

## My Disciples 361

Chapter 361 Stealing the sky for another day!

As early as two days ago.

Lu Changsheng received a message from Ye Qiubai.

This message made Lu Changsheng dizzy.

The content is as follows.

Master, how are you doing recently?

Tuer misses you very much.

However, recently there have been three first-class forces in the borderless domain bullying others.

want to seize the fetish obtained by the junior brother.

Two days later, they will come to kill people and seize treasures.

I also hope that Master will help.

...

...

After a brief silence, Lu Changsheng covered his forehead.

Beside Liu Ziruo wondered: "Senior Lu, why are you so bothered?"

Lu Changsheng did not answer, but said to himself: "I knew it! I knew it!"

"If you go over there, you will have to cause trouble, right?"

"Every time there is trouble, it becomes so big!"

"Are you okay? I love you big-headed ghost!"

Immediately, Lu Changsheng changed his mind and sighed, "Forget it, it took so long to cause trouble, so it can be regarded as progress."

Liu Ziruo on the side listened to Lu Changsheng talking to himself.

Then I understood what happened.

Can't help laughing dumbfounded.

The only ones who can give such a headache to a super strong like Senior Lu are his disciples.

"Do you want me to go?"

Liu Ziruo on the side recommended himself: "I should be able to handle the people in the low-latitude boundary. It would be too wasteful for you to do it, senior."

Lu Changsheng immediately shook his head.

Although it was to help Ye Qiubai and the others.

But after all, he is his disciple.

Liu Ziru helped Ye Qiubai, that is, he was helping Lu Changsheng.

This favor is also owed.

For that.

How could Lu Changsheng take the bait?

Liu Ziru spread his hands helplessly.

Lu Changsheng glanced at the space shuttle array, and said helplessly: "It seems that we have to go."

...

the other side.

Although the three of Ye Qiubai successfully achieved a kill.

However, how many emperors are dispatched by the three first-class forces?

Among them, there is no shortage of mid-to-late stage powerhouses in the Emperor Realm!

As for such a strong man, Ye Qiubai and the others are still somewhat reluctant.

After reaching the Emperor Realm.

Even in every small realm, there are huge horizontal grooves.

Today.

Only Shi Sheng in the early stage of Emperor Realm can compete with people in the middle stage of Emperor Realm.

The strength of Ye Qiubai and Xiao Hei is still at the level of Ban Emperor.

If you don't use Qingyun Sword or Demon God Come.

Still unable to cause a kill.

This also leads to.

The Starfall Sword Sect's side is retreating steadily!

Above, Bai Qikai is fighting Zhang Yunzong.

en route.

Bai Qikai glanced at the situation below, couldn't help but sneered, and said, "It seems that victory or defeat has been decided."

Zhang Yunzong slashed out with a sword, and said coldly: "Not necessarily."

However, his face was still a little ugly.

"I asked you to hand over those three people a long time ago. If I knew this was the case, why did I do it?"

Zhang Yunzong shook Bai Qikai away with a sword, and the sword intent surged wildly in his body!

"Xingyun Jianzong will not do such a thing of selling people."

"Even if it is destroyed?"

Zhang Yunzong nodded seriously: "Even if it is destroyed."

Received Zhang Yunzong's answer, Bai Qikai also fell silent and stopped talking.

Because he knows.

For this kind of person, this kind of sect, everything else is useless.

The only way to suppress it is with thunder!

Further up.

Forty items have already been placed on the huge phantom chessboard.

Now, it is the master of the Sharpshooter Sect who has the upper hand.

I just heard him say: "How can you resist this time?"

Jian Wufeng was silent, staring at the chessboard closely.

On the board.

The chess pieces of the master of the sharp gun sect showed their sharpness, and surrounded Jian Wufeng's chess pieces tightly in a three-way siege.

No matter which move you take, you will be swallowed by the opponent's black chess!

There are very few white pieces left.

"It can be said that this round is a dead end."

Jian Wufeng still didn't answer, looking at the chessboard.

He believed.

Even if the dead end is settled, you can find a hidden way out of it and break the dead end!

The Big Dipper Sword Array is still being arranged, and three of the Big Dipper Seven Stars have been connected!

Only by linking the Big Dipper together can the real power be unleashed!  
certainly.

The coalition forces of the three forces naturally would not just watch the formation of the Big Dipper Sword.

For a while, the offensive became more and more fierce!

On the left, the critical point was repelled tens of meters!

A mouthful of blood gushed out!

Opposite him is a mid-term emperor powerhouse!

"You are very good, with such a big difference in realm, you can still catch me without dying."

Jianting didn't reply, but looked at Ye Qiubai who was at the side, and said, "If this goes on like this, I probably won't be able to stand it anymore."

Ye Qiubai nodded.

If you want to break the deadlock, even if you use Qingyun Sword, it won't work.

Use Qingyun Sword.

Maybe able to kill one or two mid-stage emperors.

But in the follow-up, Ye Qiubai also lost his fighting power.

Use of Qingyun Sword.

It's not just a huge consumption of aura.

Even more energetic!

Using Lu Changsheng's elixir cannot restore the soul.

At this time, Shi Sheng retreated to Ye Qiubai's side and said, "Brother, maybe I can try."

Ye Qiubai nodded: "What do you need?"

"Help me protect the law, ten breaths."

"good."

Ye Qiubai stopped talking nonsense, and sent a voice transmission to Xiao Hei to inform him of the matter.

The two stood in front of Shi Sheng, protecting him!

No inquiries.

This is 100% trust in Shi Sheng.

See it.

Shi Sheng closed his eyes.

The starry sky dantian on the abdomen surges out with the meaning of the starry sky!

This huge power of the starry sky has made countless people look sideways in horror!

I saw the power of the stars soaring into the sky!

It was originally a scorching day, but at this moment, there was actually a twinkling star that appeared in mid-air out of thin air!

"Steal the sky and change the day..."

The domain method in the chaotic star record!

Suddenly, the sky began to darken!

Little stars, dotted in the sky!

The power of the stars is pouring down!

The power of suppression roars in this space!

And at the beginning of the cast, Shi Sheng's face turned pale instantly!

This field of Taoism can only be used reluctantly after Shi Sheng absorbs the core of the stars.

And when this field is displayed.

For convenience, a strong person noticed Ishio.

One after another realized that they were wrong.

rushed towards Shi Sheng!

Ye Qiubai and Xiao Hei shot at the same time and went up to meet them!

The borderline on the side didn't stand still, and roared: "Protect Shi Sheng!"

After speaking, he also raised the sword in his hand, ignored the serious injuries in his body, and rushed out!

The time of ten breaths.

looks very short.

But in this kind of battle, it is extremely long.

One breath can turn the tide of the battle, let alone ten breaths?

For a moment, in front of Shi Sheng, people from both sides fought crazily!

Spirit surge!

A strong man in the late stage of the imperial realm rushed out from the opponent.

Shoot with one palm!

Ye Qiubai and Xiao Hei shot at the same time.

Four Ultimate Swords of Absolute Beginning!

The Demon God is coming!

The two collided, and in just an instant, Ye Qiubai and Xiao Hei were sent flying, spurting blood from their mouths!

It was at this moment that a series of suppressive forces fell on this space!

All the enemies, their level, and the speed and strength of their shots were more or less suppressed!

Chapter 362 The Arrival of Mu Fusheng

Changing the sky for the day.

A domain technique recorded in Chaos Star Records.

Record description.

This field technology has the function of suppressing all things!

Among them, the realm and the physical body are included.

Nowadays, Shi Sheng is reluctant to use it, although it cannot achieve the best effect.

But even the strong in the late stage of Emperor Realm were suppressed to a certain extent!

One time.

On the side of the Starfall Sword Sect, the pressure dropped sharply!

The strong man in the late stage of Emperor Realm looked at this scene with ugly eyes, and said: "The power of the stars really lives up to its reputation."

This person is an elder of the Gunslinger Sect.

Originally the strength of the late emperor realm.

Under the suppression of the field of stealing the sky and changing the sun.

The realm fell to the middle stage of Emperor Realm.

Such a powerful domain skill consumes a lot of stone life.

While maintaining the domain, he frantically absorbs the power of the stars on the star stones he took from Longqi City!

Seeing this, the elder of the Sharpshooter Sect no longer hesitated, he knew it.

Shi Sheng must be removed as soon as possible.

Only in this way can we break through this field!

Raising the spear in his hand, he pierced it out with one shot!

The meaning of gun way in it seems to have turned into a dragon with gun intent.

With a roar, he rushed towards Shi Sheng!

Ye Qiubai and Xiao Hei stepped forward and came directly to Shi Sheng.

I saw Ye Qiubai holding the Nine-Foot Star Meteor Sword in his hand, and the Four Absolute Beginning Swords turned into strands of sword intent, entangled on it!

Slash with a sword!

On the other side, Xiao Hei didn't hold back anything either.

Surrounded by demonic energy, behind him condensed into a monstrous demon god!

Blast out with a punch!

The Demon God is coming!

Boom!

Three attacks keep colliding!

Breath burst out!

This time.

Ye Qiubai and the two were not directly repelled.

Under the suppression of the field of stealing the sky and changing the sun, the strength of this elder of the sharp gun sect has dropped to the middle stage of the emperor's realm.

The two shot with all their strength.

Still able to compete with it.

The elder of the Sharpshooter Sect snorted coldly, but did not stop the offensive.

The spear in his hand swept out!

The spear turned into a dragon, and the giant tail was thrown out suddenly!

The dragon wags its tail.

Ye Qiubai held the crosspiece of the Xingyun Sword.

the other side.

Xiao Hei roared furiously, and the three lines on the surface of the flesh flickered at the same time!

Behind him, the demon \*\*\*\* holds a magic halberd and smashes it out!

It's like destroying the world!

The space is constantly shaking under these three attacks!

On the other side, the elders of the Starfall Sword Sect were also protecting Shi Sheng from the opponent's attack.

Watching this scene.

Jian Wufeng on the chessboard chuckled lightly, finally holding the white chess piece, and suddenly dropped it!

"In a dead end, there must be a way out."

The head of the Sharpshooter Sect's face was slightly gloomy, and he said: "Even so, it's just a delay, the ending is still the same."

Immediately, the black chess made a move, engulfing the white chess!

The head of the Sharpshooter Sect is right.

Jian Wufeng felt heavy in his heart.

Even if the opponent's realm is suppressed and dropped under the circumstances of stealing the sky, it is only temporary.

Dragging it until the Big Dipper Sword burst into formation will only cause more damage to the opponent.

But.

Three first-class forces joined forces, how many people are there?

The Big Dipper Sword Formation is still not a means to turn the tide of battle.

Where is the way out?

Jian Wufeng didn't know.

He can only choose to drag.

If you don't procrastinate, the end will be ruined.

...

Under the full obstruction of Ye Qiu, Bai Shisheng and others.

Above the sky, seven stars line up!

In the sky above the Xingyun Sword Sect, sword intents surged crazily, roaring continuously!

The sword intent turned into a sea of swords, sweeping towards the three-party coalition forces!

Big Dipper Sword Formation!

Shi Sheng's body was exhausted, and the sky became day again.

The stars dissipated.

At this time.

The powerful late-stage emperors of the three first-class forces lined up and fought one after another, trying to resist this sea of swords full of terrifying sword intent.

However, how could it be so easy to defend against the Big Dipper Sword Array after spending so much effort?

Although it can't hurt the strong in the late stage of the imperial realm.

But.

The power of the sword array passed through the joint defense of the strong in the late stage of the imperial realm, and madness swept through the coalition forces!

There was a scream!

Countless False God realms, half-emperors were beheaded!

Seeing this scene, Bai Qikai turned the long spear in his hand, and a shot of the spear meant to cut the sea of swords into pieces!

Zhang Yunzong seized the right time and slashed out with a sword!

When he was about to stab into Bai Qikai's dantian, he did stab at a very hard place.

Bai Qikai snorted, with blood dripping from the corner of his mouth.

Although he was injured internally, he didn't hurt the root.

Zhang Yunzong's face was ugly, and he said: "Golden scale armor, a low-grade imperial weapon, I didn't expect that the Shenqiangmen would hand this treasure into your hands."

Bai Qikai smiled and said: "If it wasn't like this, how could I be single-minded and dual-purpose in the confrontation with you?"

"Of course, without the Big Dipper Sword Array, what else do you have?"

Zhang Yunzong let out a cold snort, but without speaking, raised his sword and stood in a group with Bai Qikai again.

Below.

The leader of the Xingyun Sword Sect had an ugly expression on his face, and said: "Jianzong disciples, fight to the death with me!"

The Big Dipper Sword Formation has been broken.

Today, if they want to defend the mountain gate, they have to fight to the death!

Ye Qiubai and the others.

Shi Sheng has lost his combat effectiveness.

Ye Qiubai and Xiao Hei were also injured.

It can be said that the situation is slowly evolving into a one-sided situation.

"What else do you have?"

The elder of the sharp gun sect let out a cold snort, just about to make a move.

But he was taken aback.

The sky darkened again.

Could it be possible, is it another domain skill?

Look up to the sky.

This is not cheating!

is a giant beast!

That huge body actually blocked the sky, preventing the sunlight from shining.

And saw this giant beast.

The faces of the elders of the Sharpshooter Sect and the others changed!

On the huge chessboard, the faces of the masters of the Gunslinger Sect, the master of the Cold Spirit Sect, and the master of Xuanmingya all sank.

"Royal people?"

It has been heard for a long time that after the fall of the Star Meteor Sword Sect, it was not destroyed.

It is because of the secret support of the Boundless Dynasty.

Now it seems.

The rumors are true.

The suzerain of the Cold Spirit Sect opened his wonderful eyes and looked over the giant beast, as if he wanted to see who was coming.

"I don't know why people from the royal family are here. Do you want to intervene in the grievances between our four sects?"

Behemoth stays.

A guard in silver armor appeared from above the giant beast.

Seeing this Silver Armored Forbidden Army, the head of the Cold Spirit Sect was slightly taken aback.

This is the guard of Prince Mu Fusheng!

Ye Qiubai also smiled slightly when he saw this scene: "It seems that I owe this guy a favor."

Mu Fusheng walked down slowly between an old man and the commander in silver armor, and said, "How about letting this grievance go?"

Sure enough!

Mu Fusheng is on the side of Xingyun Sword Sect.

but...

The Master of the Sharpshooter Sect stood up, clasped his fists and said, "Your Highness, this matter is of great importance. Now, the grievances have been settled, not to mention that they have not violated the imperial ban, so please go back, Your Highness."

Obviously, the three schools of sharp guns are unwilling to retreat!

The grievances are complete.

Is it possible to wait for the other party to grow up and destroy them?

Since you choose to make a move.

Then we must cut the weeds and get rid of the roots!

Chapter 363 The situation is settled?

Boundless Dynasty, although it is said that it is the leader of the Boundless Domain.

However, when the interest is at stake.

It is impossible to suppress other forces.

How big is the borderless domain?

There are so many sect forces, how can it be possible to completely check and balance?

Mu Fusheng said with a cold face: "Could it be, have you forgotten the contribution of the Starfall Sword Emperor to this realm?"

The Master of the Sharp Gun Sect looked solemn, cupped his hands toward the sky, and said, "I dare not forget for a moment, but as long as I hand over those three people, our three sects promise not to embarrass the Xingyun Sword Sect."

"What's more, according to our information, the three of Ye Qiubai did not join the Starfall Sword Sect, so our targeting these three people is not a fight against the Starfall Sword Sect."

Jian Wufeng chuckled lightly, "After all, isn't it caused by greed in my heart?"

The master of the Shenqiang sect confronted each other: "Isn't the sword sect master so flattering to these three people because of the god, and he did not hesitate to risk the destruction of the Xingyun sword sect to start a war with us and the other three sects, which is really a good way. "

"Ye Qiubai is the sword son of Jianzong, and has been inherited by the sword emperor's predecessors."

Starfall Sword Emperor Inheritance?

The master of the sharp gun sect shrank his pupils.

One got the fetish at the bottom of the pool, and the other got the inheritance of the Starfall Sword Emperor.

These three people must not stay!

"It's just what you call yourself."

The two of them refused to back down in every word.

Seeing this scene, Mu Fusheng also understood that this matter cannot be reconciled.

Only when you are hurt, can there be room for negotiation.

but.

This is also simpler.

Mu Fusheng smiled softly, and said: "Then, if you choose to continue to attack, Boundless Dynasty will also intervene."

Dynasty intervention?

The face of the master of the sharp gun sect sank.

Mu Fusheng continued: "Of course, this is just my one-sided idea. You say that Ye Qiubai did not join the Starfall Sword Sect, but he is my friend. If I help my friend, there should be no problem." ?"

Ye Qiubai at the bottom chuckled lightly.

Mu Fusheng is different from the princes of the dynasty he has seen.

If those princes had friends, they would hide them, or put them in a layer of belly. Every time they made a move, they would first consider the stakes.

If it is beneficial, then help without hesitation.

If it is harmful, then directly let go of this relationship.

But Mu Fusheng.

He didn't consider the pros and cons first, he just shot for his friend.

Although each of these three first-rate forces is not as powerful as the Boundless Dynasty.

However, the combination of the three first-class forces can still cause a great disturbance in this realm!

Mu Fusheng still did not hesitate to say these words directly.

The suzerain of the Cold Spirit Sect said in a cold voice: "Your Highness Mu, if you say these words like this, do you feel a little sorry for your status?"

Mu Fusheng spread his hands and said: "That's how I am. If you are not convinced, go to Dynasty to find my father and ask him to change my status as heir. It just so happens that I don't want to be it yet!"

Sect Master of the Cold Spirit Sect: "..."

The words have already been said here, and they can't say anything more.

The suzerain of Xuanmingya said with a heavy face: "In this situation, it is impossible to stop. Since His Royal Highness wants to intervene, please don't blame any casualties afterwards."

The head of the sharp gun sect also had the same idea.

According to what Mu Fusheng said, this matter is his own idea, of course, it may have the emperor's instruction.

However, the Golden Armored Forbidden Army did not come, so that is not a cause for concern.

"In that case."

The master of the Sharpshooter Sect pierced the air with a single shot!

A gunshot seemed to penetrate the world!

Across the clouds!

Seeing this scene, Mu Fusheng said coldly: "It seems that there are reinforcements?"

It was at this moment when the gun light crossed the sky.

There are four breaths, born in this space!

These four auras are all powerful in the distraction state!

come from the three schools respectively!

"Your Highness, I have offended you."

After finishing speaking, he looked at the four strong distracted men.

The four of them nodded and understood what was going on.

rushed towards Xingyun Jianzong!

Now, the four Peak Lords of the Distraction Realm of the Starfall Sword Sect are all held back and have no time to clone themselves.

Mu Fusheng glanced at Commander Yinjia and the old man behind him, and they nodded.

Stopped a distracted strong man respectively!

only.

Rao is so.

There are still two distracted powerhouses left alone.

To know.

Once these two distracted powerhouses step into the Starfall Sword Sect and no one controls them, it will definitely be a devastating blow to the Starfall Sword Sect!

Mu Fusheng went to the meeting alone, and brought only these two distraction-level powerhouses and the Yin-armored Forbidden Army.

Suddenly, there was a cold snort!

spread throughout the sky of the Starfall Sword Sect!

A series of terrifying sword intents roared in the sky!

The realm of supreme swordsmanship!

"I can't let you go on rampant anymore."

An old man appeared at the gate of the Xingyun Sword Sect!

Ye Qiubai looked over.

found out.

This old man was the gatekeeper at the mountain gate at that time!

The master of the sharp gun sect saw this scene, but his face did not change at all, and said: "The strong ones in the Dao state are not allowed to shoot without permission. You should know this, right?"

The old man looked up and said: "Jianzong is about to be destroyed, so it makes sense for me to take action."

The master of the sharp gun sect nodded, as if he had expected this scene.

next moment.

A domineering voice resounded through the sky!

"Senior, it seems that your body is still healthy?"

"The younger generation has seen your appearance when I was still in the emperor's realm. Now, I want to experience it."

Seeing the figure that appeared, Mu Fusheng snorted coldly: "Oh? Even the Supreme Elder has been mobilized, and the sharp gun sect is really big."

The Master of the Sharpshooter Sect nodded slightly, "Your Highness is admirable."

The old man looked at the strong man who was holding a spear not far from him, he didn't say anything, turned around and sat back on the bench.

This person's strength is also in the middle stage of He Dao state.

If the other party is determined to hold him back.

No matter how hard you try, you can't get rid of the opponent's interference.  
not to mention.

Two He Dao realms make a move here.

It was a devastating blow to the Star Meteor Sword Sect!

The situation is settled!

These are the three thoughts at the moment!

The two distracted powerhouses did not slaughter the disciples of the Starfall Sword Sect.

Instead, they rushed directly towards Ye Qiubai and the others!

They are the targets of the three declarations of war!

Xiao Hei took a step forward and said, "Leave it to me."

After speaking, he wanted to release the seal in the sea of consciousness and forcefully release the sealed demon god.

Although he doesn't know.

What will happen afterwards.

But these two people will definitely die.

Ye Qiubai grabbed Xiao Hei.

Xiao Hei turned around, only to see Ye Qiubai shook his head with a smile, and said, "It doesn't matter, I'll be here soon."

Xiao Hei was slightly taken aback.

Immediately reacted.

The only person who can make the senior brother so confident that he can save the situation is the master!

Chapter 364 is a bit bloated

It can make Ye Qiubai trust so much.

Who else can solve the problem as soon as the other party comes?

There is no doubt that Lu Changsheng.

Shi Sheng on the side was taken aback, and said, "Brother, when did you contact Master? Why didn't I know?"

Ye Qiubai smiled and said: "Two days ago, after all, the opponent is so powerful, we still need to prepare early."

Xiao Hei muffled at the side: "Brother, I'm afraid you will be scolded again."

Ye Qiubai spread his hands helplessly, and said, "If you scold me, just scold me, I'm used to it anyway."

Looking at Ye Qiubai with an expression of no fear.

Both Xiao Hei and Shi Sheng couldn't help laughing.

The two strong distracted men who rushed towards them looked at the three talking and laughing.

Can't help being a little annoyed.

Can you save me some face!

They are also distracted people anyway.

One palm can slap you to death!

Are you still talking and laughing?

Think here.

Both of them increased their speed at the same time!

In the blink of an eye, Ye Qiubai and the others appeared in front of them.

The palm of your hand is already in front of the three of them!

It is at this moment.

The space in front of Ye Qiubai and the three of them was distorted!

Under the horrified eyes of two distracted strong men.

The space here was forcibly torn apart from the inside by two hands!

Immediately, they pinched their heads!

Hands shake slightly!

Two sword intents.

Influx from the Tianling Gai of two distracting powerhouses!

Raid wildly in the bodies of the two!

Just the blink of an eye.

The bodies of the two were directly crushed by the sword intent!

Everyone turned their attention to this side.

Eyes filled with shock and doubt.

Who is here?

Who is it, who has the ability to tear apart the space and instantly kill the strong in the distraction realm?

The faces of the three suzerains all sank.

Whether it is Jian Wufeng or this old man in the Dao realm of Xingyun Sword Sect.

They've all been counted.

only.

Who is this person?

Is it possible that it is the hidden card of Xingyun Sword Sect?

Mu Fusheng also showed curiosity.

He remembered what Ye Qiubai said to him once.

There is already a sect, so it is not suitable to join other sect forces.

Is it difficult?

Is this person Ye Qiubai's teacher?

Jian Wufeng was also slightly taken aback.

However, his thoughts were also consistent with Ye Qiubai's, and then he looked at the master of the Gunslinger Sect with great interest, placed Bai Zi, and said, "Maybe, the situation is really about to reverse."

At this time.

Ye Qiubai, Xiao Hei and Shi Sheng all cupped their hands and said, "Master."

From the space crack.

A man in a white robe squeezed out of it.

The man's face was dark, and after he came out, he didn't pay attention to the others, but turned his head to look at Ye Qiubai, and said, "I heard that you are used to me scolding you? It seems that the teacher is too kind on weekdays. "

Looking at Lu Changsheng's cold eyes.

Ye Qiubai couldn't help trembling all over.

like...

a bit too bloated...

It's just that he didn't expect that the words he said casually would be heard by the master!

"I'll take care of you when I go back!"

Immediately, Lu Changsheng looked at the figure ahead, and said impatiently: "Tell me, who wants to kill my disciple?"

As soon as the words came out.

Everyone was speechless.

For a while, this space became strangely quiet.

A long while.

The head of the sharp gun sect bite the bullet and said: "The strong ones in the Dao realm are not allowed to make a move..."

The master of the sharp gun sect is himself a strong man in the Dao realm.

only.

When seeing Lu Changsheng.

He has a heartfelt fear!

In this boundary, or the entire low-latitude boundary.

There are absolutely not many people who can make him feel this way!

Can people in the early stages of the Hedao Realm feel this way?

Could it be that this person's realm is above the Dao?

Think here.

The master of the sharp gun sect immediately shook his head!

In the low-latitude boundary, such people absolutely do not exist!

Heard the words.

Lu Changsheng frowned and said: "He Dao Realm can't make a move, you listen to me, buddy, I am not from your borderless domain."

"So this so-called \*\*\*\* rule is of no use to me!"

After knowing that Liu Ziru came from a high-latitude boundary.

At the same time, after being crushed by him like a chicken.

Lu Changsheng once again understood his strength.

At least in this latitude, there is no opponent.

so.

It is not impossible to swell occasionally.

Not to mention... pretty cool?

After Mu Fusheng heard Lu Changsheng's arrogant words, his expression was a little strange.

This rule.

It was established by their boundless dynasty.

Saying this kind of words, could it bring their Boundless Dynasty into it?

However, Mu Fusheng is quite smart.

After hearing these words, the left ear went in, the right ear went out...

The face of the master of the sharp gun sect is quite ugly.

"Then what do you want?"

Lu Changsheng became a little impatient, "How? It's very simple, those who want to kill my three disciples, stand up and let me see."

have a look?

killed!

"We just want that fetish at the bottom of the pool..."

"That's different? But you have a thick skin, and you can come up with such a high-sounding reason for grabbing something from a junior."

The face of the master of the Sharpshooter Sect turned blue and then pale.

Want to say something more.

But Lu Changsheng waved his hand and said: "Forget it, it's a waste of time to tell you. Anyway, you can't let these people, or even yourself, take the initiative to stand up."

"No one here should be innocent, right?"

Finished speaking.

Lu Changsheng stretched out a hand.

In the palm of the hand, there is a group of condensed to the extreme power of kendo rules!

Immediately, with a slight wave.

That condensed to the extreme power of kendo rules.

Then flew towards the top of the three coalition forces!

saw this scene.

The head of the Sharpshooter Sect was terrified!

He didn't know where this power came from and why it was so mysterious and powerful!

However, he knew that once this concentrated force floated above the coalition forces.

Then, it will cause devastating damage to it!

It can even be said...

Destroyed!

"Stop!"

want to shoot.

But found that it was already too late.

The power of kendo rules condensed to the extreme.

has floated above the coalition forces.

Above thousands of terrified faces.

This power.

Endless light suddenly flashed!

The power of thousands of rules exploded at this moment!

It turned into a tornado of destruction, sweeping through the coalition forces!

Across the world!

Destroy the world!

The surrounding space was smashed to pieces!

Countless space turbulence, swept out from it!

Among the coalition forces, they were smashed to pieces without even a single scream.

There is no room for resistance!

The suzerains of the three sects looked at this scene with despair.

They know that they kicked the iron board...

This person's strength is too terrifying!

Mu Fusheng on the side looked at this scene and almost couldn't laugh out loud!

I seem to be betting on the right treasure!

Never thought about it before.

It turns out that Ye Qiubai and the others have such a strong master!

Chapter 365 Who said you can leave?

The arrival of Lu Changsheng.

Whether it is the Gunslinger Sect, the Cold Spirit Sect, or the Xuanming Cliff.

It's like being dumb.

To make a move is to instantly kill the two powerhouses in the distraction state.

At the same time, use the concentrated power of kendo rules to violently clear the field!

Kill all the coalition disciples of the three sects!

These two tricks.

It can be said that the situation of the battle has been turned around!

This is a battle against the Starfall Sword Sect, or in other words, against Ye Qiubai and Xiao Heishisheng.

That's it.

It's time to declare the end.

Next.

is the liquidation time.

Lu Changsheng's personal show.

The head of the Sharpshooter Sect, the head of the Cold Spirit Sect, and the head of Xuanming Cliff.

He looked down solemnly with both eyes.

The space is broken, and the turbulent flow of space is constantly sweeping the mountains!

The disciples who were all beheaded.

My heart is bleeding.

In order to ensure the safety of this operation.

The three sects brought out 60% of the power in the sect!

Now, it's all lost here!

This is an extremely heavy blow to Sanzong!

It can be said.

After this battle.

These three first-rate forces will fall into a period of extreme decline.

Very likely to fall to the end of the first class.

A low-tier power like Xuanmingya is very likely to fall into a second-rate power!

And all of this is because of Lu Changsheng...

This man in white robes looks kind and harmless like humans and animals.

The first shot is thunderous, like a smiling tiger.

Shura who is in charge of killing in the abyss!

The master of the sharp gun sect trembled a little, stretched out his trembling fingers, pointed at Lu Changsheng, and said in a trembling voice: "Causing such a large slaughter, risking the disgrace of the world, is it possible? Are you not afraid of the criticism of the world? ?!"

Hearing this, Lu Changsheng curled his lips, "Then why did you attack my disciple?"

"If you didn't want to kill my apprentices, although sometimes I want to let go."

Ye Qiubai: ...

Xiao Hei: ...

Shi Sheng: ...

Ye Qiubai can be sure that this sentence must be addressed to him!

Without any doubts!

Extremely sure!

"However, it is my disciple after all. Since you want to kill, you should think about the consequences."

The cause was the Divine Spear Sect, the Cold Lingzong and Xuanmingya became greedy and declared war on the Xingyun Sword Sect.

Result, that is the result now!

Between cause and effect, there is sympathy in the dark.

Some are slow to come.

Some come quickly.

However, since the cause has been created, the effect will eventually come to you.

No matter how long it has been.

It has nothing to do with time.

The head of the sharp gun sect was speechless, this is the truth.

but.

Now the defeat is certain.

The master of the sharp gun sect looked at the masters of the Hanling sect and the master Xuanmingya, smiled wryly and shook his head.

The two of them could only nod dully.

The defeat is set.

Any further entanglement will only recreate the loss in vain.

"We lost today, let's go here."

"We will send someone to discuss with you about the damage caused to the Starfall Sword Sect."

This sentence was said to Jian Wufeng.

However, Jian Wufeng did not answer, but looked at Lu Changsheng.

Today.

Lu Changsheng is the protagonist.

You need to ask him about all of this.

Lu Changsheng frowned and said, "Go? Who allows you to go?"

The master of the sharp gun sect looked at Lu Changsheng with a heavy face, and said: "In this battle, our three sects lost, and the matter of compensation has been explained clearly, what else should we do?"

Lu Changsheng smiled lightly and shook his head, "That's too light."

light?

The three suzerains all stared at Lu Changsheng closely, and there was an aura rising from his body!

To know.

These three are also strong in the Dao realm!

is the top powerhouse in this realm, and even in this entire latitude!

"How about you?"

"I just said it."

Lu Changsheng raised his eyebrows and smiled lightly, but in the eyes of the three sect masters.

Lu Changsheng's smile is like a Shura!

"All those who participated in and planned to kill my disciple this time, stay here."

Participate and plan?

"That is to say, all of us can't go, stay here and be killed by you?"

Lu Changsheng nodded and snapped his fingers, "That's right, that's it."

Anyway, no one can beat him here.

If you kill, you will kill.

At that time, if their power is wiped out, won't there be nothing wrong?

Could it be that these three cases are still related to the forces in the high-latitude realm?

Stop talking.

Is there a connection or is this a badass?

Still being crushed by the Boundless Dynasty?

The head of the Sharpshooter Sect let out a sigh of relief, and said, "That's all if you don't want to do it. Of course, we won't sit still. Since we are going to fight to the death, then you must be prepared for injury."

The three of them joined together, and at the same time, the elders of the three sects were added.

Six He Dao Realm experts.

If you really want to fight to the death.

The head of the sharp gun sect believes that it can still cause great losses to the opponent.

Speaking of which.

Lu Changsheng didn't need to say anything more.

Pointed at the master of the sharp gun door with one finger!

A seemingly ordinary and impermanent sword intent shot towards the master of the sharp gun sect!

The head of the sharp gun sect dare not be careless.

After all, it is an existence that can easily kill two powerhouses in the distraction state.

Holding a spear in both hands.

The terrifying aura of He Dao Realm is crazily revealed!

The whole sky seems to be torn apart by this supreme gunfire!

Immediately.

Give a low drink.

Spears turn into dragons!

Go towards this seemingly ordinary sword intent piercing!

By Mu Fusheng's side.

The old man smiled bitterly: "Your Highness, is this against the rules?"

"Shooting at the Dao Realm will cause too much damage to the realm."

Mu Fusheng grabbed the old man's shoulders, turned around, and said with a smile: "Oh, don't be so rigid, just pretend you didn't see it, and go up for a drink?"

"My wine, you can drink whatever you want!"

The old man smiled wryly.

didn't move, but didn't say anything.

Rules are dead.

is determined by people.

Sometimes, it still depends on the attitude of the royal family.

Mu Fusheng looked at Lu Changsheng again, stroked his chin and said, "That's great, if only I had such a master?"

"Then can't it be a little more high-profile?"

"Hey, I don't think too much, how could such a fairy like me..."

Back to the topic.

The sword intent that burst out from Lu Changsheng's finger collided fiercely with the spear intent of Hualong!

only.

The moment of contact.

The face of the Master of the Sharpshooter Sect immediately changed drastically!

shouted: "Help!"

Immediately afterwards, the other hand pinched the seal, spit out blood from the mouth, and sprayed it on the spear.

The spear was instantly covered in a bright red color!

The breath soared again!

Indistinctly, the strength of this blow has reached the level of the middle stage of He Dao Realm!

The Sect Masters of Hanling Sect and Xuanmingya Sect Master on one side all had solemn faces.

All shot with all their strength.

Now they are grasshoppers on the same rope as the Sharpshooter, and they must go all out!

can win a chance of survival.

but.

Now both Hanlingzong and Xuanmingya are somewhat regretful.

Why do you want to be greedy?

Even if you survive.

The power of the sect will not be as good as before...

Chapter 366 Crushed!

Today.

The life and death of Shenqiangmen, Hanlingzong and Xuanmingya have been tied together.

If you don't take action, it will be a devastating blow to them!

So the two Suzerains of the Dao Realm are also doing their best to help the Master of the Gunslinger Sect resist Lu Changsheng's blow!

The master of the Cold Spirit Sect drew out his soft long sword, and shot towards Lu Changsheng's sword finger with a powerful sword intent imbued with ice!

The suzerain of Xuanming Cliff is surrounded by countless evil forces.

Gather together and shoot with one palm!

A sinister force filled with countless ghosts shot towards Lu Changsheng!

Three attacks resisted Lu Changsheng's sword finger at the same time.

But they still felt an irresistible feeling!

The faces of the three of them are extremely ugly, and their figures are constantly retreating!

And this scene.

The disciples of the Starfall Sword Sect watched this scene.

A look of shock appeared on his face.

Lu Changsheng fought against three top powerhouses at the early stages of the Hedao Realm alone, but he was still able to guarantee suppression!

They are thinking.

Lu Changsheng, the master of Ye Qiubai and the others.

What kind of state is it in!

Three strong men in the Dao realm, but still unable to suppress

Real strength, to what extent can it be achieved?

they do not know.

However, it is definitely higher than the three sect masters!

Jian Wufeng looked at this scene with horror on his face.

thought to myself.

No wonder the three of Ye Qiubai rejected their invitation without hesitation.

The critical face is solemn.

He has always wondered why Ye Qiubai and the others are so talented.

Whether it is cross-border operations.

Or innate understanding, are far beyond their existence.

This kind of person, in the borderless domain, cannot be an unknown person.

Therefore, Juji believes that the three of Ye Qiubai must have come from other realms.

and no boundary domain, which is the strongest boundary domain in low latitudes.

Existence that can be stronger than the borderless domain is really rare.

The attacks of the three kept resisting the sword intent of Lu Changsheng.

But it is retreating steadily!

It seems that there is no ability to resist at all.

The head of the sharp gun sect and others were terrified.

The other party's realm, they can't observe, what kind of realm is it?

With just one finger, it has such a powerful force!

Make it difficult for the three of them to resist?

At this moment, beside Lu Changsheng.

The Supreme Elder from the Sharpshooter Sect made a bold move!

Armed with a long gun, grab your way to the top!

The mid-term cultivation base of He Dao Realm is undoubtedly revealed at this moment!

Nowadays, the saying that sneak attacks do not speak martial arts morality has been ignored.

The opponent so easily crushed the three early-stage He Dao stage powerhouses.

That also means that his strength must be above the mid-term!

This kind of people must be eradicated as soon as possible!

Multiple He Dao Realm experts shot at the same time.

Make the surrounding space extremely unstable!

Jian Wufeng and the old gatekeeper all shot at the same time, constantly stabilizing the surrounding space!

After all, this is the hometown of Xingyun Sword Sect.

Once the space here is destroyed.

There will be an extremely serious loss to their sect!

Lu Changsheng glanced at him and discovered the opponent's sneak attack method.

The other free hand turned into a fist and slapped towards the Supreme Elder of the Sharpshooter Sect!

The Supreme Elder was slightly startled, did he really not use his full strength?

When facing three compulsions at the Dao Realm at the same time.

Still able to free up one hand to defend against him!

One shot stabs out.

Break through the space!

Like piercing through heaven and earth, it pierced Lu Changsheng's palm!

But.

Lu Changsheng's face did not change at all.

Still looking indifferent.

But.

The face of the Supreme Elder changed dramatically!

It was as if the spear in his hand had pierced the sky or the unbreakable shield!

Lu Changsheng said coldly: "Sneak attack is not a good habit."

After finishing speaking, that hand suddenly held the tip of the gun in it.

Shaking slightly.

On the tip of the spear, there are cracks constantly forming!

The cracks continued to grow, extending to the whole body of the spear.

Crack...

A horrifying voice came out.

Under the horrified eyes of the elder Taishang, the long spear was actually broken every inch!

You know, his spear level is not low!

Immediately.

Lu Changsheng explored the void.

The Supreme Elder was shocked, as if his body was being pulled.

No matter how hard you struggle, you can't escape!

that's all.

Lu Changsheng grabbed his head with one hand and held it in the palm of his hand!

Lu Changsheng said with a smile: "Since you make a move, you should think about the effect of failure."

Immediately.

Didn't wait for the Supreme Elder to say anything more.

Lu Changsheng exerted a little force on his palm.

A force of kendo rules directly rushed into the body of the Supreme Elder!

Constantly screaming in its body!

Destroying the vitality in his body!

Just the blink of an eye.

This Supreme Elder no longer has any chance of life!

It was like crushing, killing a strong man in the middle of the Dao realm!

Such strength.

Too scary...

The master of the sharp gun gate closed his eyes in pain.

The death of the Supreme Elder.

It also means that even if you escape this time.

The power is not as good as going forward.

May be eaten by other enemies!

Since then, he has fallen into a second-rate force!

It can be said.

Today's Sharpshooter Gate exists in name only!

certainly...

Can you escape this disaster?

There are still two things to say.

When Lu Changsheng beheaded the Supreme Elder, he did not spare the three masters of the Shenqiang Sect, the Cold Spirit Sect and Xuanmingya.

The attack continues.

The power still hasn't diminished!

Two things at once!

But it can still achieve the crushing effect!

Such strength.

Too against the sky!

Even Mu Fusheng was thinking about it.

If the father fights against him.

So what will happen?

If someone else.

Mu Fusheng must not hesitate to believe that his father will win!

But.

After seeing Lu Changsheng's terrifying strength.

Mu Fusheng hesitated...

Today.

Lu Changsheng seemed not to want to cause any more trouble.

His expression froze.

The arm trembled slightly.

In that sword intent, a ray of kendo rule power was added!

Instantly!

The three suzerains joined forces to attack.

At this moment, the army is defeated!

Without the slightest pause.

There is no possibility of the slightest bit of resistance.

Layers of dilapidation!

The three suzerains suddenly spurted a mouthful of blood!

His face was horrified!

If you say, the attack just now.

They can also resist for a while.

Then, they can't resist today's attack at all!

Just for a moment!

is directly defeated!

The suzerain of Xuanmingya begged for mercy: "Let me go! The treasures of Xuanmingya can be chosen by seniors!"

Lu Changsheng curled his lips and said, "I don't like your stuff."

"What's more, if I really want it, can I just kill you and get it myself?"

"Anyway, I have to go there."

Cut the weeds and eradicate the roots!

Since they decided to kill their suzerain.

Then you must kill all the disciples under your seat!

In case a chosen one comes out of them.

Isn't there a hidden danger?

Although the probability is very small.

With Lu Changsheng's character, he still won't let this kind of thing happen...

Chapter 367 Bloodline Tracking, Bloodline Killing!

Hearing Lu Changsheng's words.

Everyone was shocked.

Have to go anyway?

The Master of the Sharp Gun Sect had an ugly expression on his face, his eyes were gloomy like water, and he said, "Your Excellency, are the other disciples in the sect doing nothing wrong?"

Lu Changsheng asked back: "Then if you attack the enemy, will you leave the enemy's fire?"

The master of the sharp gun sect was taken aback.

If you say no.

That's fake.

Cut the weeds and eradicate the roots.

This is the truth that everyone knows.

If there are hidden dangers left because of the strength.

This is absolutely impossible.

Although this probability is very small, there is always a one percent chance.

This kind of hidden danger must be killed in the cradle!

At this time, the three suzerains finally couldn't resist!

The first to bear the brunt is the master of the sharp gun sect!

Under the attack of that kendo rule, the \*\*\*\* spear in his hand shattered directly!

Without the slightest pause.

There is no room to resist.

The extremely high-grade long spear in the hands of the master of the sharp gun sect cracked at the sound!

Under the ashes of the face, the power of the kendo rules directly passed through the eyebrows of the master of the sharp gun sect!

One after another sword rules poured into the body of the master of the sharp gun sect.

From the inside out, completely collapsed!

Destroyed all vitality!

A top powerhouse standing in this latitude was killed so easily!

Not even the spirit remained.

It is impossible to reincarnate.

saw the fate of the master of the sharp gun sect.

The master of the Cold Spirit Sect also gave a wry smile.

Although he did not give up resistance.

But in my heart, I already think that I have stopped here.

Think back.

It is also because of my own greed.

For this treasure.

Lost myself and the entire sect...

worth it?

Of course not worth it!

However, sometimes a person has to pay a heavy price for his greed.

Contentment and happiness.

This is the way of longevity.

It's just... It's too late to realize now...

Begging for mercy?

It's not the style of the master of the Cold Spirit Sect, she has arrogance!

but...

What's the use of begging for mercy?

The other party has made it clear.

It's time to cut the weeds and get rid of the roots.

Even the disciples of the sect will not let go, so how can they let go of people who are in the Dao state?

Lu Changsheng's expression did not change.

Watching the kendo become a giant sword.

Immediately behead this handsome cold spirit sect lord right here!

Sect Master Xuanmingya let out a strange cry when he saw this scene.

Without any hesitation.

He blew himself up directly!

The soul turned into a black evil energy, fleeing towards the distance!

Jian Wufeng looked at this scene, and said in surprise: "Xuanmingya's blood escape method, even if it is suppressed, can do this to this extent, it's really extraordinary."

The old gatekeeper of the Starfall Sword Sect at the side shook his head and said: "Even so, his realm will drop sharply, and he may directly fall into the state of distraction, and his soul will be damaged. There is no great opportunity in this life, and it is impossible to recover It's fixed."

That is to say.

Sect Master Xuanmingya, in this life, he will only be in the state of distraction!

but.

Lu Changsheng didn't think so.

There is a great chance to restore cultivation?

That won't work!

Although there is only He Dao Realm.

Doesn't look like any threat to him.

However, if he braids in secret.

Did he really recover his cultivation?

no.

Lu Changsheng beckoned, calling towards the blood mist that Xuanmingya Sect Master blew himself up into.

Immediately.

Close the seal with both hands!

Beside Lu Changsheng's hands, there are mysterious imprints made of blood mist that continue to emerge!

"Blood tracking!"

Everyone looked at the \*\*\*\* mark flying towards the east.

He was extremely horrified!

Could it be that this is using blood to track down the soul of Xuanmingya Sect Master?

Can this be done too?

Lu Changsheng stepped forward.

After only three breaths, the corners of Lu Changsheng's mouth curled up slightly.

showed a devilish smile.

"Got you..."

Sect Master Xuanmingya, who had already escaped from the Xingyun Mountain Range, suddenly looked up.

Above his soul, there is actually a long sword standing on it!

His expression changed drastically.

The soul trembled for a while, and then kept hiding.

only.

Let him hide.

The sword floating above the head is like a gangrene, no matter how hard you can hide it, you can't hide it!

On the other hand, look at Lu Changsheng.

in front.

A projection appeared.

In the projection, it shows the status of Xuanmingya Sect Master.

"Blood suppression."

four characters whispered out.

In the projection, the sword with the rules of kendo hovering above the soul of the suzerain of Xuanmingya suddenly fell down!

Pierce the soul of Xuanmingya Sect Master!

Destruction!

Leave no trace!

That's it.

The suzerain of the three first-class forces.

Three top experts standing in this latitude.

A person in the Dao realm!

Was crushed and killed by Lu Changsheng on the spot!

Everyone was awed by Lu Changsheng's shocking methods.

Bai Qikai saw Lu Changsheng's eyes looking over, and gave a wry smile.

A palm slapped on his Tianling cover!

he knows.

I can't escape no matter what.

Even the suzerain of Xuanmingya, at a huge price, used the method of blood escape to escape thousands of miles away!

was also killed by Lu Changsheng across the void.

It is this kind of unpredictable strength like ghosts and gods.

How could it be possible to escape?

It's better to die with dignity...

Three cases up and down.

All destroyed at this moment!

Jian Wufeng looked at this scene, quite emotional.

This ending is really dreamy...

Even if Mu Fusheng came here, it would be difficult to reverse the situation.

After the master of Ye Qiubai and the others came.

Instant twist!

And rely on their own strength.

Destroy three cases!

The strength of this person.

How strong is it?

I'm afraid he has already reached the original level of the Starfall Sword Emperor, right?

Don't wait to think about it.

Lu Changsheng looked at Jian Wufeng, Mu Fusheng and others.

There was a look of doubt in his eyes.

One time.

Jian Wufeng, Mu Fusheng, and everyone present.

It felt as if the \*\*\*\* of death had put the sickle on their necks.

can not breath!

See this scene.

Ye Qiubai's face suddenly changed, and he said hastily: "Master, they are our friends, it doesn't matter."

this moment.

The suspicion in Lu Changsheng's eyes slowly faded away.

The power of the swordsmanship rules in the palm of his hand also quietly dissipated.

Jian Wufeng, Mu Fusheng and the others can feel how fresh the air in this world is.

they know.

If Ye Qiubai doesn't say this sentence.

I'm afraid the next moment.

The consequences could be disastrous...

They will all be beheaded here on the spot by this extremely terrifying person!

but.

anyway.

This senior is too cautious!

Not even them!

is already so strong, do you really have to be so cautious?

But Mu Fusheng didn't think so.

I saw him looking straight at Lu Changsheng.

Eyes shine!

This is the real powerhouse!

and cautious.

Strong again!

My role model!

This is the kind of person you are talking about!

Lu Changsheng didn't stay here much.

Instead, he looked at Ye Qiubai and said, "Go back and receive the punishment."

Finished speaking.

disappeared in place!

Everyone knows what Lu Changsheng is going to do...

Cut the weeds and eradicate the roots!

Chapter 368 Gou Shen?

Passed the imprint of the soul of the three suzerains.

Lu Changsheng has tracked down where the three cases are.

The first station.

is the nearest Cold Spirit Sect!

The Cold Spirit Sect is located in an ice field.

When Lu Changsheng came here, he could only see the endless ice field.

and absolute zero.

Zongmen?

I didn't see the fart.

but.

Although invisible to the naked eye.

But it doesn't mean that Lu Changsheng can't feel the abnormality here.

"Hiding the sect with a formation?"

Lu Changsheng touched his chin, and said: "This method is fine. Then we can go back and arrange a formation to hide the thatched cottage."

"But this formation is too clumsy, isn't it?"

After observing for a while, Lu Changsheng shook his head hastily.

"No, no, no, the old problem has happened again, so I have to get down to business quickly."

At that time, the people inside ran away.

Although he can track it down, it will take a little time and effort!

Lu Changsheng didn't want to spend too long here.

He still has to go back and teach Ye Qiubai a lesson.

In order not to become more and more arrogant and skinny.

the most important is.

I am less and less afraid of him!

This is not okay.

Then it will be difficult to manage.

thought of this.

Lu Changsheng no longer hesitated, stretched out his hand and grabbed it forward.

The physical body pinches the space!

Pull back suddenly!

Boom! !

this moment.

It seems like the sky is falling apart!

The entire ice sheet is cracking!

The sky seems to be collapsing!

In the space in front of Lu Changsheng, cracks kept appearing.

The space is turbulent, seeping out from the cracks.

And the formation in front of him.

also collapsed at this moment!

revealed the true face of Mount Lu.

The sect of the Cold Spirit Sect appeared in front of my eyes!

this moment.

Among them appeared a few horrified-faced distracted powerhouses.

Surprised and angry: "Who is your Excellency! Why did you offend my Cold Spirit Sect!"

Look at the surrounding scene.

Amazed at Lu Changsheng's strength.

What kind of realm is it?

Only then can they achieve the effect of pinching and exploding the space with one hand, causing the sky to shatter and tear their formations apart?

Lu Changsheng didn't talk nonsense.

Two fingers together, and make a sword finger.

Immediately, the sword pointed out!

A series of sword intents directly penetrated the eyebrows of these distracted Cold Spirit Sect elders!

The soul is gone!

Immediately.

Take a step forward.

disappeared in place.

Appeared in the hinterland of the Cold Spirit Sect.

An old woman came down with a cane, raised her head, and looked at Lu Changsheng solemnly.

Periphery.

The fairy with countless cold spirit sects also looked horrified.

The old woman didn't talk nonsense, and shouted in a high-pitched voice: "Finished formation!"

Immediately.

Countless disciples of the Cold Spirit Sect gathered their own strength in the body of this old woman.

The old woman held up the crutch in her hand.

A halo of ice spread out from the top of the crutch towards the surroundings!

On Lu Changsheng's anniversary, ice mirrors formed.

Lu Changsheng did not watch this scene.

As if ignoring this grand array of guardians.

also ignored the old woman who was in the Dao realm.

Spread your hands out.

Around Lu Changsheng.

The rules of kendo are like a storm!

swept the entire Cold Spirit Sect!

Watching this scene.

The old woman's wrinkled face revealed a look of despair.

Who offended such a strong man?

Just thought of this.

There is no follow-up.

The entire Cold Spirit Sect was swept away by this storm of kendo rules!

No screams came out.

All disciples, including this old woman.

They were directly twisted into powder!

The entire Cold Spirit Sect was reduced to nothingness.

Lu Changsheng didn't stop.

Suspended in mid-air, expressionless.

reached out his hand, and gently pressed down.

The entire ice sheet was directly shattered!

Under the ice sheet, a huge pothole was formed!

turned into ice water and poured into it, forming a lake.

From now on...

The ice field where the Cold Spirit Sect is located will no longer exist.

Some...just a pool of water...

destroys traces.

did it all.

Lu Changsheng clapped his hands and moved.

disappeared in place.

...

The same scene.

appeared in the sharp gun gate.

The Zongmen resident of the Sharpshooter Sect looks very domineering.

The mountain peak is like a straight spear!

Standing between heaven and earth.

Lu Changsheng came here.

Still kill the disciples here.

At the same time, this is a mountain like a spear.

was pulled up abruptly by Lu Changsheng.

Immediately.

Inserted upside down into the ground!

Take a photo with one palm.

This is like a spear-like mountain.

It was shot into the ground abruptly!

clapped his hands, tilted his head, and said, "Isn't it a bit immoral to do so?"

It's like inserting incense upside down on someone else's grave.

Forget it.

Anyway, I don't know me well...

Finish thinking.

Lu Changsheng disappeared here again.

Go to Xuanming Cliff.

Mu Fusheng, who is still in the Starfall Sword Sect, is listening to the report of the leader Yinjia.

The eyes are constantly surprised.

too strong.

It's awesome!

certainly.

What Mu Fusheng was talking about was not strength.

But wherever Lu Changsheng went, he did not just simply cut grass and roots.

And also did all kinds of things like destroying corpses and eradicating traces.

It's just...

Too much for his appetite!

These cautious methods, even a self-proclaimed turtle like Mu Fusheng can't think of them!

Immediately.

Mu Fusheng suddenly thought of something.

Looking at Commander Yinjia and the old man, he said, "Remember, we must completely block the disappearance of this senior!"

"Blockdown?" The old man frowned slightly, and said, "How can such a big thing be blocked?"

After all, the three first-rate forces were directly wiped out from this realm.

This thing is too big!

Impossible not to draw attention.

Mu Fusheng thought for a while, and said with a smile: "Isn't it just that the evil race from outside the territory was born? Just throw this blame on them."

"It just happens to be able to remind other forces in this area, how much contribution their ancestors have made to survive until now!"

The old man nodded and said, "Okay, I understand. As for Your Majesty?"

Mu Fusheng interrupted with a wave: "I'll tell it myself!"

The old man and the commander of the silver armor nodded, and immediately disappeared in place.

This kind of news must be blocked as soon as possible.

heard what Mu Fusheng said.

Jian Wufeng also made the same choice.

Block messages!

...

At this time.

Lu Changsheng sat on a plain.

here.

used to be a cliff.

No one can think of it.

This first-class force once stood here!

That is Xuanmingya!

Lu Changsheng looked at the long-lost panel that appeared in front of him.

Some headaches.

**【The host triggers the mission, please go to the Starfall Mountains to accept disciples】**

**【Name: Mu Fusheng】**

**【Talent: SSS level】**

**【Qualifications: the capital of becoming an emperor, the magical power of the seal, the God of Gou】**

He understands the magical powers of runes.

God?

What is this thing?

Lu Changsheng touched his head, and suddenly felt that the world is not good...

These few apprentices are enough for him.

Here comes another...

Chapter 369 Confession is lenient

Mu Fusheng's influence is quite strong.

The news did not get out at all.

Xingyun Jianzong also understood this and did not disclose the news.

When Lu Changsheng came back here.

Ye Qiubai walked over obediently with his head down.

Holding the wooden sword in both hands, he handed it over.

With a face full of pain, he said solemnly: "Master, please punish!"

Besides, Xiao Hei and Shi Sheng looked weird.

I remembered what Ye Qiubai said before.

"What should I do at that time so that Master will not punish me?"

Then Mu Fusheng came over and made a move.

Plead guilty!

That's right, as long as you take the initiative to admit your mistake, then you will be able to get a lighter sentence.

After all, they are masters and apprentices.

At that time, I don't have the heart to punish you severely.

Then.

Ye Qiubai believed it.

Take out a wooden sword, raise both hands high, hand the wooden sword to Lu Changsheng, and ask for punishment.

Lu Changsheng raised his eyebrows and said, "Tell me, what's wrong?"

Ye Qiubai immediately said: "I shouldn't have provoked so many forces, so I trouble Master to come and help me solve the threat!"

"anything else?"

Forehead...

Something seems wrong.

Ye Qiubai glanced at Lu Changsheng tentatively, and when he found that his expression hadn't changed, he continued, "You shouldn't be too high-profile and actively provoke other forces."

"Then what forces have you offended?"

"I can't really offend you... It's just that Zi Qing's family seems to be quite powerful, so..."

Lu Changsheng's brows twitched and he clenched his fists, "Continue."

"Well... and then killed the direct disciples of several forces, I guess it will be a little troublesome in the future."

"..."

The veins on Lu Changsheng's hands were already showing.

"Well...and then it's gone."

...

...

...

Time passed by one minute and one second.

Everyone's breath can be heard.

And now.

Ye Qiubai's heart is the one who suffers the most.

Listen to Lu Changsheng's slightly rapid breathing.

A little puzzled.

What happened?

There should be nothing wrong, right?

Ham, let alone, Mu Fusheng's crazy idea is really easy to use.

Be honest and be lenient!

At this time.

Lu Changsheng finally broke the silence and said, "Ye Qiubai."

Hearing the call to himself, Ye Qiubai shuddered, and hurriedly responded: "The disciple is here!"

"Have you ever heard a sentence?"

The corners of Lu Changsheng's mouth kept twitching, and his brows and eyes were full of killing intent.

Seeing this scene, Xiao Hei and Shi Sheng were startled, and quickly backed away!

Good guy.

This is the rhythm of accidents!

Big brother...sorry...

"What?"

Lu Changsheng's tone was flat, and it sounded like nothing happened, but anyone who knew him knew it.

Lu Changsheng at this moment.

Like a volcano about to erupt!

"Be lenient when confessing, and go to jail. Strictly resist, and go home for the New Year."

"..."

Ye Qiubai's face changed.

Regardless of other things, he quickly threw out the wooden sword in his hand, turned around and ran away!

Using the artistic conception of the wind to support his body.

Then he used Jianyu.

Turn into a sea of swords to make yourself faster!

He even used the meaning of endless life in the Sword Sutra of Absolute Beginning to make his aura enough.

In his hand, he was still pinching a handful of the recovery spirit elixir given by Lu Changsheng.

It can be said.

To escape.

Ye Qiubai used all his strength!

While running, he still didn't forget to shout: "Mu Fusheng!! Just wait for me!"

Mu Fusheng scratched his head with a smile.

"How do I know that your master doesn't play cards according to the routine..."

Immediately, he coughed and turned around, unable to bear to see the next link.

Looking at the back of Ye Qiubai running wildly.

Lu Changsheng smiled contemptuously.

Then he grabbed it casually.

It seems to break through the void!

Ye Qiubai couldn't move his body.

It's over...

Ye Qiubai smiled wryly with a sad face.

Immediately, she was pulled back by an invisible force, unable to resist at all!

Looking at the familiar face close in front of him, Ye Qiubai cried and said: "Master...Master, long time no see..."

Lu Changsheng threw it into the air with a cold face.

Immediately.

Just a finger!

A ray of kendo rules directly surrounded Ye Qiubai!

Layers!

Like a spider web!

Just a blink of an eye.

Among them came Ye Qiubai's screams!

This scream...

It is really sad for those who hear it...

Xiao Hei and Shi Sheng glanced at each other and rolled their throats.

Looking at the two of them, Lu Changsheng sneered, "Now you know the consequences, don't you?"

The two nodded quickly!

I'm afraid that if I order late, I will also be treated like this by the senior brother!

Lu Changsheng nodded in satisfaction.

This wave is killing chickens and monkeys.

Should make these brats more honest, right?

After finishing the matter here.

Lu Changsheng looked at Mu Fusheng, and said, "I hope the news here won't get out."

Heard the words.

Mu Fusheng cupped his hands and said: "Senior, don't worry, after you came, I immediately sent people to block the news of this place with all my strength, and I will definitely not let others know of your existence!"

Lu Changsheng was slightly surprised.

Huh?

This kid is quite spiritual!

Not bad.

Jian Wufeng and the old man who guarded the gate also came over, cupped their hands and thanked: "Thank you for your help, senior."

"If it wasn't for the senior, I'm afraid the Xingyun Sword Sect will be seriously injured this time."

Jian Wufeng did not say that the Starfall Sword Sect would be destroyed.

That is to say.

Xingyun Jianzong still has a hole card.

The hole card that can withstand the three first-class forces!

But it is also true.

The background of the Starfall Sword Sect is still very strong.

Lu Changsheng waved his hand and said: "I want to thank you, these three brats are not related to you, but they can use the strength of the whole clan to protect them."

Jian Wufeng chuckled lightly and said: "It's not considered non-related, Ye Qiubai has already received the inheritance of His Excellency the Sword Emperor of my sect, according to the rules, he is the sword son of my sect, and it is right to protect him."

Sword?

This kid is quite popular.

How about throwing him directly to Xingyun Jianzong?

Jian Wufeng said at this time: "Senior, why don't you go to my place to rest and rest, I would also like to thank you."

Lu Changsheng shook his head and said, "No, I should be the one to thank you. Tell me what you want."

Since the other party is helping Ye Qiubai so much.

And Ye Qiubai is his disciple.

Then this favor must be returned.

The most difficult thing to repay in fact.

It's not money.

It's human feelings.

so.

It is best to be able to solve it on the spot now.

Jian Wufeng shook his head hastily: "No need... This is the obligation of Xingyun Sword Sect!"

Then Lu Changsheng was unwilling, and quickly said: "No, it must be done!"

Forehead...

Jian Wufeng and the old man couldn't fix it anymore.

Why are you so persistent?

However, seeing Lu Changsheng's resolute tone, he had to smile wryly and said: "Then... then tell us how to comprehend the power of the sword."

Isn't it simple?

Lu Changsheng nodded.

Immediately, point out.

A wisp of the power of the kendo rules came out through the body!

Slowly floating in front of Jian Wufeng.

"Use this to enlightenment."

Unexpectedly.

After many years, the Xingyun Sword Sect relied on the power of the kendo rules.

Standing at the peak of the borderless domain!

Chapter 370 This trip was not in vain...

so.

It can be considered that the favor is over.

Jian Wufeng and the old man's eyes were full of excitement!

They can feel it.

As long as you understand the power of the kendo rules.

The realm of kendo they haven't broken through for a long time can be improved to a higher level!

This is for them.

It can be described as the most precious gift!

Lu Changsheng looked around, then saw Mu Fusheng beside him, and beckoned.

"come here."

Mu Fusheng was taken aback for a moment, although he didn't know what such a top powerhouse called him to do, he still walked over.

"What are your orders, senior?"

Lu Changsheng looked at Mu Fusheng, and said, "I can't talk about orders."

"Just one thing."

"Senior, please speak!"

Lu Changsheng sized up Mu Fusheng.

to be honest.

This kid is quite up to his liking.

If you accept him as an apprentice.

Not bad.

Should save him some trouble.

Thinking of this, he said, "I want to take you in as an apprentice, are you willing?"

As soon as the words came out.

Everyone was shocked!

This kind of super strong!

Actually fell in love with Mu Fusheng!

However, Mu Fusheng's identity is indeed not weak.

However, would a powerhouse of this level really value the power behind Mu Fusheng?

Even Boundless Dynasty can't impress him, right?

Could it be that he fell in love with Mu Fusheng's talent?

Jian Wufeng thought about it carefully.

Mu Fusheng doesn't have any impressive records either!

Do things normally and keep a low profile.

More like a son of the royal family who is eating and waiting to die!

Even Commander Yinjia and the old man beside Mu Fusheng had strange expressions.

It can be said.

Mu Fusheng's talent is strong.

But this character...

Too scared to die!

Don't dare to fight, dare not fight, how can you reach the pinnacle of martial arts?

At least, that's what they had in mind.

Then why did this senior fall in love with Mu Fusheng?

Mu Fusheng himself was taken aback.

Immediately, I was ecstatic!

Can be seen by this super strong.

Then his own strength can also be improved quickly!

After the strength is improved, plus being cautious...yes, be cautious! character.

Then my own life is even more secure!

Mu Fusheng's face was serious, he immediately bowed in emptiness, and said: "Disciple Mu Fusheng, I have seen Master!"

When the words came out.

The mechanical voice instantly sounded in Lu Changsheng's mind.

【Congratulations to the host for completing the task, and rewards】

【Book of Talismans, Jiujiu Hongmeng God Thunder, Heavenly Thunder Dao Drive】

Tian Lei Dao Drive?

After reading the introduction.

Lu Changsheng understood.

With this kind of Dao drive, you can transform yourself into a thunder calamity, and you can use your body to resist the calamity!

Lu Changsheng nodded slightly, then took out the book of talismans, and said: "This is the book of talismans, since you are familiar with a talisman, take it and study it carefully, it will have a great impact on your talisman journey. promote."

Mu Fusheng took it carefully, after a first look, his face turned from surprise to joy!

The talisman methods recorded above are all sigils that have been lost, or he has never seen them before!

You know, as the prince of the Boundless Dynasty.

It can be said that Mu Fusheng has been able to get in touch with all the methods of sigils that he can get in touch with!

There are almost no ways to make him unrecognizable sigils!

However, except for the few lost ones, the rest are basically unknown to him!

And the power is extremely strong!

Lu Changsheng asked casually, "What sigil are you good at?"

Mu Fusheng scratched his head, and said rather embarrassedly: "Returning to Master, I am good at escaping talismans and defensive talismans..."

Hear this.

The commander of the silver armor and the old man on the side all turned dark, covering their faces speechlessly.

Their Royal Highness.

Really...

makes people drunk...

Only Lu Changsheng's eyes suddenly lit up, recalling what Mu Fusheng did before, and asked, "Why did you choose these two types?"

"You know, almost all ascetics in the world will major in killing-type Taoist formations and sigils."

Mu Fusheng didn't even think about it, and said: "Only by surviving, can there be output."

"If you're dead, what's the use of killing power?"

"What about the talisman?"

"If you keep the green hills there, you won't have to worry about no firewood."

The more you listen, the brighter Lu Changsheng's eyes are!

Good guy!

Good guy!

This person has a future!

Lu Changsheng happily patted Mu Fusheng on the shoulder, and laughed loudly: "You are good! You are very good!"

Mu Fusheng was a little puzzled.

For a while, I couldn't tell whether Lu Changsheng was mocking himself or praising himself...

You know, every time he says those words.

Even the father would reprimand him for his lack of steel.

Although I will not listen.

Just when Mu Fusheng was ready to be reprimanded.

Lu Changsheng smiled and said: "Remember the original intention! Keep going! Your idea is right! So, don't listen to others and change your own path, you know!"

The language is amazing!

As soon as the words are said.

Whether it was the commander in silver armor, the old man, or Jian Wufeng, they were all stunned.

this...

What is this saying!

Is there still such an operation?

Only Xiao Hei and Shi Sheng had no accidents.

Even, they thought.

I'm afraid that Mu Fusheng is going to become Master's most beloved disciple...

Think here.

The two shook their heads helplessly.

Mu Fusheng was also excited!

Bosom friend!

Finally someone can understand him!

Mu Fusheng immediately took Lu Changsheng's hand, and said solemnly: "Okay! I will definitely obey Master's arrangement and follow Master's instruction!"

"Good apprentice!"

"Good Master!"

At this time, the hands of the two were tightly held.

Like a pair of year-end friends...

This scene.

Everyone couldn't help covering their faces.

turn out to be...

This is a top player...

Immediately.

Lu Changsheng passed on to Mu Fusheng the Jiujiu Hongmeng Tianlei Taoism.

said: "This is a method of killing, you can take a look at it on weekdays."

"But! The focus is still on the sigil!"

Mu Fusheng nodded quickly: "I know the seriousness, Master, don't worry!"

Lu Changsheng nodded in satisfaction.

"That's good."

Immediately, he gave out a jade pendant and said, "After dealing with the matter, you can use this jade pendant to find my location, and I will leave first."

Mu Fusheng nodded: "Master, go slowly!"

His eyes were full of excitement and respect.

Obviously.

At this moment, Lu Changsheng truly convinced Mu Fusheng...

at the same time.

Lu Changsheng also understood the meaning of God Gou...

Finally, he has a disciple who can make him feel at ease.

It can be said that this trip was not in vain!

Think here.

Lu Changsheng took away the power of kendo rules around Ye Qiubai, then tore apart the space and left this place.

After Ye Qiubai came down, he looked at Mu Fusheng with a resentful face.

"Junior Brother..."

Mu Fusheng scratched his head and said with a sneer: "Brother, you can't blame me! How do I know that Master will not follow the routine?"

Ye Qiubai is very suspicious now that Mu Fusheng is trying to seek power and usurp the throne!

Looking at Ye Qiubai's dangerous eyes, Mu Fusheng smiled and put his arms around Ye Qiubai's shoulders, and said, "Okay, okay, we are a family now! Let's go! Go drink!"

"I'll go back and study the seal method given by Master after drinking it!"
