

My Disciples 341

Chapter 341 ends

The sword is broken and people die!

Under Xiao Hei's destructive blow, this swordsman couldn't even catch a single punch!

Everyone looked at Xiao Hei in shock.

Ye Qiubai and Xiao Hei are too powerful.

If you say that Ye Qiubai's swordsmanship is extremely high, his sword intent is sharp, and the fusion of various sword skills has reached an extreme!

Then, Xiao Hei is the ultimate violence!

Shot is very simple.

Let you have thousands of ways, and I will break through all ways by myself!

Even the criticality is a little doubtful.

That kind of people.

It is impossible to be anonymous in a borderless domain!

However, in his memory, these two people did not exist.

Could it be that it came from another realm?

At this time, Xiao Hei's figure did not stop.

With killing intent on his face, he grinned loudly!

There is a dark devilish energy rising all over his body!

Rush towards the next goal!

Obviously, Xiao Hei has fallen into a state of rage!

The enemy in front of him is not dead, Xiao Hei will not stop!

The person on the other side saw this scene.

His complexion changed!

The one who bears the brunt keeps backing away, with frightened eyes, shouting: "I quit!"

Xiao Hei's aura is too frightening.

In addition, he punched the sword cultivator who suppressed his realm to death.

Dark magic energy has the effect of shocking the soul!

As a result, this person's mood was constantly shaken and he had to beg for mercy!

And when he yelled these three words, even if this person survived in the future, the road of cultivation would not be far away.

but.

Even if you say these three words.

Xiao Hei still acted as if he didn't hear it.

The figure bullied me, and punched out!

I saw this person's face was terrified, and his chest was directly pierced by Xiao Hei's punch!

How fierce?

Under this Tianchi, who can stop it?

Stop this **** demon god!

When Xiao Heiyu was about to rush towards another person again.

Ye Qiubai shouted: "Xiao Hei, you can stop!"

Heard Ye Qiubai's call.

Xiao Hei finally stopped.

The bloodthirsty intent in his eyes slowly faded away.

Today's Xiao Hei.

It is no longer the one who has entered the state of obsession, and it is out of control. Only the master or the power of the willow tree can calm down.

Now.

Xiao Hei has been able to control his mind.

Eldest brother, besides Master and Second Senior Sister, is the person Xiao Hei trusts the most.

So, Ye Qiubai only needs to speak.

Whether it's a mountain of swords or a sea of blood, Xiao Hei will step into it without hesitation!

Ye Qiubai came over, patted Xiao Hei on the shoulder with a smile, and said: "Although we are not afraid of provoking other forces, there is no need to provoke them for no reason, otherwise we will be punished by the master to sweep the mountain again."

Xiao Hei scratched his head and said, "Master will only punish you to sweep the mountains."

Ye Qiu paled and turned black.

Cough.

He turned his attention to those ascetics who were about to make a move before.

smiled and said: "Everyone, do you still want to make a move?"

The ascetics looked at Ye Qiubai and Xiao Hei warily.

However, there is absolutely no plan to make a move.

What a joke.

Have seen the strength of these two monsters.

How could it be possible to make a move?

Now, the only one who can compete with it is probably only the star meteor sword sect.

If you don't make a shot at the critical point, who can compete with it?

However, no more shots after seeing everyone.

Ye Qiubai and Xiao Hei also looked at the bottom.

At the moment.

Shi Sheng has completely merged with the star core!

The first star, the perfect fusion with the core of the star.

It also made Shi Sheng's strength skyrocket!

Actually directly broke through to the Emperor Realm!

A tyrannical force made everyone's hearts tremble!

It also made them curious as to what the fetish below was.

However, even if you are curious, after seeing Ye Qiubai and Xiao Hei, you lose interest in it...

Who is important between fetish and life?

Which is more important?

They are still clearly distinguished.

Shi Sheng still kept his eyes closed.

In the dantian of the starry sky, the old man is still there.

It's just that the body is becoming more and more illusory.

Shi Sheng was taken aback, and hurriedly asked: "What's wrong with you?"

The old man looked at Shi Sheng's urgent eyes, smiled and nodded.

is a simple child.

"Don't worry, the old man has completed his mission, so he will disappear naturally."

"I was originally the spiritual body transformed from the core of the star of the master. When you absorb it, the power of the old will be integrated into your star."

"There is still a little time left, do you still have doubts?"

Hearing this, Shi Sheng didn't ask the question immediately, but said: "Is there a way to save you?"

The old man shook his head.

Shi Sheng took a deep breath.

"Mr., there are eight star cores in total, and the remaining seven. Do you know where they landed?"

The old man shook his head and said: "The cores of the remaining seven stars are scattered in various latitudes, and you need to find them yourself."

The latitude of the Three Realms, how big is it?

It may be impossible to find it.

Only by chance.

Shi Sheng nodded, thinking of a castle that appeared in the depths of the starry sky when he was practicing Chaos Star Records.

"Mr., when I was practicing this technique, I saw a castle above the starry sky."

"However, it can only be barely seen, not touched."

"castle?"

The old man was taken aback.

Then he shook his head regretfully, "I don't know, you might know about this matter by asking the spirit bodies at the core of other stars."

"Oldness has turned into a spirit body, and the time to follow the master is too short."

"I don't know much about many things."

Finish these words.

The figure of the old man became more and more unreal.

"Okay, I'll give you another piece of advice at the end."

"The cultivation path of Chaos Star Record is extremely difficult, but since you have chosen to persevere, then persevere."

"Even if you can only cultivate to the eighth star in the future, its strength will not be weaker than those people."

"So, you can rest assured to continue practicing."

Shi Sheng nodded.

And when the old man finished speaking these words.

The spirit body also completely disappeared and merged into the first dantian of the starry sky dantian.

Shi Sheng bowed deeply towards the direction where the old man disappeared.

It lasted for a long time.

Then he opened his eyes.

The surroundings have fallen into darkness.

Without the power of the stars, there is no pure aura.

Just a piece of ordinary pool water.

Shi Sheng moved his body, stepped forward, and came to Ye Qiubai.

Seeing Shi Sheng's aura that has already broken through the emperor's realm, he smiled and said, "The harvest is not small?"

Shi Sheng nodded with a smile, and then said: "Thank you two brothers for protecting me."

"We are all one family, so why talk about two different languages."

Ye Qiubai said: "Since you have obtained it, then prepare to leave."

There are no stars and meteorites.

This Kunlun Tianchi has become an ordinary pond.

Seeing this, people around laughed bitterly.

also turned and left.

The critical point came to Ye Qiubai, looked at Shi Sheng, and asked, "What is that stone?"

Shi Sheng was taken aback for a moment, then looked at Ye Qiubai.

Ye Qiubai thought for a while, then nodded.

The borderline character is not bad, and can be intersected.

Chapter 342 Brother-in-law!

Seeing Ye Qiubai's nod.

Shi Shengcai explained: "It's related to the exercises I practice..."

The words are not finished yet.

Jiangsu interrupted: "Since it is related to your practice, there is no need to talk about it."

after all.

A person's practice is the root of a person.

This kind of thing should not be said.

And critical can know this, and put it into action.

This could not help but make Ye Qiubai look up at this person again.

Jiangjie looked at Ye Qiubai again, and said: "Your swordsmanship is very good, if you have time, you can come to Xingyun Sword Sect to discuss with me."

Ye Qiubai smiled and nodded.

"Definitely next time."

Limitedly nodded, wanting to leave.

Mu Cisheng nodded to Ye Qiubai and the others, following the critical situation.

At this time, Ye Qiubai stopped Mu Cisheng and said, "Your surname is Mu?"

Mu Cisheng was slightly taken aback when he heard this.

then nodded.

It is not a secret that his surname is Mu.

Almost everyone present knew that he was from the Mu family.

Looking at the shy and handsome man in front of him, who hides behind the threshold.

suddenly smiled.

"Do you have an older sister or younger sister?"

Mu Cisheng was taken aback again.

"Um... yes, which one do you say?"

"Mu Ziqing."

"Zi Qing?" Mu Cisheng nodded, but there was some doubt in his eyes.

Few people know about Mu Ziqing.

How did Ye Qiubai know?

However, seeing Mu Cisheng's expression.

Ye Qiubai also got the answer, smiled comfortably, and said, "It's okay, brother-in-law, where are you going next?"

Xiao Hei and Shi Sheng couldn't help laughing.

Brother-in-law? ? ?

Mu Cisheng was stunned.

However, he subconsciously answered Ye Qiubai's question, and replied weakly: "Go to Xingyun Sword Sect with Brother Critical..."

Ye Qiubai's eyes lit up.

"That's just right!"

Looking at the bewildered critical, he said, "Brother Lin, don't I still have to compete with you? Just in time, we will go to the Starfall Sword Sect with you!"

"Furthermore, I have always admired the Xingyun Sword Emperor. Letting me go on a pilgrimage is my wish fulfilled."

Shi Sheng and Xiao Hei heard black lines all over their faces.

The name of Xingyun Sword Emperor was only learned from Mu Fusheng not long ago.

Why have you always admired me?

It seems that they can see the meaning in the expressions of the two.

Ye Qiubai didn't blush either.

Mu Cisheng is his future brother-in-law!

Establish a good relationship with him in advance, wouldn't it be more stable?

Master as the saying goes.

If you are not sure about things.

Either don't do it.

Or just make sure!

Of course, this last sentence was imagined by Ye Qiubai himself...

How could Lu Changsheng say such words...

Not sure about things?

It's too late to hide!

Why don't you just go to die if you put this opportunity aside?

However, the words have already been said here.

Critical and no reason to refuse.

People say that they are going to make a pilgrimage to the ancestors, how can they refuse?

Jiangjun nodded dumbfounded.

"Then come with me."

"Go!"

Five people from both sides left towards the outside of Kunlun Tianchi together.

is on the way.

Jiangjie reminded: "Brother Ye, you killed the people of Hanlingzong and Xuanmingya first, not only making them miss the Kunlun Tianchi, but also beheading many of them."

"There is also the sharp gun sect, and the Tianjiao of the Ruthless Sword Valley."

"These four sects are all first-class forces, and the other party probably won't let it go."

Unfeeling Sword Valley, that is, the sect where the sword cultivator that Xiao Hei shattered with his punch is located.

Ye Qiubai smiled lightly.

Said indifferently: "If people don't offend me, I won't offend others. We won't cause trouble, but we are definitely not afraid of trouble."

"You said, we have no reason with him, and he wants to kill us. You can't just let them kill me, and I won't kill them?"

"If it were you, what would you do?"

Heard the words.

Critically smiled, and didn't remind me again.

Because, if it were him, the choice would be the same as Ye Qiubai.

Their swords.

The lack of the moon does not change the light, and the sword does not change the strength!

For some things, compromise?

It goes against the way of the sword in your heart!

In the way of one of the swords, it is impossible to go far.

"Perhaps, you can join my Starfall Sword Sect?"

"In this way, the other party will not deal with you too blatantly."

Although the Starfall Sword Sect has been reduced to the end of the first-class forces.

However, a lean camel is bigger than a horse.

Its background is still there.

This is also one of the reasons why the Starfall Sword Sect can still exist.

not to mention.

Behind the scenes, there is the assistance of the Boundless Dynasty!

Ye Qiubai shook his head with a smile, and said, "Thank you, brother Lin, for your kindness. We already have a teacher."

Hearing the words, Juju shrugged, and no longer forced himself.

...

When the five of them came out together.

Immediately, with several gazes, and the breath of the emperor's realm and even above the emperor's realm, they locked on Ye Qiubai, Xiao Hei and Shi Sheng!

You don't even need to look at it.

All three of them knew.

Which forces do these people come from!

At this time, in the sky.

The silver-armored guards come down from the giant beast!

Those eager breaths disappeared temporarily.

Mu Fusheng came down from the top, and said: "Now, the fetish of Kunlun Tianchi already has an owner. From then on, the restriction on Kunlun Tianchi will disappear, and at the same time, the quota of Kunlun Tianchi will also be cancelled."

Today's Kunlun Tianchi is just an ordinary pool of water.

This quota will naturally be cancelled.

"Everyone can leave."

"Then, the person who got the Tianchi fetish, come up and tell."

After finishing speaking, Mu Fusheng turned around and returned to the giant beast's back.

Everyone clasped their fists slightly and left one after another.

But when he left, he gave Shi Sheng a greedy look.

Again, there is hatred in it...

Jiangjun stood next to Ye Qiubai indifferently, and said, "Then we will wait for you at the Kunlun Kezhai in Kunlun City, and come to us after the matter is over."

Ye Qiubai nodded.

and Shi Sheng Xiaohei flew towards the giant beast.

...

In the mansion.

Surrounded by soundproof arrays.

Outsiders cannot hear the message.

At the moment.

Mu Fusheng set up a table of good wine in the courtyard.

Looking at the arrival of Ye Qiubai and the other three, he said with a smile: "This time it's a good deal for you."

Ye Qiubai also smiled, and said: "Your Highness invited us, don't you want to take back the gods in the name of the dynasty?"

Hearing this, Mu Fusheng scolded angrily: "Fuck your shit! I'm such a person!"

"What's more, you can get the approval of the gods, which shows that your talents are very strong. Why don't I go to make friends with you, but **** the gods instead, so that you can bear grudges?"

"Do I look like an idiot?"

Ye Qiubai laughed loudly, patted Mu Fusheng on the shoulder, sat down and said, "Don't be angry, I'm just joking."

Mu Fusheng snorted coldly, and said, "Don't make such a joke."

"By the way, how are you going to deal with the group of people from the Cold Spirit Sect?"

"Why don't you just join my Boundless Dynasty and follow me?"

Chapter 343 Heart-to-heart

"How about you join the Boundless Dynasty and follow me?"

When Mu Fusheng said these words.

The eyes are real.

Obviously, Mu Fusheng's words came from the heart.

How could Mu Fusheng not be tempted by the arrogance of the arrogance like Ye Qiubai and the others?

only.

Looking at Ye Qiubai, he didn't answer.

Shi Sheng and Xiao Hei will naturally not rush to answer.

then smiled lightly and shook his head, "Forget it, you pretend I didn't say anything."

If Ye Qiubai really intended to join Boundless Dynasty, he should have revealed his intention long ago.

After all, now Shi Sheng got the fetish at the bottom of Kunlun Tianchi.

And Xiao Hei and Ye Qiubai have extremely powerful talents!

How long has it been since we came to Borderless?

Not only the realm breakthrough is extremely fast.

Even offended the first-class sect in the inland!

And not just one...

Although this represents a strong ability to cause trouble.

But, who is not the one who stirs up the situation?

not to mention.

Ye Qiubai said long ago that they already have a teacher.

So, Mu Fusheng had no choice but to give up this idea.

"What are your plans for the future?"

Mu Fusheng took a sip of the wine, held the glass in his hand, and joked: "You who have offended so many sects and have no backing in the borderless domain will be sad."

"Not only must we be alert to the opponent's pursuit at all times, but we must also hide our whereabouts."

Hear here.

Ye Qiubai chuckled lightly.

"Why, you don't agree with me?"

Ye Qiubai shook his head, "Be wary of hunting, you are right, it's just..."

Speaking of which, the topic changed!

Ye Qiubai must have a cold light in his eyes!

"Who said we need to hide our tracks?"

"What we lack now is the experience of fighting against higher-level powerhouses."

Mu Fusheng looked at Ye Qiubai's haughty face, and said strangely: "But, what if the opponent dispatches characters from the middle, late stage, or even above the Emperor Realm?"

"At that time, how should you deal with it?"

When you reach the emperor's realm, even a small realm has huge horizontal gaps!

Emperor Realm middle stage is acceptable.

But in the later stage, or in other words, those who are strong in the distraction state, Ye Qiubai and the others will be difficult to deal with.

Ye Qiubai smiled, but did not answer.

Mu Fusheng saw his expression and understood.

There is no need to ask too many questions, naturally there is a hole card.

"Okay, tell me, where did the stars and meteorites come from?"

Ye Qiubai looked at Shi Sheng.

Shi Sheng nodded.

After all, this is what Mu Fusheng promised before.

If you don't say it, it means they missed the appointment.

"Where it came from, I don't know."

"However, this star and meteorite is related to my practice."

Heard the words.

Mu Fusheng was shocked.

This star meteorite is definitely not a low-latitude boundary.

This is what he and his father, the emperor Mu Zhengting of the Boundless Dynasty can confirm!

Related to Shi Sheng's exercises.

Then his skills come from his teacher again!

Could it be that their teacher, Shizun...

Mu Fusheng thought of this, his expression was slightly serious, and he said: "Okay, I get it, so I don't need to say anything about it."

Then, looking at Ye Qiubai, he jokingly said, "How dare you let your junior brother speak out about such a troublesome thing?"

Ye Qiubai smiled indifferently, "Is Your Highness such a person?"

Mu Fusheng was taken aback for a moment, then smiled inwardly.

Immediately, he took the initiative to change the topic and said, "Okay, the next step is to go to the Xingyun Sword Sect?"

"My Highness will not send you off. Since I have obtained the Xingchen Meteorite, it is also related to the Xingyun Sword Sect, so I should go to meet you."

"However, I have to remind you."

Ye Qiubai nodded: "I would like to hear the details."

"Xingyun Jianzong, after an incident, became suspicious by nature, but their nature is not bad, and they will not accept people who are not righteous."

"So, when you encounter something, remember to bear it, you know?"

Ye Qiubai smiled and said, "Understood."

That's what I said, but when I actually do it, I can't guarantee it...

after.

The three left.

The silver-armored commander appeared beside Mu Fusheng, bowed and said, "Your Highness, are you really not going to take down the star meteorite? Among them, there may be Mi Xin who cultivates the power of the stars."

When he said these words, the face of Commander Shining Armor was full of puzzlement.

Mu Fusheng shook his head, and said, "I said before, don't hit their minds."

"not to mention..."

Mu Fusheng turned around abruptly, and put his face in front of Commander Yinjia.

The ancients said.

The faces of the two are very close.

Either kiss or fight.

But... Looking at the cold light in Mu Fusheng's eyes.

Commander Yinjia doesn't think that this person is extremely life-hungry, but has His Royal Highness in the city who will kiss him...

"They are my friends, you... get it?"

The silver-armored commander immediately knelt down on one knee and said in horror: "This subordinate understands!"

However, this panic is not the fear of Mu Fusheng.

Instead, he was terrified by what Mu Fusheng said!

There is no one who can make His Highness say the word friend!

He spared his life.

So he is cautious.

The Boundless Dynasty is the master of the Boundless Domain.

The borderless domain is the strongest domain in the low-latitude domain!

Mu Fusheng is the Highness of the Boundless Dynasty, the future heir to the Emperor!

So, precisely because of caution.

Mu Fusheng never talks to others.

Not to mention the word "friend"...

...

Kunlun City.

It got its name because it is located under the Kunlun Snow Mountain.

Kunlun Kezhai is the property directly under the Mansion of the Lord of Kunlun City.

At the moment.

Ye Qiubai and the others came here.

Jiejie and Mu Cisheng learned about it.

Leaving Kunlun City with the three of them, headed for Xingyun Sword Sect!

Along the way.

Jianjie introduced a lot to Ye Qiubai and the others.

Starfall Sword Sect.

Located in the Starfall Mountains to the east of the Borderless Domain.

It was created by Xingyun Sword Emperor.

The Starfall Sword Emperor at that time was the top powerhouse in this realm!

Even the emperor of the dynasty at that time had to be cautious.

So, at that time, the Starfall Sword Sect was extremely popular and had a huge crowd.

It is a force that can compete with the imperial court!

And the two major forces did not stage that kind of **** intrigue.

On the contrary, the emperor and Xingyun Sword Emperor at that time had a fateful friendship!

But.

At that time, in order to resist the powerful extraterritorial evil race.

Xingyun Sword Emperor fell to suppress the evil race.

Xingyun Sword Sect has no successors.

Inevitably went into decline.

If it wasn't for the covert protection of the Boundless Dynasty.

It has long been swallowed up by those white-eyed wolves!

Heard here.

Ye Qiubai recalled Mu Fusheng's advice to them.

"No wonder Xingyun Jianzong is suspicious."

Junjie also nodded, and said, "Brother Ye made a joke."

Ye Qiubai shook his head, and said with a smile: "This is good. It is precisely because of suspicion that the disciples recruited by Xingyun Sword Sect will go through more selections, and their temperament will be corrected."

Such as critical.

Mu Cisheng on the side didn't interrupt, after all he was a bit shy.

However, along the way, he kept looking at Ye Qiubai with puzzled eyes.

At this glance, they have already arrived at the Starfall Mountain Range...

Chapter 344 Test

Star Meteor Mountain Range.

Thousands of miles across.

Its main peak, Xingyun Mountain, on the mountainside, has already broken through the sky.

You can see how towering it is.

When the five people came to the foot of Xingyun Mountain.

Critically stopped and said, "Wait here for a while."

Shi Sheng asked suspiciously: "Isn't your sect on the top of Xingyun Mountain?"

Jiangjie smiled, and replied: "This entire mountain belongs to the Xingyun Sword Sect. If outsiders visit the Xingyun Sword Sect, they need to wait at the foot of the mountain now."

Ye Qiubai nodded.

If it was another sect, Ye Qiubai might think that there is something wrong with the way this sect treats guests.

Or rather, have a prejudice against them.

However, after experiencing such a thing, Xingyun Sword Sect became self-confident and suspicious.

This kind of thing is also understandable.

Seeing that Ye Qiubai and the others didn't mind.

Critical also nodded secretly.

Probably waiting for a stick of incense.

There was a middle-aged man who came to the foot of the mountain with a young man and a cold woman.

The middle-aged man had a resolute face, and there was a sword mark in the corner of his eye.

Carrying a three-foot Qingfeng on his back.

Ye Qiubai couldn't see his realm.

I'm afraid it's the late stage of Emperor Realm, or above Emperor Realm!

Xingyun Sword Sect, although it has been reduced to a first-class low-level.

Now it seems that the foundation is still profound.

Looking critically at the middle-aged man, he cupped his hands and said, "Master Zhang Feng."

Starfall Sword Sect.

There are four peaks.

The main peak, Poyun Peak, the mountain where the suzerain is located.

The remaining three peaks are Zixia Peak, Jiye Peak, and Xiaojian Peak!

Zhang Yunzong is the peak master of Xiao Jianfeng.

Seeing the critical situation, Zhang Yunzong nodded seriously, with a smile on his lips, looking very forced.

However, everyone knew that when Zhang Yunzong showed such a smile, he really laughed.

You must know that Zhang Yunzong is very serious in his daily life.

"I'm back, how's the harvest?"

Critically replied: "I have some insights."

Zhang Yunzong nodded: "It's fine if you have some insights. You can come to Xiao Jianfeng later, and I will help you verify it."

Sentiment needs actual combat to verify.

In this way, it can be better absorbed for your own use.

"Thank you, Peak Master."

Zhang Yunzong nodded again, and then looked at Ye Qiubai and the others.

"I heard that you have obtained a star meteorite, so you want to come to my Star Meteor Sword Sect and make a pilgrimage to Your Excellency the Sword Emperor?"

Xiaohei and Shisheng are not enough.

This kind of communication is all done by Ye Qiubai.

Ye Qiubai took a step forward and cupped his hands at Zhang Yunzong, but he didn't say what he had said with the borderline before.

Instead, he shook his head and said, "Not really."

Critical startled slightly.

Although he knew that what Ye Qiubai said was not the main purpose.

However, he never expected that Ye Qiubai would take the initiative to speak out.

Even the man and woman behind Zhang Yunzong were stunned, and then the hostility on their expressions became more serious!

Xingyun Sword Emperor is the belief in their hearts!

Ye Qiubai's words, don't they just look down on the beliefs in their hearts?

It's just that they didn't draw their swords.

After all, it is the freedom of others to respect or not the Xingyun Sword Emperor, and they have no reason to interfere.

Zhang Yunzong's eyes were slightly cold, but his expression was still serious, his brows were slightly frowned, and wisps of breath revealed, pressing on Ye Qiubai's body!

"So, you're lying?"

Ye Qiubai smiled, being suppressed by this breath, although his stature was limited.

However, Ye Qiubai still straightened his spine, like a blue peak soaring into the sky!

"Before, she was indeed lying."

"Oh? What about now?"

"Now, I really want to pay homage to the Starfall Sword Emperor, he is a great person."

"Also a qualified sword repair."

"The name of Sword Emperor is well-deserved."

"Presumptuous!" The cold woman among them finally couldn't help it, and shouted coquettishly: "Senior Sword Emperor is of course a qualified sword cultivator, why does he need you to admit it?"

Ye Qiubai was not angry because of this, but looked at the cold woman, his eyes were indifferent, the ancient well was calm, but extremely sincere.

"If there is no recognition from the world, then why is the Starfall Sword Emperor supported by the world?"

The cold woman's tone faltered.

Zhang Yunzong didn't feel angry because of Ye Qiubai's seemingly arrogant words.

Instead, he looked at Ye Qiubai carefully.

Ye Qiubai's eyes didn't flicker, and he also looked into Zhang Yunzong's eyes.

Sudden.

Ye Qiubai felt his body lighten!

The breath released from Zhang Yunzong's body also disappeared at this moment!

"You are very good."

"Your swordsmanship is also very pure, do you want to join my Starfall Sword Sect?"

As soon as the words came out.

A man and a woman behind Zhang Yunzong all had expressions of astonishment.

Both of them are Zhang Yunzong's personal heirs, and they have been around for a long time.

Know Zhang Yunzong very well!

In the entire Starfall Sword Sect, Xiao Jianfengfeng advocated Yunzong, but he was notoriously strict!

Never easily recruit disciples!

However, now he personally said that Ye Qiubai should join the Starfall Sword Sect?

Critical also smiled.

Since Zhang Yunzong said these words, the investigation of Ye Qiubai is over.

But.

Ye Qiubai was beyond the expectation of the man and the woman.

Shaking his head, he said: "Thank you senior, but Qiubai already has a teacher."

Zhang Yunzong nodded, "Since there is already a sect, it is correct not to join."

"As long as you join the sect, you must be loyal. This is the foundation of a sect."

Obviously.

In Zhang Yunzong's heart, Ye Qiubai's evaluation was once again elevated!

"Okay, critical, you take the three of them up the mountain."

Say it.

Zhang Yunzong took the man and the woman and left here!

Jiangjun also smiled and said: "Brother Ye, it is not easy to get Fengzhu Zhang's approval."

Ye Qiubai smiled, "It's just telling the truth."

Heard the words.

Criminal but sternly said: "To be honest, these four words sound like it, and it's quite easy to say it."

"But, how many people can really do these four words?"

Ye Qiubai smiled and said: "You are exaggerating too much, let's go, go to visit and visit, and then we will compete with brother critical!"

Hear the discussion.

Critical eyes lit up!

Obviously, he also wanted to compete with Ye Qiubai.

He couldn't wait to lead the four of them towards the mountain.

Starfall Sword Sect.

Except the main peak, or above the main peak.

need to walk up the mountain!

On the way up the mountain.

Mu Cisheng looked at Ye Qiubai with a bit of shyness on his face, and asked in a low voice, "Aren't you afraid of being kicked out when you said that?"

Ye Qiubai looked at his future brother-in-law and said with a smile, "If I still follow what I said before, they will definitely not believe it."

"After all, a person who is on the road and needs a critical introduction to understand the Starfall Sword Sect, how could he think of going to the Starfall Sword Emperor?"

Mu Cisheng was taken aback, and said, "Could it be that you did it on purpose?"

Ye Qiubai shook his head with a smile, and said, "It's not intentional, I'm just telling the truth."

The Star Meteor Mountain is very high.

It took half a day for the five of them to walk up the mountain before they finally arrived at the mountain gate...

Chapter 345 What is real and what is imaginary?

At the mountain gate, an old man was lying on a chair.

Put your hands on your stomach and close your eyes.

From this old man, he couldn't feel the aura of any ascetic!

It seems that he is just an ordinary old man.

When the critical point walked over, he bowed to the old man and cupped his hands.

Mu Cisheng also followed suit with ease.

Seeing this, Ye Qiubai did the same thing with Shi Sheng and Xiao Hei.

When the three of them straightened up, they were about to follow the threshold and enter the gate of the Starfall Sword Sect.

The old man said as if in his sleep: "Because that kid is a member of Jianzong, there is nothing wrong with saluting to me."

"Mu Cisheng has been here many times, and he is a guest of the Xingyun Sword Sect. It is also appropriate to perform this ceremony."

"And you, I have never met the old man, and you are not from Jianzong, why do you salute?"

Ye Qiubai stopped and didn't look back, turned his back to the old man and said with a smile: "Respecting the old and loving the young is the etiquette of the world, shouldn't everyone do it?"

After speaking, Ye Qiubai continued to follow the threshold and walked into the mountain gate.

"Respect the old and love the young, the etiquette of the world?"

The old man muttered to himself and opened his eyes.

Those eyes did not have the cloudiness of an old man.

Yes, it's just shockingly clear!

At the same time, a ray of light flickered.

When everything is shining.

Around the old man's body, there is a monstrous sword intent flashing away!

If Ye Qiubai feels this sword intent.

Must be surprised to feel that this sword intent is much stronger than the Heavenly Demon Sword Master or the Four Absolute Sword Masters!

"Yes, this is the beginning of human beings, but now, I don't know how many people have forgotten it..."

The old man closed his eyes again, the corners of his mouth slightly turned up, with a smile on his face.

"He's a nice kid..."

...

On the road.

Jiangjie explained: "The old man has been lying there since the beginning when he was brought back to the Starfall Sword Sect by Master. All the disciples don't know his identity, but no one disturbs him."

Ye Qiubai nodded.

This has nothing to do with him.

saluting, but out of etiquette.

However, Ye Qiubai is not interested in the matter of the old man.

The two are strangers to each other, so there is no need to know.

"Okay, since you want to make a pilgrimage, I will take you to ask the master first."

A critical master.

is the suzerain of the Xingyun Sword Sect, Jian Wufeng.

Similarly, it is also the realm of swordsmanship, one of the very few people who have reached the supreme realm!

Five people came to Poyun Peak.

Outside the Suzerain Hall.

Little Hei Shisheng and Mu Cisheng were waiting outside.

After critically asking for instructions, he brought Ye Qiubai into it.

At this moment, a middle-aged man was sitting on the ground, using a white cloth to wipe the epee on his knees.

The epee has no front.

revealed the supreme sword intent!

Ye Qiubai looked at the epee, obviously it wasn't stained with any dust.

The middle-aged man still had serious eyes, and wiped the epee very carefully.

Only those who love swords.

Only then can you go further along the way of kendo.

This is not the only condition, but it is a necessary condition!

Able to take care of his sword so carefully.

This man is definitely a powerful swordsman.

This was what Ye Qiubai was thinking at this time.

Jiangjie walked up to the middle-aged man, bowed and cupped his hands and said, "Master, I brought Ye Qiubai here."

However, the middle-aged man did not look up.

As if he didn't hear the critical words, he was still wiping the epee with no front on his knee.

Jiangjun didn't care at all, just stood up straight and waited quietly.

Finally, after an hour.

The eyes of the middle-aged man have changed.

raised his head slightly.

After carefully observing the epee, he nodded after confirming that it was not dirty.

Immediately got up, not looking at the critical moment at first.

As if Dangjuan and Ye Qiubai did not exist.

directly passed through the two of them.

walked out of the hall.

Critical and Ye Qiubai followed.

came to a forest.

In the forest, there is a pool of clear spring water.

The spring water is full of sword intent!

This sword intent even surprised Ye Qiubai!

Jian Wufeng put the veil that wiped Wufeng's epee into the sword pond and cleaned it carefully.

Ye Qiubai was surprised to find out.

Among the pure white and flawless veil, there were a lot of dust-like stolen goods washed out by Jianchi!

At this time.

Jian Wufeng spoke.

"Some say seeing is believing."

"There is nothing wrong with the meaning of this statement, but, sometimes, it is the eyes that deceive me."

"Just like this white veil, you think my sword is very clean, but now it can wash out so many dirty things."

Ye Qiubai was stunned.

It seems to be grasping something.

fell into an extremely mysterious realm.

This is the realm of heaven and man!

Critical moment.

Jian Wufeng put away the white handkerchief after washing it, and looked at Ye Qiubai with a hint of admiration in his eyes.

Sometimes seeing is believing.

Sometimes seeing is believing.

So, how can we judge what is real and what is false?

The answer is obvious.

Feel it with your heart.

Ye Qiubai has already comprehended Jian Xin Tongming.

And in Jian Wufeng's seemingly unintentional words.

Jianxin was tempered again.

Sword intent also began to climb at this moment!

Criticality can be felt.

Ye Qiubai's sword intent is changing!

Three full days.

Reached half-step Juggernaut Realm!

Ye Qiubai just opened his eyes, looked at Jian Wufeng, walked over, with a serious face, folded his fists and bowed, respectfully said: "Thank you for your guidance, senior."

Jian Wufeng waved his hand with a smile, and said: "I didn't point out you, but I just like to chatter nonsense."

Ye Qiubai smiled and said, "How can it be nonsense to make such a point?"

Heard the words.

Jian Wufeng pointed to the borderline who looked a little ashamed, and said, "Here, isn't there someone here who just listens to nonsense?"

"Otherwise, why do you fall into the realm of heaven and man, and my disciple is still standing there stupidly?"

Already a bit ashamed.

After hearing my master's sarcasm, I couldn't wait to dig a hole and get in.

Be a groundhog...

Jian Wufeng waved his hand and said: "Okay, I know about you, go, I have already said hello."

After speaking, Jian Wufeng left the forest and entered the suzerain hall.

Ye Qiubai arched his hands towards Jian Wufeng's back again.

before leaving with critical.

In the main hall of the suzerain.

Jian Wufeng sat cross-legged on the ground, slowly brewing tea.

Then he spoke.

"Old Jian, this kid is not bad."

There is no one else beside Jian Wufeng.

But.

At the gate of the Xingyun Sword Sect.

The old man lying on the wooden chair also started talking to himself at this time.

"That's good. It's best to find a way to let him join the Starfall Sword Sect. This kid is more suitable than the critical one to restore the glory of the Starfall Sword Sect."

"Whether it is character or talent."

"In the future, Youjuan and him, the Starfall Sword Sect, will be more prosperous."

Jian Wufeng nodded: "I will, but at that time, Uncle Jian may have to teach him himself."

The old man nodded without hesitation.

Chapter 346 One Minute

Xingyun Sword Sect has four blades.

respectively Poyun Peak, Zixia Peak, Xiao Jianfeng, and Jiye Peak.

The four peaks are in the shape of a quadrilateral.

And the statue of the Starfall Sword Emperor.

then stood in the center of the four peaks.

According to legend, on this statue, there is a sword intent inheritance of Xingyun Sword Emperor.

However, so far, few people have been able to fully comprehend the mystery.

Remember, be thorough.

There are still a few people who can realize a small part of the inheritance of sword intent from it.

For example, the current master of Jianzong, Jian Wufeng.

and Jian Wufeng's disciple, critical.

Ye Qiubai and Judgment came to the center of the Four Peaks.

This statue.

Doesn't look like anything fancy.

Not tall, just the height of an ordinary person.

No breath.

Also without any embellishments.

One person, wearing a robe.

Holding a sword in his hand.

Nothing but the rest.

Extremely simple.

However, this is not the reason for Ye Qiubai's contempt.

When the two came here.

Ye Qiubai walked up to the statue.

Bow down and worship.

At the same time, there is also a sword correction here who is practicing cross-legged.

I want to understand the inheritance of sword intent in this statue!

Someone just arrived.

There are also people who have been here for decades, hundreds of years, or even thousands of years!

Someone opened their eyes and looked at Ye Qiubai.

But he just took a look and closed his eyes again.

People here.

Except for the inheritance of the sword intent in the statue of the Starfall Sword Emperor, I am not interested in others.

not to mention.

Are there not many people who come here for pilgrimage on weekdays?
have long been used to it.

Ye Qiubai kept bowing for a long time.

Then he straightened up.

at the same time.

Xiao Jianfeng Peak Lord, Zhang Yunzong also came here.

The two direct descendants, a man and a woman, also followed.

Zhang Yunzong saw Ye Qiubai, his face was still serious and resolute, and said: "The suzerain has explained, you can try to understand it here."

Ye Qiubai was slightly taken aback.

Even the man and woman behind them were a little shocked.

"Master, isn't it only the disciples in the sect who can realize it here?"

"He's just an outsider!"

Zhang Yunzong's face did not change at all, and he said dryly: "What the suzerain said, I am just spreading the word."

"What's more, the statue of the Sword Emperor, whoever has sincerity, can understand it."

"As for those who are not sincere, even if they realize it, they will not be able to realize anything."

A man and a woman looked at each other, but remained silent.

After hearing this, Ye Qiubai was not polite.

After hearing about the deeds of the Starfall Sword Emperor.

One of the top powerhouses in this realm at that time.

It can also be said that he is the strongest swordsman in the borderless domain!

none of them.

This kind of person's sword will inheritance.

It would be a lie to say that you are not moved.

"Afterwards, I will go to thank the suzerain."

After finishing speaking, he sat cross-legged on the ground.

Released the sword intent, pulled it out slowly, and enveloped the statue of the Sword Emperor.

Everyone was shocked.

Half-step Juggernaut? !

At that time.

It's just the realm of the Great Sword Sect.

Now, just met the suzerain, and broke through to a half-step sword master in just a few hours?

To know.

It is called the critical point of the Starfall Sword Sect's hope of regaining its glory.

It's just a half-step Juggernaut!

This kid's kendo talent is so high?

Even Zhang Yunzong twitched his lips and nodded.

The suzerain has a good vision.

It is the best for this kind of arrogance to join the Starfall Sword Sect.

...

Sword intent comprehension.

is actually very boring.

Nothing new.

It's just that I'm looking for it.

In this statue, where is the sword intent.

And find the existence of this sword intent.

is the first step.

But how many people are stuck at the first step?

Sounds simple.

It is even more difficult to do it.

Critically came to Zhang Yunzong.

Zhang Yunzong took a look at Judging, and said, "Jing, how long did it take you to find this sword intent?"

After thinking for a while, he was about to answer.

The woman behind Zhang Yunzong smiled and said, "Brother Lin only took three days?"

When this woman looked at the critical point, her eyes were full of affection.

Obviously.

has a good impression of criticality.

No wonder.

After all, the critical character and talent are all top choices.

"Three days, even the suzerain took seven days!"

This is also the reason why Jujie is called Fuxing Star and Meteor Sword Sect.

Jiangjie can only choose to ignore the woman's eager eyes.

"Brother Ye's talent is not inferior to mine, even better than mine."

The woman pursed her lips and smiled, as if she was used to critical avoidance, and said, "Brother, you are being humble."

Critical no longer speaks.

Several people fell silent, looking at Ye Qiubai.

I really want to see, Ye Qiubai will feel this wisp of sword intent in a few days.

only...

I just wanted to play so much...

It took only a minute for a few people to talk...

On the statue of the Starfall Sword Emperor.

Has a special sword intent flowing with the meaning of stars.

It was Ye Qiubai's sword intent that pulled each other together!

This scene.

Shocked everyone!

Even the disciples of the Sword Sect who were feeling enlightened opened their eyes in horror.

Looked at Ye Qiubai!

Who is this son?

Among the sword sects, I have never seen it!

However, just after arriving here, they merged with the sword intent left in the statue of the Sword Emperor?

Zhang Yunzong's eyes also burst out!

A man and a woman behind him were even more horrified.

The woman was surprised: "How did you do it?"

Critical also gave a wry smile.

Ye Qiubai not only completed the first step in a minute, finding the sword intent left in the statue.

completed the second step at the same time.

Blending with the sword intent of Xingyun Sword Emperor!

Get in touch!

To know.

This is the second step.

It took him a whole ten days!

As for the last one who realized it, the Sovereign Jian Wufeng, it also took 20 days!

This talent.

Is it too exaggerated?

Critical can't help but say: "It's true..."

Zhang Yunzong smiled widely, and said, "The last step is to comprehend the sword intent."

Afterwards, he left the place immediately.

Flying towards the main peak, Poyun Peak!

He will report this matter to the Sovereign.

Ye Qiubai is this son.

It must be included in the Starfall Sword Sect!

Take time.

Ye Qiubai's future is limitless!

Even if it surpasses the Starfall Sword Emperor, it may not be impossible!

Everyone looked at Ye Qiubai sitting cross-legged on the ground in horror.

Ye Qiubai still closed his eyes tightly.

Actually, it is very simple to do this step.

Ye Qiubai's physique.

is the Hunyuan sword body!

The first sword body in the ages!

It can be said that this is the most suitable physique for sword repair.

Perception of Kendo.

No one can surpass Ye Qiubai.

Of course... except for Lu Changsheng.

But.

Now Ye Qiubai did not show any excitement.

Instead, he frowned.

Because, he felt the sword intent in the statue of the Sword Emperor.

It seems that it is not a complete sword intent.

It is incomplete!

Ye Qiubai faintly felt it.

In this sword intent, something important is missing.

As if... only its shape, but not its spirit?

Chapter 347 Filling the vacancy with a piece of iron!

Sword intent.

It is a kind of illusory, but it really exists under the rules of heaven.

Without form, it is like having no carrier.

Empty has the meaning of sharpness, but it can't hurt people.

Tangible and unintentional.

It is like an ordinary long sword without a sharp edge, and it is also unable to hurt people.

Today.

The sword intent that Ye Qiubai felt in the statue of the Xingyun Sword Emperor was this kind of tangible and unintentional thing.

This sword intent was inspired by the power of stars.

Extremely thick!

But without losing its sharpness.

However, without a carrier, his true power cannot be exerted.

And everyone in the Starfall Sword Sect felt the sword intent from it.

If you understand it, you need to fuse with your original sword intent and display it.

Although it can be used.

However, he still couldn't reach the height of the Starfall Sword Emperor.

Ye Qiubai thought about it, but couldn't figure out why it was so strange.

Sudden.

Ye Qiubai felt the urgency to break out of the cage in the ring!

Slightly stunned.

Subconsciously penetrated into it.

found out.

In that pile of stuff.

There is an old and rusty iron piece, which is emitting a white halo!

In the halo, there is actually a profound sword intent!

The iron pieces floated up, rampaging.

Want to break through the shackles of Najie!

Ye Qiubai was shocked.

Could it be that this piece of iron was summoned by the statue of the Starfall Sword Emperor?

No, to be precise, he was summoned by the Xingyun Sword Intent in the statue!

In order to prevent the receiving ring from being broken and destroyed.

Ye Qiubai let go of the ring.

The iron piece was under the suspicious eyes of everyone.

The iron sheet glowing with the halo of the shocking star meteor sword intent was actually directly attached to the stone sword in the hand of the star meteor sword emperor statue!

The blade of the stone sword has a flaw.

Since the statue stood here.

That's it.

Some people think it is deliberate.

Thought that the sword of Xingyun Sword Emperor already had a flaw.

Some people also think that it was artificially damaged at that time!

Opinions vary.

However, no one bothered to ask.

Now, everyone looked at this piece of iron, which fit the flaw on the sword perfectly, and couldn't help being surprised.

Frowning critically: "This flaw, could it be this iron piece?"

The woman was also surprised and said: "Then why does Ye Qiubai have this thing?"

Zhang Yunzong's resolute face, which has never changed through the ages, has also rarely changed a little!

In his eyes, he seemed to be remembering.

"Could it be... what the old man said is true?"

And the next moment.

Everyone perceives it.

In the statue of the Starfall Sword Emperor, a more mysterious sword intent erupted from it!

This sword intent carries the heaviness of the power of stars.

And the sharpness of the sword!

The two blend together!

Like the real thing!

At this moment, the sword intent on it is many times stronger than before!

Criticality is also quite surprising.

Going forward, he also realized the inheritance of sword intent in the statue of Xingyun Sword Emperor.

However, the sword intent he felt.

The sword intent that Ye Qiubai comprehends now are completely different things!

The latter is more powerful.

Ye Qiubai was also a little dazed.

This piece of iron was given by a strange old man who said "the young man stays behind" when he was in Kunlun City.

Now, it perfectly fits the scar on the sword of the statue of the Starfall Sword Emperor.

So.

This old man must know something.

Or...

He has some connection with Xingyun Sword Emperor?

Don't wait for Ye Qiubai to think about it.

Ye Qiubai's soul seemed to be drawn directly into the statue!

The world in the statue.

There is no blue sky and white clouds.

What is there is just a vast starry sky.

In the starry sky, there are many stars.

Ye Qiubai looked up.

The stars all over the sky are actually transformed by sword intent!

It seems that every star is a supreme sword!

At this time.

A tall middle-aged man with his hands behind his back and a sword at his waist.

This sword is nine feet long.

Nine is the extreme number.

The swordsmith seems to have great ambitions.

At this time.

The man looked at Ye Qiubai and said: "Activating the sword intent left by the emperor is the first step."

One sentence.

The identity is fully displayed.

"The second step is to find this piece of iron."

"The first step is to rely on natural strength, and the second step is to rely on fate."

Ye Qiubai looked strange, and asked, "Is there a fate? What if the iron piece is destroyed or lost?"

The man chuckled, took out the nine-foot long sword in his hand, and handed it to Ye Qiubai.

Ye Qiubai took it subconsciously.

Nine feet long, you can feel the power of stars in it!

The power of the stars is thick.

However, this sword is as light as nothing!

The man continued: "This sword is called Xingyun, and it is made of star meteorite."

"In this latitude, there is no one who can crush him."

"And this piece of iron is the Xingyun Sword Spirit, temporarily peeling it off."

Ye Qiubai suddenly realized, and asked: "So, what about Yuan?"

"Fate?"

The man asked: "Boy, do you believe in cause and effect?"

The way of cause and effect.

Lu Changsheng mentioned it to him all the year round.

Ye Qiubai nodded.

"Fate is cause and effect. If no one gets this piece of iron, naturally they will not be able to obtain the inheritance of the emperor. If there is no fate, then there is no need to force it."

This remark is mysterious and mysterious.

but...

He is the Starfall Sword Emperor, and the inheritance is established by him.

What he said is what he said.

Anyway, just nod and say yes and you're done.

Xingyun Sword Emperor smiled and said: "Since you have the innate strength to start the inheritance, and you are destined to be with the emperor, then this inheritance is yours."

Ye Qiubai was puzzled: "Senior, you are not worried that I will do bad things if I get your inheritance?"

Heard the words.

Xingyun Sword Emperor naturally said: "Whether a good thing is a bad thing, a good person or a bad person, all are judged by the world."

"As a swordsman, the most important thing is to go forward and have no regrets in your heart. Therefore, your character and what you do after you get it have nothing to do with the emperor, as long as you have no regrets in your heart."

Go forward indomitable.

No shame in my heart.

Ye Qiubai smiled, which fit perfectly with his kendo foundation.

"Okay, inheritance, in this starry sky, enter it, how much you can get, depends on your luck."

Ye Qiubai nodded.

Accept the inheritance.

Whether it can be perfectly inherited is the final test of the Starfall Sword Emperor.

Looking up at the sky full of stars transformed by the sword intent.

Ye Qiubai has nothing to fear, just as the Sword Emperor said, a swordsman should go forward without hesitation!

Fearless, Ye Qiubai went straight into the starry sky!

...

on the other hand.

Spirit Realm.

Global Region has completely entered a state of alert!

After the city massacre.

The Boundless Dynasty sent envoys and many strong men.

under their interpretation.

Hongying and the others understood the existence of the evil race outside the territory.

This is an evil race that can only be suppressed by gathering the power of the whole domain at a great price even in the borderless domain!

At the same time, I learned from Master that they came from the mid-latitude realm...

The difference between them and their low-latitude boundary is one word, but the strength...is very different...

Chapter 348 Send a sword!

Spirit Realm.

The main hall of Yunhuang Palace.

The lineage of the Yunhuang Empire.

Hongying, Ning Chenxin, the national teacher, Yun Zhan, the head of the Nine Heavens Department, and Kong Jianghan, the suzerain of the Tianling Sect.

Kong Jianghan is now a representative of other forces.

And the other side.

is the envoy of the Boundless Dynasty.

Boundless.

A powerhouse at the pinnacle of distraction!

Hongying sat at the top and said, "First of all, I would like to thank the Boundless Dynasty for their support and concern for my Heavenly Spirit Realm."

"Now, we have a preliminary understanding of the evil race outside the territory. Since the opponent is so strong, how should we deal with the defense now? What is the best strategy for Senior Man?"

Wujiang looked at Hongying.

He also learned about Hongying's affairs.

Ninth reincarnation, extremely talented!

Today, it is the middle stage of Emperor Realm.

However, with this level of strength, coupled with the overall strength of the Heavenly Spirit Realm, it is really difficult to compete with the evil races outside the region!

"The strength of the evil race outside the territory is immeasurable. When the evil race outside the territory came to this latitude, we suspected that the other party did not come to full strength for some reason."

"Now that we are making a comeback, we must be fully prepared!"

"The other party's purpose is also very simple." Man Wujiang said solemnly, "Swallow the creatures of low latitudes, so as to improve their own strength!"

"The stronger the strength and talent of the ascetics, the more they improve their strength!"

"It is very difficult to deal with it."

"However, with all due respect, the overall strength of the Heavenly Spirit Realm is very weak, so weak that there are no distracting strong people."

"Therefore, the opponent will not deploy all its strength."

Hongying nodded.

How can you kill a chicken with a sledgehammer.

However, the opponent's goal is the entire low-latitude boundary.

So, it won't be just their Heavenly Spirit Realm that is fighting.

It is impossible to mobilize all the forces to wipe out the Heavenly Spirit Realm.

Man Wujiang continued: "The first point is to integrate all the powers of the Heavenly Spirit Realm. This is also the first step."

The national teacher said from the side: "This has been completed."

Hearing the words, Man Wujiang nodded, and said: "The array and the supply of pills are equally important."

"And the third point is also the most important point."

Hongying and the others all looked at Boundless, waiting for his next words.

"The evil race outside the territory has a weakness, and that is the fear of Buddhism, Taoism, and the power of Confucianism and Taoism."

"These two kinds of purification power have a strong restraint power against the evil race outside the territory."

Hongying nodded.

This, they already know.

When the city was massacred.

Ning Chenxin's Taoist power played a key role in turning the tide of the battle.

Hongying said: "We already know, but, Confucianism and Taoism, we have only one person here now."

Man Wujiang smiled and said: "One person is enough. The Boundless Dynasty, in order to deal with the evil races outside the territory, originally developed a large formation by the Shenfazong, using the power of Confucianism and Taoism to transform it into the power of purification and expand its influence."

"As long as this person has good attainments in Confucianism and Taoism, although he can't reach the full power of the World Purification Formation, it can still have a huge effect!"

"Now, what needs to be done is to arrange this formation!"

Hongying said: "How should it be arranged?"

Wang Wujiang smiled and said: "Don't worry, for this aid, for those who have the magic method, His Majesty Yunhuang only needs to consider where to arrange it."

...

January time flies by!

at this time.

Borderless Domain, Starfall Sword Sect.

In the center of the Four Peaks, in front of the statue of the Xingyun Sword Emperor.

Ye Qiubai still stood there, motionless.

However, the number of onlookers did not increase but decreased.

They all want to see if Ye Qiubai can fully obtain the inheritance of the Starfall Sword Emperor!

Mu Cisheng has already returned to Mu's house.

In a secret courtyard of the Mu family.

A stunningly beautiful woman with icy aura surging all over her body!

is practicing.

Suddenly, the woman opened her eyes and looked forward.

A shy and handsome man walked in.

I only heard Mu Cisheng say: "Zi...Zi Qing..., did I bother you?"

The woman is none other than Mu Ziqing!

Mu Ziqing shook her head with a smile, got up and sat down at the round table, brushed her hair back from her ears, and said, "Second Brother, why are you here?"

On weekdays, not many people come to her place.

It is also generally forbidden to come here.

Only the second brother, Mu Cisheng, as well as the eldest brother and the head of the family can come here.

Mu Cisheng smiled shyly, and said: "When I was in Kunlun Tianchi, I met a man, and he mentioned you."

Mu Ziqing was slightly taken aback.

man?

Whether she returned to the Borderless Territory or before, she has never seen other men except her family and Tibetan Taoist Academy.

How could a man know him?

Is it impossible...

Thinking of this, Mu Ziqing's face was overjoyed, slightly rosy, and there was a glint of nervousness but excitement in her eyes.

"Are you a swordsman?"

Mu Cisheng was taken aback, and said, "You already know?"

Heard here.

Mu Ziqing has basically decided.

After all, he knew only one sword repairman!

Mu Ziqing smiled charmingly, and her mood was bright.

"He really came to me!"

Mu Cisheng scratched his head, and said, "He told me, after that, he will definitely come to you."

Hearing this, Mu Ziqing smiled even more happily.

Mu Cisheng was also taken aback.

Since Mu Ziqing returned to the family.

I have never seen her smile from the heart.

"Azusa, what is your relationship with him?"

Mu Ziqing smiled and did not speak.

Mu Cisheng vaguely understood, he was thinking now.

Shall I talk to my father?

And the other side.

In the statue of the Starfall Sword Emperor.

Between the stars and the sky.

Ye Qiubai was among the stars, receiving the tempering of the stars' sword intent!

And the inheritance left by the Xingyun Sword Emperor has also been recorded in his mind!

In the wild realm.

Gongfa has four levels.

Heaven and Earth Xuanhuang!

Now, what he uses the most, the Heavenly Demon Nine Swords, is the Heavenly Rank Swordsmanship!

It's just that, in the borderless realm, if the Nine Swords of Heavenly Demon hadn't been improved by the master, I'm afraid it would have been insufficient.

The sword technique practiced by Xingyun Sword Emperor.

It is called Xingyun Sword Art.

Its power is incomparably superb!

Cultivated to the peak, the sword is like falling stars!

Can cut stars!

Ye Qiubai opened his eyes.

Xingyun Sword Emperor saw this scene, and said with a smile: "It seems that you have successfully inherited the inheritance of the emperor."

Ye Qiubai nodded, then with a serious face, he bowed to the Xingyun Sword Emperor and said, "Thank you, senior."

Seeing this, Xingyun Jianhuang waved his hand and said: "This is your own natural strength, and it is also the fate between you and me, so don't thank me."

Ye Qiubai nodded, and handed out the Xingyun sword in his hand.

However, under Ye Qiubai's surprised eyes.

Xingyun Sword Emperor waved his hand, and said: "I am already a spirit body, this sword is a waste of following me, so you can use it."

Ye Qiubai was taken aback.

This Star Meteor Sword can be said to be much higher level than his Dark Demon Sword!

Incomparably precious.

Just send him off like this?

Chapter 349 The body of the sword cuts thorns, and the body is a ferry

In the wild frontier.

The classification of weapons is roughly the same as that of kung fu pills.

Divided into four grades of Tiandi Xuanhuang.

Among them, it is subdivided into upper, middle and lower grades.

When it comes to the borderless domain, there will be a level above the sky, which is said to be a spiritual weapon.

As the name suggests.

Weapons have spirits, they are spiritual weapons.

The Dark Demon Sword, originally a sword of the pinnacle of heaven, transformed into a low-grade spiritual weapon after absorbing the wild ice sword spirit in Mu Ziqing's body.

However, in the borderless domain, low-grade spiritual weapons are obviously not enough.

If it weren't for Ye Qiubai's physical skills and sword support.

Using a low-grade spiritual weapon such as the Dark Demon Sword will cause a big loss when confronting ascetics of the same strength.

As for the Qingyun sword given by the master.

With Ye Qiubai's current strength, even if the spiritual energy in his body is emptied, he can only pull out a little bit.

Obviously not for everyday use.

Today.

The nine-foot star meteor sword given to him by the Star Meteor Sword Emperor just made up for the current weapon problem.

I only heard Xingyun Sword Emperor smile and said: "To be honest, I am not willing to give this sword to you, but now, my body has long since died, so I would be too sorry for Xingyun to just follow me and seal the dust." Gone."

Xingyun Sword Emperor continued: "This emperor gave you this sword, there is only one request, in the future, protect Xingyun Sword Sect for me."

Ye Qiubai held the Xingyun Sword in both hands, bowed his body with a serious expression, and his tone seemed to be promising the Xingyun Sword Emperor.

"As long as Ye Mou doesn't die, I will protect the Xingyun Sword Sect comprehensively."

Xingyun Sword Emperor smiled, and said: "Okay, okay... In this way, the emperor can rest assured."

"You are the most suitable sword repairer I have ever seen..."

Speaking of this, the body of the Xingyun Sword Emperor became more and more illusory.

The voice also became softer and weaker.

Ye Qiubai knew that Senior Xingyun Sword Emperor was about to completely disappear in this world.

Unavoidably, there was a ray of sadness on his face.

It seemed that he could see what Ye Qiubai was thinking.

Xingyun Jianhuang smiled lightly: "You are a good seedling and a good boy, remember what I said."

"Right and wrong, right and evil, this is a general concept."

"So, no matter what, what is in the heart is the direction of the sword."

"Take the heart as the spirit, the sword as the body, the body as the ferry, the sword cuts the thorns, and all the unpleasant things can be cut off, no need to think about it."

Finished speaking.

The figure of Xingyun Sword Emperor completely disappeared.

turned into a little bit of starlight.

Melted into the sky full of stars!

After hearing this, Ye Qiubai clasped his fists with his sword in his hands when he saw this scene, and bowed his body deeply towards the direction where the Xingyun Sword Emperor disappeared.

"This junior will definitely remember the words of Senior Sword Emperor!"

...

Starfall Sword Sect, in the center of the Four Peaks.

The statue of Xingyun Sword Emperor, now, that sword intent has disappeared.

Everyone was shocked.

"What happened? The sword intent disappeared?"

"Could it be possible that this son has acquired the inheritance, leading to the disappearance of the sword intent."

"Hey, I've waited here for thousands of years to comprehend, but got nothing. Now, it's a bit ridiculous to fetch water from the bamboo basket."

Critical also gave a wry smile.

It was when we first met in Kunlun Tianchi.

Critical opinion on Ye Qiubai.

It is just a more talented swordsman among all living beings.

However, Ye Qiubai's every step of the way is crushing and transforming this thought in his heart.

Zhang Yunzong has also returned.

In front of him, followed by a middle-aged man.

Everyone sees this man.

They were all surprised, and immediately bowed, saying: "See the suzerain!"

That's right.

The person who came here is the Suzerain of the Starfall Sword Sect, Jian Wufeng!

Jian Wufeng waved his hand, signaling to be quiet.

Everyone stopped talking.

However, it was as if a stormy sea had set off in my heart.

Unexpectedly, this little-known sword cultivator actually alarmed the suzerain!

This is the realm of swordsmanship, a sword cultivator who has reached the supreme realm!

Probably waiting for a stick of incense.

Ye Qiubai opened his eyes.

At the same time, in his hand, the nine-foot star meteor sword also appeared in his hand.

Jian Wufeng saw this scene, and said with emotion: "Xingyun sword, the sword of the sword emperor back then."

Immediately, one of his actions shocked everyone!

Jian Wufeng knelt down on one knee, with a serious expression, and said, "Jian Wufeng, see Jianzi!"

Zhang Yunzong is the same!

Ye Qiubai just came back to his senses, and was taken aback when he saw this scene, and then quickly stepped forward to hold up Jian Wufeng, and said, "Senior, what do you mean by this?"

Jian Wufeng explained: "To obtain the inheritance of the Sword Emperor and the Xingyun Saber is the sword of my Xingyun Sword Sect."

"Jianzi, above the suzerain, can command everyone in the sword sect!"

Ye Qiubai had a strange face, and said: "But... I already have a teacher."

Jian Wufeng shook his head, and said: "This has nothing to do with the matter of the master. Now, Jianzi has received the inheritance of the Sword Emperor, and the Xingyun Sword is already the sword of my Xingyun Sword Sect."

Ye Qiubai smiled wryly.

Looking at the Xingyun sword in his hand.

I really didn't expect that there was such a saying.

Starfall Sword Sect is a first-class force in the Borderless Domain, although its strength is not as good as before.

But the background is still there!

Let him command such a super power, Ye Qiubai feels a lot of pressure...

Turning his head, he looked at the statue of the Starfall Sword Emperor.

But found that the statue has become an ordinary statue.

There is no inheritance of sword intent.

Ye Qiubai pondered for a while and thought about it.

Afterwards, he raised the Xingyun sword, and slashed towards the statue!

A sword intent containing the aura of the Starfall Sword Emperor landed on the statue!

At this moment, on the statue, there is the existence of Xingyun Jianyi again.

Zhang Yunzong and Jian Wufeng looked at each other and nodded slightly.

Ye Qiubai said: "No matter what, the disappearance of the sword intent inheritance was caused by Ye. Now that the sword intent is left, although it is not as good as before, it can still allow everyone to continue to understand."

Heard the words.

Everyone nodded.

Eyes show appreciation.

The grievances in my heart disappeared at this moment.

Jian Wufeng stepped forward, said with a smile: "Jianzi, come with me, you should know something now."

Ye Qiubai smiled wryly: "Senior, you should call me junior, I'm not used to it."

Jian Wufeng was not reluctant, and nodded.

"Okay, Qiubai, come with me to the secret storage pavilion."

"This matter is related to the mission of the Starfall Sword Sect."

"Since you have become Jianzi, you should know about this."

Mission?

Ye Qiubai followed Jian Wufeng.

And this scene fell into the eyes of a sloppy old man hiding in the dark.

"It seems, old man, I saw the right person..."

"In the future catastrophe, he will be the savior..."

Finished speaking.

The grungy old man disappeared, as if he had never been there...

...

At the moment.

Savage frontier.

The name of thatched cottage has become well-known throughout the wilderness.

All the ascetics wanted to join in, but they couldn't see Lu Changsheng at all...

And what about Lu Changsheng himself?

is studying the formation.

The most critical moment has come...

Chapter 350 Ah, yes, yes, yes, you are right!

The array that Lu Changsheng is studying now.

simply put.

is to use the power of Taoism and the mantra of purifying the heart.

Achieve the effect of purifying the soul.

I want to use this to avoid some fighting.

Although I don't know if it's useful, but...

Idle is also idle, right?

Those little **** in province always say they are salted fish!

Ah...wrong!

Lu Changsheng touched his chin and murmured: "Isn't my dream just to be a salted fish?"

At this time.

The array has been initially completed.

The power of Taoism, in the formation, is shining with white light!

It seems that there is no problem.

Still have to experiment...

Where can I find the test items?

Lu Changsheng thought for a while, then called Liu Ziru.

I saw Liu Ziru coming here happily.

This is the first time that Lu Changsheng took the initiative to invite him!

On weekdays, Liu Ziru is always stalking.

Could it be that Senior Lu's attitude has changed?

While thinking so.

Lu Changsheng poured cold water on him in time.

"What kind of **** is the dark field? Is it worthy of me to join?"

"Just look at your dog-licking appearance, or some five-star deacon? Known as the top deacon in the dark field?"

"If this is the case, then the dark area is nothing more than that."

Listening to this sarcasm, Lu Changsheng sneered.

Liu Ziru's happy face turned cold.

As a five-star deacon in the dark domain, this is something Liu Ziru is most proud of!

Now, Lu Changsheng is hitting his pride hard!

"You can look down on my strength, but the forces in the dark realm exist beyond your imagination."

Lu Changsheng sneered and said: "Then you can prove it to me and try it?"

Heard the words.

Liu Ziru's whole body is full of berserk breaths, forming a storm!

The surrounding space is tearing apart!

Thanks to the willow tree, the space here was strengthened in time.

Otherwise, this terrifying breath alone can completely destroy the space in the wild realm!

"excuse me!"

The voice just fell.

Liu Ziru disappeared in place.

Before he could blink, he had already appeared in front of Lu Changsheng.

Immediately, a palm shot!

This palm seems to be able to mobilize all the natural forces around it and turn it into its own use!

Overwhelming power!

Kill all enemies in front of you!

Lu Changsheng chuckled lightly, and his eyes revealed the meaning of a successful plot.

Gently clap with one hand.

clapped together with Liu Ziru's palm!

However, he didn't use any force, he just blocked the destructive power of Liu Ziru's palm!

The other hand is a sudden tactic.

"Arise!"

Immediately!

The world-cleaning and pure-heart formation is open!

Straps of white light, containing the power of Taoism, wrapped Liu Ziru's body layer by layer!

Liu Ziru's expression changed!

However, at this moment, the anger in his heart was inexplicably diminishing.

The destructive power in the palm prints is fading at a slow speed at this moment.

Lu Changsheng stared at this scene.

He wanted to see if it worked.

Or rather, how effective it is!

Whether it can meet your expectations!

only.

At this time, Liu Ziru gritted his teeth and shouted: "The Palm of Creation!"

Suddenly, the forces of nature converged again!

Lu Changsheng saw this.

He sighed secretly.

It seems that the formation has failed.

So, Lu Changsheng didn't intend to test any more, and waved his hand lightly.

Then he slapped Liu Ziru away!

Liu Ziru gritted his teeth, wanting to continue to rush forward.

But I heard Lu Changsheng say: "Okay, okay, I take back what I just said, I just want to provoke you on purpose, try the formation."

heard this.

Liu Ziru froze for a moment, then stopped in mid-air.

Deliberately provoke him?

Try the formation method?

Feeling the power of purification around him, he couldn't help but start to calm down.

Liu Ziru is not stupid, but he was just irritated by Lu Changsheng's sudden cynicism, causing his brain to short-circuit for a while.

Now calm down and think carefully.

But found a lot of things wrong.

For example, Lu Changsheng's salty fish personality, how could he be the one who said such words?
thought of this.

Liu Ziru's face darkened, and he said: "Senior, if you want to try the formation in the future, just say it directly, why bother to go to such lengths, and make me feel so embarrassed."

Just now, it is considered to be a full shot.

Still easily sent flying by Lu Changsheng.

This must be shameless!

However, at the same time, Liu Ziru was also extremely horrified.

Although I already know that Lu Changsheng is very strong.

But nowadays.

Lu Changsheng's strength will be raised to another level in Liu Ziru's heart!

Hearing this, Lu Changsheng rolled his eyes and said, "After knowing the reason of the matter, will you still be angry?"

"Although you can get angry on purpose, the effect is far worse!"

Liu Ziru was taken aback.

"Why does it have to make me angry?"

Lu Changsheng explained the function of this formation.

Immediately waved his hand, and said helplessly: "Forget it, this formation has failed, let's study it later."

I haven't slept in the past few days!

I have to catch up on a good night's sleep.

After hearing this, Liu Ziru smiled and said, "Senior Lu, it's not a complete failure."

"oh?"

Lu Changsheng turned his head to look at Liu Ziru.

Liu Ziru continued: "At that time, the anger in my heart was reduced under the influence of the formation. However, in the state of rage, how could emotions be so easily resolved by external forces?"

Hear here.

Lu Changsheng thought about it.

But it also makes sense.

Emotions are difficult to control.

However, this kind of effect can be regarded as having a certain effect.

But how to improve it further?

This is a problem.

alright.

Lu Changsheng had no intention of going back to his room.

I have to stay up late again!

Liu Ziru breathed a sigh of relief, and said with a smile, "However, what Senior Lu said just now, the tone and look in his eyes, I can't doubt it! It's so true."

Lu Changsheng thought about it.

like...

I didn't act either...

To be honest, Lu Changsheng really thought so...

However, after Lu Changsheng took a look at Liu Ziru, he decided not to tell the truth.

Otherwise, the other party would have to groan again.

So, Lu Changsheng could only answer like this.

"Ah, yes, yes, yes, you are right..."

Liu Ziru: "???"

Why do you think this is a bit wrong?

...

Say back to unbounded domains.

In the secret treasury pavilion of Star Meteor Sword Sect.

Jian Wufeng has already explained to Ye Qiubai the so-called mission of the Starfall Sword Sect.

Ye Qiubai listened.

also understood.

simply put.

The existence of the Starfall Sword Sect is not simply to recruit sword cultivators from all over the world, and to become the number one sword cultivator holy place in the world!

His purpose.

is preparing for a prophecy!

in the future.

I don't know if it was recently or a long time later.

There will be a catastrophe in this low-latitude boundary!

This catastrophe affects the entire low latitude!

The Starfall Sword Emperor wanted to create the Starfall Sword Sect for this catastrophe, and wanted to break this catastrophe with the power of one sect!

have to say.

Ye Qiubai admired very few people in his life.

In addition to Lu Changsheng, now, there is another Starfall Sword Emperor...
