leaders is a shadowy young man, only to hear him say: "Ye Qiubai, Shi Sheng?"

Ye Qiubai looked over and passed the four without answering.

Yin Yi's face was gloomy, and said: "Although I can't kill you here, but what about in Kunlun Tianchi?"

"When the time comes, just say that you forcibly dive into the depths and be killed by the Tianchi."

Ye Qiubai paused slightly, chuckled, and said, "We'll wait and see."

This shadowy young man may be the person from Xuanmingya.

Not far away, there are five women in Tsing Yi with tulle faces.

The bodies of these five women in Tsing Yi seem to be integrated into the snow scene, and they have a cold aura that no one should enter!

Like five icebergs!

These five people looked at Ye Qiubai and the others, but they didn't move.

However, the killing intent in his eyes couldn't be hidden from Xiao Hei.

Xiao Hei walked and said, "Brother, those five women?"

Ye Qiubai naturally felt it too, nodded and said, "Maybe he is from the Cold Spirit Sect?"

After all, he also has enmity with these two sects.

It seems that this trip to Kunlun Tianchi will not be too smooth.

However, it is good to be able to solve the threat once.

Otherwise, go outside and shoot one by one.

It is quite troublesome to solve one by one...

Chapter 327 Tianchi Battle

Kunlun Tianchi.

Located at the top of Kunlun Snow Mountain.

At its top, all the snow here has been melted.

The surrounding area is full of greenery, surrounded by green plants.

Countless trees, as if after a thousand years, have formed a big tree in the sky, soaring into the sky.

And this is all because of the rich aura in Kunlun Tianchi, which is watered in the soil.

Makes the spiritual soil here.

The vegetation is not affected by the harsh temperature, forming towering trees.

Ye Qiubai and others came to Kunlun Tianchi.

Feeling this monstrous aura, the incomparably pure aura, does not need to use exercises at all, it can be directly absorbed into the dantian by running in the meridians for purification.

Someone sighed.

"As expected of Kunlun Tianchi, no wonder so many people fought for this place, even at any cost."

"Just by the pool, I feel like I'm going to break through and enter it. Is that okay?"

There were also some people who entered the Kunlun Tianchi without saying a word.

Running exercises.

Start absorbing the pool of water that day!

Seeing this, people entered it one after another.

Ye Qiubai also smiled, looked at Xiao Hei and Shi Sheng, and said, "What do you say?"

Xiao Hei is a physical practitioner, and does not need the aura of heaven and earth.

Shi Sheng is the power of the stars for cultivation, and does not need aura.

That's why Ye Qiubai asked such a question.

Xiao Hei nodded and said, "Everyone is here."

Shi Sheng thought about it and said, "Let me go in and have a look."

Among them, not only can absorb spiritual energy, but also has a function, that is, to improve talent.

Although it is impossible to absorb the aura, if it can further improve the talent, that is also an excellent thing.

Finished speaking.

The three of them stepped into Tianchi together.

Instantly.

Ye Qiubai could feel a wave of pure spiritual energy galloping around him like a stormy sea!

Quickly run the Sword Sutra of Absolute Beginning.

The strands of pure spiritual energy were sucked into the dantian!

this moment.

Ye Qiubai's realm actually broke through to the middle stage of the False God Realm as if it had come naturally!

Xiao Hei didn't feel anything. In his eyes, this pool of Tianchi water was like a pool of bath water...

Shi Sheng also couldn't absorb the Tianchi water.

After all, his dantian is the dantian of stars, and he can only practice with the power of stars.

At this time.

There are several auras beside him, surrounding them.

Ye Qiubai opened his eyes slightly, and looked around. It was the four people from Xuanmingya and the five female disciples from the Cold Spirit Sect.

The eyes of both sides were full of killing intent.

"The Cold Spirit Sect? What, you want to attack them too?"

One of the female disciples nodded and said, "Xuan Mingya has enmity with them?"

The Xuanmingya disciple who was the leader smiled and said, "In this case, why don't we join forces?"

"Quick solution, but also can seize the time to practice."

The female disciple hesitated for a while, then nodded, and said, "That makes sense."

After finishing speaking, the aura of Nine Paths and Half Emperor Realm soared into the sky!

These nine auras are all existences capable of impacting the emperor's realm!

The people around felt this breath, and they all suddenly opened their eyes and looked in this direction.

"Xuanmingya and the Cold Lingzong joined forces?"

"Who is it for?"

"No matter who you are fighting against, the outcome of that person is already doomed."

There were also people who looked curiously at this side.

A man with a sword on his back looked at this side, with sword intent in his eyes, he chuckled lightly and said, "It's interesting."

Beside him, there was a shy boy who said, "Brother Lin, let's hurry up and practice."

smiled critically: "Mu Cisheng, if you don't change your temper, Uncle Mu will beat you again."

Hearing this, there was fear in Mu Cisheng's eyes. Obviously, he was afraid of Uncle Mu whom he was talking about.

Immediately afterwards, Mu Cisheng stopped talking, closed his eyes and began to concentrate on cultivation.

Seeing this, Judgment also shook his head with a smile, stopped paying attention to things over there, and began to concentrate on cultivation.

Although it is against the rules.

But what to do with him?

What's more, he came here not just to improve his realm.

He wants to go to the depths of Tianchi to take a look...

the other side.

Ye Qiubai smiled and said: "It seems that you can't help it?"

Xuanmingya's leading disciple sneered, "Naturally, we must kill you here first."

Hearing this, Ye Qiubai nodded, and looked at Xiao Hei and Shi Sheng beside him.

I only heard Shi Sheng say: "Brother, you can practice with peace of mind, and leave this place to me and Brother Xiao Hei."

Xiao Hei also nodded in a muffled voice, "Anyway, the two of us can't absorb the aura of this place."

For a moment, behind Xiao Hei, a ghost descended into the world!

The Nine Heavens Demon Halberd appeared in his hands!

Shi Sheng also took out the Emperor Ming Xuan Axe, surrounded by the power of stars!

Hearing this, Ye Qiubai also chose to trust the two.

And the other party heard this.

are all furious!

"Could it be possible, do you think two people are enough to fight us?"

"Don't you look down on us too much?"

"The three of them are doomed, how can we stop them with just two?"

Speaking of this, the nine people released their breaths one after another, and rushed towards the little black couple with all their strength!

Seeing this, Ye Qiubai really stopped caring and began to practice with his eyes closed.

Since Xiao Hei said so, they will naturally be sure.

Ye Qiubai absolutely believed in these two juniors.

In their eyes, these three people have not even reached the level of a half-emperor?

Wouldn't they let them be slaughtered?

What's more, there are only two people now?

Although the opponent has the ability to fight against the powerful Half Emperor.

You must know that there are nine people on their side!

Xiao Hei holds the Nine Heavens Demon Halberd, like a peerless demon god!

Swing out a halberd!

The ghost behind him is also holding a magic halberd, slashing towards these nine people!

For a moment, it caused waves in the surrounding Tianchi water!

Magical!

Shi Sheng is also holding the Ming Emperor's Black Axe with both hands, and above the Black Axe, the power of stars surges!

Cleave the void!

It weighs tens of thousands of catties!

And facing these two attacks.

The nine of them all had solemn faces.

These two attacks actually posed a great threat to them!

So, the nine people didn't dare to be careless, and shot with all their strength!

For a moment, the world was icy and snowy, and the dark energy was surging!

Swept towards the attack of the two Xiao Hei!

How powerful is the attack of the nine Half Emperor powerhouses?

But.

But I never thought about it.

This is also the full blow of Xiao Hei and Shi Sheng!

Xiao Hei even took out the Nine Heavens Demon Halberd directly!

One time.

Under the horrified eyes of some people.

The attack of these nine people was directly crushed by the two Xiao Hei!

Jiangjie closed his eyes, spoke softly, and said, "There are ways."

And these nine people also took a few steps back!

With horror in his eyes, he looked at Xiao Hei again.

But found that the two had already disappeared in place.

In the blink of an eye, two of them appeared in front of them!

The magic halberd and black ax in his hand suddenly cut out!

Two of the cold spirit sect women were directly beheaded!

Chapter 328 Nine out of two!

The death of two Han Lingzong women.

The remaining seven people were taken aback for a moment.

The strength of the opponent is so strong?

Not only directly broke through the combined blow of their nine Half-Emperor powerhouses, but also bypassed the attack and killed the two of them directly!

And now.

The two Xiao Hei obviously had no intention of stopping.

After a short pause, he used his body shape and rushed towards the remaining seven people again!

Ye Qiubai on the other side ignored these people.

Since Xiao Hei and Shi Sheng said to leave it to them.

That Ye Qiubai naturally gave her trust.

After thinking about it, he began to dive under Tianchi.

Mu Fusheng said.

If you want to improve your talent and stabilize your Dao foundation, you must sink!

At the same time, at the bottom of Kunlun Tianchi, there is a mid-latitude object.

He was also a little curious about the peculiarity of the rocks that descended from mid-latitudes.

It can lead to the appearance of a peerless character like the Xingyun Sword Emperor!

When Ye Qiubai sneaked in.

Below the Kunlun Tianchi, there are already a dozen other ascetics in it.

Among them, critical and Mu Cisheng are included.

Jiangju just glanced at Ye Qiubai, then looked away.

At this moment, he has no time to care about Ye Qiubai.

Ye Qiubai withdrew his gaze.

After he sneaked into Kunlun Tianchi.

This was originally a pure aura that was a great tonic for ascetics, but murderous intentions arose everywhere!

This huge and incomparably pure spiritual energy is madly pressing towards Ye Qiubai's body, as well as his internal flesh and blood, meridians, and even his dantian!

This strong sense of oppression made Ye Qiubai, who was unprepared, unable to react for a while.

There were bloodshot spots on the arm!

Feeling this oppression, I was startled, and immediately gathered my mind.

Aura circulates the whole body, circulates the Sword Sutra of Absolute Beginning, and then resists it!

It's just sneaked in, so there is such a strong sense of oppression?

Ye Qiubai couldn't help but sigh with emotion.

No wonder, during the tens of thousands of years, only Xingyun Sword Emperor reached the bottom.

but.

Since the Starfall Sword Emperor can reach the bottom.

Why can't he?

Ye Qiubai regained his mind, but he was not in a hurry to dive in.

Instead, he constantly resisted this pure aura, absorbed it, and got used to the oppressive feeling here.

Wisps of aura flowed along the four meridians and flowed into the dantian.

The realm is also slowly improving!

Wait until an hour later.

Ye Qiubai opened his eyes and continued to dive downward!

When I reached the ten-foot position, I felt a stronger sense of oppression, and then stopped again!

And the other side.

There are eight people at the same depth as Ye Qiubai.

In addition, there are six people, and they have reached a depth of twenty feet!

At the same time, the most surprising thing is.

At the position of thirty feet.

Critical and Mu Cisheng go forward side by side!

It seems to be continuing to go deep!

The people behind looked at these two figures and couldn't help but be amazed.

However, he didn't speak.

In this oppressive place, keeping yourself from getting hurt is already the limit, how can you speak?

Ye Qiubai just glanced at it and didn't care anymore.

Continue to adapt to the oppressive feeling here.

...

Now, above.

All the ascetics who hadn't sneaked in looked in front of them with horror on their faces.

Xiao Hei is full of devilish energy!

Strands of black magic soared into the sky, and behind them, gathered into a huge phantom of the demon god!

Holding the Nine Heavens Demon Halberd, it is like a demon **** coming to this world!

On the other side, Shi Sheng holds the Ming Emperor Xuan Ax in his hand, and the power of the stars gathers on his body!

In a few hours, night falls, and in the black curtain of the sky, there are dots of stars dotted!

Among these stars, the faint brilliance of the stars that sprinkled down gathered around Shi Sheng's body!

A single star, although its brilliance is weak.

But if hundreds, thousands of stars, all over the sky, gather together, they will shine in the world!

The breath of the two has reached its peak now!

Even if it is anyone here, they are not sure that they can defeat any one of them!

He has not yet reached Half Emperor, so why is he so powerful?

You must know that those who can come to the Kunlun Tianchi are all the arrogance of the sect!

There is not much difference between Tianjiao.

So, the gap in realm is the real Henggou!

only.

in front of them.

The original nine people.

Now there are only the last two people left!

One is a disciple of Xuanmingya, and the other is a disciple of the Cold Spirit Sect.

These two people were apathetic.

Looking at the two of them, his face was condensed, seeing fear in his eyes!

Why do you have such strength?

Which force are these two people from?

Never heard of it!

Nine Half-Emperor Tianjiao, joined forces to face the two who even the Half-Emperor has not reached, and it's fine if they don't hurt each other in the slightest.

Seven people were counter-killed!

This kind of thing, if spread.

I'm afraid there will be an uproar!

At this time.

Xiao Hei raised the Nine Heavens Demon Halberd in his hand, and stomped on his feet again!

The water in the Kunlun Tianchi Lake has been stepped on by waves!

Slap the Quartet!

The Xuanmingya disciple's face changed drastically when he saw this!

But he didn't say anything to beg for mercy.

after all.

The other party knew that the two of them were members of Xuanmingya and Hanlingzong.

Now bring this matter up again, and want to save your own life, is it possible?

What's more, the other party has already killed so many people, why not kill the grass?

so.

Xuanmingya disciple strong man cut off his wrist!

Slapped his palm on his dantian!

It actually spewed out a mouthful of gray blood!

And strands of dark energy also floated out from the dantian!

In front, a shield is formed!

Xuanming Shield!

This is his strongest defense.

After performing this trick.

This disciple did not sit still, waiting for the other party to destroy this mysterious shield!

Instead, he looked at the disciple of the Cold Spirit Sect.

The woman understood the intention of disciple Xuanmingya.

His face was pale, his fingertips were bitten, and his essence and blood gathered!

Aura is the pen, the meaning of ice is the hair, blood is the ink!

In front, a gate of ice and blood has been drawn!

Immediately, another scroll was taken out!

Throw this scroll out.

In the Gate of Frozen Blood, there is a gathering of space powers!

Obviously!

They were going to use the Dark Underworld Shield to hold Xiao Hei back.

Then use the Frozen Gate to escape here!

As for Kunlun Tianchi?

What's the chance when you're dead!

Xiao Hei has already rushed to the Xuanming Shield.

The Nine Heavens Demon Halberd smashed out!

The magic energy gathers at the tip of the magic halberd!

Bringing the monstrous shadow, it crashed down!

This Mysterious Underworld Shield burst immediately!

At the same time, Shi Sheng made a move.

The power of the stars shines!

One point out.

Shoot towards the Frozen Gate!

After the Cold Spirit Sect disciple escaped.

The Ice Blood Gate was directly suppressed by the power of the stars!

As a result, Xuanmingya's disciples escaped a step slower.

Xiao Hei's attack came immediately!

He stretched out his hand and grabbed Xuanmingya disciple's calf!

That disciple is also cruel.

Gritting his teeth, he swiped his palm and cut off his own calf!

At this point, the gate of ice and blood was closed at the same time.

The two escaped after paying a heavy price!

Chapter 329 Extraterrestrial Evil Race!

Ye Qiubai's sneaking speed is actually very slow.

The people who entered Kunlun Tianchi together with him have already reached thirty feet.

Of course, some people couldn't bear the pressure and retreated ten feet.

On the other hand, Judging and Mu Cisheng have reached fifty feet!

Ye Qiubai didn't have any intention of competing with others.

for him.

Practice, steady and steady.

Obviously able to break through, but still have to suppress one's own cultivation, until it can't be suppressed, and the Dao foundation is stable, then it will break through under the instillation of spiritual energy, and it will come naturally.

It can be said that Ye Qiubai's road foundation is stable.

Among all the disciples in thatched cottage, he is the most stable existence.

Under the Kunlun Tianchi.

Ye Qiubai's thoughts are also like cultivation.

If you don't fully adapt to the oppressive feeling here, you won't go down!

In his thoughts.

Only in this way can you dive deeper.

Although time-consuming.

But the benefits are also extremely great!

Although Kunlun Tianchi goes deeper, the greater the sense of oppression.

But the aura in it has become more pure and rich!

Ye Qiubai's realm is improving steadily and rapidly!

He could feel it.

Now, it is not far from the late stage of False God Realm.

When Ye Qiubai came to a depth of twenty feet.

A sense of oppression that was several times stronger than ten feet deep swept over!

Feeling the pressure of this pure aura, Ye Qiubai frowned slightly, but did not use his sword intent to defend himself.

Only in this way can we adapt to the greatest extent and absorb these pure auras.

The strands of pure spiritual energy are squeezed on the surface of the skin, and along with the skin, penetrate into the bone marrow and meridians.

Following the meridian, it goes towards the pressure in the dantian!

Ye Qiubai ran the Sword Sutra of Absolute Beginning with all his strength, and swallowed these pure auras into his dantian one by one!

The aura in the dantian is increasing at a speed visible to the naked eye!
at the same time.

Ye Qiubai is also trying his best to suppress his realm.

Just in case you break through too fast!

Foundation is far more important than cultivation!

This is what Ye Qiubai thinks in his heart.

and put it into action all the time.

...

the other side.

On the surface of the Kunlun Tianchi Lake, Xiao Hei put away the Nine Heavens Demon Halberd.

Shi Sheng also put away the Minghuang Xuan Axe, looked at Xiao Hei and said, "Senior Brother Xiao Hei, what are you doing now?"

Xiao Hei scratched his head with a simple and honest face.

There is no such thing as the demon **** who looks down on the world and despises all living beings before!

Now Xiao Hei is like a simple and ordinary person.

"It's all here."

Come all come.

Shi Sheng nodded. Master once said that his talent can still be improved.

The Kunlun Tianchi is said to have the effect of improving talent.

Since this is the case, it is natural to give it a try!

thought of this.

Shi Sheng said: "Then senior brother, I will go down first."

Xiao Hei nodded.

Seeing this, Shi Sheng circulated the power of the stars and dived under Kunlun Tianchi!

And the sense of oppression brought by the surrounding pure aura.

Has no effect on Shi Sheng.

The power of the stars.

It is extremely thick, and has the effect of suppression and sealing.

At the same time, he is not of the same origin as the aura in the world.

The sense of oppression brought by these pure auras has also been greatly weakened for Shi Sheng.

When he saw where Ye Qiubai was, he quickly came to his side.

When someone saw this scene, their eyes widened!

Doesn't he need to adapt?

Faced with this powerful sense of oppression, it is as if nothing happened!

Standing beside Ye Qiubai, Shi Sheng actually said, "Brother, everyone above has been dealt with."

Ye Qiubai opened his eyes and nodded slightly.

"I'm going down first."

After saying that, when I want to dive down.

A black shadow directly passed everyone!

Towards the bottom of Kunlun Tianchi, dive at an extremely fast speed!

This speed directly crossed the threshold and Mu Cisheng!

Criminal also opened his eyes, looked at the black shadow, and frowned slightly.

Is that the body repairer just now?

The depth of fifty feet.

Even for him, it was a bit difficult.

However, this physical trainer turned a blind eye to this!

When Shi Sheng saw this scene, he also smiled, and said, "Senior brother Xiao Hei is still so perverted! I can't fall behind."

After finishing speaking, he also chased after Xiao Hei!

The two, under the horrified eyes of everyone, surpassed everyone!

Came directly to the position of Baizhang!

Ye Qiubai chuckled when he saw this scene.

Didn't feel lost because of the strength of the two juniors.

Just be yourself.

How perverted is Xiao Hei's physical body?

The people in the thatched cottage have the most direct feelings.

These oppressive feelings have been tempered in every way for the flesh.

Even, in the face of space turbulence, it can also directly face the resisting physical body.

The oppressive feeling of a hundred feet deep is just right for Xiao Hei.

And when it was a hundred feet deep.

Xiao Hei has activated the Eternal Demon Physique, with three layers of lines shining on the body at the same time.

Although aura has no effect on him, he can use this sense of oppression to further temper his body.

...

At this moment, Boundless Dynasty.

As the sole ruler of a borderless domain.

Whether it is strength or prestige, the dominance of the Boundless Dynasty is unshakable!

Because of this, as the emperor of the Boundless Dynasty, Mu Zhengting should have nothing to worry about.

But.

Now, he is frowning with a dignified expression!

In front of him, there was an old man.

The old man has white hair all over his head, his body is bent, and he seems to be dying.

"Tianshi Li, is the prophecy accurate?"

Tianshi is a special profession.

Simultaneously, throughout the borderless domain.

Only the Boundless Dynasty has the successor of the Celestial Master.

After all, the celestial master can predict the future, and at the same time, deduce the existence of the way of heaven!

This powerful ability is often accompanied by great side effects.

Often a celestial master, life is extremely short.

It is precisely because of this that the number of celestial masters is extremely small.

Li Tianshi sighed slightly, his eyes were cloudy, he was holding a wooden crutch, and on the wooden crutch, there was a sliver of life.

In order to maintain the vitality of Li Tianshi's body.

"This deduction took a thousand years of old man's life, so there should be no mistakes."

Hearing Li Tianshi's affirmative words, Mu Zhengting's face was extremely ugly.

"In other words, the evil races outside the territory have begun to infiltrate towards the surrounding areas?"

Li Tianshi nodded and said: "The obstruction and suppression of the critical mountain made it impossible for the evil race from outside the territory who invaded this world to break through for a period of time."

"In other realms, there are already extraterritorial evil races."

"Among them, the Skyfire Realm and the Zilei Realm are both occupied by evil races outside the territory."

"Relying on these two borders as a springboard, the evil races outside the region are spreading towards the surrounding borders."

"If this continues, I'm afraid that the entire low-latitude boundary will be acquired by the evil race outside the region..."

Mu Zhengting asked: "Which realm is the closest to the Skyfire Realm and Zilei Realm?"

Li Tianshi thought for a while, and said: "The heavenly spirit realm..."

Chapter 330 Massacre!

Tens of thousands of years ago.

A battle of extinction took place in Borderless!

The evil race from outside the domain came from nowhere and launched an attack on the borderless domain!

These evil races are extremely numerous!

And the strength is extremely fierce.

At that time, Borderless Domain was in a sea of blood.

The Boundless Dynasty, leading the people of the whole continent, launched a war against the evil race!

Thousands of years of war.

Borderless Realm paid the price of many casualties and deaths of many He Dao Realm powerhouses.

Among them, it includes the former emperor of the Boundless Dynasty, and the founder of the Starfall Sword Sect... the Starfall Sword Emperor!

Finally, the evil race from outside the territory was suppressed on the other side of the critical mountain with the critical mountain as the boundary!

This is also the reason why the Boundless Dynasty strictly forbids ascetics to cross the critical mountain.

Li Tianshi said with emotion: "In that battle, the damage was too much... The Star Meteor Sword Sect also fell from a top power to a first-class power..."

Mu Zhengting also nodded, and looked outside the main hall with distant eyes.

"When the blind man's eyes are healed, the first thing he throws away is the crutch..."

The Starfall Sword Sect suffered erosion of power after the fall of the Starfall Sword Emperor.

If it wasn't for Mu Zhengting's secret protection, I am afraid that the Starfall Sword Sect would not even be able to keep its name as a first-class force...

"Now is not the time to mourn the spring and autumn, Your Majesty, you have to start preparing."

Mu Zhengting nodded, his face serious.

The extraterritorial evil race is too powerful.

They must not be allowed to make a comeback!

"Send the advance army first to the Skyfire Realm and Zilei Realm, and at the same time, send someone to the Heavenly Spirit Realm to report this!"

...

At the moment.

In the realm of the heavenly spirit.

Hongying is dealing with imperial affairs.

Now, the Yunhuang Empire has become the real ruler in the Heavenly Spirit Realm.

The sect that refused to accept it at the beginning was either exterminated, disbanded, or surrendered to the empire...

This is also the result of Hongying's combination of toughness and softness.

Besides, Ning Chenxin was reading a book.

Hongying raised her head to look at Ning Chenxin, and said with a smile: "Third Junior Brother, today's teaching system in the Spiritual Realm and the Wilderness Realm respects your study."

"I've come to an end here, why don't we go to the borderless domain to find the brothers and the others?"

Hearing this, Ning Chen didn't take his eyes off the ancient book, and said with a smile, "Okay, it's been so long, and I really miss my brother."

Besides, Mu Wan'er raised her hand and said, "Sister Hongying, I want to go too!"

Hongying looked at Mu Wan'er, smiled and said, "Does your father agree?"

Mu Wan'er curled her lips and said, "He can't control me."

The head of the Mu family, that is, Mu Wan'er's father, Mu Heze would probably be **** to death if he heard these words...

When Hongying wanted to say something.

The national teacher hurried in and said, "Your Majesty!"

Hongying looked over and asked, "Why is the national teacher in a hurry?"

Nowadays, there should be nothing serious in the Heavenly Spirit Realm.

The national teacher said with a solemn face: "At the border of the border, Seoul has been slaughtered."

Massacre the city!

Hongying's face changed slightly, her eyes were serious, she looked at the national teacher, and said, "Say clearly."

Ning Chenxin put down the book and read it.

Mu Wan'er also no longer plays petty temper.

Massacre the city.

This is no small matter.

Under the rule of the Yunhuang Empire, this kind of thing happened.

Hongying couldn't ignore it!

Ruo Ruo, as the ruler of the Yunhuang Empire, ignored this matter.

Then, for the empire itself, it will suffer a big blow in terms of reputation and popular support!

The national teacher nodded.

His expression was full of seriousness, and he said, "Today, in Seoul, a mysterious creature full of evil spirit suddenly invaded Seoul!"

"In Seoul, the strongest is a late-stage False God Realm powerhouse."

"However, under the massacre of this mysterious creature, the other party can't stop it at all!"

"Mysterious creature?" Hongying frowned and said, "How strong is it? Can you find out the origin?"

The national teacher shook his head.

"During these days, I have read all the ancient books in the Heavenly Spirit Realm and the Savage Realm."

"But there is no kind of monster that can confront this mysterious creature."

"I only know that this mysterious creature is extremely bloodthirsty, full of evil, and at the same time, extremely powerful... There are ten leaders among them, at least in the emperor's realm..."

Ten emperors!

How could such a lineup appear in the Heavenly Spirit Realm!

Today.

Even if all the emperor-level powerhouses in the entire realm were gathered, there would not be ten of them!

thought of this.

Hongying said: "Then where is this evil race outside the territory now?"

"It's right in Seoul."

"I'm afraid they will attack again soon."

Hearing the words, Hongying nodded, put away the advice, and said, "Follow me."

National Teacher nodded, "Sect Master of Tianling Sect, has left for Seoul."

Hongying stopped talking nonsense, and headed to Seoul with the Nine Heavens Department and the National Teacher!

Ning Chenxin and Mu Wan'er naturally followed closely behind.

...

Now, in Seoul, houses are destroyed.

On the city wall, blood splattered everywhere!

At the same time, the entire sky above Seoul.

All were enveloped in the sky by a black evil energy.

Resulting in sunlight not being able to come in.

At this moment in Seoul, the sky is dark!

Kong Jianghan led the experts of Tianlingzong to a hundred miles outside Seoul.

See Hongying leading people here.

Immediately stepped forward, knelt down on one knee and said, "See Your Majesty."

Hongying nodded and said, "How is the situation?"

Kong Jianghan looked solemn, and said: "In Seoul, there is no one alive."

"The evil race outside the territory seems to be collecting the corpses of ascetics in Seoul!"

Collecting corpses?

Hongying frowned.

Could it be an evil cultivator?

Only evil cultivators will collect the corpses of ascetics.

Absorb cultivation base, refine corpse puppets...

Hongying looked at the national teacher and said, "Have the rest of the sects been notified?"

National Teacher nodded: "Already on the way."

"Since that's the case..." Hongying's eyes showed killing intent, and she looked towards the direction of Seoul, where the evil spirit was overwhelming!

"Wait until the sects are all present, and enter Seoul!"

...

A full hour has passed.

The black air in Seoul is about to move!

Meanwhile, outside Seoul.

The top sect forces in the Tianling Realm are all gathered here!

Hongying holds the reincarnation spear, while Ning Chenxin holds the Dao Sutra.

"Follow me into town!"

Immediately, the aura of the middle stage of the emperor's realm broke out, taking the lead and rushing towards Seoul!

In Seoul.

In the dilapidated City Lord's Mansion.

Have ten wings with their backs, long and narrow eyes, and two fangs growing out of their mouths.

The skin is blue.

At the same time, the triangle above the head!

A huge tail, swinging left and right.

The breath is extremely strong!

Looking at the corpses of ascetics who kept being carried over.

Ten people were eating these corpses as food!

While eating, he said vaguely: "The human beings in this realm are too weak, and they can't improve much at all!"

"Don't complain, the meaning above is to let us start occupying from the periphery of this latitude first."

"With our strength, why not go directly to the borderless domain?"

At this time.

Above Seoul, the breath is surging!

One of the evil races showed a sinister smile: "No, there is a delicacy delivered to your door."
